Demographics

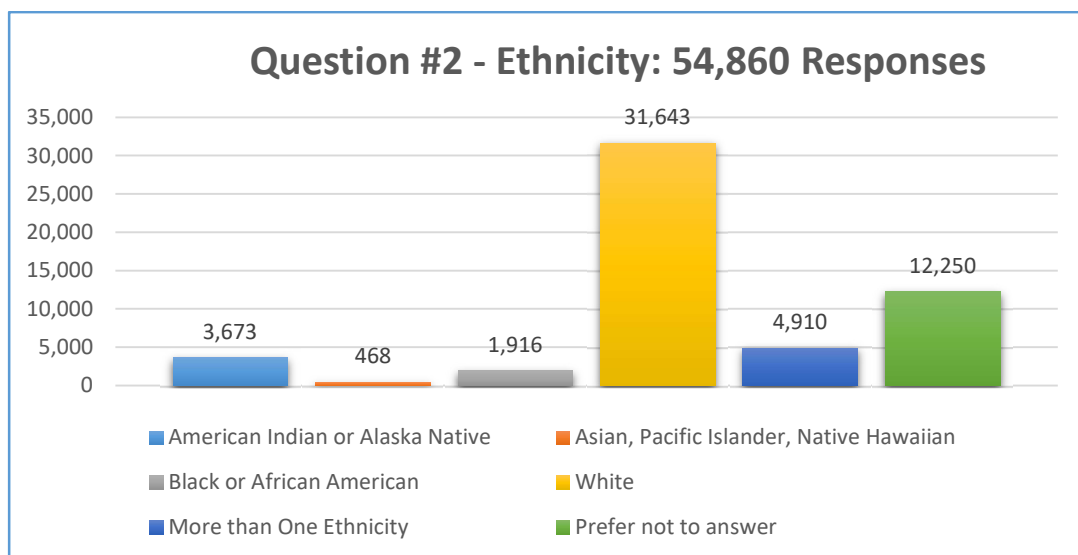

The Medical Cannabis Program collects demographics from questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethnicity is asked as a two-part question when patients register. Here are the results:

Question #1: Do you consider yourself Hispanic/Latino:	
Yes	26,690
No	20,528
Prefer not to answer	4,762
Total	51,980

Question #2: Which racial group do you think of yourself as:	
American Indian or Alaska Native	3,673
Asian, Pacific Islander, Native Hawaiian	468
Black or African American	1,916
White	31,643
More than One Ethnicity	4,910
Prefer not to answer	12,250
Total	54,860

Gender Identity

Gender Identity	
Other, not listed	18,110
Female	29,143
Male	29,117
Prefer not to answer	1,796
Gender queer/gender nonconforming	404
Trans-Male	140
Trans-Female	69
Two Spirit	50
Agender	75
Total	78,904

Note: The collection of the data for Gender Identity has changed over the course of several years. The specific questions used to gather this data have changed on the enrollment forms and is optional. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current, two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity. The remaining individuals not indicated in the chart or graph are individuals who responded as “Other, not listed” in a way they could not be included in the listed categories, or they did not respond to the question.
