Service Surveyed:	2012 & 2018: Family Living, Customized Community Supports
Survey Type:	Routine
Team Leader:	Beverly Estrada, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Member:	Kandis Gomez, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Crystal Lopez-Beck, BA, Deputy Bureau Chief, Division of Health Improvement/Quality Management Bureau; Yolanda Herrera, RN Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau

Dear Isaac Sandoval;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Non-Compliance</u>: This determination is based on noncompliance with 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag 1A08.3 Administrative Case File: Individual Service Plan/ISP components
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A20 Direct Support Personnel Training

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <u>http://www.dhi.health.state.nm.us</u>

- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A05 General Requirements/Agency Policy and Procedure Requirements
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation
- Tag # 1A31 Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # IS04 Community Life Engagement
- Tag # 1A38 LS/IS Reporting Requirements
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.0 Medication Delivery PRN Medication Administration
- Tag # 1A33 Board of Pharmacy: Med Storage
- Tag # 1A33.1 Board of Pharmacy-License
- Tag # LS06 Family Living Requirements
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS27 Family Living Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- · How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator

1170 North Solano Suite D Las Cruces, New Mexico 88001

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (Jennifer.goble2@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Beverly Estrada, AA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C). *Instructions for Completing Agency POC:*

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at <u>AmandaE.Castaneda@state.nm.us</u> (preferred method)
 - b. Fax to 575-528-5019, or
 - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after your POC has been approved</u> by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

• 1A20 - Direct Support Personnel Training

- **1A22** Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- **1A25.1 –** Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Documentation Nurse Availability
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC	W		MEDIUM			GH

 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi- 	 Based on record review, the Agency did not maintain a complete and confidential case file at the administrative office for 2 of 10 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current: Positive Behavioral Support Plan: Not Found (#5) Documentation of Guardianship/Power of Attorney: Not Found (#2) 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

annual reports, evidence of training	
provided/received, progress notes, and any other	
interactions for which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of service	
delivery, as well as data tracking only for the	
services provided by their agency.	
6. The current Client File Matrix found in Appendix	
A Client File Matrix details the minimum	
requirements for records to be stored in agency	
office files, the delivery site, or with DSP while	
providing services in the community.	
7. All records pertaining to JCMs must be retained	
permanently and must be made available to DDSD	
upon request, upon the termination or expiration of	
a provider agreement, or upon provider withdrawal	
from services.	
20.5.1 Individual Data Form (IDF):	
The Individual Data Form provides an overview of	
demographic information as well as other key	
personal, programmatic, insurance, and health	
related information. It lists medical information;	
assistive technology or adaptive equipment;	
diagnoses; allergies; information about whether a	
guardian or advance directives are in place;	
information about behavioral and health related	
needs; contacts of Provider Agencies and team	
members and other critical information. The IDF	
automatically loads information into other fields	
and forms and must be complete and kept current.	
This form is initiated by the CM. It must be opened	
and continuously updated by Living Supports,	
CCS- Group, ANS, CIHS and case management	
when applicable to the person in order for accurate	
data to auto populate other documents like the	
Health Passport and Physician Consultation Form.	
Although the Primary Provider Agency is ultimately	
responsible for keeping this form current, each	
provider collaborates and communicates critical	
information to update this form.	

	1	1	
Chapter 3: Safeguards 3.1.2 Team Justification			
Process: DD Waiver participants may receive			
evaluations or reviews conducted by a variety of			
professionals or clinicians. These evaluations or			
reviews typically include recommendations or			
suggestions for the person/guardian or the team to			
consider. The team justification process includes:			
1. Discussion and decisions about non-health			
related recommendations are documented on the			
Team Justification form.			
2. The Team Justification form documents that the			
person/guardian or team has considered the			
recommendations and has decided:			
a. to implement the recommendation;			
b. to create an action plan and revise the ISP, if			
necessary; or			
c. not to implement the recommendation currently.			
3. All DD Waiver Provider Agencies participate in			
information gathering, IDT meeting attendance,			
and accessing supplemental resources if needed			
and desired.			
4. The CM ensures that the Team Justification			
Process is followed and complete.			
Developmental Dissbilition (DD) Waiver Service			
Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013;			
6/15/2015			
Chapter 6 (CCS) 3. Agency Requirements: G.			
Consumer Records Policy: All Provider Agencies			
shall maintain at the administrative office a			
confidential case file for each individual. Provider			
agency case files for individuals are required to			
comply with the DDSD Individual Case File Matrix			
policy.			

Tag # 1A08.1 Administrative and Residential Case File: Progress Notes	Standard Level Deficiency		
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: Client records must contain all documents essential to the service being provided and essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. Each Provider Agency is responsible for maintaining the daily or other contact notes 	 Based on record review, the Agency did not maintain progress notes and other service delivery documentation for 2 of 10 Individuals. Review of the Agency individual case files revealed the following items were not found: Administrative Case File: Family Living Progress Notes/Daily Contact Logs Individual #9 – None found for 9/1 – 15, 2018. Customized Community Services Notes/Daily Contact Logs: Individual #9 - None found for 8/2 – 8, 2018, 8/15 – 29, 2018 (CCS-G) and 8/16 – 31, 2018 (CCS-I). Additionally, review of progress notes indicated the agency was not documenting time in / time out as required. Progress notes for individuals receiving Family Living did not indicate when the individual(s) was leaving for other services (time out, aka leaving FL service). As a results notes reflected the person was in family living 24 hours, however, documentation found indicated the person was actually in other services. Residential Case File: Family Living Progress Notes/Daily Contact Logs Individual #7 - None found for 12/1 – 11, 2018. 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? NMAC 7.26.5 SERVICE PLANS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES LIVING IN THE COMMUNITY.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be	
NMAC 7.26.5.12 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - PARTICIPATION IN AND SCHEDULING OF INTERDISCIPLINARY TEAM MEETINGS.	Based on record review, the Agency did not maintain a complete client record at the administrative office for 3 of 10 individuals.	specific to each deficiency cited or if possible an overall correction?): \rightarrow	
NMAC 7.26.5.14 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - CONTENT OF INDIVIDUAL SERVICE PLANS.	Review of the Agency individual case files revealed the following items were not found, incomplete, and/or not current:		
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 6 Individual Service Plan: The CMS requires a person-centered service plan for every person receiving HCBS. The DD Waiver's person- centered service plan is the ISP. 6.5.2 ISP Revisions: The ISP is a dynamic document that changes with the person's desires, circumstances, and need. IDT members must collaborate and request an IDT meeting from the CM when a need to modify the ISP arises. The CM convenes the IDT within ten days of receipt of any reasonable request to convene the team, either in person or through teleconference. 	 ISP Teaching and Support Strategies: Individual #1: TSS not found for the following Live Outcome Statement / Action Steps: " will develop tangible symbols for different activities he enjoys." " will use his symbols to make a decision on an activity." TSS not found for the following Work / Learn Outcome Statement / Action Steps: " will create works of art." 	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
6.6 DDSD ISP Template: The ISP must be written according to templates provided by the DDSD. Both children and adults have designated ISP templates. The ISP template includes Vision Statements, Desired Outcomes, a meeting participant signature page, an Addendum A (i.e. an acknowledgement of receipt of specific information) and other elements depending on the age of the individual. The ISP templates may be revised and reissued by DDSD to incorporate initiatives that improve person - centered planning practices. Companion documents may also be	 " will create his calendar." <i>Individual #5:</i> TSS not found for the following Work / Learn Outcome Statement / Action Steps: " will select project." " will work on project." <i>Individual #8:</i> TSS not found for the following Fun / Relationship Outcome Statement / Action Steps: 		

