### MICHELLE LUJAN GRISHAM GOVERNOR

KATHYLEEN M. KUNKEL CABINET SECRETARY

Date: February 19, 2020 (Upheld by IRF on 3/30/2020)

To: Nanette Rodriguez-Martinez, Adult Services Director

Provider: Las Cumbres Community Services, Inc.

Address: 102 N. Coronado Avenue State/Zip: Espanola, New Mexico, 87532

E-mail Address: Nanette.martinez@lccs-nm.org

CC: Kristi Silva, Board President

Address: 710 Columbia St.

State/Zip: Santa Fe, New Mexico 87505

E-Mail Address: Kristi.silva@utexas.edu

Region: Northeast

Survey Date: January 24 - 30, 2020

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Customized In-Home Supports; Customized Community Supports, and

Community Integrated Employment Services

Survey Type: Routine

Team Leader: Yolanda J. Herrera, RN, Nurse Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Caitlin Wall, BSW, BA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Kayla Benally, BSW, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Heather Driscoll, AA, AAS, Healthcare Surveyor,

Division of Health Improvement/Quality Management Bureau; Wolf Krusemark, BFA,

Healthcare Surveyor Supervisor, Division of Health Improvement/Quality Management Bureau

# Dear Ms. Rodriguez-Martinez;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

### **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <a href="https://nmhealth.org/about/dhi/">https://nmhealth.org/about/dhi/</a>

# **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Non-Compliance:** This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # IS04 Community Life Engagement
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # IS12 Person Centered Assessment (Inclusion Services)
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A37 Individual Specific Training
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS26 Supported Living Reimbursement
- Tag # IH32 Customized In-Home Supports Reimbursement

### Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum, your Plan of Correction should address the following for each Tag cited:

### **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

# On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)

- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

# **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan @state.nm.us</u>)
OR
Jennifer Goble (<u>Jennifer.goble2 @state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

# Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Yolanda J. Herrera, RN

### Provider Instructions for Completing the QMB Plan of Correction (POC) Process

### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

# Instructions for Completing Agency POC:

### Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked:
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

### **Completion Dates**

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
   Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- 1A22 Agency Personnel Competency

• 1A37 - Individual Specific Training

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

### Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
  Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="https://nmhealth.org/about/dhi/cbp/irf/">https://nmhealth.org/about/dhi/cbp/irf/</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <a href="mailto:valerie.valdez@state.nm.us">valerie.valdez@state.nm.us</a> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

### **QMB** Determinations of Compliance

# Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

# Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting				
Determination	LC	)W		MEDIUM			HIGH	
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount	
	and	and	and	and	And/or	and	And/or

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019

Chapter 6: Individual Service Plan (ISP) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members. Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

# Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

#### Individual #4

 None found regarding: Fun Outcome/Action Step: "...will go to the Fuller Lodge where he can develop his art in his own space" for 12/2019. Action step is to be completed 2 times per month.

### Individual #5

 None found regarding: Fun Outcome/Action Step: "...will choose and participate in exercises in the community" for 11/2019 -12/2019. Action step is to be completed 2 times per week.

#### Individual #6

- None found regarding: Fun Outcome/Action Step: "...will go to Anytime Fitness to exercise" for 11/2019 - 12/2019. Action step is to be completed 2 times per week.
- None found regarding: Fun Outcome/Action Step: "...will join a Zumba or Yoga class" for 11/2019 - 12/2019. Action step is to be completed 2 times per week.
- None found regarding: Fun Outcome/Action Step: "...will keep track of steps she takes from Fit-bit" for 11/2019 - 12/2019. Action step is to be completed daily.

Community Integrated Employment Services Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

### Individual #6

• None found regarding: Work / Learn Outcome/Action Step: "...will use step by step

DD Waiver Provider Agencies are required to adhere to the following:

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

- method perform her in maintenance department" for 10/2019 - 11/2019. Action step is to be completed every day she is at work.
- None found regarding: Work / Learn
   Outcome/Action Step: "...will seek out
   supervisor to request next task" for 11/2019.
   Action step is to be completed as needed
   during work day.

#### Individual #7

- None found regarding: Work / Learn
   Outcome/Action Step: "...will be aware of
   customers that are getting ready to leave
   restaurant" for 10/2019. Action step is to be
   completed while at work.
- None found regarding: Work / Learn
   Outcome/Action Step: "...will offer and
   present customer with to go box" for 10/2019.
   Action step is to be completed 1 time per day
   while at work.

