

MICHELLE LUJAN GRISHAM Governor

DAVID R. SCRASE, M.D. Acting Cabinet Secretary

(Modified by IRF 1.2023)

Date: December 9, 2022

To: Mrs. Desiree Parker, Director

Provider: Onyx Supportive Living LLC
Address: 211 Montano Rd. NW, Suite H
State/Zip: Albuquerque, New Mexico 87107

E-mail Address: osldirector@oslllc.com

Region: Metro

Survey Date: October 31 – November 10, 2022

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Supported Living, Intensive Medical Living Services, and Customized Community Supports.

Survey Type: Routine

Team Leader: Elizabeth Vigil, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Team Members: Wolf Krusemark, BFA, Healthcare Surveyor Supervisor, Division of Health

Improvement/Quality Management Bureau; Kayla Benally, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Jorge Sanchez-Enriquez, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Kaitlyn Taylor, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Dear Mrs. Parker,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

## **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Non-Compliance:** This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (refer to Attachment

#### **DIVISION OF HEALTH IMPROVEMENT**

QMB Report of Findings - Onyx Supportive Living LLC - Metro - October 31 - November 10, 2022

Survey Report #: Q.23.2.DDW.3187705.5.RTN.01.22.343

*D for details).* The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09.1 Medication Delivery PRN Medication Administration based on Report of Findings
- Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication (Removed by IRF)
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans) (Modified by IRF)

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components (Removed by IRF)
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # IS12 Person Centered Assessment (Community Inclusion) (Removed by IRF)
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Req. Documentation)
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A09 Medication Delivery Routine Medication Administration (Removed by IRF)
- Tag # 1A09.1.0 Medication Delivery, PRN Medication Administration
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)

#### Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

#### **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

#### On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

#### **Submission of your Plan of Correction:**

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- Quality Management Bureau, Monica Valdez, Plan of Correction Coordinator at MonicaE.Valdez@doh.nm.gov
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

#### **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
PO Box 2348
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan @doh.nm.gov)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5300 Homestead Rd NE, Suite 300-3223 Albuquerque, NM 87110 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@doh.nm.gov</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform. Sincerely,

Elizabeth Vigil

### Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@doh.nm.gov">MonicaE.Valdez@doh.nm.gov</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

## Instructions for Completing Agency POC:

## Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be

- implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings:
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

#### **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <a href="MonicaE.Valdez@doh.nm.gov">MonicaE.Valdez@doh.nm.gov</a> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator via email at <a href="MonicaE.Valdez@doh.nm.gov">MonicaE.Valdez@doh.nm.gov</a>. Please also submit your POC to your Developmental Disabilities Supports Division Regional Office for region of service surveyed.
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.

7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

#### **POC Document Submission Requirements**

<u>Once your POC has been approved</u> by the QMB Plan of Correction Coordinator, you must submit copies of documents as evidence that all deficiencies have been corrected. You must also submit evidence of the ongoing Quality Assurance/Quality Improvement processes.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. Please submit your documents electronically according to the following: If documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to the State email account. <u>If documents contain PHI do not submit PHI directly to the State email account</u>. <u>You may submit PHI only when replying to a secure email received from the State email account</u>. When possible, please submit requested documentation using a "zipped/compressed" file to reduce file size. You may also submit documents via S-Comm (Therap), or another electronic format, i.e., flash drive.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

## **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

## Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

#### Potential Condition of Participation Level Tags, if compliance is below 85%:

1A20 - Direct Support Professional Training

- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

## Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

## Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

#### Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

#### Attachment C

## Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
  Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="https://nmhealth.org/about/dhi/cbp/irf/">https://nmhealth.org/about/dhi/cbp/irf/</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <a href="mailto:valdez@doh.nm.gov">valerie.valdez@doh.nm.gov</a> for assistance.

## The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

#### **QMB Determinations of Compliance**

## Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

## Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

## Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

#### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC	w		MEDIUM		Н	IGH

Developmental Disabilities Waiver Service Standards Eff 11/1/2021

Chapter 6 Individual Service Plan (ISP): 6.9 ISP Implementation and Monitoring All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Section II Chapter 20: Provider Documentation and Client Records) CMs facilitate and maintain communication with the person, their guardian, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of their services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Section II Chapter 16: Qualified Provider Agencies.

Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

5. Each Provider Agency is responsible for maintaining the daily or other contact notes

- Live: "... will be observed in setting the proper settings and will be observed in putting clothes folded and placed in proper location."
- Work / Learn: "... will be assisted in brainstorming on what class to take."
- Work / Learn: "... will enroll in a class and work on certification under a type of vocational setting."

## Annual ISP (10/2021 – 10/2022) Outcomes / Action Steps are as follows:

- Live: "... will choose a meal to prepare and obtain all needed groceries and prepare the meal."
- Work / Learn: "... will be assisted in regarding to the steps needed to be transported to and from work."

Customized Community Supports Data Collection / Data Tracking/Progress with regards to ISP Outcomes:

#### Individual #7

- According to the Work / Learn Outcome; Action Step for "... will offer 2 - 3 choices of activities from visual calendar" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP for 8/2022. Note: Document maintained by the provider was blank.
- According to the Work / Learn Outcome; Action Step for "... will create his weekly schedule according to his choices" is to be completed 1 time per week. Evidence found indicated it was not being completed at the required frequency as indicated in the ISP

Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.
- Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.
- The current Client File Matrix found in Appendix A: Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.

## 20.5.4 Health Passport and Physician

Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form generated from an e-CHAT in the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications.

TSS not found for the following Fun Outcome Statement / Action Steps:

- "... will attend music and dance related outings."
- "... will do 5 repetitions of hand/arm movement in response to music."

Chapter 13 Nursing Services: 13.2.9.1 Health Care Plans (HCP): Health Care Plans are created to provide guidance for the Direct Support Professionals (DSP) to support health related issues. Approaches that are specific to nurses may also be incorporated into the HCP. Healthcare Plans are based upon the eCHAT and the nursing assessment of the individual's needs.

13.2.9.2 Medical Emergency Response Plan (MERP): 1) The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions automatically triggered and marked with an "R" in the e-CHAT summary report. The agency nurse should use their clinical judgment and input from. 2) MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a lifethreatening situation.

#### Individual #11

feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level	DSP #505 stated, "What's a Health Care Plan?" As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Bowel and Bladder, Constipation		

competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, Teaching and Support Strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related Written Direct Support Instructions (WDSI), Healthcare Plans (HCPs), Medical Emergency Response Plan (MERPs), Comprehensive Aspiration Risk Management Plans (CARMPs), Positive Behavior Supports Assessment (PBSA), Positive Behavior Supports Plans (PBSPs), and Behavior Crisis Intervention Plans (BCIPs), PRN Psychotropic Medication Plans (PPMPs), and Risk Management Plans (RMPs) must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds problems with implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.

- Management, Respiratory and Status of Care/Hygiene, (Individual #3)
- DSP #553 stated, "she has a Nutritional Plan and BMI for her weight, but no other Health Care Plans." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual additionally requires Health Care Plans for Falls and Seizure Disorder. (Individual #4)
- DSP #560 stated, "Aspiration, seizures, constipation." As indicated by the Electric Comprehensive Health Assessment Tool, the individual additionally requires Health Care Plans for Allergies, Body Mass Index, Pain, Pain Medication, Reflux, Respiratory, and Status of Care/Hygiene. (Individual #6)

When DSP were asked, if the Individual had Medical Emergency Response Plans where could they be located and if they had been trained, the following was reported:

- DSP #505 stated, "Yes, for high risk for falls." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual additionally requires Medical Emergency Response Plans for Aspiration, Constipation, and Respiratory. (Individual #3)
- DSP #553 stated, "No, she doesn't have any MERPS." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Falls and Seizure Disorder. (Individual #3)
- DSP #560 stated, "Aspiration, Seizures, Constipation, Respiratory." As Indicated by the Electronic Comprehensive Health

7.	Provider Agencies must arrange and ensure that DSP's and CIE's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or	Assessment Tool, the individual additionally requires Medical Emergency Response Plans for Severe Anaphylaxis. Per the Individual Specific Training section of the ISP the Individual also requires Medical Emergency Response Plans for Cardiac Condition. (Individual #6)