issued by DDSD and be required for use in order	" will well for up to 40 minutes."	
to better demonstrate required elements of the	• "… will walk for up to 10 minutes."	
PCP process and ISP development.		
The ISP is completed by the CM with the IDT input		
and must be completed according to the following		
requirements:		
1. DD Waiver Provider Agencies should not		
recommend service type, frequency, and amount (except for required case management services)		
on an individual budget prior to the Vision		
Statement and Desired Outcomes being		
developed.		
2. The person does not require IDT		
agreement/approval regarding his/her dreams,		
aspirations, and desired long-term outcomes.		
3. When there is disagreement, the IDT is required		
to plan and resolve conflicts in a manner that		
promotes health, safety, and quality of life through		
consensus. Consensus means a state of general		
agreement that allows members to support the		
proposal, at least on a trial basis.		
4. A signature page and/or documentation of		
participation by phone must be completed.		
5. The CM must review a current Addendum A and		
DHI ANE letter with the person and Court		
appointed guardian or parents of a minor, if		
applicable.		
6.6.3 Additional Requirements for Adults:		
Because children have access to other funding		
sources, a larger array of services are available to		
adults than to children through the DD Waiver.		
(See Chapter 7: Available Services and Individual		
Budget Development). The ISP Template for adults		
is also more extensive, including Action Plans,		
Teaching and Support Strategies (TSS), Written		
Direct Support Instructions (WDSI), and Individual		
Specific Training (IST) requirements.		
6.6.3.1. Action Plan: Each Desired Outcome		
requires an Action Plan. The Action Plan		
addresses individual strengths and capabilities in		
reaching Desired Outcomes. Multiple service types		

may be included in the Action Plan under a single	
Desired Outcome. Multiple Provider Agencies can	
and should be contributing to Action Plans toward	
each Desired Outcome.	
1. Action Plans include actions the person will take;	
not just actions the staff will take.	
2. Action Plans delineate which activities will be	
completed within one year.	
3. Action Plans are completed through IDT	
consensus during the ISP meeting.	
4. Action Plans must indicate under "Responsible	
Party" which DSP or service provider (i.e. Family	
Living, CCS, etc.) are responsible for carrying out	
the Action Step.	
6.6.3.2 Teaching and Supports Strategies (TSS)	
and Written Direct Support Instructions (WDSI):	
After the ISP meeting, IDT members conduct a	
task analysis and assessments necessary to	
create effective TSS and WDSI to support those	
Action Plans that require this extra detail. All TSS	
and WDSI should support the person in achieving his/her Vision.	
6.6.3.3 Individual Specific Training in the ISP:	
The CM, with input from each DD Waiver Provider	
Agency at the annual ISP meeting, completes the	
IST requirements section of the ISP form listing all	
training needs specific to the individual. Provider	
Agencies bring their proposed IST to the annual	
meeting. The IDT must reach a consensus about	
who needs to be trained, at what level (awareness,	
knowledge or skill), and within what timeframe.	
(See Chapter 17.10 Individual-Specific Training for	
more information about IST.)	
· ·	
6.8 ISP Implementation and Monitoring: All DD	
Waiver Provider Agencies with a signed SFOC are	
required to provide services as detailed in the ISP.	
The ISP must be readily accessible to Provider	
Agencies on the approved budget. (See Chapter	
20: Provider Documentation and Client Records.)	
CMs facilitate and maintain communication with	

the person, his/her representative, other IDT]
members, Provider Agencies, and relevant parties	
to ensure that the person receives the maximum	
benefit of his/her services and that revisions to the	
ISP are made as needed. All DD Waiver Provider	
Agencies are required to cooperate with monitoring	
activities conducted by the CM and the DOH.	
Provider Agencies are required to respond to	
issues at the individual level and agency level as	
described in Chapter 16: Qualified Provider	
Agencies.	
Chanter 20, Bravidar Decompation and Client	
Chapter 20: Provider Documentation and Client	
Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to	
create and maintain individual client records. The	
contents of client records vary depending on the	
unique needs of the person receiving services and	
the resultant information produced. The extent of	
documentation required for individual client records	
per service type depends on the location of the file,	
the type of service being provided, and the	
information necessary.

unique needs of the person receiving services and		
the resultant information produced. The extent of		
documentation required for individual client records		
per service type depends on the location of the file,		
the type of service being provided, and the		
information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
16. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of the		
person during the provision of the service.		
person during the provision of the service.		
person during the provision of the service. 17. Provider Agencies must have readily		

based evetem using computers or mobile devices		
based system using computers or mobile devices		
is acceptable.		
18. Provider Agencies are responsible for ensuring		
that all plans created by nurses, RDs, therapists or		
BSCs are present in all needed settings.		
19. Provider Agencies must maintain records of all		
documents produced by agency personnel or		
contractors on behalf of each person, including any		
routine notes or data, annual assessments, semi-		
annual reports, evidence of training		
provided/received, progress notes, and any other		
interactions for which billing is generated.		
20. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of service		
delivery, as well as data tracking only for the		
services provided by their agency.		
21. The current Client File Matrix found in		
Appendix A Client File Matrix details the minimum		
requirements for records to be stored in agency		
office files, the delivery site, or with DSP while		
providing services in the community.		
22. All records pertaining to JCMs must be		
retained permanently and must be made available		
to DDSD upon request, upon the termination or		
expiration of a provider agreement, or upon		
provider withdrawal from services.		

Tag # 1A38 Living Care Arrangement /	Standard Level Deficiency		
Community Inclusion Reporting			
	 Standard Level Deficiency Based on record review, the Agency did not complete written status reports as required for 3 of 10 individuals receiving Living Care Arrangements and Community Inclusion. Family Living Semi- Annual Reports: Individual #4 - Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 5/2017 - 1/2018; Date Completed: 2/1/2018; ISP meeting held on 1/112018). Individual #10 - Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 11/2017 - 8/2018; Date Completed: 8/30/2018; ISP meeting held on 8/21/2018). Customized Community Supports Semi-Annual Reports: Individual #6 Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 11/2017 - 7/2018; Date Completed: 8/15/2018; ISP meeting held on 8/14/2018). Nursing Semi-Annual / Quarterly Reports: Individual #4 - Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 11/2017 - 12/31/2018; ISP meeting held on 8/14/2018). Nursing Semi-Annual / Quarterly Reports: Individual #4 - Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 10/1/2017 - 12/31/2017; Date Completed: 1/10/2018; ISP meeting held on 1/11/2017. 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
 Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 	prior to the Annual ISP meeting. (Semi-Annual Report 5/7/2018 - 11/16/2018; Date Completed: 11/16/2018; ISP meeting held on 8/14/2018).		

