CC: Joel Jaime, QA/QI Manager E-mail Address: joel.jaime@nezzycare.com

Region: Southeast and Southwest Survey Date: May 30 – June 9, 2023

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Supported Living, Family Living, Customized In-Home Supports, Customized Community

Supports, and Community Integrated Employment Services

Survey Type: Routine

Team Leader: Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Amanda Castaneda-Holguin, MPA, Healthcare Surveyor Supervisor, Division of Health

Improvement/Quality Management Bureau; Charles Chavez, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Kathryn Conticelli, Healthcare Surveyor,

Division of Health Improvement/Quality Management Bureau; William Easom, MPA,

Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Ashley Gueths, BA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Kayla Hartsfield, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Marie Passaglia, BA, Healthcare Surveyor Advanced, Division of Health Improvement/Quality Management Bureau; Jessica Maestas, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Marilyn Moreno, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Verna Newman-Sikes, AA,

Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau;

Dear Mr. Ramon V. Chavez,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities

NMDOH-DIVISION OF HEALTH IMPROVEMENT QUALITY MANAGEMENT BUREAU

5300 HOMESTEAD ROAD NE, SUITE 300-3223, ALBUQUERQUE, NEW MEXICO 87110 (505) 470-4797 • FAX: (505) 222-8661 • http://nmhealth.org/about/dhi

QMB Report of Findings – Nezzy Care of Las Cruces (Mayfield-Colt Corporation) – Southeast and Southwest – May 30 – June 9, 2023

Survey Report #: Q.23.4.DDW.52981878.3/4.001.RTN.01.23.192

Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication

The following tags are identified as Standard Level:

- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A38 LCA / CI Reporting Requirements
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09.0 Medication Delivery Routine Medication Administration
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A33 Board of Pharmacy: Med. Storage
- Tag # 1A33.1 Board of Pharmacy License
- Tag # 1A39 Assistive Technology and Adaptive Equipment
- Tag # LS25 Residential Health & Safety (Supported Living & Family Living)
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS26 Supported Living Reimbursement
- Tag # LS27 Family Living Reimbursement
- Tag # IH32 Customized In-Home Supports Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- Quality Management Bureau, Monica Valdez, Plan of Correction Coordinator at <u>MonicaE.Valdez@doh.nm.gov</u>
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
PO Box 2348
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@hsd.nm.gov)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5300 Homestead Rd NE, Suite 300-3223 Albuquerque, NM 87110 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, Monica Valdez at 505-273-1930 or email at: Monica E. Valdez @doh.nm.gov if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Lei Lani Nava, MPH

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@doh.nm.gov. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be

- implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings:
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@doh.nm.gov for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator via email at MonicaE.valdez@doh.nm.gov. Please also submit your POC to your Developmental Disabilities Supports Division Regional Office for region of service surveyed.
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.

7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator, you must submit copies of documents as evidence that all deficiencies have been corrected. You must also submit evidence of the ongoing Quality Assurance/Quality Improvement processes.

- 1. Your internal documents are due within a <u>maximum</u> of 45-business days of receipt of your Report of Findings.
- 2. Please submit your documents electronically according to the following: If documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to the State email account. <u>If documents contain PHI do not submit PHI directly to the State email account</u>. <u>You may submit PHI only when replying to a secure email received from the State email account</u>. When possible, please submit requested documentation using a "zipped/compressed" file to reduce file size. You may also submit documents via S-Comm (Therap), or another electronic format, i.e., flash drive.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A20 Direct Support Professional Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- 1A31 Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@doh.nm.gov for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance	Weighting						
Determination	LC)W		MEDIUM		Н	IGH
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or
COP Level Tags:	0 COP	0 COP	0 COP	0 COP	1 to 5 COP	0 to 5 CoPs	6 or more COP
	and	and	and	and		and	
Sample Affected:	0 to 74%	0 to 49%	75 to 100%	50 to 74%		75 to 100%	
"Non- Compliance"						17 or more Total Tags with 75 to 100% of the Individuals in the sample cited in any CoP Level tag.	Any Amount of Standard Level Tags and 6 or more Conditions of Participation Level Tags.
"Partial Compliance with Standard Level tags and Condition of Participation Level Tags"					Any Amount Standard Level Tags, plus 1 to 5 Conditions of Participation Level tags.		
"Partial Compliance with Standard Level tags"			up to 16 Standard Level Tags with 75 to 100% of the individuals in the sample cited in any tag.	17 or more Standard Level Tags with 50 to 74% of the individuals in the sample cited any tag.			
"Compliance"	Up to 16 Standard Level Tags with 0 to 74% of the individuals in the sample cited in any tag.	17 or more Standard Level Tags with 0 to 49% of the individuals in the sample cited in any tag.					

