Region: Northeast

Survey Date: July 12 – 14, 2010

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Community Living (Family Living) & Community Inclusion (Community Access)

Survey Type: Routine

Team Leader: Barbara Czinger, MSW, LISW, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Cyndie Nielsen, RN, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau, Tony Fragua, BFA, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau & Fabian Lopez, Social & Community Coordinator,

Developmental Disabilities Supports Division

Dear Mr. Romero,

The Division of Health Improvement/Quality Management Bureau has completed a quality review survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement.

Quality Management Approval Rating:

The Division of Health Improvement is issuing your agency a determination of "Non-Compliance with Conditions of Participation."

Plan of Correction:

The attached Report of Findings identifies deficiencies found during your agency's survey. You are required to complete and implement a Plan of Correction (POC). Please submit your agency's Plan of Correction (POC) in the space on the two right columns of the Report of Findings. See attachment A for additional guidance in completing the POC. The response is due to the parties below within 10 working days of the receipt of this letter:

- 1. Quality Management Bureau, Attention: Plan of Correction Coordinator 5301 Central Ave. NE Suite 400 Albuquerque, NM 87108
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed.

"Assuring safety and quality of care in New Mexico's health facilities and community-based programs."

David Rodriguez, Division Director • Division of Health Improvement

Quality Management Bureau • 5301 Central Ave. NE Suite 400 • Albuquerque, New Mexico 87108

DHI Quality Review Survey Report - Northern New Mexico Quality Care, Inc. - Northeast Region - July 12 - 14, 2010

Upon notification from QMB that your Plan of Correction has been approved, you must implement all remedies and corrective actions within 45 working days. If your plan of correction is denied, you must resubmit a revised plan ASAP for approval. All remedies must still be completed within 45 working days of the original submission.

Failure to submit, complete or implement your POC within the required time frames will result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a determination of noncompliance (finding) you have 10 working days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

A request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 working days. Providers may not appeal the nature or interpretation of the standard or regulation, the team composition, sampling methodology or the Scope and Severity of the finding.

If the IRF approves the change or removal of a finding, you will be advised of any changes.

Please call the Team Leader at 505-476-9023, if you have questions about the survey or the report. Thank you for your cooperation and for the work you perform.

Sincerely,

Barbara Czinger, MSW, LISW

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

- After a QMB Quality Review, your Survey Report will be sent to you via certified mail. You may request that it also be sent to you electronically by calling George Perrault, Plan of Correction Coordinator at 505-222-8647.
- Within 10 business days of the date you received your survey report, you must develop and send your Plan of Correction response to the QMB office. (Providers who do not pick up their mail will be referred to the Internal Review Committee [IRC]).
- For each Deficiency in your Survey Report, include specific information about HOW you will correct each Deficiency, WHO will fix each Deficiency ("Responsible Party"), and by WHEN ("Date Due").
- Your POC must not only address HOW, WHO and WHEN each Deficiency will be corrected, but must
 also address overall systemic issues to prevent the Deficiency from reoccurring, i.e., Quality Assurance
 (QA). Your description of your QA must include specifics about your self-auditing processes, such as
 HOW OFTEN you will self-audit, WHO will do it, and WHAT FORMS will be used.
- Corrective actions should be incorporated into your agency's Quality Assurance/Quality Improvement policies and procedures.
- You may send your POC response electronically to George.Perrault@state.nm.us, by fax (505-222-8661), or by postal mail.
- Do not send supporting documentation to QMB until after your POC has been approved by QMB.
- QMB will notify you if your POC has been "Approved" or "Denied".
- Whether your POC is "Approved" or "Denied", you have a maximum of 45 business days to correct all survey Deficiencies from the date of receipt of your Survey Report. If your POC is "Denied" it must be revised and resubmitted ASAP, as the 45 working day limit is in effect. Providers whose revised POC is denied will be referred to the IRC.
- The POC must be completed on the official QMB Survey Report and Plan of Correction Form, unless approved in advance by the POC Coordinator.
- If you have questions about the POC process, call the QMB POC Coordinator, George Perrault at 505-222-8647 for assistance.
- For Technical Assistance (TA) in developing or implementing your POC, contact your local DDSD Regional Office.
- Once your POC has been approved by QMB, the POC may not be altered or the dates changed.
- Requests for an extension or modification of your POC (post approval) must be made in writing and submitted to the POC Coordinator at QMB, and are approved on a case-by-case basis.
- When submitting supporting documentation, organize your documents by Tag #s, and annotate or label each document using Individual numbers.
- Do not submit original documents, hard copies or scanned and electronically submitted copies are fine. Originals must be maintained in the agency/client file(s) as per DDSD Standards.
- Failure to submit, complete or implement your POC within the required timeframes will result in a
 referral to the IRC and the possible imposition of a \$200 per day Civil Monetary Penalty until it is
 received, completed and/or implemented.

