<u>Surveyor Instruction:</u> This question is intended to open the line of communication with the CM. Case Managers are typically noted as being required to be at an awareness level per IST unless otherwise noted in the IST section of the ISP. All topics may not apply to the specific individual you are interviewing for. You are probing to identify what the case manager is aware of. This is not an all-inclusive list. They may use the agency file to refer to information. This is met if the CM is able to tell you about the individual and is able to discuss progress /
