Surveyor, Division of Health Improvement/Quality Management Bureau; Corrina B. Strain, RN, BSN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau and Jesus Trujillo, RN, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Dear Mr. Garrity:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

#### **Determination of Compliance:**

#### DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <a href="http://www.dhi.health.state.nm.us">http://www.dhi.health.state.nm.us</a>

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

#### Partial Compliance with Conditions of Participation

The following tag is identified as Condition of Participation Level Deficiencies:

Tag # 1A26 Consolidated On-Line Registry / Employee Abuse Registry

This determination is based on noncompliance with one or more CMS waiver assurances at the Condition of Participation level as well as Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

#### Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

During the exit interview of your on-site survey Attachment A on the Plan of Correction Process was provided to you. Please refer to Attachment A for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

#### **Corrective Action:**

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

#### On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done? (i.e. file reviews, periodic check with checklist, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORI, etc.)

#### **Submission of your Plan of Correction:**

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

#### **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a Void/Adjust claims or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Julie Ann Hill-Clapp HSD/OIG Program Integrity Unit P.O. Box 2348 Santa Fe, New Mexico 87504-2348

Or if using UPS, FedEx, DHL (courier mail) send to physical address at:

Attention: Julie Ann Hill-Clapp HSD/OIG Program Integrity Unit 2025 S. Pacheco Street Santa Fe, New Mexico 87505

Please be advised that there is a one-week lag period for applying payments received by check to Voided/Adjusted claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Leslie Peterson

#### Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <a href="mailto:AmandaE.Castaneda@state.nm.us">AmandaE.Castaneda@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

#### Instructions for Completing Agency POC:

#### Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

## The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur
- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and

- sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc.;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they
  meet requirements, how the timeliness of LOC packet submissions and consumer visits are
  tracked:
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

#### **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

#### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <a href="mailto:AmandaE.Castaneda@state.nm.us">AmandaE.Castaneda@state.nm.us</a> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
  - a. Electronically at AmandaE.Castaneda@state.nm.us (preferred method)
  - b. Fax to 575-528-5019, or
  - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."

- a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
- b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
- c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
- d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
- e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

#### **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

### Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in the following Service Domains.

Case Management Services (Four Service Domains):

- Plan of Care: ISP Development & Monitoring
- Level of Care
- Qualified Providers
- Health, Safety and Welfare

Community Living Supports / Inclusion Supports (Three Service Domains):

- Service Plans: ISP Implementation
- Qualified Provider
- Health, Safety and Welfare

#### **Conditions of Participation (CoPs)**

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for

significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

#### **CoPs and Service Domains for Case Management Supports are as follows:**

#### Service Domain: Plan of Care ISP Development & Monitoring

Condition of Participation:

1. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

#### Condition of Participation:

2. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

#### Service Domain: Level of Care

Condition of Participation:

3. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

#### CoPs and Service Domain for ALL Service Providers is as follows:

#### Service Domain: Qualified Providers

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

#### CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

#### Service Domain: Service Plan: ISP Implementation

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes / action step.

#### Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. **Individual Health, Safety and Welfare (Healthcare Oversight)**: The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

#### **QMB Determinations of Compliance**

#### Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

#### Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

#### Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

#### Attachment C

## Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="http://dhi.health.state.nm.us/qmb">http://dhi.health.state.nm.us/qmb</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <a href="mailto:Crystal.Lopez-Beck@state.nm.us">Crystal.Lopez-Beck@state.nm.us</a> for assistance.

#### The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

facility or agency who is responsible for assisting		
a resident in boarding or alighting from a motor		
vehicle must complete a state-approved training		
program in passenger transportation assistance		
before assisting any resident. The passenger		
transportation assistance program shall be		
comprised of but not limited to the following		
elements: resident assessment, emergency		
procedures, supervised practice in the safe		
operation of equipment, familiarity with state		
regulations governing the transportation of		
persons with disabilities, and a method for		
determining and documenting successful		
completion of the course. The course		
requirements above are examples and may be		
modified as needed.		
(2) Any employee or agent of a regulated		
facility or agency who drives a motor vehicle		
provided by the facility or agency for use in the		
transportation of clients must complete:		
(a) A state approved training program in		
passenger assistance and		
( <b>b)</b> A state approved training program in the		
operation of a motor vehicle to transport clients		
of a regulated facility or agency. The motor		
vehicle transportation assistance program shall		
be comprised of but not limited to the following		
elements: resident assessment, emergency		
procedures, supervised practice in the safe		
operation of motor vehicles, familiarity with state		
regulations governing the transportation of		
persons with disabilities, maintenance and		
safety record keeping, training on hazardous		
driving conditions and a method for determining		
and documenting successful completion of the		
course. The course requirements above are		
examples and may be modified as needed.		
(c) A valid New Mexico driver's license for the		
type of vehicle being operated consistent with		
State of New Mexico requirements.		
(3) Each regulated facility and agency shall		

establish and enforce written polices (including training) and procedures for employees who provide assistance to clients with boarding or alighting from motor vehicles.  (4) Each regulated facility and agency shall establish and enforce written polices (including training and procedures for employees who operate motor vehicles to transport clients.

Agency must report required personnel training status to the DDSD Statewide Training Database as specified in the DDSD Policy T-001: Reporting and Documentation of DDSD Training Requirements Policy. The Provider Agency must ensure that the personnel support staff have completed training as specified in the DDSD Policy T-003: Training Requirements for Direct Service Agency Staff Policy. 3. Staff shall complete individual specific training requirements in accordance with the specifications described in the ISP of each individual served: and 4. Staff that assists the individual with medication (e.g., setting up medication, or reminders) must have completed Assisting with Medication Delivery (AWMD) Training.