Chapter 6: Individual Service Plan (ISP) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members. Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

 According to the Live Outcome; Action Step for "...will clean up his dishes" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 1/6 – 26, 2020. (Date of home visit: 1/28/2020)

### Individual #4

- According to the Live Outcome; Action Step for "...will choose his preferred exercise" is to be completed 3 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 1/6 - 26, 2020. (Date of home visit: 1/28/2020)
- According to the Live Outcome; Action Step for "...will exercise three times a week for an hour" is to be completed 3 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 1/6 – 26, 2020. (Date of home visit: 1/28/2020)

DD Waiver Provider Agencies are required to		
adhere to the following:		
15. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
16. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web based system using computers or mobile		
devices is acceptable.		
17. Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
18. Provider Agencies must maintain records		
of all documents produced by agency personnel		
or contractors on behalf of each person,		
including any routine notes or data, annual		
assessments, semi-annual reports, evidence of		
training provided/received, progress notes, and		
any other interactions for which billing is		
generated.		
19. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
20. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
21. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 11: Community Inclusion  11.1 General Scope and Intent of Services: Community Inclusion (CI) is the umbrella term used to describe services in this chapter. In general, CI refers to opportunities for people with I/DD to access and participate in activities and functions of community life. The DD waiver program offers Customized Community Supports (CCS), which refers to non-work activities and Community Integrated Employment (CIE) which refers to paid work experiences or activities to obtain paid work. CCS and CIE services are mandated to be provided in the community to the fullest extent possible.  11.3 Implementation of a Meaningful Day: The objective of implementing a Meaningful Day is to plan and provide supports to implement the person's definition of his/her own meaningful day, contained in the ISP. Implementation activities of the person's meaningful day are documented in daily schedules and progress notes.  1. Meaningful Day includes: a. purposeful and meaningful work; b. substantial and sustained opportunity for optimal health; c. self-empowerment; d. personalized relationships; e. skill development and/or maintenance; and f. social, educational, and community inclusion activities that are directly linked to the vision, Desired Outcomes and Action Plans stated in the person's	Based on record review, the Agency did not have evidence of their implementation of a meaningful day in daily schedules / individual calendar and progress notes for 3 of 7 Individuals.  Review of the individual case files found there is no individualized schedule that can be modified easily based on the individual needs, preferences and circumstances and that outline planned activities per day, week and month including date, time, location and cost of the activity:  Calendar / Daily Calendar:  Not found (#1, 3, 7)	State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider:  Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

ISP.		
2. Community Life Engagement (CLE) is also		
sometimes used to refer to "Meaningful Day" or		
"Adult Habilitation" activities. CLE refers to		
supporting people in their communities, in non-		
work activities. Examples of CLE activities may		
include participating in clubs, classes, or		
recreational activities in the community; learning		
new skills to become more independent;		
volunteering; or retirement activities. Meaningful		
Day activities should be developed with the four		
guideposts of CLE in mind <sup>1</sup> . The four		
guideposts of CLE are:		
a. individualized supports for each person;		
b. promotion of community membership		
and contribution;		
c. use of human and social capital to		
decrease dependence on paid supports;		
and		
d. provision of supports that are outcome-		
oriented and regularly monitored.		
3. The term "day" does not mean activities		
between 9:00 a.m. to 5:00 p.m. on weekdays.		
4. Community Inclusion is not limited to		
specific hours or days of the week. These		
services may not be used to supplant the		
responsibility of the Living Supports Provider		
Agency for a person who receives both services.

# DD Waiver Provider Agencies are required to adhere to the following:

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

- Individual #2 None found for 9/2018 -11/2018. (Term of ISP 3/2018 - 3/2019. ISP meeting held on 12/10/2018)

# **Nursing Semi-Annual:**

# **Chapter 19: Provider Reporting Requirements 19.5 Semi-Annual Reporting:**

The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities.

Semi-annual reports are required as follows:

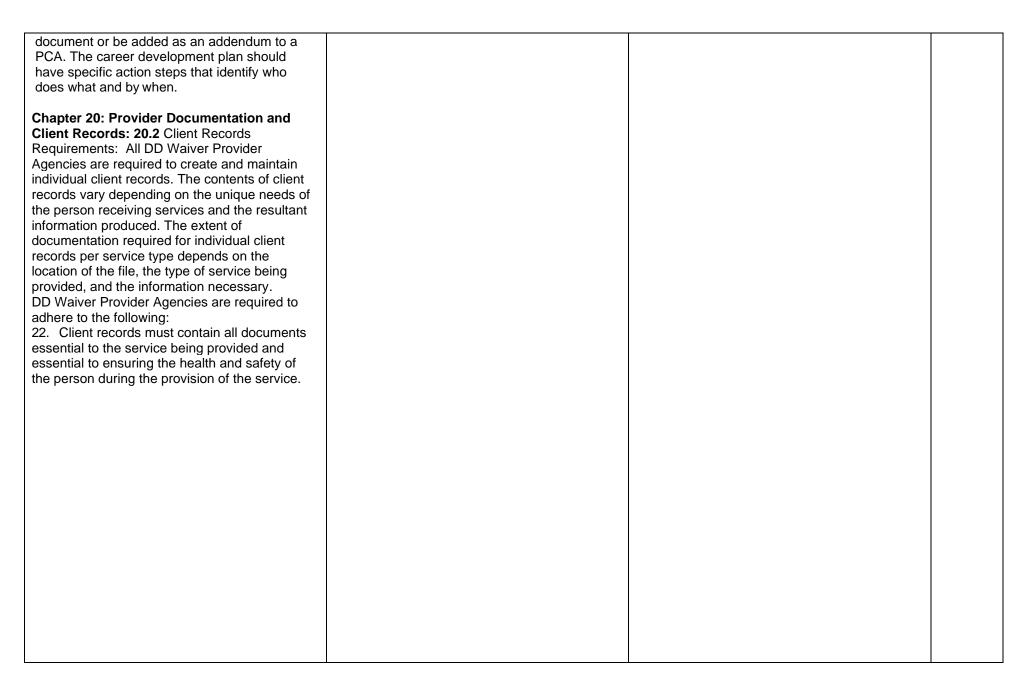

- 1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports.
- 2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older.
- 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days).
- 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting.
- 5. Semi-annual reports must contain at a minimum written documentation of:
  - a. the name of the person and date on each page;
  - b. the timeframe that the report covers;
  - timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering;

- Individual #2 None found for 9/2018 -11/2018. Report covered 12/2018 – 9/2019. (Term of ISP 3/2018 - 3/2019. ISP meeting held on 12/10/2018). (Per regulations reports must coincide with ISP term)
- Individual #4 Report not completed 14 days prior to the Annual ISP meeting. (Term of ISP 12/2018 - 12/2019. Semi-Annual Report 12/2018 - 10/2019; Date Completed: 10/4/2019; ISP meeting held on 9/16/2019)
- Individual #5 Report not completed 14 days prior to the Annual ISP meeting. (Term of ISP 11/2018 - 11/2019. Semi-Annual Report 5/2019 – 10/2019; Date Completed: 8/7/2019; ISP meeting held on 8/12/2019)
- Individual #7 None found for 10/2018 -4/2019. (Term of ISP 10/2018 - 10/2019)

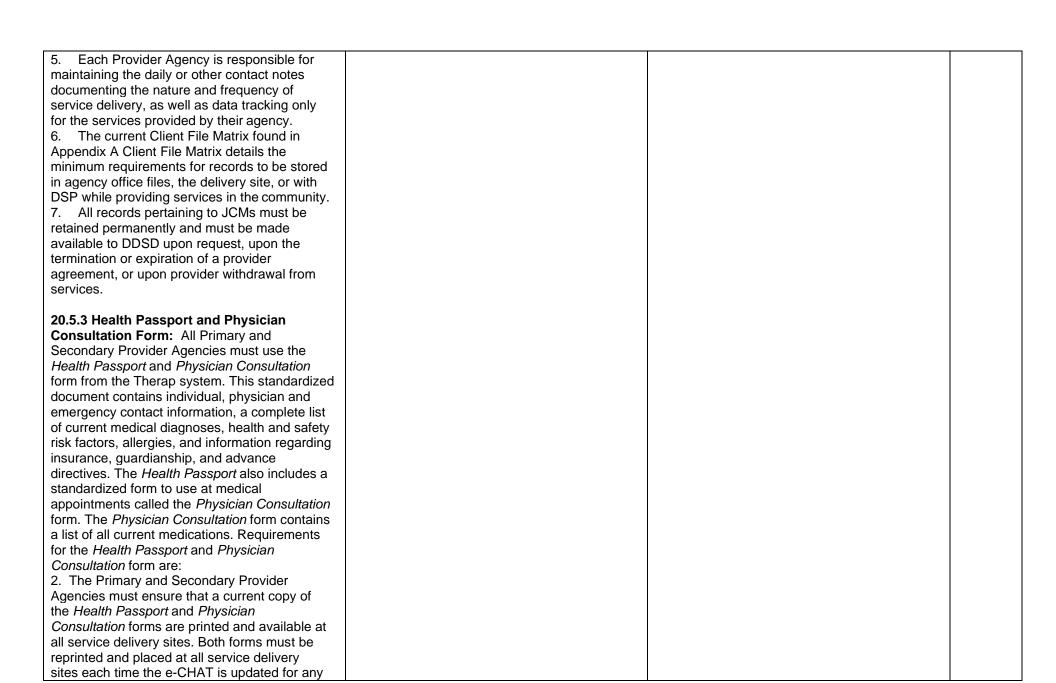

d. a description of progress towards		
Desired Outcomes in the ISP related to		
the service provided;		
e. a description of progress toward any		
service specific or treatment goals when		
applicable (e.g. health related goals for		
nursing);		
f. significant changes in routine or staffing		
if applicable;		
g. unusual or significant life events,		
including significant change of health or		
behavioral health condition;		
h. the signature of the agency staff		
responsible for preparing the report; and		
i. any other required elements by service		
time that are detailed in these standards		
type that are detailed in these standards.

