Dear Mr. Andrew Starck;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

**Non-Compliance:** This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

# Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

## **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

## **On-going Quality Assurance/Quality Improvement Processes:**

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- · How is this integrated in your agency's QIS, QI Committee reviews and annual report?

## Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
  - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

# 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

## Billing Deficiencies:

If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

## Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Joshua Burghart

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

## Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <u>MonicaE.Valdez@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

# Instructions for Completing Agency POC:

## Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

# The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

*Note:* <u>Instruction or in-service of staff alone may not be a sufficient plan of correction</u>. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

## **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

# Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <u>MonicaE.Valdez@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at <u>MonicaE.Valdez@state.nm.us</u> (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after your POC has been approved</u> by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

## POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the case management survey the CMS waiver assurances have been grouped into five (5) Service Domains: Plan of Care (Development and Monitoring); Level of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

# Service Domains and CoPs for <u>Case Management</u> are as follows:

<u>Service Domain: Plan of Care ISP Development & Monitoring -</u> Service plans address all participates' assessed needs (including health and safety risk factors) and goals, either by waiver services or through other means. Services plans are updated or revised at least annually or when warranted by changes in the waiver participants' needs.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File Individual Service Plan (ISP) / ISP Components
- 4C07 Individual Service Planning (Visions, measurable outcome, action steps)
- **4C07.1 –** Individual Service Planning Paid Services
- 4C10 Apprv. Budget Worksheet Waiver Review Form / MAD 046
- 4C12 Monitoring & Evaluation of Services
- 4C16 Requirements for Reports & Distribution of ISP (Provider Agencies, Individual and/or Guardian)

<u>Service Domain: Level of Care -</u> Initial and annual Level of Care (LOC) evaluations are completed within timeframes specified by the State.

## Potential Condition of Participation Level Tags, if compliance is below 85%:

• 4C04 – Assessment Activities

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A22/4C02 Case Manager: Individual Specific Competencies
- 1A22.1 / 4C02.1 Case Manager Competencies: Knowledge of Service

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- **1A25.1 –** Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

• **1A05 –** General Requirements

#### Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF).* The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <u>valerie.valdez@state.nm.us</u> for assistance.

#### The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

# **QMB** Determinations of Compliance

# Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

## Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

## Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

## Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

20.5.1 Individual Data Form (IDF):			
The Individual Data Form provides an			
overview of demographic information as well			
as other key personal, programmatic,			
insurance, and health related information. It			
lists medical information; assistive technology			
or adaptive equipment; diagnoses; allergies;	<u> </u>		

information about whether a guardian or	
advance directives are in place; information	
about behavioral and health related needs;	
contacts of Provider Agencies and team	
members and other critical information. The	
IDF automatically loads information into other	
fields and forms and must be complete and	
kept current. This form is initiated by the CM.	
It must be opened and continuously updated	
by Living Supports, CCS- Group, ANS, CIHS	
and case management when applicable to the	
person in order for accurate data to auto	
populate other documents like the Health	
Passport and Physician Consultation Form.	
Although the Primary Provider Agency is	
ultimately responsible for keeping this form	
current, each provider collaborates and	
communicates critical information to update	
this form.

Justification Process: DD Waiver participants	
may receive evaluations or reviews conducted	
by a variety of professionals or clinicians.	
These evaluations or reviews typically include	
recommendations or suggestions for the	
person/guardian or the team to consider. The	
team justification process includes:	
1. Discussion and decisions about non-	
health related recommendations are	
documented on the Team Justification	
form.	
2. The Team Justification form	
documents that the	
person/guardian or team has	
considered the recommendations	
and has decided:	
a. to implement the recommendation;	
b. to create an action plan and revise the	
ISP, if necessary; or	
c. not to implement the recommendation	
currently.	
3. All DD Waiver Provider Agencies

participant and/or legal representative may	
choose to transfer to or from another waiver	
program by contacting the DDSD to initiate a	
waiver change. If a person wants to switch	
waivers within the first 30 days of allocation,	
and no medical or financial eligibility has	
begun, the transfer is permitted. Waiver	
transfers are not allowed when the expiration

