Demographics

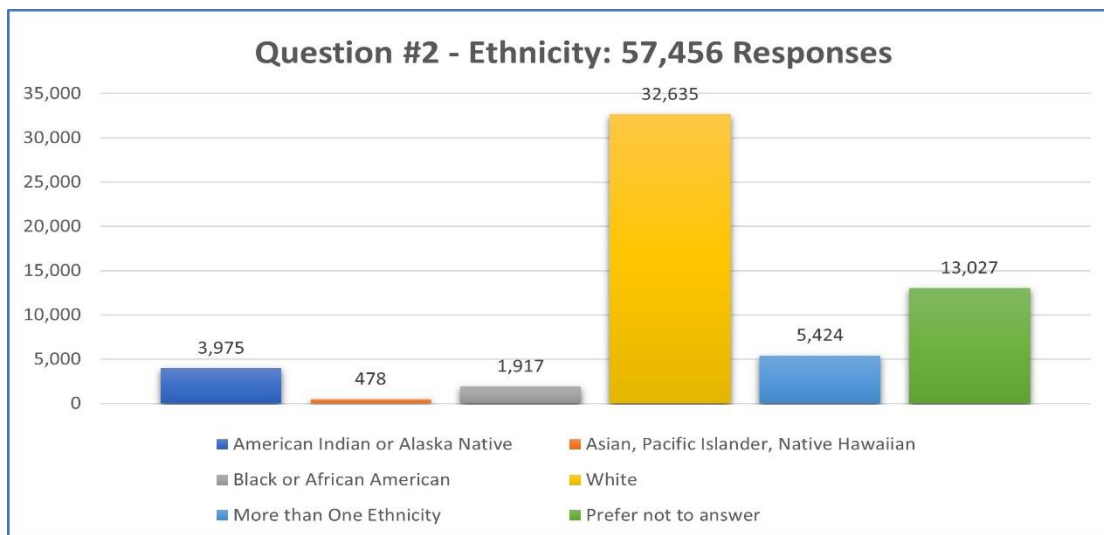

The Medical Cannabis Program collects demographics from questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethnicity is asked as a two-part question when patients register. Here are the results:

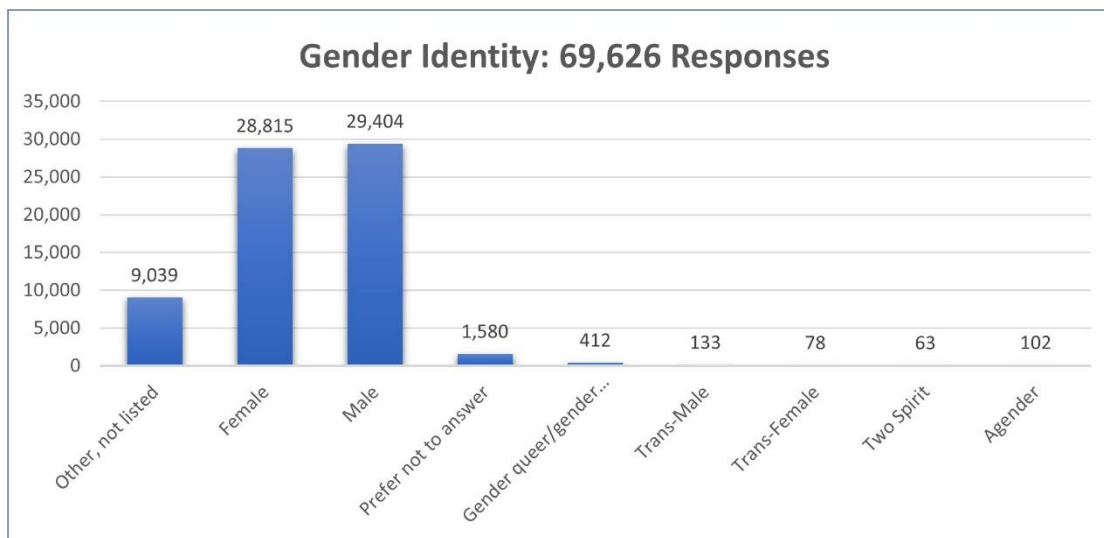

Question #1. Do you consider yourself Hispanic/Latino:	
Yes	27,137
No	23,754
Prefer not to answer	4,982
Total	55,873

Question #2: Which racial group do you think of yourself as:	
American Indian or Alaska Native	3,975
Asian, Pacific Islander, Native Hawaiian	478
Black or African American	1,917
White	32,635
More than One Ethnicity	5,424
Prefer not to answer	13,027
Total	57,456

