

DATE OF PUBLICATION AND RECORD OF CHANGES

The Strategic National Stockpile (SNS) Coordinator has point of contact authority for all revisions/changes to this Plan. Major changes will be approved through the Resource Program Manager before implementation. All changes will be annotated and posted on the SNS web page.

Directions for annotating changes:

A letter of transmittal must accompany any changes. It will provide instructions on making the necessary changes. These changes may include:

- a. Adding new pages and destroying old ones.
- b. Making minor pen and ink changes.
- c. Recording the requested information relating to the change on this page.
- d. Filing each copy of the change at the back of this Standard Operating Guideline (SOG).
