#### MICHELLE LUJAN GRISHAM GOVERNOR

KATHYLEEN M. KUNKEL CABINET SECRETARY

Date: February 20, 2020 (Modified by IRF on 3/30/2020)

To: Michelle Bishop-Couch, Chief Executive Officer Provider: Cornucopia Adult and Family Services, Inc.

Address: 2002 Bridge Blvd. SW

State/Zip: Albuquerque, New Mexico 87105

E-Mail Address: michelle@cornucopia-ads.org

Region: Metro

Survey Date: January 10 - 15, 2020

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized In-Home Supports and Customized

Community Supports

Survey Type: Routine

Team Leader: Beverly Estrada, ADN, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Monica de Herrera-Pardo, LSW, MSCJ, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor,

Division of Health Improvement/Quality Management Bureau; Caitlin Wall, BSW, BA,

Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Bernadette Baca, MPA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau, Roxanne Garcia, BA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Yolanda Herrera, RN, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau

Dear Ms. Bishop - Couch;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

# **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

#### **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi/

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u> This determination is based on noncompliance with one to five (1 – 5) Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A22 Agency Personnel Competency

# The following tags are identified as Standard Level:

- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A08.1 Administrative and Residential Case File Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # IS04 Community Life Engagement
- Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements
- Tag # 1A38.1 Living Care Arrangement / Community Inclusion Reporting Requirements (Reporting Components)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A37 Individual Specific Training
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.0 Medication Delivery Routine Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS26 Supported Living Reimbursement
- Tag # IH32 Customized In Home Supports Reimbursement

# Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

# **Corrective Action for Current Citation:**

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

# On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

### **Submission of your Plan of Correction:**

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

# **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan @state.nm.us</u>)
OR
Jennifer Goble (<u>Jen</u>nifer.goble2 @state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Beverly Estrada, ADN

Team Lead/Healthcare Surveyor Division of Health Improvement Quality Management Bureau

Beverly Estrada, ADN

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

# Instructions for Completing Agency POC:

### **Required Content**

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

# **Completion Dates**

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
   Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

#### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

# **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

## **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

### Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

#### Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

#### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

# Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
  Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="https://nmhealth.org/about/dhi/cbp/irf/">https://nmhealth.org/about/dhi/cbp/irf/</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <a href="mailto:valdez@state.nm.us">valerie.valdez@state.nm.us</a> for assistance.

## The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

### **QMB** Determinations of Compliance

# Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

#### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting

centered service plan is the ISP.			
6 5 2 ICD Davisions. The ICD is a dynamic			
6.5.2 ISP Revisions: The ISP is a dynamic document that changes with the person's desires,			
circumstances, and need. IDT members must			
collaborate and request an IDT meeting from the			
CM when a need to modify the ISP arises. The			
CM convenes the IDT within ten days of receipt of			
any reasonable request to convene the team,			
either in person or through teleconference.			
entier in person or unrough teleconlerence.			

6.6 DDSD ISP Template: The ISP must be written according to templates provided by the DDSD. Both children and adults have designated ISP templates. The ISP template includes Vision Statements, Desired Outcomes, a meeting participant signature page, an Addendum A (i.e. an acknowledgement of receipt of specific information) and other elements depending on the age of the individual. The ISP templates may be revised and reissued by DDSD to incorporate initiatives that improve person - centered planning practices. Companion documents may also be issued by DDSD and be required for use in order to better demonstrate required elements of the PCP process and ISP development.  The ISP is completed by the CM with the IDT input and must be completed according to the following requirements:  1. DD Waiver Provider Agencies should not recommend service type, frequency, and amount (except for required case management services) on an individual budget prior to the Vision Statement and Desired Outcomes being developed.  2. The person does not require IDT agreement/approval regarding his/her dreams, aspirations, and desired long-term outcomes.  3. When there is disagreement, the IDT is required to plan and resolve conflicts in a manner that promotes health, safety, and quality of life through consensus. Consensus means a state of general agreement that allows members to support the proposal, at least on a trial basis.  4. A signature page and/or documentation of		
participation by phone must be completed.		
5. The CM must review a current Addendum A	]	
and DHI ANE letter with the person and Court	]	
and Dri And letter with the person and Court appointed guardian or parents of a minor, if	]	
	]	
applicable.	]	

# 6.6.3 Additional Requirements for Adults: Because children have access to other funding sources, a larger array of services are available to adults than to children through the DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements. 6.6.3.1. Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step. 6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.

