MICHELLE LUJAN GRISHAM
Governor

PATRICK M. ALLEN Cabinet Secretary

Date: August 1, 2023

To: Charles Clayton, Case Manager / Managing Director

Provider: Visions Case Management, Inc.
Address: 4700 Lincoln Road NE #107
State/Zip: Albuquerque, New Mexico 87109

E-mail Address: charles@visionsnm.com

Region: Metro and Northeast Survey Date: July 3 - 14, 2023

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Case Management

Survey Type: Routine

Team Leader: Kaitlyn Taylor, BSW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Wolf Krusemark, BFA, Healthcare Surveyor Supervisor, Division of Health

Improvement/Quality Management Bureau; Kayla Benally, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Koren Chandler, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Charles Chavez, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Ashley Gueths, BACJ, Division of Health Improvement/Quality Management Bureau; Lundy Tvedt,

BA, JD, Healthcare Surveyor Supervisor, Division of Health Improvement/Quality

Management Bureau

Dear Mr. Charles Clayton,

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

#### **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

# NMDOH-DIVISION OF HEALTH IMPROVEMENT QUALITY MANAGEMENT BUREAU

5300 HOMESTEAD ROAD NE, SUITE 300-3223, ALBUQUERQUE, NEW MEXICO 87110 (505) 470-4797 • FAX: (505) 222-8661 • http://nmhealth.org/about/dhi

<u>Compliance</u>: This determination is based on your agency's compliance with Condition of Participation level and Standard level requirements. Deficiencies found only affect a small percentage of the Individuals on the survey sample (refer to Attachment D for details). The attached QMB Report of Findings indicates Standard Level deficiencies identified and requires implementation of a Plan of Correction.

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 4C02 Scope of Services Primary Freedom of Choice
- Tag # 4C07 Individual Service Planning (Visions, measurable outcome, action steps
- Tag # 4C07.2 Person Centered Assessment and Career Development Plan
- Tag # 4C09 Secondary FOC
- Tag # 4C10 Apprv. Budget Worksheet Waiver Review Form / MAD 046
- Tag # 4C12 Monitoring & Evaluation of Services
- Tag # 4C15.1 Service Monitoring: Annual / Semi-Annual Reports & Provider Semi Annual / Quarterly Report
- Tag # 4C16 Req. for Reports & Distribution of ISP (Provider Agencies, Individual and / or Guardian)
- Tag # 4C16.1 Req. for Reports & Distribution of ISP (Regional DDSD Office)
- Tag # 4C04 Assessment Activities
- Tag # 1A22 / 4C02 Case Manager: Individual Specific Competencies
- Tag # 4C17.1 Case Manager Qualifications: Credentials & Code of Ethics
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

### Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

# **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

# **On-going Quality Assurance/Quality Improvement Processes:**

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

 Quality Management Bureau, Monica Valdez, Plan of Correction Coordinator at <u>MonicaE.Valdez@doh.nm.gov</u>

# 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

# **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
PO Box 2348
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@hsd.nm.gov)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

# Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5300 Homestead Rd NE, Suite 300 - 3223
Albuquerque, NM 87110
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, Monica Valdez at 505-273-1930 or email at: MonicaE.Valdez@doh.nm.gov if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Kaitlyn Taylor, BSW Kaitlyn Taylor, BSW

## Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@doh.nm.gov">MonicaE.Valdez@doh.nm.gov</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

# Instructions for Completing Agency POC:

## Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

#### Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

#### Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <a href="MonicaE.Valdez@doh.nm.gov">MonicaE.Valdez@doh.nm.gov</a> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator via email at <a href="MonicaE.valdez@doh.nm.gov">MonicaE.valdez@doh.nm.gov</a>. Please also submit your POC to your Developmental Disabilities Supports Division Regional Office for region of service surveyed.
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

#### **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator, you must submit copies of documents as evidence that all deficiencies have been corrected. You must also submit evidence of the ongoing Quality Assurance/Quality Improvement processes.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. Please submit your documents electronically according to the following: If documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to the State email account. If documents contain PHI do not submit PHI directly to the State email account. You may submit PHI only when replying to a secure email received from the State email account. When possible, please submit requested documentation using a "zipped/compressed" file to reduce file size. You may also submit documents via S-Comm (Therap), or another electronic format, i.e., flash drive.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

#### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the case management survey the CMS waiver assurances have been grouped into five (5) Service Domains: Plan of Care (Development and Monitoring); Level of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

# **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

## Service Domains and CoPs for Case Management are as follows:

<u>Service Domain: Plan of Care ISP Development & Monitoring -</u>
Service plans address all participates' assessed needs (including health and safety risk factors) and goals, either by waiver services or through other means. Services plans are updated or revised at least annually or when warranted by changes in the waiver participants' needs.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File Individual Service Plan (ISP) / ISP Components
- 4C07 Individual Service Planning (Visions, measurable outcome, action steps)
- 4C07.1 Individual Service Planning Paid Services
- 4C10 Apprv. Budget Worksheet Waiver Review Form / MAD 046
- 4C12 Monitoring & Evaluation of Services
- 4C16 Requirements for Reports & Distribution of ISP (Provider Agencies, Individual and/or Guardian)

<u>Service Domain: Level of Care -</u> Initial and annual Level of Care (LOC) evaluations are completed within timeframes specified by the State.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

4C04 – Assessment Activities

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

## Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A22/4C02 Case Manager: Individual Specific Competencies
- 1A22.1 / 4C02.1 Case Manager Competencies: Knowledge of Service

# Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

#### Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

### Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

• 1A05 - General Requirements

#### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

#### Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

#### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
   Chief within 10 business days of receipt of the final Report of Findings (Note: No extensions are
   granted for the IRF).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <a href="mailto:valdez@doh.nm.gov">valerie.valdez@doh.nm.gov</a> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

### **QMB Determinations of Compliance**

# **Compliance:**

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

# Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

#### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting

in each life area determined to be relevant to the identified ISP outcomes shall be reflected in the ISP. The long term vision, age, circumstances, and interests of the individual, shall determine the life area relevance, if any to the individual's ISP.		
E. Action plans:  (1) Specific ISP action plans that will assist the individual in achieving each identified, desired outcome shall be developed by the IDT and stated in the ISP. The IDT establishes the action plan of the ISP, as well as the criteria for measuring progress on each action step.  (2) Service providers shall develop specific action plans and strategies (methods and procedures) for implementing each ISP desired outcome. Timelines for meeting each action step are established by the IDT. Responsible parties to oversee appropriate implementation of each action step are determined by the IDT.  (3) The action plans, strategies, timelines and criteria for measuring progress, shall be relevant to each desired outcome established by the IDT. The individual's definition of success shall be the primary criterion used in developing objective, quantifiable indicators for measuring progress.		
Developmental Disabilities Waiver Service Standards Eff 11/1/2021 Chapter 4: Person-Centered Planning (PCP): 4.1 Essential Elements of Person-Centered Planning (PCP): Person-centered planning is a process that places a person at the center of planning their life and supports. The CMS requires use of PCP in the development of the ISP. It is an ongoing process that is the foundation for all aspects of the DD Waiver Program and DD Waiver Provider Agencies' work with people with I/DD. The process is designed to identify the strengths, capacities, preferences, and needs of the person. The process may include other		

