To:	Cruz Maria Rojas, Director
Provider: Address: City, State, Zip:	Grace Requires Understanding, Incorporated 212 S. Main Street Las Cruces, New Mexico 88001
E-mail Address:	crojas@mygru.org
Region: Survey Date:	Southwest March 22 - 28, 2019
Program Surveyed:	Developmental Disabilities Waiver
Service Surveyed:	***2012 & 2018:*** Family Living, Customized In-Home Supports, Customized Community Supports
Survey Type:	Routine
Team Leader:	Beverly Estrada, ADN, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Member:	Amanda Castaneda, MPA, Healthcare Surveyor Supervisor / Plan of Correction Coordinator, Division of Health Improvement/Quality Management Bureau; Monica Valdez, BS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Wolf Krusemark, BFA, Healthcare Surveyor Supervisor, Division of Health Improvement/Quality Management Bureau; Yolanda J. Herrera, RN, Nurse Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Kayla Benally, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Monica deHerrera-Pardo, LBSW/MCJ, Healthcare Surveyor Trainee, Division of Health Improvement/Quality Management Bureau (Shadowing); Heather Driscoll, AA, Healthcare Surveyor Trainee, (Shadowing), Division of Health Improvement/Quality Management Bureau

Dear Cruz Maria Rojas;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags *(refer to Attachment D for details)*. The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # LS14 Residential Service Delivery Sire Case File (ISP and Healthcare Requirements)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A38 LS / IS Reporting Requirements
- Tag # IS04 Community Life Engagement
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag # 1A03 Continuous Quality Improvement System & KPIs
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A29 Complaints / Grievances Acknowledgement
- Tag # 1A33 Board of Pharmacy: Med. Storage
- Tag # LS06 Family Living Requirements
- Tag # LS25 Residential Health & Safety (Supported Living & Family Living)
- Tag # IS30Customized Community Supports Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

- How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. *(See attachment "A" for additional guidance in completing the Plan of Correction)*.

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. **Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001**

2. **Developmental Disabilities Supports Division Regional Office for region of service surveyed**

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a $200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan*
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)
OR
Jennifer Goble (Jennifer.goble2@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Beverly Estrada, ADN

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:
After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).
Instructions for Completing Agency POC:

Required Content
Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: **Instruction or in-service of staff alone may not be a sufficient plan of correction.** This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
2. For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at AmandaE.Castaneda@state.nm.us for assistance.
3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
    a. Electronically at AmandaE.Castaneda@state.nm.us ***(preferred method)***
    b. Fax to 575-528-5019, or
    c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
5. *Do not submit supporting documentation* (evidence of compliance) to QMB *until after* your POC has been approved by the QMB.
6. QMB will notify you when your POC has been "approved" or "denied."
    a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
    b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
    c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
    d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
    e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a ***maximum*** of 45-business days of receipt of your Report of Findings.
2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
3. All submitted documents ***must be annotated***; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement
QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

Service Domain: Service Plan: ISP Implementation - *Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.*

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A08.3 –** Administrative Case File: Individual Service Plan / ISP Components
- **1A32 –** Administrative Case File: Individual Service Plan Implementation
- **LS14 –** Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- **IS14 –** CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

Service Domain: Qualified Providers - *The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.*

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training

- **1A22 -** Agency Personnel Competency
- **1A37 –** Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):
- **1A25.1 –** Caregiver Criminal History Screening
- **1A26.1 –** Consolidated On-line Registry Employee Abuse Registry

Service Domain: Health, Welfare and Safety - *The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.*

Potential Condition of Participation Level Tags, if compliance is below 85%:
- **1A08.2 –** Administrative Case File: Healthcare Requirements & Follow-up
- **1A09 –** Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- **1A15.2 –** Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):
- **1A05 –** General Requirements / Agency Policy and Procedure Requirements
- **1A07 –** Social Security Income (SSI) Payments
- **1A09.2 –** Medication Delivery Nurse Approval for PRN Medication
- **1A15 –** Healthcare Documentation - Nurse Availability
- **1A31 –** Client Rights/Human Rights
- **LS25.1 –** Residential Reqts. (Physical Environment - Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider
Informal Reconsideration of Finding (IRF) Process

Introduction:
Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:
1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief **within 10 business days** of receipt of the final Report of Findings.
2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
4. The IRF request must include all supporting documentation or evidence.
5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at Crystal.Lopez-Beck@state.nm.us for assistance.

