

Medically Fragile Master List of Definitions

	Primary	2023 Final Definition
1	Activities of Daily Living (ADLs)	Basic personal everyday activities that include bathing, dressing, transferring (e.g., from bed to chair), toileting, oral care, mobility, eating and skills necessary to maintain the normal routines of the day, such as housekeeping, shopping and preparing meals. The term also includes exercising, personal, social and community skills.
2	Administrative Actions	Actions that are less than sanctions but are designed to intervene before the imposition of a sanction. Administrative actions and technical assistance are intended to provide direction or guidance to the agency to remedy the issue or concern resulting in quality services for the person served. Administrative actions and/or technical assistance may be provided on an individual level, provider level, or systemic level depending on the circumstance.
3	Adult	An individual who is eighteen (18) years of age or older.
4	Advisory Council on Quality (ACQ)	Advises the New Mexico Department of Health on the systems guiding the provision of services and supports that assist people with Intellectual and/or Developmental Disabilities (I/DD) of all ages and their families to be fully included in New Mexico communities.
5	Affinity	A relationship by adoption or marriage.
6	Annual	The twelve (12) month period.
7	Annual Assessments	One or more processes that are used to obtain information about an individual, including his/her condition, personal goals, and preferences, functional limitations, health status and other factors that are relevant to the authorization and provision of services. Assessment information supports the determination that an individual requires waiver services as well as the development of the person centered plans.
8	Aspiration	The act of food, saliva, liquids, phlegm or any other solid matter getting below the true vocal cords into the trachea. Aspiration is directly linked to Dysphagia, but may also occur as a result of Gastroesophageal Reflux Disease (GERD) or other conditions.
9	Authorized Representative	The individual designated, by the eligible recipient or their guardian, as applicable, to represent and act on the recipient's behalf. The authorized representative does not have budget or employer authority.
10	Aversive Measures	Any device or intervention, consequence or procedure intended to cause emotional or physical pain or unpleasant sensations for the purpose of mediating behavior. Examples include but are not limited to: use of cameras, body checks, room checks, electric shock, forced isolation, mechanical restraint, forced exercise, withholding food, water, or sleep, humiliation, water misting, forced ingestion of noxious substances, over-correction, and other cost response protocols.
11	Billable Unit	An increment of time or other measure used to determine duration or amount of a billable service. Billable units may be established in fifteen (15) minutes, daily, or monthly time increments, or per mile, or at a set dollar amount.
12	Centers for Medicare and Medicaid Services (CMS)	Federal agency within the United States Department of Health and Human Services that works in partnership with New Mexico to administer Medicaid and medical assistance program (MAP) services under Human Services Department.
13	Centers for Medicare and Medicaid Services (CMS) Final Rule	The Centers for Medicare and Medicaid Services (CMS) published a Final Rule addressing several sections of the Social Security Act, The Final Rule amends the federal regulations which govern 1915 (c) Home and Community Based Services (HCBS) waiver programs. These rules support inclusion and integration of people with intellectual and developmental disabilities (I/DD) in the community.
14	Centers for Medicare and Medicaid Services (CMS) Performance Measures	As set forth in the Code of Federal Regulation (CFR) 441.301 and Code of Federal Regulations (CFR) 441.302, performance indicators developed and measured by the state in the areas of waiver administrative authority, level of care, qualified providers, service plan, health and welfare, and financial accountability.
15	Certified Medication Aide (CMA)	A person certified by either both the New Mexico Board of Nursing under the Nursing Practice Act, Chapter 61, Article 3, 10.2 and/or New Mexico Administrative Code (NMAC) Title 16, Chapter 12, Part 5 Certified Medication Aide Rules, or both, to administer medication under the supervision/direction of a registered nurse in a Board of Nursing approved program. Certified Medication Aides (CMAs) are not allowed to administer medication through any type of injection, through a nasogastric (NG) tube, or a non-premixed nebulizer treatment. A Certified Medication Aide (CMA) II may administer specific injections only in accordance with the New Mexico Board of Nursing Rules.
