To: Ray Chavez, Director

Provider: Nezzy Care of Las Cruces (Mayfield-Colt Corporation)

Address: 205 W. Boutz Road Bldg. 5 State/Zip: Las Cruces, New Mexico 88047

E-mail Address: nezzclc@hotmail.com

Region: Southwest & Southeast Survey Date: October 8 - 22, 2021

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Supported Living, Family Living, Customized In-Home Supports, Customized Community

Supports, and Community Integrated Employment Services

Survey Type: Routine

Team Leader: Caitlin Wall, BA, BSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Amanda Castaneda-Holguin, MPA, Healthcare Surveyor Supervisor, Division of Health

Improvement/Quality Management Bureau; Beverly Estrada, ADN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Bernadette Baca, MPA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Heather Driscoll, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Sally Rel, MS, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor,

Division of Health Improvement/Quality Management Bureau

Dear Mr. Chavez;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A26.1 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A37 Individual Specific Training
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15 Healthcare Coordination Nurse Availability / Knowledge
- Tag # 1A31 Client Rights / Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Req. Documentation)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A25 Caregiver Criminal History Screening
- Tag # 1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A39 Assistive Technology and Adaptive Equipment
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS25 Community Integrated Employment Services
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS27 Family Living Reimbursement
- Tag # IH32 Customized In-Home Supports Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff
no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible
an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)

- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total

business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Caitlin Wall, BA, BSW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked:
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- 1A22 Agency Personnel Competency

• 1A37 - Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance	Weighting						
Determination	LC)W		MEDIUM		Н	IIGH
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or
COP Level Tags:	0 COP	0 COP	0 COP	0 COP	1 to 5 COP	0 to 5 CoPs	6 or more COP
	and	and	and	and		and	
Sample Affected:	0 to 74%	0 to 49%	75 to 100%	50 to 74%		75 to 100%	
"Non-Compliance"						17 or more Total Tags with 75 to 100% of the Individuals in the sample cited in any CoP Level tag.	Any Amount of Standard Level Tags and 6 or more Conditions of Participation Level Tags.
"Partial Compliance with Standard Level tags <u>and</u> Condition of Participation Level Tags"					Any Amount Standard Level Tags, plus 1 to 5 Conditions of Participation Level tags.		
"Partial Compliance with Standard Level tags"			up to 16 Standard Level Tags with 75 to 100% of the individuals in the sample cited in any tag.	17 or more Standard Level Tags with 50 to 74% of the individuals in the sample cited any tag.			
"Compliance"	Up to 16 Standard Level Tags with 0 to 74% of the individuals in the sample cited in any tag.	17 or more Standard Level Tags with 0 to 49% of the individuals in the sample cited in any tag.

6.5.2 ISP Revisions: The ISP is a dynamic document that changes with the person's desires, circumstances, and need. IDT members must collaborate and request an IDT meeting from the CM when a need to modify			

the ISP arises. The CM convenes the IDT within ten days of receipt of any reasonable request to convene the team, either in person or through teleconference.			
6.6 DDSD ISP Template: The ISP must be			
written according to templates provided by the	 		
DDSD. Both children and adults have			
designated ISP templates. The ISP template			
includes Vision Statements, Desired			
Outcomes, a meeting participant signature			
page, an Addendum A (i.e. an			
acknowledgement of receipt of specific			
information) and other elements depending on			
the age of the individual. The ISP templates			
may be revised and reissued by DDSD to			
incorporate initiatives that improve person -	 		
centered planning practices. Companion			
documents may also be issued by DDSD and			
be required for use in order to better			
demonstrate required elements of the PCP			
process and ISP development.			1
The ISP is completed by the CM with the IDT			1
input and must be completed according to the			1
following requirements:	 		
DD Waiver Provider Agencies should not	 		
recommend service type, frequency, and			
amount (except for required case			1
management services) on an individual budget			
prior to the Vision Statement and Desired			
Outcomes being developed.			
2. The person does not require IDT			1
agreement/approval regarding his/her dreams,	 		
aspirations, and desired long-term outcomes.			1
3. When there is disagreement, the IDT is			1
required to plan and resolve conflicts in a			1
manner that promotes health, safety, and	 		ĺ
quality of life through consensus. Consensus	 		ĺ
means a state of general agreement that			l
allows members to support the proposal, at	 		ĺ
least on a trial basis. 4. A signature page and/or documentation of	 		İ
4. A Signature page and/or documentation of 1	,	1	

participation by phone must be completed. 5. The CM must review a current Addendum A and DHI ANE letter with the person and Court appointed guardian or parents of a minor, if applicable.		
6.6.3 Additional Requirements for Adults: Because children have access to other funding sources, a larger array of services are available to adults than to children through the DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.		
6.6.3.1. Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome.		
 Action Plans include actions the person will take; not just actions the staff will take. Action Plans delineate which activities will be completed within one year. Action Plans are completed through IDT consensus during the ISP meeting. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step. 		
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and		

assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.	
6.6.3.3 Individual Specific Training in the ISP: The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness, knowledge or skill), and within what timeframe	
knowledge or skill), and within what timeframe.	
(See Chapter 17.10 Individual-Specific Training for more information about IST.)	
6.8 ISP Implementation and Monitoring: All	
DD Waiver Provider Agencies with a signed	
SFOC are required to provide services as	
detailed in the ISP. The ISP must be readily	
accessible to Provider Agencies on the	
approved budget. (See Chapter 20: Provider	
Documentation and Client Records.) CMs	
facilitate and maintain communication with the	
person, his/her representative, other IDT	
members, Provider Agencies, and relevant	
parties to ensure that the person receives the	
maximum benefit of his/her services and that	
revisions to the ISP are made as needed. All	
DD Waiver Provider Agencies are required to	
cooperate with monitoring activities conducted	
by the CM and the DOH. Provider Agencies	
are required to respond to issues at the	
individual level and agency level as described	
in Chapter 16: Qualified Provider Agencies.