# CHAPTER 11 (FL) 3. Agency Requirements B. Living Supports- Family Living Services Provider Agency Staffing Requirements: 3. Training:

A. All Family Living Provider agencies must ensure staff training in accordance with the Training Requirements for Direct Service Agency Staff policy. DSP's or subcontractors delivering substitute care under Family Living must at a minimum comply with the section of the training policy that relates to Respite. Substitute Care, and personal support staff [Policy T-003: for Training Requirements for Direct Service Agency Staff; Sec. II-J, Items 1-4]. Pursuant to the Centers for Medicare and Medicaid Services (CMS) requirements, the services that a provider renders may only be claimed for federal match if the provider has completed all necessary training required by the state. All Family Living Provider agencies must report required personnel training status to the DDSD Statewide Training Database as specified in DDSD Policy T-001: Reporting and

ISP, the Individual requires a Speech Therapy Plan. (Individual #24)

#### When DSP were asked if the Individual had an Occupational Therapy Plan and if so, what the plan covered, the following was reported:

 DSP #253 stated, "No." According to the Individual Specific Training Section of the ISP, the Individual requires an Occupational Therapy Plan. (Individual #24)

# When DSP were asked if the Individual had a Physical Therapy Plan and if so, what the plan covered, the following was reported:

 DSP #253 stated, "Yes, swimming with Special Olympics." According to the Individual Specific Training Section of the ISP, the Individual does not require a Physical Therapy Plan. (Individual #24)

# When DSP were asked if the Individual had Health Care Plans and if so, what the plan(s) covered, the following was reported:

- DSP #254 stated, "Seizures and Aspiration".
   As indicated by the Electronic
   Comprehensive Health Assessment Tool, the Individual requires in addition Health Care Plans for Falls, Skin and Wound,
   Anaphylactic, Hydration and Bowel and Bladder. (Individual #1)
- DSP #273 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires a Health Care Plan for Aspiration (Individual #20).

### Documentation for DDSD Training Requirements.

B. Individual specific training must be arranged and conducted, including training on the Individual Service Plan outcomes, actions steps and strategies and associated support plans (e.g. health care plans, MERP, PBSP and BCIP etc.), information about the individual's preferences with regard to privacy, communication style, and routines. Individual specific training for therapy related WDSI. Healthcare Plans, MERPs, CARMP, PBSP, and BCIP must occur at least annually and more often if plans change or if monitoring finds incorrect implementation. Family Living providers must notify the relevant support plan author whenever a new DSP is assigned to work with an individual, and therefore needs to receive training, or when an existing DSP requires a refresher. The individual should be present for and involved in individual specific training whenever possible.

#### CHAPTER 12 (SL) 3. Agency Requirements B. Living Supports- Supported Living Services Provider Agency Staffing Requirements: 3. Training:

A. All Living Supports- Supported Living Provider Agencies must ensure staff training in accordance with the DDSD Policy T-003: for Training Requirements for Direct Service Agency Staff. Pursuant to CMS requirements, the services that a provider renders may only be claimed for federal match if the provider has completed all necessary training required by the state. All Supported Living provider agencies must report required personnel training status to the DDSD Statewide Training Database as specified in DDSD Policy T-001: Reporting and Documentation for DDSD Training Requirements.

# When DSP were asked if the Individual had a Medical Emergency Response Plans and if so, what the plan(s) covered, the following was reported:

- DSP #254 stated, "Seizures and Aspiration"
   As indicated by the Electronic
   Comprehensive Health Assessment Tool, the
   Individual in addition requires Medical
   Emergency Response Plans for Falls, and
   Anaphylactic. (Individual #1)
- DSP #273 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires a Medical Emergency Response Plan for Aspiration (Individual #20).

When DSP was asked who provided you training on the Individual's Seizure Disorder, the following was reported:

 DSP #237 stated, "No one." As indicated by the Individual Specific Training section of the ISP (Supported Living) staff are required to receive training on Seizures. (Individual #6)

When DSP were asked what medications are prescribed for the individual and the purpose of each medication, the following was reported:

 DSP #273 did not answer the question nor did they refer to the MAR. According to the Individual's Medication Administration Record, the individual takes Toprol 25mg, Synthroid 100mcg, Wellbutrin 300mg, Wellbutrin 150mg and Lexapro 20 mg. (Individual #20)

B Individual specific training must be arranged and conducted, including training on the ISP Outcomes, actions steps and strategies, associated support plans (e.g. health care plans, MERP, PBSP and BCIP, etc.), and information about the individual's preferences with regard to privacy, communication style, and routines. Individual specific training for therapy related WDSI, Healthcare Plans, MERP, CARMP, PBSP, and BCIP must occur at least annually and more often if plans change or if monitoring finds incorrect implementation. Supported Living providers must notify the relevant support plan author whenever a new DSP is assigned to work with an individual, and therefore needs to receive training, or when an existing DSP requires a refresher. The individual should be present for and involved in individual specific training whenever possible.