16	Challenging Behavior	Any behavior that interferes with a person's pursuit of goals, aspirations or ambitions; opportunity to participate in generic or specialized activities; and opportunity to enjoy a broad range of personal relationships. The challenging behavior may include but is not limited to: aggression, self-injurious behavior, elopement, property destruction, inappropriate or offending sexual expression, symptoms of mental health disorders, and/or manifestations of genetic conditions.
17	Change in Condition or Health Status	The person has experienced one or more of the following: a decline in physical, cognitive or functional ability; a "life change" or a new diagnosis or event that requires creation or revision to a healthcare or medical emergency response plan(s).
18	Chemical Restraint	The administration of medication at a dose and/or frequency to intentionally and exclusively preclude behavior without identifying an underlying anxiety, fear or severe emotional distress or other symptoms of psychiatric/emotional disturbance to be eased, managed, and/or treated.
19	Child	An individual under the age of 18. For purpose of Early Periodic Screening, Diagnosis and Treatment (EPSDT) services eligibility, "child" is defined as an individual under the age of 21.
20	Chronic Medical Conditions	Frequent or persistent medical diagnoses that require long-term health care management.
21	Civil Monetary Penalty (CMP)	Monetary fines that may be issued to Provider Agencies by Developmental Disabilities Supports Division (DDSD) and Internal Review Committee (IRC).

	Primary	2023 Final Definition
22	Condition of Participation (CoP)	An identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of people served. Conditions of Participation are based on the Centers for Medicare and Medicaid Services Home and Community Based Services Waiver required assurances. A provider must be in compliance with Conditions of Participation to participate as a Waiver provider.
23	Continuous Quality Improvement Plan	A strategy that addresses how an agency will collect, analyze, act on data and evaluate results related to the following: (1) Individual access to needed services and supports. (2) Effectiveness and timeliness of implementation of Person-Centered Plans. (3) Trends in achievement of individual outcomes in the Person-Centered Plans (4) Trends in medication and medical incidents leading to adverse health events (5) Trends in the adequacy of planning and coordination of healthcare supports at both supervisory and direct support levels. (6) Quality and completeness documentation; and (7) Trends in individual and guardian satisfaction
24	Corrective and Preventive Action Plan (CPA)	A written plan of corrective actions, developed by the provider at the conclusion of an investigation by Division of Health Improvement related to a report of abuse, neglect or exploitation (ANE), documenting all reasonable steps taken to prevent further incidents, as well as providing opportunities to improve quality. The plan is intended to be used by the provider to examine internal root causes and/or contributing factors and to take action on identified issues, when abuse, neglect, and exploitation is substantiated.
25	Crisis Intervention/Prevention Protocol	A comprehensive system of support designed to prevent, deescalate and, as a last resort, intervene physically when the behavior of a person poses a threat of harm to self or others. Protocols must be reviewed and approved by Bureau of Behavioral Supports prior to being utilized.
26	Crisis Response Staff	Direct Support Professional (DSP), with additional training required (Certification from Bureau of Behavioral Supports) and designated by a provider agency contracted with Developmental Disabilities Supports Division to provide Crisis Supports.
27	Days	Calendar days unless business days are specified
28	De-Escalation	Verbal and non-verbal interactions intended to lessen the setting factors contributing to a person's distress and/or assist them in reducing distress and regaining emotional balance.
29	Decompression/Resolution Protocols	An agency procedure designed to lessen or diminish traumatic emotional responses that a participant may experience after an Emergency Physical Restraint (EPR)
30	Department of Health (DOH)	State Agency responsible for operating the Home and Community Based (HCBS) waivers for populations (intellectual/developmentally disabled or medically fragile) that meet the Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID) Level of Care.
31	Destructive Behavior	Behavior that results in physical injury and/or great emotional harm. The person, peers, staff, family, and community members may each, or all, be jeopardized by the activity
32	Developmental Disabilities System Quality Improvement Committee (DDSQI)	Supports participants in exercising greater choice and control over the types of services and supports that are purchased within a State assigned budgetary amount. Serves the most people possible within available resources, identifies opportunities for improvement and ensures action, when indicated; and ensures that the State meets each of its statutorily required assurances to Centers for Medicare and Medicaid Services.
