1:30-3:30

Preceptor Workshop

“Building effective student skills to address risky substance use:

Approaching clinical and teaching feedback using Motivational Interviewing skills”

The UNM College of Nursing is participating in a grant project through the Department of Psychiatry to support student and preceptor skill development in evidence-based screening and brief intervention for substance use.

The workshop will be led by expert Motivational Interviewing trainer, Carmen Martinez-Tittman, LMSW, LPCC

(ACNM specialty credit has been applied for; more detail on pg 2 of flier)

Preceptor Workshop

December 14, 2017 from 1:30-3:30 PM

UNM Center for Development and Disability
Room 103 (East Building)

2300 Menaul Boulevard NE, Albuquerque, NM 87107

“Building effective student skills to address risky substance use: Approaching clinical and teaching feedback using MI skills.”

Objectives:

1. Identify specific basic Motivational Interviewing skills within the brief negotiated interview to address substance use behavioral change.
2. Apply the BNI skills to women presenting in primary care settings with risky substance use.
3. Apply the basic MI skills of asking permission, OARS and responding to change talk in clinical and teaching interactions.
4. Apply the MI readiness ruler tool to activate and guide a targeted behavioral change plan.
5. Use MI skills to offer formative clinical feedback to students learning BNI skills