**6.6.3.3 Individual Specific Training in the ISP:** The CM, with input from each DD Waiver Provider

Agency at the annual ISP meeting, completes the		
IST requirements section of the ISP form listing all		
training needs specific to the individual. Provider		
Agencies bring their proposed IST to the annual		
meeting. The IDT must reach a consensus about		
who needs to be trained, at what level		
(awareness, knowledge or skill), and within what		
timeframe. (See Chapter 17.10 Individual-Specific		
Training for more information about IST.)		
6.8 ISP Implementation and Monitoring: All DD		
Waiver Provider Agencies with a signed SFOC are		
required to provide services as detailed in the ISP.		
The ISP must be readily accessible to Provider		
Agencies on the approved budget. (See Chapter		
20: Provider Documentation and Client Records.)		
CMs facilitate and maintain communication with		
the person, his/her representative, other IDT		
members, Provider Agencies, and relevant parties		
to ensure that the person receives the maximum		
benefit of his/her services and that revisions to the		
ISP are made as needed. All DD Waiver Provider		
Agencies are required to cooperate with		
monitoring activities conducted by the CM and the		
DOH. Provider Agencies are required to respond		
to issues at the individual level and agency level		
as described in Chapter 16: Qualified Provider		
Agencies.		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider Agencies		
are required to create and maintain individual		
client records. The contents of client records vary		
depending on the unique needs of the person		
receiving services and the resultant information		
produced. The extent of documentation required		
for individual client records per service type		
depends on the location of the file, the type of		
service being provided, and the information		
necessary.

Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019

Chapter 6: Individual Service Plan (ISP) 6.8 ISP Implementation and Monitoring: All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.

# Chapter 20: Provider Documentation and Client Records 20.2 Client Records

Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

DD Waiver Provider Agencies are required to adhere to the following:

Client records must contain all documents

wheelchair as much as he can tolerate" for 12/2019. Action step is to be completed 3 time per week.

# Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes:

#### Individual #2

- None found regarding: Work/learn
   Outcome/Action Step: "... will purchase
   supplies" for 11/2019 12/2019. Action step
   is to be completed 1 time per month.
- None found regarding: Work/learn Outcome/Action Step: "... will choose an outing" for 10/2019. Action step is to be completed 1 time per week.
- None found regarding: Work/learn
   Outcome/Action Step: "... will take a picture at
   the location of her outing" for 10/2019. Action
   step is to be completed 1 time per week.

#### Individual #3

 Review of Agency's documented Outcomes and Action Steps do not match the current ISP Outcomes and Action Steps for Work/learn.

# Agency's Outcomes/Action Steps are as follows:

° "...will engage in new activities in the community."

# Annual ISP (7/10/2019 – 7/9/2020) Outcomes/Action Steps are as follows:

° "... will be able to plan her outings in the community with minimal assistance."

Individual #8

essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.

- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.

20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT		
members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the		
ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the		
DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.		
Chapter 20: Provider Documentation and Client Records 20.2 Client Records		
Requirements: All DD Waiver Provider Agencies		
are required to create and maintain individual		
client records. The contents of client records vary		
depending on the unique needs of the person receiving services and the resultant information		
produced. The extent of documentation required		
for individual client records per service type		
depends on the location of the file, the type of		
service being provided, and the information		
necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:  15. Client records must contain all documents		
10. Chefit records must contain an documents	1	

essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.  16. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.  17. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.  18. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.  19. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  20. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.  21. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.

All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.		
20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. Requirements for the Health Passport and Physician Consultation Agencies must ensure that a current copy of the		
Health Passport and Physician Consultation forms are printed and available at all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any reason and whenever there is a change to contact information contained in the IDF.		

## Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary 13.2.10 Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

where to access the information can verify awareness.  Reaching a <b>knowledge level</b> may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or	When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:  • DSP #535 stated, "I have never seen the		
demonstration may verify this level of competence. Reaching a <b>skill level</b> involves being trained by a therapist, nurse, designated or experienced	book for her. I know what health care plans are but I don't know what they are for her." As indicated by the Electronic Comprehensive		

designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.
- 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors

Health Assessment Tool, the Individual requires Health Care Plans for bowel/bladder function, Falls and Skin and wound. (Individual #10)

 DSP #557 stated, "Skin and wound, skin breakdown." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Body Mass Index and Seizure. (Individual #13)

When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported, the following was reported:

- DSP #535 stated, "I don't know I don't have her book." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires a Medical Emergency Response Plan for Falls. (Individual #10)
- DSP #557 stated, "No, I don't think so." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires a Medical Emergency Response Plan for Seizures. (Individual #13)

When DSP were asked, if the Individual had Seizure Disorder, as well as a series of questions specific to the DSP's knowledge of the Seizure Disorder, the following was reported:

 DSP #557 stated, "never had a seizure at center so I don't know when asked to describe what to do if there is a seizure." As indicated by the Individual Specific Training section of the ISP staff are required to receive

when new DSP are hired to arrange for trainings.	training on Seizure Disorder. (Individual

plan, healthcare or otherwise, chooses to		
designate a trainer, that person is still responsible		
for providing the curriculum to the designated		
trainer. The author of the plan is also responsible		
for ensuring the designated trainer is verifying		
competency in alignment with their curriculum,		
doing periodic quality assurance checks with their		
designated trainer, and re-certifying the designated		
trainer at least annually and/or when there is a		
change to a person's plan.		

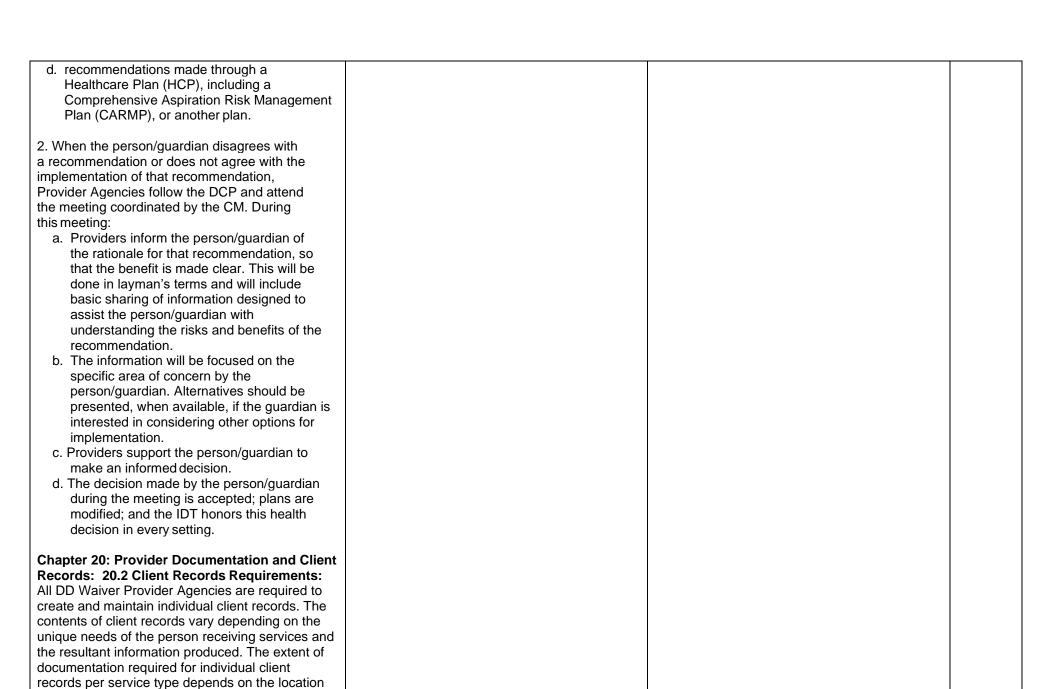

Tag # 1A37 Individual Specific Training	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019  Chapter 17: Training Requirements: The purpose of this chapter is to outline requirements for completing, reporting and documenting DDSD training requirements for DD Waiver Provider Agencies as well as requirements for certified trainers or mentors of DDSD Core curriculum training.  17.1 Training Requirements for Direct Support Personnel and Direct Support Supervisors: Direct Support Personnel (DSP) and Direct Support Supervisors (DSS) include staff and contractors from agencies providing the following services: Supported Living, Family Living, CIHS, IMLS, CCS, CIE and Crisis Supports.  DSP/DSS must successfully: a. Complete IST requirements in accordance with the specifications described in the ISP of each person supported and as outlined in 17.10 Individual-Specific Training below. b. Complete training on DOH-approved ANE reporting procedures in accordance with NMAC 7.1.14 c. Complete training in universal precautions. The training materials shall meet Occupational Safety and Health Administration (OSHA) requirements d. Complete and maintain certification in First Aid and CPR. The training materials shall meet OSHA requirements/guidelines. e. Complete relevant training in accordance with OSHA requirements (if job involves exposure to hazardous chemicals). f. Become certified in a DDSD-approved system of crisis prevention and intervention (e.g., MANDT, Handle with Care, CPI) before using EPR. Agency DSP and DSS shall maintain	Based on record review, the Agency did not ensure that Individual Specific Training requirements were met for 7 of 65 Agency Personnel.  Review of personnel records found no evidence of the following:  Direct Support Personnel (DSP):  Individual Specific Training (#500, 501, 503, 504, 505, 508, 531)	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →  Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