11.4 Person Centered Assessments (PCA)		issues are found?): →	
and Career Development Plans: Agencies			
who are providing CCS and/or CIE to people			
with I/DD are required to complete a person-			
centered assessment. A person-centered			
assessment (PCA) is an instrument used to			
identify individual needs and strengths to be			
addressed in the person's ISP. A PCA is a PCP			
tool that is intended to be used for the service			
agency to get to know the person whom they are			
supporting. It should be used to guide services			
for the person. A career development plan,			
developed by the CIE Provider Agency, must be			
in place for job seekers or those already working			
to outline the tasks needed to obtain, maintain,			
or seek advanced opportunities in employment.			
For those who are employed, the career			
development plan addresses topics such as a			
plan to fade paid supports from the worksite or			
strategies to improve opportunities for career			

advancement. CCS and CIE Provider Agencies		
must adhere to the following requirements		
related to a PCA and Career Development Plan:		
5. A person-centered assessment should		
contain, at a minimum:		
a. information about the person's		
background and status;		
b. the person's strengths and interests;		
c. conditions for success to integrate		
into the community, including		
conditions for job success (for those		
who are working or wish to work);		
and		
<ul> <li>d. support needs for the individual.</li> </ul>		
<ol><li>The agency must have documented</li></ol>		
evidence that the person, guardian, and		
family as applicable were involved in the		
person-centered assessment.		
7. Timelines for completion: The initial PCA		
must be completed within the first 90 calendar		
days of the person receiving services.		
Thereafter, the Provider Agency must ensure		
that the PCA is reviewed and updated		
annually. An entirely new PCA must be		
completed every five years. If there is a		
significant change in a person's circumstance,		
a new PCA may be required because the		
information in the PCA may no longer be		
relevant. A significant change may include but		
is not limited to: losing a job, changing a		
residence or provider, and/or moving to a new		
region of the state.		
8. If a person is receiving more than one type of service from the same provider, one		
PCA with information about each service is		
acceptable.		
9. Changes to an updated PCA should be		
signed and dated to demonstrate that the		
assessment was reviewed.		
10. A career development plan is developed		
by the CIE provider and can be a separate

reason and whenever there is a change to contact information contained in the IDF.		
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP):  1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.  2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as		
required in the most current e-CHAT summary		
13.2.10 Medical Emergency Response Plan (MERP):  1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP.  2. MERPs are required for persons who have		
one or more conditions or illnesses that present a likely potential to become a lifethreatening situation.

d.	Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines.		
e.	Complete relevant training in accordance with OSHA requirements (if job involves		
g. h. 2. fill in	exposure to hazardous chemicals).  Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using emergency physical restraint. Agency SC shall maintain certification in a DDSD-approved system if a person they support has a Behavioral Crisis Intervention Plan that includes the use of emergency physical restraint.  Complete and maintain certification in AWMD if required to assist with medications.  Complete training regarding the HIPAA.  Any staff being used in an emergency to or cover a shift must have at a minimum DSD required core trainings.		

Tag # 1A22 Agency Personnel Competency	Condition of Participation Level Deficiency		
	,		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 13: Nursing Services 13.2.11  Training and Implementation of Plans:  1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs.  2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.  Based on interview, the Agency did not ensure training competencies were met for 4 of 8 Direct Support Personnel.  When DSP were asked, if the Individual had a Positive Behavioral Supports Plan (PBSP), have you been trained on the PBSP and what does the plan cover, the following was reported:  • DSP #520 stated, "No." According to the Individual Specific Training Section of the	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this	
Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence.	ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #5)  When DSP were asked, if they received training on the Individual's Behavioral Crisis Intervention Plan (BCIP) and if so, what the plan covered, the following was reported:  • DSP #523 stated, "No." According to the Individual Specific Training Section of the ISP, the individual has a Behavioral Crisis Intervention Plan. (Individual #1)  When DSP were asked, if the Individual's had Health Care Plans and where could they be located, the following was reported:  • DSP #503 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Body Mass Index and Status of care/hygiene. (Individual #6)	going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.