2. Provider Agencies must have readily accessible		
records in home and community settings in paper		
or electronic form. Secure access to electronic		
records through the Therap web-based system		
using computers or mobile devices is acceptable.		
3. Provider Agencies are responsible for ensuring		
that all plans created by nurses, RDs, therapists or		
BSCs are present in all needed settings.		
4. Provider Agencies must maintain records of all		
documents produced by agency personnel or		
contractors on behalf of each person, including any		
routine notes or data, annual assessments, semi-		
annual reports, evidence of training		
provided/received, progress notes, and any other		
interactions for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of service		
delivery, as well as data tracking only for the		
services provided by their agency.		
6. The current Client File Matrix found in Appendix		
A Client File Matrix details the minimum		
requirements for records to be stored in agency		
office files, the delivery site, or with DSP while		
providing services in the community.		
7. All records pertaining to JCMs must be retained		
permanently and must be made available to DDSD		
upon request, upon the termination or expiration of		
a provider agreement, or upon provider withdrawal		
from services.		
Chapter 19: Provider Reporting Requirements:		
19.5 Semi-Annual Reporting: The semi-annual		
report provides status updates to life		
circumstances, health, and progress toward ISP		
goals and/or goals related to professional and		
clinical services provided through the DD Waiver.		
This report is submitted to the CM for review and		
may guide actions taken by the person's IDT if		
necessary. Semi-annual reports may be requested		
by DDSD for QA activities.		
Semi-annual reports are required as follows:		
1. DD Waiver Provider Agencies, except AT,		

EMSP, Supplemental Dental, PRSC, SSE and		
Crisis Supports, must complete semi-annual		
reports.		
2. A Respite Provider Agency must submit a semi-		
annual progress report to the CM that describes		
progress on the Action Plan(s) and Desired		
Outcome(s) when Respite is the only service		
included in the ISP other than Case Management		
for an adult age 21 or older.		
3. The first semi-annual report will cover the time		
from the start of the person's ISP year until the end		
of the subsequent six-month period (180 calendar		
days) and is due ten calendar days after the period		
ends (190 calendar days).		
4. The second semi-annual report is integrated into		
the annual report or professional		
assessment/annual re-evaluation when applicable		
and is due 14 calendar days prior to the annual		
ISP meeting.		
5. Semi-annual reports must contain at a minimum		
written documentation of:		
a. the name of the person and date on each page;		
b. the timeframe that the report covers;		
c. timely completion of relevant activities from ISP		
Action Plans or clinical service goals during		
timeframe the report is covering;		
d. a description of progress towards Desired		
Outcomes in the ISP related to the service		
provided;		
e. a description of progress toward any service		
specific or treatment goals when applicable (e.g.		
health related goals for nursing);		
f. significant changes in routine or staffing if		
applicable;		
g. unusual or significant life events, including		
significant change of health or behavioral health		
condition;		
h. the signature of the agency staff responsible for		
preparing the report; and		
i. any other required elements by service type that		
are detailed in these standards.

is to plan and provide supports to implement the			
person's definition of his/her own meaningful			
day, contained in the ISP. Implementation			
activities of the person's meaningful day are			
documented in daily schedules and progress			
notes.			
1. Meaningful Day includes: a. purposeful and meaningful work;			
b. substantial and sustained opportunity for optimal health;			
c. self-empowerment;			
d. personalized relationships;			
e. skill development and/or maintenance; and			
f. social, educational, and community inclusion			
activities that are directly linked to the vision,			
Desired Outcomes and Action Plans stated in			
the person's ISP.			
2. Community Life Engagement (CLE) is also			
sometimes used to refer to "Meaningful Day" or			
"Adult Habilitation" activities. CLE refers to			

supporting people in their communities, in non- work activities. Examples of CLE activities may include participating in clubs, classes, or recreational activities in the community; learning new skills to become more independent; volunteering; or retirement activities. Meaningful Day activities should be developed with the four guideposts of CLE in mind1. The four guideposts of CLE are: a. individualized supports for each person; b. promotion of community membership and contribution; c. use of human and social capital to decrease dependence on paid supports; and d. provision of supports that are outcome- oriented and regularly monitored. 3. The term "day" does not mean activities between 9:00 a.m. to 5:00 p.m. on weekdays. 4. Community Inclusion is not limited to specific hours or days of the week. These services may not be used to supplant the responsibility of the Living Supports Provider Agency for a person who receives both services.

 documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 	 " will choose a location to visit with his housemate." " will visit his chosen location with his housemate." <i>Individual #10:</i> TSS not found for the following Live Outcome Statement / Action Steps: " will gift his art to his friends and family at Christmas 2019." Healthcare Passport: Not current (#4) 	
 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. Requirements for the Health Passport and Physician Consultation form are: The Primary and Secondary Provider Agencies must ensure that a current copy of the Health Passport and Physician Consultation forms are printed and available at all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any reason and whenever there is a change to contact information contained in the IDF. 	Health Care Plans: • Diabetes (#10) Medical Emergency Response Plans: • Diabetes (#10) • Falls (#9)	

Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e- CHAT summary	
 13.2.10 Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

6. Provider Agencies must arrange and ensure		

that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re- certifying the designated trainer at least annually and/or when there is a change to a person's plan.	 When DSP were asked if they had been trained on the Individual's Health Care Plans, the following was reported: DSP #528 stated, "No". As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for Body Mass Index, status of care/hygiene and seizures. (Individual #7) When DSP were asked if they had been trained on the Individual's Medical Emergency Response Plans, the following was reported: DSP #528 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Medical Emergency Response Plans for Seizures. (Individual requires Medical Emergency Response Plans for Seizures. (Individual #7) When DSP were asked if they knew the Individual #7) When DSP were asked if they knew the Individual #7) 	
	 following was reported: DSP #527 stated, "No, I don't know his specific diagnosis, I just know he is autistic." Per the Electronic Comprehensive Tool the Individual is diagnosed with Aspiration risk and Seizure Disorder. (Individual #1) When DSP were asked if they received training on the Individual's Behavioral Crisis 	
	 DSP #521 stated, "Yes." According to the Individual Specific Training Section of the ISP the individual <u>does not</u> have Behavioral Crisis Intervention Plan. (Individual #8) 	

