Demographics

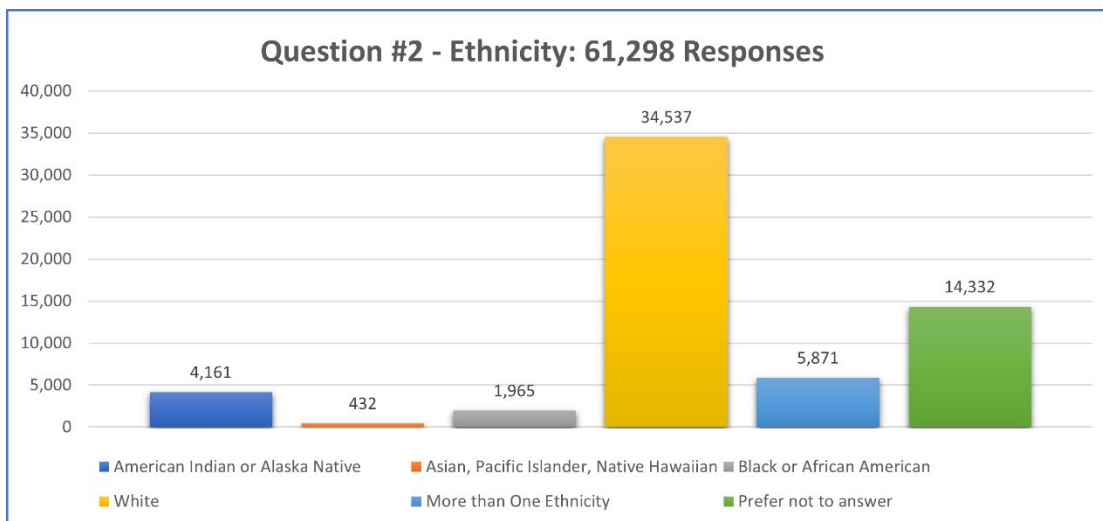

The Medical Cannabis Program collects demographics from questions on the patient enrollment form. These demographic questions are optional. Each Chart/Graph will show the total number of people who participated and responded to the specific demographic question.

Ethnicity

Ethnicity is asked as a two-part question when patients register. Here are the results:

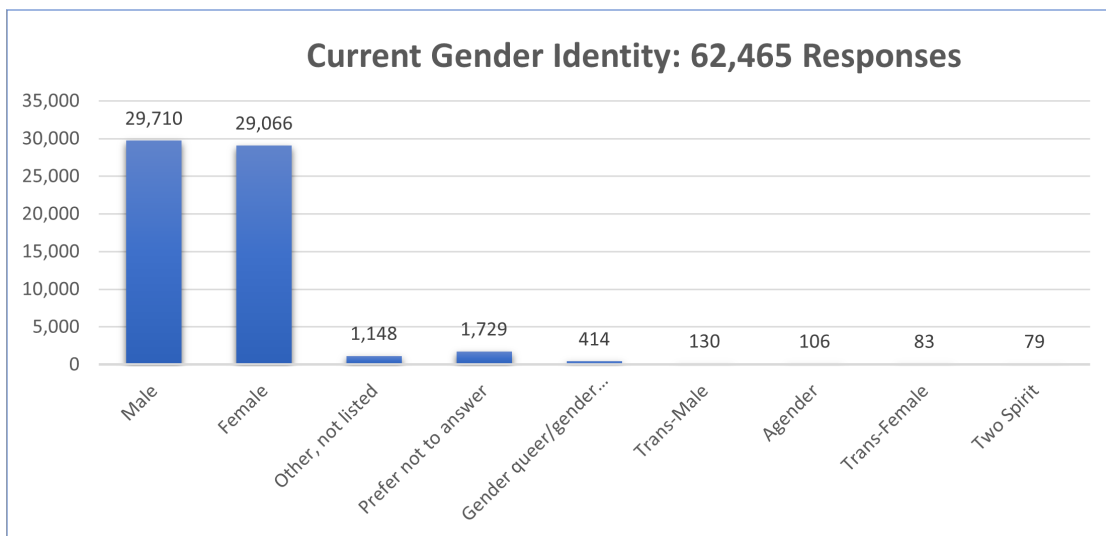

Question #1. Do you consider yourself Hispanic/Latino:	
Yes	27,999
No	27,891
Prefer not to answer	5,231
Total	61,121

Question #2: Which ethnic group do you think of yourself as:	
American Indian or Alaska Native	4,161
Asian, Pacific Islander, Native Hawaiian	432
Black or African American	1,965
White	34,537
More than One Ethnicity	5,871
Prefer not to answer	14,332
Total	61,298

