*The map does not include the 669 individuals enrolled from Out-of-State. The chart does include these individuals. These 669 individuals enrolled during a brief period in 2019-2020 when out-of-state enrollments were legal. The statute has since changed, and it is not legal to enroll as a patient in New Mexico at this time. However, individuals who are legally enrolled in other governmental medical cannabis program in the US can register as reciprocal participants in New Mexico.