	ГГ	(
• DSP #527 stated, "I'm not sure, don't think so." According to the Individual Specific Training Section of the ISP the individual has Behavioral Crisis Intervention Plan. (Individual #10)		
• DSP #528 stated, "Not a crisis one." According to the Individual Specific Training Section of the ISP, the individual has Behavioral Crisis Intervention Plan. (Individual #7)		
When DSP were asked to give examples of Abuse, Neglect and Exploitation, the following was reported:		
 DSP #528 stated, "I am not sure what that means." DSP was not able to give an example of exploitation. 		
 DSP #533 stated, "I do not remember." DSP was not able to give an example of exploitation. 		
When DSP were asked what State Agency do you report suspected Abuse, Neglect or Exploitation, the following was reported:		
• DSP #527 stated, "Adult Protective Services." Staff was not able to identify the State Agency as Division of Health Improvement.		
 DSP #528 stated, "CYFD." Staff was not able to identify the State Agency as Division of Health Improvement. 		
When DSP were asked what steps, you need to take before assisting an individual with PRN medication, the following was reported:		

 DSP #521 stated, "Look to see if he has prn medication for headaches and I would give it to him". Per DDSD standards 13.2.12 Medication Delivery DSP not related to the Individual must contact nurse prior to assisting with medication. (Individual #8) When DSP were asked, if the Individual had Seizure Disorder, as well as a series of questions specific to the DSP's knowledge of the Seizure Disorder, the following was reported: 	
 DSP #527 stated, "No." As indicated by the Individual Specific Training the Individual has a diagnosis or Seizures. (Individual #1) DSP #536 stated, "No." As indicated by the Individual Specific Training the Individual has a diagnosis or Seizures. (Individual #3) 	

Tag # 1A43.1 General Events Reporting - Individual Reporting	Standard Level Deficiency		
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. 4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System. 5. GER does not replace a Provider Agency's obligations to the ISP, or any other risk management and QI activities. 	 Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 2 of 10 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within 2 business days: Individual #9 General Events Report (GER) indicates on 8/14/208 the Individual went to urgent care. (UTI). GER was pending approval. General Events Report (GER) indicates on 6/16/2018 the Individual went to hospital. (Hospital). GER was pending approval. General Events Report (GER) indicates on 6/15/208. (Injury). GER was pending approval. General Events Report (GER) indicates on 1/12/2018 the Individual eloped. (Elopement). GER was pending approval. General Events Report (GER) indicates on 1/12/2018 the Individual eloped. (Elopement). GER was pending approval. General Events Report (GER) indicates on 1/12/2018 the Individual eloped. (Elopement). GER was pending approval. 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Appendix B GER Requirements: DDSD is		
pleased to introduce the revised General Events		
Reporting (GER), requirements. There are two		
important changes related to medication error		
reporting:		
1. Effective immediately, DDSD requires ALL		
medication errors be entered into Therap GER with		
the exception of those required to be reported to		
Division of Health Improvement-Incident		
Management Bureau.		
2. No alternative methods for reporting are		
permitted.		
The following events need to be reported in the		
Therap GER:		
- Emergency Room/Urgent Care/Emergency		
Medical Services		
- Falls Without Injury		
- Injury (including Falls, Choking, Skin Breakdown		
and Infection)		
- Law Enforcement Use		
- Medication Errors		
- Medication Documentation Errors		
- Missing Person/Elopement		
- Out of Home Placement- Medical: Hospitalization,		
Long Term Care, Skilled Nursing or Rehabilitation		
Facility Admission		
- PRN Psychotropic Medication		
- Restraint Related to Behavior		
- Suicide Attempt or Threat		
Entry Guidance: Provider Agencies must complete		
the following sections of the GER with detailed		
information: profile information, event information,		
other event information, general information,		
notification, actions taken or planned, and the		
review follow up comments section. Please attach		
any pertinent external documents such as		
discharge summary, medical consultation form,		
etc. Provider Agencies must enter and approve		
GERs within 2 business days with the exception of		
Medication Errors which must be entered into GER		
on at least a monthly basis.

rained staff. Provider Agencies are responsible	trained staff. Provider Agencies are responsible		

for ensuring the training requirements outlined	
below are met.	
1. DDSD ANE On-line Refresher trainings shall	
be renewed annually, within one year of	
successful completion of the DDSD ANE	
classroom training.	
2. Training shall be conducted in a language	
that is understood by the employee,	
subcontractor, or volunteer.	
3. Training must be conducted by a DOH	
certified trainer and in accordance with the Train	
the Trainer curriculum provided by the DOH.	
4. Documentation of an employee, subcontractor	
or volunteer's training must be maintained for a	
period of at least three years, or six months after	
termination of an employee's employment or the	
volunteer's work.	
NMAC 7.1.14.9 INCIDENT MANAGEMENT	
SYSTEM REQUIREMENTS:	
A. General: All community-based service	
providers shall establish and maintain an	
incident management system, which	
emphasizes the principles of prevention and	
staff involvement. The community-based service	
provider shall ensure that the incident	
management system policies and procedures	
requires all employees and volunteers to be	
competently trained to respond to, report, and	
preserve evidence related to incidents in a	
timely and accurate manner.	
B. Training curriculum: Prior to an employee	
or volunteer's initial work with the community-	
based service provider, all employees and	
volunteers shall be trained on an applicable	
written training curriculum including incident	
policies and procedures for identification, and	
timely reporting of abuse, neglect, exploitation,	
suspicious injury, and all deaths as required in	
Subsection A of 7.1.14.8 NMAC. The trainings	
shall be reviewed at annual, not to exceed 12-	

we with intervale. The training considerations are set		
month intervals. The training curriculum as set		
forth in Subsection C of 7.1.14.9 NMAC may		
include computer-based training. Periodic		
reviews shall include, at a minimum, review of		
the written training curriculum and site-specific		
issues pertaining to the community-based		
service provider's facility. Training shall be		
conducted in a language that is understood by		
the employee or volunteer.		
D. Training documentation: All community-		
based service providers shall prepare training		
documentation for each employee and volunteer		
to include a signed statement indicating the		
date, time, and place they received their incident		
management reporting instruction. The		
community-based service provider shall		
maintain documentation of an employee or		
volunteer's training for a period of at least three		
years, or six months after termination of an		
employee's employment or the volunteer's work.		
Training curricula shall be kept on the provider		
premises and made available upon request by		
the department. Training documentation shall be		
made available immediately upon a division		
representative's request. Failure to provide		
employee and volunteer training documentation		
shall subject the community-based service		
provider to the penalties provided for in this rule.		
NMAC 7.1.14.8 INCIDENT MANAGEMENT		
SYSTEM REPORTING REQUIREMENTS FOR		
COMMUNITY-BASED SERVICE PROVIDERS:		
F. Quality assurance/quality improvement		
program for community-based service		
providers: The community-based service		
provider shall establish and implement a quality		
improvement program for reviewing alleged		
complaints and incidents of abuse, neglect, or		
exploitation against them as a provider after the		
division's investigation is complete. The incident		

community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall provide the following internal monitoring and facilitating quality improvement program: (1) community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements; (2) community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and (3) community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues.

