Region: Southwest

Survey Date: August 12 - 15, 2013

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Community Living Supports (Supported Living) and Community Inclusion Supports (Adult

Habilitation)

Survey Type: Routine

Team Leader: Amanda Castañeda, MPA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Mari Chavez, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau and Deb Russell, BS, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Dear Ms. Tarin and Dr. Brandt;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Partial Compliance with Conditions of Participation

This determination is based on non compliance with one or more CMS waiver assurances at the Condition of Participation level as well as Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Plan of Correction Coordinator 5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator at 505-699-9356 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely.

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued non compliance.

Agencies must submit their Plan of Correction within 10 business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days will be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. (Providers who fail to complete a POC within the 45 business days allowed shall be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the QMB Deputy Chief/Plan of Correction Coordinator at 505-222-8650 or 505-699-9356 or email at Crystal.Lopez-Beck@state.nm.us. Requests for technical assistance must be requested through your DDSD Regional Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction must address the required six CMS core elements to address each deficiency of the POC:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur
- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and

QMB Report of Findings - Campo Behavioral Health - Southwest Region - August 12 - 15, 2013

- sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your POC:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Incident Reporting, and Individual-Specific service requirements, etc;
- How accuracy in Billing documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how ISPs are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to Quality data; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps should be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the QMB Deputy Chief/POC Coordinator, Crystal Lopez-Beck at 505-222-8650 or 505-699-9356 for assistance.
- For Technical Assistance (TA) in developing or implementing your POC, contact your local DDSD Regional Office.
- 4. Submit your POC to Crystal Lopez-Beck, Deputy Chief/POC Coordinator in any of the following ways:
 - a. Electronically at Crystal.Lopez-Beck@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Avenue NE, Suite 400, Albuquerque, NM 87108
- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approve" or "denied."

- a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
- b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
- c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
- d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. You may submit your documents by postal mail (paper hard copy or on a disc), fax, or electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. For billing deficiencies, you must submit:
 - a. Evidence of an internal audit of billing documentation for a sample of individuals and timeframes;
 - b. Copies of "void and adjust" forms submitted to correct all over-billed or unjustified units billed identified during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Deputy Chief at QMB, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP. (See the next section for a list of CoPs.) The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

QMB Report of Findings - Campo Behavioral Health - Southwest Region - August 12 - 15, 2013

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Level of Care

Condition of Participation:

1. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

Service Domain: Plan of Care

Condition of Participation:

2. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

3. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Plan of Care

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. **Individual Health, Safety and Welfare (Healthcare Oversight)**: The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief within 10 business days of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: http://dhi.health.state.nm.us/qmb
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at crystal.lopez-beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Consolidated On-line Registry	_		
Employee Abuse Registry NMAC 7.1.12.8 REGISTRY ESTABLISHED; PROVIDER INQUIRY REQUIRED: Upon the effective date of this rule, the department has established and maintains an accurate and complete electronic registry that contains the name, date of birth, address, social security number, and other appropriate identifying information of all persons who, while employed by a provider, have been determined by the department, as a result of an investigation of a complaint, to have engaged in a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider. Additions and updates to the registry shall be posted no later than two (2) business days following receipt. Only department staff designated by the custodian may access, maintain and update the data in the registry. A. Provider requirement to inquire of registry. A provider, prior to employing or contracting with an employee, shall inquire of the registry whether the individual under consideration for employment or contracting is listed on the registry. B. Prohibited employment. A provider may not employ or contract with an individual to be an employee if the individual is listed on the registry as having a substantiated registry-referred incident of abuse, neglect or exploitation of a person receiving care or services from a provider.	Based on record review, the Agency did not maintain documentation in the employee's personnel records that evidenced inquiry into the Employee Abuse Registry prior to employment for 1 of 91 Agency Personnel. The following Agency Personnel records contained evidence that indicated the Employee Abuse Registry check was completed after hire: Direct Support Personnel (DSP): • #52 – Date of hire 1/28/2013, completed 8/12/2013. receiving care or services from a provider. D. Documentation of inquiry to registry . The provider shall maintain documentation in the employee's personnel or employment records that evidences the fact that the provider made an			
inquiry to the registry concerning that employee prior to employment. Such documentation must include evidence, based on the response to such inquiry received from the custodian by the provider, that the employee was not listed on the registry as			