33	Developmental Disabilities Supports Division (DDSD)	The Developmental Disabilities Supports Division (DDSD) oversees four Home and Community Based Waiver programs. These include the Developmental Disabilities Waiver, the Medically Fragile Waiver, Mi Via Self-Directed Waiver and the Supports Waiver.
34	Direct Therapy Treatment	Implementation of therapeutic activities, which have been evaluated using professional judgement and determined to be appropriate exclusively for a skilled, licensed therapist to administer.
35	Discovery	Discovery is examining with the person, family, friends and people who know the person best her/his life and experiences to discern interests and preferences. Discovery works for everyone but is particularly helpful to people with communication challenges. Information gleaned in Discovery about what the person likes to do and does well is used in identifying possible jobs. The information is also used to negotiate with employers the kinds of tasks the person does well and identifies the supports he/she needs to do the job competently and be a good hire for the employer.
36	Disruptive Behavior	Behavior that impacts the person's ability to retain a baseline level of independence, that interferes with quality of life, or that involves a health and safety risk needing behavioral recommendations to establish a safety net.
37	Distracting Behavior	Behavior that others find annoying, "pesky," negative, and undesirable that does not imminently cause significant harm, but may occur at a frequency and intensity that maintaining family and peer relationships and retaining staff are compromised. Distracting behavior may also exclude participation and presence in community settings.
38	Division of Health Improvement (DHI)	The Department of Health's Division of Health Improvement (DHI) is the regulatory entity providing compliance oversight for the home and community-based Medicaid waiver providers.
39	Durable Medical Equipment (DME)	Specialized Medical equipment and supplies include: (a) devices, controls, or appliances, specified in the plan of care, that enable participants to increase their ability to perform activities of daily living; (b) devices, controls, or appliances that enable the participant to perceive, control, or communicate with the environment in which they live; (c) items necessary for life support or to address physical conditions along with ancillary supplies and equipment necessary to the proper functioning of such items; (d) such other durable and non-durable medical equipment not available under the state plan that is necessary to address participant functional limitations; and, (e) necessary medical supplies not available under the state plan. Items reimbursed with waiver funds are in addition to any medical equipment and supplies furnished under the state plan and exclude those items that are not of direct medical or remedial benefit to the participant. All items shall meet applicable standards of manufacture, design and installation.

	Primary	2023 Final Definition
40	Early and Periodic Screening, Diagnosis and Treatment (EPSDT)	Medicaid's comprehensive child health program for individuals under the age of 21. Early and Periodic Screening, Diagnosis and Treatment is authorized under 1905(r) of the Act and includes the performance of periodic screening of children including vision, dental, and hearing services. 1905(r)(5) of the Act requires that any medically necessary health care service that is listed in 1905(a) of the Act be provided to an Early and Periodic Screening, Diagnosis and Treatment beneficiary even if the service has not been specifically included in State plan.
41	Eligible Recipient	An applicant meeting the financial and medical level of care (LOC) criteria who is approved to receive Medical Assistance Division (MAD) services through the Developmental Disabilities Waiver, Medically Fragile Waiver, Supports Waiver or Mi Via Waiver.
42	Emergency Physical Restraint (EPR)	The use of personal, manual physical force to limit, prohibit, or preclude imminently dangerous behavior by restricting movement through specified and allowed sustained physical contact or holding procedures. Emergency Physical Restraint is allowed only under certain circumstances for the Developmental Disabilities Waiver.
43	Face-to-Face	Providing services in the physical presence of a person with intellectual or developmental disabilities (I/DD), or in specific instances, the family of a child with intellectual or developmental disabilities (I/DD).
44	Fading	The orderly process by which the therapist (Occupational Therapist /Physical Therapist or Speech Language Pathologist) or the Behavior Support Consultant (BSC), transfers the delivery or implementation of specific therapy strategies to non-therapists or non-Behavior Support Consultants, such as Direct Support Professionals and natural supports. When planned fading results in the discontinuation of a therapy/behavioral support consultation service, the responsibility for support of current therapy strategies rests with another provider agency.