Agency: Nezzy Care of Las Cruces (Mayfield-Colt Corporation) – Southeast and Southwest Regions

person - centered planning practices.			
Companion documents may also be issued by			
DDSD and be required for use to better			
demonstrate required elements of the PCP			
process and ISP development.			
6.6.1 Vision Statements: The long-term			
vision statement describes the person's			
major long-term (e.g., within one to three			

years) life dreams and aspirations in the following areas: 1. Live, 2. Work/Education/Volunteer. 3. Develop Relationships/Have Fun, and 4. Health and/or Other (Optional). 6.6.2 Desired Outcomes: A Desired Outcome is required for each life area (Live, Work, Fun) for which the person receives paid supports through the DD Waiver. Each service does not need its own, separate outcome, but should be connected to at least one Desired Outcome. 6.6.3.1 Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. 6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. 6.6.3.3 Individual Specific Training in the **ISP:** The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of

documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

Community Inclusion Reporting			
7.26.5.17 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - DISSEMINATION OF THE ISP, DOCUMENTATION AND COMPLIANCE: C. Objective quantifiable data reporting progress or lack of progress towards stated outcomes, and action plans shall be maintained in the individual's records at each provider agency implementing the ISP. Provider agencies shall use this data to evaluate the effectiveness of services provided. Provider agencies shall submit to the case manager data reports and individual progress summaries quarterly, or more frequently, as decided by the IDT. These reports shall be included in the individual's case management record and used by the team to determine the ongoing effectiveness of the supports and services being provided. Determination of effectiveness shall result in timely modification of supports and services as needed. Developmental Disabilities Waiver Service Standards Eff 11/1/2021 Chapter 19 Provider Reporting Requirements: 19.5 Semi-Annual Reporting: The semi-annual report provides status updates to life circumstances, health, and progress toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities. Semi-annual reports are required as follows: 1. DD Waiver Provider Agencies, except AT,	complete written status reports as required for 1 of 21 individuals receiving Living Care Arrangements and Community Inclusion. Nursing Semi-Annual: Individual #12 - Not completed within the required timeframe: Report covering 10/2022 – 4/2023 completed on 5/31/2023. Semi-annual was due 4/23/2023. (Term of ISP 10/15/2022 – 10/14/2023).	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
 DD Waiver Provider Agencies, except AT, EMSP, PRSC, SSE and Crisis Supports, must complete semi-annual. 			

2.	The first semi-annual report will cover the	
	time from the start of the person's ISP year	
	until the end of the subsequent six-month	
	period (180 calendar days) and is due ten	
	calendar days after the period ends (190	
	calendar days).	
3	The second semi-annual report is	
٥.	integrated into the annual report or	
	professional assessment/annual re-	
	evaluation when applicable and is due 14	
	calendar days prior to the annual ISP	
	meeting.	
4.	Semi-annual reports must contain at a	
	minimum written documentation of:	
	a. the name of the person and date on	
	each page;	
	b. the timeframe that the report covers;	
	c. timely completion of relevant activities	
	from ISP Action Plans or clinical service	
	goals during timeframe the report is	
	covering;	
	d. a description of progress towards	
	Desired Outcomes in the ISP related to	
	the service provided;	
	e. a description of progress toward any	
	service specific or treatment goals when	
	applicable (e.g. health related goals for	
	nursing);	
	f. significant changes in routine or staffing	
	if applicable;	
	g. unusual or significant life events,	
	including significant change of health or	
	behavioral health condition;	
	h. the signature of the agency staff	
	responsible for preparing the report; and	
	i. any other required elements by service	
	type that are detailed in these	
	standards.	
5.	Semi-annual reports must be distributed to	
	the IDT members when due by SComm.	
6.	Semi-annual reports can be stored in	
	individual document storage.	

