Demographics

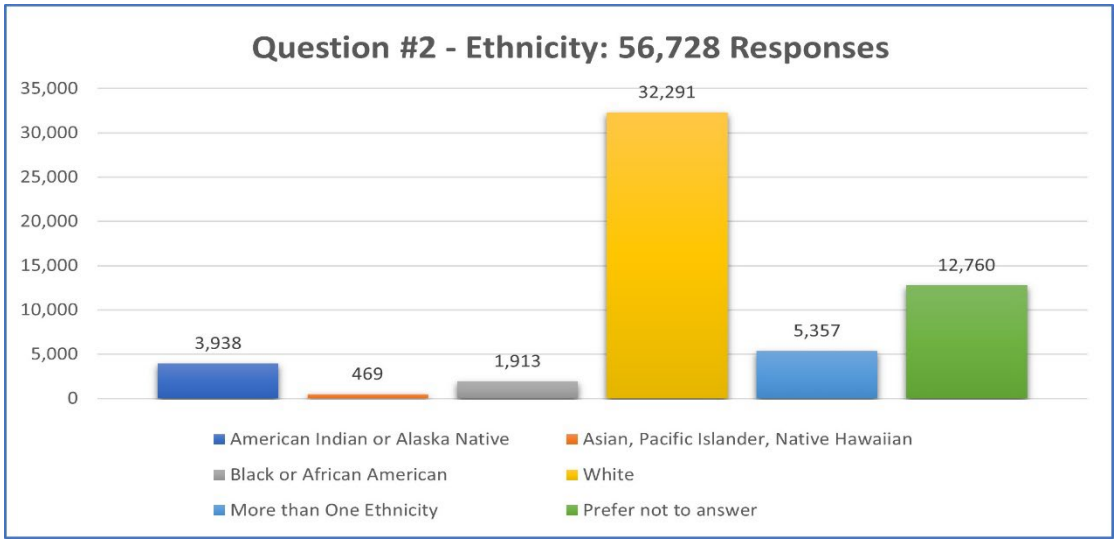
The Medical Cannabis Program collects demographics from questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethinicity is asked as a two-part question when patients register. Here are the results:

Question #1. Do you consider yourself Hispanic/Latino:	
Yes	26,955
No	23,027
Prefer not to answer	4,911
Total	54,893

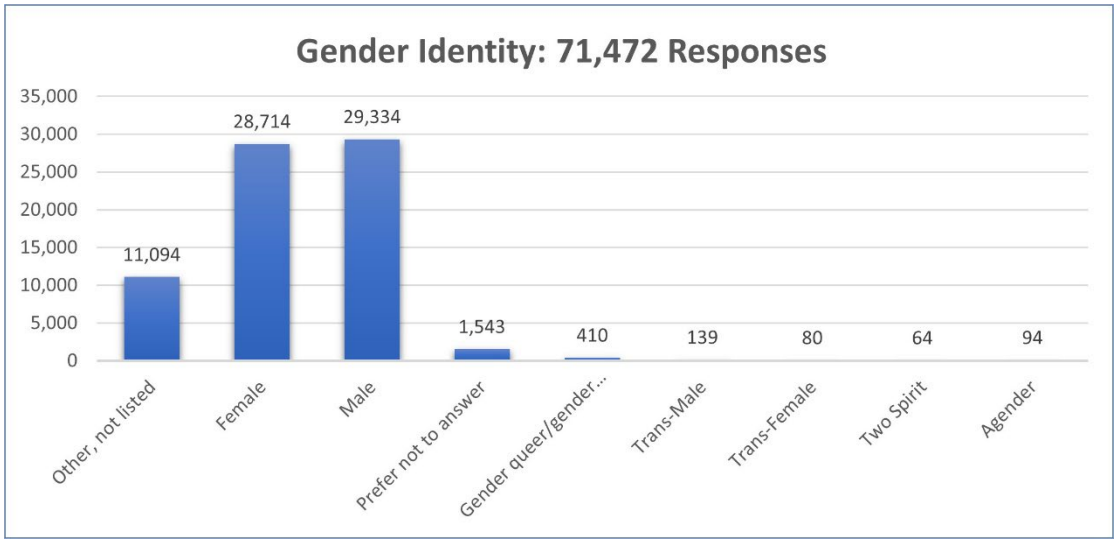
Question #2: Which racial group do you think of yourself as:	
American Indian or Alaska Native	3,938
Asian, Pacific Islander, Native Hawaiian	469
Black or African American	1,913
White	32,291
More than One Ethnicity	5,357
Prefer not to answer	12,760
Total	56,728



All data is as of October 1, 2025.

Gender Identity

Gender Identity	
Other, not listed	11,094
Female	28,714
Male	29,334
Prefer not to answer	1,543
Gender queer/gender nonconforming	410
Trans-Male	139
Trans-Female	80
Two Spirit	64
Agender	94
Total	71,472



Note: The collection of the data for Gender Identity has changed over the course of several years. The specific questions used to gather this data have changed on the enrollment forms and is optional. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current, two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity. The remaining individuals not indicated in the chart or graph are individuals who responded as “Other, not listed” in a way they could not be included in the listed categories, or they did not respond to the question.

All data is as of October 1, 2025.