45	Fair Hearing	An informal evidentiary hearing that is conducted by the Fair Hearings Bureau so that evidence may be presented as it relates to an adverse action taken, or intended to be taken, by Medical Assistance Division (MAD), its Utilization Review (UR) contractor, or the Managed Care Organization (MCO).
46	Functional Activity for Therapy	Goal-directed activity that is related to a person's daily life routines in the areas of self-care, home and community living, education, work, leisure, and social participation.
47	Generic Supports	Unpaid supports that are not specific to, or specifically designed for people with intellectual and developmental disabilities (I/DD).
48	<i>Guardian</i>	An individual or organization named by order of the court to exercise any or all powers and right of the person and/or the estate of a person. The term includes conservators and certified private or public fiduciaries, and full or plenary guardians which means a guardian appointed by the court to exercise all legal rights and powers of the protected person after the court has found that the person lacks the capacity to carry out all the tasks necessary to care for their self or property.
49	Healthy Relationships	Ongoing connections with friends, family, and significant others that are characterized by a mutual respect and reciprocity of feeling, and are free from physical, sexual, and emotional abuse or financial exploitation.
50	High Medical Necessity	An acute or chronic health status, including brain disorders that result in a dependency on medical care for which daily skilled (nursing) intervention is medically necessary.
51	Home and Community Based Services (HCBS)	A set of Medical Assistance Division services that provides alternatives to long-term care services in institutional settings, such as the Developmental Disabilities Waiver, Medically Fragile Waiver, Mi Via Waiver and Supports Waiver programs. The Centers for Medicare and Medicaid Services (CMS) waives certain statutory requirements of the Social Security Act to allow Human Services Department to provide an array of community-based options through these waiver programs.
52	Human Services Department (HSD)	Designated by the Center for Medicare and Medicaid Services (CMS) as the Medicaid administering agency in New Mexico.
53	Immediate Action and Safety Plan (IASP)	Documentation completed and submitted with the Abuse, Neglect or Exploitation (ANE) Report that identifies the immediate steps implemented to ensure the health and safety of a person when there has been a report of Abuse, Neglect, Exploitation, Suspicious Injury, Death or Environmental Hazard (collectively, ANE).
54	Immediate Family Member	Includes father (includes natural or adoptive or foster father, father-in-law, step-parent) mother (includes natural or adoptive or foster mother, mother in-law, step-parent), brother (includes half-brother, step-brother), sister (includes half-sister, step-sister), son or daughter, step-son or step-daughter, adoptive or foster son or daughter, natural grandfather, natural grandmother, and spouse relationship to the individual. Foster relationships are only applicable for persons under age 21.
55	Imminent, Serious Physical Harm	Harm certain to result in physical insult great enough to render a person incapable of continuing usual activities regardless of whether medical intervention is needed
56	Incident Management Bureau (IMB)	The Incident Management Bureau (IMB) serves individuals with intellectual and developmental disabilities (I/DD) by assessing needs and providing protective services in community-based programs through investigations of allegations of abuse, neglect and exploitation, often collectively referred to as "abuse" or ANE. New Mexico state law requires all persons with knowledge about potential Abuse Neglect or Exploitation to report; this includes people who work directly with individuals with intellectual and developmental disabilities (I/DD). All family, friends and people who provide support can report abuse. Reports also come from law enforcement, medical providers and other sources.
57	Individual Case File	Means a hard copy or electronic file of documents pertaining to eligibility, service delivery, service history and other pertinent information about the person in Waiver services. The record shall document activities and services provided to individuals with developmental disabilities receiving community-based services.
58	Individuals with Disabilities Education Act (IDEA)	The federal law (P.L. 108-446; 20 USC §1400 et seq.) that ensures "that all children with disabilities have available to them a free appropriate public education that emphasizes special education and related services designed to meet their unique needs and prepare them for further education, employment, and independent living."

	Primary	2023 Final Definition
59	Informed Choice	Informed choice is when a person decides based on a solid understanding of all available options and consequences of how that choice will impact their life. Informed choice is a component of Person Centered Planning.
60	Intellectual and Developmental Disability (I/DD)	Developmental Disabilities is an umbrella term that includes intellectual disability but also includes other disabilities that are apparent during childhood. Developmental disabilities are severe chronic disabilities that can be cognitive or physical or both. The disabilities appear before the age of 22 and are likely to be lifelong. Some developmental disabilities are largely physical issues, such as cerebral palsy or epilepsy. Some individuals may have a condition that includes a physical and intellectual disability. A person is considered to have intellectual disabilities if she/he has significantly sub-average general intellectual functioning existing concurrently with deficits in adaptive behavior and manifested during the developmental periods.
61	Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID)	Facilities that are licensed and certified by the New Mexico Department of Health (DOH) to provide room and board, continuous active treatment and other services for eligible recipients with a primary diagnosis of intellectual disabilities.
62	Intermittent Skilled Nursing	Direct skilled nursing is provided on an occasional basis or scheduled on a less than daily basis.
63	Intern	An individual holder of an advanced degree or candidate for an advanced degree, participating in a practicum program approved by and under supervision of a university program.
64	Internal Review Committee (IRC)	A committee comprised of voting members from the Developmental Disabilities Supports Division (DDSD), the Division of Health Improvement (DHI), and the Human Services Department (HSD). The purpose of the committee is to review performance issues identified by any bureau or responsible party within DDSD, DHI, or HSD, and to apply sanctions, if necessary, to assure compliance.
65	Legally Responsible Individual (LRI)	A person who has a legal obligation under the provisions of state law to care for another person. Legal responsibility is defined by State law, and generally includes the parents (natural or adoptive) of minor children, legally assigned caretaker relatives of minor children, or spouses.
66	Level of Care (LOC)	The specification of the minimum amount of assistance that an individual must require in order to receive services in an institutional setting under the state plan.
67	Licensed Dietitian	A licensed, professional who has met the educational and clinical requirements set forth by the American Dietary Association (ADA) and licensure requirements set forth by the State of New Mexico.
68	Life Change	Hospitalization, significant health status change, relocation to another city, loss of employment and other circumstances that change someone's daily life.
69	Life Threatening Medical Conditions	Conditions that have associated potential to cause cardiopulmonary arrest or respiratory arrest leading to cardiac arrest
70	Managed Care Organizations (MCO)	The entity that participates in Centennial Care under contract with the Human Services Department (HSD) to assist the State in Meeting their requirements established under NMSA 1978, Sec. 27-2-12.
71	Meaningful Day	Individualized access for people with I/DD to support their participation in activities and functions of community life that are desired and chosen by the general population. The term "day" does not exclusively denote activities that happen between 9:00 a.m. to 5:00 p.m. on weekdays.
72	Mechanical Restraint	Any device attached or adjacent to an individual's body that he or she cannot easily remove that restricts freedom of movement or normal access to his or her body.
73	Medical Adverse Events	A negative change in health that is related to a prescribed procedure, treatment or medication.
74	Medical Emergency	A health condition that is life threatening to the person and requires rapid emergency intervention and treatment.
75	Medically Fragile	A chronic physical condition, which results in a prolonged dependency on medical care for which daily skilled (nursing) intervention is medically necessary and is characterized by one or more of the following: a life threatening condition characterized by reasonable frequent periods of acute exacerbation which require frequent medical supervision, or physician consultation and which in the absence of such supervision or consultation would require hospitalization; a condition requiring frequent, time consuming administration of specialized treatments which are medically necessary; or dependence on medical technology such that without the technology a reasonable level of health could not be maintained; examples include but are not limited to ventilators, dialysis machines, enteral or parenteral nutrition support and supplemental oxygen.
76	Medically Fragile Waiver	New Mexico's 1915(c) Home and Community Based Services program serving individuals diagnosed with a medically fragile condition prior to the age of 22 and a developmental disability or who are developmentally delayed or at risk for developmental delay and meet an Intermediate Care Facilities for Individuals with Intellectual Disabilities level of care.
77	Medication Delivery	The method by which people take or receive their medication.
78	Medication Error	A mistake in medication administration that includes but is not necessarily limited to the following: (a) wrong medication (an individual receives and take medication which is intended for another person, discontinued, or inappropriately labeled); (b) wrong dose (an individual receives the incorrect amount of medication); (c) wrong time (an individual receives medication dose at an incorrect time interval); and, (d) omission (missed dose) is when an individual does not receive a prescribed dose of medication, not including when an individual refuses to take medication.