Chapter 20: Provider Documentation and	
Client Records: 20.2 Client Records	
Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the	
location of the file, the type of service being	
provided, and the information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety	
of the person during the provision of the	
service.	
Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the	
Therap web-based system using	
computers or mobile devices are

guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Physician Consultation form. The Physician		
Consultation form contains a list of all current		

medications.

Chapter 13 Nursing Services: 13.2.9.1		
Health Care Plans (HCP): Health Care Plans		
are created to provide guidance for the Direct		
Support Professionals (DSP) to support health		
related issues. Approaches that are specific to		
nurses may also be incorporated into the HCP.		
Healthcare Plans are based upon the eCHAT		
and the nursing assessment of the individual's		
needs.		
13.2.9.2 Medical Emergency Response Plan		
(MERP): 1) The agency nurse is required to		
develop a Medical Emergency Response Plan		
(MERP) for all conditions automatically		
triggered and marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use their clinical judgment and input		
from. 2) MERPs are required for persons who		
have one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.

Verbal or written recall or demonstration may verify this level of competence. Reaching a skill level involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer	When DSP were asked, if the Individual had a Comprehensive Aspiration Risk Management Plan (CARMP) and if they had been trained on the CARMP, the following was reported:		
shall demonstrate the techniques according to the plan. The trainer must observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on	DSP #539 stated, "No." As indicated by the Individual Specific Training section of the ISP, the individual has a Comprehensive Aspiration Risk Management Plan (CARMP). (Individual #10)		

more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, Teaching and Support Strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related Written Direct Support Instructions (WDSI), Healthcare Plans (HCPs), Medical Emergency Response Plan (MERPs), Comprehensive Aspiration Risk Management Plans (CARMPs), Positive Behavior Supports Assessment (PBSA), Positive Behavior Supports Plans (PBSPs), and Behavior Crisis Intervention Plans (BCIPs), PRN Psychotropic Medication Plans (PPMPs), and Risk Management Plans (RMPs) must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds problems with implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and involved in IST whenever possible.
- 5. Provider Agencies are responsible for tracking of IST requirements.
- 6. Provider Agencies must arrange and ensure that DSP's and CIE's are trained on

When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:

- DSP #587 stated, "Yes, but I don't know. Not in the book so not sure." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Obesity, Paralysis, and Impaired Skin Integrity. (Individual #5)
- DSP #607 stated, "Constipation, arterial fibrillation, oxygen use, yes trained." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual also requires a Health Care Plans for Pain. (Individual #19)

When DSP were asked, if the Individual had Medical Emergency Response Plans where could they be located and if they had been trained, the following was reported, the following was reported:

- DSP #587 stated, "Yes, Aspiration, Seizures, Anxiety, Gastral, yes." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Paralysis, and Benign Prostatic Hypertrophy. (Individual #5)
- DSP #607 stated, "Risk for falls, VP shunt, paralysis with contractures, and one for constipation." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual also requires a Medical Emergency Response Plan for Aspiration. (Individual #21)

When DSP were asked, if the Individual had any food and / or medication allergies that

the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.	could be potentially life threatening, the following was reported: • DSP #524 stated, "No, he doesn't have any." As indicated by the Electronic Comprehensive Health Assessment Tool the individual is allergic to deodorant and tuna fish. (Individual #3)

