Disclaimer

This document was created by the New Mexico Department of Health Center for Medical Cannabis and Psilocybin Health Education team to help New Mexico dispensary staff become familiar with the appearance of medical cannabis cards issued by other states.

In New Mexico, out-of-state medical cannabis patients may purchase medical cannabis products if they present a valid government-issued ID from their home state and a valid medical cannabis card. Licensed dispensaries are responsible for registering these individuals in the reciprocal program.

Please note that as of June 2, 2026, transporting cannabis across state lines remains a federal offense, even with a valid medical card. All medical and recreational cannabis products must be consumed while the patient is visiting New Mexico.

Sample Cards

Sample medical cannabis cards were compiled in March 2026 and may not include all states with a current medical cannabis/marijuana program. Designs change over time and are updated often. These examples are not for verifying card validity. They are provided as visual references to show the general card styles used in different states.

Alabama

The State of Alabama currently relies on recommendations from a registered certifying physician who has been approved by the Alabama Board of Medical Examiners to grant access to medical cannabis. The state does not issue identification cards to confirm enrollment. As of March 2026, Alabama patients are therefore not eligible for reciprocal medical cannabis enrollment in New Mexico.

Alaska

Louisiana

The State of Louisiana currently relies exclusively on medical documentation from healthcare providers to grant access to medical cannabis. The state does not issue identification cards to confirm enrollment. As of March 2026, Louisiana patients are therefore not eligible for reciprocal medical cannabis enrollment in New Mexico.

- Always work closely with a medical provider and a pharmacist when using medical cannabis.
- Start low and go slow.
- Only use medical cannabis you've bought from a Utah medical cannabis pharmacy.
- Do not smoke cannabis (it's legal to vape).
- Do not share, sell, or give away your medical cannabis.
- Call the Utah Poison Control Center 1-800-222-1222 if you think you took too much medical cannabis, you have serious side effects, or a child or pet takes it accidentally.
- Call 911 if it is an emergency.