79	Medication Route	A method of medication entry into a person's body (e.g., oral, injection, rectal or topical)
80	Mortality Review Committee (MRC)	The committee that collects and analyzes health records to identify underlying causes of death in order to promote system-wide quality improvement. The role of the Mortality Review Committee is to effect system change with the goal of improving the provision of care, reducing mortality and morbidity, and promoting the provision of competent, caring services and supports.

	Primary	2023 Final Definition
81	Natural Supports	Unpaid personal associations and relationships typically developed in the community that enhance the quality and security of life for people, including, but not limited to, family relationships; friendships reflecting the diversity of the neighborhood and the community; association with fellow students or employees in regular classrooms and work places; and associations developed through participation in clubs, organizations, and other civic activities.
82	New Mexico Administrative Code (NMAC)	Created to assist the public finding current rules.
83	New Mexico Consolidated On-Line Registry (NMCOR)	An application that provides a one-stop repository for New Mexico healthcare employers to quickly ascertain employment suitability for new healthcare employees through data from information sources such as: Nurse Aide Registry (NAR), New Mexico Employee Abuse Registry (EAR) and New Mexico Sex Offender information. All employees, independent providers, provider agencies and vendor must pass the New Mexico Consolidated On-line Registry screening prior to initial hire. Individual employees must pass the New Mexico Consolidated On-line Registry screening every three years after initial hire.
84	New Mexico Medicaid Third Party Assessor (TPA)	The Third-Party Assessor reviews required level of care (LOC) assessments and determines medical eligibility for people who are newly allocated to the waiver and redeterminations. The Third-Party Assessor is contracted through Human Services Division. In addition, the Third-Party Assessor Contractor approves and enters Person Centered Plans/budgets into the Medicaid Management Information System to ensure that waiver requirements are met.
85	New Mexico State Plan Services	Health related benefits available to all New Mexico Medicaid recipients who meet applicable medical necessity criteria.
86	New Therapy Referral	A therapy referral for a person who had no therapy hours on the previous ISP budget for that therapy discipline.
87	Non-Ambulatory	Not able to walk independently without support.
88	Nursing Practice Act	The New Mexico statute (Chapter 61, Article 3 NMSA 1978) which governs the regulations and licensing of nurses or certification of certified medication aides.
89	Orders	Written, electronic, fax, verbal, or phone instructions from a healthcare practitioner that provides direction for care or treatment. Verbal and phone orders shall be documented and signed by the receiving nurse and faxed to the healthcare practitioner for counter signature to be retained in the record.
90	Parent	The natural or adoptive mother, father, stepmother, or stepfather.
91	Performance Improvement Plan (PIP)	A written document developed by the provider or regional office that identifies specific program or program area deficiencies by the provider that need corrective action to be in compliance with policy, standard, or regulations. At a minimum, the plan must address the area(s) of concern, cite the applicable policy, standard, or regulation, identify the required actions or evidence to correct the deficiency, and establish documentation and timelines for completion.
92	Performance Measure	Regular measurement of outcomes and results, which generates reliable data on the effectiveness and efficiency of programs and drives better decision making for improvement planning.
93	Person-Centered Planning (PCP)	An assessment and service planning process that is directed and led by the individual with assistance as needed or desired from a representative or other persons of the individual's choosing. The process is designed to identify the strengths, capacities, preferences, needs, and desired outcomes of the individual. The process may include other persons, freely chosen by the individual, who are able to serve as important contributors to the process. The PCP process enables and assists the individual to identify and access a personalized mix of paid and non-paid services and supports that assist him/her to achieve personally defined outcomes in the community.
94	Physical Redirection	The use of touch and/or body position with minimal physical force to redirect attempts by a person to strike or otherwise cause physical insult or harm. Physical redirection is not utilized to move someone from one area to another or to keep them from leaving/entering an area.