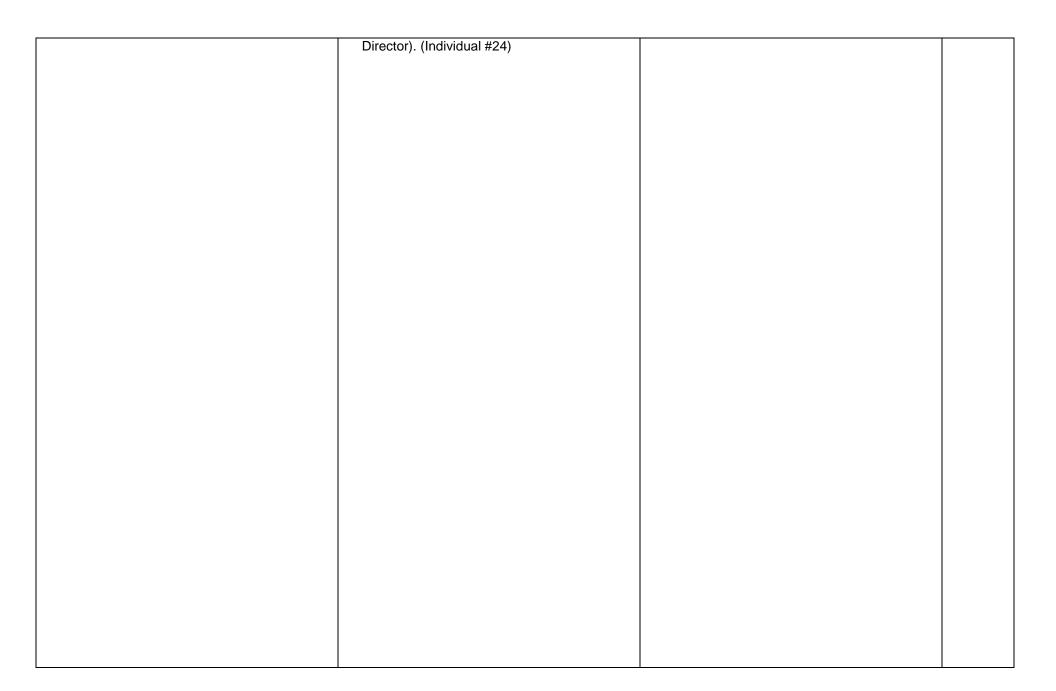

CHAPTER 13 (IMLS) R. 2. Service
Requirements. Staff Qualifications 2. DSP
Qualifications. E. Complete training
requirements as specified in the DDSD Policy T003: Training Requirements for Direct Service
Agency Staff - effective March 1, 2007. Report
required personnel training status to the DDSD
Statewide Training Database as specified in the
DDSD Policy T-001: Reporting and
Documentation of DDSD Training Requirements
Policy;

When DSP were asked, what are the steps did they need to take before assisting an individual with PRN medication, the following was reported:

DSP #253 stated, "Wash hands, gather supplies, don't call anyone, just give medication from MAR and document given medication, take heart rate and pulse."
 According to DDSD Policy Number M-001 prior to self-administration, self-administration with physical assist or assisting with delivery of PRN medications, the direct support staff must contact the agency nurse to describe observed symptoms and thus assure that the PRN medication is being used according to instructions given by the ordering PCP. (Individual #24)

When DSP were asked, what steps are you to take in the event of a medication error, the following was reported:

• DSP #253 stated, "If a medication falls on the floor, I use the 5 second rule. I pick up the medication and give it to him, document the given medication and he lets me know if he feels better." According to the Agency's Policy and Procedure for Assisting with Medication Delivery for Medication Errors, DSP are to: 1) Ensure the safety of the individual 2) Contact the Agency Nurse for further instructions 3) Indicate the error on the MAR by circling the appropriate box under the date and writing a description of what error occurred on the back of the form. 4) Complete an incident report. 5) Document the error on the progress notes in the individual's medical book and 6) provide verbal notification to the appropriate parties (House Manager, Service Coordinator, Agency

CHAPTER 12 (SL) 3. Agency Requirements
B. Living Supports- Supported Living
Services Provider Agency Staffing
Requirements: 3. Training:
A. All Living Supports- Supported Living Provider Agencies must ensure staff training in
accordance with the DDSD Policy T-003: for Training Requirements for Direct Service
Agency Staff. Pursuant to CMS requirements,
the services that a provider renders may only be
claimed for federal match if the provider has
completed all necessary training required by the
state. All Supported Living provider agencies
must report required personnel training status to
the DDSD Statewide Training Database as
specified in DDSD Policy T-001: Reporting and
Documentation for DDSD Training
Requirements.

Provider Requirement Accreditation	Standard Level Beneficional		
NMAC 7.26.6.6 OBJECTIVE:  A. These regulations are being promulgated to promote and assure the provision of quality services to persons with developmental disabilities residing in community agencies.  B. These regulations are being promulgated as part of a quality assurance initiative requiring all community agencies providing services to persons with developmental disabilities and contracting with the developmental disabilities division to be accredited by the commission on accreditation of rehabilitation facilities (CARF).  7.26.6.14 CARF STANDARDS MANUAL FOR ORGANIZATIONS SERVING PEOPLE WITH DEVELOPMENTAL DISABILITIES: Community agencies governed by these regulations are required to meet applicable provisions of the most current edition of the "CARF Standards Manual for Organizations Serving People with Disabilities". Sections of the CARF standards may be waived by the Department when deemed not applicable to the services provided by the community agency.	Based on observation and interview, the Agency did not obtain the Commission on Accreditation of Rehabilitation Facilities (CARF) or the Council on Quality and Leadership in Supports for People with Disabilities (The Council) accreditation or the applicable waiver from the Developmental Disability Support Division.  When #286 was asked if the Agency had evidence of current CARF or Counsel accreditation or a waiver from DDSD the following was reported:  • Executive Director #286 stated, "I have the most current CARF or DDSD Waiver in one of my files somewhere." Executive Director #286 was not able to provide evidence of Developmental Disability Support Division's accreditation Wavier to Surveyors during on site survey.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to effect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
Long Term Services Division Policy - Accreditation of Long Term Services Division Funded Providers eff. August 30, 2004  A. Mandate for Accreditation The Department of Health, Long Term Services Division (hereafter referred to as the Division) will contract only with agencies/organizations accredited in compliance with this policy.  1. Within eighteen (18) months of an initial contract or change in exemption status as defined in this policy, the contractor must provide the Division with written verification of			

