Demographics

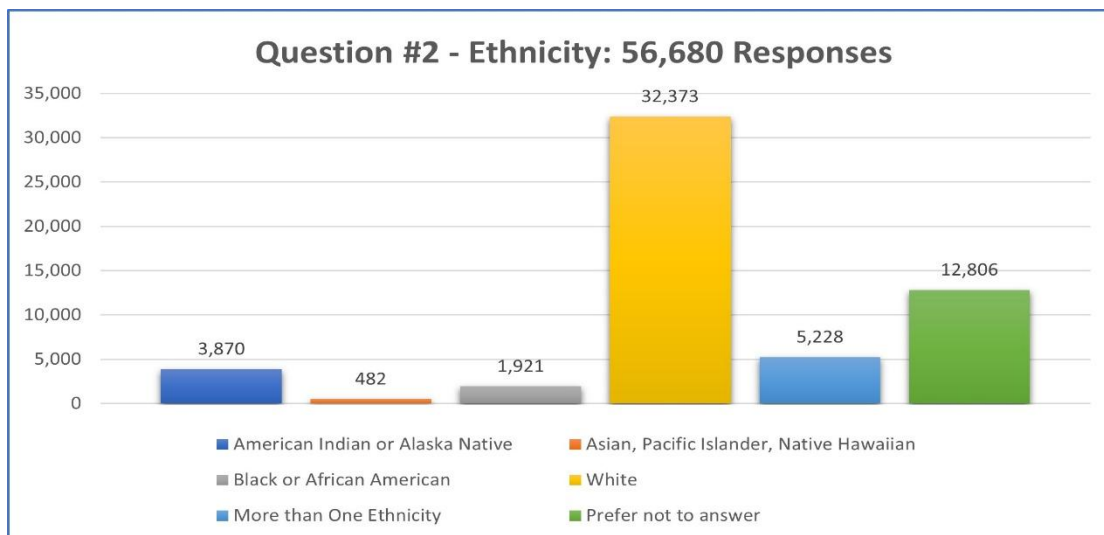

The Medical Cannabis Program collects demographics from questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethnicity is asked as a two-part question when patients register. Here are the results:

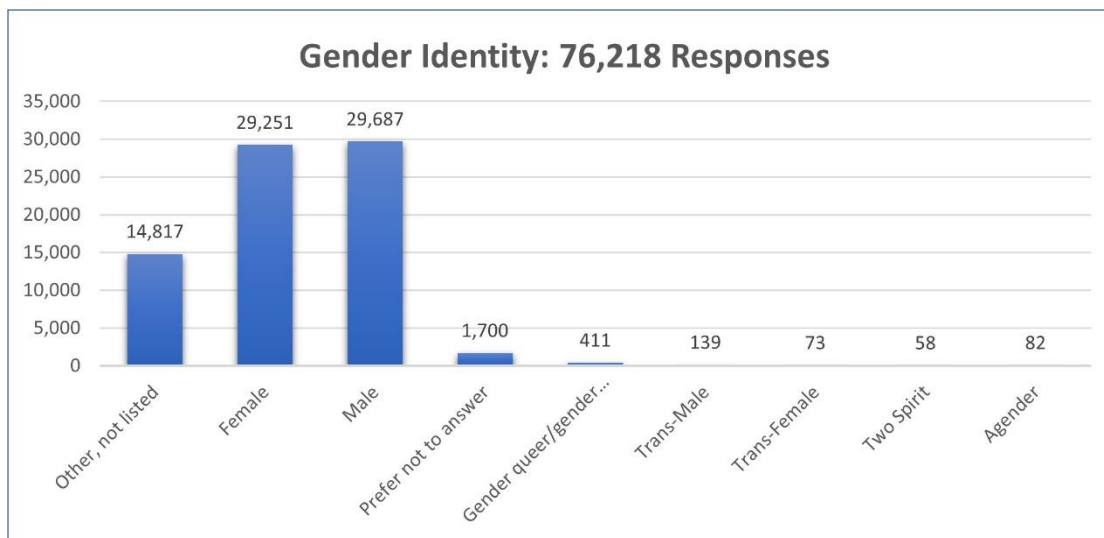

Question #1. Do you consider yourself Hispanic/Latino:	
Yes	27,180
No	22,224
Prefer not to answer	4,960
Total	54,364

Question #2: Which racial group do you think of yourself as:	
American Indian or Alaska Native	3,870
Asian, Pacific Islander, Native Hawaiian	482
Black or African American	1,921
White	32,373
More than One Ethnicity	5,228
Prefer not to answer	12,806
Total	56,680

