Survey Date: May 24 – June 4, 2021

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living and Customized Community Supports

Survey Type: Routine

Team Leader: Caitlin Wall, BA, BSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau

Dear Mr. Cameron:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u> This determination is based on noncompliance with one to five (1-5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

PHAB Adams

The following tags are identified as Condition of Participation Level:

- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights / Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A27.2 Duty to Report IRs Filed During On-Site and/or IRs Not Reported by Provider

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe. New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan @state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Caitlin Wall, BA, BSW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC)W		MEDIUM		Н	IGH
Tabal Taba		47		47		47

Tag # 1A08 Administrative Case File (Other Required Documents)	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed	Based on record review, the Agency did not maintain a complete and confidential case file at the administrative office for 1 of 5 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current: Behavior Crisis Intervention Plan: Not Found (#5)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.1 Individual Data Form (IDF): The Individual Data Form provides an overview of demographic information as well as other key personal, programmatic, insurance, and health related information. It lists medical information; assistive technology or adaptive equipment; diagnoses; allergies; information about whether a guardian or advance directives are in place; information about behavioral and health related needs; contacts of Provider Agencies and team members and other critical information. The IDF automatically loads information into other fields and forms and must be complete and kept current. This form is initiated by the CM. It must be opened and continuously updated by Living Supports,		

CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form.		
Chapter 3: Safeguards 3.1.2 Team Justification Process: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: 1. Discussion and decisions about non- health related recommendations are documented on the Team Justification form. 2. The Team Justification form documents that the person/guardian or team has		
considered the recommendations and has decided: a. to implement the recommendation; b. to create an action plan and revise the ISP, if necessary; or c. not to implement the recommendation currently. 3. All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired. 4. The CM ensures that the Team Justification Process is followed and complete.

page, an Addendum A (i.e. an			
acknowledgement of receipt of specific			

and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.		
 6.6.3.1. Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step. 		
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.		
6.6.3.3 Individual Specific Training in the ISP: The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness,		

knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.) 6.8 ISP Implementation and Monitoring: All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described		
in Chapter 16: Qualified Provider Agencies. Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018: Eff 1/1/2019

Chapter 6: Individual Service Plan (ISP) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

it was not being completed at the required frequency as indicated in the ISP for 3/2021 - 4/2021.

 According to the Work/Learn Outcome; Action Step for "... will respond appropriately to one question per activity." is to be completed 5 times per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 3/2021 - 4/2021.

1. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using computers or		
mobile devices is acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
4. Provider Agencies must maintain records		
of all documents produced by agency		
personnel or contractors on behalf of each		
person, including any routine notes or data,		
annual assessments, semi-annual reports,		
evidence of training provided/received,		
progress notes, and any other interactions for		
which billing is generated.		
Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be		
stored in agency office files, the delivery site,		
or with DSP while providing services in the		
community.		
All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.

Chapter 17: Training Requirement		processes as it related to this tag number	
17.10 Individual-Specific Training: The		here (What is going to be done? How many	
following are elements of IST: defined		individuals is this going to affect? How often will	
standards of performance, curriculum tailored		this be completed? Who is responsible? What steps will be taken if issues are found?): →	
to teach skills and knowledge necessary to		steps will be taken it issues are round:).	
meet those standards of performance, and			
formal examination or demonstration to verify			
standards of performance, using the			
established DDSD training levels of			
awareness, knowledge, and skill.			
Reaching an awareness level may be			
accomplished by reading plans or other			
information. The trainee is cognizant of information related to a person's specific			
condition. Verbal or written recall of basic			
information or knowing where to access the			
information can verify awareness.			
Reaching a knowledge level may take the			
form of observing a plan in action, reading a			
plan more thoroughly, or having a plan			

described by the author or their designee.		
Verbal or written recall or demonstration may		
verify this level of competence.		
Reaching a skill level involves being trained		
by a therapist, nurse, designated or		
experienced designated trainer. The trainer		
shall demonstrate the techniques according to		
the plan. Then they observe and provide		
feedback to the trainee as they implement the		
techniques. This should be repeated until		
competence is demonstrated. Demonstration		
of skill or observed implementation of the		
techniques or strategies verifies skill level		
competence. Trainees should be observed on		
more than one occasion to ensure appropriate		
techniques are maintained and to provide		
additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
IST must be arranged and conducted at		
least annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies,		
and information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the		
year ends.		
2. IST for therapy-related WDSI, HCPs,		
MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan		
author or agency finds incorrect		
implementation, when new DSP or CM are		
assigned to work with a person, or when an		
existing DSP or CM requires a refresher.		
3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.	Penart of Findings — Above & Revend Inc — Metro — N	