The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

 None found regarding: Live Outcome/Action Step: "...will put gloves on and complete cleaning the bathroom" for 10/1 – 15, 2021. Action step is to be completed 1 time per week. (Date of home visit: 10/21/2021)

Individual #17

 None found regarding: Live Outcome/Action Step: "With some assistance ... gathers essential items for meal prep with less than two prompts" for 10/1 – 8, 2021. Action step is to be completed 1 time per week. (Date of home visit: 10/14/2021)

Individual #18

 None found regarding: Live Outcome/Action Step: "...will work on speech program" for 10/1 – 15, 2021. Action step is to be completed 1 time per week. (Date of home visit: 10/21/2021)

DD Waiver Provider Agencies are required to		
adhere to the following:		
15. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
16. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using computers or		
mobile devices is acceptable.		
17. Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
18. Provider Agencies must maintain records		
of all documents produced by agency		
personnel or contractors on behalf of each		
person, including any routine notes or data,		
annual assessments, semi-annual reports,		
evidence of training provided/received,		
progress notes, and any other interactions for		
which billing is generated.		
19. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
20. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be		
stored in agency office files, the delivery site,		
or with DSP while providing services in the		
community.		
21. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.

Services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This		
· •		
standardized document contains individual,		
physician and emergency contact information,		
a complete list of current medical diagnoses,		
health and safety risk factors, allergies, and		
information regarding insurance, guardianship,		
and advance directives. The <i>Health Passport</i>		
also includes a standardized form to use at		
medical appointments called the <i>Physician</i>		
Consultation form. The Physician Consultation		
form contains a list of all current medications.		
Requirements for the <i>Health Passport</i> and		
Physician Consultation form are:		
2. The Primary and Secondary Provider		
Agencies must ensure that a current copy of		
the Health Passport and Physician		
Consultation forms are printed and available		
at all service delivery sites. Both forms must		
be reprinted and placed at all service		
delivery sites each time the e-CHAT is		

updated for any reason and whenever there		
is a change to contact information contained		
in the IDF.		
Chapter 13: Nursing Services: 13.2.9		
Healthcare Plans (HCP):		
1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of		
the e-CHAT and formal care planning		
process. This includes interim ARM plans for		
those persons newly identified at moderate or		
high risk for aspiration. All interim plans must		
be removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
In collaboration with the IDT, the		
agency nurse is required to create HCPs		
that address all the areas identified as		
required in the most current e-CHAT		
summary		
13.2.10 Medical Emergency Response Plan		
(MERP):		
The agency nurse is required to develop a		
Medical Emergency Response Plan (MERP)		
for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions		
also warrant a MERP.		
2. MERPs are required for persons who have		
one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.

described by the author or their designee.	identify the State Agency as Division of	
Verbal or written recall or demonstration may	Health Improvement. (Individual #17)	
verify this level of competence.		
Reaching a skill level involves being trained		
by a therapist, nurse, designated or		
experienced designated trainer. The trainer		
shall demonstrate the techniques according to		
the plan. Then they observe and provide		
feedback to the trainee as they implement the		
techniques. This should be repeated until		
competence is demonstrated. Demonstration		
of skill or observed implementation of the		
techniques or strategies verifies skill level		
competence. Trainees should be observed on		
more than one occasion to ensure appropriate		
techniques are maintained and to provide		
additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
IST must be arranged and conducted at		
least annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies,		
and information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the year ends.		
*		
2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan		
author or agency finds incorrect		
implementation, when new DSP or CM are		
assigned to work with a person, or when an		
existing DSP or CM requires a refresher.		
3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
The person should be present for and		

involved in IST whenever possible.		
5. Provider Agencies are responsible for		
tracking of IST requirements.		
6. Provider Agencies must arrange and		
ensure that DSP's are trained on the contents		
of the plans in accordance with timelines		
indicated in the Individual-Specific Training		
Requirements: Support Plans section of the		
ISP and notify the plan authors when new DSP		
are hired to arrange for trainings.		
7. If a therapist, BSC, nurse, or other author of		
a plan, healthcare or otherwise, chooses to		
designate a trainer, that person is still		
responsible for providing the curriculum to the		
designated trainer. The author of the plan is		
also responsible for ensuring the designated		
trainer is verifying competency in alignment		
with their curriculum, doing periodic quality		
assurance checks with their designated trainer,		
and re-certifying the designated trainer at least		
annually and/or when there is a change to a		
person's plan.

Pursuant to Section 29-17-5 NMSA 1978			
(Amended) of the act, a care provider's failure			
to comply is grounds for the state agency			
having enforcement authority with respect to			
the care provider] to impose appropriate			
administrative sanctions and penalties.			
B. Exception: A caregiver or hospital			
caregiver applying for employment or			
contracting services with a care provider within			
twelve (12) months of the caregiver's or			
hospital caregiver's most recent nationwide			
criminal history screening which list no			
disqualifying convictions shall only apply for a			
statewide criminal history screening upon offer			
of employment or at the time of entering into a			
contractual relationship with the care provider.			
At the discretion of the care provider a			
nationwide criminal history screening,			
additional to the required statewide criminal			
history screening, may be requested.			