Tag # 1A43.1 General Events Reporting: Individual Reporting	Standard Level Deficiency		
Developmental Disabilities Waiver Service Standards Eff 11/1/2021 Chapter 19 Provider Reporting Requirements: DOH-DDSD collects and analyzes system wide information for quality assurance, quality improvement, and risk management in the DD Waiver Program. Provider Agencies are responsible for tracking and reporting to DDSD in several areas on an individual and agency wide level. The purpose of this chapter is to identify what information Provider Agencies are required to report to	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 3 of 21 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within 2 business days and / or entered within 30 days for medication errors:	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): →	
DDSD and how to do so. 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and	 Individual #5 General Events Report (GER) indicates on 9/9/2022 the Individual threw himself back onto the floor. (Fall without Injury). GER was approved 9/16/2022. Individual #19 General Events Report (GER) indicates on 12/6/2022 the Individual was instructed by the agency to report to the Emergency Room for evaluation of constipation. (Hospital). GER was approved 12/9/2022. 	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use the GER	 General Events Report (GER) indicates on 2/27/2023 the Individual was complaining of back pain. (Hospital). GER was approved 3/2/2023. General Events Report (GER) indicates on 2/27/2023 the Individual hit her head on counter. (Injury). GER was approved 3/2/2023. 		
2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into a Therap GER module entry per standards set through the Appendix B GER Requirements and as identified by DDSD.	Individual #20 • General Events Report (GER) indicates on 1/11/2023 the Individual had an upper respiratory infection. (Urgent Care). GER was approved 1/20/2023.		

- 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. Events that are tracked for internal agency purposes and do not meet reporting requirements per DD Waiver Service Standards must be marked with a notification level of "Low" to indicate that it is being used internal to the provider agency.
- GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System.
- GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.
- Each agency that is required to participate in General Event Reporting via Therap should ensure information from the staff and/or individual with the most direct knowledge is part of the report.
 - Each agency must have a system in place that assures all GERs are approved per Appendix B GER Requirements and as identified by DDSD.
 - Each is required to enter and approve GERs within 2 business days of discovery or observation of the reportable event.

19.2.1 Events Required to be Reported in GER: The following events need to be reported in the Therap GER: when they occur during delivery of Supported Living, Family Living, Intensive Medical Living, Customized In-Home Supports, Customized Community Supports, Community Integrated Employment

