Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized In-Home Supports, Customized Community

Supports

Survey Type: Routine

Team Leader: Kayla R. Benally, BSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Bernadette Baca, MPA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Beverly Estrada, ADN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Heather Driscoll, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Yolanda J. Herrera, RN, Nurse Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Jamie Pond, BS, QMB Staff Manager, Division of Health Improvement/Quality Management Bureau

Dear Mr. Kesatie:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (refer to Attachment

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A08.3 and Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A32 and Administrative Case File: Individual Service Plan Implementation
- Tag # 1A09 and Medication Delivery Routine Medication Administration
- Tag # 1A09.1 and Medication Delivery PRN Medication Administration
- Tag # 1A09.2 and Medication Delivery Nurse Approval for PRN Mediation
- Tag # 1A15.2 and Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 and Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 and Administrative Case File (Other Required Documents)
- Tag # 1A08.1 and Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 and Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A22 and Agency Personnel Competency
- Tag # 1A37 and Individual Specific Training
- Tag # 1A43.1 and General Events Reporting: Individual Reporting
- Tag # 1A08.2 and Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09.0 and Medication Delivery Routine Medication Administration

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or

c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan @state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Kayla R. Benally, BSW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

QMB Report of Findings - Su Vida Services Incorporated - Metro & Northwest - May 3 - 13, 2021

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC)W		MEDIUM		HIGH	
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount

3. Provider Agencies are responsible for			
ensuring that all plans created by nurses, RDs,			
therapists or BSCs are present in all needed			

settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.1 Individual Data Form (IDF): The Individual Data Form provides an overview of demographic information as well as other key personal, programmatic, insurance, and health related information. It lists medical information; assistive technology or adaptive equipment; diagnoses; allergies; information about whether a guardian or advance directives are in place; information about behavioral and health related needs; contacts of Provider Agencies and team members and other critical information. The IDF automatically loads information into other fields and forms and must be complete and kept current. This form is initiated by the CM. It must be opened and continuously updated by Living Supports,		

CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form.		
Chapter 3: Safeguards 3.1.2 Team Justification Process: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: 1. Discussion and decisions about non- health related recommendations are		
documented on the Team Justification form. 2. The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided: a. to implement the recommendation; b. to create an action plan and revise the ISP, if necessary; or c. not to implement the recommendation currently.		
3. All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired. 4. The CM ensures that the Team Justification Process is followed and complete.

activition against at 1000 pt of opositio	(F: F: 0)/:1 0 : 1	<u></u>	1

information) and other elements depending on the age of the individual. The ISP templates may be revised and reissued by DDSD to incorporate initiatives that improve person - centered planning practices. Companion documents may also be issued by DDSD and be required for use in order to better demonstrate required elements of the PCP process and ISP development.

The ISP is completed by the CM with the IDT input and must be completed according to the following requirements:

- 1. DD Waiver Provider Agencies should not recommend service type, frequency, and amount (except for required case management services) on an individual budget prior to the Vision Statement and Desired Outcomes being developed.
- 2. The person does not require IDT agreement/approval regarding his/her dreams, aspirations, and desired long-term outcomes.
- 3. When there is disagreement, the IDT is required to plan and resolve conflicts in a manner that promotes health, safety, and quality of life through consensus. Consensus means a state of general agreement that allows members to support the proposal, at least on a trial basis.
- 4. A signature page and/or documentation of participation by phone must be completed.
- 5. The CM must review a current Addendum A and DHI ANE letter with the person and Court appointed guardian or parents of a minor, if applicable.

6.6.3 Additional Requirements for Adults:

Because children have access to other funding sources, a larger array of services are available to adults than to children through the DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching

Individual #11:

TSS not found for the following Live Outcome Statement / Action Steps:

• "... will communicate with a family, friend, or staff member using his IPAD."

TSS not found for the following Work / Learn Outcome Statement / Actions Steps:

• "... will select and participate in a physical activity of his choice."

Individual #13:

TSS not found for the following Live Outcome Statement / Action Steps:

• "... to participate in family functions and activities."

TSS not found for the following Fun Outcome Statement / Actions Steps:

• "... will use his tablet 1x's per week."

and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.		
 6.6.3.1. Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step. 		
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.		
6.6.3.3 Individual Specific Training in the ISP: The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness,		

knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.) 6.8 ISP Implementation and Monitoring: All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.		
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

Chapter 6: Individual Service Plan (ISP) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider

Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

. Client records must contain all documents

Individual #5

- None found regarding: Live Outcome/Action Step: "Choose picture recipe to prepare" for 2/2021 – 3/2021. Action step is to be completed 3 times per month.
- None found regarding: Live Outcome/Action Step: "Assemble ingredients" for 2/2021 – 3/2021. Action step is to be completed 3 times per month.
- None found regarding: Live Outcome/Action Step: "Follow picture recipe to complete food item" for 2/2021 – 3/2021. Action step is to be completed 3 times per month.

Individual #7

 None found regarding: Live Outcome/Action Step: "... will work on an arts and crafts project of her choice" for 2/2021. Action step is to be completed 1 time per month. Note: Document maintained by the provider was blank.

Customized In-Home Supports Data Collection / Data Tracking/Progress with regards to ISP Outcomes:

Individual #2

- None found regarding: Live Outcome/Action Step: "... will choose a recipe that he wants to prepare for himself" for 3/2021. Action step is to be completed 1 time per week. Note: Document maintained by the provider was blank.
- None found regarding: Live Outcome/Action Step: "... will prepare and cook his recipe for himself" for 3/2021. Action step is to be completed 1 time per week. Note:

essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.

- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

Document maintained by the provider was blank

Individual #16

 No Outcomes or DDSD exemption/decision justification found for Customized In-Home Supports Services. As indicated by NMAC 7.26.5.14 "Outcomes are required for any life area for which the individual receives services funded by the developmental disabilities Medicaid waiver."

Customized Community Supports Data Collection / Data Tracking/Progress with regards to ISP Outcomes:

Individual #15

- None found regarding: Work/Learn
 Outcome/Action Step: "... will choose a
 virtual class to participate in 3x a month" for
 2/2021 3/2021. Action step is to be
 completed 3 times per month.
- None found regarding: Work/Learn
 Outcome/Action Step: "... will choose a peer
 or group to video chat with at least 1x a
 month" for 2/2021 3/2021. Action step is to
 be completed 1 time per month.

Individual #16

 None found regarding: Fun Outcome/Action Step: "... will select and participate in a CCS activity" for 3/2021. Action step is to be completed 2 times per month. Note: Document maintained by the provider was blank.

Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not	Standard Level Deficiency		
Completed at Frequency)			
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan.	Based on administrative record, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 3 of 16 individuals.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain	As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Family Living Data Collection / Data Tracking/Progress with regards to ISP Outcomes: Individual #10 • According to the Live Outcome; Action Step for " will recite his address with decreased prompts" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 2/2021 – 3/2021. • According to the Live Outcome; Action Step for " will recite his home phone number with decreased prompts" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 2/2021 – 3/2021. plan more thoroughly, or having a plan			

described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence.

Reaching a skill level involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency

- competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.
- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.

When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:

 DSP #524 stated, "Yes. She has a folder that everything is kept in at the house. Bowel obstruction." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual additionally requires Health Care Plans for Colostomy, Falls, Seizures, Shunt and Skin and Wound. (Individual #12)

When DSP were asked, if they had been trained on the Individual's Medical Emergency Response Plans, the following was reported:

 DSP #524 stated, "No, I don't think I have been." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Shunt, Seizures, and Falls. (Individual #12)

When DSP were asked, what are the steps you need to take before assisting an individual with PRN medication, the following was reported:

 DSP #567 stated, "When she has a headache I try to give something to drink like water, wait an hour then give Tylenol. Wait for an hour then put it on a MAR." Per DDSD standards 13.2.12 Medication Delivery DSP not related to the Individual must contact nurse prior to assisting with medication. (Individual #5)

or suggestion. This includes, but is not limited	'		
to:			
 a. medical orders or recommendations from 			
the Primary Care Practitioner, Specialists			
or other licensed medical or healthcare			
practitioners such as a Nurse Practitioner			
(NP or CNP), Physician Assistant (PA) or			
Dentist;			
b. clinical recommendations made by			
registered/licensed clinicians who are			
either members of the IDT or clinicians			
who have performed an evaluation such			
as a video-fluoroscopy;			
c. health related recommendations or			
suggestions from oversight activities such			

as the Individual Quality Review (IQR) or other DOH review or oversight activities;		
and		
 d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another 		
plan.		
2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies		
follow the DCP and attend the meeting coordinated by the CM. During this meeting:		
 a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is 		
made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with		
understanding the risks and benefits of the recommendation.		
 b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be 		
presented, when available, if the guardian is interested in considering other options for implementation.		
c. Providers support the person/guardian to make an informed decision.d. The decision made by the		
person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every		
setting.		
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider		
Agancies are required to create and maintain		1

Agencies are required to create and maintain

individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		
location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using computers or		
mobile devices is acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
needed settings.		
4. Provider Agencies must maintain records		
of all documents produced by agency		
personnel or contractors on behalf of each		
person, including any routine notes or data,		
annual assessments, semi-annual reports,		
evidence of training provided/received,		
progress notes, and any other interactions for		
which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be		
stored in agency office files, the delivery site,		
or with DSP while providing services in the		

community.

7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This		
standardized document contains individual,		
physician and emergency contact information,		
a complete list of current medical diagnoses,		
health and safety risk factors, allergies, and		
information regarding insurance, guardianship,		
and advance directives. The Health Passport		
also includes a standardized form to use at		
medical appointments called the <i>Physician</i>		
Consultation form. The Physician Consultation		
form contains a list of all current medications.		
Chapter 10: Living Care Arrangements		
(LCA) Living Supports-Supported Living:		
10.3.9.6.1 Monitoring and Supervision		
4. Ensure and document the following:		
a. The person has a Primary Care		
Practitioner.		
b. The person receives an annual		
physical examination and other		
examinations as recommended by a Primary Care Practitioner or		
specialist.		
c. The person receives		
annual dental check-ups		
and other check-ups as	ļ	
recommended by a	ļ	
licensed dentist.		
d. The person receives a hearing test as		
recommended by a licensed audiologist.		
e. The person receives eye		

examinations as

recommended by a		
licensed optometrist or		
ophthalmologist.		
5. Agency activities occur as required for		
follow-up activities to medical appointments		
(e.g. treatment, visits to specialists, and		
changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements (LCA)		
Living Supports-IMLS: 10.3.10.2 General		
Requirements: 9 . Medical services must be		
ensured (i.e., ensure each person has a		
licensed Primary Care Practitioner and		
receives an annual physical examination,		
specialty medical care as needed, and		
annual dental checkup by a licensed dentist).		
arridar deritar ericerkap by a neericed deritisty.		
Chapter 12 Nursing Services: 12.2.2		
Chapter 13 Nursing Services: 13.2.3		
General Requirements:		
Each person has a licensed primary		
care practitioner and receives an annual		
physical examination and specialty		
medical/dental care as needed. Nurses		
communicate with these providers to		
share current health information.

Chapter 10 Living Care Arrangements 10.3.4 Medication Assessment and Delivery:

Living Supports Provider Agencies must support and comply with:

1. the processes identified in the DDSD AWMD training;

Individual #10

April 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Depakote 500 mg (2 times daily)
- Lamictal 200 mg (2 times daily)
- Polyethylene Glycol 3350 NF Powder 527 gm (1 time daily)

Individual #13 April 2021

> Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Genteal Eye Drops (1 time daily)
- Glucosamine/Chondroitin 1500mg/1200 mg (1 time daily)
- Levothyroxine (1 time daily)
- Multivitamin (1 time daily)
- Saline Nasal Spray (1 time daily)
- Tamsulosin 100 mg (1 time daily)
- Trazadone 50
- Vitamin C (1 time daily)

2. the nursing and DSP functions identified in the Chapter 13.3 Part 2- Adult Nursing Services; 3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and 4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).		
NMAC 16.19.11.8 MINIMUM STANDARDS: A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS: (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, including over-the-counter medications. This documentation shall include: (i) Name of resident; (ii) Date given; (iii) Drug product name; (iv) Dosage and form; (v) Strength of drug; (vi) Route of administration; (vii) How often medication is to be taken; (viii) Time taken and staff initials; (ix) Dates when the medication is discontinued or changed; (x) The name and initials of all staff administering medications.		
Model Custodial Procedure Manual D. Administration of Drugs Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications. Document the practitioner's order authorizing the self-administration of medications.		