C. Conditional Employment: Applicants,		
caregivers, and hospital caregivers who have		
submitted all completed documents and paid		
all applicable fees for a nationwide and		
statewide criminal history screening may be		
deemed to have conditional supervised		
employment pending receipt of written notice		
given by the department as to whether the		
applicant, caregiver or hospital caregiver has a		
disqualifying conviction.		
F. Timely Submission: Care providers shall		
submit all fees and pertinent application		
information for all individuals who meet the		
definition of an applicant, caregiver or hospital		
caregiver as described in Subsections B, D		
and K of 7.1.9.7 NMAC, no later than twenty		
(20) calendar days from the first day of		
employment or effective date of a contractual		
relationship with the care provider.		
G. Maintenance of Records: Care providers		
shall maintain documentation relating to all		
employees and contractors evidencing		
compliance with the act and these rules.		
(1) During the term of employment, care		
providers shall maintain evidence of each		
applicant, caregiver or hospital caregiver's		
clearance, pending reconsideration, or		
disqualification.		
(2) Care providers shall maintain documented		
evidence showing the basis for any		
determination by the care provider that an		
employee or contractor performs job functions		
that do not fall within the scope of the		
requirement for nationwide or statewide		
criminal history screening. A memorandum in		
an employee's file stating "This employee does		
not provide direct care or have routine		
unsupervised physical or financial access to		
care recipients served by [name of care		
provider]," together with the employee's job		
description, shall suffice for record keeping		

purposes.

NMAC 7.1.9.9 CAREGIVERS OR HOSPITAL CAREGIVERS AND APPLICANTS WITH DISQUALIFYING CONVICTIONS: A. Prohibition on Employment: A care provider shall not hire or continue the employment or contractual services of any applicant, caregiver or hospital caregiver for whom the care provider has received notice of a disqualifying conviction, except as provided in Subsection B of this section.		
NMAC 7.1.9.11 DISQUALIFYING CONVICTIONS. The following felony convictions disqualify an applicant, caregiver or hospital caregiver from employment or contractual services with a care provider: A. homicide; B. trafficking, or trafficking in controlled substances; C. kidnapping, false imprisonment, aggravated assault or aggravated battery; D. rape, criminal sexual penetration, criminal sexual contact, incest, indecent exposure, or other related felony sexual offenses; E. crimes involving adult abuse, neglect or financial exploitation; F. crimes involving child abuse or neglect; G. crimes involving robbery, larceny, extortion, burglary, fraud, forgery, embezzlement, credit card fraud, or receiving stolen property; or H. an attempt, solicitation, or conspiracy involving any of the felonies in this subsection.

employee, the provider shall use identifying			
information concerning the individual under			1
consideration for employment or contracting			
sufficient to reasonably and completely search			
the registry, including the name, address, date			

of birth, social security number, and other		
appropriate identifying information required by		
the registry.		
D. Documentation of inquiry to registry.		
The provider shall maintain documentation in		
the employee's personnel or employment		
records that evidences the fact that the		
provider made an inquiry to the registry		
concerning that employee prior to employment.		
Such documentation must include evidence,		
based on the response to such inquiry		
received from the custodian by the provider,		
that the employee was not listed on the registry		
as having a substantiated registry-referred		
incident of abuse, neglect or exploitation.		
E. Documentation for other staff. With		
respect to all employed or contracted		
individuals providing direct care who are		
licensed health care professionals or certified		
nurse aides, the provider shall maintain		
documentation reflecting the individual's		
current licensure as a health care professional		
or current certification as a nurse aide.		
F. Consequences of noncompliance. The		
department or other governmental agency		
having regulatory enforcement authority over a		
provider may sanction a provider in		
accordance with applicable law if the provider		
fails to make an appropriate and timely inquiry		
of the registry, or fails to maintain evidence of		
such inquiry, in connection with the hiring or		
contracting of an employee; or for employing or		
contracting any person to work as an		
employee who is listed on the registry. Such		
sanctions may include a directed plan of		
correction, civil monetary penalty not to exceed		
five thousand dollars (\$5000) per instance, or		
termination or non-renewal of any contract with		
the department or other governmental agency.

consideration for employment or contracting sufficient to reasonably and completely search			
Summer to reasonably and completely search			

the registry, including the name, address, date		
of birth, social security number, and other		
appropriate identifying information required by		
the registry.		
D. Documentation of inquiry to registry.		
The provider shall maintain documentation in		
the employee's personnel or employment		
records that evidences the fact that the		
provider made an inquiry to the registry		
concerning that employee prior to employment.		
Such documentation must include evidence,		
based on the response to such inquiry		
received from the custodian by the provider,		
that the employee was not listed on the registry		
as having a substantiated registry-referred		
incident of abuse, neglect or exploitation.		
E. Documentation for other staff. With		
respect to all employed or contracted		
individuals providing direct care who are		
licensed health care professionals or certified		
nurse aides, the provider shall maintain		
documentation reflecting the individual's		
current licensure as a health care professional		
or current certification as a nurse aide.		
F. Consequences of noncompliance. The		
department or other governmental agency		
having regulatory enforcement authority over a		
provider may sanction a provider in		
accordance with applicable law if the provider		
fails to make an appropriate and timely inquiry		
of the registry, or fails to maintain evidence of		
such inquiry, in connection with the hiring or		
contracting of an employee; or for employing or		
contracting any person to work as an		
employee who is listed on the registry. Such		
sanctions may include a directed plan of		
correction, civil monetary penalty not to exceed		
five thousand dollars (\$5000) per instance, or		
termination or non-renewal of any contract with		
the department or other governmental agency.

