#### MICHELLE LUJAN GRISHAM GOVERNOR

#### KATHYLEEN M. KUNKEL CABINET SECRETARY

Date: December 3, 2019

To: Tammy Ali-Carr, Administrator

Provider: Los Lunas Community Program (NMDOH)

Address: 1000 Main Street

State/Zip: Los Lunas, New Mexico 87031

E-mail Address: tammy.ali-carr@state.nm.us

**Board Chair** 

E-Mail Address: joseph.chavez12@state.nm.us

Region: Metro

Survey Date: October 28 – November 6, 2019

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Intensive Medical Living; Customized Community Supports, and

Community Integrated Employment Services

Survey Type: Routine

Team Leader: Elisa C. Perez Alford, MSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Crystal Archuleta, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Heather Driscoll, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Caitlin Wall, BSW, Healthcare Surveyor, Division of

Health Improvement/Quality Management Bureau

Dear Ms. Ali-Carr;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

#### **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u> This determination is based on noncompliance with one to five (1-5) Condition of Participation Level Tags (refer to Attachment D for details).

# **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi/

The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A31 Client Rights / Human Rights

#### The following tags are identified as Standard Level:

- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A39 Assistive Technology and Adaptive Equipment
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # LS26 Supported Living Reimbursement
- Tag # IM31 Intensive Medical Living Services Reimbursement

# Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

#### **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible, an overall correction, i.e. all documents will be requested and filed as appropriate.

#### On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# **Submission of your Plan of Correction:**

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

# **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan @state.nm.us)
OR
Jennifer Goble (Jennifer.goble2 @state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Elisa C. Perez Alford

## Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

## Instructions for Completing Agency POC:

# Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site
  files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

# **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

## Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

## Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- **1A22 -** Agency Personnel Competency
- 1A37 Individual Specific Training

## Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- 1A09.1 Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- **LS25.1** Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

#### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief within 10 business days of receipt of the final Report of Findings (Note: No extensions are granted for the IRF).
- 2. The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

#### The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process.

Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

#### Attachment D

## **QMB Determinations of Compliance**

# **Compliance:**

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

#### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC	)W		MEDIUM		Н	IGH
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount

Individual Service Plan Implementation  NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan.  C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP.  D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities.	After an analysis of the evidence it has been determined the following finding resulted in a negative outcome.  Based on administrative record review and interview, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 2 of 11 individuals.  As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes:  Supported Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes:  Individual #7  None found regarding: Live Outcome/Action Step: "will determine what items he wants" for 7/2019 - 9/2019. Action step is to be completed 1 time per month.  Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:  Individual #5  None found regarding: Fun Outcome/Action Step for "will invite a friend or peer to attend these events with her" for 7/2019 - 9/2019. Action step is to be completed 2 times per month. Note: Document maintained by the provider was blank. # Chapter 6: Individual Service Plan (ISP) 6.8 ISP Implementation and Monitoring: All

DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

# **Chapter 20: Provider Documentation and Client Records 20.2 Client Records**

Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records perservice type depends on the location  According to the Live Outcome; Action Step for "...will choose two new clothing items at the store" is to be completed 1 time per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/2019.

# Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

#### Individual #1

 According to the Work/Learn Outcome; Action Step for "...will add photo to activity folder to share with others" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2019.

#### Individual #3

 According to the Work/Learn Outcome; Action Step for "...will take his collected cans to the recycling center redeeming them for cash at least 1 time a month for the next year" is to be completed 1 time per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/2019 and 9/2019.

#### Individual #4

 According to the Work/Learn Outcome; Action Step for "...will invite a friend or peer to attend these events with her" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/2019 – 9/2019.

#### Individual #8

• According to the Work/Learn Outcome; Action Step for "...will choose where she would like

of the file, the type of service being provided, and the information necessary.

DD Waiver Provider Agencies are required to adhere to the following:

- 8. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 9. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
- 10. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 11. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and other interactions for which billing is generated.
- 12. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 13. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 14. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

to sell her art projects monthly" is to be completed 2 times per month. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2019.

#### Individual #9

- According to the Work/Learn Outcome; Action Step for "...will listen to books or stories on tape up to 15 minutes" is to be completed 3 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 7/2019 – 9/2019.
- According to the Fun Outcome; Action Step for "...will research activities out in the community he would like to attend" is to be completed 3 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2019 - 9/2019.