Tag # 1A08.2 Administrative Case File:	Condition of Participation Level Deficiency		
Healthcare Requirements & Follow-up			
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations smade by registered/licensed clinicians who have performed an evaluation such as a video- fluoroscopy; c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan. 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider 	 After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review and interview, the Agency did not provide documentation of annual physical examinations and/or other examinations as specified by a licensed physician for 2 of 10 individuals receiving Living Care Arrangements and Community Inclusion. Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: Living Care Arrangements / Community Inclusion (Individuals Receiving Multiple Services): Dental Exam: Individual #5 - As indicated by collateral documentation reviewed, exam was completed in 6 months. No evidence of follow-up found. C-Pap Exam: Individual #4 - As indicated by collateral documentation reviewed, exam was completed on 4/9/2018. Follow-up was to be completed in 6 months. No evidence of follow-up found. 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Agencies follow the DCP and attend the meeting	
coordinated by the CM. During this meeting:	
a. Providers inform the person/guardian of the	
rationale for that recommendation, so that the	
benefit is made clear. This will be done in layman's	
terms and will include basic sharing of information	
designed to assist the person/guardian with	
understanding the risks and benefits of the	
recommendation.	
b. The information will be focused on the specific	
area of concern by the person/guardian.	
Alternatives should be presented, when available,	
if the guardian is interested in considering other	
options for implementation.	
c. Providers support the person/guardian to make	
an informed decision.	
d. The decision made by the person/guardian	
during the meeting is accepted; plans are modified;	
and the IDT honors this health decision in every	
setting.	
eening.	
Chapter 20: Provider Documentation and Client	
Records: 20.2 Client Records Requirements: All	
DD Waiver Provider Agencies are required to	
create and maintain individual client records. The	
contents of client records vary depending on the	
unique needs of the person receiving services and	
the resultant information produced. The extent of	
documentation required for individual client records	
per service type depends on the location of the file,	
the type of service being provided, and the	
information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
1. Client records must contain all documents	
essential to the service being provided and	
essential to ensuring the health and safety of the	
person during the provision of the service.	
2. Provider Agencies must have readily accessible	
records in home and community settings in paper	
or electronic form. Secure access to electronic	
records through the Therap web based system	
using computers or mobile devices is acceptable.	

	1 1	
3. Provider Agencies are responsible for ensuring		
that all plans created by nurses, RDs, therapists or		
BSCs are present in all needed settings.		
4. Provider Agencies must maintain records of all		
documents produced by agency personnel or		
contractors on behalf of each person, including any		
routine notes or data, annual assessments, semi-		
annual reports, evidence of training		
provided/received, progress notes, and any other		
interactions for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of service		
delivery, as well as data tracking only for the		
services provided by their agency.		
6. The current Client File Matrix found in Appendix		
A Client File Matrix details the minimum		
requirements for records to be stored in agency		
office files, the delivery site, or with DSP while		
providing services in the community.		
7. All records pertaining to JCMs must be retained		
permanently and must be made available to DDSD		
upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal		
from services.		
nom services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and Secondary		
Provider Agencies must use the Health Passport		
and Physician Consultation form from the Therap		
system. This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors, allergies,		
and information regarding insurance, guardianship,		
and advance directives. The Health Passport also		
includes a standardized form to use at medical		
appointments called the Physician Consultation		
form. The Physician Consultation form contains a		
list of all current medications.		
Chapter 10: Living Care Arrangements (LCA)		
Living Supports-Supported Living: 10.3.9.6.1		

Monitoring and Supervision	
4. Ensure and document the following:	
a. The person has a Primary Care Practitioner.	
b. The person receives an annual physical	
examination and other examinations as	
recommended by a Primary Care Practitioner or	
specialist.	
c. The person receives annual dental check-ups	
and other check-ups as recommended by a	
licensed dentist.	
d. The person receives a hearing test as	
recommended by a licensed audiologist.	
e. The person receives eye examinations as	
recommended by a licensed optometrist or	
ophthalmologist.	
5. Agency activities occur as required for follow-up	
activities to medical appointments (e.g. treatment,	
visits to specialists, and changes in medication or	
daily routine).	
10.3.10.1 Living Care Arrangements (LCA)	
Living Supports-IMLS:	
10.3.10.2 General Requirements: 9 . Medical	
services must be ensured (i.e., ensure each	
person has a licensed Primary Care Practitioner	
and receives an annual physical examination,	
specialty medical care as needed, and annual dental checkup by a licensed dentist).	
dental checkup by a licensed dentist).	
Chapter 13 Nursing Services: 13.2.3 General	
Requirements:	
1. Each person has a licensed primary care	
practitioner and receives an annual physical	
examination and specialty medical/dental care as	
needed. Nurses communicate with these providers	
to share current health information.	
Developmental Disabilities (DD) Waiver Service	
Standards effective 11/1/2012 revised 4/23/2013;	
6/15/2015	
Chapter 6 (CCS) 3. Agency Requirements:	
G. Consumer Records Policy: All Provider	
Agencies shall maintain at the administrative office	
rigeneice enan maintair at the administrative office	

a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy. Chapter 11 (FL) 3. Agency Requirements: D. Consumer Records Policy: All Family Living Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy. DEVELOPMENTAL DISABILITIES SUPPORTS DIVISION (DDSD): Director's Release: Consumer Record Requirements eff. 11/1/2012 III. Requirement Amendments(s) or Clarifications: A. All case management, living supports, customized in-home supports, community integrated employment and customized community supports providers must maintain records for individuals served through DD Waiver in accordance with the Individual Case File Matrix incorporated in this director's release. H. Readily accessible electronic records are accessible, including those stored through the Therap web-based system.

