Service Surveyed:	 2012: Inclusion Supports (Customized Community Supports, Community Integrated Employment Services) 2007: Community Inclusion (Adult Habilitation, Supported Employment)
Survey Type:	Routine
Team Leader:	Jesus R. Trujillo, RN, Healthcare Surveyor, Division of Health Improvement/Quality
Team Members:	Management Bureau Meg Pell, BA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Erica Nilsen, BA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Chris Melon, MPA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Nicole Brown, MBA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Mr. Wagner and Ms. Davis;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance with all Conditions of Participation

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <u>http://www.dhi.health.state.nm.us</u>

The following tags are identified as Condition of Participation Level Deficiencies:

- Tag # 1A32 Individual Service Plan Implementation
- Tag # 1A28.1 Incident Mgt. System Personnel Training
- Tag # 1A08.2 Healthcare Requirements
- Tag #1A28.2 Incident Mgt. System Parent/Guardian Training

This determination is based on noncompliance with three or more CMS waiver assurances at the Condition of Participation level as well as widespread Standard level deficiencies identified in the attached QMB Report of Findings and requires implementation of a Plan of Correction.

Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a Void/Adjust claims or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to: Attention: Julie Ann Hill-Clapp

HSD/OIG Program Integrity Unit P.O. Box 2348 Santa Fe, New Mexico 87504-2348

Or if using UPS, FedEx, DHL (courier mail) send to physical address at: Attention: Julie Ann Hill-Clapp HSD/OIG Program Integrity Unit 2025 S. Pacheco Street Santa Fe, New Mexico 87505

Please be advised that there is a one-week lag period for applying payments received by check to Voided/Adjusted claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Jesus R. Trujillo, RN

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur

- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc.;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at <u>AmandaE.Castaneda@state.nm.us</u> (preferred method)
 - b. Fax to 575-528-5019, or
 - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001

- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- Failure to submit your POC within 10 business days without prior approval of an extension by QMB will
 result in a referral to the Internal Review Committee and the possible implementation of monetary
 penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings. In addition to this, we ask that you submit:
 - Evidence of an internal audit of billing/reimbursement conducted for a sample of individuals and timeframes of your choosing to verify POC implementation;
 - Copies of "void and adjust" forms submitted to Xerox State Healthcare, LLC to correct all unjustified units identified and submitted for payment during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for

significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Level of Care

Condition of Participation:

1. Level of Care: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

Service Domain: Plan of Care

Condition of Participation:

2. Individual Service Plan (ISP) Creation and Development: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

3. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Plan of Care

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. Individual Health, Safety and Welfare: (Safety) Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. Individual Health, Safety and Welfare (Healthcare Oversight): The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>http://dhi.health.state.nm.us/qmb</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-toface meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Standards effective 4/1/2007		
CHAPTER 1 II. PROVIDER AGENCY		
REQUIREMENTS: D. Provider Agency Case		
File for the Individual: All Provider Agencies shall		
maintain at the administrative office a confidential		
case file for each individual. Case records belong		
to the individual receiving services and copies shall		
be provided to the receiving agency whenever an		
individual changes providers. The record must		
also be made available for review when requested		
by DOH, HSD or federal government		
representatives for oversight purposes. The		
individual's case file shall include the following		
requirements:		
(1) Emergency contact information, including the		
individual's address, telephone number, names		
and telephone numbers of relatives, or guardian		
or conservator, physician's name(s) and		
telephone number(s), pharmacy name, address		
and telephone number, and health plan if		
appropriate;		
(2) The individual's complete and current ISP, with		
all supplemental plans specific to the individual,		
and the most current completed Health		
Assessment Tool (HAT);		
(3) Progress notes and other service delivery		
documentation;		
(4) Crisis Prevention/Intervention Plans, if there		
are any for the individual;		
(5) A medical history, which shall include at least		
demographic data, current and past medical		
diagnoses including the cause (if known) of the		
developmental disability, psychiatric diagnoses,		
allergies (food, environmental, medications),		
immunizations, and most recent physical exam;		
(6) When applicable, transition plans completed for		
individuals at the time of discharge from Fort		
Stanton Hospital or Los Lunas Hospital and		
Training School; and		

	1	1
(7) Case records belong to the individual receiving		
services and copies shall be provided to the		
individual upon request.		
(8) The receiving Provider Agency shall be		
provided at a minimum the following records		
whenever an individual changes provider		
agencies:		
(a) Complete file for the past 12 months;		
(b) ISP and quarterly reports from the current		
and prior ISP year;		
(c) Intake information from original admission		
to services; and (d) When applicable, the Individual Transition		
Plan at the time of discharge from Los		
Lunas Hospital and Training School or Ft.		
Stanton Hospital.		
NMAC 8.302.1.17 RECORD KEEPING AND		
DOCUMENTATION REQUIREMENTS: A provider		
must maintain all the records necessary to fully		
disclose the nature, quality, amount and medical		
necessity of services furnished to an eligible		
recipient who is currently receiving or who has		
received services in the past.		
B. Documentation of test results: Results of		
tests and services must be documented, which		
includes results of laboratory and radiology		
procedures or progress following therapy or		
treatment.

Tag # 1A32 and LS14 / 6L14 Individual Service Plan Implementation	Condition of Participation Level Deficiency		
 NMAC 7.26.5.16.C and D Development of the ISP. Implementation of the ISP. The ISP shall be implemented according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan. C. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT and documented in the ISP. 	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 6 of 10 individuals. As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes: Administrative Files Reviewed: Customized Community Supports Data Collection/Data Tracking/Progress with regards to ISP Outcomes: Individual #6 • None found regarding: Work/learn Outcome/Action Step: "will bowl and practice his skills" for 7/2015 - 9/2015. • None found regarding: Work/learn Outcome/Action Step: "With staff assistance will explore the internet and find three places he can find videos about fairs and practice accessing the sites" for 7/2015 - 9/2015. Individual #8 • None found regarding: Fun Outcome/Action Step: "will choose a hiking trail of his preference" for 7/2015.	Provider: State your Plan of Correction for the deficiencies cited in this tag here: → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →	

D. The intent is to provide choice and obtain opportunities for individuals to live, work and play with full participation in their communities. The following principles provide direction and purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01]	 Individual #10 None found regarding: Work/learn Outcome/Action Step: "will attend a new community event that he has never attended before" for 7/2015 - 8/2015. None found regarding: Work/learn Outcome/Action Step: "will record and share the events he attends at the annual ISP meeting." for 7/2015 - 8/2015 Individual #11 None found regarding: Work/learn Outcome/Action Step: "will sign up for other educational outings, such as the Zoo, Aquarium, Botanic Gardens, EXPLORA!" for 7/2015 - 9/2015. 	
	Individual #12 • None found regarding: Work/learn Outcome/Action Step: "will complete task with 3 or less prompts" for 7/2015 - 9/2015.	
	Adult Habilitation Data Collection/Data Tracking/Progress with regards to ISP Outcomes:	
	 Individual #7 None found regarding: Work/learn, Outcome/Action Step: "will choose and activity to participate in." for 7/2015 - 9/2015. 	
	 None found regarding: Work/learn Outcome/Action Step: "will participate in the activity chosen" for 7/2015 - 9/2015. 	

Supported Employment Data Collection/Data Tracking/Progress with regards to ISP Outcomes:	
 Individual #7 None found regarding: Work/learn Outcome/Action Step: "will participate in job development" for 7/2015 - 9/2015.

NMAC 7.1.14 ABUSE, NEGLECT, EXPLOITATION, AND DEATH REPORTING, TRAINING AND RELATED REQUIREMENTS	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.	Provider: State your Plan of Correction for the deficiencies cited in this tag here: \rightarrow	
 TRAINING AND RELATED REQUIREMENTS FOR COMMUNITY PROVIDERS NMAC 7.1.14.9 INCIDENT MANAGEMENT SYSTEM REQUIREMENTS: A. General: All community-based service providers shall establish and maintain an incident management system, which emphasizes the principles of prevention and staff involvement. The community-based service provider shall ensure that the incident management system policies and procedures requires all employees and volunteers to be competently trained to respond to, report, and preserve evidence related to incidents in a timely and accurate manner. B. Training curriculum: Prior to an employee or volunteer's initial work with the community-based service provider, all employees and volunteers shall be trained on an applicable written training curriculum including incident policies and procedures for identification, and timely reporting of abuse, neglect, exploitation, suspicious injury, and all deaths as required in Subsection A of 7.1.14.8 NMAC. The trainings shall be reviewed at annual, not to exceed 12-month intervals. The training curriculum as set forth in Subsection C of 7.1.14.9 NMAC may include computer-based training. Periodic reviews shall include, at a minimum, review of the written training curriculum and site-specific issues pertaining to the community-based service provider's facility. Training shall be conducted in a language that is understood by the employee or volunteer. 	 negative outcome to occur. Based on record review and interview, the Agency did not ensure Incident Management Training for 7 of 7 Agency Personnel. Direct Support Personnel (DSP): Incident Management Training (Abuse, Neglect and Exploitation) (DSP# 200, 201. 202, 203, 204, 205) Service Coordination Personnel (SC): Incident Management Training (Abuse, Neglect and Exploitation) (SC #206) 	deficiencies cited in this tag here: → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →	

C. Incident management system training	
curriculum requirements:	
(1) The community-based service provider	
shall conduct training or designate a	
knowledgeable representative to conduct	
training, in accordance with the written training	
curriculum provided electronically by the	
division that includes but is not limited to:	
(a) an overview of the potential risk of	
abuse, neglect, or exploitation;	
(b) informational procedures for properly	
filing the division's abuse, neglect, and	
exploitation or report of death form;	
(c) specific instructions of the employees'	
legal responsibility to report an incident of	
abuse, neglect and exploitation, suspicious	
injury, and all deaths;	
(d) specific instructions on how to respond to	
abuse, neglect, or exploitation;	
(e) emergency action procedures to be	
followed in the event of an alleged incident or	
knowledge of abuse, neglect, exploitation, or	
suspicious injury.	
(2) All current employees and volunteers	
shall receive training within 90 days of the	
effective date of this rule.	
(3) All new employees and volunteers shall	
receive training prior to providing services to	
consumers.	
D. Training documentation: All community-	
based service providers shall prepare training	
documentation for each employee and volunteer	
to include a signed statement indicating the date,	
time, and place they received their incident	
management reporting instruction. The	
community-based service provider shall maintain	
documentation of an employee or volunteer's	
training for a period of at least three years, or six	
months after termination of an employee's	
employment or the volunteer's work. Training	

curricula shall be kept on the provider premises and made available upon request by the department. Training documentation shall be made available immediately upon a division representative's request. Failure to provide employee and volunteer training documentation shall subject the community-based service provider to the penalties provided for in this rule.		
 Policy Title: Training Requirements for Direct Service Agency Staff Policy - Eff. March 1, 2007 II. POLICY STATEMENTS: A. Individuals shall receive services from competent and qualified staff. C. Staff shall complete training on DOH- approved incident reporting procedures in accordance with 7 NMAC 1.13.

B. Living Supports- Family Living Services	
Provider Agency Staffing Requirements: 3.	
Training:	
A. All Family Living Provider agencies must	
ensure staff training in accordance with the	
Training Requirements for Direct Service	
Agency Staff policy. DSP's or subcontractors	
delivering substitute care under Family Living	
must at a minimum comply with the section of	
the training policy that relates to Respite,	
Substitute Care, and personal support staff	
[Policy T-003: for Training Requirements for	
Direct Service Agency Staff; Sec. II-J, Items 1-	
4]. Pursuant to the Centers for Medicare and	
Medicaid Services (CMS) requirements, the	
services that a provider renders may only be	
claimed for federal match if the provider has	
completed all necessary training required by the	
state. All Family Living Provider agencies must	
report required personnel training status to the	
DDSD Statewide Training Database as specified	
in DDSD Policy T-001: Reporting and	

Documentation for DDSD Training	
Requirements.	
B. Individual specific training must be arranged	
and conducted, including training on the	
Individual Service Plan outcomes, actions steps	
and strategies and associated support plans	
(e.g. health care plans, MERP, PBSP and BCIP	
etc), information about the individual's	
preferences with regard to privacy,	
communication style, and routines. Individual	
specific training for therapy related WDSI,	
Healthcare Plans, MERPs, CARMP, PBSP, and	
BCIP must occur at least annually and more	
often if plans change or if monitoring finds	
incorrect implementation. Family Living	
providers must notify the relevant support plan	
author whenever a new DSP is assigned to work	
with an individual, and therefore needs to	
receive training, or when an existing DSP	
requires a refresher. The individual should be	
present for and involved in individual specific	
training whenever possible.

PROVIDER shall have a Quality Management and Improvement Plan in accordance with the current MF Waiver Standards and/or the DD Waiver Standards specified by the DEPARTMENT. The Quality Management and Improvement Plan for DD Waiver Providers must describe how the PROVIDER will determine that each waiver assurance and requirement is met. The applicable assurances and requirements are: (1) level of care determination; (2) service plan; (3) qualified providers; (4) health and welfare; (5) administrative authority; and, (6) financial accountability. For each waiver assurance, this description must include:i. Activities or processes related to discovery, i.e., monitoring and recording the findings. Descriptions of monitoring/oversight activities that occur at the individual and provider level of service delivery. These monitoring activities provide a foundation for Quality Management by generating information that can be aggregated and analyzed to measure the overall system performance;ii. The entities or individuals responsible for conducting the discovery/monitoring processes;iii. The types of information used to measure	Standard Level Deficiency Based on record review and interview, the Agency had not fully implemented their Continuous Quality Management System as required by standard. • Review of the findings identified during the on-site survey (October 19 - 21, 2015) and as reflected in this report of findings, the Agency had multiple deficiencies noted, including Conditions of Participation out of compliance, which indicates the CQI plan provided by the Agency was not being used to successfully identify and improve systems within the agency.	Provider: State your Plan of Correction for the deficiencies cited in this tag here: → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →	
iv. The frequency with which performance is measured.

Developmental Disabilities (DD) Waiver Service		
Standards effective 11/1/2012 revised 4/23/2013		
CHAPTER 5 (CIES) 3. Agency Requirements:		
J. Quality Assurance/Quality Improvement		
(QA/QI) Program: Agencies must develop and		
maintain an active QA/QI program in order to		
assure the provision of quality services. This		
includes the development of a QA/QI plan, data		
gathering and analysis, and routine meetings to		
analyze the results of QA/QI activities.		
1. Development of a QA/QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements,		
achieving desired outcomes and identifying		
opportunities for improvement. The quality		
management plan describes the process the		
Provider Agency uses in each phase of the		
process: discovery, remediation and		
improvement. It describes the frequency, the		
source and types of information gathered, as		
well as the methods used to analyze and		
measure performance. The quality		
management plan should describe how the data		
collected will be used to improve the delivery of		
services and methods to evaluate whether		
implementation of improvements are working.		
implomentation of improvemente are werking.		
2. Implementing a QA/QI Committee: The		
QA/QI committee must convene on at least a		
quarterly basis and as needed to review service		
reports, to identify any deficiencies, trends,		
patterns or concerns as well as opportunities for		
quality improvement. The QA/QI meeting must		
be documented. The QA/QI review should		
address at least the following:		
a. Implementation of ISPs: extent to which		
services are delivered in accordance with ISPs		
and associated support plans with WDSI		

including the type, scope, amount, duration]
and frequency specified in the ISP as well as		
effectiveness of such implementation as		
indicated by achievement of outcomes;		
3. The Provider Agency must complete a QA/QI		
report annually by February 15th of each		
calendar year or as otherwise requested by		
DOH. The report must be kept on file at the		
agency, made available for review by DOH and		
upon request from DDSD; the report must be		
submitted to the relevant DDSD Regional		
Offices. The report will summarize:		
a. Analysis of General Events Reports data in		
Therap;		
b. Compliance with Caregivers Criminal History		
Screening requirements;		
c. Compliance with Employee Abuse Registry		
requirements;		
d. Compliance with DDSD training		
requirements;		
e. Patterns of reportable incidents;		
f. Results of improvement actions taken in		
previous quarters;		
g. Sufficiency of staff coverage;		
h. Effectiveness and timeliness of		
implementation of ISPs, and associated		
support including trends in achievement of		
individual desired outcomes;		
i. Results of General Events Reporting data		
analysis;		
j. Action taken regarding individual grievances;		
k. Presence and completeness of required		
documentation;		
I. A description of how data collected as part of		
the agency's QA/QI Plan was used; what		
quality improvement initiatives were		
undertaken and what were the results of		
those efforts, including discovery and		
remediation of any service delivery		

process; and n. Significant program changes. CHAPTER 6 (CCS) 3. Agency Requirements: Loality AssuranceQuality Improvement (QAVQ) Program: Agencies must develop and maintain an active QAVQ program in order to assure the provision of quality services. This includes the development of a QAVQ lapin, data gathering and analysis, and routine meetings to analyze the results of QI activities. 1. Development of a QI plan: The quality management plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving desired outcomes and identifying opportunities for improvement. The quality menagement plan describes the process the process the process the process the process the frequency, the asure performance. The quality measure performance. The quality measure performance. The quality measure performance. The quality measure performance. The quality and measure performance and electrifying estimates and measure performance. The quality measure performance is analyze the results of QI actively addition and the methods used to analyze and measure performance. The quality measure performance. The quality measure performance and the delivery of services and methods to evaluate whether implementation of improvements are working. 2. Implementing a QI Committee: The QA(QI concerns as well as opportunities for quality improvement. The QA(QI concerns as least quarterly and as needed to review service reports, to identify and as needed to review service reports to identify and services and works at least the flowing. a. The extent to which services are delivered in The QA(QI) meeting shall be documented. The QA(QI meeting w	definitionation discovered through the OA/OI	<u> </u>
n. Significant program changes. CHAPTER 6 (CCS) 3. Agency Requirements: (QAQI) Program: Agencies must develop and maintain an active QA/QI program in order to assure the provision of quality iservices. This ncludes the development of a QA/QI plan, data gathering and analysis, and routine meetings to analyze the results of QI activities. 1. Development of a QI and: The quality management plan is used by an agency to continually determine whether the agency is performing within program requirements, actieving desired outcomes and identifying opportunities for improvement. The quality management plan describes the process the Provider Agency uses in each phase of the process: discovery, remediation and improvement. It describes the frequency, the source and types of information gathered, as well as the methods used to analyze and measure performance. The quality management plan isouid describe how the data collected will be used to improve the delivery of services and methods to evaluate whether implementation of improvements. The QA/QI committee shall convine at least qualiterly and as needed to review service reports, to identify any deficiencies, trends, patterns or concerns as well as the methods used to accounce at least qualiterly and as needed to review service reports, to identify any deficiencies, trends, patterns or concerns as well as the method is services at least qualiterly and as needed to review service reports, to identify any deficiencies, trends, patterns or concerns as well as the method is service at least qualiterly and as needed to review service reports, to identify any deficiencies, trends, patterns or concerns as well as opportunities for quality improvement. The QA/QI review should address at least the following: a. The settent to which services are delivered in	deficiencies discovered through the QA/QI	
CHAPTER 6 (CCS) 3. Agency Requirements: I. Quality Assurance/Quality Improvement (QAQI) Program: Agencies must develop and maintain an a active QAVQI program in order to assure the provision of quality services. This neludes the development of a QAVQI plan, data gathering and analysis, and routine meetings to analyze the results of QI activities. 1. Development of a QI plan: The quality management plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving desired outcomes and identifying opportunities for improvement. The quality management plan describes the process the Provider Agency uses in each phase of the process: discovery, remediation and improvement. It describes the frequency, the source and types of information gathered, as well as the methods used to analyze and measure performance. The quality measure performance. The quality measure performance. The dealivery of services and methods to evaluate whether implementation of improvements are working. 2. Inglementing a QI Committee: The QAQI committee shill conven at least quarterity and as needed to review service reports, to identify any deficiencies, trends, patterns or concernes as well as opportunities for quality improvement. The QAVQI neview should address at least the following: a. The extent to which services are delivered in		
 L Quality Assurance/Quality Improvement (QAVQ) Program: Agencies must develop and maintain an active QA/QI program in order to assure the provision of quality services. This includes the development of a QA/QI plan, data gathering and analysis, and routine meetings to analyze the results of QI activities. 1. Development of a QI plan: The quality management plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving desired outcomes and identifying opportunities for improvement. The quality management plan describes the process the Provider Agency uses in each phase of the process: discovery, remediation and improvement. It describes the frequency, the source and types of information gathered, as well as the methods used to analyze and measure performance. The quality management plan bould describe how the data collected will be used to improve the delivery of services and methods to evaluate whether implementation of improvement. The QA/QI committee shall convene at least quarterly and as needed to review service reports, to identify and spoprotunities for quality improvement. The QA/QI meeting shall be documented. The QA/QI review should address at least the following: a. The extent to which services are delivered in 	m. Significant program changes.	
 L Quality Assurance/Quality Improvement (QAVQ) Program: Agencies must develop and maintain an active QA/QI program in order to assure the provision of quality services. QA/QI review should address at least the following: a. The extent to which services are delivered in		
following: a. The extent to which services are delivered in		
a. The extent to which services are delivered in		
	accordance with ISPs, associated support	

plans and WDSI including the type, scope,	
amount, duration and frequency specified in	
the ISP as well as effectiveness of such	
implementation as indicated by achievement	
of outcomes;	
b. Analysis of General Events Reports data;	
c. Compliance with Caregivers Criminal History	
Screening requirements;	
d. Compliance with Employee Abuse Registry	
requirements;	
e. Compliance with DDSD training	
requirements;	
f. Patterns of reportable incidents; and	
g. Results of improvement actions taken in	
previous quarters.	
3. The Provider Agencies must complete a	
QA/QI report annually by February 15 th of each	
year, or as otherwise requested by DOH. The	
report must be kept on file at the agency, made	
available for review by DOH and upon request	
from DDSD the report must be submitted to the	
relevant DDSD Regional Offices. The report will	
summarize:	
a. Sufficiency of staff coverage;	
b. Effectiveness and timeliness of	
implementation of ISPs, associated support	
plans, and WDSI, including trends in	
achievement of individual desired outcomes;	
c. Results of General Events Reporting data	
analysis;	
d. Action taken regarding individual grievances;	
e. Presence and completeness of required	
documentation;	
f. A description of how data collected as part of	
the agency's QI plan was used; what quality	
improvement initiatives were undertaken and	
what were the results of those efforts,	
including discovery and remediation of any	

service delivery deficiencies discovered	
through the QI process; and	
g. Significant program changes.	
CHAPTER 7 (CIHS) 3. Agency Requirements:	
G. Quality Assurance/Quality Improvement	
(QA/QI) Program: Agencies must develop and	
maintain an active QA/QI program in order to	
assure the provision of quality services. This	
includes the development of a QA/QI plan, data	
gathering and analysis, and routine meetings to	
analyze the results of QA/QI activities.	
1. Development of a QA/QI plan: The quality	
management plan is used by an agency to	
continually determine whether the agency is	
performing within program requirements,	
achieving desired outcomes and identifying	
opportunities for improvement. The quality	
management plan describes the process the	
Provider Agency uses in each phase of the	
process: discovery, remediation and	
improvement. It describes the frequency, the	
source and types of information gathered, as	
well as the methods used to analyze and	
measure performance. The quality	
management plan should describe how the data	
collected will be used to improve the delivery of	
services and methods to evaluate whether	
implementation of improvements are working.	
implementation of improvements are working.	
2 Implementing a OA/OI Committee: The	
2. Implementing a QA/QI Committee: The	
QA/QI committee shall convene on at least a	
quarterly basis and as needed to review monthly	
service reports, to identify any deficiencies,	
trends, patterns or concerns as well as	
opportunities for quality improvement. The	
QA/QI meeting must be documented. The	
QA/QI review should address at least the	
following:	

a Implementation of ICDs. The systemates		
a. Implementation of ISPs: The extent to		
which services are delivered in accordance		
with ISPs and associated support plans		
and/or WDSI including the type, scope,		
amount, duration and frequency specified in		
the ISP as well as effectiveness of such		
implementation as indicated by achievement		
of outcomes;		
b. Analysis of General Events Reports data;		
c. Compliance with Caregivers Criminal History		
Screening requirements;		
Screening requirements,		
d. Compliance with Employee Abuse Registry		
requirements;		
a Compliance with DDCD training		
e. Compliance with DDSD training		
requirements;		
f. Patterns of reportable incidents; and		
g. Results of improvement actions taken in		
previous quarters.		
3. The Provider Agency must complete a QA/QI		
report annually by February 15 th of each		
calendar year, or as otherwise request by DOH.		
The report must be kept on file at the agency,		
made available for review by DOH and, upon		
request from DDSD the report must be		
submitted to the relevant DDSD Regional		
Offices. The report will summarize:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of		
implementation of ISPs and associated		
support plans and/or WDSI, including trends		

in achievement of individual desired outcomes;		
 c. Results of General Events Reporting data analysis; 		
d. Action taken regarding individual grievances;		
e. Presence and completeness of required documentation;		
f. A description of how data collected as part of the agency's QA/QI plan was used; what quality improvement initiatives were undertaken and what were the results of those efforts, including discovery and remediation of any service delivery deficiencies discovered through the QI process; and		
g. Significant program changes.		
 CHAPTER 11 (FL) 3. Agency Requirements: H. Quality Improvement/Quality Assurance (QA/QI) Program: Family Living Provider Agencies must develop and maintain an active QA/QI program in order to assure the provision of quality services. This includes the development of a QA/QI plan, data gathering and analysis, and routine meetings to analyze the results of QA/QI activities. 1. Development of a QA/QI plan: The quality management plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving desired outcomes and identifying opportunities for improvement. The quality management plan describes the process the Provider Agency uses in each phase of the 		
process: discovery, remediation and improvement. It describes the frequency, the		

source and types of information gathered, as		
well as the methods used to analyze and		
measure performance. The quality		
management plan should describe how the data		
collected will be used to improve the delivery of		
services and methods to evaluate whether		
implementation of improvements are working.		
2. Implementing a QA/QI Committee: The		
QA/QI committee must convene on at least a		
quarterly basis and as needed to review monthly		
service reports, to identify any deficiencies,		
trends, patterns or concerns as well as		
opportunities for quality improvement. The		
QA/QI meeting must be documented. The		
QA/QI review should address at least the		
following:		
a. The extent to which services are delivered in		
accordance with the ISP including the type,		
scope, amount, duration and frequency		
specified in the ISP as well as effectiveness		
of such implementation as indicated by		
achievement of outcomes;		
b. Analysis of General Events Reports data;		
c. Compliance with Caregivers Criminal History		
Screening requirements;		
d. Compliance with Employee Abuse Registry		
requirements;		
e. Compliance with DDSD training		
requirements;		
f. Patterns in reportable incidents; and		
g. Results of improvement actions taken in		
previous quarters.		
3. The Provider Agency must complete a QA/QI		
report annually by February 15 th of each year, or		
as otherwise requested by DOH. The report		
must be kept on file at the agency, made		
available for review by DOH and upon request		
from DDSD; the report must be submitted to the		
		I]

relevant DDSD Regional Offices. The report will		
summarize:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of		
implementation of ISPs, including trends in		
achievement of individual desired outcomes;		
c. Results of General Events Reporting data		
analysis, Trends in category II significant		
events;		
d. Patterns in medication errors;		
e. Action taken regarding individual grievances;		
f. Presence and completeness of required		
documentation;		
g. A description of how data collected as part		
of the agency's QI plan was used;		
h. What quality improvement initiatives were		
undertaken and what were the results of		
those efforts, including discovery and		
remediation of any service delivery		
deficiencies discovered through the QI		
process; and		
i. Significant program changes.		
CHAPTER 12 (SL) 3. Agency Requirements:		
B. Quality Assurance/Quality Improvement		
(QA/QI) Program: Supported Living Provider		
Agencies must develop and maintain an active		
QA/QI program in order to assure the provision		
of quality services. This includes the		
development of a QA/QI plan, data gathering		
and analysis, and routine meetings to analyze		
the results of QA/QI activities.		
1. Development of a QA/QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements,		
achieving desired outcomes and identifying		
opportunities for improvement. The quality		
management plan describes the process the		

Provider Agency uses in each phase of the		
process: discovery, remediation and		
improvement. It describes the frequency, the		
source and types of information gathered, as		
well as the methods used to analyze and		
measure performance. The quality		
management plan should describe how the data		
collected will be used to improve the delivery of		
services and methods to evaluate whether		
implementation of improvements are working.		
2. Implementing a QA/QI Committee: The		
QA/QI committee must convene on at least a		
quarterly basis and as needed to review monthly		
service reports, to identify any deficiencies,		
trends, patterns, or concerns as well as		
opportunities for quality improvement. The		
QA/QI meeting must be documented. The		
QA/QI review should address at least the		
following:		
a. Implementation of the ISP and the extent to		
which services are delivered in accordance		
with the ISP including the type, scope,		
amount, duration, and frequency specified in		
the ISP as well as effectiveness of such		
implementation as indicated by achievement		
of outcomes;		
b. Analysis of General Events Reports data;		
c. Compliance with Caregivers Criminal History		
Screening requirements;		
d. Compliance with Employee Abuse Registry		
requirements;		
e. Compliance with DDSD training		
requirements;		
f. Patterns in reportable incidents; and		
g. Results of improvement actions taken in		
previous quarters.		
previous quarters.		
2. The Provider Agency must complete a QA/QI		
report annually by February 15 th of each		
report annually by rebluary 15 of each		

calendar year, or as otherwise requested by		
DOH. The report must be kept on file at the		
agency, made available for review by DOH, and		
upon request from DDSD the report must be		
submitted to the relevant DDSD Regional		
Offices. The report will summarize:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of		
implementation of ISPs, including trends in		
achievement of individual desired outcomes;		
c. Results of General Events Reporting data		
analysis, Trends in Category II significant		
events;		
d. Patterns in medication errors;		
e. Action taken regarding individual grievances;		
f. Presence and completeness of required		
documentation:		
g. A description of how data collected as part of		
the agency's QA/QI plan was used, what		
quality improvement initiatives were		
undertaken, and the results of those efforts,		
including discovery and remediation of any		
service delivery deficiencies discovered		
through the QI process; and		
h. Significant program changes.		
CHAPTER 13 (IMLS) 3. Service		
Requirements: F. Quality Assurance/Quality		
Improvement (QA/QI) Program: Agencies		
must develop and maintain an active QA/QI		
program in order to assure the provision of		
quality services. This includes the development		
of a QA/QI plan, data gathering and analysis,		
and routine meetings to analyze the results of QI		
activities.		
1. Development of a QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		
performing within program requirements,		
achieving desired outcomes and identifying		
· · ·	· · · · · · · · · · · · · · · · · · ·	·

opportunities for improvement. The quality		
management plan describes the process the		
Provider Agency uses in each phase of the		
process: discovery, remediation and		
improvement. It describes the frequency, the		
source and types of information gathered, as		
well as the methods used to analyze and		
measure performance. The quality		
management plan should describe how the data		
collected will be used to improve the delivery of		
services and methods to evaluate whether		
implementation of improvements are working.		
2. Implementing a QA/QI Committee: The		
QA/QI committee shall convene on at least on a		
quarterly basis and as needed to review service		
reports, to identify any deficiencies, trends,		
patterns or concerns, as well as opportunities for		
quality improvement. For Intensive Medical		
Living providers, at least one nurse shall be a		
member of this committee. The QA meeting		
shall be documented. The QA review should		
address at least the following:		
a. Implementation of the ISPs, including the		
extent to which services are delivered in		
accordance with the ISPs and associated		
support plans and /or WDSI including the type,		
scope, amount, duration, and frequency		
specified in the ISPs as well as effectiveness		
of such implementation as indicated by		
achievement of outcomes;		
 Trends in General Events as defined by 		
DDSD;		
c. Compliance with Caregivers Criminal History		
Screening Requirements;		
d. Compliance with DDSD training requirements;		
e. Trends in reportable incidents; and		
f. Results of improvement actions taken in		
previous quarters.		

2. The Drevider Ageney much complete a OA/OL		
3. The Provider Agency must complete a QA/QI		
report annually by February 15 th of each		
calendar year, or as otherwise requested by		
DOH. The report must be kept on file at the		
agency, made available for review by DOH and		
upon request from DDSD; the report must be		
submitted to the relevant DDSD Regional		
Offices. The report will summarizes:		
a. Sufficiency of staff coverage;		
b. Effectiveness and timeliness of		
implementation of ISPs and associated		
Support plans and/or WDSI including trends		
in achievement of individual desired		
outcomes;		
c. Trends in reportable incidents;		
d. Trends in medication errors;		
e. Action taken regarding individual grievances;		
f. Presence and completeness of required		
documentation;		
g. How data collected as part of the agency's		
QA/QI was used, what quality improvement		
initiatives were undertaken, and what were		
the results of those efforts, including		
discovery and remediation of any service		
delivery deficiencies discovered through the		
QI process; and		
h. Significant program changes.		
CHAPTER 14 (ANS) 3. Service		
Requirements: N. Quality Assurance/Quality		
Improvement (QA/QI) Program: Agencies		
must develop and maintain an active QA/QI		
program in order to assure the provision of		
quality services. This includes the development		
of a QA/QI plan, data gathering and analysis,		
and routine meetings to analyze the results of		
QI activities.		
1. Development of a QI plan: The quality		
management plan is used by an agency to		
continually determine whether the agency is		

performing within program requirements,		
achieving desired outcomes and identifying		
opportunities for improvement. The quality		
management plan describes the process the		
Provider Agency uses in each phase of the		
process: discovery, remediation and		
improvement. It describes the frequency, the		
source and types of information gathered, as		
well as the methods used to analyze and		
measure performance. The quality		
management plan should describe how the data		
collected will be used to improve the delivery of		
services and methods to evaluate whether		
implementation of improvements are working.		
2. Implementing a QA/QI Committee: The		
QA/QI committee shall convene on at least on a		
quarterly basis and as needed to review service		
reports, to identify any deficiencies, trends,		
patterns or concerns, as well as opportunities for		
quality improvement. For Intensive Medical		
Living providers, at least one nurse shall be a		
member of this committee. The QA meeting		
shall be documented. The QA review should		
address at least the following:		
a. Trends in General Events as defined by		
DDSD;		
b. Compliance with Caregivers Criminal History		
Screening Requirements;		
c. Compliance with DDSD training		
requirements;		
d. Trends in reportable incidents; and		
e. Results of improvement actions taken in		
previous quarters.		
3. The Provider Agency must complete a QA/QI		
report annually by February 15 th of each		
calendar year, or as otherwise requested by		
DOH. The report must be kept on file at the		
agency, made available for review by DOH and		
ayency, made available for review by DOH and		

upon request from DDSD; the report must be		
submitted to the relevant DDSD Regional		
Offices. The report will summarizes:		
a. Sufficiency of staff coverage;		
b. Trends in reportable incidents;		
c. Trends in medication errors;		
d. Action taken regarding individual grievances;		
e. Presence and completeness of required		
documentation;		
f. How data collected as part of the agency's		
QA/QI was used, what quality improvement		
initiatives were undertaken, and what were		
the results of those efforts, including		
discovery and remediation of any service		
delivery deficiencies discovered through the		
QI process; and		
g. Significant program changes		
NMAC 7.1.14.8 INCIDENT MANAGEMENT		
SYSTEM REPORTING REQUIREMENTS FOR		
COMMUNITY-BASED SERVICE PROVIDERS:		
F. Quality assurance/quality improvement		
program for community-based service		
providers: The community-based service		
provider shall establish and implement a quality		
improvement program for reviewing alleged		
complaints and incidents of abuse, neglect, or		
exploitation against them as a provider after the		
division's investigation is complete. The incident		
management program shall include written documentation of corrective actions taken. The		
community-based service provider shall take all		
reasonable steps to prevent further incidents. The		
community-based service provider shall provide		
the following internal monitoring and facilitating		
quality improvement program:		
(1) community-based service providers shall		
have current abuse, neglect, and exploitation		
המעם כטוובות מאטשב, הפטובנו, מווט בגאוטונמנוטוו		

management policy and procedures in place that comply with the department's requirements; (2) community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and (3) community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues.

be used, and documentation of effectiveness		
of PRN medication administered.		
c. The Family Living Provider Agency must		
also maintain a signature page that		
designates the full name that corresponds to		
each initial used to document administered		
or assisted delivery of each dose; and		
d. Information from the prescribing pharmacy		
regarding medications must be kept in the		
home and community inclusion service		
locations and must include the expected		
desired outcomes of administering the		
medication, signs and symptoms of adverse		
events and interactions with other		
medications.		
e. Medication Oversight is optional if the		
individual resides with their biological family		
(by affinity or consanguinity). If Medication		
Oversight is not selected as an Ongoing		
Nursing Service, all elements of medication		
administration and oversight are the sole		
responsibility of the individual and their		
biological family. Therefore, a monthly		
medication administration record (MAR) is		
not required unless the family requests it		

and continually communicates all medication		
changes to the provider agency in a timely		
manner to insure accuracy of the MAR.		
i. The family must communicate at least		
annually and as needed for significant		
change of condition with the agency nurse		
regarding the current medications and the		
individual's response to medications for		
purpose of accurately completing required		
nursing assessments.		
ii. As per the DDSD Medication Assessment		
and Delivery Policy and Procedure, paid		
DSP who are not related by affinity or		
consanguinity to the individual may not		
deliver medications to the individual unless		
they have completed Assisting with		
Medication Delivery (AWMD) training. DSP		
may also be under a delegation relationship		
with a DDW agency nurse or be a Certified		
Medication Aide (CMA). Where CMAs are		
used, the agency is responsible for		
maintaining compliance with New Mexico		
Board of Nursing requirements.		
iii. If the substitute care provider is a surrogate		
(not related by affinity or consanguinity)		
Medication Oversight must be selected and		
provided.		
'		
CHAPTER 12 (SL) 2. Service Requirements L.		
Training and Requirements: 3. Medication		
Delivery: Supported Living Provider Agencies		
must have written policies and procedures		
regarding medication(s) delivery and tracking		
and reporting of medication errors in accordance		
with DDSD Medication Assessment and Delivery		
Policy and Procedures, New Mexico Nurse		
Practice Act, and Board of Pharmacy standards		
and regulations.		

All twenty form (0.4) hour residential home	1
a. All twenty-four (24) hour residential home sites serving two (2) or more unrelated	
individuals must be licensed by the Board of	
Pharmacy, per current regulations;

each initial used to document administered or assisted delivery of each dose; and	
d. Information from the prescribing pharmacy regarding medications must be kept in the home and community inclusion service locations and must include the expected desired outcomes of administrating the medication, signs, and symptoms of adverse events and interactions with other medications.	
CHAPTER 13 (IMLS) 2. Service Requirements. B. There must be compliance with all policy requirements for Intensive Medical Living Service Providers, including written policy and procedures regarding medication delivery and tracking and reporting of medication errors consistent with the DDSD Medication Delivery Policy and Procedures, relevant Board of Nursing Rules, and Pharmacy Board standards and regulations.	
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: E. Medication Delivery: Provider Agencies that provide Community Living, Community Inclusion or Private Duty Nursing services shall have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment and Delivery Policy and Procedures, the Board of Nursing Rules and Board of Pharmacy standards and regulations.	
(2) When required by the DDSD Medication Assessment and Delivery Policy, Medication	

Administration Records (MAR) shall be	
maintained and include:	
(a) The name of the individual, a	
transcription of the physician's written or	
licensed health care provider's	
prescription including the brand and	
generic name of the medication,	
diagnosis for which the medication is	
prescribed;	
(b) Prescribed dosage, frequency and	
method/route of administration, times	
and dates of administration;	
(c) Initials of the individual administering or	
assisting with the medication;	
(d) Explanation of any medication	
irregularity;	
(e) Documentation of any allergic reaction	
or adverse medication effect; and	
(f) For PRN medication, an explanation for	
the use of the PRN medication shall	
include observable signs/symptoms or	
circumstances in which the medication	
is to be used, and documentation of	
effectiveness of PRN medication	
administered.	
(3) The Provider Agency shall also maintain a	
signature page that designates the full name	
that corresponds to each initial used to	
document administered or assisted delivery of	
each dose;	
(4) MARs are not required for individuals	
participating in Independent Living who self-	
administer their own medications;	
(5) Information from the prescribing pharmacy	
regarding medications shall be kept in the	
home and community inclusion service	
locations and shall include the expected	
desired outcomes of administrating the	
medication, signs and symptoms of adverse	
events and interactions with other medications;

Requirements. 5. Health Related		
Documentation: For each individual receiving		
Living Supports- Supported Living, the provider		
agency must ensure and document the		
following:		
Tollowing.		
a. That an individual with chronic condition(s)		
with the potential to exacerbate into a life		
threatening condition, has a MERP developed		
by a licensed nurse or other appropriate		
by a licenseu nuise of other appropriate		

	professional according to the DDSD Medical Emergency Response Plan Policy, that DSP have been trained to implement such plan(s), and ensure that a copy of such plan(s) are readily available to DSP in the home;		
6	That an average of five (5) hours of documented nutritional counseling is available annually, if recommended by the IDT and clinically indicated;		
	That the nurse has completed legible and signed progress notes with date and time ndicated that describe all interventions or nteractions conducted with individuals served, as well as all interactions with other healthcare providers serving the individual. All nteractions must be documented whether they poccur by phone or in person; and		
d. I	Document for each individual that:		
i.	The individual has a Primary Care Provider (PCP);		
ii.	The individual receives an annual physical examination and other examinations as specified by a PCP;		
iii.	The individual receives annual dental check- ups and other check-ups as specified by a licensed dentist;		
iv.	The individual receives a hearing test as specified by a licensed audiologist;		
v.	The individual receives eye examinations as specified by a licensed optometrist or ophthalmologist; and		

vi. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and		
 changes in medication or daily routine). vii. The agency nurse will provide the individual's team with a semi-annual nursing report that discusses the services provided and the status of the individual in the last six (6) months. This may be provided electronically or in paper format to the team 		
 no later than (2) weeks prior to the ISP and semi-annually. f. The Supported Living Provider Agency must ensure that activities conducted by agency nurses comply with the roles and responsibilities identified in these standards. 		
Chapter 13 (IMLS) 2. Service Requirements: C. Documents to be maintained in the agency administrative office, include: A. All assessments completed by the agency nurse, including the Intensive Medical Living Eligibility Parameters tool; for e-CHAT a printed copy of the current e-CHAT summary report shall suffice;		
F. Annual physical exams and annual dental exams (not applicable for short term stays);		
G. Tri-annual vision exam (Not applicable for short term stays. See Medicaid policy 8.310.6 for allowable exceptions for more frequent vision exam);		
H. Audiology/hearing exam as applicable (Not applicable for short term stays; See Medicaid policy 8.324.6 for applicable requirements);		

I. All other evaluations called for in the ISP for		
which the Services provider is responsible to		
arrange;		
J. Medical screening, tests and lab results (for		
short term stays, only those which occur during		
the period of the stay);		
L. Deserved of manifest and denoted on a sinter ante		
L. Record of medical and dental appointments,		
including any treatment provided (for short term		
stays, only those appointments that occur during		
the stay);		
O. Semi-annual ISP progress reports and MERP		
reviews (not applicable for short term stays);		
P. Quarterly nursing summary reports (not		
applicable for short term stays);		
NMAC 8.302.1.17 RECORD KEEPING AND		
DOCUMENTATION REQUIREMENTS: A		
provider must maintain all the records necessary		
to fully disclose the nature, quality, amount and		
medical necessity of services furnished to an		
eligible recipient who is currently receiving or		
who has received services in the past.		
D. Decumentation of test results. Decults of		
B. Documentation of test results: Results of		
tests and services must be documented, which		
includes results of laboratory and radiology		
procedures or progress following therapy or		
treatment.

community-based service provider shall ensure		
that the reporter with the most direct		
knowledge of the incident participates in the		
preparation of the report form.		
(3) Limited provider investigation: No		
investigation beyond that necessary in order to		
be able to report the abuse, neglect, or		
exploitation and ensure the safety of		
consumers is permitted until the division has		
completed its investigation.		
(4) Immediate action and safety planning:		
Upon discovery of any alleged incident of		
abuse, neglect, or exploitation, the community-		
based service provider shall:		
(a) develop and implement an immediate		
action and safety plan for any potentially		
endangered consumers, if applicable;		
(b) be immediately prepared to report that		
immediate action and safety plan verbally,		
and revise the plan according to the division's		
direction, if necessary; and		
(c) Provide the accepted immediate action		
and safety plan in writing on the immediate		
action and safety plan form within 24 hours of		
the verbal report. If the provider has internet		
access, the report form shall be submitted via		
the division's website at		
http://dhi.health.state.nm.us; otherwise it may		
be submitted by faxing it to the division at 1-		
800-584-6057.		
(5) Evidence preservation: The		
community-based service provider shall		
preserve evidence related to an alleged		
incident of abuse, neglect, or exploitation,		
including records, and do nothing to disturb the		
evidence. If physical evidence must be		
removed or affected, the provider shall take		
photographs or do whatever is reasonable to		
document the location and type of evidence		
found which appears related to the incident.		