IMAC 7.26.5.16.C and D Development of the SP. Implementation of the ISP. The ISP shall reliable implemented according to the timelines letermined by the IDT and as specified in the SP for each stated desired outcomes and action plan for 1 of 11 individuals.  The IDT shall review and discuss information of recommendations with the individual, with regard of supporting the individual in attaining tesired outcomes. The IDT develops an ISP sased upon the individual's personal vision teterences. # **Chapter 19: Provider Reporting** Requirements 19.5 Semi-Annual Reporting: The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semiannual reports may be requested by DDSD for QA activities. Semi-annual reports are required as follows: 1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports. 2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management, for an adult age 21 or older. 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days). 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting. 5. Semi-annual reports must contain at a minimum written documentation of: a. the name of the person and date on each page; b. the timeframe that the report covers; c. timely completion of relevant activities from ISP Action Plans or clinical service

goals during timeframe the report is

covering:

(	<ul> <li>a description of progress towards</li> <li>Desired Outcomes in the ISP related to the service provided;</li> </ul>		
•	a description of progress toward any service specific or treatment goals when		
	applicable (e.g. health related goals for		
f	nursing); significant changes in routine or staffing		
	if applicable;		
{	<ul> <li>unusual or significant life events, including significant change of health or</li> </ul>		
	behavioral health condition;		
ľ	the signature of the agency staff responsible for preparing the report; and		
i	any other required elements by service		
	type that are detailed in these standards.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:  1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.  2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.  3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.  4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.  Based on record review, the Agency did not maintain a complete and confidential case file in the residence for 3 of 11 Individuals receiving Living Care Arrangements.  Review of the residential individual case files revealed the following items were not found, incomplete, and/or not current:  Healthcare Passport:  Did not contain Emergency Contact Information (#3, 8)  Did not contain Guardianship/Healthcare Decision Maker (#3, 8)  Health Care Plans: Fecal Impaction (#11) GI Bleeds (#11) Pain Management (#11) Sepsis (#11) Suctioning (#11)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

5. Each Provider Agency is responsible for		1
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This standardized		
document contains individual, physician and		
emergency contact information, a complete list		
of current medical diagnoses, health and safety		
risk factors, allergies, and information regarding		
insurance, guardianship, and advance		
directives. The Health Passport also includes a		
standardized form to use at medical		
appointments called the Physician Consultation		
form. The <i>Physician Consultation</i> form contains		
a list of all current medications. Requirements		
for the Health Passport and Physician		
Consultation form are:		
The Primary and Secondary Provider		
Agencies must ensure that a current copy of		
the Health Passport and Physician		
Consultation forms are printed and available at		
all service delivery sites. Both forms must be		
reprinted and placed at all service delivery		
sites each time the e-CHAT is updated for any		

reason and whenever there is a change to contact information contained in the IDF.		
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP):  1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.  2. In collaboration with the IDT, the agency purse is required to create HCPs		
that address all the areas identified as required in the most current e-CHAT summary		
13.2.10 Medical Emergency Response Plan (MERP):  1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP.  2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-

accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic			
information or knowing where to access the information can verify awareness. Reaching a <b>knowledge level</b> may take the form			
of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of			

Reaching a <b>skill level</b> involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall demonstrate		
the techniques according to the plan. Then they		
observe and provide feedback to the trainee as		
they implement the techniques. This should be		
repeated until competence is demonstrated.		
Demonstration of skill or observed		
implementation of the techniques or strategies		
verifies skill level competence. Trainees should		
be observed on more than one occasion to		
ensure appropriate techniques are maintained		
and to provide additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
IST must be arranged and conducted at		
least annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies, and		
information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the		
year ends.		
2. IST for therapy-related WDSI, HCPs,		
MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan author		
or agency finds incorrect implementation, when		
new DSP or CM are assigned to work with a		
person, or when an existing DSP or CM requires		
a refresher.		
3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
5. Provider Agencies are responsible for		
tracking of IST requirements.		

that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings.  7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and recertifying the designated trainer at least annually and/or when there is a change to a person's plan.		