with the specifications described in the ISP		,	
of each person supported and as outlined			
in 17.10 Individual-Specific Training below.			
b. Complete training on DOH-approved ANE			
reporting procedures in accordance with			
NMAC 7.1.14			
c. Complete training in universal precautions.			
The training materials shall meet			
Occupational Safety and Health			
Administration (OSHA) requirements			
d. Complete and maintain certification in First			
Aid and CPR. The training materials shall			
meet OSHA requirements/guidelines.			
e. Complete relevant training in accordance			
with OSHA requirements (if job involves			
exposure to hazardous chemicals).			
f. Become certified in a DDSD-approved			
system of crisis prevention and			
intervention (e.g., MANDT, Handle with			
Care, CPI) before using EPR. Agency DSP			
and DSS shall maintain certification in a		1	

DDSD-approved system if any person they	
support has a BCIP that includes the use	
of EPR.	
g. Complete and maintain certification in a	
DDSD-approved medication course if	
required to assist with medication delivery.	
h. Complete training regarding the HIPAA.	
Any staff being used in an emergency	
to fill in or cover a shift must have at a	
minimum the DDSD required core trainings and be on shift with a DSP who has	
completed the relevant IST.	
Completed the relevant 131.	
17.10 Individual-Specific Training: The	
following are elements of IST: defined	
standards of performance, curriculum tailored	
to teach skills and knowledge necessary to	
meet those standards of performance, and	
formal examination or demonstration to verify	
standards of performance, using the	
established DDSD training levels of	
awareness, knowledge, and skill. Reaching an awareness level may be	
accomplished by reading plans or other	
information. The trainee is cognizant of	
information related to a person's specific	
condition. Verbal or written recall of basic	
information or knowing where to access the	
information can verify awareness.	
Reaching a knowledge level may take the	
form of observing a plan in action, reading a	
plan more thoroughly, or having a plan described by the author or their designee.	
Verbal or written recall or demonstration may	
verify this level of competence.	
Reaching a skill level involves being trained	
by a therapist, nurse, designated or	
experienced designated trainer. The trainer	
shall demonstrate the techniques according to	
the plan. Then they observe and provide	
feedback to the trainee as they implement the	
techniques. This should be repeated until	

competence is demonstrated. Demonstration		
of skill or observed implementation of the		
techniques or strategies verifies skill level		
competence. Trainees should be observed on		
more than one occasion to ensure appropriate		
techniques are maintained and to provide		
additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
IST must be arranged and conducted at		
least annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies,		
and information about the person's		
preferences regarding privacy, communication		
style, and routines. More frequent training may		
be necessary if the annual ISP changes before		
the year ends.		
2. IST for therapy-related WDSI, HCPs,		
MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan		
author or agency finds incorrect		
implementation, when new DSP or CM are		
assigned to work with a person, or when an		
existing DSP or CM requires a refresher.		
3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
5. Provider Agencies are responsible for		
tracking of IST requirements.		
6. Provider Agencies must arrange and		
ensure that DSP's are trained on the contents		
of the plans in accordance with timelines		
indicated in the Individual-Specific Training		
Requirements: Support Plans section of the		
ISP and notify the plan authors when new DSP are hired to arrange for trainings.		
	in diama. Name Care of Las Crusos (May field Calt Comparation). Caythyyant 9 Caythagat	

7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
 17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency-based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.) 3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer.

Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System.

5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.

Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting:

- 1. Effective immediately, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau.
- 2. No alternative methods for reporting are permitted.

The following events need to be reported in the Therap GER:

- Emergency Room/Urgent Care/Emergency Medical Services
- Falls Without Injury
- Injury (including Falls, Choking, Skin Breakdown and Infection)
- Law Enforcement Use
- Medication Errors
- Medication Documentation Errors
- Missing Person/Elopement
- Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission
- PRN Psychotropic Medication
- Restraint Related to Behavior
- Suicide Attempt or Threat

<u>Entry Guidance:</u> Provider Agencies must complete the following sections of the GER

- General Events Report (GER) indicates on 3/11/2021 the Individual received first dose of vaccine. (COVID-19 Vaccine). GER was approved 10/5/2021.
- General Events Report (GER) indicates on 4/2/2021 the Individual received second dose of vaccine. (COVID-19 Vaccine). GER was approved 10/5/2021.

Individual #14

- General Events Report (GER) indicates on 4/9/2021 the Individual received first dose of vaccine. (COVID-19 Vaccine). GER was approved 10/6/2021.
- General Events Report (GER) indicates on 4/30/2021 the Individual received second dose of vaccine. (COVID-19 Vaccine). GER was approved 10/6/2021.

Individual #15

- General Events Report (GER) indicates on 7/5/2021 the Individual received first dose of vaccine. (COVID-19 Vaccine). GER was approved 8/25/2021.
- General Events Report (GER) indicates on 8/2/2021 the Individual designated vaccine area. (COVID-19 Vaccine). GER was approved 8/25/2021.

- d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.
- 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting:
 - a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation.
 - b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation.
 - c. Providers support the person/guardian to make an informed decision.
 - d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting.

Auditory Exam:

 Individual #16 - As indicated by collateral documentation reviewed, the exam was Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:

- 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service.
- 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable.
- 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.
- 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site,

completed on 9/30/2021. Exam was not linked / attached in Therap. (Note: Linked / attached in Therap during the on-site survey. Provider please complete POC for ongoing QA/QI.)