certification in a DDSD-approved system if any person they support has a BCIP that includes the use of EPR.  g. Complete and maintain certification in a DDSD-approved medication course if required to assist with medication delivery.  h. Complete training regarding the HIPAA.  2. Any staff being used in an emergency to fill in or cover a shift must have at a minimum the DDSD required core trainings and be on shift with a DSP who has completed the relevant IST.		
17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill. Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness. Reaching a knowledge level may take the form of observing a plan in action, reading a plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence. Reaching a skill level involves being trained by a		
therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated.		

Demonstration of skill or observed implementation		
of the techniques or strategies verifies skill level		
competence. Trainees should be observed on		
more than one occasion to ensure appropriate		
techniques are maintained and to provide		
additional coaching/feedback.		
Individuals shall receive services from competent		
and qualified Provider Agency personnel who must		
successfully complete IST requirements in		
accordance with the specifications described in the		
ISP of each person supported.		
IST must be arranged and conducted at least		
annually. IST includes training on the ISP Desired		
Outcomes, Action Plans, strategies, and		
information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be necessary		
if the annual ISP changes before the year ends.		
2. IST for therapy-related WDSI, HCPs, MERPs,		
CARMPs, PBSA, PBSP, and BCIP, must occur at		
least annually and more often if plans change, or if		
monitoring by the plan author or agency finds		
incorrect implementation, when new DSP or CM		
are assigned to work with a person, or when an		
existing DSP or CM requires a refresher.		
3. The competency level of the training is based		
on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
5. Provider Agencies are responsible for tracking		
of IST requirements.		
6. Provider Agencies must arrange and ensure		
that DSP's are trained on the contents of the plans		
in accordance with timelines indicated in the		
Individual-Specific Training Requirements:		
Support Plans section of the ISP and notify the		
plan authors when new DSP are hired to arrange		
for trainings.		
7. If a therapist, BSC, nurse, or other author of a		
plan, healthcare or otherwise, chooses to		
designate a trainer, that person is still responsible		

for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
17.10.1 IST Training Rosters: IST Training		
Rosters are required for all IST trainings:  1. IST Training Rosters must include:  a. the name of the person receiving DD  Waiver services;  b. the date of the training;		
c. IST topic for the training;		
<li>d. the signature of each trainee;</li>		
e. the role of each trainee (e.g., CIHS staff,		
CIE staff, family, etc.); and		
f. the signature and title or role of the trainer.		
2. A competency based training roster (required		
for CARMPs) includes all information above but		
also includes the level of training (awareness,		
knowledge, or skilled) the trainee has attained.		
(See Chapter 5.5 Aspiration Risk Management for		
more details about CARMPs.)		
3. A copy of the training roster is submitted to the		
agency employing the staff trained within seven		
calendar days of the training date. The original is		
retained by the trainer.		
Tetaliled by the trailler.

of the file, the type of service being provided, and the information necessary.  DD Waiver Provider Agencies are required to adhere to the following:  1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.  2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable.  3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.  4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.  5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the		
web based system using computers or mobile		
therapists or BSCs are present in all needed		
· · · · · · · · · · · · · · · · · · ·		
delivery, as well as data tracking only for the		
services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the minimum		
requirements for records to be stored in agency office files, the delivery site, or with DSP while		
providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made available		
to DDSD upon request, upon the termination or		
expiration of a provider agreement, or upon		
provider withdrawal from services.		

## 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The *Health Passport* also includes a standardized form to use at medical appointments called the *Physician Consultation* form. The Physician Consultation form contains a list of all current medications. **Chapter 10: Living Care Arrangements (LCA)** Living Supports-Supported Living: 10.3.9.6.1 **Monitoring and Supervision** 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups and other check-ups as recommended by a licensed dentist. d. The person receives a hearing test as recommended by a licensed audiologist. e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for followup activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine).

