

ACQ Subcommittee Description

There are five standing committees designated by the ACQ By-Laws:

1. Executive Committee/Membership: The Executive Committee develops the agenda for the quarterly meetings. Its members are the Co-Chairs, the DDS Director, and two members from the Advisory Council at-large. Executive Committee members are all Advisory Council members. Meetings are scheduled by the co-chairs. This Committee meets at least 30 days prior to regularly scheduled bi-monthly ACQ meetings.
2. Policy and Quality Committee: The Policy and Quality Committee develops policy and reviews information for the full ACQ.
3. Children's Services Committee.
4. Adult Services Committee.
5. By-Laws Committee

The Division Director or the Advisory Council Chairperson creates sub-committees or workgroups. Each sub-committee's chair is appointed by the Advisory Council Chair. The committee chair is an Advisory Council member or DOH staff person; however membership may include non-Advisory Council members. These subcommittees and workgroups report to the ACQ as a whole.