Tag # 1A15.2 Administrative Case File:	Condition of Participation Level Deficiency		
Healthcare Documentation (Therap and Required Plans)			
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Eff Date: 3/1/2018 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi- annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services pro	 After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not maintain the required documentation in the Individuals Agency Record as required by standard for 2 of 10 individual Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: Healthcare Passport: Did not contain Emergency Contact (#6) Medical Emergency Response Plans (MERP): Bowel/Bladder: Individual #8 - According to Electronic Comprehensive Health Assessment Tool the individual is required to have a plan. No evidence of a plan found. Falls: Individual #8 - According to Electronic comprehensive Health Assessment Tool the individual is required to have a plan. No evidence of a plan found. 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

A Client File Metrix details the minimum	
A Client File Matrix details the minimum	
requirements for records to be stored in agency	
office files, the delivery site, or with DSP while	
providing services in the community.	
7. All records pertaining to JCMs must be retained	
permanently and must be made available to DDSD	
upon request, upon the termination or expiration of	
a provider agreement, or upon provider withdrawal	
from services.	
Chapter 3 Safeguards: 3.1.1 Decision	
Consultation Process (DCP): Health decisions	
are the sole domain of waiver participants, their	
guardians or healthcare decision makers.	
Participants and their healthcare decision makers	
can confidently make decisions that are compatible	
with their personal and cultural values. Provider	
Agencies are required to support the informed	
decision making of waiver participants by	
supporting access to medical consultation,	
information, and other available resources	
according to the following:	
1. The DCP is used when a person or his/her	
guardian/healthcare decision maker has concerns,	
needs more information about health-related	
issues, or has decided not to follow all or part of an	
order, recommendation, or suggestion. This	
includes, but is not limited to:	
a. medical orders or recommendations from the	
Primary Care Practitioner, Specialists or other	
licensed medical or healthcare practitioners such	
as a Nurse Practitioner (NP or CNP), Physician	
Assistant (PA) or Dentist;	
b. clinical recommendations made by	
registered/licensed clinicians who are either	
members of the IDT or clinicians who have	
performed an evaluation such as a video-	
fluoroscopy;	
c. health related recommendations or suggestions	
from oversight activities such as the Individual	
Quality Review (IQR) or other DOH review or	
oversight activities; and	
d. recommendations made through a Healthcare	

Plan (HCP), including a Comprehensive Aspiration	
Risk Management Plan (CARMP), or another plan.	
Risk Management Plan (CARMP), of another plan.	
2. When the person/guardian disagrees with a	
recommendation or does not agree with the	
implementation of that recommendation, Provider	
Agencies follow the DCP and attend the meeting	
coordinated by the CM. During this meeting:	
a. Providers inform the person/guardian of the	
rationale for that recommendation, so that the	
benefit is made clear. This will be done in layman's	
terms and will include basic sharing of information	
designed to assist the person/guardian with	
understanding the risks and benefits of the	
recommendation.	
b. The information will be focused on the specific	
area of concern by the person/guardian.	
Alternatives should be presented, when available,	
if the guardian is interested in considering other	
options for implementation.	
c. Providers support the person/guardian to make	
an informed decision.	
d. The decision made by the person/guardian	
during the meeting is accepted; plans are modified;	
and the IDT honors this health decision in every	
setting.

Chapter 13 Nursing Services:	
13.2.5 Electronic Nursing Assessment and	
Planning Process: The nursing assessment	
process includes several DDSD mandated tools:	
the electronic Comprehensive Nursing Assessment	
Tool (e-CHAT), the Aspiration Risk Screening Tool	
(ARST) and the Medication Administration	
Assessment Tool (MAAT) . This process includes	
developing and training Health Care Plans and	
Medical Emergency Response Plans.	
The following hierarchy is based on budgeted	
services and is used to identify which Provider	
Agency nurse has primary responsibility for	
completion of the nursing assessment process and	
related subsequent planning and training.	
Additional communication and collaboration for	
	1

planning specific to CCS or CIE services may be	
needed.	
The hierarchy for Nursing Assessment and	
Planning responsibilities is:	
1. Living Supports: Supported Living, IMLS or	
Family Living via ANS;	
2. Customized Community Supports- Group; and	
3. Adult Nursing Services (ANS):	
a. for persons in Community Inclusion with health-	
related needs; or	
b. if no residential services are budgeted but	
assessment is desired and health needs may exist.	
13.2.6 The Electronic Comprehensive Health	
Assessment Tool (e-CHAT)	
1. The e-CHAT is a nursing assessment. It may not	
be delegated by a licensed nurse to a non-licensed	
person.	
2. The nurse must see the person face-to-face to	
complete the nursing assessment. Additional	
information may be gathered from members of the	
IDT and other sources.	
3. An e-CHAT is required for persons in FL, SL,	
IMLS, or CCS-Group. All other DD Waiver	
recipients may obtain an e-CHAT if needed or	
desired by adding ANS hours for assessment and	
consultation to their budget.	
4. When completing the e-CHAT, the nurse is	
required to review and update the electronic record	
and consider the diagnoses, medications,	
treatments, and overall status of the person.	
Discussion with others may be needed to obtain	
critical information.	
5. The nurse is required to complete all the e-	
CHAT assessment questions and add additional	
pertinent information in all comment sections.	
13.2.7 Aspiration Risk Management Screening	
Tool (ARST)	
42.0.0 Mediantian Administration Access	
13.2.8 Medication Administration Assessment	
Tool (MAAT):	
1. A licensed nurse completes the DDSD	

	· · · · · · · · · · · · · · · · · · ·	
Medication Administration Assessment Tool		
(MAAT) at least two weeks before the annual ISP		
meeting.		
2. After completion of the MAAT, the nurse will		
present recommendations regarding the level of		
assistance with medication delivery (AWMD) to the		
IDT. A copy of the MAAT will be sent to all the		
team members two weeks before the annual ISP		
meeting and the original MAAT will be retained in		
the Provider Agency records.		
3. Decisions about medication delivery are made		
by the IDT to promote a person's maximum		
independence and community integration. The IDT		
will reach consensus regarding which criteria the		
person meets, as indicated by the results of the		
MAAT and the nursing recommendations, and the		
decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):		
1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be developed		
to address issues that must be implemented		
immediately after admission, readmission or		
change of medical condition to provide safe		
services prior to completion of the e-CHAT and		
formal care planning process. This includes interim		
ARM plans for those persons newly identified at		
moderate or high risk for aspiration. All interim		
plans must be removed if the plan is no longer		
needed or when final HCP including CARMPs are		
in place to avoid duplication of plans.		
2. In collaboration with the IDT, the agency nurse		
is required to create HCPs that address all the		
areas identified as required in the most current e-		
CHAT summary report which is indicated by "R" in		
the HCP column. At the nurse's sole discretion,		
based on prudent nursing practice, HCPs may be		
combined where clinically appropriate. The nurse		
should use nursing judgment to determine whether		
to also include HCPs for any of the areas indicated		
by "C" on the e-CHAT summary report. The nurse		
may also create other HCPs plans that the nurse		
determines are warranted.		

13.2.10 Medical Emergency Response Plan	
(MERP):	
1. The agency nurse is required to develop a	
Medical Emergency Response Plan (MERP) for all	
conditions marked with an "R" in the e-CHAT	
summary report. The agency nurse should use	
her/his clinical judgment and input from the	
Interdisciplinary Team (IDT) to determine whether	
shown as "C" in the e-CHAT summary report or	
other conditions also warrant a MERP.	
2. MERPs are required for persons who have one	
or more conditions or illnesses that present a likely	
potential to become a life-threatening situation.	
Chapter 20: Provider Documentation and Client	
Records: 20.5.3 Health Passport and Physician	
Consultation Form: All Primary and Secondary	
Provider Agencies must use the Health Passport	
and Physician Consultation form from the Therap	
system. This standardized document contains	
individual, physician and emergency contact	
information, a complete list of current medical	
diagnoses, health and safety risk factors, allergies,	
and information regarding insurance, guardianship,	
and advance directives. The Health Passport also	
includes a standardized form to use at medical	
appointments called the Physician Consultation	
form.