having a substantiated registry-referred incident of abuse, neglect or exploitation. E. Documentation for other staff. With respect to all employed or contracted individuals providing direct care who are licensed health care professionals or certified nurse aides, the provider shall maintain documentation reflecting the individual's current licensure as a health care professional or current certification as a nurse aide. F. Consequences of noncompliance. The department or other governmental agency having regulatory enforcement authority over a provider may sanction a provider in accordance with applicable law if the provider fails to make an appropriate and timely inquiry of the registry, or fails to maintain evidence of such inquiry, in connection with the hiring or contracting of an employee; or for employing or contracting any person to work as an employee who is listed on the registry. Such sanctions may include a directed plan of correction, civil monetary penalty not to exceed five thousand dollars (\$5000) per instance, or termination or non-renewal of any contract with the department or other governmental agency. Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 Chapter 1.IV. General Provider Requirements. D. Criminal History Screening: All personnel shall be screened by the Provider Agency in regard to the employee's qualifications, references, and employment history, prior to employment. All Provider Agencies shall comply with the Criminal Records Screening for Caregivers 7.1.12 NMAC and Employee Abuse Registry 7.1.12 NMAC as required by the Department of Health, Division of Health Improvement.

Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 I. PROVIDER AGENCY ENROLLMENT PROCESS I. Continuous Quality Management System: Prior to approval or renewal of a DD Waiver Provider Agreement, the Provider Agency is required to submit in writing the current Continuous Quality Improvement Plan to the DOH for approval. In addition, on an annual basis DD Waiver Provider Agencies shall develop or update and implement the Continuous Quality Improvement Plan. The CQI Plan shall be used to 1) discover strengths and challenges of the provider agency, as well as strengths, and barriers individuals experience in receiving the quality, quantity, and meaningfulness of services that he or she desires; 2) build on strengths and remediate individual and provider level issues to improve the provider's service provision over time. At a minimum the CQI Plan shall address how the agency will collect, analyze, act on data and evaluate results related to: (1) Individual access to needed services and supports; (2) Effectiveness and timeliness of implementation of Individualized Service Plans; (3) Trends in achievement of individual outcomes in the Individual Service Plans; (4) Trends in medication and medical incidents leading to adverse health events; (5) Trends in the adequacy of planning and coordination of healthcare supports at both	Based on record review and interview, the Agency had not fully implemented their Continuous Quality Management System as required by standard. • Review of the findings identified during the on-site survey (August 12-15, 2013) and as reflected in this report of findings, the Agency had multiple deficiencies noted, which indicates the CQI plan provided by the Agency was not being used to successfully identify and improve systems within the agency. supervisory and direct support levels; (6) Quality and completeness documentation; and (7) Trends in individual and guardian satisfaction.		
7.1.13.9 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY BASED SERVICE PROVIDERS: E. Quality Improvement System for Community Based Service Providers: The community based service provider shall establish and implement a quality improvement system for reviewing alleged complaints and incidents. The incident management system shall include written documentation of corrective actions taken. The community based service provider shall maintain documented evidence that all alleged violations are thoroughly investigated, and shall take all reasonable steps to prevent further incidents. The community based service provider shall provide the following internal monitoring and facilitating quality improvement system:		
 (1) community based service providers funded through the long-term services division to provide waiver services shall have current incident management policy and procedures in place, which comply with the department's current requirements; (2) community based service providers providing developmental disabilities services must have a designated incident management coordinator in place; (4) community based service providers providing developmental disabilities services must have an incident management committee to address internal and external incident reports for the purpose of looking at internal root causes and to take action on identified trends or issues.