5. Provider Agencies are responsible for tracking of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapsist, BSC, runse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not maintain the required documentation in the Individuals Agency Record as required by standard for 2 of 5 individuals. Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: Healthcare Passport: Did not contain Emergency Contact Information (#1) Health Care Plans: Constipation Management: Individual #5 – According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. Not Linked or Attached in Therap. (Note: Linked / attached in Therap during the on-site survey. Provider please complete POC for ongoing QA/QI.) Medical Emergency Response Plans: Allergies: Individual #5 - As indicated by the IST section of ISP the individual is required to have a plan. Not Linked or Attached in Therap during the on-site survey. Provider please complete POC for ongoing QA/QI.)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
5. Each Provider Agency is responsible for			

Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and **Planning Process:** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. 13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT) 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person. 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from

members of the IDT and other sources.

3. An e-CHAT is required for persons in FL,

SL, IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add		
additional pertinent information in all comment		
sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
40.0.0 Madiantian Administration		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the Provider		
Agency records.		
Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		
by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		

13.2.9 Healthcare Plans (HCP):

1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process.		
This includes interim ARM plans for those		
persons newly identified at moderate or high		
risk for aspiration. All interim plans must be		
removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
2. In collaboration with the IDT, the agency		
nurse is required to create HCPs that address		
all the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined		
where clinically appropriate. The nurse should		
use nursing judgment to determine whether to		
also include HCPs for any of the areas		
indicated by "C" on the e-CHAT summary		
report. The nurse may also create other HCPs		
plans that the nurse determines are warranted.		
12 2 10 Madical Emergency Bearing Blan		
13.2.10 Medical Emergency Response Plan (MERP):		
 The agency nurse is required to develop a 		
Medical Emergency Response Plan (MERP)		
for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions also		
warrant a MERP.		
2. MERPs are required for persons who have		
one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.		

Chapter 20: Provider Documentation and		
Client Records: 20.5.3 Health Passport and		
Physician Consultation Form: All Primary		
and Secondary Provider Agencies must use		
the Health Passport and Physician		
Consultation form from the Therap system.		
This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Physician Consultation form.		
1 Trysician Consultation form.

number 1-800-445-6242. Any consumer, family			
member, or legal guardian may call the division's			
hotline to report an allegation of abuse, neglect,			
or exploitation, suspicious injury or death			
directly, or may report through the community-			
based service provider who, in addition to calling			
the hotline, must also utilize the division's abuse,			

neglect, and exploitation or report of death form.		
The abuse, neglect, and exploitation or report of		
death form and instructions for its completion		
and filing are available at the division's website,		
http://dhi.health.state.nm.us, or may be obtained		
from the department by calling the division's toll		
free hotline number, 1-800-445-6242.		
(2) Use of abuse, neglect, and exploitation		
or report of death form and notification by		
community-based service providers: In		
addition to calling the division's hotline as		
required in Paragraph (2) of Subsection A of		
7.1.14.8 NMAC, the community-based service		
provider shall also report the incident of abuse,		
neglect, exploitation, suspicious injury, or death		
utilizing the division's abuse, neglect, and		
exploitation or report of death form consistent		
with the requirements of the division's abuse,		
neglect, and exploitation reporting guide. The		
community-based service provider shall ensure		
all abuse, neglect, exploitation or death reports		
describing the alleged incident are completed on		
the division's abuse, neglect, and exploitation or		
report of death form and received by the division		
within 24 hours of the verbal report. If the		
provider has internet access, the report form		
shall be submitted via the division's website at		
http://dhi.health.state.nm.us; otherwise it may be		
submitted via fax to 1-800-584-6057. The		
community-based service provider shall ensure		
that the reporter with the most direct knowledge		
of the incident participates in the preparation of		
the report form.		
(3) Limited provider investigation: No		
investigation beyond that necessary in order to		
be able to report the abuse, neglect, or		
exploitation and ensure the safety of consumers		
is permitted until the division has completed its		
investigation.		
(4) Immediate action and safety planning:		
Upon discovery of any alleged incident of abuse,		
neglect, or exploitation, the community-based		
service provider shall:		