Cardiology

 Individual #9 - As indicated by collateral documentation reviewed, exam was completed on 6/2/2021. Exam was not linked / attached in Therap. (Note: Linked / attached in Therap during the on-site survey. Provider please complete POC for ongoing QA/QI.)

Emergency Medicine:

 Individual #16 - As indicated by collateral documentation reviewed, exam was completed on 2/28/2021. Per documentation, follow-up was to be completed with "Primary Care Physician as soon as possible." No evidence of follow-up found.

Podiatry:

 Individual #2 - As indicated by collateral documentation reviewed, exam was completed on 1/14/2021. Exam was not linked / attached in Therap. (Note: Linked / attached in Therap during the on-site survey. Provider please complete POC for ongoing QA/QI.)

Primary Care:

 Individual #2 - As indicated by collateral documentation reviewed, exam was completed on 6/8/2021. Exam was not linked / attached in Therap. (Note: Linked / attached in Therap during the on-site survey. Provider please complete POC for ongoing QA/QI.)

or with DSP while providing services in the community. 7. All records pertaining to JCMs must be		
retained permanently and must be made available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This		
standardized document contains individual, physician and emergency contact information,		
a complete list of current medical diagnoses,		
health and safety risk factors, allergies, and information regarding insurance, guardianship,		
and advance directives. The <i>Health Passport</i>		
also includes a standardized form to use at		
medical appointments called the <i>Physician</i> Consultation form. The <i>Physician Consultation</i>		
form contains a list of all current medications.		
Chapter 10: Living Care Arrangements		
(LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision		
4. Ensure and document the following:		
a. The person has a Primary Care Practitioner.		
b. The person receives an annual		
physical examination and other		
examinations as recommended by a Primary Care Practitioner or		
specialist.		
c. The person receives annual dental check-ups		
annual dental check-ups and other check-ups as		
recommended by a		
licensed dentist		

d. The person receives a hearing test as

recommended by a licensed audiologist. e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine). 10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General Requirements: 9. Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist). Chapter 13 Nursing Services: 13.2.3 General Requirements: 1. Each person has a licensed primary care practitioner and receives an annual		
physical examination and specialty medical/dental care as needed. Nurses		
communicate with these providers to share current health information.

requirements. The findings should help			
inform the agency's QI plan.			
22.2 QI Plan and Key Performance			
Indicators (KPI): Findings from a discovery			
process should result in a QI plan. The QI plan			
is used by an agency to continually determine			
whether the agency is performing within			
program requirements, achieving goals, and			
identifying opportunities for improvement. The			
QI plan describes the processes that the			
Provider Agency uses in each phase of the			
QIS: discovery, remediation, and sustained improvement. It describes the frequency of			
data collection, the source and types of data			
data collection, the source and types of data			

gathered, as well as the methods used to		
analyze data and measure performance. The		
QI plan must describe how the data collected		
will be used to improve the delivery of services		
and must describe the methods used to		
evaluate whether implementation of		
improvements is working. The QI plan shall		
address, at minimum, three key performance		
indicators (KPI). The KPI are determined by		
DOH-DDSQI) on an annual basis or as		
determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if		
needed. The QI Committee convenes to		
review data; to identify any deficiencies,		
trends, patterns, or concerns; to remedy		
deficiencies; and to identify opportunities for		
QI. QI Committee meetings must be		
documented and include a review of at least		
the following:		
Activities or processes related to discovery,		
i.e., monitoring and recording the findings;		
2. The entities or individuals responsible for		
conducting the discovery/monitoring		
process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality		
assurance (QA) activities and the QI Plan		
that the agency has implemented during the		
year. The annual report shall:		
Be submitted to the DDSD PEU by		
February 15th of each calendar year.		
Be kept on file at the agency, and made		
opt on mo at the agoney, and made		

available to DOH, including DHI upon		
request.		
Address the Provider Agency's QA or		
compliance with at least the following:		
a. compliance with DDSD Training Requirements;		
 b. compliance with reporting requirements, including reporting of ANE; 		
 c. timely submission of documentation for budget development and approval; 		
 d. presence and completeness of required documentation; 		
e. compliance with CCHS, EAR, and Licensing requirements as applicable; and		
f. a summary of all corrective plans		
implemented over the last 24		
months, demonstrating closure		
with any deficiencies or findings as		
well as ongoing compliance and		
sustainability. Corrective plans		
include but are not limited to:		
i. IQR findings;		
ii. CPA Plans related to ANE reporting;		
iii. POCs related to QMB compliance surveys; and		
iv. PIPs related to Regional Office		
Contract Management.		
4. Address the Provider Agency QI with at least the following:		
a. data analysis related to the DDSD required KPI; and		
b. the five elements required to be discussed by the QI committee each		
quarter.		
NMAC 7.1.14.8 INCIDENT MANAGEMENT		
SYSTEM REPORTING REQUIREMENTS FOR		
COMMUNITY-BASED SERVICE PROVIDERS:		

F. Quality assurance/quality improvement	I	
program for community-based service	I	
providers: The community-based service	I	
provider shall establish and implement a quality	I	
improvement program for reviewing alleged	I	
complaints and incidents of abuse, neglect, or	I	
exploitation against them as a provider after the	I	
division's investigation is complete. The incident	I	
management program shall include written	I	
documentation of corrective actions taken. The	I	
community-based service provider shall take all	I	
reasonable steps to prevent further incidents.	I	
The community-based service provider shall	I

On-Call Nursing.			
Chapter 13: Nursing Services			
13.2 Part 1 - General Nursing Services			
Requirements: The following general			
requirements are applicable for all RNs and			