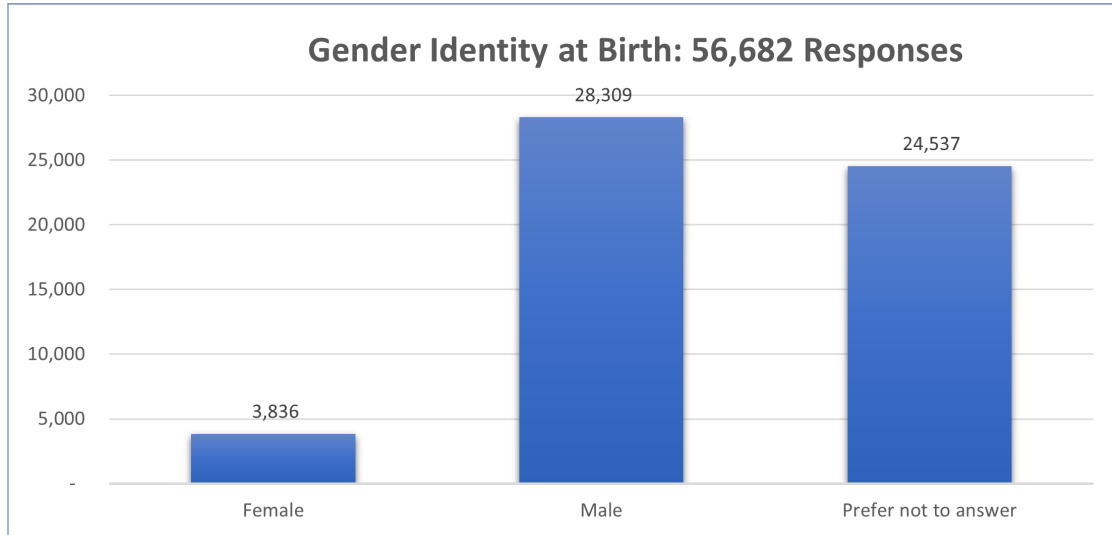

Current Gender Identity

Current Gender Identity	
Other, not listed	29,710
Female	29,066
Male	1,148
Prefer not to answer	1,729
Gender queer/gender nonconforming	414
Trans-Male	130
Trans-Female	106
Two Spirit	83
Agender	79
Total	62,465

Gender Identity at Birth

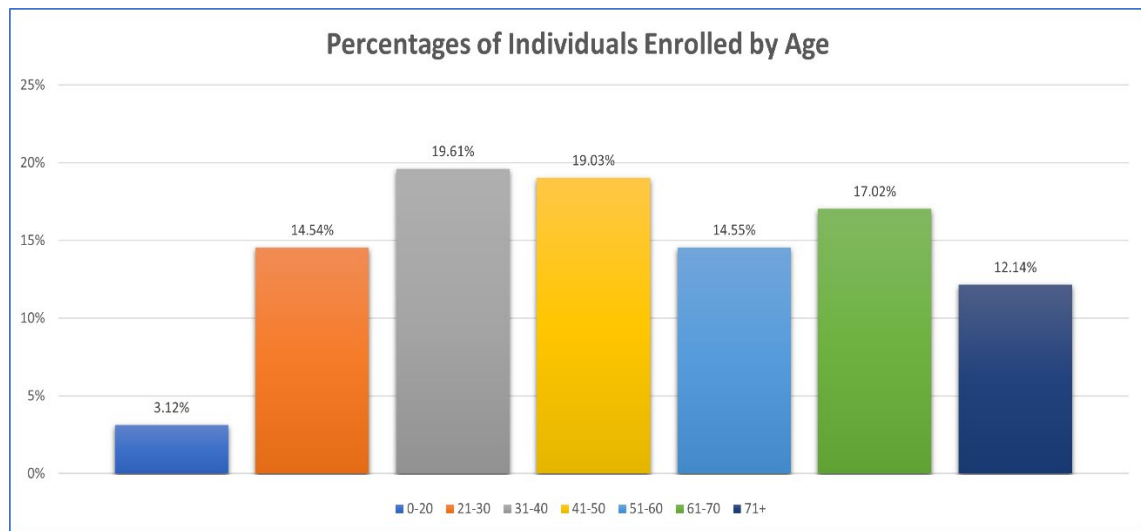

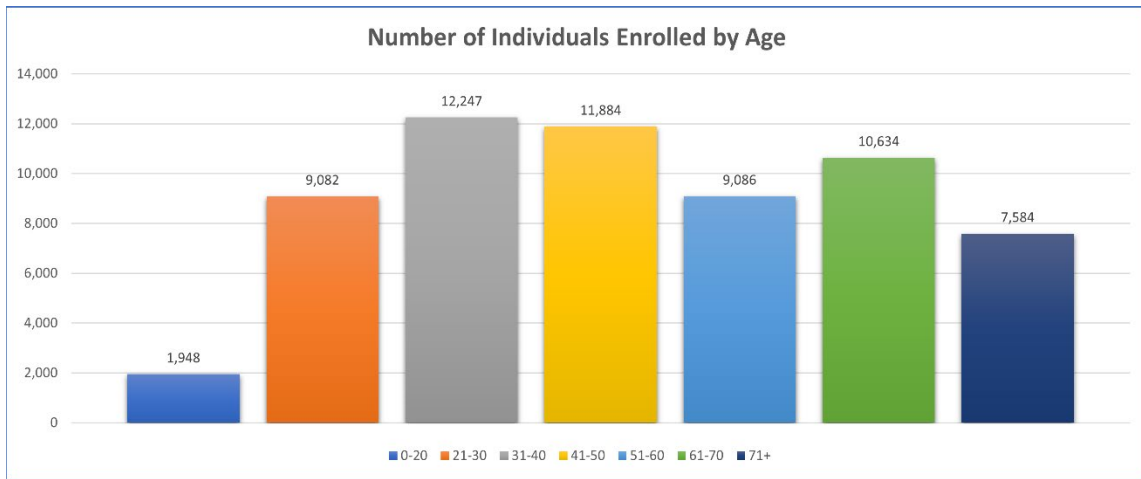

Gender Identity at Birth	
Female	3,836
Male	28,309

Total	56,682

Note: The collection of the data for Gender Identity has changed over the course of several years. The specific questions used to gather this data have changed on the enrollment forms and is optional. This has resulted in data being collected in several different ways and may not always fully represent the current gender identification demographics. The current, two-part question about gender identity will help to improve this representation and meets the updated collection practices for gender identity. The remaining individuals not indicated in the chart or graph are individuals who responded as "Other, not listed" in a way they could not be included in the listed categories, or they did not respond to the question.