Department of Health Developmental Disabilities Supports Division (DDSD) Medication Assessment and Delivery Policy - Eff. November 1, 2006 F. PRN Medication 3. Prior to self-administration, self- administration with physical assist or assisting with delivery of PRN medications, the direct		

support staff must contact the agency nurse to

describe observed symptoms and thus assure		
that the PRN medication is being used		
according to instructions given by the ordering		
PCP. In cases of fever, respiratory distress		
(including coughing), severe pain, vomiting,		
diarrhea, change in responsiveness/level of		
consciousness, the nurse must strongly		
consider the need to conduct a face-to-face		
assessment to assure that the PRN does not		
mask a condition better treated by seeking		
medical attention. This does not apply to home		
based/family living settings where the provider		
is related by affinity or by consanguinity to the		
individual.		
4. The agency nurse shall review the utilization		
of PRN medications routinely. Frequent or		
escalating use of PRN medications must be		
reported to the PCP and discussed by the		
Interdisciplinary for changes to the overall		
support plan (see Section H of this policy).		
H. Agonov Nurso Monitoring		
H. Agency Nurse Monitoring		
1. Regardless of the level of assistance with		
medication delivery that is required by the individual or the route through which the		
medication is delivered, the agency nurses must monitor the individual's response to the		
effects of their routine and PRN medications.		
The frequency and type of monitoring must be		
based on the nurse's assessment of the		
individual and consideration of the individual's		
diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		

individual's response to medication.		
Department of Health Developmental		
Disabilities Supports Division (DDSD) -		
Procedure Title:		
Medication Assessment and Delivery		
Procedure Eff Date: November 1, 2006		
C. 3. Prior to delivery of the PRN, direct		
support staff must contact the agency nurse to		
describe observed symptoms and thus assure		
that the PRN is being used according to		
instructions given by the ordering PCP. In		
cases of fever, respiratory distress (including		
coughing), severe pain, vomiting, diarrhea,		
change in responsiveness/level of		
consciousness, the nurse must strongly		
consider the need to conduct a face-to-face		
assessment to assure that the PRN does not		
mask a condition better treated by seeking		
medical attention. (References: Psychotropic		
Medication Use Policy, Section D, page 5 Use		
of PRN Psychotropic Medications; and, Human		
Rights Committee Requirements Policy,		
Section B, page 4 Interventions Requiring		
Review and Approval – Use of PRN		
Medications).		
a. Document conversation with nurse including		
all reported signs and symptoms, advice given		
and action taken by staff.		
•		
4. Document on the MAR each time a PRN		
medication is used and describe its effect on		
the individual (e.g., temperature down, vomiting		
lessened, anxiety increased, the condition is		
the same, improved, or worsened, etc.).

Healthcare Documentation			
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1. III. PROVIDER AGENCY DOCUMENTATION OF SERVICE DELIVERY AND LOCATION - Healthcare Documentation by Nurses For Community	Based on record review, the Agency did not maintain the required documentation in the Individuals Agency Record as required per standard for 1 of 6 individual • Special Health Care Needs:	Provider: State your Plan of Correction for the deficiencies cited in this tag here: →	
Living Services, Community Inclusion Services and Private Duty Nursing Services: Nursing services must be available as needed and documented for Provider Agencies delivering Community Living Services, Community Inclusion Services and Private Duty Nursing Services.	 Nutritional Plan Individual #5 - As indicated by the IST section of ISP the individual is required to have a plan. No evidence of a plan found. 		
Chapter 1. III. E. (1 - 4) (1) Documentation of nursing assessment activities (a) The following hierarchy shall be used to determine which provider agency is responsible for completion of the HAT and MAAT and related subsequent planning and training: (i) Community living services provider agency; (ii) Private duty nursing provider agency; (iii) Adult habilitation provider agency; (iv) Community access provider agency; (iv) Community access provider agency; (b) The provider agency must arrange for their nurse to complete the Health Assessment Tool (HAT) and the Medication Administration Assessment Tool (MAAT) on at least an annual basis for each individual receiving community living, community inclusion or private duty nursing services, unless the provider agency arranges for the individual's Primary Care Practitioner (PCP) to voluntarily complete these assessments in lieu of the agency nurse. Agency nurses may also complete these		Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →	

