Survey Type:	Routine	
Team Leader:	Lora Norby, Healthcare Surveyor, Division of Health Imp	rovement/Quality Management Bureau
Team Members:	Verna Newman - Sikes, AA, Healthcare Surveyor, Divisio Management Bureau; Beverly Estrada, ADN, Healthcare Improvement/Quality Management Bureau; Joshua Burg Division of Health Improvement/Quality Management Bu	Surveyor, Division of Health hart, BS, Healthcare Surveyor,

Dear Mr. Isaac Sandoval;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

# **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags</u>: This determination is based on noncompliance with one to five (1 - 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A22 Agency Personnel Competency

# **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <u>https://nmhealth.org/about/dhi</u>

- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

The following tags are identified as Standard Level:

- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS27 Family Living Reimbursement

# Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

# Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

# On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
  - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

# 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

#### **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

# Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

# Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Lora Norby

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

# Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <u>MonicaE.Valdez@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

#### Instructions for Completing Agency POC:

#### Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

# The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

*Note:* <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

# **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

# Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after your POC has been approved</u> by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

# Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

#### Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- **IS14 –** CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

#### Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- **1A22** Agency Personnel Competency
- 1A37 Individual Specific Training

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- **1A15.2** Administrative Case File: Healthcare Documentation (Therap and Required Plans)

#### Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- **1A05 –** General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- **1A09.2** Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

# Attachment C

#### Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <u>valerie.valdez@state.nm.us</u> for assistance.

#### The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

# **QMB** Determinations of Compliance

# Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

#### Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

#### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

shall demonstrate the techniques according to		
the plan. Then they observe and provide		
feedback to the trainee as they implement the		

techniques. This should be repeated until		
competence is demonstrated. Demonstration		
of skill or observed implementation of the		
techniques or strategies verifies skill level		
competence. Trainees should be observed on		
more than one occasion to ensure appropriate		
techniques are maintained and to provide		
additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
1. IST must be arranged and conducted at		
least annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies,		
and information about the person's		
preferences regarding privacy, communication		
style, and routines. More frequent training may		
be necessary if the annual ISP changes before		
the year ends.		
2. IST for therapy-related WDSI, HCPs,		
MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan		
author or agency finds incorrect		
implementation, when new DSP or CM are		
assigned to work with a person, or when an		
existing DSP or CM requires a refresher.		
3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
5. Provider Agencies are responsible for		
tracking of IST requirements.		
<ol><li>Provider Agencies must arrange and ensure that DSP's are trained on the contents</li></ol>		
of the plans in accordance with timelines		
indicated in the Individual-Specific Training Requirements: Support Plans section of the		
ISP and notify the plan authors when new		
ISF and notify the plan authors when new		

<ul><li>DSP are hired to arrange for trainings.</li><li>7. If a therapist, BSC, nurse, or other author</li></ul>		
of a plan, healthcare or otherwise, chooses to		
designate a trainer, that person is still		
responsible for providing the curriculum to the		
designated trainer. The author of the plan is		
also responsible for ensuring the designated		
trainer is verifying competency in alignment		
with their curriculum, doing periodic quality		
assurance checks with their designated		
trainer, and re-certifying the designated trainer		
at least annually and/or when there is a		
change to a person's plan.		
17.10.1 IST Training Rosters: IST Training		
Rosters are required for all IST trainings:		
<ol> <li>IST Training Rosters must include:</li> <li>a. the name of the person receiving DD</li> </ol>		
Waiver services;		
b. the date of the training;		
c. IST topic for the training;		
d. the signature of each trainee;		
e. the role of each trainee (e.g., CIHS		
staff, CIE staff, family, etc.); and		
f. the signature and title or role of the		
trainer.		
2. A competency-based training roster		
(required for CARMPs) includes all information		
above but also includes the level of training		
(awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk		
Management for more details about CARMPs.)		
3. A copy of the training roster is submitted to		
the agency employing the staff trained within		
seven calendar days of the training date. The		
original is retained by the trainer.

agreement, or upon provider withdrawal from			
services.			
Chapter 3 Safeguards: 3.1.1 Decision			
Consultation Process (DCP): Health			
decisions are the sole domain of waiver			
participants, their guardians or healthcare			
decision makers. Participants and their			
healthcare decision makers can confidently			
make decisions that are compatible with their			
personal and cultural values. Provider			
Agencies are required to support the informed			
decision making of waiver participants by			
supporting access to medical consultation,			
information, and other available resources			
according to the following:			
1. The DCP is used when a person or			
his/her guardian/healthcare decision maker			
has concerns, needs more information about			
health-related issues, or has decided not to			
follow all or part of an order, recommendation,			
or suggestion. This includes, but is not limited			
to:			
a. medical orders or recommendations from			
the Primary Care Practitioner, Specialists			
or other licensed medical or healthcare			
practitioners such as a Nurse Practitioner	Level of Findings At Home Advecces Incorporated M		

(NP or CNP), Physician Assistant (PA) or	
Dentist;	
<ul> <li>b. clinical recommendations made by</li> </ul>	
registered/licensed clinicians who are	
either members of the IDT or clinicians	
who have performed an evaluation such	
as a video-fluoroscopy;	
c. health related recommendations or	
suggestions from oversight activities such	
as the Individual Quality Review (IQR) or	
other DOH review or oversight activities;	
and	
d. recommendations made through a	
Healthcare Plan (HCP), including a	
Comprehensive Aspiration Risk	
Management Plan (CARMP), or another	
plan.	
pian.	
2. When the person/guardian disagrees with a	
recommendation or does not agree with the	
implementation of that recommendation,	
Provider Agencies follow the DCP and attend	
the meeting coordinated by the CM. During	
this meeting:	
a. Providers inform the person/guardian of	
the rationale for that recommendation,	
so that the benefit is made clear. This	
will be done in layman's terms and will	
include basic sharing of information	
designed to assist the person/guardian	
with understanding the risks and benefits	
of the recommendation.	
b. The information will be focused on the	
specific area of concern by the	
person/guardian. Alternatives should be	
presented, when available, if the	
guardian is interested in considering	
other options for implementation.	
c. Providers support the person/guardian to	
make an informed decision.	
d. The decision made by the	
person/guardian during the meeting is	

accorted, plana are modified, and the	
accepted; plans are modified; and the	
IDT honors this health decision in every	
setting.	
Chapter 13 Nursing Services: 13.2.5	
Electronic Nursing Assessment and	
<i>Planning Process:</i> The nursing assessment	
process includes several DDSD mandated	
tools: the electronic Comprehensive Nursing	
Assessment Tool (e-CHAT), the Aspiration	
Risk Screening Tool (ARST) and the	
Medication Administration Assessment Tool	
(MAAT). This process includes developing	
and training Health Care Plans and Medical	
Emergency Response Plans.	
The following hierarchy is based on budgeted	
services and is used to identify which Provider	
Agency nurse has primary responsibility for	
completion of the nursing assessment process	
and related subsequent planning and training.	
Additional communication and collaboration for	
planning specific to CCS or CIE services may	
be needed.	
The hierarchy for Nursing Assessment and	
Planning responsibilities is:	
1. Living Supports: Supported Living, IMLS or	
Family Living via ANS;	
2. Customized Community Supports- Group;	
and	
3. Adult Nursing Services (ANS):	
a. for persons in Community Inclusion	
with health-related needs; or	
b. if no residential services are budgeted	
but assessment is desired and health	
needs may exist.	
hoodo may oxide	
13.2.6 The Electronic Comprehensive	
Health Assessment Tool (e-CHAT)	
1. The e-CHAT is a nursing assessment. It	
may not be delegated by a licensed nurse to a	
non-licensed person.	
2. The nurse must see the person face-to-face	

