Dear Ms. Wegley:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

#### **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

#### Compliance with all Conditions of Participation.

This determination is based on your agency's compliance with CMS waiver assurances at the Condition of Participation level. The attached QMB Report of Findings indicates Standard Level deficiencies identified and requires implementation of a Plan of Correction.

#### **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <u>http://www.dhi.health.state.nm.us</u>

#### Plan of Correction:

The attached Report of Findings identifies the Standard Level and/or Condition of Participation deficiencies found during your agency's compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

#### Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the space on the two right columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001

#### 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

#### **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the Service Domain: Medicaid Billing/Reimbursement, you must complete a Void/Adjust claims or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Julie Ann Hill-Clapp HSD/OIG Program Integrity Unit P.O. Box 2348 Santa Fe, New Mexico 87504-2348

Or if using UPS, FedEx, DHL (courier mail) send to physical address at:

Attention: Julie Ann Hill-Clapp HSD/OIG Program Integrity Unit 2025 S. Pacheco Street Santa Fe, New Mexico 87505

Please be advised that there is a one-week lag period for applying payments received by check to Voided/Adjusted claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

#### Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

QMB Deputy Bureau Chief 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Nicole Brown, MBA

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

#### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings (Providers who fail to complete a POC within the 45 business days allowed will be referred to the IRC for possible actions or sanctions.)

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment "C").

## Instructions for Completing Agency POC:

## Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice to prevent recurrence and information that ensures the regulation cited is in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance Plan.

If a deficiency has already been corrected, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

# The Plan of Correction must address the six required Center for Medicare and Medicaid Services (CMS) core elements to address each deficiency cited in the Report of Findings:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect individuals in similar situations.
- 3. What QA measures will be put into place or systemic changes made to ensure that the deficient practice will not recur

- 4. Indicate how the agency plans to monitor its performance to make sure that solutions are sustained. The agency must develop a QA plan for ensuring that correction is achieved and sustained. This QA plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State.
- 6. The POC must be signed and dated by the agency director or other authorized official.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Consumer, Personnel and Residential files are audited by Agency personnel to ensure they contain required documents;
- Information about how Medication Administration Records are reviewed to verify they contain all required information before they are distributed, as they are being used, and after they are completed;
- Your processes for ensuring that all staff are trained in Core Competencies, Abuse, Neglect and Exploitation Reporting, and Individual-Specific service requirements, etc.;
- How accuracy in Billing/Reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management Providers, how Individual Specific Plans are reviewed to verify they meet requirements, how the timeliness of LOC packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to Quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

*Note:* <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

## **Completion Dates**

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

## Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
  - a. Electronically at <u>AmandaE.Castaneda@state.nm.us</u> (preferred method)
  - b. Fax to 575-528-5019, or
  - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001

- 5. Do not submit supporting documentation (evidence of compliance) to QMB until after your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45 business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45 business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- Failure to submit your POC within 10 business days without prior approval of an extension by QMB will
  result in a referral to the Internal Review Committee and the possible implementation of monetary
  penalties and/or sanctions.

# **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a *maximum* of 45 business days of receipt of your Report of Findings.
- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If the documents do not contain protected Health information (PHI) the preferred method is that you submit your documents electronically (scanned and attached to e-mails).
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings. In addition to this, we ask that you submit:
  - Evidence of an internal audit of billing/reimbursement conducted for a sample of individuals and timeframes of your choosing to verify POC implementation;
  - Copies of "void and adjust" forms submitted to Xerox State Healthcare, LLC to correct all unjustified units identified and submitted for payment during your internal audit.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

## Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and state and federal regulations. QMB has grouped the CMS assurances into five Service Domains: Level of Care; Plan of Care; Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Management system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified in the QMB Report of Findings. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Within the QMB Service Domains there are fundamental regulations, standards, or policies with which a provider must be in essential compliance in order to ensure the health and welfare of individuals served known as Conditions of Participation (CoPs).

The Determination of Compliance for each service type is based on a provider's compliance with CoPs in three (3) Service Domains.

Case Management Services:

- Level of Care
- Plan of Care
- Qualified Providers

Community Inclusion Supports/ Living Supports:

- Qualified Provider
- Plan of Care
- Health, Welfare and Safety

# **Conditions of Participation (CoPs)**

A CoP is an identified fundamental regulation, standard, or policy with which a provider must be in compliance in order to ensure the health and welfare of individuals served. CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances. A provider must be in compliance with CoPs to participate as a waiver provider.

QMB surveyors use professional judgment when reviewing the critical elements of each standard and regulation to determine when non-compliance with a standard level deficiency rises to the level of a CoP out of compliance. Only some deficiencies can rise to the level of a CoP (See the next section for a list of CoPs). The QMB survey team analyzes the relevant finding in terms of scope, actual harm or potential for harm, unique situations, patterns of performance, and other factors to determine if there is the potential for a negative outcome which would rise to the level of a CoP. A Standard level deficiency becomes a CoP out of compliance when the team's analysis establishes that there is an identified potential for significant harm or actual harm. It is then cited as a CoP out of compliance. If the deficiency does not rise to the level of a CoP out of a CoP out of compliance, it is cited as a Standard Level Deficiency.

The Division of Health Improvement (DHI) and the Developmental Disabilities Supports Division (DDSD) collaborated to revise the current Conditions of Participation (CoPs). There are seven Conditions of Participation in which providers must be in compliance.

# CoPs and Service Domains for Case Management Supports are as follows:

## Service Domain: Level of Care

Condition of Participation:

1. Level of Care: The Case Manager shall complete all required elements of the Long Term Care Assessment Abstract (LTCAA) to ensure ongoing eligibility for waiver services.

## Service Domain: Plan of Care

Condition of Participation:

2. Individual Service Plan (ISP) Creation and Development: Each individual shall have an ISP. The ISP shall be developed in accordance with DDSD regulations and standards and is updated at least annually or when warranted by changes in the individual's needs.

Condition of Participation:

3. **ISP Monitoring and Evaluation:** The Case Manager shall ensure the health and welfare of the individual through monitoring the implementation of ISP desired outcomes.

## CoPs and Service Domain for ALL Service Providers is as follows:

#### Service Domain: Qualified Providers

- Condition of Participation:
- 4. **Qualified Providers**: Agencies shall ensure support staff has completed criminal background screening and all mandated trainings as required by the DDSD.

## CoPs and Service Domains for Living Supports and Inclusion Supports are as follows:

#### Service Domain: Plan of Care

Condition of Participation:

5. **ISP Implementation**: Services provided shall be consistent with the components of the ISP and implemented to achieve desired outcomes.

## Service Domain: Health, Welfare and Safety

Condition of Participation:

6. Individual Health, Safety and Welfare: (Safety) Individuals have the right to live and work in a safe environment.

Condition of Participation:

7. Individual Health, Safety and Welfare (Healthcare Oversight): The provider shall support individuals to access needed healthcare services in a timely manner. Nursing, healthcare services and healthcare oversight shall be available and provided as needed to address individuals' health, safety and welfare.

#### **QMB** Determinations of Compliance

#### Compliance with Conditions of Participation

The QMB determination of *Compliance with Conditions of Participation* indicates that a provider is in compliance with all Conditions of Participation, (CoP). The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of Compliance with Conditions of Participation, the provider must be in compliance with all Conditions of Participation in all relevant Service Domains. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) out of compliance in any of the Service Domains.

#### Partial-Compliance with Conditions of Participation

The QMB determination of *Partial-Compliance with Conditions of Participation* indicates that a provider is out of compliance with Conditions of Participation in one (1) to two (2) Service Domains. The agency may have one or more Condition level tags within a Service Domain. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains.

Providers receiving a <u>repeat</u> determination of Partial-Compliance for repeat deficiencies at the level of a Condition in any Service Domain may be referred by the Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

#### Non-Compliance with Conditions of Participation

The QMB determination of *Non-Compliance with Conditions of Participation* indicates a provider is significantly out of compliance with Conditions of Participation in multiple Service Domains. The agency may have one or more Condition level tags in each of 3 relevant Service Domains. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. The agency may also have Standard level deficiencies (deficiencies which are not at the condition level) in any of the Service Domains

Providers receiving a <u>repeat</u> determination of Non-Compliance will be referred by Quality Management Bureau to the Internal Review Committee (IRC) for consideration of remedies and possible actions or sanctions.

#### Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

## Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

# Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>http://dhi.health.state.nm.us/qmb</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

# The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request, the Provider will be notified in writing of the ruling; no face-toface meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

service provider, all employees and volunteers			
shall be trained on an applicable written training curriculum including incident policies and			
procedures for identification, and timely reporting			
of abuse, neglect, exploitation, suspicious injury,			
and all deaths as required in Subsection A of			
7.1.14.8 NMAC. The trainings shall be reviewed			
at annual, not to exceed 12-month intervals. The			
training curriculum as set forth in Subsection C of			
7.1.14.9 NMAC may include computer-based			
training. Periodic reviews shall include, at a			
minimum, review of the written training curriculum			
and site-specific issues pertaining to the			
community-based service provider's facility.			
Training shall be conducted in a language that is			
understood by the employee or volunteer.			
C. Incident management system training			
curriculum requirements:			

(1) The community-based service provider		
shall conduct training or designate a		
knowledgeable representative to conduct		
training, in accordance with the written training		
curriculum provided electronically by the		
division that includes but is not limited to:		
(a) an overview of the potential risk of		
abuse, neglect, or exploitation;		
(b) informational procedures for properly		
filing the division's abuse, neglect, and		
exploitation or report of death form;		
(c) specific instructions of the employees'		
legal responsibility to report an incident of		
abuse, neglect and exploitation, suspicious		
injury, and all deaths;		
(d) specific instructions on how to respond to		
abuse, neglect, or exploitation;		
(e) emergency action procedures to be		
followed in the event of an alleged incident or		
knowledge of abuse, neglect, exploitation, or		
suspicious injury.		
(2) All current employees and volunteers		
shall receive training within 90 days of the		
effective date of this rule.		
(3) All new employees and volunteers shall		
receive training prior to providing services to		
consumers.		
D. Training documentation: All community-		
based service providers shall prepare training		
documentation for each employee and volunteer		
to include a signed statement indicating the date,		
time, and place they received their incident		
management reporting instruction. The		
community-based service provider shall maintain		
documentation of an employee or volunteer's		
training for a period of at least three years, or six		
months after termination of an employee's		
employment or the volunteer's work. Training		
curricula shall be kept on the provider premises		
and made available upon request by the		
department. Training documentation shall be		

made available immediately upon a division		
representative's request. Failure to provide		
employee and volunteer training documentation		
shall subject the community-based service		
provider to the penalties provided for in this rule.

A. Living Supports- Family Living Services:		
The scope of Family Living Services includes,		

but is not limited to the following as identified by	
the Interdisciplinary Team (IDT):	
<b>19.</b> Assisting in medication delivery, and related	
monitoring, in accordance with the DDSD's	
Medication Assessment and Delivery Policy,	
New Mexico Nurse Practice Act, and Board of	
Pharmacy regulations including skill	
development activities leading to the ability for	
individuals to self-administer medication as	
appropriate; and	
I. Healthcare Requirements for Family Living.	
3. B. Adult Nursing Services for medication	
oversight are required for all surrogate Lining	
Supports- Family Living direct support personnel	
if the individual has regularly scheduled	
medication. Adult Nursing services for	
medication oversight are required for all	
surrogate Family Living Direct Support	
Personnel (including substitute care), if the	
individual has regularly scheduled medication.	
6. Support Living- Family Living Provider	
Agencies must have written policies and	
procedures regarding medication(s) delivery and	
tracking and reporting of medication errors in	
accordance with DDSD Medication Assessment	
and Delivery Policy and Procedures, the New	
Mexico Nurse Practice Act and Board of	
Pharmacy standards and regulations.	
a. All twenty-four (24) hour residential home	
sites serving two (2) or more unrelated	
individuals must be licensed by the Board of	
Pharmacy, per current regulations;	
b. When required by the DDSD Medication	
Assessment and Delivery Policy, Medication	
Administration Records (MAR) must be	
maintained and include:	
i.The name of the individual, a transcription of	
the physician's or licensed health care	
provider's prescription including the brand	

and generic name of the medication, and		
diagnosis for which the medication is		
prescribed;		
ii.Prescribed dosage, frequency and		
method/route of administration, times and		
dates of administration;		
iii.Initials of the individual administering or		
assisting with the medication delivery;		
iv.Explanation of any medication error;		
v.Documentation of any allergic reaction or		
adverse medication effect; and		
vi.For PRN medication, instructions for the use		
of the PRN medication must include		
observable signs/symptoms or		
circumstances in which the medication is to		
be used, and documentation of effectiveness		
of PRN medication administered.		
c. The Family Living Provider Agency must		
also maintain a signature page that		
designates the full name that corresponds to		
each initial used to document administered		
or assisted delivery of each dose; and		
d. Information from the prescribing pharmacy		
regarding medications must be kept in the		
home and community inclusion service		
locations and must include the expected		
desired outcomes of administering the		
medication, signs and symptoms of adverse		
events and interactions with other		
medications.		
e. Medication Oversight is optional if the		
individual resides with their biological family		
(by affinity or consanguinity). If Medication		
Oversight is not selected as an Ongoing		
Nursing Service, all elements of medication		
administration and oversight are the sole		
responsibility of the individual and their		
biological family. Therefore, a monthly		
medication administration record (MAR) is		
not required unless the family requests it		

and continually communicates all medication		
changes to the provider agency in a timely		
manner to insure accuracy of the MAR.		
i. The family must communicate at least		
annually and as needed for significant		
change of condition with the agency nurse		
regarding the current medications and the		
individual's response to medications for		
purpose of accurately completing required		
nursing assessments.		
ii. As per the DDSD Medication Assessment		
and Delivery Policy and Procedure, paid		
DSP who are not related by affinity or		
consanguinity to the individual may not		
deliver medications to the individual unless		
they have completed Assisting with		
Medication Delivery (AWMD) training. DSP		
may also be under a delegation relationship		
with a DDW agency nurse or be a Certified		
Medication Aide (CMA). Where CMAs are		
used, the agency is responsible for		
maintaining compliance with New Mexico		
Board of Nursing requirements.		
iii. If the substitute care provider is a surrogate		
(not related by affinity or consanguinity)		
Medication Oversight must be selected and		
provided.

(2) Use of abuse, neglect, and exploitation		
or report of death form and notification by		
community-based service providers: In		
addition to calling the division's hotline as		
required in Paragraph (2) of Subsection A of		
7.1.14.8 NMAC, the community-based service		
provider shall also report the incident of abuse,		
neglect, exploitation, suspicious injury, or death		
utilizing the division's abuse, neglect, and		
exploitation or report of death form consistent		
with the requirements of the division's abuse,		
neglect, and exploitation reporting guide. The community-based service provider shall ensure		
all abuse, neglect, exploitation or death reports		
describing the alleged incident are completed		
on the division's abuse, neglect, and		
exploitation or report of death form and		
received by the division within 24 hours of the		
verbal report. If the provider has internet		
access, the report form shall be submitted via		
the division's website at		
http://dhi.health.state.nm.us; otherwise it may		
be submitted via fax to 1-800-584-6057. The		
community-based service provider shall ensure		
that the reporter with the most direct		
knowledge of the incident participates in the		
preparation of the report form.

(3) Limited provider investigation: No		
investigation beyond that necessary in order to		
be able to report the abuse, neglect, or		
exploitation and ensure the safety of		
consumers is permitted until the division has		
completed its investigation.		
(4) Immediate action and safety planning:		
Upon discovery of any alleged incident of		
abuse, neglect, or exploitation, the community-		
based service provider shall:		
(a) develop and implement an immediate		
action and safety plan for any potentially		
endangered consumers, if applicable;		
(b) be immediately prepared to report that		
immediate action and safety plan verbally,		
and revise the plan according to the division's		
direction, if necessary; and		
(c) provide the accepted immediate action		
and safety plan in writing on the immediate		
action and safety plan form within 24 hours of		
the verbal report. If the provider has internet		
access, the report form shall be submitted via		
the division's website at		
http://dhi.health.state.nm.us; otherwise it may		
be submitted by faxing it to the division at 1-		
800-584-6057.		
(5) Evidence preservation: The		
community-based service provider shall		
preserve evidence related to an alleged		
incident of abuse, neglect, or exploitation,		
including records, and do nothing to disturb the		
evidence. If physical evidence must be		
removed or affected, the provider shall take		
photographs or do whatever is reasonable to		
document the location and type of evidence		
found which appears related to the incident.		
(6) Legal guardian or parental		
notification: The responsible community-		
based service provider shall ensure that the		
consumer's legal guardian or parent is notified		
of the alleged incident of abuse, neglect and		

exploitation within 24 hours of notice of the		
alleged incident unless the parent or legal		
guardian is suspected of committing the		
alleged abuse, neglect, or exploitation, in which		
case the community-based service provider		
shall leave notification to the division's		
investigative representative.		
(7) Case manager or consultant		
notification by community-based service		
providers: The responsible community-based		
service provider shall notify the consumer's		
case manager or consultant within 24 hours		
that an alleged incident involving abuse,		
neglect, or exploitation has been reported to		
the division. Names of other consumers and		
employees may be redacted before any		
documentation is forwarded to a case manager		
or consultant.		
(8) Non-responsible reporter: Providers		
who are reporting an incident in which they are		
not the responsible community-based service

Dear Ms. Wegley:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

#### The Plan of Correction process is now complete.

# Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Amanda Castañeda
