Team Members: Alyssa Swisher, RN, BSN, Nurse Surveyor, Division of Health Improvement/Quality Management

Bureau

Dear Ms. Corbin:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Medically Fragile Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider contracts. Upon receipt of this letter and report of findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm. The attached QMB Report of Findings indicates deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as deficiencies:

- Tag # MF 1A22 Agency Personnel Competency
- Tag # MF 1A28.1 Incident Management System Agency Personnel Training
- Tag # MF 103 Continuous Quality Improvement System
- Tag # MF 04 General Provider Requirements
- Tag # MF 1A28 Incident Management System

#### Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum, your Plan of Correction should address the following for each Tag cited:

#### **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e., obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible, an overall correction, i.e., all documents will be requested and filed as appropriate.

## On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e., file reviews, etc.)
- How many individuals is this going to effect? (i.e., percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e., weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e., retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

## **Submission of your Plan of Correction:**

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division, Attention: Medically Fragile Waiver Program Manager

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

## **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe. New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

## Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

If you have questions about the Report of Findings or Plan of Correction, please call the Plan of Correction Coordinator, Monica Valdez at (505) 273-1930. Thank you for your cooperation and for the work you perform.

Sincerely,

#### Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

## Instructions for Completing Agency POC:

## Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing, and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

## **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

#### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at (505) 273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a> (preferred method)
  - b. Fax to (505) 222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

#### **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents electronically, or via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must

- be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief within 10 business days of receipt of the final Report of Findings (Note: No extensions are granted for the IRF).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="https://nmhealth.org/about/dhi/cbp/irf/">https://nmhealth.org/about/dhi/cbp/irf/</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <u>valerie.valdez@state.nm.us</u> for assistance.

## The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process.

Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

responsible community-based service provider		
shall notify the responsible community-based		
service provider within 24 hours of an incident		
or allegation of an incident of abuse, neglect,		
and exploitation.		
D. Incident policies: All community-based		
service providers shall maintain policies and		
procedures which describe the community-		
based service provider's immediate response,		
including development of an immediate action		
and safety plan acceptable to the division		
where appropriate, to all allegations of incidents		
involving abuse, neglect, or exploitation,		
suspicious injury as required in Paragraph (2)		
of Subsection A of 7.1.14.8 NMAC.		
E. Retaliation: Any person, including but not		
limited to an employee, volunteer, consultant,		
contractor, consumer, or their family members,		
guardian, and another provider who, without		
false intent, reports an incident or makes an		
allegation of abuse, neglect, or exploitation		

shall be free of any form of retaliation such as		
termination of contract or employment, nor may		
they be disciplined or discriminated against in		
any manner including, but not limited to,		
demotion, shift change, pay cuts, reduction in		
hours, room change, service reduction, or in		
any other manner without justifiable reason.		
F. Quality assurance/quality improvement		
program for community-based service		
providers: The community-based service		
provider shall establish and implement a quality		
improvement program for reviewing alleged		
complaints and incidents of abuse, neglect, or		
exploitation against them as a provider after the		
division's investigation is complete. The		
incident management program shall include		
written documentation of corrective actions		
taken. The community-based service provider		
shall take all reasonable steps to prevent		
further incidents. The community-based service		
provider shall provide the following internal		
monitoring and facilitating quality improvement		
program:		
(1) community-based service providers shall		
have current abuse, neglect, and exploitation		
management policy and procedures in place		
that comply with the department's		
requirements;		
(2) community-based service providers		
providing intellectual and developmental		
disabilities services must have a designated		
incident management coordinator in place; and		
(3) community-based service providers		
providing intellectual and developmental		
disabilities services must have an incident		
management committee to identify any		
deficiencies, trends, patterns, or concerns as		
well as opportunities for quality improvement,		
address internal and external incident reports		
for the purpose of examining internal root		
causes, and to take action on identified issues.

that the reporter with the most direct knowledge	
of the incident participates in the preparation of	
the report form.	
(3) Limited provider investigation: No	
investigation beyond that necessary in order to	
be able to report the abuse, neglect, or	
exploitation and ensure the safety of	
consumers is permitted until the division has	
completed its investigation.	
(4) Immediate action and safety planning:	
Upon discovery of any alleged incident of	
abuse, neglect, or exploitation, the community-	
based service provider shall:	
(a) develop and implement an immediate action	
and safety plan for any potentially endangered	
consumers, if applicable;	