Service Domain: Health and Welfare — The state, on an ongoing basis, identifiles, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner. other DOH review or oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.		
<ul> <li>2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting: <ul> <li>a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.</li> <li>b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.</li> <li>c. Providers support the person/guardian to make an informed decision.</li> <li>d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.</li> </ul> </li> </ul>		
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records		

**Requirements:** All DD Waiver Provider Agencies are required to create and maintain

individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the location		
of the file, the type of service being provided,		
and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
<ol> <li>Client records must contain all documents</li> </ol>		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web based system using computers or mobile		
devices is acceptable.		
<ol><li>Provider Agencies are responsible for</li></ol>		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
<ol><li>Provider Agencies must maintain records</li></ol>		
of all documents produced by agency personnel		
or contractors on behalf of each person,		
including any routine notes or data, annual		
assessments, semi-annual reports, evidence of		
training provided/received, progress notes, and		
any other interactions for which billing is		
generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		

DSP while providing services in the community.  7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications.		
Chapter 10: Living Care Arrangements (LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups and other check-ups as recommended by a licensed dentist		

d. The person receives a hearing test as recommended by a licensed audiologist.

e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist.  5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General Requirements: 9 . Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist).		
Chapter 13 Nursing Services: 13.2.3 General Requirements:  1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.

any other interactions for which billing is			

generated.  5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.  7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following:  2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or		
suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or		

	Dentist;		
b.	clinical recommendations made by		
	registered/licensed clinicians who are		
	either members of the IDT or clinicians who		
	have performed an evaluation such as a		
	video-fluoroscopy;		
C.	health related recommendations or		
	suggestions from oversight activities such		
	as the Individual Quality Review (IQR) or		
	other DOH review or oversight activities;		
	and		
d.	recommendations made through a		
	Healthcare Plan (HCP), including a		
	Comprehensive Aspiration Risk		
	Management Plan (CARMP), or another		
	plan.		
2 V	When the person/guardian disagrees with a		
	ommendation or does not agree with the		
	lementation of that recommendation,		
	vider Agencies follow the DCP and attend		
	meeting coordinated by the CM. During this		
	eting:		
	. Providers inform the person/guardian of		
	the rationale for that recommendation, so		
	that the benefit is made clear. This will be		
	done in layman's terms and will include		
	basic sharing of information designed to		
	assist the person/guardian with		
	understanding the risks and benefits of the		
	recommendation.		
b	. The information will be focused on the		
	specific area of concern by the		
	person/guardian. Alternatives should be		
	presented, when available, if the guardian		
	is interested in considering other options		
	for implementation.		
С	Providers support the person/guardian to		
	make an informed decision.		
С	I. The decision made by the person/guardian		
	during the meeting is accepted; plans are		

modified; and the IDT honors this health		
decision in every setting.		
Chapter 13 Nursing Services: 13.2.5		
Electronic Nursing Assessment and		
Planning Process: The nursing assessment		
process includes several DDSD mandated		
tools: the electronic Comprehensive Nursing		
Assessment Tool (e-CHAT), the Aspiration Risk		
Screening Tool (ARST) and the Medication		
Administration Assessment Tool (MAAT) . This		
process includes developing and training Health		
Care Plans and Medical Emergency Response		
Plans.		
The following hierarchy is based on budgeted		
services and is used to identify which Provider		
Agency nurse has primary responsibility for		
completion of the nursing assessment process and related subsequent planning and training.		
Additional communication and collaboration for		
planning specific to CCS or CIE services may		
be needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
Living Supports: Supported Living, IMLS or		
Family Living via ANS;		
2. Customized Community Supports- Group;		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion with		
health-related needs; or		
b. if no residential services are budgeted		
but assessment is desired and health		
needs may exist.		
13.2.6 The Electronic Comprehensive Health		
Assessment Tool (e-CHAT)		
The e-CHAT is a nursing assessment. It may		
not be delegated by a licensed nurse to a non-		

2. The nurse must see the person face-to-face

licensed person.