<ul> <li>to complete the nursing assessment.</li> <li>Additional information may be gathered from members of the IDT and other sources.</li> <li>3. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver recipients may obtain an e-CHAT if needed or desired by adding ANS hours for assessment and consultation to their budget.</li> <li>4. When completing the e-CHAT, the nurse is required to review and update the electronic record and consider the diagnoses, medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information.</li> <li>5. The nurse is required to complete all the e- CHAT assessment questions and add additional pertinent information in all comment sections.</li> </ul>		
13.2.7 Aspiration Risk Management Screening Tool (ARST)		
<ul> <li>13.2.8 Medication Administration Assessment Tool (MAAT):</li> <li>1. A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting.</li> <li>2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records.</li> <li>3. Decisions about medication delivery are made by the IDT to promote a person's maximum independence and community integration. The IDT will</li> </ul>		
reach consensus regarding which criteria the person meets, as indicated		

	·	
by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):		
1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process.		
This includes interim ARM plans for those		
persons newly identified at moderate or high		
risk for aspiration. All interim plans must be		
removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
2. In collaboration with the IDT, the agency		
nurse is required to create HCPs that address		
all the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined		
where clinically appropriate. The nurse should		
use nursing judgment to determine whether to		
also include HCPs for any of the areas		
indicated by "C" on the e-CHAT summary		
report. The nurse may also create other HCPs		
plans that the nurse determines are warranted.		
13.2.10 Medical Emergency Response Plan		
(MERP):		
1. The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP)		
for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions also

24.0 Billable United. The unit of billing	
<b>21.9 Billable Units:</b> The unit of billing	
depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit	
or a dollar amount. The unit of billing is	
identified in the current DD Waiver Rate Table.	
Provider Agencies must correctly report	
service units.	
21.9.1 Requirements for Daily Units: For	
services billed in daily units, Provider Agencies	
must adhere to the following:	
1. A day is considered 24 hours from midnight	
to midnight.	
2. If 12 or fewer hours of service are	
provided, then one-half unit shall be billed.	
A whole unit can be billed if more than 12	
hours of service is provided during a 24-	
hour period.	
3. The maximum allowable billable units	
cannot exceed 340 calendar days per ISP	
year or 170 calendar days per six months.	
4. When a person transitions from one	
Provider Agency to another during the ISP	
year, a standard formula to calculate the	
units billed by each Provider Agency must be	
applied as follows:	
a. The discharging Provider Agency	
bills the number of calendar days	
that services were provided	
multiplied by .93 (93%).	
b. The receiving Provider Agency bills the	

remaining days up to 340 for the ISP		
year.		l
<b>,</b>		
21.9.2 Requirements for Monthly Units: For		
services billed in monthly units, a Provider		
Agency must adhere to the following:		
1. A month is considered a period of 30		
calendar days.		
2. At least one hour of face-to-face		
billable services shall be provided during		
a calendar month where any portion of a		
monthly unit is billed.		
3. Monthly units can be prorated by a half unit.		
4. Agency transfers not occurring at the		
beginning of the 30-day interval are required		
to be coordinated in the middle of the 30-day		
interval so that the discharging and receiving		
agency receive a half unit.		
21.9.3 Requirements for 15-minute and		
hourly units: For services billed in 15-minute		
or hourly intervals, Provider Agencies must		
adhere to the following:		
1. When time spent providing the service		
is not exactly 15 minutes or one hour,		
Provider Agencies are responsible for		
reporting time correctly following NMAC		
8.302.2.		
2. Services that last in their entirety less than		
eight minutes cannot be billed.

Region: Survey Date:	Metro March 21 - 31, 2022
Program Surveyed:	Developmental Disabilities Waiver
Service Surveyed:	Family Living, Customized Community Supports
Survey Type:	Routine

Dear Mr. Wrigley:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

## The Plan of Correction process is now complete.

## Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
