NMSIIS DUPLICATE IDENTIFICATION PROCESS

This guide will explain how to easily flag a duplicate record in NMSIIS

Example: Cinderella Charming

Search for	patient	Cinderella	Charming
------------	---------	------------	----------

atient Se	earch 🕦						🛱 Links 🔻	
earch Criteria	a							
Patient ID	Identifier	Type Ider	ntifier Val	ue				
Last Name	First Nam	e	Middle N	Name	DOB		Gender	
CHAR	CIND]		MM/DD/	YYYY		~
Father Last Nam Previous Criter earch Result	e Father I	First Name	Father	r Middle Na	me		Clear	Search
ID Name		Insurance	VFC	Gender	DOB		Action	
1055 CHARMING 8900 HAPP LAS CRUCE	, CINDERELLA Y DRIVE RD SS, NM 88012	CAID: 123	1	F	01/01/2015	•	Demographics	•
0072 CUADMING	CINDERFLLA			F	01/01/2015	2	Deserves	

Multiple results will be displayed indicating Cinderella Charming could have one or more records. You will determine if they are the same patient and if they should be combined/merged.

1. On the first Cinderella Charming (patient ID 1055) record click the drop down arrow next to demographics and select duplicates

D	Name	Insurance	VFC	Gender	DOB		Action	×
055	CHARMING, CINDERELLA 8900 HAPPY DRIVE RD	CAID: 123	1	F	01/01/2015	8	Demographics	•
	LAS CRUCES, NM 88012					Demograp	ohics	
072	CHARMING, CINDERELLA			F	01/01/201	Immunizat	tions	
						Duplicates	-	
						Education		
You	I may add a new patient by cli	cking the 'New	Patient'	button.	New Patie	Events		
				L		Exemption	IS	
						Local IDs		
						Notes		
						Precaution	ns / Contraindicatio	ns
						Programs		

You will then be taken to Patient Duplicates screen.

Patient Du	inlicates a	10.1055	000.000002015	AGE. IT ON 21D	GENDER. F		Precautions / Contraintin	ations ARE spec
View								
Duplicates Already	y Identified ds found		/					
Search for Additio	nal Duplicates	Q						
Comments					Add To Duplicate	es		

2. You will click on magnifying glass to finish the process for flagging duplicate records.

As a result of clicking the magnifying glass a search criteria box will appear. Please fill out the information of your patient again.

Patient ID	Identifier Type Id	lentifier Value		
Last Name	First Name	Middle Name	DOB Gende	r
CHARM	CINDER		01/01/2015	\sim
Birth Info				
Mother Last Name	Mother First Name	Mother Middle Name	Mother Maiden Name	
Father Last Name	Father First Name	Father Middle Name		
Previous Criteria			Clear	Search

3. After having filled out the search information and clicking search you will then see your search results displayed once more.

ID Name Gender	DOB
	000
8900 HAPPY DRIVE RD LAS CRUCES, NM 88012	01/01/2015 🔲 🔂 🏴
8072 CHARMING, CINDERELLA F	01/01/2015
	Revise Cancel

4. Double click on the duplicate file, in this example my duplicate file is patient ID 8072, the second Cinderella Charming.

By double clicking on the duplicate Cinderella you will now see the search box disappear and your original screen for patient duplicates will now have populated information (screen shot below)

-

	D: 1055 DOB: 01/01/201	5 AGE: 1Y 6M 21D	GENDER: F] 🏲 🗘	Precautions / Contraindications ARE specified

Duplicates Already Identified					
A No records found					
Search for Additional Duplicates					
CHARMING, CINDERELLA (8072)	Q 😵				
Comments *			Add To Duplicates	S	

5. Now you will need to add a comment. Please be specific so that we are able to properly merge your record.

CHARMING, CINDERELLA (8072)	۹ 😵	
PLEASE COMBINE RECORDS		Add To Duplicates

6. After having entered any applicable comments click "Add To Duplicates"

The information that was filled out in the boxes have now moved to the top of the "Duplicates Already Identified" section.

evv Duplicate	s Already Ider	ntified							
Patient ID	Last	First	Middle	Gende	erDOB	Identified By