- 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. Events that are tracked for internal agency purposes and do not meet reporting requirements per DD Waiver Service Standards must be marked with a notification level of "Low" to indicate that it is being used internal to the provider agency.
- GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System.
- GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.
- Each agency that is required to participate in General Event Reporting via Therap should ensure information from the staff and/or individual with the most direct knowledge is part of the report.
  - Each agency must have a system in place that assures all GERs are approved per Appendix B GER Requirements and as identified by DDSD.
  - Each is required to enter and approve GERs within 2 business days of discovery or observation of the reportable event.
- 19.2.1 Events Required to be Reported in GER: The following events need to be reported in the Therap GER: when they occur during delivery of Supported Living, Family Living, Intensive Medical Living, Customized In-Home Supports, Customized Community Supports, Community Integrated Employment

- stuck in the armchair and was pulled out from his belly button. (Injury). GER was approved 11/10/2021.
- General Events Report (GER) indicates on 12/6/2021 the Individual was complaining and rubbing his head and emergency services were called. (Emergency Medical Services). GER was approved 12/16/2021.

#### Individual #8

- General Events Report (GER) indicates on 3/11/2022 the individual choked and passed out. Onyx staff transported the individual from work to the Emergency Room. (Emergency Room Visit). GER was approved 4/4/2022.
- General Events Report (GER) indicates on 3/13/2022 the individual lost his balance and fell backwards. Staff checked on him and his lip was bleeding on the lower right side. (Injury). GER was approved 3/23/2022.
- General Events Report (GER) indicates on 3/26/2022 the Individual fell while walking from the bathroom to the bedroom. (Fall Without Injury). GER was approved 4/4/2022.
- General Events Report (GER) indicates on 8/10/2022 "the Individual fell off of his bed." (Injury). GER was approved 8/17/2022.

## Individual #9

 General Events Report (GER) indicates on 9/15/2021 the Individual and his housemate were kicking each other and law enforcement was called. (Law Enforcement). GER was approved 9/24/2021. or Adult Nursing Services for DD Waiver participants aged 18 and older:

- Emergency Room/Urgent Care/Emergency Medical Services
- 2. Falls Without Injury
- 3. Injury (including Falls, Choking, Skin Breakdown and Infection)
- 4. Law Enforcement Use
- 5. All Medication Errors
- 6. Medication Documentation Errors
- 7. Missing Person/Elopement
- Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission
- 9. PRN Psychotropic Medication
- 10. Restraint Related to Behavior
- 11. Suicide Attempt or Threat
- 12. COVID-19 Events to include COVID-19 vaccinations.

 General Events Report (GER) indicates on 3/6/2022 the Individual physically assaulted their housemate and law enforcement was called. (Law Enforcement). GER was approved 3/10/2022.

The following events were not reported in the General Events Reporting System as required by policy:

## Individual #1

- Documentation reviewed indicates on 10/3/2021 the Individual had low fluid intake and had to go to the Emergency Room. (Emergency Room Visit) No GER was found.
- Documentation reviewed indicates on 10/28/2021 the Individual was taken to urgent care for a fall with an injury to his head. (Urgent Care Visit) No GER was found
- Documentation reviewed indicates on 8/3/2022 the Individual was taken to urgent care for a discoloration of the head of the penis. (Urgent Care Visit) No GER was found.

## Individual #3

- Documentation reviewed indicates on 12/22/2021 the Individual "was taken to urgent care for a possible urinary tract infection." (Urgent Care Visit) No GER was found.
- Documentation reviewed indicates on 6/2/2022 the Individual "was taken to urgent care for a possible urinary tract infection." (Urgent Care Visit) No GER was found.

