

Benefits of Enrolling in the Department of Health Medical Cannabis Program

The Medical Cannabis Program gives you important benefits supporting your health and wellness. Explore the benefits below to learn how the program helps you as an enrolled patient.

- **Free to Enroll** - No fee charged by the medical cannabis program to enroll and get a card.
- **Tax-Free Purchases** - No taxes on medical cannabis.¹
- **Higher Purchase Limits Per Visit** - Patients can buy and possess up to 425 grams (about 15 ounces) compared to adult recreational use customers who can buy 2 ounces at a time.
- **Access for Minors with Caregivers** - Minors under the age of 18 are eligible to enroll with a registered caregiver.
- **Priority Access to Medical Cannabis Products** - Dispensaries are required to reserve a portion of inventory for Medical Cannabis Program participants.
- **Buying Medical Cannabis in other states** - *Patients enrolled in the New Mexico Medical Cannabis Program may be eligible to buy medical cannabis in other states that have a reciprocal program.*²
- **Legal Protections in Employment** - Some employment protections may exist for medical cannabis patients.³

Ready to enroll?

Check with your primary care provider or a registered medical provider to begin your online application today!

1. Enrolled medical cannabis patients are allowed 425 units over a rolling 90-day period without tax. If a patient reaches their 425-unit limit, they can still purchase adult use products, which is taxed.
2. Please check with individual states' participation before traveling.
3. Please refer to your employer's Human Resources department.