accreditation from the Commission on		
Accreditation of Rehabilitation Facilities		
(CARF) or the Council on Quality and		
Leadership in Supports for People with		
Disabilities (The Council).		
Disabilities (The Council).		
0.5		
2. Except as provided in this policy, the		
Division may terminate its contract with a		
contractor that fails to maintain an		
accreditation status of at least one year,		
regardless of any appeal process available		
from CARF or the Council.

was found.

Community Living Services / Community Inclusion Services (Individuals Receiving Multiple Services):

- Annual Physical (#4)
- Dental Exam
- Individual #4 As indicated by collateral documentation reviewed, exam was completed on 8/25/2015. Follow-up was to be completed in 6 months. No evidence of follow-up found.
- Individual #8 As indicated by the DDSD file matrix Dental Exams are to be conducted annually. No evidence of exam was found.
- Vision Exam
  - Individual #13 As indicated by the DDSD file matrix, Vision Exams are to be conducted every other year. No evidence of exam was found.

required to comply with the DDSD Individual Case File Matrix policy.		
Chapter 13 (IMLS) 2. Service Requirements: C. Documents to be maintained in the agency administrative office, include: (This is not an all-inclusive list refer to standard as it includes other items)		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: D. Provider Agency Case File for the Individual: All Provider Agencies shall maintain at the administrative office a confidential case file for each individual. Case records belong to the individual receiving services and copies shall be provided to the receiving agency whenever an individual changes providers. The record must also be made available for review when requested by DOH, HSD or federal government representatives for oversight purposes. The individual's case file shall include the following requirements: (5) A medical history, which shall include at least demographic data, current and past medical diagnoses including the cause (if known) of the developmental disability, psychiatric diagnoses, allergies (food, environmental, medications), immunizations, and most recent physical exam;		
CHAPTER 6. VI. GENERAL REQUIREMENTS FOR COMMUNITY LIVING G. Health Care Requirements for Community Living Services.  (1) The Community Living Service providers shall ensure completion of a HAT for each individual receiving this service. The HAT shall be completed 2 weeks prior to the annual ISP		

meeting and submitted to the Case Manager	
and all other IDT Members. A revised HAT is	
required to also be submitted whenever the	
individual's health status changes significantly.	
For individuals who are newly allocated to the	
DD Waiver program, the HAT may be	
completed within 2 weeks following the initial	
ISP meeting and submitted with any strategies	
and support plans indicated in the ISP, or	
within 72 hours following admission into direct	
services, whichever comes first.	
(2) Each individual will have a Health Care	
Coordinator, designated by the IDT. When the	
individual's HAT score is 4, 5 or 6 the Health	
Care Coordinator shall be an IDT member,	
other than the individual. The Health Care	
Coordinator shall oversee and monitor health	
care services for the individual in accordance	
with these standards. In circumstances where	
no IDT member voluntarily accepts designation	
as the health care coordinator, the community	
living provider shall assign a staff member to	
this role.	
(3) For each individual receiving Community	
Living Services, the provider agency shall	
ensure and document the following:	
(a)Provision of health care oversight	
consistent with these Standards as	
detailed in Chapter One section III E:	
Healthcare Documentation by Nurses For	
Community Living Services, Community	
Inclusion Services and Private Duty Nursing Services.	
b) That each individual with a score of 4, 5,	
or 6 on the HAT, has a Health Care Plan	
developed by a licensed nurse.	
(c)That an individual with chronic	
condition(s) with the potential to	
exacerbate into a life threatening	
condition, has Crisis Prevention/	
Intervention Plan(s) developed by a	
intervention i lange, developed by a	1

licensed nurse or other appropriate		
professional for each such condition.		
(4) That an average of 3 hours of documented		
nutritional counseling is available annually, if		
recommended by the IDT.		
(5) That the physical property and grounds are		
free of hazards to the individual's health and		
safety.		
(6) In addition, for each individual receiving		
Supported Living or Family Living Services, the		
provider shall verify and document the		
following:		
(a)The individual has a primary licensed		
physician;		
(b)The individual receives an annual		
physical examination and other		
examinations as specified by a licensed		
physician;		
(c)The individual receives annual dental		
check-ups and other check-ups as		
specified by a licensed dentist;		
(d)The individual receives eye examinations		
as specified by a licensed optometrist or		
ophthalmologist; and		
(e)Agency activities that occur as follow-up		
to medical appointments (e.g. treatment,		
visits to specialists, changes in		
medication or daily routine).