	1	T	1
assessments in collaboration with the Primary			
Care Practitioner if they believe such			
consultation is necessary for an accurate			
assessment. Family Living Provider Agencies			
have the option of having the subcontracted			
caregiver complete the HAT instead of the			
nurse or PCP, if the caregiver is comfortable			
doing so. However, the agency nurse must be			
available to assist the caregiver upon request.			
(c) For newly allocated individuals, the HAT			
and the MAAT must be completed within			
seventy-two (72) hours of admission into direct			
services or two weeks following the initial ISP,			
whichever comes first.			
(d) For individuals already in services, the HAT			
and the MAAT must be completed at least			
fourteen (14) days prior to the annual ISP			
meeting and submitted to all members of the			
interdisciplinary team. The HAT must also be			
completed at the time of any significant change			
in clinical condition and upon return from any			
hospitalizations. In addition to annually, the			
MAAT must be completed at the time of any significant change in clinical condition, when a			
medication regime or route change requires			
delivery by licensed or certified staff, or when			
an individual has completed additional training			
designed to improve their skills to support self-			
administration (see DDSD Medication			
Assessment and Delivery Policy).			
(e) Nursing assessments conducted to			
determine current health status or to evaluate a			
change in clinical condition must be			
documented in a signed progress note that			
includes time and date as well as <i>subjective</i>			
information including the individual complaints,			
signs and symptoms noted by staff, family			
members or other team members; <i>objective</i>			
information including vital signs, physical			
examination, weight, and other pertinent data			
for the given situation (e.g., seizure frequency,			

method in which temperature taken);			
assessment of the clinical status, and plan of			
action addressing relevant aspects of all active			
health problems and follow up on any			
recommendations of medical consultants.			
(2) Health related plans			
(a) For individuals with chronic conditions that			
have the potential to exacerbate into a life-			
threatening situation, a medical crisis			
prevention and intervention plan must be			
written by the nurse or other appropriately			
designated healthcare professional.			
(b) Crisis prevention and intervention plans			
must be written in user-friendly language that			
is easily understood by those implementing			
the plan.			
(c) The nurse shall also document training			
regarding the crisis prevention and			
intervention plan delivered to agency staff and			
other team members, clearly indicating			
competency determination for each trainee.			
(d) If the individual receives services from			
separate agencies for community living and			
community inclusion services, nurses from			
each agency shall collaborate in the			
development of and training delivery for crisis			
prevention and intervention plans to assure			
maximum consistency across settings.			
(3) For all individuals with a HAT score of 4, 5			
or 6, the nurse shall develop a comprehensive			
healthcare plan that includes health related			
supports identified in the ISP (The healthcare			
plan is the equivalent of a nursing care plan;			
two separate documents are not required nor			
recommended):			
(a) Each healthcare plan must include a			
statement of the person's healthcare needs			
and list measurable goals to be achieved			
through implementation of the healthcare plan.			
Needs statements may be based upon			
supports needed for the individual to maintain	1	1	1