- DSP #520 stated, "Impairment, Constipation, for Pain/Impaired Mobility." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plan for Body Mass Index. (Individual #5)
- DSP #523 stated, "No health care plans." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plan for Seizures. (Individual #1)

When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported:

 DSP #520 stated, "Heart Murmur." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual does not require Medical Emergency Response Plan for a Heart Murmur. (Individual #5)

When DSP were asked, if the Individual had any food and / or medication allergies that could be potentially life threatening, the following was reported:

 DSP #503 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the individual is allergic to Keflex and Penicillin. (Individual #6)

When DSP were asked to give examples of Abuse, Neglect and Exploitation, the following was reported:

 DSP #510 stated, "No, I don't know what that one is." DSP's response with regards to exploitation. (Individual #4)

6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings.  7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and recertifying the designated trainer at least annually and/or when there is a change to a person's plan.

other governmental agency.		

Tag # 1A37 Individual Specific Training	Standard Level Deficiency		
rag # 1A37 marvidual opecine Training	Otalidard Ecver Beliefericy		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 17: Training Requirements: The purpose of this chapter is to outline requirements for completing, reporting and documenting DDSD training requirements for DD Waiver Provider Agencies as well as requirements for certified trainers or mentors of DDSD Core curriculum training.  17.1 Training Requirements for Direct Support Personnel and Direct Support Supervisors: Direct Support Personnel (DSP) and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, CIE and Crisis Supports.  1. DSP/DSS must successfully: a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below. b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14 c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines. e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals). f. Become certified in a DDSD-approved system of crisis prevention and intervention	Based on record review, the Agency did not ensure that Individual Specific Training requirements were met for 3 of 28 Agency Personnel.  Review of personnel records found no evidence of the following:  Direct Support Personnel (DSP):  Individual Specific Training (#521)  Service Coordination Personnel (SC):  Individual Specific Training (#529, 530)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
Aid and CPR. The training materials shall meet OSHA requirements/guidelines.  e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals).  f. Become certified in a DDSD-approved			

before using EPR. Agency DSP and DSS		
shall maintain certification in a DDSD-		
approved system if any person they support		
has a BCIP that includes the use of EPR.		
g. Complete and maintain certification in a		
DDSD-approved medication course if		
required to assist with medication delivery. h. Complete training regarding the HIPAA.		
<ol> <li>Complete training regarding the fire AA.</li> <li>Any staff being used in an emergency to</li> </ol>		
fill in or cover a shift must have at a minimum		
the DDSD required core trainings and be on		
shift with a DSP who has completed the		
relevant IST.		
17.10 Individual-Specific Training: The		
following are elements of IST: defined		
standards of performance, curriculum tailored to		
teach skills and knowledge necessary to meet		
those standards of performance, and formal		
examination or demonstration to verify		
standards of performance, using the established		
DDSD training levels of awareness, knowledge,		
and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.		
Reaching a <b>knowledge level</b> may take the form		
of observing a plan in action, reading a plan		
more thoroughly, or having a plan described by		
the author or their designee. Verbal or written		
recall or demonstration may verify this level of		
competence.		
Reaching a <b>skill level</b> involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall		
demonstrate the techniques according to the		
plan. Then they observe and provide feedback		

to the trainee as they implement the techniques.	
This should be repeated until competence is	
demonstrated. Demonstration of skill or	
observed implementation of the techniques or	
strategies verifies skill level competence.	
Trainees should be observed on more than one	
occasion to ensure appropriate techniques are	
maintained and to provide additional	
coaching/feedback.	
Individuals shall receive services from competent	
and qualified Provider Agency personnel who	
must successfully complete IST requirements in	
accordance with the specifications described in	
the ISP of each person supported.	
IST must be arranged and conducted at	
least annually. IST includes training on the ISP	
Desired Outcomes, Action Plans, strategies,	
and information about the person's preferences	
regarding privacy, communication style, and	
routines. More frequent training may be	
necessary if the annual ISP changes before the	
year ends.	
2. IST for therapy-related WDSI, HCPs,	
MERPs, CARMPs, PBSA, PBSP, and BCIP,	
must occur at least annually and more often if	
plans change, or if monitoring by the plan	
author or agency finds incorrect implementation,	
when new DSP or CM are assigned to work	
with a person, or when an existing DSP or CM	
requires a refresher.	
3. The competency level of the training is	
based on the IST section of the ISP.	
4. The person should be present for and	
involved in IST whenever possible.	
5. Provider Agencies are responsible for	
tracking of IST requirements.	
6. Provider Agencies must arrange and	
ensure that DSP's are trained on the contents of	
the plans in accordance with timelines indicated	
in the Individual-Specific Training	
Requirements: Support Plans section of the ISP	

and notify the plan authors when new DSP are hired to arrange for trainings.  7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
<ul> <li>17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings:</li> <li>1. IST Training Rosters must include: <ul> <li>a. the name of the person receiving DD Waiver services;</li> <li>b. the date of the training;</li> <li>c. IST topic for the training;</li> <li>d. the signature of each trainee;</li> <li>e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and</li> <li>f. the signature and title or role of the trainer.</li> </ul> </li> <li>2. A competency based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.)</li> <li>3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer.</li> </ul>