Gender Identity

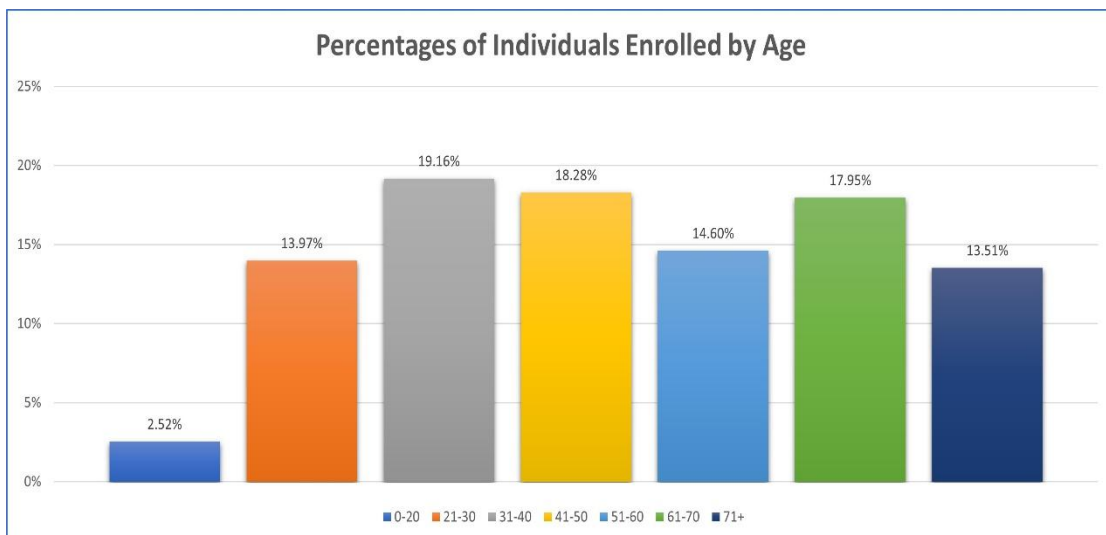

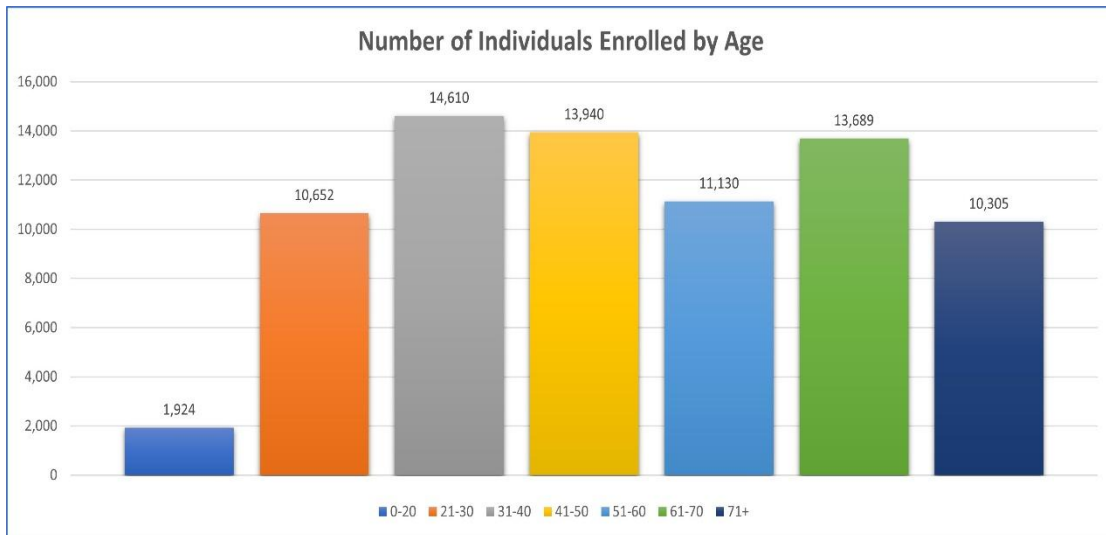

Gender Identity	
Other, not listed	14,817
Female	29,251
Male	29,687
Prefer not to answer	1,700
Gender queer/gender nonconforming	411
Trans-Male	139
Trans-Female	73
Two Spirit	58
Agender	82
Total	76,218