Gender Identity

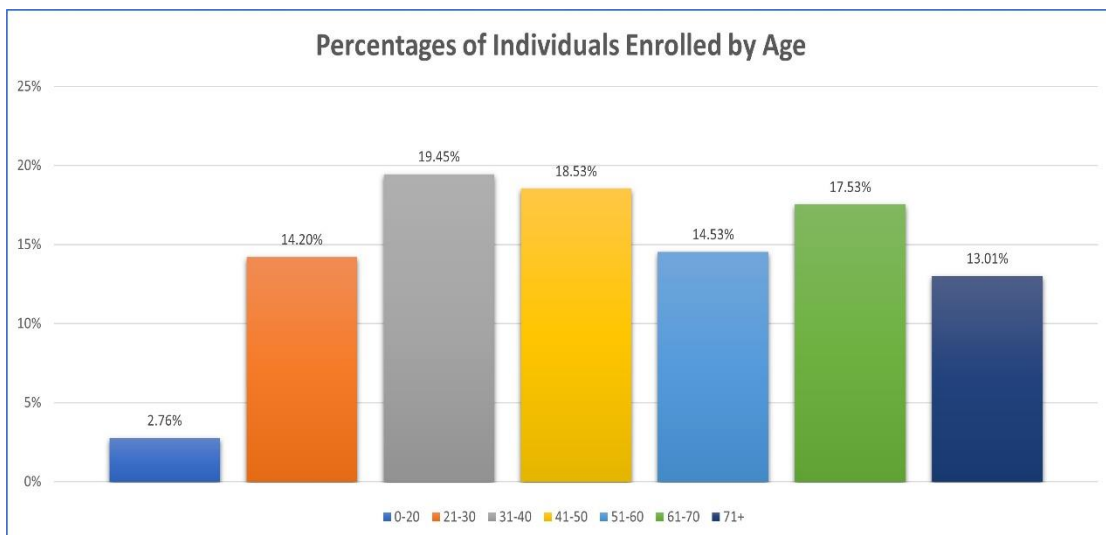

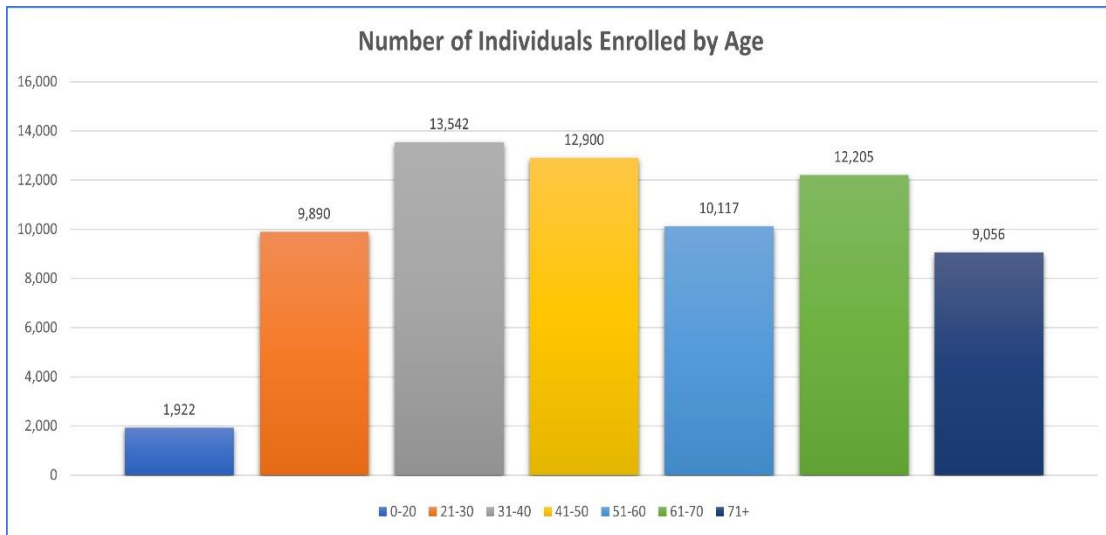

Gender Identity	
Other, not listed	9,039
Female	28,815
Male	29,404
Prefer not to answer	1,580
Gender queer/gender nonconforming	412
Trans-Male	133
Trans-Female	78
Two Spirit	63
Agender	102
Total	69,626

Note: The collection of the data for Gender Identity has changed over the course of several years. The specific questions used to gather this data have changed on the enrollment forms and is optional. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current, two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity. The remaining individuals not indicated in the chart or graph are individuals who responded as “Other, not listed” in a way they could not be included in the listed categories, or they did not respond to the question.