Attachment B

QMB Scope and Severity Matrix of survey results

Each deficiency in your Report of Findings is scored on a Scope and Severity Scale. The culmination of each deficiency's Scope and Severity is used to determine degree of compliance to standards and regulations and level of QMB Certification.

				SCOPE	
			Isolated 01% - 15%	Pattern 16% - 79%	Widespread 80% - 100%
	High Impact	Immediate Jeopardy to individual health and or safety	J.	K.	L.
SEVERITY	High	Actual harm	G.	Н.	I.
SEV	Medium Impact	No Actual Harm Potential for more than	D.	E.	F. (3 or more)
	Med	minimal harm	D. (2 or less)		F. (no conditions of participation)
	Low	No Actual Harm Minimal potential for harm.	Α.	В.	C.

Scope and Severity Definitions:

Key to Scope scale:

Isolated:

A deficiency that is limited to 1% to 15% of the sample, usually impacting no more than one or two individuals in the sample.

Pattern:

A deficiency that impacts a number or group of individuals from 16% to 79% of the sample is defined as a pattern finding. Pattern findings suggest the need for system wide corrective actions.

Widespread:

A deficiency that impacts most or all (80% to 100%) of the individuals in the sample is defined as widespread or pervasive. Widespread findings suggest the need for system wide corrective actions as well as the need to implement a Continuous Quality Improvement process to improve or build infrastructure. Widespread findings must be referred to the Internal Review Committee for review and possible actions or sanctions.

Key to Findings:

"Substantial Compliance with Conditions of Participation"

The QMB determination of "Substantial Compliance with Conditions of Participation" indicates that a provider is in substantial compliance with all 'Conditions of Participation' and other standards and regulations. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Substantial Compliance with Conditions of Participation, the provider must not have any findings that meet the thresholds for determining non-compliance with any Condition of Participation.

"Non-Compliance with Conditions of Participation"

The QMB determination of "Non-Compliance with Conditions of Participation" indicates that a provider is out of compliance with one (1) or more 'Conditions of Participation.' This non-compliance, if not corrected, is likely to result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Providers receiving a <u>repeat</u> determination of Non-Compliance may be referred by QMB to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

"Sub-Standard Compliance with Conditions of Participation":

The QMB determination of "Sub-Standard Compliance with Conditions of Participation" indicates a provider is significantly out of compliance with Conditions of Participation and/or has:

Multiple findings of widespread non-compliance with any standard or regulation with a significant potential for more than minimal harm. Any finding of actual harm or Immediate Jeopardy.

Providers receiving a <u>repeat</u> determination of 'Substandard Compliance' will be referred by QMB to the Internal Review Committee (IRC) for consideration of remedies and possible actions.

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the process, surveyors are openly communicating with providers. Open communication means that surveyors have clarified issues and/or requested missing information before completing the review. Regardless, there may still be instances where the provider disagrees with a specific finding.

To informally dispute a finding the provider must request in writing an Informal Reconsideration of the Finding (IRF) to the QMB Deputy Bureau Chief within 10 working days of receipt of the final report.