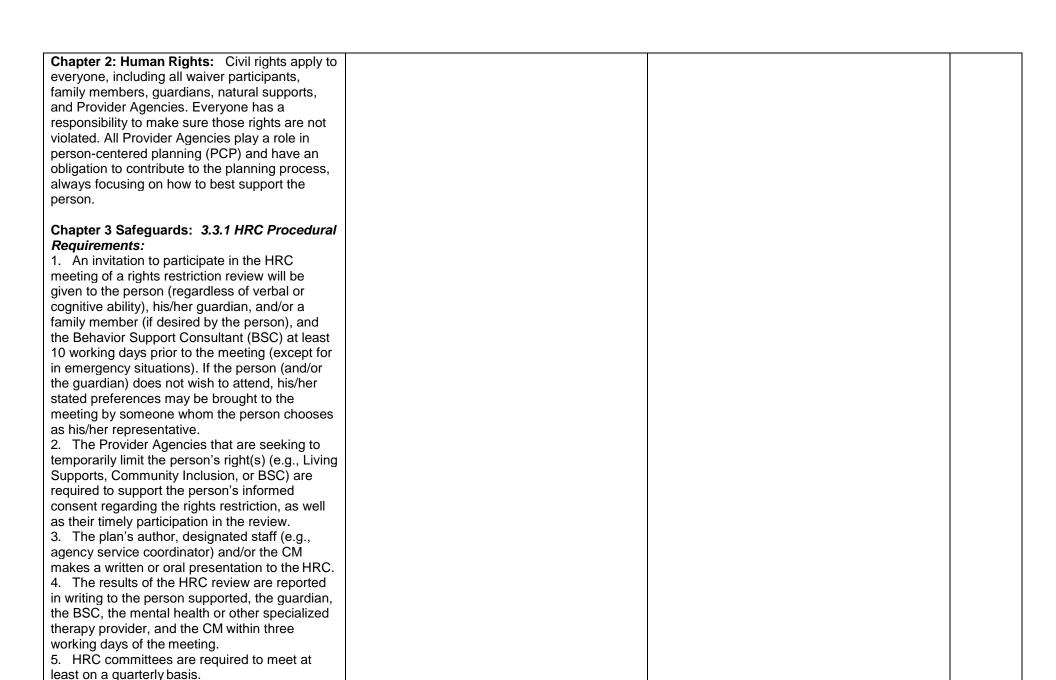

to complete the nursing assessment. Additional		
information may be gathered from members of		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add additional		
pertinent information in all comment sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
<ol> <li>A licensed nurse completes the</li> </ol>		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse will		
present recommendations regarding the level		
of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the original		
MAAT will be retained in the Provider Agency		
records.		
Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		

criteria the person meets, as indicated

by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):		
1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process. This		
includes interim ARM plans for those persons		
newly identified at moderate or high risk for		
aspiration. All interim plans must be removed if		
the plan is no longer needed or when final HCP		
including CARMPs are in place to avoid		
duplication of plans.		
<ol><li>In collaboration with the IDT, the agency</li></ol>		
nurse is required to create HCPs that address all		
the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined where		
clinically appropriate. The nurse should use		
nursing judgment to determine whether to also		
include HCPs for any of the areas indicated by		
"C" on the e-CHAT summary report. The nurse		
may also create other HCPs plans that the nurse		
determines are warranted.		
42.0.40 Medical Engagement Bernaus Plan		
13.2.10 Medical Emergency Response Plan		
(MERP):		
The agency nurse is required to develop a  Medical Emergency Response Plan (MERR) for		
Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT		
summary report. The agency nurse should use		
her/his clinical judgment and input from the		
Interdisciplinary Team (IDT) to determine		
whether shown as "C" in the e-CHAT summary		
whome shown as o in the e-crim suilliary		

report or other conditions also warrant a MERP.  2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.		
Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.		

Tag # 1A31 Client Rights / Human Rights	Condition of Participation Level Deficiency		
NMAC 7.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS:  A. A service provider shall not restrict or limit a client's rights except:  (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or  (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or  (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC].  B. Any emergency intervention to prevent physical harm shall be reasonable to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. The IDT upon completion of its review may refer its findings to the office of quality assurance. The emergency intervention may be subject to review by the service provider's behavioral support committee or human rights committee in accordance with the behavioral support policies or other department regulation or policy.  C. The service provider may adopt reasonable program policies of general applicability to clients served by that service provider that do not violate client rights. [09/12/94; 01/15/97; Recompiled 10/31/01]  Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.  Based on record review the Agency did not ensure the rights of Individuals was not restricted or limited for 1 of 11 Individuals.  A review of Agency Individual files indicated Human Rights Committee Approval was required for restrictions.  No documentation was found regarding Human Rights Approval for the following:  Periodic bag checks for potentially dangerous objects. No evidence found of Human Rights Committee approval. (Individual #1)	State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider:  Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