95	Planning Alternative Tomorrows with Hope (PATHs)	Evolved from the Making Action Plan (MAP) process. It offers the opportunity to extend the Making Action Plans steps and to put into place a plan of action. Planning Alternative Tomorrows with Hope is a self-sustaining planning process. It is another tool to address long range and short-term planning and involves eight (8) short steps. It is co-facilitated by two (2) trained facilitators.
96	Practitioner Orders	Medical instructions prescribed by a physician, physician assistant, certified nurse practitioner, or prescribing psychologist.
97	Practitioner Recommendations	Suggested course of action related to medical symptoms or condition written or discussed by a medical professional including physician, physician assistant, certified nurse practitioner, psychologist, speech language pathologist, occupational therapist, physical therapist, behavior support consultant, dietician, dentist, or pharmacist.
98	Primary Care Practitioner (PCP)	A person's primary medical care provider, usually a Medical Doctor, Physician's Assistant, or Certified Nurse Practitioner.
99	Prior Authorization	The process of obtaining authorization prior to the person receiving services. The purpose of the prior authorization function is to determine member eligibility, benefit coverage, medical necessity, location and appropriateness of services through the insurance provider.
100	PRN (Latin term: Pro Re Nata) Medication use for Behavioral Control	Any Chemical agent ordered on an "as needed" basis used for the effect it exerts on the central nervous system in terms of altering thoughts, feelings, mental activities, mood, and behavior. This includes chemical agents considered psychotropic and those with psychoactive effects not considered psychotropic.
101	PRN (Latin term: Pro Re Nata) Psychotropic Medication	See definition for PRN Medication Use for Behavioral Control.
102	PRN (Latin term; Pro Re Nata)	Referring to prescribed or over-the-counter-medications (including comfort medications) or treatments taken or used only on an as-needed basis at times when particular symptoms occur.

	Primary	2023 Final Definition
103	Professional Services Budget (PSB)	Occupational, Physical and Speech Language Therapies, Nursing and Behavior Support Consultation.
104	Progress Note	Notes written by Behavior Support Consultant, therapy, nursing or other professional/clinical services. They may be routine notes of care or, for Behavior Support Consultant's may be confidential notes of treatment sessions. These notes may be used for documentation for billing services, but Behavior Support Consultant may not be included as part of the semiannual report.
105	Provider Agency	A private entity that has entered into a contract or Provider Agreement with the Department of Health for the purpose of providing Waiver services in accordance with regulations and standards to Waiver participants.
106	Prudent Nursing Practice	Standards of care in nursing for practices that a reasonably prudent nurse would use.
107	Psychoactive Medication	A chemical substance that acts on the central nervous system which results in temporary changes to perception, mood, consciousness, cognition and behavior.
108	Qualified Health Professional	A physician, nurse practitioner, physician assistant or agency nurse.
109	Quality improvement Strategy	A strategy to monitor the provision of services to ensure quality outcome for people receiving services, and ensure continual compliance with all applicable program requirements.
110	Quality Management Bureau (QMB)	A Bureau of the Division of Health Improvement that conducts compliance surveys of providers holding a provider agreement with the Developmental Disabilities Services Division to provide Home and Community Based Services. The purpose of Quality Management Bureau (QMB) reviews is to determine compliance with federal and state standards; to assure the health, safety, and welfare of people receiving services through the Developmental Disabilities Waiver, Medically Fragile Waiver, Mi Via Waiver, and Supports Waiver to identify opportunities for improvement by these providers.
111	Recipient	Individual receiving waiver services.
112	Registered Dietitian	A licensed, certified professional who has met the educational and clinical requirements set forth by the American Dietary Association (ADA) and licensure requirements set forth by the State of New Mexico.
113	Registered Nurse (RN)	A nurse who practices professional registered nursing and whose name and pertinent information are entered in the register of licensed registered nurses maintained by the NM Board of Nursing, or a nurse who practices professional registered nursing pursuant to a multi-state licensure privilege as provided in the Nurse Licensure Compact.
114	Remediation	A process of taking action to remedy specific issues to bring performance up to acceptable levels.
115	Representative Payee	A person or an organization who acts as the receiver of United States Social Security Disability or Supplemental Security Income for a person who is not fully capable of managing their own benefits, i.e., cannot be their own payee. The representative payee is expected to assist the person with money management, along with providing protection from financial abuse and victimization.
