FUNCTIONAL VISION EVALUATION for Adults with Intellectual/Developmental Disabilities

Name:	DOB:
Evaluator:	Date of Evaluation:
Location of Evaluation:	Last Eye Exam Date:
Person Interviewed and Role:	
Current Medical Information Related to Funct	ional Vision
Interview	
Does individual have glasses prescribed	
Does individual tolerate wearing glasses	
Does individual appear to respond to lig	
How much do you feel the individual see	25?
Does the individual seem sensitive to lig	
•	ems to respond more to like colorful items,
moving items, bright items?	
Does the individual's vision seem to be b	petter at some times than others?
Other:	
Observations of Franchismal Vision	
Observations of Functional Vision	
coating, droopy, open/closed, cysts, etc.):	discoloration, discharge, cataract or white opaque
coating, aroopy, open, closea, cysts, etc.,.	
General Behaviors Noted (rubs. blinks. pres	sses eyes, flaps front of eyes, squints, covers, etc.):
, , ,	
Nystagmus Present?	
Pupils constrict to light?	
Blink Reflex?	
Eye Preference Noted?	
Eye Alignment – Location of pupil- Right	eye: Left eye:
Light Perception Behaviors:	
Light Sensitivity Behaviors:	
Visual Attending or Fixation:	
Head Posturing?	
Bumps into doorways or objects?	
Knocks things over?	
Oriented to home or other environment	?
Awareness of items or movement to the	sides (peripheral):
Appears to see better to one side or the	other?:
Visual Tracking: Horizontal -	
Vertical –	

eneral Orientation/Mobility Recommendations onvironmental Modifications Recommendations elated Assistive Technology Recommendations o Date:	Crosses Midline – Comments:	
Gaze Shift: Visual Scanning: Where does individual hold an object to look at it? Other Observation Trials related to Functional Vision during Mealtimes or very motivating activity (auditory or other cues eliminated as possible): Awareness: Reach toward object: Size: Contrast: Color: Lighting: Movement: Distance: Location: Other: Other Functional Activity Observations: Other: Other Functional Activity Trials: valuation Summary: Visual Strengths: Visual Strengths: Visual Challenges: eneral Recommendations (include approach, lighting, materials size, color, contrast, shininess, acement, simplification, movement - as applicable) eneral Orientation/Mobility Recommendations eneral Orientation/Mobility Recommendations elated Assistive Technology Recommendations Date:
