Supports, Community Integrated Employment Services) and Customized In-Home Supports

Survey Type: Routine

Team Leader: Deb Russell, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Team Members: Corrina Strain, RN, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Dear Mr. Schinnerer;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Partial Compliance with Conditions of Participation

This determination is based on non compliance with one or more CMS waiver assurances at the Condition of Participation level as well as Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • http://www.dhi.health.state.nm.us

QMB Report of Findings - CARC, Inc. - Southeast Region - February 3 - 6, 2014

agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the receipt of this letter.

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Plan of Correction Coordinator 5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator at 505-231-7436 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Deb Russell, BS

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-231-7436 or email at Anthony.Fragua@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur
- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and

- sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they
 meet requirements, how the timeliness of LOC packet submissions and consumer visits are
 tracked;
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps should be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Anthony Fragua at 505-231-7436 for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Anthony Fragua, POC Coordinator in any of the following ways:
 - a. Electronically at Anthony.Fragua@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Avenue NE, Suite 400, Albuquerque, NM 87108
- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.

QMB Report of Findings - CARC, Inc. - Southeast Region - February 3 - 6, 2014

- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a <u>maximum</u> of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC. for the deficiencies cited in the Report of Findings. In addition to this, we ask that you submit:
 - a. Evidence of an internal audit of billing/reimbursement conducted for a sample of individuals and timeframes of your choosing to verify POC implementation;
 - b. Copies of "void and adjust" forms submitted to Xerox State Healthcare, LLC. to correct all unjustified units identified and submitted for payment during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP. (See the next section for a list of CoPs.) The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

QMB Report of Findings - CARC, Inc. - Southeast Region - February 3 - 6, 2014

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Level of Care

Condition of Participation:

1. **Level of Care**: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

Service Domain: Plan of Care

Condition of Participation:

2. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

3. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Plan of Care

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. **Individual Health, Safety and Welfare: (Safety)** Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. Individual Health, Safety and Welfare (Healthcare Oversight): The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare..

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief within 10 business days of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: http://dhi.health.state.nm.us/qmb
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRC process, email the IRF Chairperson, Crystal Lopez-Beck at crystal.lopez-beck@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

provider must maintain all the records necessary		
to fully disclose the nature, quality, amount and		
medical necessity of services furnished to an		
eligible recipient who is currently receiving or		
who has received services in the past.		
wild has received services in the past.		
B. Documentation of test results: Results of		
tests and services must be documented, which		
includes results of laboratory and radiology		
procedures or progress following therapy or		
treatment.		

Tag # 1A32 and 6L14 Individual Service Plan Implementation	Standard Level Deficiency		
NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan. C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities. The following principles provide direction and purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01]	Based on record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 1 of 5 individuals. As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Administrative Files Reviewed: Supported Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes: Individual #3 • None found regarding: Live: "Invite friends to her home" for 8/2013 – 1/2014. • None found regarding: Work/Education/ Volunteer: "Choose from 3 options" for 11/2013. • None found regarding: Work/Education/ Volunteer: "Prepare the meal" for 11/2013. h. Record of medical and dental appointments for the current year, or during the period of stay for short term stays, including any treatment provided; i. Progress notes written by DSP and nurses; i. Documentation and data collection related to ISP implementation: k. Medicaid card: I. Salud membership card or Medicare card as applicable; and m. A Do Not Resuscitate (DNR) document and/or Advanced Directives as applicable. Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 **CHAPTER 6. VIII. COMMUNITY LIVING SERVICE PROVIDER AGENCY** REQUIREMENTS A. Residence Case File: For individuals receiving Supported Living or Family Living, the Agency shall maintain in the individual's home a complete and current confidential case file for each individual. For individuals receiving Independent Living Services, rather than maintaining this file at the individual's home, the complete and current confidential case file for each individual shall be maintained at the agency's administrative site. Each file shall include the following: (1) Complete and current ISP and all supplemental plans specific to the individual; (2) Complete and current Health Assessment Tool: (3) Current emergency contact information, which includes the individual's address. telephone number, names and telephone numbers of residential Community Living Support providers, relatives, or guardian or

conservator, primary care physician's name(s) and telephone number(s), pharmacy name, address and telephone number and dentist

name, address and telephone number, and health plan;		
(4) Up-to-date progress notes, signed and dated by the person making the note for at least the past month (older notes may be transferred to the agency office);		
(5) Data collected to document ISP Action Plan implementation		
(6) Progress notes written by direct care staff and by nurses regarding individual health status and physical conditions including action taken in response to identified changes in condition for at least the past month; (7) Physician's or qualified health care providers written orders; (8) Progress notes documenting implementation of a physician's or qualified health care provider's order(s); (9) Medication Administration Record (MAR) for the past three (3) months which includes:		
(a) The name of the individual;(b) A transcription of the healthcare practitioners prescription including the brand and generic name of the medication;		
(c) Diagnosis for which the medication is prescribed;		
(d) Dosage, frequency and method/route of delivery;		
(e) Times and dates of delivery;(f) Initials of person administering or assisting with medication; and		
(g) An explanation of any medication irregularity, allergic reaction or adverse effect.		
(h) For PRN medication an explanation for the use of the PRN must include:(i) Observable signs/symptoms or circumstances in which the medication is to be used, and		

T	
(ii) Documentation of the	
effectiveness/result of the PRN	
delivered.	
(i) A MAR is not required for individuals	
participating in Independent Living Services	
who self-administer their own medication.	
However, when medication administration	
is provided as part of the Independent	
Living Service a MAR must be maintained	
at the individual's home and an updated	
copy must be placed in the agency file on a	
weekly basis.	
(10) Record of visits to healthcare practitioners	
including any treatment provided at the visit and	
a record of all diagnostic testing for the current	
ISP year; and	
(11) Medical History to include: demographic	
data, current and past medical diagnoses	
including the cause (if known) of the	
developmental disability and any psychiatric	
diagnosis, allergies (food, environmental,	
medications), status of routine adult health care	
screenings, immunizations, hospital discharge	
summaries for past twelve (12) months, past	
medical history including hospitalizations,	
surgeries, injuries, family history and current	
physical exam.

CHAPTER 7 (CIHS) 3. Agency Requirements C. Training Requirements: The Provider Agency must report required personnel training status to the DDSD Statewide Training Database as specified in the DDSD Policy T-001: Reporting and Documentation of DDSD Training Requirements Policy. The Provider Agency must ensure that the personnel support staff have completed training as specified in the DDSD Policy T-003: Training Requirements for Direct Service Agency Staff Policy. 3. Staff shall complete individual specific training requirements in accordance with the specifications described in the ISP of each individual served; and 4. Staff that assists the individual with medication (e.g., setting up medication, or reminders) must have completed Assisting with Medication Delivery (AWMD) Training.

CHAPTER 11 (FL) 3. Agency Requirements B. Living Supports- Family Living Services Provider Agency Staffing Requirements: 3. Training:

A. All Family Living Provider agencies must ensure staff training in accordance with the Training Requirements for Direct Service Agency Staff policy. DSP's or subcontractors delivering substitute care under Family Living must at a minimum comply with the section of the training policy that relates to Respite, Substitute Care, and personal support staff [Policy T-003: for Training Requirements for Direct Service Agency Staff; Sec. II-J, Items 1-4]. Pursuant to the Centers for Medicare and Medicaid Services (CMS) requirements, the services that a provider renders may only be

so, what the plan(s) covered, the following was reported:

 DSP #208 stated, "In general call 911." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Seizures and Respiratory (Individual #4)

When DSP were asked if the Individual had any food and/or medication allergies that could be potentially life threatening, the following was reported:

- DSP #204 stated, "Dust, cats, dogs." As indicated by the Electronic Comprehensive Health Assessment Tool, the individual has an allergy to Penicillin. (Individual #5)
- DSP #207 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the individual has an allergy to Phenobarbital and Atarax. (Individual #2)
- DSP #207 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the individual has an allergy to Lisinopril. As indicated by the Health Care Plan the individual has an allergy to pineapple. (Individual #3)
- DSP #208 stated, "Bee stings. Carries epi."
 As indicated by the Electronic
 Comprehensive Health Assessment Tool, the individual has allergies to Penicillin, Rizoral,
 Chlorine, Pine Sol, juniper and dust mites.
 (Individual #5)

claimed for federal match if the provider has		
completed all necessary training required by the		
state. All Family Living Provider agencies must		
report required personnel training status to the		
DDSD Statewide Training Database as specified		
in DDSD Policy T-001: Reporting and

CHAPTER 11 (FL) 1 SCOPE OF SERVICES
A. Living Supports- Family Living Services:

The scope of Family Living Services includes,		
but is not limited to the following as identified by		
the Interdisciplinary Team (IDT):		
19. Assisting in medication delivery, and related		
monitoring, in accordance with the DDSD's		
Medication Assessment and Delivery Policy,		
New Mexico Nurse Practice Act, and Board of		
Pharmacy regulations including skill		
development activities leading to the ability for		
individuals to self-administer medication as		
appropriate; and		
I. Healthcare Requirements for Family Living.		
3. B. Adult Nursing Services for medication		
oversight are required for all surrogate Lining		
Supports- Family Living direct support personnel		
if the individual has regularly scheduled		
medication. Adult Nursing services for		
medication oversight are required for all		
surrogate Family Living Direct Support		
Personnel (including substitute care), if the		
individual has regularly scheduled medication.		
6. Support Living- Family Living Provider		
Agencies must have written policies and		
procedures regarding medication(s) delivery and		
tracking and reporting of medication errors in		
accordance with DDSD Medication Assessment		
and Delivery Policy and Procedures, the New		
Mexico Nurse Practice Act and Board of		
Pharmacy standards and regulations.		
a. All twenty-four (24) hour residential home		
sites serving two (2) or more unrelated		
individuals must be licensed by the Board of		
Pharmacy, per current regulations;		
b. When required by the DDSD Medication		
Assessment and Delivery Policy, Medication		
Administration Records (MAR) must be		
maintained and include:		
i.The name of the individual, a transcription of		
the physician's or licensed health care		

provider's prescription including the brand		
and generic name of the medication, and		
diagnosis for which the medication is		
prescribed;		
ii.Prescribed dosage, frequency and		
method/route of administration, times and		
dates of administration;		
iii.Initials of the individual administering or		
assisting with the medication delivery;		
iv.Explanation of any medication error;		
v.Documentation of any allergic reaction or		
adverse medication effect; and		
vi.For PRN medication, instructions for the use		
of the PRN medication must include		
observable signs/symptoms or		
circumstances in which the medication is to		
be used, and documentation of effectiveness		
of PRN medication administered.		
c. The Family Living Provider Agency must		
also maintain a signature page that		
designates the full name that corresponds to		
each initial used to document administered		
or assisted delivery of each dose; and		
d. Information from the prescribing pharmacy		
regarding medications must be kept in the		
home and community inclusion service		
locations and must include the expected		
desired outcomes of administering the		
medication, signs and symptoms of adverse		
events and interactions with other		
medications.		
e. Medication Oversight is optional if the		
individual resides with their biological family		
(by affinity or consanguinity). If Medication		
Oversight is not selected as an Ongoing		
Nursing Service, all elements of medication		
administration and oversight are the sole		
responsibility of the individual and their		
biological family. Therefore, a monthly		
medication administration record (MAR) is		

not required unless the family requests it		
and continually communicates all medication		
changes to the provider agency in a timely		
manner to insure accuracy of the MAR.		
i. The family must communicate at least		
annually and as needed for significant		
change of condition with the agency nurse		
regarding the current medications and the		
individual's response to medications for		
purpose of accurately completing required		
nursing assessments.		
ii. As per the DDSD Medication Assessment		
and Delivery Policy and Procedure, paid		
DSP who are not related by affinity or		
consanguinity to the individual may not		
deliver medications to the individual unless		
they have completed Assisting with		
Medication Delivery (AWMD) training. DSP		
may also be under a delegation relationship		
with a DDW agency nurse or be a Certified		
Medication Aide (CMA). Where CMAs are		
used, the agency is responsible for		
maintaining compliance with New Mexico		
Board of Nursing requirements.		
iii. If the substitute care provider is a surrogate		
(not related by affinity or consanguinity)		
Medication Oversight must be selected and		
provided.		
CHAPTER 12 (SL) 2. Service Requirements L.		
Training and Requirements: 3. Medication		
Delivery: Supported Living Provider Agencies		
must have written policies and procedures		
regarding medication(s) delivery and tracking		
and reporting of medication errors in accordance		
with DDSD Medication Assessment and Delivery		
Policy and Procedures, New Mexico Nurse		
Practice Act, and Board of Pharmacy standards		
and regulations.		
a. All twenty-four (24) hour residential home		

	sites serving two (2) or more unrelated individuals must be licensed by the Board of Pharmacy, per current regulations;		
b.	When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) must be maintained and include:		
	i. The name of the individual, a transcription of the physician's or licensed health care provider's prescription including the brand and generic name of the medication, and diagnosis for which the medication is prescribed;		
į	 i. Prescribed dosage, frequency and method/route of administration, times and dates of administration; 		
ii	 i. Initials of the individual administering or assisting with the medication delivery; 		
į	v. Explanation of any medication error;		
,	v. Documentation of any allergic reaction or adverse medication effect; and		
٧	i. For PRN medication, instructions for the use of the PRN medication must include observable signs/symptoms or circumstances in which the medication is to be used, and documentation of effectiveness of PRN medication administered.		
C.	The Supported Living Provider Agency must also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of each dose; and		

d. Information from the prescribing pharmacy regarding medications must be kept in the home and community inclusion service locations and must include the expected desired outcomes of administrating the medication, signs, and symptoms of adverse events and interactions with other medications.		
CHAPTER 13 (IMLS) 2. Service Requirements. B. There must be compliance with all policy requirements for Intensive Medical Living Service Providers, including written policy and procedures regarding medication delivery and tracking and reporting of medication errors consistent with the DDSD Medication Delivery Policy and Procedures, relevant Board of Nursing Rules, and Pharmacy Board standards and regulations.		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: E. Medication Delivery: Provider Agencies that provide Community Living, Community Inclusion or Private Duty Nursing services shall have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment and Delivery Policy and Procedures, the Board of Nursing Rules and Board of Pharmacy standards and regulations.		
(2) When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) shall be maintained and include: (a) The name of the individual a		

transcription of the physician's written or		
licensed health care provider's		
prescription including the brand and		
generic name of the medication,		
diagnosis for which the medication is		
prescribed;		
(b) Prescribed dosage, frequency and		
method/route of administration, times		
and dates of administration;		
(c) Initials of the individual administering or		
assisting with the medication;		
(d) Explanation of any medication		
irregularity;		
(e) Documentation of any allergic reaction		
or adverse medication effect; and		
(f) For PRN medication, an explanation for		
the use of the PRN medication shall		
include observable signs/symptoms or		
circumstances in which the medication		
is to be used, and documentation of		
effectiveness of PRN medication administered.		
(3) The Provider Agency shall also maintain a		
signature page that designates the full name		
that corresponds to each initial used to		
document administered or assisted delivery of		
each dose:		
(4) MARs are not required for individuals		
participating in Independent Living who self-		
administer their own medications;		
(5) Information from the prescribing pharmacy		
regarding medications shall be kept in the		
home and community inclusion service		
locations and shall include the expected		
desired outcomes of administrating the		
medication, signs and symptoms of adverse		
events and interactions with other medications;

Department of Health Developmental Disabilities Supports Division (DDSD) Medication Assessment and Delivery Policy - Eff. November 1, 2006		
F. PRN Medication3. Prior to self-administration, self-administration with physical assist or assisting		
with delivery of PRN medications, the direct support staff must contact the agency nurse to		
describe observed symptoms and thus assure that the PRN medication is being used		
according to instructions given by the ordering PCP. In cases of fever, respiratory distress (including coughing), severe pain, vomiting,		
diarrhea, change in responsiveness/level of consciousness, the nurse must strongly consider the need to conduct a face-to-face		
assessment to assure that the PRN does not mask a condition better treated by seeking medical attention. This does not apply to home based/family living settings where the provider is related by affinity or by consanguinity to the individual.		
4. The agency nurse shall review the utilization of PRN medications routinely. Frequent or		
escalating use of PRN medications must be reported to the PCP and discussed by the Interdisciplinary for changes to the overall support plan (see Section H of this policy).		
H. Agency Nurse Monitoring		
Regardless of the level of assistance with medication delivery that is required by the		
individual or the route through which the medication is delivered, the agency nurses		
must monitor the individual's response to the effects of their routine and PRN medications.		
choole of their routine and rath the inculcations.	1	l

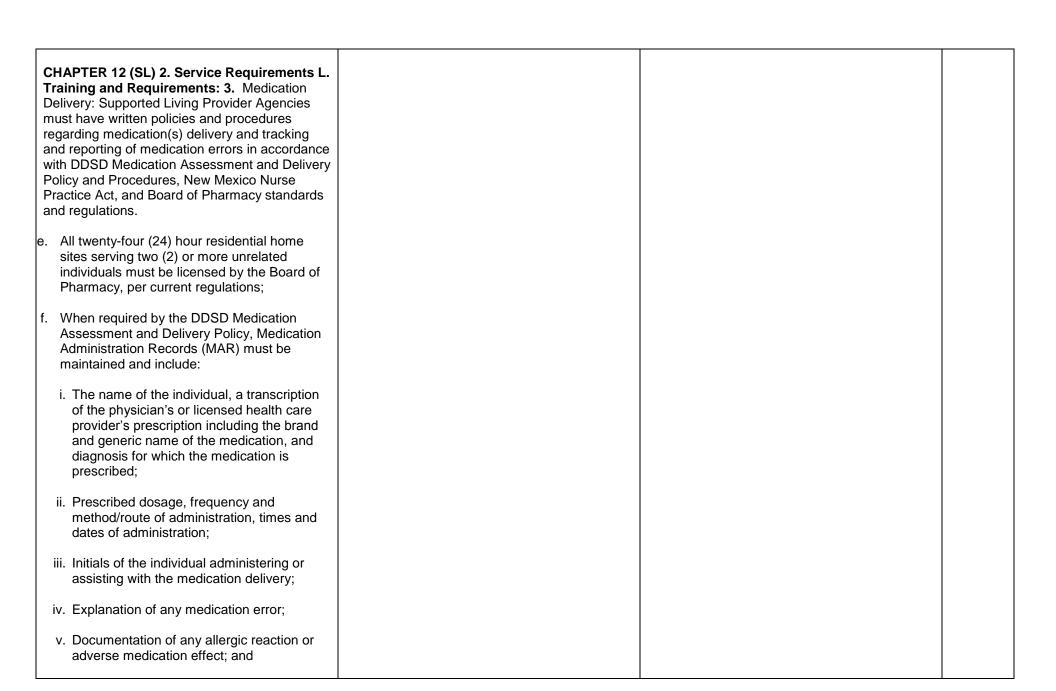

The frequency and type of monitoring must be		
based on the nurse's assessment of the		
individual and consideration of the individual's		
diagnoses, health status, stability, utilization of		
PRN medications and level of support required		
by the individual's condition and the skill level		
and needs of the direct care staff. Nursing		
monitoring should be based on prudent nursing		
practice and should support the safety and		
independence of the individual in the		
community setting. The health care plan shall		
reflect the planned monitoring of the		
individual's response to medication.

oversight are required for all surrogate Lining		
Supports- Family Living direct support personnel		
if the individual has regularly scheduled		
medication. Adult Nursing services for		
medication oversight are required for all		
surrogate Family Living Direct Support		
Personnel (including substitute care), if the		
individual has regularly scheduled medication.		
6. Support Living- Family Living Provider Agencies must have written policies and		
procedures regarding medication(s) delivery and		
tracking and reporting of medication errors in		
accordance with DDSD Medication Assessment		
and Delivery Policy and Procedures, the New		
Mexico Nurse Practice Act and Board of		
MEXICO MUISE FIACLICE ACL AND DUALD OF		

Dh	armany standards and regulations		
PII	armacy standards and regulations.		
g.	All twenty-four (24) hour residential home sites serving two (2) or more unrelated individuals must be licensed by the Board of Pharmacy, per current regulations; When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) must be maintained and include:		
ii iv v	i.The name of the individual, a transcription of the physician's or licensed health care provider's prescription including the brand and generic name of the medication, and diagnosis for which the medication is prescribed; i.Prescribed dosage, frequency and method/route of administration, times and dates of administration; i.Initials of the individual administering or assisting with the medication delivery; v.Explanation of any medication error; v.Documentation of any allergic reaction or adverse medication, instructions for the use of the PRN medication must include observable signs/symptoms or circumstances in which the medication is to be used, and documentation of effectiveness of PRN medication administered.		
h.	The Family Living Provider Agency must also maintain a signature page that designates the full name that corresponds to		
i.	each initial used to document administered or assisted delivery of each dose; and Information from the prescribing pharmacy		
	regarding medications must be kept in the home and community inclusion service locations and must include the expected		

	desired outcomes of administering the		
	medication, signs and symptoms of adverse		
	events and interactions with other		
	medications.		
j.	Medication Oversight is optional if the		
	individual resides with their biological family		
	(by affinity or consanguinity). If Medication		
	Oversight is not selected as an Ongoing		
	Nursing Service, all elements of medication		
	administration and oversight are the sole		
	responsibility of the individual and their		
	biological family. Therefore, a monthly		
	medication administration record (MAR) is		
	not required unless the family requests it		
	and continually communicates all medication		
	changes to the provider agency in a timely		
	manner to insure accuracy of the MAR.		
i۱	/. The family must communicate at least		
•	annually and as needed for significant		
	change of condition with the agency nurse		
	regarding the current medications and the		
	individual's response to medications for		
	purpose of accurately completing required		
	nursing assessments.		
,	/. As per the DDSD Medication Assessment		
,	and Delivery Policy and Procedure, paid		
	DSP who are not related by affinity or		
	consanguinity to the individual may not		
	deliver medications to the individual unless		
	they have completed Assisting with		
	Medication Delivery (AWMD) training. DSP		
	may also be under a delegation relationship		
	with a DDW agency nurse or be a Certified		
	Medication Aide (CMA). Where CMAs are		
	used, the agency is responsible for		
	maintaining compliance with New Mexico		
	Board of Nursing requirements.		
V	i. If the substitute care provider is a surrogate		
٧	(not related by affinity or consanguinity)		
	Medication Oversight must be selected and		
	provided		

requirements apply to all such Provider Agency		
staff, whether directly employed or		
subcontracting with the Provider Agency.		
Additional Provider Agency requirements and		
personnel qualifications may be applicable for		
specific service standards.		
E. Medication Delivery: Provider Agencies		
that provide Community Living, Community		
Inclusion or Private Duty Nursing services shall		
have written policies and procedures regarding		
medication(s) delivery and tracking and		
reporting of medication errors in accordance		
with DDSD Medication Assessment and		
Delivery Policy and Procedures, the Board of		
Nursing Rules and Board of Pharmacy		
standards and regulations.		
(2) When required by the DDSD Medication		
Assessment and Delivery Policy, Medication		
Administration Records (MAR) shall be		
maintained and include:		
(a) The name of the individual, a		
transcription of the physician's written or		
licensed health care provider's		
prescription including the brand and		
generic name of the medication,		
diagnosis for which the medication is		
prescribed;		
(b) Prescribed dosage, frequency and		
method/route of administration, times		
and dates of administration;		
(c) Initials of the individual administering or		
assisting with the medication;		
(d) Explanation of any medication		
irregularity;		
(e) Documentation of any allergic reaction		
or adverse medication effect; and		
(f) For PRN medication, an explanation for		
the use of the PRN medication shall		
include observable signs/symptoms or		
circumstances in which the medication		

is to be used, and documentation of effectiveness of PRN medication administered. (3) The Provider Agency shall also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of		
each dose; (4) MARs are not required for individuals participating in Independent Living who self-administer their own medications;		
(5) Information from the prescribing pharmacy regarding medications shall be kept in the home and community inclusion service locations and shall include the expected desired outcomes of administrating the medication, signs and symptoms of adverse events and interactions with other medications;

Survey Type: Routine

Dear Mr. Schinnerer & Ms. Olson:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Tony Fragua Plan of Correction Coordinator Quality Management Bureau/DHI