Management Plan (CARMP), or another	
plan.	
2. When the person/guardian disagrees	
with a recommendation or does not agree	
with the implementation of that	
recommendation, Provider Agencies follow	
the DCP and attend the meeting	
coordinated by the CM. During this	
meeting:	
a. Providers inform the person/guardian of	
the rationale for that recommendation,	
so that the benefit is made clear. This will be done in layman's terms and will	
include basic sharing of information	
designed to assist the person/guardian	
with understanding the risks and benefits	
of the recommendation.	
b. The information will be focused on the	
specific area of concern by the	
person/guardian. Alternatives should be	
presented, when available, if the guardian	
is interested in considering other options	
for implementation.	
c. Providers support the person/guardian to	
make an informed decision.	
d. The decision made by the	
person/guardian during the meeting is	
accepted; plans are modified; and the	
IDT honors this health decision in every	
setting.	
Chapter 20: Provider Documentation and	
Client Records: 20.2 Client Records	

**Requirements:** All DD Waiver Provider Agencies are required to create and maintain

individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the location		
of the file, the type of service being provided,		
and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
<ol> <li>Client records must contain all documents</li> </ol>		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
<ol><li>Provider Agencies must have readily</li></ol>		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web based system using computers or mobile		
devices is acceptable.		
<ol><li>Provider Agencies are responsible for</li></ol>		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
Provider Agencies must maintain records		
of all documents produced by agency personnel		
or contractors on behalf of each person,		
including any routine notes or data, annual		
assessments, semi-annual reports, evidence of		
training provided/received, progress notes, and		
any other interactions for which billing is		
generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		

DSP while providing services in the community.  7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications.		
Chapter 10: Living Care Arrangements (LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision  4. Ensure and document the following:  a. The person has a Primary Care Practitioner.  b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist.  c. The person receives annual dental check-ups and other check-ups as recommended by a licensed dentist.		

d. The person receives a hearing test as recommended by a licensed audiologist.

e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist.  5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General Requirements: 9. Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist).		
Chapter 13 Nursing Services: 13.2.3 General Requirements:  1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.

areas of improvement, issues that impact			
quality of services, and areas of non-			
compliance with the DD Waiver Service			
Standards or any other program			
requirements. The findings should help inform			
the agency's QI plan.			
22.2 QI Plan and Key Performance Indicators			
(KPI): Findings from a discovery process			
should result in a QI plan. The QI plan is used			
by an agency to continually determine whether			
the agency is performing within program			
requirements, achieving goals, and identifying			
opportunities for improvement. The QI plan			
describes the processes that the Provider			
Agency uses in each phase of the QIS:			
discovery, remediation, and sustained			
improvement. It describes the frequency of data			

collection, the source and types of data		
gathered, as well as the methods used to		
analyze data and measure performance. The QI		
plan must describe how the data collected will		
be used to improve the delivery of services and		
must describe the methods used to evaluate		
whether implementation of improvements is		
working. The QI plan shall address, at minimum,		
three key performance indicators (KPI). The KPI		
are determined by DOH-DDSQI) on an annual		
basis or as determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if needed.		
The QI Committee convenes to review data; to		
identify any deficiencies, trends, patterns, or		
concerns; to remedy deficiencies; and to		
identify opportunities for QI. QI Committee		
meetings must be documented and include a		
review of at least the following:		
<ol> <li>Activities or processes related to discovery,</li> </ol>		
i.e., monitoring and recording the findings;		
2. The entities or individuals responsible for		
conducting the discovery/monitoring process;		
<ol><li>The types of information used to measure performance;</li></ol>		
The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
Ferrening		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality assurance		
(QA) activities and the QI Plan that the		
agency has implemented during the year.		
The annual report shall:		
Be submitted to the DDSD PEU by February		
15th of each calendar year.		
2. Be kept on file at the agency, and made		
available to DOH, including DHI upon		