(6) Legal guardian or parental		
notification: The responsible community-		
based service provider shall ensure that the		
consumer's legal guardian or parent is notified		
of the alleged incident of abuse, neglect and		
exploitation within 24 hours of notice of the		
alleged incident unless the parent or legal		
guardian is suspected of committing the		
alleged abuse, neglect, or exploitation, in which		
case the community-based service provider		
shall leave notification to the division's		
investigative representative.		
(7) Case manager or consultant		
notification by community-based service		
providers: The responsible community-based		
service provider shall notify the consumer's		
case manager or consultant within 24 hours		
that an alleged incident involving abuse,		
neglect, or exploitation has been reported to		
the division. Names of other consumers and		
employees may be redacted before any		
documentation is forwarded to a case manager		
or consultant.		
(8) Non-responsible reporter: Providers		
who are reporting an incident in which they are		
not the responsible community-based service		
provider shall notify the responsible		
community-based service provider within 24		
hours of an incident or allegation of an incident		
of abuse, neglect, and exploitation		
or abado, noglooi, and oxploitation

7.1.14.9INCIDENT MANAGEMENT SYSTEM REQUIREMENTS: A. General: All community-based service providers shall establish and maintain an incident management system, which emphasizes the principles of prevention and staff involvement. The community-based service provider shall ensure that the incident management system policies and procedures requires all employees and volunteers to be competently trained to respond to, report, and preserve evidence related to incidents in a timely and accurate manner. E. Consumer and guardian orientation packet: Consumers, family members, and legal guardians shall be made aware of and have available immediate access to the community-based service provider incident reporting processes. The community-based service provider shall provide consumers, family members, or legal guardians an orientation packet to include incident management systems policies and procedural information concerning the reporting of abuse, neglect, exploitation, suspicious injury, or death. The community-based service provider shall include a signed statement indicating the date, time, and place they received their orientation packet to be contained in the consumer's file. The appropriate consumer, family member, or legal guardian shall sign this at the time of orientation.	 Based on record review, the Agency did not provide documentation indicating consumer, family members, or legal guardians had received an orientation packet including incident management system policies and procedural information concerning the reporting of Abuse, Neglect and Exploitation, for 7 of 10 individuals. Review of the Agency individual case files revealed the following items were not found and/or incomplete: Parent/Guardian Incident Management Training (Abuse, Neglect and Exploitation) (#1, 3, 4, 5, 8, 10, 11) 	Provider: State your Plan of Correction for the deficiencies cited in this tag here: → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here: →

Dear Mr. Johnson and Ms. Davis;

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will be need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Amanda Castañeda

QMB Report of Findings – Community Options, Inc. – Metro Region – October 19 – 21, 2015

Survey Report #: Q.16.2.DDW.D3124.5.RTN.01.15.307

Date: June 30, 2016 To: Hector Johnson, State Director Provider: Community Options, Inc. 2720 San Pedro NE Address: Albuquerque, New Mexico 87110 State/Zip: Hector.Johnson@comop.org E-mail Address: CC: Mario Saenz, Executive Director E-Mail Address Mario.Saenz@comop.org Region: Metro October 19 - 21, 2015 Routine Survey: Verification Survey: June 7, 2016 Program Surveyed: **Developmental Disabilities Waiver** 2012: Inclusion Supports (Customized Community Supports, Community Integrated Service Surveyed: Employment Services) 2007: Community Inclusion (Adult Habilitation, Supported Employment) Survey Type: Verification Team Leader: Jesus R. Trujillo, RN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau Team Members: Leslie Peterson, BBA, MA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Mr. Johnson and Mr. Saenz;

The Division of Health Improvement/Quality Management Bureau has completed a Verification survey of the services identified above. The purpose of the survey was to determine compliance with your Plan of Correction submitted to DHI regarding the *Routine Survey on October* 19 - 21, 2015.

The Division of Health Improvement, Quality Management Bureau has determined your agency is now in:

Compliance with Conditions of Participation.

However, due to the new/repeat standard level deficiencies your agency will be required to contact your DDSD Regional Office for technical assistance and follow up. You are also required to continue your Plan of Correction. Please respond to the Plan of Correction Coordinator within 10 business days of receipt of this letter.

Plan of Correction:

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <u>http://www.dhi.health.state.nm.us</u>

The attached Report of Findings identifies the new/repeat Standard Level deficiencies found during your agency's verification compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 10 business days from the receipt of this letter. The Plan of Correction must include the following:

- 1. Evidence your agency has contacted your DDSD Regional Office for technical assistance;
- 2. A Plan of Correction detailing Quality Assurance/Quality Improvement processes to prevent your agency from receiving deficiencies in the future;
- 3. Documentation verifying that newly cited deficiencies have been corrected.

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction and documentation verifying correction of survey deficiencies within 10 business days of receipt of this letter to the parties below:

- 3. Quality Management Bureau, Attention: Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001
- 4. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Failure to submit your POC within the allotted 10 business days may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Please call the Plan of Correction Coordinator at 575-373-5716, if you have questions about the survey or the report. Thank you for your cooperation and for the work you perform.

Sincerely,

Jesus R. Trujillo, RN

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

Conditions of Participation (CoPs)

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for

significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

CoPs and Service Domains for Case Management Supports are as follows:

Service Domain: Level of Care

Condition of Participation:

5. Level of Care: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

Service Domain: Plan of Care

Condition of Participation:

6. **Individual Service Plan (ISP) Creation and Development**: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

7. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

CoPs and Service Domain for ALL Service Providers is as follows:

Service Domain: Qualified Providers

Condition of Participation:

8. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

Service Domain: Plan of Care

Condition of Participation:

6. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

Service Domain: Health, Welfare and Safety

Condition of Participation:

6. Individual Health, Safety and Welfare: (Safety) Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. Individual Health, Safety and Welfare (Healthcare Oversight): The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

QMB Determinations of Compliance

Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 5. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 6. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>http://dhi.health.state.nm.us/qmb</u>
- 7. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 8. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-toface meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Dear Mr. Johnson and Mr. Saenz;

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda

Amanda Castañeda Plan of Correction Coordinator Quality Management Bureau/DHI