(a) develop and implement an immediate action and safety plan for any potentially endangered consumers, if applicable: be immediately prepared to report that immediate action and safety plan verbally, and revise the plan according to the division's direction, if necessary; and (c) provide the accepted immediate action and safety plan in writing on the immediate action and safety plan form within 24 hours of the verbal report. If the provider has internet access, the report form shall be submitted via the division's website at http://dhi.health.state.nm.us; otherwise it may be submitted by faxing it to the division at 1-800-584-6057. (5) Evidence preservation: The communitybased service provider shall preserve evidence related to an alleged incident of abuse, neglect, or exploitation, including records, and do nothing to disturb the evidence. If physical evidence must be removed or affected, the provider shall take photographs or do whatever is reasonable to document the location and type of evidence found which appears related to the incident. (6) Legal guardian or parental notification: The responsible community-based service provider shall ensure that the consumer's legal guardian or parent is notified of the alleged incident of abuse, neglect and exploitation within 24 hours of notice of the alleged incident unless the parent or legal guardian is suspected of committing the alleged abuse, neglect, or exploitation, in which case the community-based service provider shall leave notification to the

division's investigative representative.

(7) Case manager or consultant notification by community-based service providers: The responsible community-based service provider shall notify the consumer's case manager or consultant within 24 hours that an alleged incident involving abuse, neglect, or

exploitation has been reported to the division.		
Names of other consumers and employees may		
be redacted before any documentation is		
forwarded to a case manager or consultant.		
(8) Non-responsible reporter: Providers		
who are reporting an incident in which they are		
not the responsible community-based service

Chapter 2: Human Rights: Civil rights apply to everyone, including all waiver participants, family members, guardians, natural supports, and Provider Agencies. Everyone has a responsibility to make sure those rights are not violated. All Provider Agencies play a role in person-centered planning (PCP) and have an obligation to contribute to the planning process, always focusing on how to best support the person.

Chapter 3 Safeguards: 3.3.1 HRC Procedural Requirements:

- 1. An invitation to participate in the HRC meeting of a rights restriction review will be given to the person (regardless of verbal or cognitive ability), his/her guardian, and/or a family member (if desired by the person), and the Behavior Support Consultant (BSC) at least 10 working days prior to the meeting (except for in emergency situations). If the person (and/or the guardian) does not wish to attend, his/her stated preferences may be brought to the meeting by someone whom the person chooses as his/her representative.
- 2. The Provider Agencies that are seeking to temporarily limit the person's right(s) (e.g., Living Supports, Community Inclusion, or BSC) are required to support the person's informed consent regarding the rights restriction, as well as their timely participation in the review.
- 3. The plan's author, designated staff (e.g., agency service coordinator) and/or the CM makes a written or oral presentation to the HRC.
- 4. The results of the HRC review are reported in writing to the person supported, the guardian, the BSC, the mental health or other specialized therapy provider, and the CM within three working days of the meeting.
- 5. HRC committees are required to meet at least on a quarterly basis.
- 6. A quorum to conduct an HRC meeting is at

A review of Agency Individual files indicated Human Rights restrictions were approved by the Human Rights Committee that were not listed in any plans applicable to the Individual, i.e. Positive Behavior Support Plans and/or Behavior Crisis Intervention Plans, Individual Services Plans, or Therapy Plans, for the following Individuals:

 "Staff will maintain limited access to food in ... home by locking cabinets and the refrigerator in an effort to maintain his health and safety." No evidence found the restriction was needed / required for the Individual, with the exception of the HRC approval. (Individual #5)

least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		
the services provided to the person must		
excuse themselves from voting in that		
situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions		
based upon credible threats of harm against		
self or others that may arise between		
scheduled HRC meetings (e.g., locking up		
sharp knives after a serious attempt to injure		
self or others or a disclosure, with a credible		
plan, to seriously injure or kill someone). The		
confidential and HIPAA compliant emergency		
meeting may be via telephone, video or		
conference call, or secure email. Procedures		
may include an initial emergency phone		
meeting, and a subsequent follow-up		
emergency meeting in complex and/or ongoing		
situations.		
8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date of continuance of the restriction.		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The		
HRC reviews temporary restrictions of rights		
that are related to medical issues or health and		
safety considerations such as decreased		
mobility (e.g., the use of bed rails due to risk of		
falling during the night while getting out of		
bed). However, other temporary restrictions		
may be implemented because of health and		
safety considerations arising from behavioral		
issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support		

the I main healt quali redu follow temp beha there imple the required Plan and/internadva	eded and desired by the person and/or DT. PBS emphasizes the acquisition and tenance of positive skills (e.g. building hy relationships) to increase the person's ty of life understanding that a natural ction in other challenging behaviors will w. At times, aversive interventions may be orarily included as a part of a person's vioral support (usually in the BCIP), and afore, need to be reviewed prior to ementation as well as periodically while estrictive intervention is in place. PBSPs ontaining aversive interventions do not the HRC review or approval. It is (e.g., ISPs, PBSPs, BCIPs PPMPs, or RMPs) that contain any aversive ventions are submitted to the HRC in nace of a meeting, except in emergency tions.		
and imple BCIF	Approval: HRCs must review prior to ementation, any plans (e.g. ISPs, PBSPs, Ps and/or PPMPs, RMPs), with strategies, ding but not limited to: response cost; restitution; emergency physical restraint (EPR); routine use of law enforcement as part of a BCIP;		
5.	routine use of emergency hospitalization procedures as part of a BCIP;		
6. 7.	use of point systems; use of intense, highly structured, and		
	specialized treatment strategies, including level systems with response cost or failure to earn components;		
8.	a 1:1 staff to person ratio for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral or medical reasons;		
9.	use of PRN psychotropic medications;		
10.	use of protective devices for behavioral		

12.	purposes (e.g., helmets for head banging, Posey gloves for biting hand); use of bed rails; use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or use of any alarms to alert staff to a person's whereabouts.			
rest me: Age occ Em	Emergency Physical Restraint (EPR): ery person shall be free from the use of trictive physical crisis intervention asures that are unnecessary. Provider encies who support people who may asionally need intervention such as ergency Physical Restraint (EPR) are uired to institute procedures to maximize ety.			
revieus implante whe are are 1.	5 Human Rights Committee: The HRC ews use of EPR. The BCIP may not be emented without HRC review and approval never EPR or other restrictive measure(s) included. Provider Agencies with an HRC required to ensure that the HRCs: participate in training regarding required constitution and oversight activities for HRCs; review any BCIP, that include the use of EPR;			
	occur at least annually, occur in any quarter where EPR is used, and occur whenever any change to the BCIP is considered;			
4.	maintain HRC minutes approving or disallowing the use of EPR as written in a BCIP; and			
5.	maintain HRC minutes of meetings reviewing the implementation of the BCIP when EPR is used.

e. the type of service;			
f. the start and end times of theservice;			
g. the signature and title of each staff			
member who documents their time; and			
h. the nature of services.			
3. A Provider Agency that receives payment for			
treatment, services, or goods must retain all			
medical and business records for a period of at			
least six years from the last payment date, until ongoing audits are settled, or until involvement			
of the state Attorney General is completed			
regarding settlement of any claim, whichever is			
longer.			
4. A Provider Agency that receives payment for			
treatment, services or goods must retain all			
medical and business records relating to any of			
the following for a period of at least six years			

from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any		
eligible recipient; c. amounts paid by MAD on behalf of any		
eligible recipient; and d. any records required by MAD for the administration of Medicaid.		
21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-		
minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in		
the current DD Waiver Rate Table. Provider Agencies must correctly report service units.		
21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies		
must adhere to the following: 1. A day is considered 24 hours from midnight		
to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit		
can be billed if more than 12 hours of service is provided during a 24-hour period.		
3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year		
or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a		
standard formula to calculate the units billed by each Provider Agency must be applied as		
follows: a. The discharging Provider Agency bills the		
number of calendar days that services were provided multiplied by .93 (93%).		
b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year.		
21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider		
Agency must adhere to the following: 1. A month is considered a period of 30		

calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.

- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.

21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:

- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

NMAC 8.302.1.17 Effective Date 9-15-08 **Record Keeping and Documentation**

Requirements - A provider must maintain all the records necessary to fully disclose the nature, quality, amount and medical necessity of services furnished to an eligible recipient who is currently receiving or who has received services in the past.

Detail Required in Records - Provider Records must be sufficiently detailed to substantiate the date, time, eligible recipient name, rendering, attending, ordering or prescribing provider; level and quantity of services, length of a session of service billed, diagnosis and medical necessity of any service

... Treatment plans or other plans of care must be sufficiently detailed to substantiate the level of need, supervision, and direction and service(s) needed by the eligible recipient. Services Billed by Units of Time -

QMB Report of Findings - Above & Beyond, Inc. - Metro - May 24 - June 4, 2021

Services billed on the basis of time units spent		
with an eligible recipient must be sufficiently		
detailed to document the actual time spent with		
the eligible recipient and the services provided		
during that time unit.		
Records Retention - A provider who receives		
payment for treatment, services or goods must		
retain all medical and business records relating		
to any of the following for a period of at least six		
years from the payment date: (1) treatment or care of any eligible recipient		
(2) services or goods provided to any eligible		
recipient		
(3) amounts paid by MAD on behalf of any		
eligible recipient; and		
(4) any records required by MAD for the		
administration of Medicaid.

Survey Date: May 24 – June 4, 2021

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living and Customized Community Supports

Survey Type: Routine

Dear Mr. Cameron:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