The written request for an IRF must be completed on the QMB Request for Informal Reconsideration of Finding Form (available on the QMB website: http://dhi.health.state.nm.us/qmb) and must specify in detail the request for reconsideration and why the finding is inaccurate. The IRF request must include all supporting documentation or evidence that was not previously reviewed during the survey process.

The following limitations apply to the IRF process:

- The request for an IRF and all supporting evidence must be received in 10 days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed by the survey team.
- Providers must continue to complete their plan of correction during the IRF process
- Providers may not request an IRF to challenge the Scope and Severity of a finding.
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition
- Providers may not request an IRF to challenge the QMB Quality Approval Rating and the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not made within 10 working days of receiving the report and does not include all supporting documentation or evidence to show compliance with the standards and regulations.

QMB has 30 working days to complete the review and notify the provider of the decision. The request will be reviewed by the IRF committee. The Provider will be notified in writing of the ruling, no face to face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status. If a finding is successfully reconsidered, it will be noted and will be removed or modified from the report. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Agency: Northern New Mexico Quality Care, Inc. - Northeast Region

Program: Developmental Disabilities Waiver

Service: Community Living (Family Living) & Community Inclusion (Community Access)

Monitoring Type: Routine Survey **Date of Survey:** July 12 – 14, 2010

Statute	Deficiency	Agency Plan of Correction and Responsible Party	Date Due
Tag # 1A09 Medication Delivery (MAR) - Routine Medication	Scope and Severity Rating: D		
Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 1 II. PROVIDER AGENCY REQUIREMENTS: The objective of these standards	Medication Administration Records (MAR) were reviewed for the months of March, April & May 2010.		
is to establish Provider Agency policy, procedure and reporting requirements for DD Medicaid Waiver program. These requirements apply to all such Provider Agency staff, whether directly employed or subcontracting with the Provider Agency. Additional Provider Agency requirements and personnel qualifications may be applicable for specific service standards. E. Medication Delivery: Provider Agencies that provide Community Living, Community Inclusion or Private Duty Nursing services shall have written policies and procedures regarding medication(s) delivery and tracking and reporting of medication errors in accordance with DDSD Medication Assessment and Delivery Policy and Procedures, the Board of Nursing Rules and Board of Pharmacy standards and regulations.	Based on record review and interview, 1 of 7 individuals had Medication Administration Records, which contained missing medications entries and/or other errors: Individual #3 May 2010 As indicated by the Family Living Provider, the individual is to take the following medication. Review of the Medication Administration Record found no evidence that medication is documented on the MAR. • Loratidine 10mg (1 time daily)		
 (2) When required by the DDSD Medication Assessment and Delivery Policy, Medication Administration Records (MAR) shall be maintained and include: (a) The name of the individual, a transcription of the physician's written or licensed health care provider's prescription including the brand 			
and generic name of the medication, diagnosis for which the medication is			

- prescribed;
 (b) Prescribed dosage, frequency and method/route of administration, times and dates of administration;
 (c) Initials of the individual administering or assisting with the medication;
 (d) Explanation of any medication irregularity;
 - (e) Documentation of any allergic reaction or adverse medication effect; and
- (f) For PRN medication, an explanation for the use of the PRN medication shall include observable signs/symptoms or circumstances in which the medication is to be used, and documentation of effectiveness of PRN medication administered.
- (3) The Provider Agency shall also maintain a signature page that designates the full name that corresponds to each initial used to document administered or assisted delivery of each dose;
- (4) MARs are not required for individuals participating in Independent Living who self-administer their own medications;
- (5) Information from the prescribing pharmacy regarding medications shall be kept in the home and community inclusion service locations and shall include the expected desired outcomes of administrating the medication, signs and symptoms of adverse events and interactions with other medications:

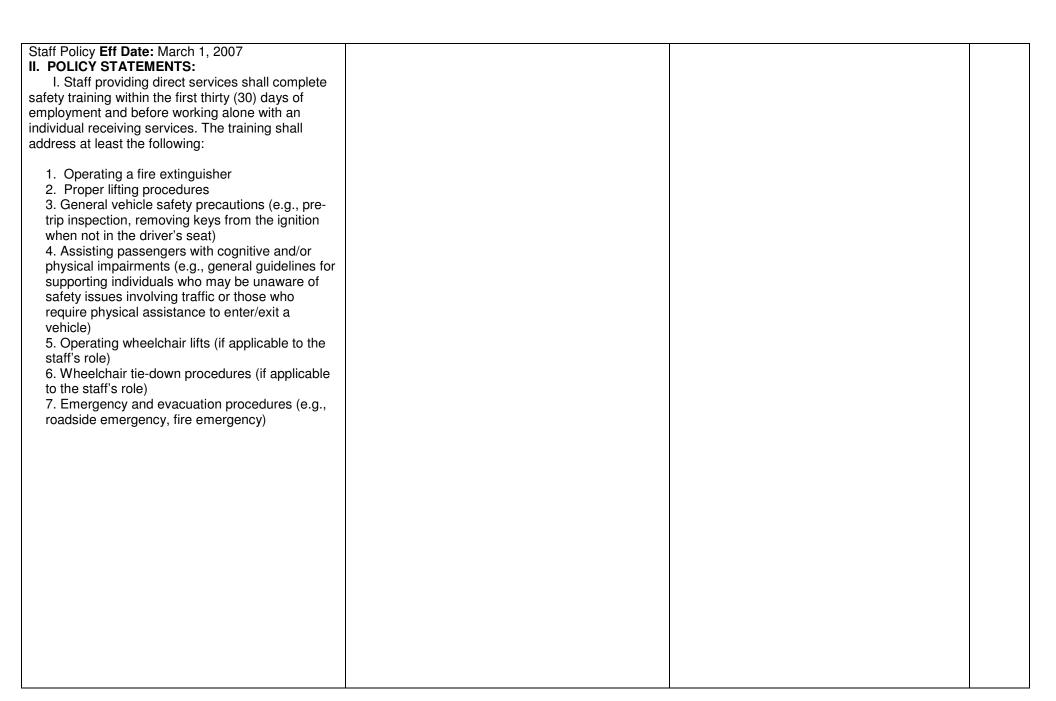

NMAC 16.19.11.8 MINIMUM STANDARDS:

A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS:

- (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents, **including over-the-counter medications.** This documentation shall include:
 - (i) Name of resident;
 - (ii) Date given;

(iii) Drug product name; (iv) Dosage and form; (v) Strength of drug; (vi) Route of administration; (vii) How often medication is to be taken; (viii) Time taken and staff initials: (ix) Dates when the medication is discontinued or changed; (x) The name and initials of all staff administering medications. **Model Custodial Procedure Manual** D. Administration of Drugs Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications. Document the practitioner's order authorizing the self-administration of medications. All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include: > symptoms that indicate the use of the medication, > exact dosage to be used, and > the exact amount to be used in a 24 hour period.

(b) The provider agency must arrange for their		
nurse to complete the Health Assessment Tool		
(HAT) and the Medication Administration		
Assessment Tool (MAAT) on at least an annual		
basis for each individual receiving community living,		
community inclusion or private duty nursing		
services, unless the provider agency arranges for		
the individual's Primary Care Practitioner (PCP) to		
voluntarily complete these assessments in lieu of the agency nurse. Agency nurses may also		
complete these assessments in collaboration with		
the Primary Care Practitioner if they believe such consultation is necessary for an accurate		
assessment. Family Living Provider Agencies have		
the option of having the subcontracted caregiver		
complete the HAT instead of the nurse or PCP, if		
the caregiver is comfortable doing so. However, the		
agency nurse must be available to assist the		
agonoy harse must be available to assist the		L

caregiver upon request.

- (c) For newly allocated individuals, the HAT and the MAAT must be completed within seventy-two (72) hours of admission into direct services or two weeks following the initial ISP, whichever comes first.
- (d) For individuals already in services, the HAT and the MAAT must be completed at least fourteen (14) days prior to the annual ISP meeting and submitted to all members of the interdisciplinary team. The HAT must also be completed at the time of any significant change in clinical condition and upon return from any hospitalizations. In addition to annually, the MAAT must be completed at the time of any significant change in clinical condition, when a medication regime or route change requires delivery by licensed or certified staff, or when an individual has completed additional training designed to improve their skills to support self-administration (see DDSD Medication Assessment and Delivery Policy).
- (e) Nursing assessments conducted to determine current health status or to evaluate a change in clinical condition must be documented in a signed progress note that includes time and date as well as *subjective* information including the individual complaints, signs and symptoms noted by staff, family members or other team members; *objective* information including vital signs, physical examination, weight, and other pertinent data for the given situation (e.g., seizure frequency, method in which temperature taken); *assessment* of the clinical status, and *plan* of action addressing relevant aspects of all active health problems and follow up on any recommendations of medical consultants.

(2) Health related plans

(a) For individuals with chronic conditions that have the potential to exacerbate into a life-threatening situation, a medical crisis prevention and intervention plan must be written by the nurse or other appropriately designated healthcare professional.

(b) Crisis prevention and intervention plans must be		
written in user-friendly language that is easily		
understood by those implementing the plan.		
(c) The nurse shall also document training		
regarding the crisis prevention and intervention		
plan delivered to agency staff and other team		
members, clearly indicating competency		
determination for each trainee.		
(d) If the individual receives services from separate		
agencies for community living and community		
inclusion services, nurses from each agency shall		
collaborate in the development of and training		
delivery for crisis prevention and intervention plans		
to assure maximum consistency across settings.		
(3) For all individuals with a HAT score of 4, 5 or 6,		
the nurse shall develop a comprehensive healthcare		
plan that includes health related supports identified		
in the ISP (The healthcare plan is the equivalent of		
a nursing care plan; two separate documents are		
not required nor recommended):		
(a) Each healthcare plan must include a statement		
of the person's healthcare needs and list		
measurable goals to be achieved through		
implementation of the healthcare plan. Needs		
statements may be based upon supports needed		
for the individual to maintain a current strength,		
ability or skill related to their health, prevention		
measures, and/or supports needed to remediate,		
minimize or manage an existing health condition.		
(b) Goals must be measurable and shall be revised		
when an individual has met the goal and has the		
potential to attain additional goals or no longer		
requires supports in order to maintain the goal.		
(c) Approaches described in the plan shall be		
individualized to reflect the individual's unique		
needs, provide guidance to the caregiver(s) and		
designed to support successful interactions. Some		
interventions may be carried out by staff, family		
members or other team members, and other		
interventions may be carried out directly by the		
nurse – persons responsible for each intervention		
shall be specified in the plan.		

- (d) Healthcare plans shall be written in language that will be easily understood by the person(s) identified as implementing the interventions.

 (e) The nurse shall also document training on the healthcare plan delivered to agency staff and other team members, clearly indicating competency determination for each trainee. If the individual receives services from separate agencies for community living and community inclusion services, nurses from each agency shall collaborate in the
- (f) Healthcare plans must be updated to reflect relevant discharge orders whenever an individual returns to services following a hospitalization.

development of and training delivery for healthcare plans to assure maximum consistency across

- (g) All crisis prevention and intervention plans and healthcare plans shall include the individual's name and date on each page and shall be signed by the author.
- (h) Crisis prevention and intervention plans as well as healthcare plans shall be reviewed by the nurse at least quarterly, and updated as needed.

(4) General Nursing Documentation

settings.

- (a) The nurse shall complete legible and signed progress notes with date and time indicated that describe all interventions or interactions conducted with individuals served as well as all interactions with other healthcare providers serving the individual. All interactions shall be documented whether they occur by phone or in person.
- (b) For individuals with a HAT score of 4, 5 or 6, or who have identified health concerns in their ISP, the nurse shall provide the interdisciplinary team with a quarterly report that indicates current health status and progress to date on health related ISP desired outcomes and action plans as well as progress toward goals in the healthcare plan.

CHAPTER 5 XI. COMMUNITY ACCESS		

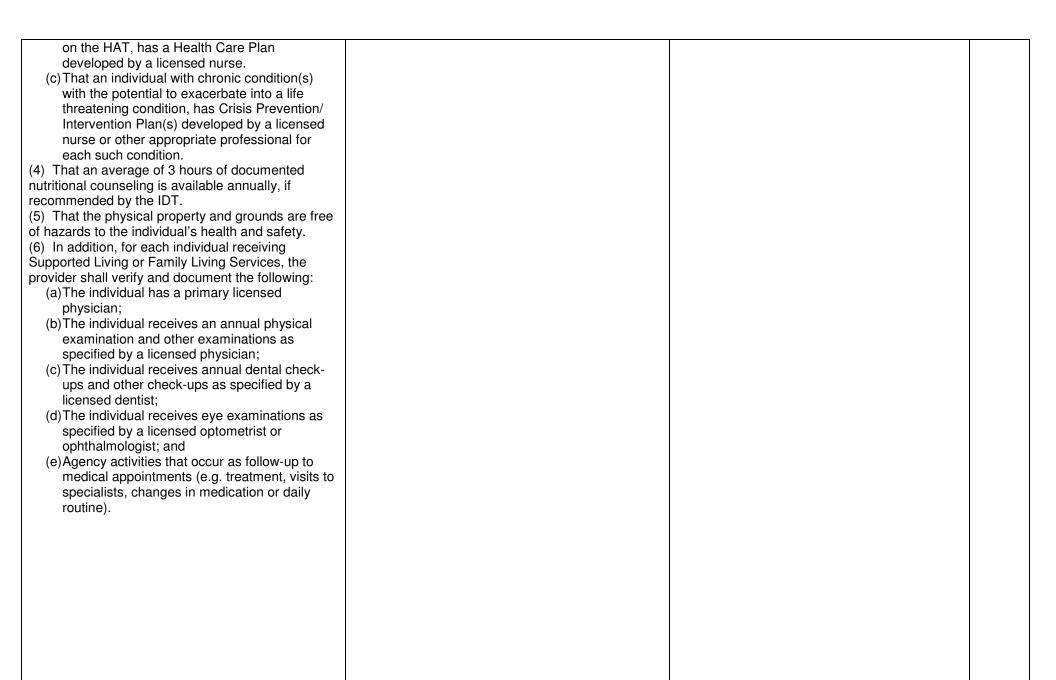

SERVICES REQUIREMENTS G. Reimbursement (1) Billable Unit: A billable unit is defined as onequarter hour of service. (2) Billable Activities: The Community Access Provider Agency can bill for those activities listed in the Community Access Scope of Service. Billable units are typically provided face-to-face but time spent in non face-to-face activity may be claimed under the following conditions: (a) Time that is non face-to-face is documented separately and clearly identified as to the nature of the activity, and is tied directly to the individual's ISP, Action Plan; (b) Time that is non face-to-face involves outreach and identification and training of community connections and natural supports; and (c) Non face-to-face hours do not exceed 10% of the monthly billable hours. (3) Non-Billable Activities: Activities that the service Provider Agency may need to conduct, but which are not separately billable activities, may include: (a) Time and expense for training service personnel: (b) Supervision of agency staff; (c) Service documentation and billing activities; or (d) Time the individual spends in segregated facility-based settings activities.

Tag # 6L13 (CoP) - CL Healthcare Reqts. Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 6. VI. GENERAL REQUIREMENTS FOR COMMUNITY LIVING G. Health Care Requirements for Community Living Services. (1) The Community Living Service providers shall ensure completion of a HAT for each individual receiving this service. The HAT shall be completed 2 weeks prior to the annual ISP meeting and submitted to the Case Manager and all other IDT Members. A revised HAT is required to also be submitted whenever the individual's health status changes significantly. For individuals who are newly allocated to the DD Waiver program, the HAT may be completed within 2 weeks following the initial ISP meeting and submitted with any strategies and support plans indicated in the ISP, or within 72 hours following admission into direct services, which ever comes first. (2) Each individual will have a Health Care Coordinator, designated by the IDT. When the individual's HAT score is 4, 5 or 6 the Health Care Coordinator shall be an IDT member, other than the individual. The Health Care Coordinator shall oversee and monitor health care services for the individual in accordance with these standards. In circumstances where no IDT member voluntarily accepts designation as the health care coordinator, the community living provider shall assign a staff member to this role. (3) For each individual receiving Community Living Services, the provider agency shall ensure and	Based on record review, the Agency failed to provide documentation of annual physical examinations and/or other examinations as specified by a licensed physician for 4 of 11 individuals receiving Community Living Services. • Dental Exam • Individual #6 - As indicated by the DDSD file matrix Dental Exams are to be conducted annually. No evidence of exam was found. • Individual #7 - As indicated by the DDSD file matrix Dental Exams are to be conducted annually. No evidence of exam was found. • Vision Exam • Individual #6 - As indicated by the DDSD file matrix Vision Exams are to be conducted every other year. No evidence of exam was found. • Individual #8 - As indicated by the documentation reviewed, a follow up exam was completed in 04/2009. No evidence of exam was found. • Individual #7 - As indicated by the DDSD file matrix Vision Exams are to be conducted every other year. Developmental Disabilities (DD) Waiver Service Standards effective 4/1/2007 CHAPTER 6. VIII. COMMUNITY LIVING SERVICE PROVIDER AGENCY REQUIREMENTS A. Residence Case File: For individuals receiving Supported Living or Family Living, the Agency shall maintain in the individual's home a complete and current confidential case file for each individual. For individuals receiving Independent Living Services, rather than maintaining this file at the individual's home, the complete and current confidential case file for each individual shall be maintained at the agency's administrative site. Each file shall include the following: (1) Complete and current ISP and all supplemental plans specific to the individual; (2) Complete and current Health Assessment Tool; (3) Current emergency contact information, which includes the individual's address, telephone number, names and telephone numbers of residential Community Living Support providers, relatives, or guardian or conservator, primary care physician's name(s) and telephone number (s), pharmacy name, address and telephone number and dentist name, address and telephone number	Based on record review, the Agency failed to maintain a complete and confidential case file in the residence for 6 of 11 Individuals receiving Family Living Services. The following was not found, incomplete and/or not current: Positive Behavioral Crisis Plan (#10) Speech Therapy Plan (#5 & 9) Occupational Therapy Plan (#5 & 12) Physical Therapy Plan (#3, 5 & 12) Crisis Plan Allergies (#3) Aspiration (#3, 5 & 12) GERD (#1 & 3) Seizures (#5)	
and health plan; (4) Up-to-date progress notes, signed and dated by the person making the note for at least the past month (older notes may be transferred to the agency office);		
(5) Data collected to document ISP Action Plan implementation		
 (6) Progress notes written by direct care staff and by nurses regarding individual health status and physical conditions including action taken in response to identified changes in condition for at least the past month; (7) Physician's or qualified health care providers written orders; (8) Progress notes documenting implementation of 		

a ph	ysician's or qualified health care provider's		
orde	er(s);		
(9)	Medication Administration Record (MAR) for the		
pas	three (3) months which includes:		
(a)	The name of the individual;		
(b)	A transcription of the healthcare practitioners		
	prescription including the brand and generic		
	name of the medication;		
(c)	Diagnosis for which the medication is		
	prescribed;		
(d)	Dosage, frequency and method/route of		
	delivery;		
	Times and dates of delivery;