Developmental Disabilities (DD) Waiver Service			
Standards 2/26/2018; Eff Date: 3/1/2018			
Chapter 2: Human Rights: Civil rights apply to			
everyone, including all waiver participants,			
family members, guardians, natural supports,			
and Provider Agencies. Everyone has a			
responsibility to make sure those rights are not			
violated. All Provider Agencies play a role in			

person-centered planning (PCP) and have an	
obligation to contribute to the planning process,	
always focusing on how to best support the	
person.	
Chapter 3 Safeguards: 3.3.1 HRC Procedural	
Requirements:	
1. An invitation to participate in the HRC meeting	
of a rights restriction review will be given to the	
person (regardless of verbal or cognitive ability),	
his/her guardian, and/or a family member (if	
desired by the person), and the Behavior	
Support Consultant (BSC) at least 10 working	
days prior to the meeting (except for in	
emergency situations). If the person (and/or the	
guardian) does not wish to attend, his/her stated	
preferences may be brought to the meeting by	
someone whom the person chooses as his/her	
representative.	
2. The Provider Agencies that are seeking to	
temporarily limit the person's right(s) (e.g., Living	
Supports, Community Inclusion, or BSC) are	
required to support the person's informed	
consent regarding the rights restriction, as well	
as their timely participation in the review.	
3. The plan's author, designated staff (e.g.,	
agency service coordinator) and/or the CM	
makes a written or oral presentation to the HRC.	
4. The results of the HRC review are reported in	
writing to the person supported, the guardian,	
the BSC, the mental health or other specialized	
therapy provider, and the CM within three	
working days of the meeting.	
5. HRC committees are required to meet at least	
on a quarterly basis.	
6. A quorum to conduct an HRC meeting is at	
least three voting members eligible to vote in	
each situation and at least one must be a	
community member at large.	
7. HRC members who are directly involved in	
the services provided to the person must excuse	
themselves from voting in that situation.	

	1
Each HRC is required to have a provision for	
emergency approval of rights restrictions based	
upon credible threats of harm against self or	
others that may arise between scheduled HRC	
meetings (e.g., locking up sharp knives after a	
serious attempt to injure self or others or a	
disclosure, with a credible plan, to seriously	
injure or kill someone). The confidential and	
HIPAA compliant emergency meeting may be	
via telephone, video or conference call, or	
secure email. Procedures may include an initial	
emergency phone meeting, and a subsequent	
follow-up emergency meeting in complex and/or	
ongoing situations.	
8. The HRC with primary responsibility for	
implementation of the rights restriction will	
record all meeting minutes on an individual	
basis, i.e., each meeting discussion for an	
individual will be recorded separately, and	
minutes of all meetings will be retained at the	
agency for at least six years from the final date	
of continuance of the restriction.	
3.3.3 HRC and Behavioral Support: The HRC	
reviews temporary restrictions of rights that are	
related to medical issues or health and safety	
considerations such as decreased mobility (e.g.,	
the use of bed rails due to risk of falling during	
the night while getting out of bed). However,	
other temporary restrictions may be	
implemented because of health and safety	
considerations arising from behavioral issues.	
Positive Behavioral Supports (PBS) are	
mandated and used when behavioral support is	
needed and desired by the person and/or the	
IDT. PBS emphasizes the acquisition and	
maintenance of positive skills (e.g. building	
healthy relationships) to increase the person's	
quality of life understanding that a natural	
reduction in other challenging behaviors will	
follow. At times, aversive interventions may be	
temporarily included as a part of a person's	

behavioral support (usually in the BCIP), and therefore, need to be reviewed prior to implementation as well as periodically while the restrictive intervention is in place. PBSPs not containing aversive interventions of not require HRC review or approval. Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g. ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; out of law enforcement as part of a BCIP; b. could in use of emergency hospitalization procedures as part of a BCIP; 6. use of point system; 7. use of interes, highly structured, and specialized treatment strategies, including level systems with response cost or failure to earn components; 8. a 11.1 staff to person ratio for behavioral reasons, or very rately, a 2.1 staff to person ratio for behavioral readors; 9. use of PM paychottopic medications; 10. use of oteral ratio; 11. use of bed ratis; 12. use of a device and/or monitoring system through PST may impact the gersons privacy or other rights; or 13. use of any alarms to alert staff to a person's whereabouts. 34. Emergency Physical Restraint (EPR);		1
implementation as well as periodically while the restrictive intervention is in place. PBSPs not containing aversive interventions of not require HRC review or approval. Plans (e.g., LSPs, PBSPs, BCIPs PMPRs, and/or PMMPs, indicatorial or aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requires view interventions and Approval: HRCs must review prior to implementation, any plans (e.g., LSPs, PBSPs, BSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; 6. use of point system; 7. use of intense, highly structured, and specialization procedures as part of a BCIP; 6. use of point system; 7. use of intense, indipily structured, and specialization procedures as part of a BCIP; 6. use of point system; 8. a of intense, highly structured, and specialization procedures as part of a BCIP; 6. use of point system; 7. use of intense, highly structured, and specialization procedures as part of a BCIP; 6. use of point system; 7. use of intense, highly structured, and specialization procedures as part of a BCIP; 6. use of point system; 7. use of intense, highly structured, and specialization procedures as part of a BCIP; 6. use of point system; 7. use of intense, highly structured, and specialization procedures as part of a BCIP; 7. use of intense, highly structured; 7. use of intense, highly structured; 7. use of intense, highly structured; 8. use of PRN psychotropic medical reasons; 9. use of PRN psychotropic medical rea		
restrictive interventions is in place. PBSPs not containing aversive interventions do not require HRC review or approval. Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval. HRCs must review prot to implementation, any plans (e.g. ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a GCIP; 5. routine use of emergency hospitalization procedures as part of a BCIP, 6. use of point system; 7. use of intense, highly structured, and specialized tristegies, including level systems with response cost or failure to earn components; 8. a 11: staff to person ratio for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of PRM psychotropic medications; 10. use of pointe for head banging, Posey gioves for bing hand; 11. use of bed ratis; 12. use of a device and/or monitoring system through PST may impact the person's privacy or other right; or 13. use of any alarms to alet staff to a person's whereabouts.		
I containing aversive interventions do not require HRC review or approval. Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g., ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; 5. routine use of emergency hospitalization procedures as part of a BCIP; 6. use of point systems; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost raliure to earn components; 8. a 1: 1 staff to person ratio for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of PRN psychotropic medications; 10. use of note and large, including given through PST may impact the person's privacy or other rights; or 13. use of any alarms to alert staff to a person's whereabouts.		
 HRC review or approval. PRIns (e.g., ISPs, PBSPs, BCIPS PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review piro to implementation, any plans (e.g. ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: restponse cost, restponse cost, restponse of aw enforcement as part of a BCIP; action; mergency physical restraint (EPR); toutine use of amenforcement as part of a BCIP; so of point systems; use of int systems; use of int systems; use of rate prior natio for behavioral reasons, or, very rately, a 2:1 staff to person ratio for behavioral reasons; use of IRN psychotropic medications; use of ark natio; use of and medicat reasons; use of protective devices for behavioral protections; use of and main(); use of and medicat reasons; use of and main(); use of and main(); use of and main(); use of and real medicat reasons; use of and main(); use of and main(); use of and main(); use of and real medicat reasons; use of and main(); use of and main(); use of an align in the person's privacy or other rights; or use of an align in the person's privacy or other rights; or use of an align in the person's privacy or other rights; or 		
Plans (e.g., ISPs, BSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g. ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; 5. routine use of law enforcement as part of a BCIP; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost railure to earn components; 8. a 1: staff to person railo for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of protective devices for behavioral purposes (e.g., helmest for head banging, Posey gloves for behavioral 11. use of der alis; 12. use of a device and/or monitoring system through PST may impact the person's privacy or diver gifts; or 13. use of any alarms to alert staff to a person's through PST may impact the person's privacy or diver staffs; or 13. use of any alarms to alert staff to a person's through PST may impact the person's privacy or diver staffs; or 13. use of any alarms to alert staff to a person's through PST may impact the person's privacy or diver staffs; or 13. use of any alarms to alert staff to a person's through PST may impact the person's privacy or diver staffs; or 13. use of any alarms to alert staff to a person's through PST may impact the person's privacy or diver staffs; or 13. use of any alarms to alert staff to a person's thread bands through PST may impact the person's privacy or diverse of the staff to a person's privacy or diverse of the staff to a person's thread bands through PST may impact the person's privacy or diverse of the staff to a person's privacy or diverse of the staff to a person's privacy or diverse of the staff to a person's privacy or d		
RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g. ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of amenforcement as part of a BCIP; 5. routine use of emergency hospitalization procedures as part of a BCIP; 6. use of point systems; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost or failure to ean components; 8. a 1:1 staff to person ratio for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral reasons; 9. use of PRN psychotropic medications; 10. use of behavioral reasons; 9. use of PRN psychotropic medications; 11. use of behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral or medications; 11. use of bed rails; 12. use of derive devices for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral reasons; 13. use of any alarms to alert staff to a person's whereabouts. <td></td> <td></td>