<ul> <li>Documentation reviewed indicates on 10/11/2022 the Individual was taken to urgent care for right hip and shoulder pain. (Urgent Care Visit) No GER was found.</li> </ul>	
Individual #4	
<ul> <li>Documentation reviewed indicates on 3/22/2022 the Individual was taken to urgent care for pain in the anus. (Urgent Care Visit) No GER was found.</li> </ul>	
<ul> <li>Documentation reviewed indicates on 10/17/2022 the Individual was taken to urgent care for breast pain. (Urgent Care Visit) No GER was found.</li> </ul>	
<ul> <li>Individual #6</li> <li>Documentation reviewed indicates on 4/9/2022 the Individual was taken to the emergency room for a small bowel obstruction and hospitalized for 5 days. (Emergency Room Visit) No GER was found.</li> </ul>

person or their guardian/healthcare decision		
maker has concerns, needs more		
information about these types of issues or		
has decided not to follow all or part of a		
healthcare-related order, recommendation,		
or suggestion. This includes, but is not		
limited to:		
a. medical orders or recommendations from		
the Primary Care Practitioner, Specialists		
or other licensed medical or healthcare		
practitioners such as a Nurse Practitioner		
(NP or CNP), Physician Assistant (PA) or		
Dentist;		
b. clinical recommendations made by		
registered/licensed clinicians who are		
either members of the IDT (e.g., nurses,		
therapists, dieticians, BSCs or PRS Risk		
Evaluator) or clinicians who have		
performed evaluations such as a video-		
fluoroscopy; c. health related recommendations or		
suggestions from oversight activities such		
as the Individual Quality Review (IQR);		
and		
d. recommendations made by a licensed		
professional through a Healthcare Plan		
(HCP), including a Comprehensive		
Aspiration Risk Management Plan		
(CARMP), a Medical Emergency		
Response Plan (MERP) or another plan		
such as a Risk Management Plan (RMP)		
or a Behavior Crisis Intervention Plan		
(BCIP).		
Chapter 20 Provider Documentation and		
Client Records: 20.2 Client Record		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		

loc	ation of the file, the type of service being	
	vided, and the information necessary.	
	Waiver Provider Agencies are required to	
	nere to the following:	
	Client records must contain all documents	
	essential to the service being provided and	
	essential to ensuring the health and safety	
	of the person during the provision of the	
	service.	
2	Provider Agencies must have readily	
	accessible records in home and community	
	settings in paper or electronic form. Secure	
	access to electronic records through the	
	Therap web-based system using	
	computers or mobile devices are	
	acceptable.	
3	Provider Agencies are responsible for	
٥.	ensuring that all plans created by nurses,	
	RDs, therapists or BSCs are present in all	
	settings.	
4	Provider Agencies must maintain records of	
٠.	all documents produced by agency	
	personnel or contractors on behalf of each	
	person, including any routine notes or data,	
	annual assessments, semi-annual reports,	
	evidence of training provided/received,	
	progress notes, and any other interactions	
	for which billing is generated.	
5	Each Provider Agency is responsible for	
٠.	maintaining the daily or other contact notes	
	documenting the nature and frequency of	
	service delivery, as well as data tracking	
	only for the services provided by their	
	agency.	
6.	The current Client File Matrix found in	
	Appendix A Client File details the minimum	
	requirements for records to be stored in	
	agency office files, the delivery site, or with	
	DSP while providing services in the	
	community.	
7.	All records pertaining to JCMs must be	
	retained permanently and must be made	
	available to DDSD upon request, upon the	

termination or expiration of a provider		
agreement, or upon provider withdrawal		1
from services.		1
20.5.4 Health Passport and Physician		1
Consultation Form: All Primary and		1
Secondary Provider Agencies must use the		1
Health Passport and Physician Consultation		1
form generated from an e-CHAT in the Therap		1
system. This standardized document contains		1
individual, physician and emergency contact		1
information, a complete list of current medical		1
diagnoses, health and safety risk factors,		1
allergies, and information regarding insurance,		1
guardianship, and advance directives. The		1
Health Passport also includes a standardized		1
form to use at medical appointments called the		1
Physician Consultation form. The Physician		1
Consultation form contains a list of all current		1
medications. Requirements for the <i>Health</i>		1
Passport and Physician Consultation form are:		1
The Case Manager and Primary and		1
Secondary Provider Agencies must		1
communicate critical information to each		1
other and will keep all required sections of		1
Therap updated in order to have a current		1
and thorough Health Passport and		1
Physician Consultation Form available at all		1
times. Required sections of Therap include		1
the IDF, Diagnoses, and Medication		1
History.		1
The Primary and Secondary Provider		1
Agencies must ensure that a current copy		1
of the Health Passport and Physician		1
Consultation forms are printed and		1
available at all service delivery sites. Both		1
forms must be reprinted and placed at all		1
service delivery sites each time the e-		1
CHAT is updated for any reason and		1
whenever there is a change to contact		1
information contained in the IDF.		i l
3. Primary and Secondary Provider Agencies		i l
must assure that the current Health		i l
Passport and Physician Consultation form		i

