# Technology First Spotlight Series

Subject Matter Experts

Subject Matter Experts in Technology First Principles from across the country will present on their experience, best practices, and more

Technology Vendors

National Technology Vendors will showcase technology options

Individual Success Stories

Individuals in New Mexico who are benefiting from Enabling Technology will be showcased to show program successes

Community of Practice

The DDSD Technology Task Force will facilitate the development of an Enabling Technology Task Force with the purposes of:

- Establish best practices for technology utilization in New Mexico
- Organize and house technology spotlight resources
- Establish a platform for connecting the community to share innovative ideas

Thank you