people chosen by the person, who are able to serve as important contributors to the process. Overall, PCP involves person-centered thinking, person-centered practice. PCP enables and assists the person to identify and access a personalized mix of paid and non-paid services and susports to assist him or her to achieve personally defined outcomes in the community.  Chapter 6: Individual Service Plan (ISP): 6.6.1 Vision Statements: The long-term vision statement describes the person's major long-term (e.g., within one to three years) life dreams and sapriations in the following areas: 1. Live, 2. Work/Education/Volunteer, 3. Develop Relationships/Have Fun, and 4. Health and/or Other (Optional).  6.6.2 Desired Outcomes: A Desired Outcome is required for each life area (Live, Work, Fun) for which the person receives paid supports through the DD Wave. Each service does not need its own, separate outcome, but should be connected to at least one Desired Outcome. Desired Outcomes must: 1. be directly linked to a Vision; 2. be meaningful; 3. be measurable; 4. allow for skill building or personal growth; 5. be desired by the person, other team members; 6. not contain "readiness traps" or artificial barriers and steps others would not need to complete to pursue desired goals; and 7. not be achievable with little to no effort (e.g., open a savings account or one-time action).			
2. Work/Education/Volunteer, 3. Develop Relationships/Have Fun, and 4. Health and/or Other (Optional).  6.6.2 Desired Outcomes: A Desired Outcome is required for each life area (Live, Work, Fun) for which the person receives paid supports through the DD Waiver. Each service does not need its own, separate outcome, but should be connected to at least one Desired Outcome.  Desired outcomes must:  1. be directly linked to a Vision; 2. be meaningful; 3. be measurable; 4. allow for skill building or personal growth; 5. be desired by the person, other team members; 6. not contain "readiness traps" or artificial barriers and steps others would not need to complete to pursue desired goals; and 7. not be achievable with little to no effort (e.g., open a savings account or one-time	serve as important contributors to the process.  Overall, PCP involves person-centered thinking, person-centered service planning, and person-centered practice. PCP enables and assists the person to identify and access a personalized mix of paid and non-paid services and supports to assist him or her to achieve personally defined outcomes in the community.  Chapter 6: Individual Service Plan (ISP): 6.6.1 Vision Statements: The long-term vision statement describes the person's major long-term (e.g., within one to three years) life dreams and aspirations in the following areas:		
is required for each life area (Live, Work, Fun) for which the person receives paid supports through the DD Waiver. site, or with DSP while providing services in			
the community.			
Chantan 44. Community Includes 44.4			
Chapter 11: Community Inclusion: 11.4 Person Centered Assessments (PCA) and			
Career Development Plans (CDP)			
Agencies who are providing CCS and/or CIE			
are required to complete a person-centered			
assessment (PCA). A PCA is a person-			
centered planning tool that is intended to be			
used for the service agency to get to know the			
person whom they are supporting and to help			
identify the individual needs and strengths to			
be addressed in the ISP. The PCA should			
provide the reader with a good sense of who			
the person is and is a means of sharing what			

makes an individual unique. The information	
gathered in a PCA should be used to guide	
community inclusion services for the individual.	
Recommended methods for gathering	
information include paper reviews, interviews	
with the individual, guardian or anyone who	
knows the individual well including staff, family	
members, friends, BSC therapist, school	
personnel, employers, and providers.	
Observations in the community, home visits,	
neighborhood/environmental observations	
research on community resources, and team	
input are also reliable means of gathering	
valuable information. A Career Development	
Plan (CDP), developed by the CIE Provider	
Agency with input from the CCS Provider, must	
be in place for job seekers or those already	
working to outline the tasks needed to obtain,	
maintain, or seek advanced opportunities in	
employment.	
3. Timelines for completion: The initial PCA	
must be completed within the first 90	
calendar days of the person receiving	
services. Thereafter, the Provider Agency	
must ensure that the PCA is reviewed and	
updated with the most current information,	
annually. A more extensive update of a	
PCA must be completed every five years.	
PCAs completed at the 5-year mark should	
include a narrative summary of progress	
toward outcomes from initial development,	
changes in support needs, major life	
changes, etc. If there is a significant	
change in a person's circumstance, a new	
PCA should be considered because the	
information in the PCA may no longer be	
relevant. A significant change may include	
but is not limited to losing a job, changing a	
residence or provider, and/or moving to a	
new region of the state.	
6. A career development plan is developed by	
the CIE provider with input from the CCS	
provider, as appropriate, and can be a	
separate document or be added as an