The scope of Family Living Services includes, but is not limited to the following as identified by the Interdisciplinary Team (IDT):

**19.** Assisting in medication delivery, and related monitoring, in accordance with the DDSD's

Individual #24 June 2016

Medication Administration Records did not contain the diagnosis for which the medication is prescribed:

- Cozaar 50 MG (1 time daily)
- Flovent HFA 110 MCG (1 time daily)
- Flonase 0.05% (2 times daily)

Individual #25

June 2016

Medication Administration Records did not contain the diagnosis for which the medication is prescribed:

- Divalproex SOD DR 250 MG (2 times daily)
- Finasteride 5 MG (1 time daily)

Medication Assessment and Delivery Policy,	
New Mexico Nurse Practice Act, and Board of	
Pharmacy regulations including skill	
development activities leading to the ability for	
individuals to self-administer medication as	
appropriate; and	
I. Healthcare Requirements for Family Living.	
3. B. Adult Nursing Services for medication	
oversight are required for all surrogate Lining	
Supports- Family Living direct support personnel	
if the individual has regularly scheduled	
medication. Adult Nursing services for	
medication oversight are required for all	
surrogate Family Living Direct Support	
Personnel (including substitute care), if the	
individual has regularly scheduled medication.	
6. Support Living- Family Living Provider	
Agencies must have written policies and	
procedures regarding medication(s) delivery and	
tracking and reporting of medication errors in	
accordance with DDSD Medication Assessment	
and Delivery Policy and Procedures, the New	
Mexico Nurse Practice Act and Board of	
Pharmacy standards and regulations.	
I hamaey standards and regulations.	
a. All twenty-four (24) hour residential home	
sites serving two (2) or more unrelated	
individuals must be licensed by the Board of	
Pharmacy, per current regulations;	
b. When required by the DDSD Medication	
Assessment and Delivery Policy, Medication	
Administration Records (MAR) must be	
maintained and include:	
i.The name of the individual, a transcription of	
the physician's or licensed health care	
provider's prescription including the brand	
and generic name of the medication, and	
diagnosis for which the medication is	
prescribed;	
ii.Prescribed dosage, frequency and	

	method/route of administration, times and		
	dates of administration;		
iii	Initials of the individual administering or		
	assisting with the medication delivery;		
iv	Explanation of any medication error;		
V	Documentation of any allergic reaction or		
	adverse medication effect; and		
vi	For PRN medication, instructions for the use		
	of the PRN medication must include		
	observable signs/symptoms or		
	circumstances in which the medication is to		
	be used, and documentation of effectiveness		
	of PRN medication administered.		
C.	The Family Living Provider Agency must		
	also maintain a signature page that		
	designates the full name that corresponds to		
	each initial used to document administered		
	or assisted delivery of each dose; and		
d.	Information from the prescribing pharmacy		
	regarding medications must be kept in the		
	home and community inclusion service		
	locations and must include the expected		
	desired outcomes of administering the medication, signs and symptoms of adverse		
	events and interactions with other		
	medications.		
e.	Medication Oversight is optional if the		
О.	individual resides with their biological family		
	(by affinity or consanguinity). If Medication		
	Oversight is not selected as an Ongoing		
	Nursing Service, all elements of medication		
	administration and oversight are the sole		
	responsibility of the individual and their		
	biological family. Therefore, a monthly		
	medication administration record (MAR) is		
	not required unless the family requests it		
	and continually communicates all medication		
	changes to the provider agency in a timely		
	manner to insure accuracy of the MAR.		
i	. The family must communicate at least		

annually and as needed for significant		
change of condition with the agency nurse		
regarding the current medications and the		
individual's response to medications for		
purpose of accurately completing required		
nursing assessments.		
ii. As per the DDSD Medication Assessment		
and Delivery Policy and Procedure, paid		
DSP who are not related by affinity or		
consanguinity to the individual may not		
deliver medications to the individual unless		
they have completed Assisting with		
Medication Delivery (AWMD) training. DSP		
may also be under a delegation relationship		
with a DDW agency nurse or be a Certified		
Medication Aide (CMA). Where CMAs are		
used, the agency is responsible for		
maintaining compliance with New Mexico		
Board of Nursing requirements.		
iii. If the substitute care provider is a surrogate		
(not related by affinity or consanguinity)		
Medication Oversight must be selected and		
provided.		
CHAPTER 12 (SL) 2. Service Requirements L.		
Training and Requirements: 3. Medication

No Physician's Orders were found for the following medication: **Department of Health Developmental** • Pseudoephedrine 25 MG **Disabilities Supports Division (DDSD) Medication Assessment and Delivery Policy** - Eff. November 1, 2006 F. PRN Medication 3. Prior to self-administration, selfadministration with physical assist or assisting with delivery of PRN medications, the direct support staff must contact the agency nurse to describe observed symptoms and thus assure that the PRN medication is being used according to instructions given by the ordering PCP. In cases of fever, respiratory distress (including coughing), severe pain, vomiting, diarrhea, change in responsiveness/level of consciousness, the nurse must strongly consider the need to conduct a face-to-face assessment to assure that the PRN does not mask a condition better treated by seeking medical attention. This does not apply to home based/family living settings where the provider is related by affinity or by consanguinity to the individual. 4. The agency nurse shall review the utilization of PRN medications routinely. Frequent or escalating use of PRN medications must be reported to the PCP and discussed by the Interdisciplinary for changes to the overall support plan (see Section H of this policy). H. Agency Nurse Monitoring 1. Regardless of the level of assistance with medication delivery that is required by the

individual or the route through which the medication is delivered, the agency nurses must monitor the individual's response to the effects of their routine and PRN medications.