accompany each person when taken by the	
provider to a medical appointment, urgent	
care, emergency room, or are admitted to a	
hospital or nursing home. (If the person is	
taken by a family member or guardian, the	
Health Passport and Physician	
Consultation form must be provided to	
them.)	
4. The Physician Consultation form must be	
reviewed, and any orders or changes must	
be noted and processed as needed by the	
provider within 24 hours.	
5. Provider Agencies must document that the	
Health Passport and Physician	
Consultation form and Advanced	
Healthcare Directives were delivered to the	
treating healthcare professional by one of	
the following means:	
a. document delivery using the	
Appointments Results section in Therap	
Health Tracking Appointments; and	
b. scan the signed <i>Physician Consultation</i>	
Form and any provided follow-up	
documentation into Therap after the	
person returns from the healthcare visit.	
Chapter 13 Nursing Services: 13.2.3	
General Requirements Related to Orders,	
Implementation, and Oversight	
Each person has a licensed primary care	
practitioner and receives an annual	
physical examination, dental care and	
specialized medical/behavioral care as	
needed. PPN communicate with providers	
regarding the person as needed.	
Orders from licensed healthcare providers are implemented promptly and carried out	
until discontinued.	
a. The nurse will contact the ordering or on	
call practitioner as soon as possible, or	
within three business days, if the order	
cannot be implemented due to the	
person's or guardian's refusal or due to	
other issues delaying implementation of	
care isouco dolaying implementation of	

the order. The nurse must clearly		
document the issues and all attempts to		
resolve the problems with all involved		
parties.		
b. Based on prudent nursing practice, if a		
nurse determines to hold a practitioner's		
order, they are required to immediately		
document the circumstances and		
rationale for this decision and to notify		
the ordering or on call practitioner as		
soon as possible, but no later than the		
next business day.		
c. If the person resides with their biological		
family, and there are no nursing		
services budgeted, the family is		
responsible for implementation or follow		
up on all orders from all providers. Refer		
to Chapter 13.3 Adult Nursing Services.		
to Chapter 13.3 Addit Nursing Services.

healthcare-related order, recommendation, or suggestion. This includes, but is not limited to:

- a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist;
- b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT (e.g., nurses, therapists, dieticians, BSCs or PRS Risk Evaluator) or clinicians who have performed evaluations such as a videofluoroscopy;
- c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR); and
- d. recommendations made by a licensed professional through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), a Medical Emergency Response Plan (MERP) or another plan such as a Risk Management Plan (RMP) or a Behavior Crisis Intervention Plan (BCIP).

Chapter 10 Living Care Arrangements: Supported Living Requirements: 10.4.1.5.1 Monitoring and Supervision: Supported Living Provider Agencies must: Ensure and document the following:

- a. The person has a Primary Care Practitioner.
- b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist.
- c. The person receives annual dental checkups and other check-ups as recommended by a licensed dentist.

 Individual #6 – As indicated by the Electronic Comprehensive Health Assessment Tool, the individual is required to have a plan. No evidence of a plan found. (Individual #6 MERP upheld by IRF 1.2023)

#### Cardiac Condition:

 Individual #6 – As indicated by the IST section of ISP, the individual is required to have a plan. No evidence of a plan found.

d. The person receives a hearing test as		
recommended by a licensed audiologist.		
e. The person receives eye examinations as		
recommended by a licensed optometrist or		
ophthalmologist.		
Agency activities occur as required for follow-		
up activities to medical appointments (e.g.,		
treatment, visits to specialists, and changes in		
medication or daily routine).		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		
location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety		
of the person during the provision of the		
service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using		
computers or mobile devices are		
acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
settings.		1

Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each

	person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.  Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  The current Client File Matrix found in Appendix A Client File details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.		
Constant See Held See	condary Provider Agencies must use the ealth Passport and Physician Consultation or generated from an e-CHAT in the Therap stem. This standardized document contains dividual, physician and emergency contact formation, a complete list of current medical agnoses, health and safety risk factors, ergies, and information regarding insurance, ardianship, and advance directives. The ealth Passport also includes a standardized or to use at medical appointments called the ensition form contains a list of all current edications.

or other insurance systems.		
Nurses play a pivotal role in supporting persons and their guardians or legal Health		
Care Decision makers within the DD Waiver		
and are a key link with the larger healthcare		
system in New Mexico. DD Waiver Nurses		
identify and support the person's preferences		
regarding health decisions; support health		
awareness and self-management of		
medications and health conditions; assess,		
plan, monitor and manage health related		
issues; provide education; and share		
information among the IDT members including		
DSP in a variety of settings, and share		
information with natural supports when		
requested by individual or guardian. Nurses		
also respond proactively to chronic and acute		
health changes and concerns, facilitating		
access to appropriate healthcare services. This		
involves communication and coordination both		
within and beyond the DD Waiver. DD Waiver		
nurses must contact and consistently		
collaborate with the person, guardian, IDT		
members, Direct Support Professionals and all		
medical and behavioral providers including		
Medical Providers or Primary Care

Requirements			
DD Waiver Provider Agencies must maintain	Progress notes and billing records supported		
all records necessary to demonstrate proper	billing activities for the months of July, August		
provision of services for Medicaid billing. At a	and September 2022 for the following services:		
minimum, Provider Agencies must adhere to			
the following:	Supported Living		
1. The level and type of service provided must	<ul> <li>Intensive Medical Living Services</li> </ul>		
be supported in the ISP and have an	Customized Community Supports		
approved budget prior to service delivery			
and billing.			
2. Comprehensive documentation of direct			
service delivery must include, at a minimum:			
<ul><li>a. the agency name;</li></ul>			
b. the name of the recipient of the service;			
<ul><li>c. the location of the service;</li></ul>			
d. the date of the service;			
e. the type of service;			
f. the start and end times of the service;			
g. the signature and title of each staff			
member who documents their time; and			
3. Details of the services provided. A Provider			
Agency that receives payment for treatment,			
services, or goods must retain all medical			
and business records for a period of at least			
six years from the last payment date, until			
ongoing audits are settled, or until			
involvement of the state Attorney General is			
completed regarding settlement of any			
claim, whichever is longer.			
4. A Provider Agency that receives payment			
for treatment, services or goods must retain			

all medical and business records relating to any of the following for a period of at least six years from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid. 21.7 Billable Activities: Specific billable activities are defined in the scope of work and service requirements for each DD Waiver service. In addition, any billable activity must also be consistent with the person's approved ISP. 21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15minute interval, a daily unit, a monthly unit, or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units. 21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided. then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of

service is provided during a 24-hour period.

cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.

1. A month is considered a period of 30 calendar days.

3. The maximum allowable billable units

Face-to-face billable services shall be provided during a month where any portion of a monthly unit is billed.		
Monthly units can be prorated by a half unit.		
21.9.4 Requirements for 15-minute and		
hourly units: For services billed in 15-minute		
or hourly intervals, Provider Agencies must		
adhere to the following:		
When time spent providing the service is		
not exactly 15 minutes or one hour,		
Provider Agencies are responsible for		
reporting time correctly following NMAC		
8.302.2.		
2. Services that last in their entirety less than		
eight minutes cannot be billed.

PATRICK M. ALLEN Cabinet Secretary Designate

Governor

Date: February 3, 2023

To: Mrs. Desiree Parker, Director

Provider: Onyx Supportive Living LLC Address: 211 Montano Rd. NW. Suite H Albuquerque, New Mexico 87107 State/Zip:

E-mail Address: osldirector@oslllc.com

Region: Metro

Survey Date: October 31 - November 10, 2022

Program Surveyed: **Developmental Disabilities Waiver** 

Service Surveyed: Supported Living, Intensive Medical Living Services, and Customized

Community Supports.

Survey Type: Routine

Dear Mrs. Parker:

The Division of Health Improvement Quality Management Bureau received and approved the Plan of Correction you submitted. Your Plan of Correction is not closed.

# Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties, possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