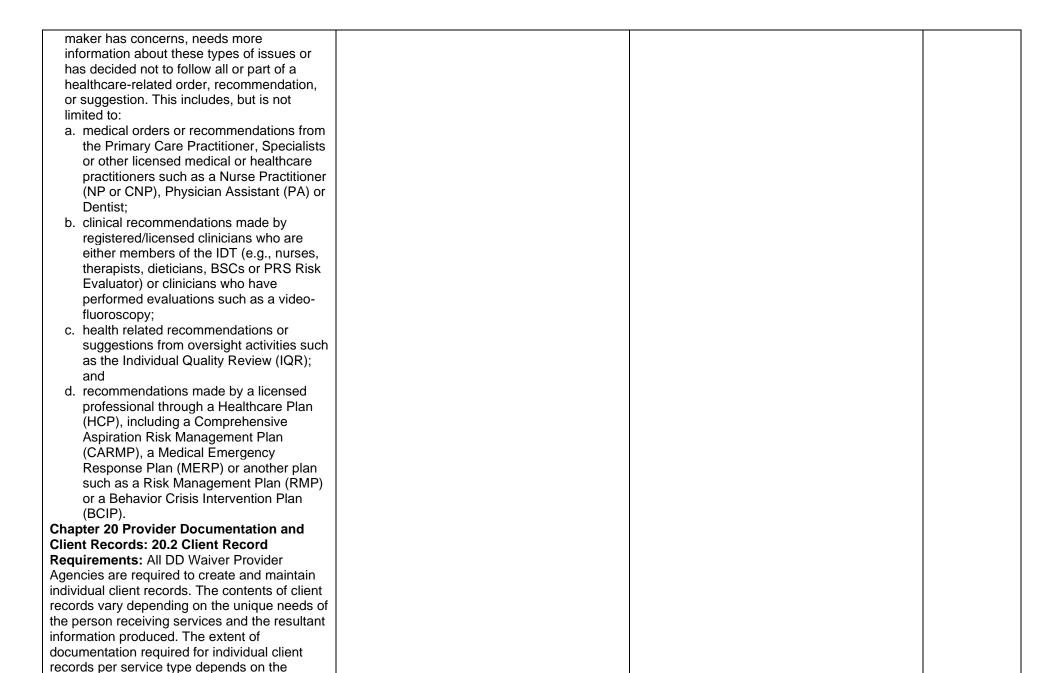

The following events were not reported in the General Events Reporting System as required by policy:

Individual #5

- Documentation reviewed indicates on 1/20/2023 the Individual went to the Urgent Care (Urgent Care). No GER was found.
- Documentation reviewed indicates on 3/3/2023 the Individual had a medication error (medication error). No GER was found.

or Adult Nursing Services for DD Waiver participants aged 18 and older: 1. Emergency Room/Urgent Care/Emergency Medical Services 2. Falls Without Injury 3. location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety		
of the person during the provision of the		
service.		
Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using		
computers or mobile devices are		
acceptable.		
Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
settings.		
Provider Agencies must maintain records of		
all documents produced by agency		
personnel or contractors on behalf of each		
person, including any routine notes or data,		
annual assessments, semi-annual reports,		
evidence of training provided/received,		
progress notes, and any other interactions		
for which billing is generated.		
Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking		
only for the services provided by their		
agency.		
6. The current Client File Matrix found in		
Appendix A Client File details the minimum		
requirements for records to be stored in		
agency office files, the delivery site, or with		
DSP while providing services in the		
community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		

termination or expiration of a provider		
agreement, or upon provider withdrawal		
from services.		
20.5.4 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form generated from an e-CHAT in the Therap		
system. This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Physician Consultation form. The Physician		
Consultation form contains a list of all current		
medications. Requirements for the <i>Health</i>		
Passport and Physician Consultation form are:		
The Case Manager and Primary and		
Secondary Provider Agencies must		
communicate critical information to each		
other and will keep all required sections of		
Therap updated in order to have a current		
and thorough Health Passport and		
Physician Consultation Form available at all		
times. Required sections of Therap include		
the IDF, Diagnoses, and Medication		
History.		
2. The Primary and Secondary Provider		
Agencies must ensure that a current copy		
of the Health Passport and Physician		
Consultation forms are printed and		
available at all service delivery sites. Both		
forms must be reprinted and placed at all		
service delivery sites each time the e-		
CHAT is updated for any reason and		
whenever there is a change to contact		
information contained in the IDF.		
3. Primary and Secondary Provider Agencies		
must assure that the current <i>Health</i>		,
Passport and Physician Consultation form		

accompany each person when taken by the		
provider to a medical appointment, urgent		
care, emergency room, or are admitted to a		
hospital or nursing home. (If the person is		
taken by a family member or guardian, the		
Health Passport and Physician		
Consultation form must be provided to		
them.)		
4. The Physician Consultation form must be		
reviewed, and any orders or changes must		
be noted and processed as needed by the		
provider within 24 hours.		
5. Provider Agencies must document that the		
Health Passport and Physician		
Consultation form and Advanced		
Healthcare Directives were delivered to the		
treating healthcare professional by one of		
the following means:		
a. document delivery using the		
Appointments Results section in Therap		
Health Tracking Appointments; and		
b. scan the signed <i>Physician Consultation</i>		
Form and any provided follow-up		
documentation into Therap after the		
person returns from the healthcare visit.		
Chapter 13 Nursing Services: 13.2.3 General Requirements Related to Orders,		
Implementation, and Oversight		
Each person has a licensed primary care		
practitioner and receives an annual		
physical examination, dental care and		
specialized medical/behavioral care as		
needed. PPN communicate with providers		
regarding the person as needed.		
Orders from licensed healthcare providers		
are implemented promptly and carried out		
until discontinued.		
a. The nurse will contact the ordering or on		
call practitioner as soon as possible, or		
within three business days, if the order		
cannot be implemented due to the		

person's or guardian's refusal or due to other issues delaying implementation of

the order. The nurse must clearly		
document the issues and all attempts to		
resolve the problems with all involved		
parties.		
b. Based on prudent nursing practice, if a		
nurse determines to hold a practitioner's		
order, they are required to immediately		
document the circumstances and		
rationale for this decision and to notify		
the ordering or on call practitioner as		
the ordering of our call practitioner as		
soon as possible, but no later than the		
next business day.		
c. If the person resides with their biological		
family, and there are no nursing		
services budgeted, the family is		
responsible for implementation or follow		
up on all orders from all providers. Refer		
to Chapter 13.3 Adult Nursing Services.		
to Onapter 15.5 Addit Narsing Services.

Chapter 10 Living Care Arrangements:		
Supported Living Requirements: 10.4.1.5.1		
Monitoring and Supervision: Supported		
Living Provider Agencies must: Ensure and		
document the following:		
a. The person has a Primary Care Practitioner.		
b. The person receives an annual physical		
examination and other examinations as		
recommended by a Primary Care		
Practitioner or specialist.		
c. The person receives annual dental check-	ļ	
uns and other check-ups as recommended		

by a licensed dentist.

d. The person receives a hearing test as		
recommended by a licensed audiologist.		
e. The person receives eye examinations as		
recommended by a licensed optometrist or		
ophthalmologist.		
Agency activities occur as required for follow-		
up activities to medical appointments (e.g.,		
treatment, visits to specialists, and changes in		
medication or daily routine).		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		
location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
 Client records must contain all documents 		
essential to the service being provided and		
essential to ensuring the health and safety		
of the person during the provision of the		
service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using		
computers or mobile devices are		
acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
settings.		

Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each

	person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. The current Client File Matrix found in Appendix A Client File details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.		
Constant See Held See	condary Provider Agencies must use the ealth Passport and Physician Consultation or generated from an e-CHAT in the Therap stem. This standardized document contains dividual, physician and emergency contact formation, a complete list of current medical agnoses, health and safety risk factors, ergies, and information regarding insurance, ardianship, and advance directives. The ealth Passport also includes a standardized or to use at medical appointments called the ensisting form contains a list of all current edications.		
of La Ro ac Pla pri	napter 13 Nursing Services: 13.1 Overview The Nurse's Role in The DD Waiver and orger Health Care System: Dutine medical and healthcare services are cessed through the person's Medicaid State an benefits and through Medicare and/or vate insurance for persons who have these ditional types of insurance coverage. DD		

Waiver health related services are specifically			
designed to support the person in the			
community setting and complement but may			
not duplicate those medical or health related			
services provided by the Medicaid State Plan			
or other insurance systems.			
Nurses play a pivotal role in supporting			
persons and their guardians or legal Health			
Care Decision makers within the DD Waiver			
and are a key link with the larger healthcare			
system in New Mexico. DD Waiver Nurses			
identify and support the person's preferences			
regarding health decisions; support health			
awareness and self-management of			
medications and health conditions; assess,			
plan, monitor and manage health related			
issues; provide education; and share			
information among the IDT members including			
DSP in a variety of settings, and share			
information with natural supports when			
requested by individual or guardian. Nurses			
also respond proactively to chronic and acute			
health changes and concerns, facilitating			
access to appropriate healthcare services. This			
involves communication and coordination both			
within and beyond the DD Waiver. DD Waiver			
nurses must contact and consistently			
collaborate with the person, guardian, IDT			
members, Direct Support Professionals and all			
medical and behavioral providers including			
Medical Providers or Primary Care			
Practitioners (physicians, nurse practitioners or			
physician assistants), Specialists, Dentists,			
and the Medicaid Managed Care Organization			
(MCO) Care Coordinators.

- b. services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- d. any records required by MAD for the administration of Medicaid.

21.7 Billable Activities:

Specific billable activities are defined in the scope of work and service requirements for each DD Waiver service. In addition, any billable activity must also be consistent with the person's approved ISP.

21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit, or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.

21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following:

- 1. A month is considered a period of 30 calendar days.
- 2. Face-to-face billable services shall be provided during a month where any portion of a monthly unit is billed.
- Monthly units can be prorated by a half unit.

21.9.4 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:

 When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for through 4/10/2023 to justify the 80 units billed.

April 2023

 The Agency billed 100 units of Customized Community Supports (H2021 HB U1) from 4/11/2023 through 4/25/2023. No documentation was found for 4/11/2023 through 4/25/2023 to justify the 100 units billed.

Individual #11 March 2023

 The Agency billed 80 units of Customized Community Supports (H2021 HB U1) from 3/11/2023 through 3/25/2023.
 Documentation received accounted for 68 units.

Individual #12 February 2023

 The Agency billed 240 units of Customized Community Supports (H2021 HB U1) from 2/11/2023 through 2/26/2023. No documentation was found for 2/11/2023 through 2/26/2023 to justify the 240 units billed.

March 2023

- The Agency billed 80 units of Customized Community Supports (H2021 HB U1) from 3/11/2023 through 3/25/2023.
 Documentation received accounted for 24 units.
- The Agency billed 80 units of Customized Community Supports (H2021 HB U1) from 3/26/2023 through 4/10/2023. No documentation was found for 3/26/2023 through 4/10/2023 to justify the 80 units billed.

six years from the payment date: a. treatment or care of any eligible recipient;	 The Agency billed 28 units of Customized In-Home Supports (S5125 HB) from on 		

- b. services or goods provided to any eligible recipient;
- c. amounts paid by MAD on behalf of any eligible recipient; and
- d. any records required by MAD for the administration of Medicaid.

21.4 Electronic Visit Verification: Section 12006(a) of the 21st Century Cures Act (the Cures Act) requires that states implement Electronic Visit Verification (EVV) for all Medicaid services under the umbrella of personal care and home health care that require an in-home visit by a provider. EVV is a technological solution used to electronically verify whether providers delivered or rendered services as billed. Personal Care Services are services supporting Activities of Daily Living (ADLs) or services supporting both ADLs and Instrumental Activities of Daily Living (IADLs). Home Health Care Services (HHCS) are services providing nursing services and/or home health aide services. The Cures Act allows states to implement EVV in a phased approach starting with the services meeting federal guidelines for PCS and later HHCS. The use of the state approved EVV system does not replace other standards requirements. EVV system has potential for benefits that may include:

- a. Improved practices inherent in the use of EVV.
- b. Centralized, real-time monitoring and comprehensive reporting on services provided.
- Use of EVV data to identify delivery issues and make care delivery more efficient.
- d. Improving program integrity and higher quality of services.
- e. Improving risk management and fraud protection.
- Secure, HIPAA compliant automated claims.

4/14/2023. Documentation did not contain the required element(s) on 4/14/2023. Documentation received accounted for 0 units. The required element(s) were not met:

• The signature or authenticated name of staff providing the service.

Individual #6 March 2023

 The Agency billed 9 units of Customized In-Home Supports (S5125 HB) on 3/28/2023.
 Documentation received accounted for 8 units.

The EVV system verifies the: a. Type of service performed. b. Individual receiving the service. c. Date of service. d. Location of service delivery. e. Individual providing the service. f. Time the service begins and ends. The state supplies agencies with a single approved EVV system that must be used. Effective January 1, 2021, DD Waiver providers of CIHS and Respite are required to implement the use of state approved EVV system. As home health care services are phased in according to federal and state requirements, additional services may require the use of EVV.

Survey Type: Routine

Dear Mr. Chavez,

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
