Committee Chat

Mouchet, Jonathan, DOH added Batista, Carmen, DOH and 8 others to the chat.

Mouchet, Jonathan, DOH named the meeting Medical Psilocybin - Research and Continuous Improvement Committee 3/6/26.

Chat has been turned on for the duration of the meeting.

Peterson, Leslie, DOH and 2 others were invited to the meeting.

Friday 8:48 AM   Meeting started

Dan Jennings was invited to the meeting.

Reminder:

This meeting is being recorded

Please remember to keep language appropriate as the recordings are made public on the Advisory Board Website
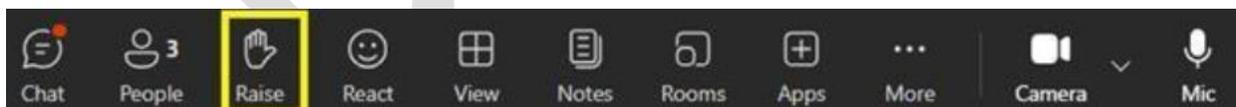

Contact information:

- Email: Medical.Psilocybin@doh.nm.gov
- Program Website: https://www.nmhealth.org/about/mcpp/mpp/
- Advisory Board Website: https://www.nmhealth.org/about/mcpp/mpp/mpab/

Medical Psilocybin

How to raise your hand to speak:

- If on a computer – click on the "hand" icon near the top of the Teams window (it says "Raise" under the icon)

- If on the Teams app on a phone, please press the ellipses (three dots) in the menu and then the "hand" icon will appear, and you can select it

- If you are joining through voice only on a phone, press *5 to raise or lower your hand

How to Unmute:

- Once your name is called, you will be able to unmute:
- To unmute/mute on Teams on a Computer or on the Teams Phone App click on the microphone icon:

- On a computer it is in the upper right area of the Teams window.
- On a phone it is usually in the lower left of the Teams App, however, different models of phone (Apple, Android, etc...) may have the mute/unmute icon in a different location:
- Telephone: voice only - press *6 to unmute/mute

won't unmute I'll pop back in

Another issue some individuals have is their microphone not being connected to the computer at the moment (it seems to especially happen with headsets), so you may need to ensure your microphone is active and connected to your computer.

Hi just joining, James Ferreira ignitesynergy.com we offer a Phychedic Therapy EHR software that can produce these specific reports.

do you want to include details about previous psychedelic usage here?

this question may be worth running thru the equity committee to discern the potential effects of the query on brown and Black clients/patients who are at higher risk of incrimination

 Yes it would be best practice

YESSSSS! Best practices for the guide to learn the patient's psychedelic experience history and then use that knowledge to provide the best service.

For those interested, here is the list of upcoming meetings:

Training and Education – Friday March 6th from 1:00-3:00pm; Brenda Burgard, Chair.

Equity, Access, and Cultural Considerations – Wednesday March 11th from 1:00-2:15pm; DezBaa', Chair.

What if someone is taking a sub-perceptual dose?

 Great. I like it. Thank you

I'm in private practice out of state as naturopathic doc and midwife. It seems that there are three (or more) potential providers (diagnostic/referring clinician, facilitator and prep-

It occurs to me that while pain isn't specifically mentioned as a condition that is going to be treated by the initial rollout, end of life care is pain care, and it might be useful to get before and after pain assessments

oops... prep/integration clinician. All will need to have access to other's medical record platforms and/or there will likely be tremendous admin time pulling/reviewing records. Thinking of keeping care financially accessible

There's lots of them but here's one that is validated for paliative care, which might make sense for this purpose: https://www.capc.org/toolkits/clinical-tools-delivering-high-quality-care/

sorry, that link didn't work how it should: https://www.capc.org/documents/38/

Manuel Griego left the chat.

I have an input/ recommendation for clinical outcomes if we can go back to that briefly

so dosing is left up to practioners???

 will be attending all committee meetings

thank you

Yes, I see people with chronic DPDR following sessions- one of the 6 months late

Medical Psilocybin

I'll take the Emergency Preparedness and Response recommendations topic. My contact info is michele@enchantmenttraininginstitute.org, cell 720-284-7423

good work Dan!

How to sign up for updates

- Step 1. Visit: www.nmhealth.org
- Step 2: Click on "Sign up for E-News"
- Step 3: Complete your information
- Step 4: Select "Medical Psilocybin"

Step 5: click "Sign Up" (you may need to confirm you are not a robot)

How to submit written public comments:

- Please send written public comment to the program email at: medical.psilocybin@doh.nm.gov and include the committee's name in the subject line.
- If referencing documents from other sources/websites:
    - o Do not include the document, only a working - accessible hyperlink;
    - o Documents must be sent with context provided (i.e. do not simply send a research article);
- The comment must relate to the topics discussed in the meeting.
- Documents are limited to no more than 3 pages (letter size) in length and must be in10-point font or larger.
- Please remember to include your full, legal name and any organizational affiliations you may be representing (if any) on the documents.
- To be included, please send your comment by 5:00 PM the business day after the meeting.

How to raise your hand to speak:

- If on a computer – click on the "hand" icon near the top of the Teams window (it says "Raise" under the icon)

- If on the Teams app on a phone, please press the ellipses (three dots) in the menu and then the "hand" icon will appear, and you can select it

- If you are joining through voice only on a phone, press *5 to raise or lower your hand

How to Unmute:

- Once your name is called, you will be able to unmute:
- To unmute/mute on Teams on a Computer or on the Teams Phone App click on the microphone icon:

- On a computer it is in the upper right area of the Teams window.
- On a phone it is usually in the lower left of the Teams App, however, different models of phone (Apple, Android, etc...) may have the mute/unmute icon in a different location:
- Telephone: voice only - press *6 to unmute/mute

Thanks again to everyone who is contributing to this intelligent, respectful, and harmonious process 👏

Thanks, have a great day everyone