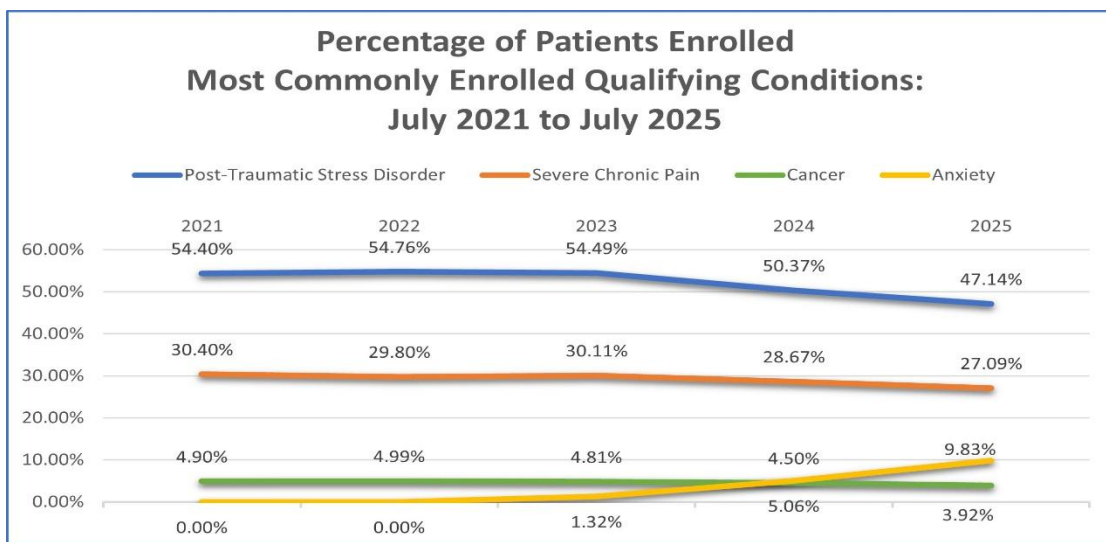

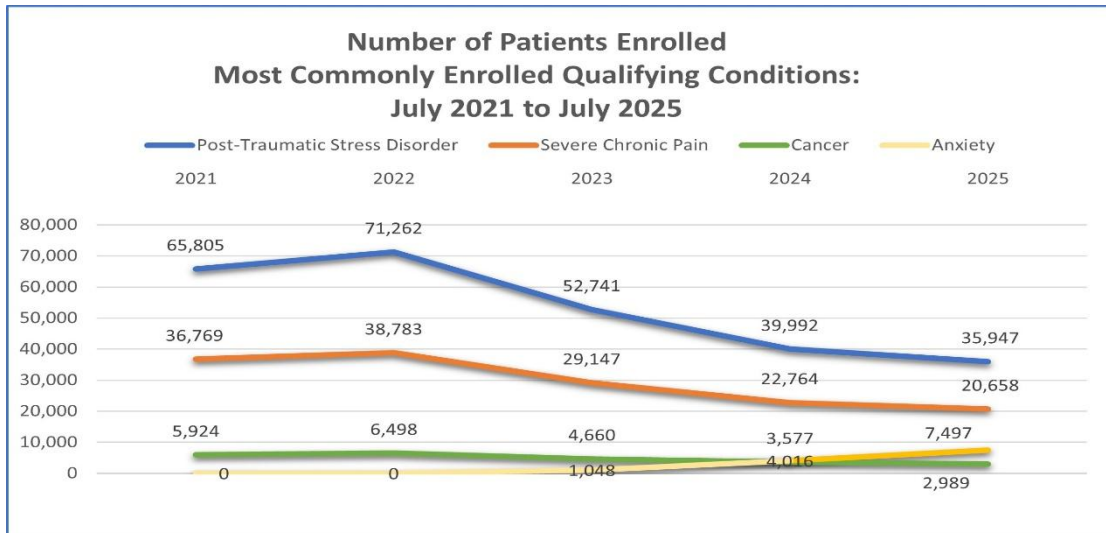

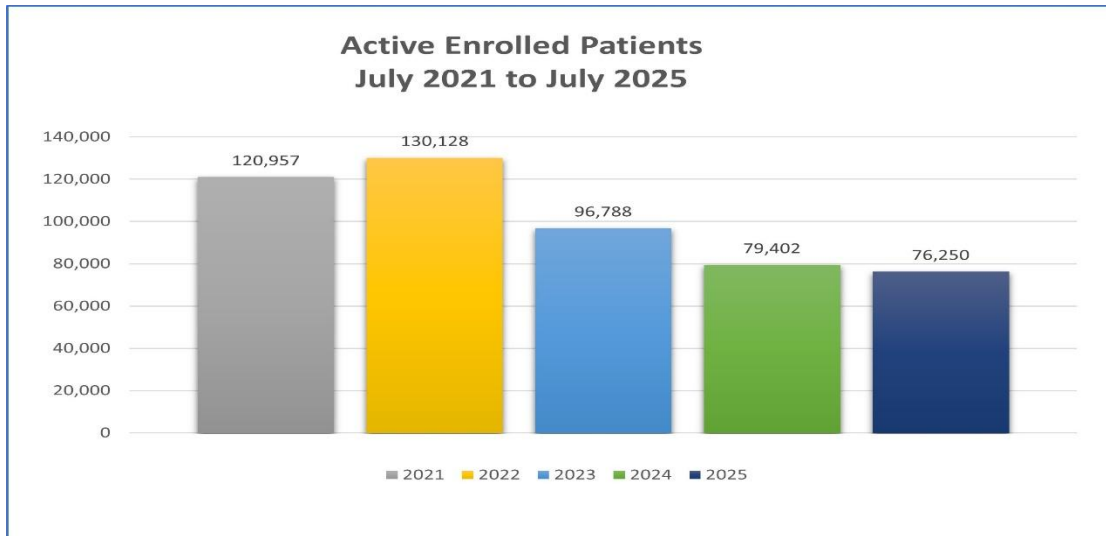

Note: The collection of the data for Gender Identity has changed over the course of several years. The specific questions used to gather this data have changed on the enrollment forms and is optional. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current, two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity. The remaining individuals not indicated in the chart or graph are individuals who responded as “Other, not listed” in a way they could not be included in the listed categories, or they did not respond to the question.