person must meet medical and financial	
eligibility before he/she may request a transfer.	
Waiver transfers require the following steps:	
3. A Waiver Change Form (WCF) is	
completed by the person and/or legal	
representative and returned to the local DDSD	
Regional Office.	
4. Once DDSD staff receive the WCF, it is	
forwarded by DDSD staff to the current DD	
Waiver CM, Medically Fragile CM, and Mi Via	
Consultant as relevant.	
5. Transfers between waivers should occur	
within 90 calendar days of receipt of the WCF	
unless there are circumstances related to the	
person's services that require more time.	
6. Transition meetings must occur within at	
least 30 days of receipt of the WCF. The	
receiving agency must schedule the meeting	
within five days of receipt of the WCF.	
7. The transition meeting must occur, either	
by phone or in person, and is required to include	
the person or their legal representative, as well

evidence that the person, guardian, and		
family as applicable were involved in the		
person-centered assessment.		
3. Timelines for completion: The initial PCA		
must be completed within the first 90		
calendar days of the person receiving		
services. Thereafter, the Provider Agency		
must ensure that the PCA is reviewed and		
updated annually. An entirely new PCA must		
be completed every five years. If there is a		
significant change in a person's		
circumstance, a new PCA may be required		
because the information in the PCA may no

a PCA. The career development plan		
should have specific action steps that		
identify who does what and by when.

Completion and Distribution of the ISP: The		
CM is required to assure all elements of the		
ISP and companion documents are completed		
and distributed to the IDT. However, DD		
Waiver Provider Agencies share responsibility to contribute to the completion of the ISP. The		
ISP must be completed and approved prior to		
the expiration date of the previous ISP term.		
Within 14 days of the approved ISP and when		
available, the CM distributes the ISP to the		
DDSD Regional Office, the DD Waiver Provider		
Agencies with a SFOC, and to all IDT members		
requested by the person.

Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or	<ul> <li>Dental Exam:</li> <li>Individual #3 - As indicated by the documentation reviewed, exam was completed on 2/10/2021. Chapter 20: Provider Documentation and	
Client Records: 20.2 Client Records	
Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the	
location of the file, the type of service being	
provided, and the information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
8. Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of	
the person during the provision of the service.	
9. Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the	
Therap web based system using computers or	
mobile devices is acceptable.	
10. Provider Agencies are responsible for	
ensuring that all plans created by nurses, RDs,	
therapists or BSCs are present in all needed	
settings.	
11. Provider Agencies must maintain records	
of all documents produced by agency	
personnel or contractors on behalf of each	
person, including any routine notes or data,	
annual assessments, semi-annual reports,	
evidence of training provided/received,	
progress notes, and any other interactions for	
which billing is generated.	
12. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only	

for the services provided by their agency. 13. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 14. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Thera psystem. according to the following:		
2. The DCP is used when a person or		
his/her guardian/healthcare decision maker		
has concerns, needs more information about		
health-related issues, or has decided not to		
follow all or part of an order, recommendation,		

or suggestion. This includes, but is not limited	
to:	
a. medical orders or recommendations from	
the Primary Care Practitioner, Specialists	
or other licensed medical or healthcare	
practitioners such as a Nurse Practitioner	
(NP or CNP), Physician Assistant (PA) or	
Dentist;	
b. clinical recommendations made by	
registered/licensed clinicians who are

Comprehensive Aspiration Risk	
Management Plan (CARMP), or another	
plan.	
2. When the person/guardian disagrees	
with a recommendation or does not agree	
with the implementation of that	
recommendation, Provider Agencies	
follow the DCP and attend the meeting	
coordinated by the CM. During this	
meeting:	
c. Providers inform the person/guardian of	
the rationale for that recommendation,	
so that the benefit is made clear. This	
will be done in layman's terms and will	
include basic sharing of information	
designed to assist the person/guardian	
with understanding the risks and	
benefits of the recommendation.	
d. The information will be focused on the	
specific area of concern by the	
person/guardian. Alternatives should be	
presented, when available, if the	

guardian is interested in considering other options for implementation. c. Providers support the person/guardian to make an informed decision. d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.