(b) be immediately prepared to report that		
immediate action and safety plan verbally, and		
revise the plan according to the division's		
direction, if necessary; and 4		
(c) provide the accepted immediate action and		
safety plan in writing on the immediate action		
and safety plan form within 24 hours of the		
verbal report. If the provider has internet		
access, the report form shall be submitted via		
the division's website at		
http://dhi.health.state.nm.us; otherwise, it may		
be submitted by faxing it to the division at 1-		
800-584-6057.		
(5) Evidence preservation: The community-		
based service provider shall preserve evidence		
related to an alleged incident of abuse, neglect,		
or exploitation, including records, and do		
nothing to disturb the evidence. If physical		
evidence must be removed or affected, the		
provider shall take photographs or do whatever		
is reasonable to document the location and		
type of evidence found which appears related		
to the incident.		
(6) Legal guardian or parental notification:		
The responsible community-based service		
provider shall ensure that the consumer's legal		
guardian or parent is notified of the alleged		
incident of abuse, neglect and exploitation		
within 24 hours of notice of the alleged incident		
unless the parent or legal guardian is		
suspected of committing the alleged abuse,		
neglect, or exploitation, in which case the		
community-based service provider shall leave		
notification to the division's investigative		
representative.		
(7) Case manager or consultant notification		
by community-based service providers: The		
responsible community-based service provider		
shall notify the consumer's case manager or		
consultant within 24 hours that an alleged		
incident involving abuse, neglect, or exploitation		

has been reported to the division. Names of		
other consumers and employees may be		
redacted before any documentation is		
forwarded to a case manager or consultant.		
(8) Non-responsible reporter: Providers who		
are reporting an incident in which they are not		
the responsible community-based service		
provider shall notify the responsible community-		
based service provider within 24 hours of an		
incident or allegation of an incident of abuse,		
neglect, and exploitation.		
D. Incident policies: All community-based		
service providers shall maintain policies and		
procedures which describe the community-		
based service provider's immediate response,		
including development of an immediate action		
and safety plan acceptable to the division		
where appropriate, to all allegations of incidents		
involving abuse, neglect, or exploitation,		
suspicious injury as required in Paragraph (2)		
of Subsection A of 7.1.14.8 NMAC.		
E. Retaliation: Any person, including but not		
limited to an employee, volunteer, consultant,		
contractor, consumer, or their family members,		
guardian, and another provider who, without		
false intent, reports an incident or makes an		
allegation of abuse, neglect, or exploitation		
shall be free of any form of retaliation such as		
termination of contract or employment, nor may		
they be disciplined or discriminated against in		
any manner including, but not limited to,		
demotion, shift change, pay cuts, reduction in		
hours, room change, service reduction, or in		
any other manner without justifiable reason.		
NIMAC 7 4 4 4 0 INCIDENT MANAGERET		
NMAC 7.1.14.9 INCIDENT MANAGEMENT SYSTEM REQUIREMENTS:		
A. General: All community-based service		
providers shall establish and maintain an		
incident management system, which		
emphasizes the principles of prevention and		

staff involvement. The community-based		
service provider shall ensure that the incident		
management system policies and procedures		
requires all employees and volunteers to be		
competently trained to respond to, report, and		
preserve evidence related to incidents in a		
timely and accurate manner.		
B. Training curriculum: Prior to an employee		
or volunteer's initial work with the community-		
based service provider, all employees and		
volunteers shall be trained on an applicable		
written training curriculum including incident		
policies and procedures for identification, and		
timely reporting of abuse, neglect, exploitation,		
suspicious injury, and all deaths as required in		
Subsection A of 7.1.14.8 NMAC. The trainings		
shall be reviewed at annual, not to exceed 12-		
month intervals. The training curriculum as set		
forth in Subsection C of 7.1.14.9 NMAC may		
include computer-based training. Periodic		
reviews shall include, at a minimum, review of		
the written training curriculum and site-specific		
issues pertaining to the community-based		
service provider's facility. Training shall be		
conducted in a language that is understood by		
the employee or volunteer.		
C. Incident management system training		
curriculum requirements:		
(1) The community-based service provider shall		
conduct training or designate a knowledgeable		
representative to conduct training, in		
accordance with the written training curriculum		
provided electronically by the division that		
includes but is not limited to:		
(a) an overview of the potential risk of abuse,		
neglect, or exploitation;		
(b) informational procedures for properly filing		
the division's abuse, neglect, and exploitation or		
report of death form;		
(c) specific instructions of the employees' legal		
responsibility to report an incident of abuse,		

neglect and exploitation, suspicious injury, and		
all deaths;		
(d) specific instructions on how to respond to		
abuse, neglect, or exploitation;		
(e) emergency action procedures to be followed		
in the event of an alleged incident or knowledge		
of abuse, neglect, exploitation, or suspicious		
injury.		
(2) All current employees and volunteers shall		
receive training within 90 days of the effective		
date of this rule.		
(3) All new employees and volunteers shall		
receive training prior to providing services to		
consumers.		
D. Training documentation: All community-		
based service providers shall prepare training		
documentation for each employee and		
volunteer to include a signed statement		
indicating the date, time, and place they		
received their incident management reporting		
instruction. The community-based service		
provider shall maintain documentation of an		
employee or volunteer's training for a period of		
at least three years, or six months after		
termination of an employee's employment or		
the volunteer's work. Training curricula shall be		
kept on the provider premises and made		
available upon request by the department.		
Training documentation shall be made available		
immediately upon a division representative's		
request. Failure to provide employee and		
volunteer training documentation shall subject		
the community-based service provider to the		
penalties provided for in this rule.