6. A quorum to conduct an HRC meeting is at		
least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		
the services provided to the person must excuse		
themselves from voting in that situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions based		
upon credible threats of harm against self or		
others that may arise between scheduled HRC		
meetings (e.g., locking up sharp knives after a		
serious attempt to injure self or others or a		
disclosure, with a credible plan, to seriously		
injure or kill someone). The confidential and		
HIPAA compliant emergency meeting may be		
via telephone, video or conference call, or		
secure email. Procedures may include an initial		
emergency phone meeting, and a subsequent		
follow-up emergency meeting in complex and/or		
ongoing situations.		
<ol><li>The HRC with primary responsibility for</li></ol>		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The HRC		
reviews temporary restrictions of rights that are		
related to medical issues or health and safety		
considerations such as decreased mobility (e.g.,		
the use of bed rails due to risk of falling during		
the night while getting out of bed). However,		
other temporary restrictions may be		
implemented because of health and safety		
considerations arising from behavioral issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support is		

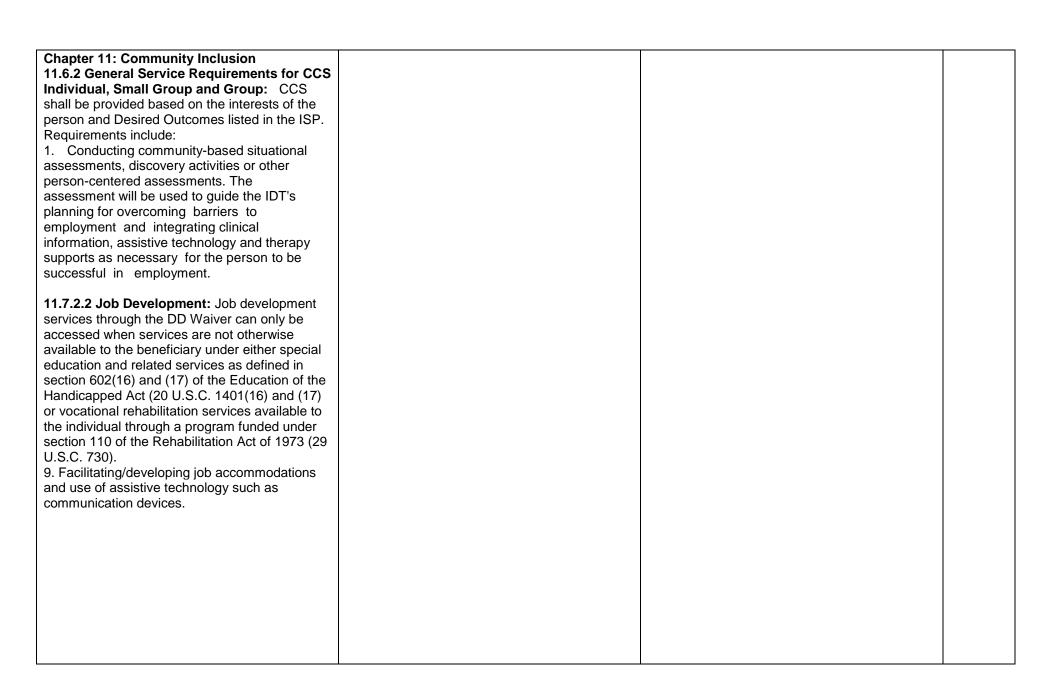

need	led and desired by the person and/or the		
IDT.	PBS emphasizes the acquisition and		
mair	tenance of positive skills (e.g. building		
heal	thy relationships) to increase the person's		
	ty of life understanding that a natural		
redu	ction in other challenging behaviors will		
follo	w. At times, aversive interventions may be		
temp	orarily included as a part of a person's		
beha	vioral support (usually in the BCIP), and		
there	efore, need to be reviewed prior to		
impl	ementation as well as periodically while the		
	ictive intervention is in place. PBSPs not		
	aining aversive interventions do not require		
	review or approval.		
	s (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or		
	s) that contain any aversive interventions		
	submitted to the HRC in advance of a		
mee	ting, except in emergency situations.		
	Interventions Requiring HRC Review		
	Approval: HRCs must review prior to		
	ementation, any plans (e.g. ISPs, PBSPs,		
	Ps and/or PPMPs, RMPs), with strategies,		
	ding but not limited to:		
1.	response cost;		
2. 3.	restitution;		
3. 4.	emergency physical restraint (EPR); routine use of law enforcement as part of a		
4.	BCIP;		
5.	routine use of emergency hospitalization		
٥.	procedures as part of a BCIP;		
6.	use of point systems;		
7.	use of intense, highly structured, and		
	specialized treatment strategies, including		
	level systems with response cost or failure		
	to earn components;		
8.	a 1:1 staff to person ratio for behavioral		
_	reasons, or, very rarely, a 2:1 staff to		
	person ratio for behavioral or medical		
	reasons;		

use of PRN psychotropic medications;

12.	use of protective devices for behavioral purposes (e.g., helmets for head banging, Posey gloves for biting hand); use of bed rails; use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or use of any alarms to alert staff to a		
	person's whereabouts.		
res tha sup inte	Emergency Physical Restraint (EPR): ery person shall be free from the use of trictive physical crisis intervention measures that are unnecessary. Provider Agencies who apport people who may occasionally need ervention such as Emergency Physical straint (EPR) are required to institute cedures to maximize safety.		