10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General

Requirements: 9 . Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical		
care as needed, and annual dental checkup by a licensed dentist).		
Chapter 13 Nursing Services: 13.2.3 General Requirements:  1. Each person has a licensed primary care practitioner and receives an annual physical		
examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.

How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of service		
delivery, as well as data tracking only for the		
services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the minimum		
requirements for records to be stored in agency		
office files, the delivery site, or with DSP while		
providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made available		
to DDSD upon request, upon the termination or		
expiration of a provider agreement, or upon		
provider withdrawal from services.		
Chapter 3 Safeguards: 3.1.1 Decision		
Consultation Process (DCP): Health decisions		
are the sole domain of waiver participants, their		
guardians or healthcare decision makers.		
Participants and their healthcare decision makers		
can confidently make decisions that are		
compatible with their personal and cultural values.		
Provider Agencies are required to support the		
informed decision making of waiver participants by		
supporting access to medical consultation,		
information, and other available resources		
according to the following:		
2. The DCP is used when a person or his/her		
guardian/healthcare decision maker has concerns, needs more information about health-related		
issues, or has decided not to follow all or part of		
an order, recommendation, or suggestion. This		
includes, but is not limited to:		
a. medical orders or recommendations from the		
Primary Care Practitioner, Specialists or other		
licensed medical or healthcare practitioners		
such as a Nurse Practitioner (NP or CNP),		
Physician Assistant (PA) or Dentist;		
b. clinical recommendations made by		

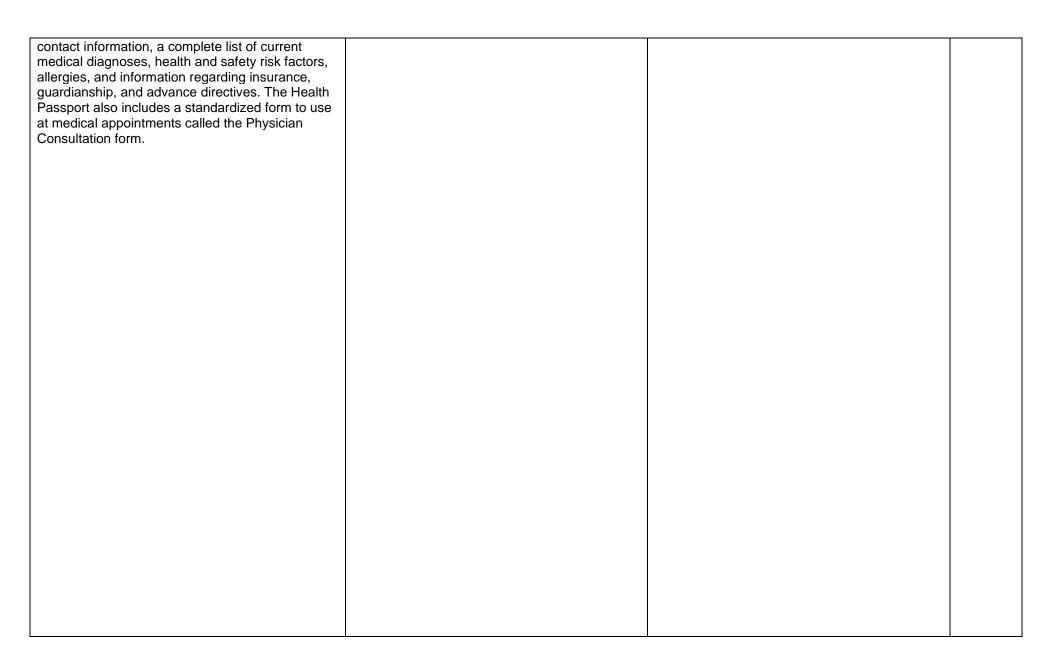

registered/licensed clinicians who are either

members of the IDT or clinicians who have performed an evaluation such as a video-fluoroscopy;  c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.		
<ol> <li>When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:         <ol> <li>Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.</li> <li>The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.</li> <li>Providers support the person/guardian to make an informed decision.</li> <li>The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.</li> </ol> </li> </ol>		
Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic		

required to review and update the electronic record and consider the diagnoses, medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information.  5. The nurse is required to complete all the e-CHAT assessment questions and add additional pertinent information in all comment sections.		
13.2.7 Aspiration Risk Management Screening Tool (ARST)		
13.2.8 Medication Administration Assessment Tool (MAAT):  1. A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting.  2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records. 3. Decisions about medication delivery are made by the IDT to promote a person's maximum independence and community integration. The IDT will reach consensus regarding which criteria the person meets, as indicated by the results of the MAAT and the nursing recommendations, and the decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):  1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and

treatment, services or goods must retain all			

medical and business records relating to any of the following for a period of at least six years from the payment date:

- a. treatment or care of any eligible recipient;
- b. services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- d. any records required by MAD for the administration of Medicaid.
- **21.9 Billable Units:** The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.
- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
  - a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
  - b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year.