116	Routine	Activities or services that occur on a predetermined schedule or with some level of expectancy such as occasional illness.
117	Sanctions	Penalties against providers for fraud, violations of federal or state law, violations of HIPAA regulations, failure to meet professional standards of conduct, non-compliance with the Medical Assistance Division's New Mexico Administrative Code (NMAC) rules, violations of the Medicaid Provider Act, and other misconduct.
118	Self- Protective Behavior	Actions taken to assure personal safety during a crisis. This may include using one's hands or arms to block attempted blows, employing grasp release strategies identified in approved crisis intervention protocols, or the use of pillows or soft materials to absorb impact.
119	Self-Advocacy	When people with disabilities, whether individually or in groups, speak or act on behalf of themselves, others, or on behalf of issues that affect people with disabilities.
120	Self-Determination	When people with disabilities exercise their ability to direct their lives including their own supports and services.
121	Self-Imposed Moratorium	A provider agency, with the approval of the regional office(s) and the Developmental Disabilities Supports Division Director or his/her designee, requesting and receiving a freeze on the requirement to accept all new people into a specified service for a specified period of time, in a specified Developmental Disabilities Services Division region and/or in specified counties. The removal of a provider from the Secondary Freedom of Choice (SFOC) form in specific counties for a limited amount of time, per the provider's request.
122	Setting Factors	Interpersonal, Intrapersonal, environmental and activity consideration that "set the stage" for emotional distress and subsequent behavioral expression, setting factors are included as broad considerations of behavioral antecedents and precursors.
123	Settings Requirements	The Home and Community Based Services (HCBS) settings requirements establish an outcome-oriented definition that focuses on the nature and quality of people's experiences. All Home and Community Based Services (HCBS) settings (residential and non-residential), which includes all Developmental Disabilities Waiver funded settings must: 1. Be integrated in and facilitate full access to the greater community; 2. Ensures people receive services in the community to the same degree of access as people not receiving HCBS; 3. Maximize independence in making life choices; 4. Be chosen by the person (in consultation with the guardian if applicable) from all available residential and day options, including non-disability specific settings; 5. Ensure the right to privacy, dignity, respect and freedom from coercion and restraint; 6. Optimizes individual initiative, autonomy, and independence in making life choices. 7. Provide an opportunity to seek competitive employment; 8. Provide individuals an option to choose a private unit in a residential setting; and 9. Facilitate choice of services and who provides them.
124	Sexually Inappropriate Behavior	Any sexual act that violates social norms or concerning appropriate sexual boundaries or increases the potential for sexual injury to self-and/or others.

	Primary	2023 Final Definition
125	Sexually Offending Behavior	Any sexual act that violates existing laws.
126	Significant Change in Personal Life circumstances	A change in personal circumstances that have been part of a person's long-term stability and affect a person's personal support needs. This may include one or more of the following: changes in long-term living environment, loss of a job, significant life transition such as going from living at home to living on their own, or changes in long-term support systems, such as a loss of a parent.
127	Stable	The person's condition is unchanged; signs and/or symptoms are within established ranges, frequencies or patterns. The person's condition does not require frequent assessment or monitoring by a licensed nurse or behavioral health professional to determine their status or their response to medication or treatment.
128	Supports	The assistance to a person that may or may not include a paid service.
129	Teleconference	A technology enabled conference not to be for management of health conditions for a person supported. It may include video conference engagement
130	Therap	A secure Health Insurance Portability Accountability Act (HIPAA) compliant web-based system for planning, reporting, documentation, communication, and more to meet the needs of organizations supporting people with intellectual and developmental disabilities (I/DD) in Home and Community Based Services (HCBS) and other settings.
131	Working Age Adult	A person who is at least 17 years of age who has completed or nearly completed her/his K-12 School curriculum including the transition portion and requests adult services through Developmental Disabilities Services Division. Typical retirement age, based on Social Security rules, ranges from 62-67 with many people choosing to work longer for economic or other reasons.
