

## EATING EVALUATION LOAN BANK – ITEM LIST

Picture	Item	Source	Description
	Stable Slide C1270	Sammons Preston	Smoothly guides the arm while moving from plate to mouth. Supports the forearm as the client gathers food onto the utensil, then with a simple sliding motion, moves the wrist into the smaller top section giving stability and support while bringing food to the mouth. Includes a roof attachment that can be used to help keep the arm on the slide and provide additional control and support. Latex free.
	Steady Spoon-Adult C1100	Sammons Preston	Counter weights keep the spoon bowl level no matter what the adult or child's arm position or level of tremor, preventing food spillage. Hook & loop strap on built-up handle eliminates need for strong grasp. The spoon's weight gives added proprioceptive input for children with PDD and SI problems. Dishwasher safe up to 220°F. Latex free.
	ETAC Feed Angled Spoon	Sammons Preston	The bowl is adjustable, and the handle has a combined support and stop peg. This allows the child to hold the spoon close to the bowl head: the peg prevents the child's hand from dropping into food. The strap is useful for children with poor gripping ability.
	Sure Hand Extension Teaspoon C1001-ELT	Sammons Preston	Stainless-steel utensils with extensions to help increase functional reach. Adjustable and flexible.
	Adjustable Weighted Teaspoon C1101-01	Sammons Preston	Adjustable to user comfort—simply increase or reduce weight from 2–8 oz. with washers. Handle is 1½" diameter. Dishwasher safe up to 180°F. Latex free.

This list is not inclusive of all items that may be available.

	Lip Closure Spoon	Sammons Preston	This useful spoon is for individuals who have difficulty with lip closure when eating. Unique sloping wall design provides tactile cue for the upper lip.
	Swivel Tremors Spoon	Sammons Preston	Swivel motion allows the bowl to remain level even with a 30° tilt of the wrist. Comes apart for easy cleaning. Dishwasher safe. Optional Comfort Grip™ Built-Up Handle provides a soft, firm grip.
	Sure-Hand Bendable Plastisol Teaspoon	Sammons Preston	A twist in the metal shaft allows bending to the right or left at any angle, for customization to each individual's self-feeding needs. Latex free.
	Extra Gentle Soft Tip Spoon	Sammons Preston	The super soft bowl is extra gentle on gums. Long, curved handle for comfortable hold. Latex free.
	Spoon and Fork Holders	Sammons Preston	These portable, stylish holders fit into virtually any style spoon and fork providing a secure, stress-free grip. Removable and dishwasher safe. Latex free
	Kings Small Rocker Knife	Sammons Preston	This small rocker knife is ideal for cutting food with minimal rocking movement. Needs handle below. Request with handle.
	Kings Heavy Handle	Sammons Preston	Individualize utensils by picking the handle that best meets the client's needs. Request with King's Rocker Knife above.