LPNs in in the DD Waiver System whether providing nursing through a bundled model in Supported Living, Intensive Medical Living Services(IMLS), Customized Community Supports Group (CCS-G) or separately budgeted through Adult Nursing Services (ANS). Refer to the Chapter 10: Living Care Arrangements (LCA) for provider agency responsibilities related to nursing.		
 13.2.1 Licensing and Supervision: All DD Waiver Nursing services must be provided by a Registered Nurse (RN) or licensed practical nurse (LPN) with a current New Mexico license in good standing. Nurses must comply with all aspects of the New Mexico Nursing Practice Act including: a. An RN must provide face-to-face supervision and oversight for LPNs, Certified Medication Aides (CMAs) and DSP who have been delegated specific nursing tasks. b. An LPN or CMA may not work without the routine oversight of an RN. 		
13.3.2 Scope of Ongoing Adult Nursing Services (OANS): Ongoing Adult Nursing Services (OANS) are an array of services that are available to young adult and adults who require supports for specific chronic or acute health conditions. OANS may only begin after the Nursing Assessment and Consultation has been completed.

progress notes, and any other interactions for			
which billing is generated.			

 Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 		
Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists		

or other licensed medical or healthcare practitioners such as a Nurse Practitioner

	(NP or CNP), Physician Assistant (PA) or	
L	Dentist;	
D.	clinical recommendations made by registered/licensed clinicians who are	
	either members of the IDT or clinicians	
	who have performed an evaluation such	
	as a video-fluoroscopy;	
C	health related recommendations or	
0.	suggestions from oversight activities such	
	as the Individual Quality Review (IQR) or	
	other DOH review or oversight activities;	
	and	
d.	recommendations made through a	
	Healthcare Plan (HCP), including a	
	Comprehensive Aspiration Risk	
	Management Plan (CARMP), or another	
	plan.	
	hen the person/guardian disagrees with a	
	mmendation or does not agree with the	
	ementation of that recommendation,	
	vider Agencies follow the DCP and attend	
	meeting coordinated by the CM. During	
	meeting:	
a.	Providers inform the person/guardian of	
	the rationale for that recommendation, so	
	that the benefit is made clear. This will	
	be done in layman's terms and will	
	include basic sharing of information designed to assist the person/guardian	
	with understanding the risks and benefits	
	of the recommendation.	
h	The information will be focused on the	
~	specific area of concern by the	
	person/guardian. Alternatives should be	
	presented, when available, if the	
	guardian is interested in considering	
	other options for implementation.	
C.	Providers support the person/guardian to	
	make an informed decision.	
d.	The decision made by the	
	person/guardian during the meeting is	

accepted; plans are modified; and the		
IDT honors this health decision in every		
setting.		
Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and Planning Process: The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT). This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for		
planning specific to CCS or CIE services may be needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
Living Supports: Supported Living, IMLS or		
Family Living via ANS; 2. Customized Community Supports- Group;		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion		
with health-related needs; or b. if no residential services are budgeted		
but assessment is desired and health		
needs may exist.		
13.2.6 The Electronic Comprehensive		
Health Assessment Tool (e-CHAT)		
The e-CHAT is a nursing assessment. It		
may not be delegated by a licensed nurse to a		
non-licensed person.		
2. The nurse must see the person face-to-face		

to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources. 3. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver recipients may obtain an e-CHAT if needed or desired by adding ANS hours for assessment and consultation to their budget. 4. When completing the e-CHAT, the nurse is required to review and update the electronic record and consider the diagnoses, medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information. 5. The nurse is required to complete all the e-CHAT assessment questions and add additional pertinent information in all comment sections.		
13.2.7 Aspiration Risk Management Screening Tool (ARST)		
13.2.8 Medication Administration Assessment Tool (MAAT): 1. A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting. 2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records. 3. Decisions about medication delivery are made by the IDT to promote a person's maximum independence and community integration. The IDT will reach consensus regarding which criteria the person meets, as indicated		

by the results of the MAAT and the		
nursing recommendations, and the	I	1
decision is documented this in the ISP.	I	1
	I	ı
13.2.9 Healthcare Plans (HCP):	I	ı
1. At the nurse's discretion, based on prudent	I	1
nursing practice, interim HCPs may be	I	1
developed to address issues that must be	I	1
implemented immediately after admission,	I	ı
readmission or change of medical condition to	I	1
provide safe services prior to completion of the	I	1
e-CHAT and formal care planning process.	I	1
This includes interim ARM plans for those	I	1
persons newly identified at moderate or high	I	1
risk for aspiration. All interim plans must be	I	1
removed if the plan is no longer needed or	I	1
when final HCP including CARMPs are in	I	1
place to avoid duplication of plans.	I	1
2. In collaboration with the IDT, the agency	I	1
nurse is required to create HCPs that address	I	1
all the areas identified as required in the most	I	1
current e-CHAT summary report which is	I	1
indicated by "R" in the HCP column. At the	I	1
nurse's sole discretion, based on prudent	I	1
nursing practice, HCPs may be combined	I	1
where clinically appropriate. The nurse should	I	1
use nursing judgment to determine whether to	I	1
also include HCPs for any of the areas	I	1
indicated by "C" on the e-CHAT summary	I	1
report. The nurse may also create other HCPs	I	1
plans that the nurse determines are warranted.	I	1
13.2.10 Medical Emergency Response Plan		1
(MERP):	I	1
The agency nurse is required to develop a	I	1
Medical Emergency Response Plan (MERP)	I	1
for all conditions marked with an "R" in the e-	I	
CHAT summary report. The agency nurse	I	1
should use her/his clinical judgment and input	I	1
from the Interdisciplinary Team (IDT) to	I	1
determine whether shown as "C" in the e-	I	1
CHAT summary report or other conditions also	I	ı

warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a lifethreatening situation.		
Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.