 The Agency billed 96 units of Customized Community Supports (Individual) (H2021 HB U1) from 11/17/2019 through 11/23/2019. Documentation received accounted for 72 units.

#### December 2019

 The Agency billed 148 units of Customized Community Supports (Individual) (H2021 HB U1) from 12/15/2019 through 12/21/2019. Documentation received accounted for 72 units.

# Individual #4 October 2019

- The Agency billed 100 units of Customized Community Supports (Group) (T2021 HB U8) from 10/7/2019 through 10/11/2019. Documentation received accounted for 95 units.
- The Agency billed 97 units of Customized Community Supports (Group) (T2021 HB U8) from 10/14/2019 through 10/18/2019. Documentation received accounted for 90 units.

### Individual #5 October 2019

- The Agency billed 215 units of Customized Community Supports (Individual) (H2021 HB U1) from 10/6/2019 through 10/12/2019. Documentation received accounted for 104 units.
- The Agency billed 127 units of Customized Community Supports (Individual) (H2021 HB U1) from 10/20/2019 through 10/26/2019. Documentation received accounted for 94 units.

QMB Report of Findings - Cornucopia Adult and Family Services, Inc. - Metro - January 10 - 15, 2020

# **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:

- 1. A month is considered a period of 30 calendar days.
- 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.
- 3. Monthly units can be prorated by a half unit.
- 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.

# **21.9.3** Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:

- 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.
- 2. Services that last in their entirety less than eight minutes cannot be billed.

#### November 2019

- The Agency billed 191 units of Customized Community Supports (Individual) (H2021 HB U1) from 11/3/2019 through 11/9/2019. Documentation received accounted for 96 units.
- The Agency billed 203 units of Customized Community Supports (Individual) (H2021 HB U1) from 11/17/2019 through 11/23/2019. Documentation received accounted for 102 units.

#### December 2019

- The Agency billed 162 units of Customized Community Supports (Individual) (H2021 HB U1) from 12/1/2019 through 12/7/2019. Documentation received accounted for 96 units.
- The Agency billed 93 units of Customized Community Supports (Individual) (H2021 HB U1) from 12/15/2019 through 12/21/2019. Documentation received accounted for 48 units.

# Individual #7 October 2019

 The Agency billed 85 units of Customized Community Supports (Group) (T2021 HB U7) from 10/14/2019 through 10/18/2019. Documentation received accounted for 84 units.

# Individual #14 October 2019

 The Agency billed 135 units of Customized Community Supports (Group) (T2021 HB U7) from 10/7/2019 through 10/11/2019. Documentation received accounted for 134 units.

QMB Report of Findings – Cornucopia Adult and Family Services, Inc. – Metro – January 10 – 15, 2020

The Agency billed 130 units of Customized Community Supports (Group) (T2021 HB U7) from 10/14/2019 through 10/18/2019. Documentation received accounted for 128 units.  November 2019 The Agency billed 137 units of Customized Community Supports (Group) (T2021 HB U7) from 11/18/2019 through 11/22/2019. Documentation received accounted for 136 units.

#### KATHYLEEN M. KUNKEL CABINET SECRETARY

July 10, 2020 Date:

To: Michelle Bishop-Couch, Chief Executive Officer Provider: Cornucopia Adult and Family Services, Inc.

2002 Bridge Blvd. SW Address:

State/Zip: Albuquerque, New Mexico 87105

E-Mail Address: michelle@cornucopia-ads.org

Region: Metro

January 10 - 15, 2020 Survey Date:

Program Surveyed: **Developmental Disabilities Waiver** 

Service Surveyed: 2018: Supported Living, Family Living, Customized In-Home Supports

and Customized Community Supports

Survey Type: Routine

Dear Ms. Bishop-Couch:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

# The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS