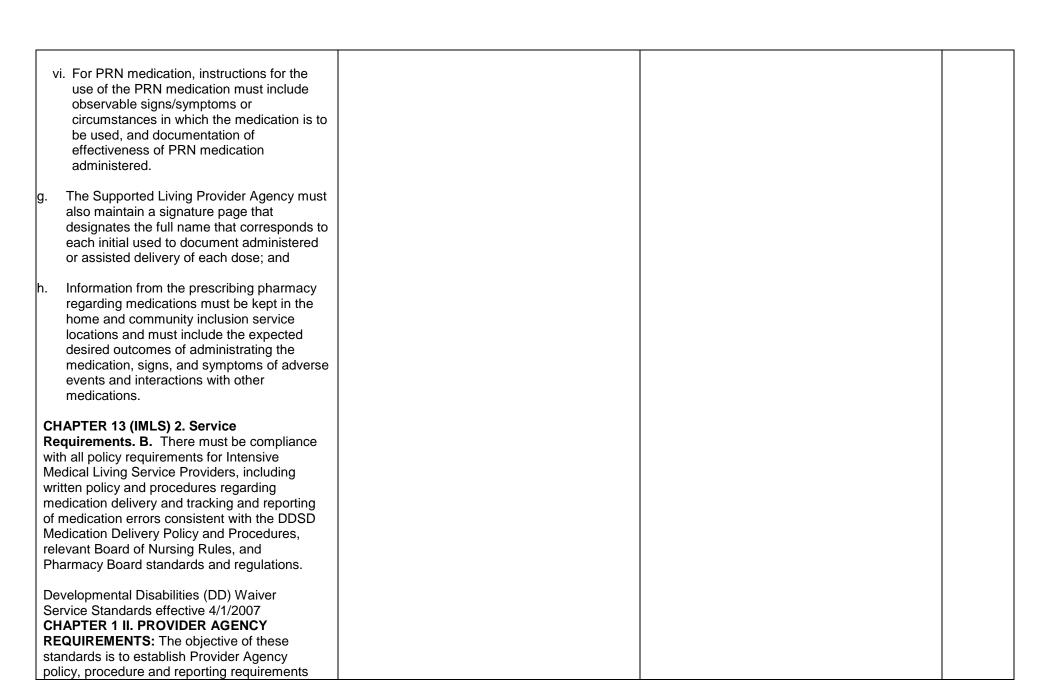

The frequency and type of monitoring must be		
based on the nurse's assessment of the		
individual and consideration of the individual's		
diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		
individual's response to medication.		
Department of Health Developmental		
Disabilities Supports Division (DDSD) -		
Procedure Title:		
Medication Assessment and Delivery		
Procedure Eff Date: November 1, 2006		
C. 3. Prior to delivery of the PRN, direct		
support staff must contact the agency nurse to		
describe observed symptoms and thus assure		
that the PRN is being used according to		
instructions given by the ordering PCP. In		
cases of fever, respiratory distress (including		
coughing), severe pain, vomiting, diarrhea,		
change in responsiveness/level of		
consciousness, the nurse must strongly		
consider the need to conduct a face-to-face		
assessment to assure that the PRN does not		
mask a condition better treated by seeking		
medical attention. (References: Psychotropic		
Medication Use Policy, Section D, page 5 Use		
of PRN Psychotropic Medications; and, Human		
Rights Committee Requirements Policy,

Review and Approval – Use of PRN		
Medications).		
Decimand comments of the control of		
a. Document conversation with nurse including		
all reported signs and symptoms, advice given		

and action taken by staff.		
4. Document on the MAR each time a PRN medication is used and describe its effect on the individual (e.g., temperature down, vomiting lessened, anxiety increased, the condition is the same, improved, or worsened, etc.).		
Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015		
CHAPTER 11 (FL) 1 SCOPE OF SERVICES  A. Living Supports- Family Living Services: The scope of Family Living Services includes, but is not limited to the following as identified by the Interdisciplinary Team (IDT):  19. Assisting in medication delivery, and related monitoring, in accordance with the DDSD's Medication Assessment and Delivery Policy, New Mexico Nurse Practice Act, and Board of Pharmacy regulations including skill development activities leading to the ability for individuals to self-administer medication as appropriate; and  1. Healthcare Requirements for Family Living. 3. B. Adult Nursing Services for medication oversight are required for all surrogate Lining Supports- Family Living direct support personnel if the individual has regularly scheduled medication. Adult Nursing services for medication oversight are required for all surrogate Family Living Direct Support Personnel (including substitute care), if the individual has regularly scheduled medication.  6. Support Living- Family Living Provider Agencies must have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment		
and Delivery Policy and Procedures, the New		

Μe	exico Nurse Practice Act and Board of		
Ph	armacy standards and regulations.		
f	All twenty-four (24) hour residential home		
	sites serving two (2) or more unrelated		
	individuals must be licensed by the Board of		
	Pharmacy, per current regulations;		
	When required by the DDSD Medication		
	Assessment and Delivery Policy, Medication		
	Administration Records (MAR) must be		
	maintained and include:		
	The same of the individual attended to a		
	i.The name of the individual, a transcription of		
	the physician's or licensed health care		
	provider's prescription including the brand		
	and generic name of the medication, and		
	diagnosis for which the medication is		
	prescribed;		
į	ii.Prescribed dosage, frequency and		
	method/route of administration, times and		
	dates of administration;		
ii	ii.Initials of the individual administering or		
	assisting with the medication delivery;		
i١	v.Explanation of any medication error;		
١	v.Documentation of any allergic reaction or		
	adverse medication effect; and		
٧	ri.For PRN medication, instructions for the use		
	of the PRN medication must include		
	observable signs/symptoms or		
	circumstances in which the medication is to		
	be used, and documentation of effectiveness		
	of PRN medication administered.		
	or rate moderation administration.		
h.	The Family Living Provider Agency must		
	also maintain a signature page that		
	designates the full name that corresponds to		
	each initial used to document administered		
	or assisted delivery of each dose; and		
i.	Information from the prescribing pharmacy		
	regarding medications must be kept in the		
	home and community inclusion service		

locations and must include the expected	
desired outcomes of administering the	
medication, signs and symptoms of adverse	
events and interactions with other	
medications.	
j. Medication Oversight is optional if the	
individual resides with their biological family	
(by affinity or consanguinity). If Medication	
Oversight is not selected as an Ongoing	
Nursing Service, all elements of medication	
administration and oversight are the sole	
responsibility of the individual and their	
biological family. Therefore, a monthly	
medication administration record (MAR) is	
not required unless the family requests it	
and continually communicates all medication	
changes to the provider agency in a timely	
manner to insure accuracy of the MAR.	
iv. The family must communicate at least	
annually and as needed for significant	
change of condition with the agency nurse	
regarding the current medications and the	
individual's response to medications for	
purpose of accurately completing required	
nursing assessments.	
v. As per the DDSD Medication Assessment	
and Delivery Policy and Procedure, paid	
DSP who are not related by affinity or	
consanguinity to the individual may not	
deliver medications to the individual unless	
they have completed Assisting with	
Medication Delivery (AWMD) training. DSP	
may also be under a delegation relationship	
with a DDW agency nurse or be a Certified	
Medication Aide (CMA). Where CMAs are	
used, the agency is responsible for	
maintaining compliance with New Mexico	
Board of Nursing requirements.	
vi. If the substitute care provider is a surrogate	
(not related by affinity or consanguinity)	
Medication Oversight must be selected and	

provided.	
CHAPTER 12 (SL) 2. Service Requirements L. Training and Requirements: 3. Medication Delivery: Supported Living Provider Agencies must have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment and Delivery Policy and Procedures, New Mexico Nurse Practice Act, and Board of Pharmacy standards and regulations.	
e. All twenty-four (24) hour residential home sites serving two (2) or more unrelated individuals must be licensed by the Board of Pharmacy, per current regulations;	
f. When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) must be maintained and include:	
<ul> <li>i. The name of the individual, a transcription of the physician's or licensed health care provider's prescription including the brand and generic name of the medication, and diagnosis for which the medication is prescribed;</li> </ul>	
<ul><li>ii. Prescribed dosage, frequency and method/route of administration, times and dates of administration;</li></ul>	
iii. Initials of the individual administering or assisting with the medication delivery;	
iv. Explanation of any medication error;	
v. Documentation of any allergic reaction or adverse medication effect; and

agency case files for individuals are required to	
comply with the DDSD Individual Case File Matrix	
policy.	
2. Service Requirements. L. Training and	
Requirements. 5. Health Related	
<b>Documentation:</b> For each individual receiving	
Living Supports- Supported Living, the provider	
agency must ensure and document the following:	
a. That an individual with chronic condition(s) with	
the potential to exacerbate into a life threatening	
condition, has a MERP developed by a licensed	
nurse or other appropriate professional according	
to the DDSD Medical Emergency Response Plan	
Policy, that DSP have been trained to implement such plan(s), and ensure that a copy of such	
plan(s) are readily available to DSP in the home;	
plan(s) are readily available to bot in the nome,	
b. That an average of five (5) hours of documented	
nutritional counseling is available annually, if	
recommended by the IDT and clinically indicated;	
c. That the nurse has completed legible and signed	
progress notes with date and time indicated that	
describe all interventions or interactions	
conducted with individuals served, as well as all	

	interactions with other healthcare providers serving the individual. All interactions must be documented whether they occur by phone or in person; and		
d.	Document for each individual that:		
i	. The individual has a Primary Care Provider (PCP);		
ii	. The individual receives an annual physical examination and other examinations as specified by a PCP;		
iii	The individual receives annual dental check- ups and other check-ups as specified by a licensed dentist;		
iv	The individual receives a hearing test as specified by a licensed audiologist;		
٧	The individual receives eye examinations as specified by a licensed optometrist or ophthalmologist; and		
vi	. Agency activities occur as required for follow- up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).		
vii	The agency nurse will provide the individual's team with a semi-annual nursing report that discusses the services provided and the status of the individual in the last six (6) months. This may be provided electronically or in paper format to the team no later than (2) weeks prior to the ISP and semi-annually.		
f.	The Supported Living Provider Agency must ensure that activities conducted by agency nurses comply with the roles and responsibilities identified in these standards.		
C	Chapter 13 (IMLS) 2. Service Requirements:		

C. Documents to be maintained in the agency administrative office, include: A. All assessments completed by the agency nurse, including the Intensive Medical Living Eligibility Parameters tool; for e-CHAT a printed copy of the current e-CHAT summary report shall suffice;		
F. Annual physical exams and annual dental exams (not applicable for short term stays);		
G. Tri-annual vision exam (Not applicable for short term stays. See Medicaid policy 8.310.6 for allowable exceptions for more frequent vision exam);		
H. Audiology/hearing exam as applicable (Not applicable for short term stays; See Medicaid policy 8.324.6 for applicable requirements);		
I. All other evaluations called for in the ISP for which the Services provider is responsible to arrange; J. Medical screening, tests and lab results (for short term stays, only those which occur during the period of the stay);		
L. Record of medical and dental appointments, including any treatment provided (for short term stays, only those appointments that occur during the stay);		
O. Semi-annual ISP progress reports and MERP reviews (not applicable for short term stays);		
P. Quarterly nursing summary reports (not applicable for short term stays);		
NMAC 8.302.1.17 RECORD KEEPING AND DOCUMENTATION REQUIREMENTS: A provider must maintain all the records necessary to fully disclose the nature, quality, amount and medical necessity of services furnished to an eligible		

