Demographics

The Medical Cannabis Program collects demographics from questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethnicity is asked as a two-part question when patients register. Here are the results:

Question #1. Do you consider yourself Hispanic/Latino:	
Yes	27,240

Prefer not to answer	4,985
Total	56,613

Question #2: Which racial group do you think of yourself as:

Gender queer/gender nonconforming	406
Trans-Male	132
Trans-Female	79

Note: The collection of the data for Gender Identity has changed over the course of several years. The specific questions used to gather this data have changed on the enrollment forms and is optional. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current, two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity. The remaining individuals not indicated in the chart or graph are individuals who responded as "Other, not listed" in a way they could not be included in the listed categories, or they did not respond to the question.