request. 3. Address the Provider Agency's QA or compliance with at least the following:		
<ul> <li>a. compliance with DDSD Training Requirements;</li> </ul>		
<ul> <li>b. compliance with reporting requirements, including reporting of ANE;</li> </ul>		
<ul> <li>c. timely submission of documentation for budget development and approval;</li> </ul>		
<ul> <li>d. presence and completeness of required documentation;</li> </ul>		
e. compliance with CCHS, EAR, and Licensing requirements as applicable; and		
f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to:		
i. IQR findings;		
ii. CPA Plans related to ANE reporting;		
<li>iii. POCs related to QMB compliance surveys; and</li>		
<ul><li>iv. PIPs related to Regional Office Contract Management.</li></ul>		
4. Address the Provider Agency QI with at least the following:		
<ul> <li>a. data analysis related to the DDSD required KPI; and</li> </ul>		
<ul> <li>b. the five elements required to be discussed by the QI committee each quarter.</li> </ul>		
NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS: F. Quality assurance/quality improvement		
program for community-based service		

roviders: The community-based service	
ovider shall establish and implement a quality	
provement program for reviewing alleged	
omplaints and incidents of abuse, neglect, or	
oploitation against them as a provider after the	
vision's investigation is complete. The incident	
anagement program shall include written	
ocumentation of corrective actions taken. The	
ommunity-based service provider shall take all	
asonable steps to prevent further incidents. The	
ommunity-based service provider shall provide	
e following internal monitoring and facilitating	
uality improvement program:	
) community-based service providers shall	
ave current abuse, neglect, and exploitation	
anagement policy and procedures in place that	
omply with the department's requirements;	
) community-based service providers	
oviding intellectual and developmental	
sabilities services must have a designated	
cident management coordinator in place; and	
3) community-based service providers	
oviding intellectual and developmental	
sabilities services must have an incident	
anagement committee to identify any	
eficiencies, trends, patterns, or concerns as well	
s opportunities for quality improvement, address	
ternal and external incident reports for the	
urpose of examining internal root causes, and to	
ke action on identified issues.

generated.  5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.  7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following:  2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to:  a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare		
practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or		

С	Pentist;			
b. c	linical recommendations made by			
	egistered/licensed clinicians who are			
	ither members of the IDT or clinicians who			
	ave performed an evaluation such as a			
	ideo-fluoroscopy;			
	ealth related recommendations or			
	uggestions from oversight activities such			
	s the Individual Quality Review (IQR) or			
	ther DOH review or oversight activities;			
	nd			
	ecommendations made through a			
	lealthcare Plan (HCP), including a			
	Comprehensive Aspiration Risk			
	Management Plan (CARMP), or another			
р	lan.			
2 \//h	en the person/guardian disagrees with a			
	nmendation or does not agree with the			
	mentation of that recommendation,			
	der Agencies follow the DCP and attend			
	eeting coordinated by the CM. During this			
neetii				
	Providers inform the person/guardian of			
	the rationale for that recommendation, so			
	that the benefit is made clear. This will be			
	done in layman's terms and will include			
	basic sharing of information designed to			
i	assist the person/guardian with			
	understanding the risks and benefits of the			
	recommendation.			
b.	The information will be focused on the			
	specific area of concern by the			
	person/guardian. Alternatives should be			
	presented, when available, if the guardian			
	is interested in considering other options			
	for implementation.			
	Providers support the person/guardian to			
	make an informed decision.			

d. The decision made by the person/guardian during the meeting is accepted; plans are

modified; and the IDT honors this health decision in every setting.		
Chapter 13 Nursing Services: 13.2.5  Electronic Nursing Assessment and Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT). This process includes developing and training Health Care Plans and Medical Emergency Response Plans.  The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed.  The hierarchy for Nursing Assessment and Planning responsibilities is:  1. Living Supports: Supported Living, IMLS or Family Living via ANS;  2. Customized Community Supports- Group; and  3. Adult Nursing Services (ANS):  a. for persons in Community Inclusion with health-related needs; or  b. if no residential services are budgeted but assessment is desired and health		
needs may exist.  13.2.6 The Electronic Comprehensive Health Assessment Tool (c.CHAT)		
Assessment Tool (e-CHAT)  1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person.		
2. The nurse must see the person face-to-face		

to complete the nursing assessment. Additional		
information may be gathered from members of		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add additional		
pertinent information in all comment sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse will		
present recommendations regarding the level		
of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the original		
MAAT will be retained in the Provider Agency		
records.		
3. Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		

by the results of the MAAT and the	
nursing recommendations, and the	
decision is documented this in the ISP.	
13.2.9 Healthcare Plans (HCP):	
<ol> <li>At the nurse's discretion, based on prudent</li> </ol>	
nursing practice, interim HCPs may be	
developed to address issues that must be	
implemented immediately after admission,	
readmission or change of medical condition to	
provide safe services prior to completion of the	
e-CHAT and formal care planning process. This	
includes interim ARM plans for those persons	
newly identified at moderate or high risk for	
aspiration. All interim plans must be removed if	
the plan is no longer needed or when final HCP	
including CARMPs are in place to avoid	
duplication of plans.	
In collaboration with the IDT, the agency	
nurse is required to create HCPs that address all	
the areas identified as required in the most	
current e-CHAT summary report which is	
indicated by "R" in the HCP column. At the	
nurse's sole discretion, based on prudent	
nursing practice, HCPs may be combined where	
clinically appropriate. The nurse should use	
nursing judgment to determine whether to also	
include HCPs for any of the areas indicated by	
"C" on the e-CHAT summary report. The nurse	
may also create other HCPs plans that the nurse	
determines are warranted.	
13.2.10 Medical Emergency Response Plan	
(MERP):	
The agency nurse is required to develop a	
Medical Emergency Response Plan (MERP) for	
all conditions marked with an "R" in the e-CHAT	
summary report. The agency nurse should use	
her/his clinical judgment and input from the	
Interdisciplinary Team (IDT) to determine	
whether shown as "C" in the e-CHAT summary	

report or other conditions also warrant a MERP.  2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.		
Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.

- services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- d. any records required by MAD for the administration of Medicaid.
- **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
  - a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
  - b. The receiving Provider Agency bills the

### November 2019

 The Agency billed 100 units of Customized Community Supports (Individual) (H2021 HB U1) from 11/3/2019 through 11/30/2019. Documentation received accounted for 36 units.

# Individual #6

#### October 2019

 The Agency billed 68 units of Customized Community Supports (Individual) (H2021 HB U1) from 10/1/2019 through 10/31/2019. Documentation received accounted for 28 units.

# Individual #7

# October 2019

- The Agency billed 36 units of Customized Community Supports (Individual) (H2021 HB U1) from 10/1/2019 through 10/31/2019. Documentation received accounted for 24 units.
- The Agency billed 117 units of Customized Community Supports (Group) (T2021 HB U7) from 10/1/2019 through 10/31/2019. Documentation received accounted for 59 units.

#### November 2019

 The Agency billed 41 units of Customized Community Supports (Group) (T2021 HB U7) from 11/1/2019 through 11/30/2019. Documentation received accounted for 36 units.

services or goods provided to any eligible recipient: c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid. **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units. 21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows: a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%). b. The receiving Provider Agency bills the remaining days up to 340 for the ISP

year.

21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following:  1. A month is considered a period of 30 calendar days.  2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.  3. Monthly units can be prorated by a half unit.  4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.  21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:  1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.  2. Services that last in their entirety less than eight minutes cannot be billed.

- services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- any records required by MAD for the administration of Medicaid.
- **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
  - a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
  - b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year.

units. Evidence provided on-site during survey, indicated that service is being provided at the agency's administrative office location. Per DDW Standards 10.4.2.1 CIHS are delivered by DSP in the person's own home, family home, or in the community.

#### December 2019

The Agency billed 24 units of Customized In-Home Supports (S5125 HB) from 12/1/2019 through 12/31/2019.

Documentation received accounted for 0 units. Evidence provided on-site during survey, indicated that service is being provided at the agency's administrative office location. Per DDW Standards 10.4.2.1 CIHS are delivered by DSP in the person's own home, family home, or in the community.

# Individual #7 October 2019

The Agency billed 20 units of Customized In-Home Supports (S5125 HB) from 10/1/2019 through 10/31/2019.
 Documentation received accounted for 0 units Evidence provided on-site during survey, indicated that service is being provided at the agency's administrative office location. Per DDW Standards 10.4.2.1 CIHS are delivered by DSP in the person's own home, family home, or in the community.

# November 2019

 The Agency billed 32 units of Customized In-Home Supports (S5125 HB) from 11/1/2019 through 11/30/2019.
 Documentation received accounted for 0 units Evidence provided on-site during

QMB Report of Findings – Las Cumbres Community Services, Inc. – Northeast – January 24 - 30, 2020

- **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:
- 1. A month is considered a period of 30 calendar days.
- 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.
- **21.9.3** Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:
- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

survey, indicated that service is being provided at the agency's administrative office location. Per DDW Standards 10.4.2.1 CIHS are delivered by DSP in the person's own home, family home, or in the community.

## December 2019

The Agency billed 30 units of Customized In-Home Supports (S5125 HB) from 12/1/2019 through 12/31/2019.
 Documentation received accounted for 0 units. Evidence provided on-site during survey, indicated that service is being provided at the agency's administrative office location. Per DDW Standards 10.4.2.1 CIHS are delivered by DSP in the person's own home, family home, or in the community.

Dear Ms. Rodriguez-Martinez:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

# Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process. Sincerely,

Monica Valdez, BS