Service Standards 2/26/2018; Re-Issue:			
12/28/2018; Eff 1/1/2019			
Chapter 2: Human Rights: Civil rights apply			
to everyone, including all waiver participants,			
to everyone, including all waiver participants,			

family members, guardians, natural supports, and Provider Agencies. Everyone has a responsibility to make sure those rights are not violated. All Provider Agencies play a role in person-centered planning (PCP) and have an obligation to contribute to the planning process, always focusing on how to best support the person.		
Chapter 3 Safeguards: 3.3.1 HRC Procedural Requirements: 1. An invitation to participate in the HRC meeting of a rights restriction review will be given to the person (regardless of verbal or cognitive ability), his/her guardian, and/or a family member (if desired by the person), and the Behavior Support Consultant (BSC) at least 10 working days prior to the meeting (except for in emergency situations). If the person (and/or the guardian) does not wish to attend, his/her stated preferences may be brought to the meeting by someone whom the person chooses as his/her representative. 2. The Provider Agencies that are seeking to temporarily limit the person's right(s) (e.g., Living Supports, Community Inclusion, or BSC) are required to support the person's informed consent regarding the rights restriction, as well as their timely participation in the review. 3. The plan's author, designated staff (e.g., agency service coordinator) and/or the CM makes a written or oral presentation to the HRC. 4. The results of the HRC review are reported in writing to the person supported, the guardian, the BSC, the mental health or other		
specialized therapy provider, and the CM within three working days of the meeting. 5. HRC committees are required to meet at least on a quarterly basis. 6. A quorum to conduct an HRC meeting is at least three voting members eligible to vote in		

each situation and at least one must be a community member at large. 7. HRC members who are directly involved in the services provided to the person must excuse themselves from voting in that situation. Each HRC is required to have a provision for emergency approval of rights restrictions based upon credible threats of harm against self or others that may arise between scheduled HRC meetings (e.g., locking up sharp knives after a serious attempt to injure self or others or a disclosure, with a credible plan, to seriously injure or kill someone). The confidential and HIPAA compliant emergency meeting may be via telephone, video or conference call, or secure email. Procedures may include an initial emergency phone meeting, and a subsequent follow-up emergency meeting in complex and/or ongoing situations. 8. The HRC with primary responsibility for implementation of the rights restriction will		
record all meeting minutes on an individual basis, i.e., each meeting discussion for an individual will be recorded separately, and minutes of all meetings will be retained at the		
agency for at least six years from the final date of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The HRC reviews temporary restrictions of rights that are related to medical issues or health and safety considerations such as decreased		
mobility (e.g., the use of bed rails due to risk of falling during the night while getting out of bed). However, other temporary restrictions		
may be implemented because of health and safety considerations arising from behavioral issues. Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support is needed and desired by the person and/or		

the IDT. PBS emphasizes the acquisition and	
maintenance of positive skills (e.g. building	
healthy relationships) to increase the person's	
quality of life understanding that a natural	
reduction in other challenging behaviors will	
follow. At times, aversive interventions may be	
temporarily included as a part of a person's	
behavioral support (usually in the BCIP), and	
therefore, need to be reviewed prior to	
implementation as well as periodically while	
the restrictive intervention is in place. PBSPs	
not containing aversive interventions do not	
require HRC review or approval.	
Plans (e.g., ISPs, PBSPs, BCIPs PPMPs,	
and/or RMPs) that contain any aversive	
interventions are submitted to the HRC in	
advance of a meeting, except in emergency	
situations.	
3.3.4 Interventions Requiring HRC Review	
and Approval: HRCs must review prior to	
implementation, any plans (e.g. ISPs, PBSPs,	
BCIPs and/or PPMPs, RMPs), with strategies,	
including but not limited to:	
 response cost; 	
2. restitution;	
emergency physical restraint (EPR);	
4. routine use of law enforcement as part of	
a BCIP;	
5. routine use of emergency hospitalization	
procedures as part of a BCIP;	
use of point systems;	
7. use of intense, highly structured, and	
specialized treatment strategies,	
including level systems with response	
cost or failure to earn components;	
8. a 1:1 staff to person ratio for behavioral	
reasons, or, very rarely, a 2:1 staff to	
person ratio for behavioral or medical	
reasons;	
9. use of PRN psychotropic medications;	
10. use of protective devices for behavioral	

12.	purposes (e.g., helmets for head banging, Posey gloves for biting hand); use of bed rails; use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or use of any alarms to alert staff to a person's whereabouts.		
rest mea Age occ Em	Emergency Physical Restraint (EPR): ry person shall be free from the use of rictive physical crisis intervention asures that are unnecessary. Provider encies who support people who may asionally need intervention such as ergency Physical Restraint (EPR) are uired to institute procedures to maximize ety.		
revieus implication where are are 1.	thuman Rights Committee: The HRC ews use of EPR. The BCIP may not be emented without HRC review and approval never EPR or other restrictive measure(s) included. Provider Agencies with an HRC required to ensure that the HRCs: participate in training regarding required constitution and oversight activities for HRCs; review any BCIP, that include the use of EPR;		
4.	occur at least annually, occur in any quarter where EPR is used, and occur whenever any change to the BCIP is considered; maintain HRC minutes approving or disallowing the use of EPR as written in a BCIP; and maintain HRC minutes of meetings reviewing the implementation of the BCIP		
	when EPR is used.