pursuant to Walter Stephen Jackson, et al vs.			
Fort Stanton Hospital and Training School et.			
al, 757 F. Supp. 1243 (DNM 1990) may			
receive service types and budget amounts			
consistent with those services approved in			
their ISP and in accordance with the Orders of			
the Consent Decree. JCMs budgets are not			
submitted to the Outside Reviewer (OR) for			
clinical justification according to the process			
described below. DDSD provides instruction to			
CM's on JCM budget submission and system			
entry.			
7.3.2 Clinical Justification and the Outside			
Review Process: DDSD contracts with an			
independent third party to conduct a clinical			
outside review (OR) of services and service			
amounts requested on an adult or children's			
budget. DD Waiver services have a set of			
clinical criteria applied by the OR to determine			
clinical justification. Clinical Criteria undergoes			
periodic updates when clarification is needed			

for the field and the reviewers or when policy or program decisions affect the criteria.		
7.4 Budget Submission Process: The CM is responsible for timely submission of the ISP, budget worksheet (BWS), and supporting documentation to the OR. To avoid any disruption or delays in approval of clinically justified services, all DD Waiver Provider Agencies on a BWS are responsible for working with the CM to assure accuracy and completeness of the submission. The process for adult and child budget submission includes the following steps:  6. Submissions must be at least 45 full calendar days in advance of an ISP expiration or 30 calendar days in advance of a service revision. For 30 and 45-day timelines, the measure is made by date of the month (e.g., June 30 is 30 days prior to July 30)		
Chapter 8: Case Management: 8.2.6 Development and Timely Submission of Budgets to the Appropriate Third Parties: CMs are responsible for completing or gathering all documents necessary to obtain an approved budget for DD waiver services. CMs are required to honor the timelines and the process related to individual budget development as outlined in Chapter 7: Available Services and Individual Budget Development.		
8.2.8 Maintaining a Complete Client Record The CM is required to maintain documentation for each person supported according to the following requirement: 3. The case file must contain the documents identified in Appendix A: Client File Matrix.		
Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain

person in services, as specified in Section II Chapter 20: Provider Documentation and Client Records and Appendix A Client File Matrix.

**8.2.1 Promoting Self Advocacy and Advocating on Behalf of the Person in Services:** A primary role of the CM is to facilitate self-advocacy and advocate on behalf of the person, which includes, but is not limited to:...

## 8.3.1 CM Qualifications and Training Requirements:

- Within specified timelines, Case
   Management Provider Agencies must
   assure that all CMs meet the requirements
   for pre-service and core competency and
   ongoing annual training as specified in the
   Section II Chapter 17: Training
   Requirements.
- Case Management Provider Agencies must have professional development requirements in place to assure that all CMs engage in continuing education, DDSD trainings, professional skill building activities, and remediate any performance issues.
- Case Management Provider Agencies and their staff/sub-contractors must adhere to all requirements communicated to them by DDSD, including participation in the Therap system, attendance at mandatory meetings and trainings, and participation in technical assistance sessions.
- Case Management Provider Agencies and their staff/subcontractors must adhere to all training requirements to use secure and web-based systems to transfer information as required by the TPA. (This includes the TPA Web Portal and Secure CISCO system).
- The CM Code of Ethics must be followed by all CMs employed by or subcontracting with the agency and supporting documentation must be placed in CM

- medical." According to the Electronic Comprehensive Health Assessment Tool, the individual also requires MERPs for Constipation, Falls, and Seizures. (Individual #12)
- #507 stated, "BMI, Cardio, Hygiene"
   According to the Electronic Comprehensive
   Health Assessment Tool, the individual additionally requires MERPs for Falls and Respiratory. (Individual #13)

QMB Report of Findings - Visions Case Management, Inc. - Metro, Northeast - July 3 - 14, 2023

