*The map does not include the 665 individuals enrolled from Out-of-State. The chart does include these individuals. These 665 individuals enrolled during a brief period in 2019-2020 when out-of-state enrollments were legal. The statute has since changed, and it is not legal to enroll as a patient in New Mexico at this time. However, individuals who are legally enrolled in other governmental medical cannabis program in the US can register as reciprocal participants in New Mexico.

Demographics as of August 31, 2022

The Medical Cannabis Program collects demographics through questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethnicity	
American Indian or Alaska Native	3466
Asian Pacific Islander	743
African American	2,540
Hispanic/Latino	31,077
Caucasian	36,694
More than One Ethnicity	246
Total	74,766

Gender Identity

Gender Identity	
Female	47,676

Trans-Male	91
Trans-Female	70
Non-Binary	56
Other (1 response or less)	11
Not Applicable	11
Two Spirit	3
Agender	2
Total	94,935

Something to note about the collection of the data for Gender Identity. During the course of several years, the specific questions used to gather this data have changed on the enrollment forms. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity.