recipient; c. amounts paid by MAD on behalf of any eligible recipient; and	
d. any records required by MAD for the administration of Medicaid.	
21.9 Billable Units : The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.	
21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies	
must adhere to the following: 1. A day is considered 24 hours from midnight to	
midnight.	
2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be	
billed if more than 12 hours of service is provided during a 24-hour period.	
3. The maximum allowable billable units cannot	
exceed 340 calendar days per ISP year or 170 calendar days per six months.	
4. When a person transitions from one Provider Agency to another during the ISP year, a standard	
formula to calculate the units billed by each	
Provider Agency must be applied as follows: a. The discharging Provider Agency bills the	
number of calendar days that services were provided multiplied by .93 (93%).	
b. The receiving Provider Agency bills the	
remaining days up to 340 for the ISP year.	
21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency	
must adhere to the following:	
1. A month is considered a period of 30 calendar days.	
2. At least one hour of face-to-face billable services	
shall be provided during a calendar month where any portion of a monthly unit is billed.	

 Monthly units can be prorated by a half unit. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. 		
 21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed. 		
Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015 CHAPTER 6 (CCS) 4. REIMBURSEMENT A. Required Records: Customized Community Supports Services Provider Agencies must maintain all records necessary to fully disclose the type, quality, quantity and clinical necessity of services furnished to individuals who are currently receiving services. Customized Community Supports Services Provider Agency records must be sufficiently detailed to substantiate the date, time, individual name, servicing provider, nature of services, and length of a session of service billed. Providers are required to comply with the New Mexico Human Services Department Billing Regulations.		
 B. Billable Unit: 1. The billable unit for Individual Customized Community Supports is a fifteen (15) minute unit. 2. The billable unit for Community Inclusion Aide is a fifteen (15) minute unit. 3. The billable unit for Group Customized Community Supports is a fifteen (15) minute unit, 		

 group assignment. 4. The time at home is intermittent or brief; e.g. one hour time period for lunch and/or change of clothes. The Provider Agency may bill for providing this support under Customized Community Supports without prior approval from DDSD. 5. The billable unit for Individual Intensive Behavioral Customized Community Supports is a fifteen (15) minute unit. 6. The billable unit for Fiscal Management for Adult Education is one dollar per unit including a 10% administrative processing fee. 7. The billable units for Adult Nursing Services are addressed in the Adult Nursing Services Chapter. C. Billable Activities: All DSP activities that are: a. Provided face to face with the individual; b. Described in the individual's approved ISP; c. Provided in accordance with the Scope of Services; and d. Activities included in billable services, activities or situations.

RE: Request for an Informal Reconsideration of Findings

Dear Mr. Sandoval & Ms. Garcia,

Your request for a Reconsideration of Findings was received on **March 12, 2019.** The due date for your request for a Reconsideration of Findings was **March 5, 2019.** Since your request was not received within the required timeframe (10 working days from receipt of your Report of Findings), your request and the supporting evidence provided were not reviewed. Per IRF Guidelines, a provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report. There are no extensions granted for the IRF process. The IRF committee has determined the request made was invalid as it was submitted past the required timeframe.

This concludes the Informal Reconsideration of Finding process. The IRF process is separate and apart from the Informal Dispute Resolution process or the Medicaid Fair Hearing process when DOH sanctions are imposed on a provider.

Thank you. Respectfully,

Crystal Lopez-Beck

Crystal Lopez-Beck Deputy Bureau Chief/QMB Informal Reconsideration of Finding Committee Chair

Date: April 18, 2019

To: Provider: Address: City, State, Zip:	Isaac Sandoval, Executive Director At Home Advocacy Incorporated 3401 Candelaria Road NE, Suite A Albuquerque, New Mexico 87107
E-mail Address:	athomenm@gmail.com
Region: Survey Date: Program Surveyed:	Metro December 7 - 13, 2018 Developmental Disabilities Waiver
Service Surveyed:	2012 & 2018: Family Living, Customized Community Supports
Survey Type:	Routine

Dear Isaac Sandoval;

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process. Sincerely,

Amanda Castañeda

Amanda Castañeda Health Program Manager/Plan of Correction Coordinator Quality Management Bureau/DHI
