# In Home Living Supports (IHLS) rate increase

The Centers for Medicaid and Medicare Services (CMS) has approved a rate increase for IHLS services. The range of rates was increased from \$25-\$131.50 to \$25-\$150.26. To receive the IHLS range of rate increase, participants will need to do two things to receive the new rate increase:

- Participants must submit a revision to their budget with new rate.
- Vendors must submit new vendor agreements.

Participants must work with their consultant to revise their current budget with the new rate The revision must be reviewed and approved by the Third-Party Assessor (TPA).

The Employer of Record (EOR) or the participant must work with vendors to update the Vendor Agreement with the new rate.

Important notes: There are participants who will move to this new higher rate that will cause their budget to go over their approved Individual Budgetary Allotment (IBA). The state allows these participants Additional Funding (AF) without meeting rules in NMAC 8.314.6.17 B(3)(a). This is allowed if the rate is the only change.

- Once the budget revision is approved by the TPA, vendors may begin to bill the new rate.
- Updated Vendor Agreements must be provided to Conduent by March 31,2023. If an updated Vendor Agreement is not submitted by March

31, 2023, any submitted Vendor Payment Request (VPR) forms will be Returned to Participant (RTP) until an updated Vendor Agreement is submitted.

# What to do When a Participant Moves Out of State

When a participant has moved out of state, please tell your consultant agency. The consultant agency will take the following steps:

- Consultant agency reports the change of address to the Income Support Division using the CIU/MAD 054 Client Information Update form. This must be done within 10 business days.
- Consultant agency will notify the Third-Party Assessor

The <u>CIU/MAD 054</u> form is available on the New Mexico Medicaid Portal

Training Hub requirements for Consultants,
Employer of Record (EOR), Direct Support
Professionals (DSP), Employment Support
Services (ESS), In-Home Living Supports
(IHLS) and Mi Via vendors. DDSD is working
with UNM/ CDD Training Hub to resolve
issues, concerns and questions that have
come up. Notice will go out once the Training
Hub is available to resume training

### We Need YOU!

We are looking for volunteers to participate in a pilot of the new Palco System. A "pilot" is when users get to use a new system before it gets turned on.

Top three (3) reasons why YOU should be in the pilot:

- 1. See the new system before everyone else.
- 2. Receive advance training and practice in the new system.
- 3. You will be fully trained and ready to work in the new Palco system.

Spaces are limited! Contact your consultant agency **TODAY** to volunteer or provide your name to <u>Rachel.Gonzales@hsd.nm.gov</u>

### **Email Campaign**

#### **Attention EOR's and Employees**

It is very important that your current email address is provided to Conduent to ensure ongoing payment to employees. Only one email address is allowed per individual.

EORs please reach out to **all** your employees and request that they update their email addresses with Conduent. Sharing emails is not allowed because Palco system access and payment is tied to each person's email address.

### Impacts of not having a valid email on file:

- Employees will not be able to enter their timesheet.
- EOR will not be able to approve the timesheets.
- Employees or EOR will not be able to make any corrections (manually add/edit shifts, review/approve EVV time

If you have any questions, please contact the Consolidated Customer Service Center (CCSC) at 800-283-4465 to update your e-mail address by phone. You may also update your email address by emailing a <a href="mailto:Change of Information form">Change of Information form (CIU)</a> to Conduent at <a href="mailto:docprocessing@conduent.com">docprocessing@conduent.com</a>.

### **Positive Thoughts**

My potential to succeed is limitless.

I'm allowed to take up space.

I'm in control of how I react to others.

# Mi Via Incident Reporting Requirements

You can find English and Spanish versions of this guide on the Mi Via Website at <a href="https://www.nmhealth.org/publication/view/guide/2188/">https://www.nmhealth.org/publication/view/guide/2188/</a> English

- The community direct support provider may be a skilled independent contractor or a hired employee depending on the level of support needed by the participant to access the community.
- The community direct support provider may coach and model social behavior important for the participant to connect with community members or in groups, provide help in additional tasks related to community participation, provide attendant care, and help the participant schedule, set up and meet goals related to chosen community activities.
- Community direct support services include:
  - Helping the participant outside of their home.
  - Boost the progress of social relationships and build connections within local communities.
  - Support the participant in having regular opportunities to grow in their community to build and strengthen natural supports, networks, friendships and build a sense of belonging.
  - Aid in the progress of skills and behaviors that strengthen the participants connection with their community.

- The skills to help someone in a community setting may be different than those for helping a participant at home. The provider will:

I love you a whole watt.