personnel files. 6. delivery sites.		
7. When risk of significant harm is identified,		
the CM follows. the standards outlined in		
Section II Chapter 18: Incident		
Management System.		
8. The CM must report all suspected ANE as		
required by New Mexico Statutes and		
complete all follow up activities as detailed		
in Section II Chapter 18: Incident		
Management System.		
13. If there are concerns regarding the health		
or safety of the person during monitoring or		
assessment activities, the CM immediately		
notifies appropriate supervisory personnel within the DD Waiver Provider Agency		
and documents the concern. In situations		
where the concern is not urgent, the DD		
Waiver Provider Agency is allowed up to		
15 business days to remediate or develop		
an acceptable plan of remediation.		
14. If the CMs reported concerns are not		
remedied by the Provider Agency within a		
reasonable, mutually agreed upon period		
of time, the CM shall use the RORA		
process detailed in Section II Chapter 19:		
Provider Reporting Requirements.		
15. The CM conducts an online review in the		
Therap system to ensure that the e-		
CHAT and Health Passport are current:		
quarterly and after each hospitalization or		
major health event.		
17. The CM will ensure Living Supports, CIHS,		
CCS, and CIE are delivered in accordance		
with CMS Setting Requirements described		
in Chapter 2.1 CMS Final ruleIf additional		
support is needed, the CM notifies the		
DDSD Regional Office through the RORA		

process.  18. Case Management site visit must be documented in the DDSD published case note template in Therap and must be complete and submitted in Therap by the last day of the month in which the visit was completed.		
Chapter 20: 20.5.4 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form generated from an e-CHAT in the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form contains a list of all current medications. Requirements for the Health Passport and Physician Consultation form are:  1. The Case Manager and Primary and Secondary Provider Agencies must communicate critical information to each other and will keep all required sections of Therap updated in order to have a current and thorough Health Passport and Physician Consultation Form available at all times. Required sections of Therap include the IDF, Diagnoses, and Medication History.

must maintain all records necessary to	billing activities for the months of March, April,		
demonstrate proper provision of services for	and May 2023.		
Medicaid billing. At a minimum, Provider			
Agencies must adhere to the following:			
1. The level and type of service provided must			
be supported in the ISP and have an			
approved budget prior to service delivery			
and billing.			
2. Comprehensive documentation of direct			
service delivery must include, at a minimum:			
a. the agency name;			
b. the name of the recipient of the service;			
c. the location of the service;			
d. the date of the service;			
e. the type of service;			
<li>f. the start and end times of the service;</li>			
g. the signature and title of each staff			
member who documents their time; and			
3. Details of the services provided. A Provider			
Agency that receives payment for treatment,			
services, or goods must retain all medical			
and business records for a period of at least			
six years from the last payment date, until			
ongoing audits are settled, or until			
involvement of the state Attorney General is			
completed regarding settlement of any			
claim, whichever is longer.			
4. A Provider Agency that receives payment			
for treatment, services or goods must retain			
all medical and business records relating to			
any of the following for a period of at least			

six years from the payment date:		
a. treatment or care of any eligible recipient;		
b. services or goods provided to any eligible		
recipient;		
<ul> <li>c. amounts paid by MAD on behalf of any</li> </ul>		
eligible recipient; and		
<ul> <li>d. any records required by MAD for the</li> </ul>		
administration of Medicaid.		
21.7 Billable Activities:		
Specific billable activities are defined in the		
scope of work and service requirements for		
each DD Waiver service. In addition, any		
billable activity must also be consistent with the		
person's approved ISP.		
' ''		
21.9 Billable Units: The unit of billing depends		
on the service type. The unit may be a 15-		
minute interval, a daily unit, a monthly unit, or a		
dollar amount. The unit of billing is identified in		
the current DD Waiver Rate Table. Provider		
Agencies must correctly report service units.		
24.0.2. Beguirements for Monthly United For		
<b>21.9.2 Requirements for Monthly Units:</b> For services billed in monthly units, a Provider		
Agency must adhere to the following:		
A month is considered a period of 30		
calendar days.		
Face-to-face billable services shall be		
provided during a month where any portion		
of a monthly unit is billed.		
3. Monthly units can be prorated by a half		
unit.

Date: October 30, 2023

To: Charles Clayton, Case Manager / Managing Director

Provider: Visions Case Management, Inc.
Address: 4700 Lincoln Road NE #107
State/Zip: Albuquerque, New Mexico 87109

E-mail Address: <u>charles@visionsnm.com</u>

Region: Metro and Northeast Survey Date: July 3 - 14, 2023

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Case Management

Survey Type: Routine

Dear Mr. Charles Clayton,

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

## The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