All PRN (As needed) medications shall have complete detail instructions regarding the

administering of the medication. This shall		
include:		
indiade.		
symptoms that indicate the use of the		
medication,		
medication,		
exact dosage to be used, andthe exact amount to be used in a 24-

maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.

- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.
- 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following:

- 2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to:
- a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist:

 Individual #10 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Not Linked or Attached in Therap.

Medical Emergency Response Plans: *Allergies:*

 Individual #10 - As indicated by the IST section of ISP the individual is required to have a plan. Not Linked or Attached in Therap.

Aspiration:

 Individual #10 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Not Linked or Attached in Therap.

Constipation:

 Individual #10 - As indicated by the IST section of ISP the individual is required to have a plan. Not Linked or Attached in Therap.

Gastrointestinal:

 Individual #10 - As indicated by the IST section of ISP the individual is required to have a plan. Not Linked or Attached in Therap.

Oral Care:

 Individual #11 - As indicated by the IST section of ISP the individual is required to have a plan. No evidence of a plan found.

Seizure:

 Individual #10 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Not Linked or Attached in Therap.

 b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have performed an evaluation such as a video-fluoroscopy; 		
 c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and 		
 d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan. 		
2. When the person/guardian disagrees with a		
recommendation or does not agree with the		
implementation of that recommendation,		
Provider Agencies follow the DCP and attend		
the meeting coordinated by the CM. During		
this meeting:		
a. Providers inform the person/guardian of		
the rationale for that recommendation,		
so that the benefit is made clear. This		
will be done in layman's terms and will		
include basic sharing of information		
designed to assist the person/guardian		
with understanding the risks and benefits		
of the recommendation.		
b. The information will be focused on the		
specific area of concern by the		
person/guardian. Alternatives should be presented, when available, if the		
guardian is interested in considering		
other options for implementation.		
c. Providers support the person/guardian to		
make an informed decision.		
d. The decision made by the		
person/guardian during the meeting is		
accepted; plans are modified; and the		
IDT honors this health decision in every		

setting.

Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and **Planning Process:** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. 13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT) 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person. 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from

members of the IDT and other sources.

3. An e-CHAT is required for persons in FL,

SL, IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add		
additional pertinent information in all comment		
sections.		
Scotions.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
3 11 (1)		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the Provider Agency records.		
3. Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		
by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		

13.2.9 Healthcare Plans (HCP):

1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process.		
This includes interim ARM plans for those		
persons newly identified at moderate or high		
risk for aspiration. All interim plans must be		
removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
In collaboration with the IDT, the agency		
nurse is required to create HCPs that address		
all the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined		
where clinically appropriate. The nurse should		
use nursing judgment to determine whether to		
also include HCPs for any of the areas		
indicated by "C" on the e-CHAT summary		
report. The nurse may also create other HCPs		
plans that the nurse determines are warranted.		
13.2.10 Medical Emergency Response Plan		
(MERP):		
1. The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP)		
for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions also		
warrant a MERP.		
2. MERPs are required for persons who have		
one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.		