revi imp whe are	5 Human Rights Committee: The HRC ews use of EPR. The BCIP may not be demented without HRC review and approval enever EPR or other restrictive measure(s) included. Provider Agencies with an HRC required to ensure that the HRCs: participate in training regarding required constitution and oversight activities for HRCs;		
2.	review any BCIP, that include the use of EPR;		
3.	occur at least annually, occur in any quarter where EPR is used, and occur whenever any change to the BCIP is considered;		
4.	maintain HRC minutes approving or disallowing the use of EPR as written in a BCIP; and		
5.	maintain HRC minutes of meetings reviewing the implementation of the BCIP when EPR is used.

- d. any records required by MAD for the administration of Medicaid.
- **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
  - a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
  - b. The receiving Provider Agency bills the

bill a complete unit. Documentation received accounted for 8 hours, which is less than the required amount. (Note: Void/Adjust provided on-site during survey. Provider please complete POC for ongoing QA/QI.)

# Individual #8 September 2019

 The Agency billed 1 unit of Supported Living (T2016 HB U7) on 9/10/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 11 hours, which is less than the required amount.

## Individual #9 July 2019

- The Agency billed 1 unit of Supported Living (T2016 HB U7) on 7/19/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 10 hours, which is less than the required amount.
- The Agency billed 1 unit of Supported Living (T2016 HB U7) on 7/25/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 10 hours, which is less than the required amount.

## August 2019

 The Agency billed 1 unit of Supported Living (T2016 HB U7) on 8/4/2019. Documentation received accounted for .5 units. As indicated

QMB Report of Findings - Los Lunas Community Program (NMDOH) - Metro - October 25 - November 6, 2019

remaining days up to 340 for the ISP year.

- **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:
- 1. A month is considered a period of 30 calendar days.
- 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.
- **21.9.3** Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:
- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

- by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 10 hours, which is less than the required amount.
- The Agency billed 1 unit of Supported Living (T2016 HB U7) on 8/6/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 8 hours, which is less than the required amount.
- The Agency billed 1 unit of Supported Living (T2016 HB U7) on 8/14/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 10 hours, which is less than the required amount.
- The Agency billed 1 unit of Supported Living (T2016 HB U7) on 8/15/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 8 hours, which is less than the required amount.
- The Agency billed 1 unit of Supported Living (T2016 HB U7) on 8/23/2019. Documentation received accounted for .5 units. As indicated by the DDW Standards at least 12 hours in a 24-hour period must be provided in order to bill a complete unit. Documentation received accounted for 11 hours, which is less than the required amount.

Supports, and Community Integrated Employment Services

Survey Type: Routine

Dear Ms. Ali-Carr and Mr. Chavez:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

# The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
