

New Mexico Department of Health 2016 Weekly Infectious Disease Report Week 47 November 20, 2016 - November 26, 2016

This report is prepared by the Infectious Disease Epidemiology Bureau (IDEB) for notifiable infectious diseases reported through the New Mexico Electronic Disease Surveillance Systems (NM-EDSS). NM-EDSS is a web-based system used by public health staff throughout the state to track investigations of suspected, probable and confirmed cases of notifiable infectious diseases. Data for the current year are provisional and subject to change upon the completion of ongoing disease investigations. Data for prior years are also subject to minor revisions due to corrections or identification of historical cases. Questions regarding the content of this report should be referred to the IDEB Surveillance Team at 505-827-0006.

Sexually Transmitted Diseases, Tuberculosis and HIV/AIDS data are currently reported through other systems. For information on these diseases, contact the responsible programs directly: Sexually Transmitted Diseases, 505-476-3611, Tuberculosis, 505-827-2500, HIV/AIDS, 505-476-3515.

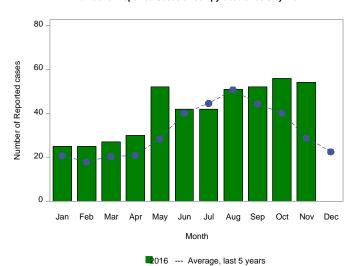

Monthly Trends for Selected Notifiable Infectious Diseases As of November 26, 2016

Includes probable and confirmed cases only.

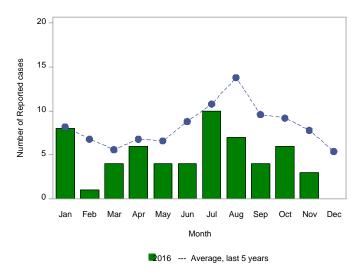

Data for the current year are provisional and may change significantly upon the completion of ongoing investigations.

Data for prior years are also subject to minor revisions due to corrections or identification of historical cases.

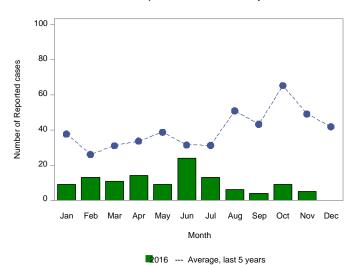

Number of Reported Cases of Campylobacteriosis by Month

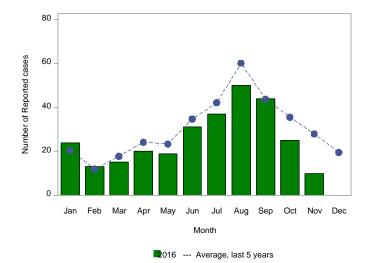

Number of Reported Cases of Giardiasis by Month

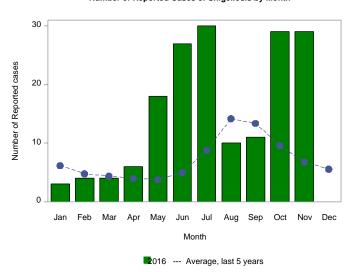

Number of Reported Cases of Pertussis by Month

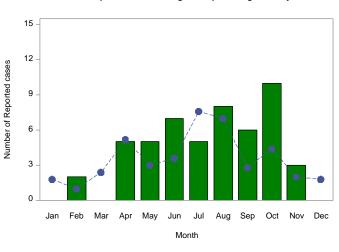

Number of Reported Cases of Salmonellosis by Month

Number of Reported Cases of Shigellosis by Month

Number of Reported Cases of Shiga toxin-producing E. coli by Month

2016 --- Average, last 5 years

Summary of Notifiable Infectious Diseases Reported to the New Mexico Electronic Disease Surveillance System (NM-EDSS) As of November 26, 2016

Includes probable and confirmed cases only.

Data for the current year are provisional and may change significantly upon the completion of ongoing investigations.

Data for prior years are also subject to minor revisions due to corrections or identification of historical cases.