Chapter 20: Provider Documentation and		
Client Records: 20.5.3 Health Passport and		
Physician Consultation Form: All Primary		
and Secondary Provider Agencies must use		
the Health Passport and Physician		
Consultation form from the Therap system. This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018: Re-Issue:

12/28/2018; Eff 1/1/2019

Chapter 2: Human Rights: Civil rights apply			
to everyone, including all waiver participants,			
family members, guardians, natural supports,			
and Provider Agencies. Everyone has a			
responsibility to make sure those rights are not			
violated. All Provider Agencies play a role in			
person-centered planning (PCP) and have an			
obligation to contribute to the planning			
process, always focusing on how to best			
support the person.			
Chapter 3 Safeguards: 3.3.1 HRC			
Procedural Requirements:			
An invitation to participate in the HRC			
meeting of a rights restriction review will be			
given to the person (regardless of verbal or			
cognitive ability), his/her guardian, and/or a			
family member (if desired by the person), and			
the Behavior Support Consultant (BSC) at			
least 10 working days prior to the meeting			
(except for in emergency situations). If the			
person (and/or the guardian) does not wish to			
attend, his/her stated preferences may be			
brought to the meeting by someone whom the			
person chooses as his/her representative.			
2. The Provider Agencies that are seeking to			
temporarily limit the person's right(s) (e.g.,			
Living Supports, Community Inclusion, or BSC)			
are required to support the person's informed			
consent regarding the rights restriction, as well			
as their timely participation in the review.			
3. The plan's author, designated staff (e.g.,			
agency service coordinator) and/or the CM			
makes a written or oral presentation to the			
HRC.			
4. The results of the HRC review are reported			
in writing to the person supported, the			
guardian, the BSC, the mental health or other			
specialized therapy provider, and the CM			
within three working days of the meeting.			
5. HRC committees are required to meet at			
least on a quarterly basis.			
6. A quorum to conduct an HRC meeting is at	of Findings - Cu Vida Comissos Incorporated - Matro 9	Northwest May 2, 42, 2024	

least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		
the services provided to the person must		
excuse themselves from voting in that		
situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions		
based upon credible threats of harm against		
self or others that may arise between		
scheduled HRC meetings (e.g., locking up		
sharp knives after a serious attempt to injure		
self or others or a disclosure, with a credible		
plan, to seriously injure or kill someone). The		
confidential and HIPAA compliant emergency		
meeting may be via telephone, video or		
conference call, or secure email. Procedures		
may include an initial emergency phone		
meeting, and a subsequent follow-up		
emergency meeting in complex and/or ongoing		
situations. 8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The		
HRC reviews temporary restrictions of rights		
that are related to medical issues or health and		
safety considerations such as decreased		
mobility (e.g., the use of bed rails due to risk of		
falling during the night while getting out of		
bed). However, other temporary restrictions		
may be implemented because of health and		
safety considerations arising from behavioral		
issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support		

the I mair heal qual redu follow temp behavior the redu Plan and/inter advantage of the second secon	deded and desired by the person and/or DT. PBS emphasizes the acquisition and attenance of positive skills (e.g. building thy relationships) to increase the person's ity of life understanding that a natural ction in other challenging behaviors will w. At times, aversive interventions may be corarily included as a part of a person's avioral support (usually in the BCIP), and efore, need to be reviewed prior to ementation as well as periodically while estrictive intervention is in place. PBSPs containing aversive interventions do not ire HRC review or approval. s (e.g., ISPs, PBSPs, BCIPs PPMPs, or RMPs) that contain any aversive ventions are submitted to the HRC in ance of a meeting, except in emergency attions.		
334	Interventions Requiring HRC Review		
	Approval: HRCs must review prior to		
	ementation, any plans (e.g. ISPs, PBSPs,		
	Ps and/or PPMPs, RMPs), with strategies,		
	ding but not limited to:		
1.	response cost;		
2.	restitution;		
3.	emergency physical restraint (EPR);		
4.	routine use of law enforcement as part of		
_	a BCIP;		
5.	routine use of emergency hospitalization		
•	procedures as part of a BCIP;		
6. 7.	use of point systems;		
7.	use of intense, highly structured, and specialized treatment strategies,		
	including level systems with response		
	cost or failure to earn components;		
8.	a 1:1 staff to person ratio for behavioral		
	reasons, or, very rarely, a 2:1 staff to		
	person ratio for behavioral or medical		
	reasons;		
9.	use of PRN psychotropic medications;		
10.	use of protective devices for behavioral		