the premise that an individual shall be "ready" or demonstrate certain skills before assistive technology can be provided to support function. All therapists are required to consider		
the Participatory Approach during assessment, treatment planning, and		
treatment implementation.		I
12.4.7.3 Assistive Technology (AT) Services, Personal Support Technology (PST) and Environmental Modifications: Therapists support the person to access and utilize AT, PST and Environmental		
Modifications through the following requirements:		
Therapists are required to be or become familiar with AT and PST related to that		
therapist's practice area and used or needed by individuals on that therapist's caseload.		
Therapist are required to maintain a current AT Inventory in each Living Supports		
and CCS site where AT is used, for each		I
person using AT related to that therapist's		I
scope of service.		1
3. Therapists are required to initiate or		1
update the AT Inventory annually, by the 190th		I
day following the person's ISP effective date, so that it accurately identifies the assistive		I
technology currently in use by the individual		1
and related to that therapist's scope of service.		I
4. Therapist are required to maintain		I
professional documentation related to the		I
delivery of services related to AT, PST and		I
Environmental Modifications. (Refer to Chapter		I
14: Other Services for more information about		I
these services.)		I
5. Therapists must respond to requests to		I
perform in-home evaluations and make		I
recommendations for environmental		I
modifications, as appropriate.		I
6. Refer to the Publications section on the		I
CSB page on the DOH web site		İ

(https://nmhealth.org/about/ddsd/pgsv/clinical/) for Therapy Technical Assistance documents.		
Chapter 11: Community Inclusion 11.6.2 General Service Requirements for CCS Individual, Small Group and Group: CCS shall be provided based on the interests of the person and Desired Outcomes listed in the ISP. Requirements include: 1. Conducting community-based situational assessments, discovery activities or other person-centered assessments. The assessment will be used to guide the IDT's planning for overcoming barriers to employment and integrating clinical information, assistive technology and therapy supports as necessary for the person to be successful in employment.		
11.7.2.2 Job Development: Job development services through the DD Waiver can only be accessed when services are not otherwise available to the beneficiary under either special education and related services as defined in section 602(16) and (17) of the Education of the Handicapped Act (20 U.S.C. 1401(16) and (17) or vocational rehabilitation services available to the individual through a program funded under section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730). 9. Facilitating/developing job accommodations and use of assistive technology such as communication devices.

the following for a period of at least six years		
from the payment date:		
a. treatment or care of any eligible		
recipient;		
b. services or goods provided to any		
eligible recipient; c. amounts paid by MAD on behalf of any		
eligible recipient; and	1	
d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing		
depends on the service type. The unit may be		
a 15-minute interval, a daily unit, a monthly	1	
unit or a dollar amount. The unit of billing is	1	
identified in the current DD Waiver Rate Table.	1	
Provider Agencies must correctly report service units.		
service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider Agencies	1	
must adhere to the following:	1	
 A day is considered 24 hours from 	1	
midnight to midnight.	1	
2. If 12 or fewer hours of service are	1	
provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours	1	
of service is provided during a 24-hour period.	1	
3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP year		
or 170 calendar days per six months.	1	
4. When a person transitions from one	1	
Provider Agency to another during the ISP year,		
a standard formula to calculate the units billed by each Provider Agency must be applied as	1	
follows:		
a. The discharging Provider Agency bills the		
number of calendar days that services were		
provided multiplied by .93 (93%).		
b. The receiving Provider Agency bills the		
remaining days up to 340 for the ISP year.		
		1

21.9.2 Requirements for Monthly Units: For		
services billed in monthly units, a Provider Agency must adhere to the following:		
1. A month is considered a period of 30		
calendar days.		
At least one hour of face-to-face billable		
services shall be provided during a calendar		
month where any portion of a monthly unit is		
billed.		
3. Monthly units can be prorated by a half		
unit. 4. Agency transfers not occurring at the		
beginning of the 30-day interval are required to		
be coordinated in the middle of the 30-day		
interval so that the discharging and receiving		
agency receive a half unit.		
21.9.3 Requirements for 15-minute and		
hourly units: For services billed in 15-minute		
or hourly intervals, Provider Agencies must		
adhere to the following:		
 When time spent providing the service is 		
not exactly 15 minutes or one hour, Provider		
Agencies are responsible for reporting time		
correctly following NMAC 8.302.2. 2. Services that last in their entirety less than		
eight minutes cannot be billed.

recipient;		
c. amounts paid by MAD on behalf of any eligible recipient; and		
d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider Agencies		
must adhere to the following: 1. A day is considered 24 hours from midnight		
to midnight.		
2. If 12 or fewer hours of service are		
provided, then one-half unit shall be billed.		
A whole unit can be billed if more than 12 hours of service is provided during a 24-		
hour period.		
3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.		
4. When a person transitions from one		
Provider Agency to another during the ISP		
year, a standard formula to calculate the		
units billed by each Provider Agency must be applied as follows:		
a. The discharging Provider Agency bills		
the number of calendar days that		
services were provided multiplied by .93 (93%).		
b. The receiving Provider Agency bills the		
remaining days up to 340 for the ISP year.		
21.9.2 Requirements for Monthly Units: For		
services billed in monthly units, a Provider		
Agency must adhere to the following:		

 A month is considered a period of 30 calendar days. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. Monthly units can be prorated by a half unit. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. 			
21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

Dear Mr. Chavez:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Monica Valdez, BS