recipient who is currently receiving or who has received services in the past.		
B. <b>Documentation of test results:</b> Results of tests and services must be documented, which includes results of laboratory and radiology procedures or progress following therapy or treatment.		
Department of Health Developmental Disabilities Supports Division Policy. Medical Emergency Response Plan Policy MERP-001 eff.8/1/2010		
F. The MERP shall be written in clear, jargon free language and include at a minimum the following information:  1. A brief, simple description of the condition or illness.  2. A brief description of the most likely life threatening complications that might occur and what those complications may look like to an observer.  3. A concise list of the most important measures that may prevent the life threatening complication from occurring (e.g., avoiding allergens that trigger an asthma attack or making sure the person with diabetes has snacks with them to avoid hypoglycemia).  4. Clear, jargon free, step-by-step instructions regarding the actions to be taken by direct support personnel (DSP) and/or others to intervene in the emergency, including criteria for when to call 911.  5. Emergency contacts with phone numbers.  6. Reference to whether the individual has advance directives are located.

action and safety planning, evidence			
preservation, required initial notifications:			
(1) Abuse, neglect, and exploitation,			
suspicious injury or death reporting: Any			
person may report an allegation of abuse,			
neglect, or exploitation, suspicious injury or a			
death by calling the division's toll-free hotline			

number 1-800-445-6242. Any consumer,		
family member, or legal guardian may call the		
division's hotline to report an allegation of		
abuse, neglect, or exploitation, suspicious		
injury or death directly, or may report through		
the community-based service provider who, in		
addition to calling the hotline, must also utilize		
the division's abuse, neglect, and exploitation		
or report of death form. The abuse, neglect,		
and exploitation or report of death form and		
instructions for its completion and filing are		
available at the division's website,		
http://dhi.health.state.nm.us, or may be		
obtained from the department by calling the		
division's toll free hotline number, 1-800-445-		
6242.		
(2) Use of abuse, neglect, and exploitation		
or report of death form and notification by		
community-based service providers: In		
addition to calling the division's hotline as		
required in Paragraph (2) of Subsection A of		
7.1.14.8 NMAC, the community-based service		
provider shall also report the incident of abuse,		
neglect, exploitation, suspicious injury, or death		
utilizing the division's abuse, neglect, and		
exploitation or report of death form consistent		
with the requirements of the division's abuse,		
neglect, and exploitation reporting guide. The		
community-based service provider shall ensure		
all abuse, neglect, exploitation or death reports		
describing the alleged incident are completed		
on the division's abuse, neglect, and		
exploitation or report of death form and		
received by the division within 24 hours of the		
verbal report. If the provider has internet		
access, the report form shall be submitted via		
the division's website at		
http://dhi.health.state.nm.us; otherwise it may		
be submitted via fax to 1-800-584-6057. The		
community-based service provider shall ensure		

that the reporter with the most direct

knowledge of the incident participates in the		
preparation of the report form.		
(3) Limited provider investigation: No		
investigation beyond that necessary in order to		
be able to report the abuse, neglect, or		
exploitation and ensure the safety of		
consumers is permitted until the division has		
completed its investigation.		
(4) Immediate action and safety planning:		
Upon discovery of any alleged incident of		
abuse, neglect, or exploitation, the community-		
based service provider shall:		
(a) develop and implement an immediate		
action and safety plan for any potentially		
endangered consumers, if applicable;		
<b>(b)</b> be immediately prepared to report that		
immediate action and safety plan verbally,		
and revise the plan according to the division's		
direction, if necessary; and		
(c) Provide the accepted immediate action		
and safety plan in writing on the immediate		
action and safety plan form within 24 hours of		
the verbal report. If the provider has internet		
access, the report form shall be submitted via		
the division's website at		
http://dhi.health.state.nm.us; otherwise it may		
be submitted by faxing it to the division at 1-		
800-584-6057.		
(5) Evidence preservation: The		
community-based service provider shall		
preserve evidence related to an alleged		
incident of abuse, neglect, or exploitation,		
including records, and do nothing to disturb the		
evidence. If physical evidence must be		
removed or affected, the provider shall take		
photographs or do whatever is reasonable to		
document the location and type of evidence		
found which appears related to the incident.		
(6) Legal guardian or parental		
<b>notification:</b> The responsible community-		
based service provider shall ensure that the		

consumer's legal guardian or parent is notified	
of the alleged incident of abuse, neglect and	
exploitation within 24 hours of notice of the	
alleged incident unless the parent or legal	
guardian is suspected of committing the	
alleged abuse, neglect, or exploitation, in which	
case the community-based service provider	
shall leave notification to the division's	
investigative representative.	
(7) Case manager or consultant	
notification by community-based service	
providers: The responsible community-based	
service provider shall notify the consumer's	
case manager or consultant within 24 hours	
that an alleged incident involving abuse,	
neglect, or exploitation has been reported to	
the division. Names of other consumers and	
employees may be redacted before any	
documentation is forwarded to a case manager	
or consultant.	
(8) Non-responsible reporter: Providers	
who are reporting an incident in which they are	
not the responsible community-based service	
provider shall notify the responsible	
community-based service provider within 24	
hours of an incident or allegation of an incident	
of abuse, neglect, and exploitation

Survey Type: Routine

Dear Mr. Garrity:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

## The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda

Amanda Castañeda Plan of Correction Coordinator Quality Management Bureau/DHI