purposes (e.g., helmets for he banging, Posey gloves for biti 11. use of bed rails; 12. use of a device and/or monitor through PST may impact the privacy or other rights; or 13. use of any alarms to alert star person's whereabouts.	oring system person's		
3.4 Emergency Physical Restrain Every person shall be free from the restrictive physical crisis intervention measures that are unnecessary. Physical support people who occasionally need intervention such Emergency Physical Restraint (EP required to institute procedures to safety.	e use of on Provider o may ch as PR) are		
 3.4.5 Human Rights Committee: reviews use of EPR. The BCIP may implemented without HRC review a whenever EPR or other restrictive rare included. from the payment date:		
a. treatment or care of any eligible recipient;b. services or goods provided to any		
eligible recipient;		
c. amounts paid by MAD on behalf of any		
eligible recipient;and		
d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing depends		
on the service type. The unit may be a 15-		
minute interval, a daily unit, a monthly unit or a		
dollar amount. The unit of billing is identified in		
the current DD Waiver Rate Table. Provider		
Agencies must correctly report service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider Agencies		
must adhere to the following:		
1. A day is considered 24 hours from midnight		
to midnight.		
2. If 12 or fewer hours of service are provided,		
then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is		
provided during a 24-hour period.		
3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP year		
or 170 calendar days per six months.		
4. When a person transitions from one Provider		
Agency to another during the ISP year, a		
standard formula to calculate the units billed by each Provider Agency must be applied as		
follows:		
a. The discharging Provider Agency bills the		
number of calendar days that services were		
provided multiplied by .93 (93%).		
b. The receiving Provider Agency bills the		
remaining days up to 340 for the ISP year.		
21.9.2 Requirements for Monthly Units: For		
services billed in monthly units, a Provider		
Agency must adhere to the following:		
A month is considered a period of 30		

calendar days.		
2. At least one hour of face-to-face billable		
services shall be provided during a calendar		
month where any portion of a monthly unit is billed.		
3. Monthly units can be prorated by a half unit.		
4. Agency transfers not occurring at the		
beginning of the 30-day interval are required to		
be coordinated in the middle of the 30-day		
interval so that the discharging and receiving		
agency receive a half unit.		
21.9.3 Requirements for 15-minute and		
hourly units: For services billed in 15-minute or		
hourly intervals, Provider Agencies must adhere		
to the following:		
1. When time spent providing the service is		
not exactly 15 minutes or one hour, Provider		
Agencies are responsible for reporting time		
correctly following NMAC 8.302.2. 2. Services that last in their entirety less than		
eight minutes cannot be billed.		
NMAC 8.302.1.17 Effective Date 9-15-08		

NMAC 8.302.1.17 Effective Date 9-15-08 Record Keeping and Documentation

Requirements - A provider must maintain all the records necessary to fully disclose the nature, quality, amount and medical necessity of services furnished to an eligible recipient who is currently receiving or who has received services in the past.

Detail Required in Records - Provider Records must be sufficiently detailed to substantiate the date, time, eligible recipient name, rendering, attending, ordering or prescribing provider; level and quantity of services, length of a session of service billed, diagnosis and medical necessity of any service

... Treatment plans or other plans of care must be sufficiently detailed to substantiate the level of need, supervision, and direction and service(s) needed by the eligible recipient.

Services Billed by Units of Time -

QMB Report of Findings - Su Vida Services Incorporated - Metro & Northwest - May 3 - 13, 2021

Services billed on the basis of time units spent with an eligible recipient must be sufficiently detailed to document the actual time spent with the eligible recipient and the services provided during that time unit. Records Retention - A provider who receives payment for treatment, services or goods must retain all medical and business records relating to any of the following for a period of at least six years from the payment date: (1) treatment or care of any eligible recipient (2) services or goods provided to any eligible recipient (3) amounts paid by MAD on behalf of any eligible recipient; and (4) any records required by MAD for the administration of Medicaid.

E-mail Address: billkesatie@suvidaservices.com

Region: Metro & Northwest Survey Date: May 3 – 13, 2021

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized In-Home Supports,

Customized Community Supports

Survey Type: Routine

Dear Mr. Kesatie:

The Division of Health Improvement Quality Management Bureau received and approved the Plan of Correction you submitted. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process. Sincerely,

Monica Valdez, BS