a current strength, ability or skill related to		
their health, prevention measures, and/or		
supports needed to remediate, minimize or		
manage an existing health condition.		
(b) Goals must be measurable and shall be		
revised when an individual has met the goal		
and has the potential to attain additional goals		
or no longer requires supports in order to		
maintain the goal.		
(c) Approaches described in the plan shall be		
individualized to reflect the individual's unique		
needs, provide guidance to the caregiver(s)		
and designed to support successful		
interactions. Some interventions may be		
carried out by staff, family members or other		
team members, and other interventions may		
be carried out directly by the nurse – persons		
responsible for each intervention shall be		
specified in the plan.		
(d) Healthcare plans shall be written in		
language that will be easily understood by the		
person(s) identified as implementing the		
interventions.		
(e) The nurse shall also document training on		
the healthcare plan delivered to agency staff		
and other team members, clearly indicating		
competency determination for each trainee. If		
the individual receives services from separate		
agencies for community living and community		
inclusion services, nurses from each agency		
shall collaborate in the development of and		
training delivery for healthcare plans to assure		
maximum consistency across settings.		
(f) Healthcare plans must be updated to reflect		
relevant discharge orders whenever an		
individual returns to services following a		
hospitalization.		
(g) All crisis prevention and intervention plans		
and healthcare plans shall include the		
individual's name and date on each page and		
shall be signed by the author.		

(h) Crisis prevention and intervention plans as well as healthcare plans shall be reviewed by		
the nurse at least quarterly, and updated as needed.		
(4) General Nursing Documentation		
(a) The nurse shall complete legible and signed progress notes with date and time		
indicated that describe all interventions or		
interactions conducted with individuals served as well as all interactions with other healthcare		
providers serving the individual. All		
interactions shall be documented whether they occur by phone or in person.		
(b) For individuals with a HAT score of 4, 5 or		
6, or who have identified health concerns in their ISP, the nurse shall provide the		
interdisciplinary team with a quarterly report that indicates current health status and		
progress to date on health related ISP desired		
outcomes and action plans as well as progress toward goals in the healthcare plan.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007		
CHAPTER 5 IV. COMMUNITY INCLUSION SERVICES PROVIDER AGENCY		
REQUIREMENTS		
B. IDT Coordination(1) Community Inclusion Services Provider		
Agencies shall participate on the IDT as		
specified in the ISP Regulations (7.26.5 NMAC), and shall ensure direct support staff		
participation as needed to plan effectively for		
the individual; and		
(2) Coordinate with the IDT to ensure that		
each individual participating in Community Inclusion Services who has a score of 4, 5, or 6		
on the HAT has a Health Care Plan developed		
by a licensed nurse, and if applicable, a Crisis Prevention/Intervention Plan.

Long Term Services Division			
Policy Title: Human Rights Committee			
Folicy Title. Hullian Rights Committee			

Requirements Eff Date: March 1, 2003 IV. POLICY STATEMENT - Human Rights Committees are required for residential service provider agencies. The purpose of these committees with respect to the provision of Behavior Supports is to review and monitor the implementation of certain Behavior Support Plans.		
Human Rights Committees may not approve any of the interventions specifically prohibited in the following policies: • Aversive Intervention Prohibitions • Psychotropic Medications Use • Behavioral Support Service Provision.		
A Human Rights Committee may also serve other agency functions as appropriate, such as the review of internal policies on sexuality and incident management follow-up.		
A. HUMAN RIGHTS COMMITTEE ROLE IN BEHAVIOR SUPPORTS Only those Behavior Support Plans with an aversive intervention included as part of the plan or associated Crisis Intervention Plan need to be reviewed prior to implementation. Plans not containing aversive interventions do not require Human Rights Committee review or approval.		
2. The Human Rights Committee will determine and adopt a written policy stating the frequency and purpose of meetings. Behavior Support Plans approved by the Human Rights Committee will be reviewed at least quarterly.		
3. Records, including minutes of all meetings will be retained at the agency with primary responsibility for implementation for at least five years from the completion of each		

individual's Individual Service Plan.		
individual's Individual Service Plan. Department of Health Developmental Disabilities Supports Division (DDSD) - Procedure Title: Medication Assessment and Delivery Procedure Eff Date: November 1, 2006 B. 1. e. If the PRN medication is to be used in response to psychiatric and/or behavioral symptoms in addition to the above requirements, obtain current written consent from the individual, guardian or surrogate health decision maker and submit for review by the agency's Human Rights Committee (References: Psychotropic Medication Use Policy, Section D, page 5 Use of PRN Psychotropic Medications; and, Human Rights Committee Requirements Policy, Section B, page 4 Interventions Requiring Review and Approval – Use of PRN Medications).

provided to the Medicaid recipient. Services that have been billed to Medicaid, but are not substantiated in a treatment plan and/or patient records for the recipient are subject to recoupment.

Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 5 XVI. REIMBURSEMENT A. Billable Unit. A billable unit for Adult Habilitation Services is in 15-minute increments hour. The rate is based on the individual's level of care.

B. Billable Activities

- (1) The Community Inclusion Provider Agency can bill for those activities listed and described on the ISP and within the Scope of Service. Partial units are allowable. Billable units are face-to-face, except that Adult Habilitation services may be non- face-to-face under the following conditions: (a) Time that is non face-to-face is documented separately and clearly identified as to the nature of the activity; and(b) Non face-to-face hours do not exceed 5% of the monthly billable hours.
- (2) Adult Habilitation Services can be provided with any other services, insofar as the services are not reported for the same hours on the same day, except that Therapy Services and Case Management may be provided and billed for the same hours

- through 4/26/2013. Documentation on 4/22 26, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 16 units.
- The Agency billed 64 units of Adult Habilitation (T2021, U2) from 4/29/2013 through 5/3/2013. Documentation on 4/29 – 5/3, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 20 units.

May 2013

- The Agency billed 66 units of Adult Habilitation (T2021, U2) from 5/6/2013 through 5/10/2013. Documentation on 5/6 – 10, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 24 units.
- The Agency billed 66 units of Adult Habilitation (T2021, U2) from 5/13/2013 through 5/17/2013. Documentation on 5/13 – 17, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 22 units.
- The Agency billed 88 units of Adult Habilitation (T2021, U2) from 5/20/2013 through 5/24/2013. Documentation on 5/20

 24, 2013 indicated services were provided concurrently with Supported Living.
 Documentation received accounted for 40 units.
- The Agency billed 84 units of Adult

Habilitation (T2021, U2) from 5/27/2013 through 5/31/2013. Documentation on 5/27 – 31, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 40 units.

June 2013

- The Agency billed 76 units of Adult Habilitation (T2021, U2) from 6/3/2013 through 6/7/2013. Documentation on 6/3 – 7, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 40 units.
- The Agency billed 70 units of Adult Habilitation (T2021, U2) from 6/10/2013 through 6/14/2013. Documentation on 6/10

 14, 2013 indicated services were provided concurrently with Supported Living.
 Documentation received accounted for 40 units.
- The Agency billed 69 units of Adult Habilitation (T2021, U2) from 6/17/2013 through 6/21/2013. Documentation on 6/17
 21, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 48 units.
- The Agency billed 73 units of Adult Habilitation (T2021, U2) from 6/24/2013 through 6/28/2013. Documentation on 6/24 – 28, 2013 indicated services were provided concurrently with Supported Living. Documentation received accounted for 40 units.

Dear Ms. Tarin and Dr. Brandt;

Your request for a Reconsideration of Findings was received on November 08, 2013. Your request was reviewed, however, was found to be invalid. As stated in Attachment C, Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process in your Report of Findings, distributed on October 24, 2013, the written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding form.

This concludes the Informal Reconsideration of Finding process. The IRF process is separate and apart from the Informal Dispute Resolution process or the Medicaid Fair Hearing process when DOH sanctions are imposed on a provider.

Thank you. Respectfully,

Crystal Lopez-Beck

Deputy Bureau Chief/QMB

Informal Reconsideration of Finding Committee Chair

Dear Ms. Tarin and Dr. Brandt;

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely.

Crysta Lopez-Beck Deputy Bureau Chief

Quality Management Bureau/DHI