The following limitations apply to the IRF process:
- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Attachment D

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.

2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 – 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.

2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance Determination	Weighting						
	LOW		MEDIUM			HIGH	
Standard Level Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or
CoP Level Tags:	0 CoP	0 CoP	0 CoP	0 CoP	1 to 5 CoPs	0 to 5 CoPs	6 or more CoPs
	and	and	and	and		and	
Sample Affected:	0 to 74%	0 to 49%	75 to 100%	50 to 74%		75 to 100%	
"Non-Compliance"						**17 or more** Standard Level Tags with **75 to 100%** of the Individuals in the sample cited in any tag.	**Any Amount** of Standard Level Tags and **6 or more** Conditions of Participation Level Tags.
"Partial Compliance with Standard Level tags and Condition of Participation Level Tags"					**Any Amount** of Standard Level Tags, plus **1 to 5** Conditions of Participation Level tags.		
"Partial Compliance with Standard Level tags"			**up to 16** Standard Level Tags with **75 to 100%** of the individuals in the sample cited in any tag.	**17 or more** Standard Level Tags with **50 to 74%** of the individuals in the sample cited any tag.			
"Compliance"	**Up to 16** Standard Level Tags with **0 to 74%** of the individuals in the sample cited in any tag.	**17 or more** Standard Level Tags with **0 to 49%** of the individuals in the sample cited in any tag.

Tag # 1A08 Administrative Case File (Other Required Documents)	**Standard Level Deficiency**		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 20: Provider Documentation and Client Records: 20.2** Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of	Based on record review and interview, the Agency did not maintain a complete and confidential case file at the administrative office for 2 of 17 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current: **Positive Behavioral Support Plan:** • Not Found (#7) • Not Current (#13)	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. ***20.5.1 Individual Data Form (IDF):*** The Individual Data Form provides an overview of demographic information as well as other key personal, programmatic, insurance, and health related information. It lists medical information; assistive technology or adaptive equipment; diagnoses; allergies; information about whether a guardian or advance directives are in place; information about behavioral and health related needs; contacts of Provider Agencies and team members and other critical information. The IDF automatically loads information into other fields and forms and must be complete and kept current. This form is initiated by the CM. It must be opened and continuously updated by Living Supports, CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and			

Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form. **Chapter 3: Safeguards 3.1.2 Team Justification Process:** DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes: 1. Discussion and decisions about non-health related recommendations are documented on the Team Justification form. 2. The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided: a. to implement the recommendation; b. to create an action plan and revise the ISP, if necessary; or c. not to implement the recommendation currently. 3. All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired. 4. The CM ensures that the Team Justification Process is followed and complete. Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015

NMAC 7.26.5 SERVICE PLANS FOR INDIVIDUALS WITH DEVELOPMENTAL DISABILITIES LIVING IN THE COMMUNITY. **NMAC 7.26.5.12 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - PARTICIPATION IN AND SCHEDULING OF INTERDISCIPLINARY TEAM MEETINGS.** **NMAC 7.26.5.14 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - CONTENT OF INDIVIDUAL SERVICE PLANS.** Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 6 Individual Service Plan:** The CMS requires a person-centered service plan for every person receiving HCBS. The DD Waiver's person-centered service plan is the ISP. **6.5.2 ISP Revisions:** The ISP is a dynamic document that changes with the person's desires, circumstances, and need. IDT members must collaborate and request an IDT meeting from the CM when a need to modify the ISP arises. The CM convenes the IDT within ten days of receipt of any reasonable request to convene the team, either in person or through teleconference. **6.6 DDSD ISP Template:** The ISP must be written according to templates provided by the DDSD. Both children and adults have designated ISP templates. The ISP template includes Vision Statements, Desired Outcomes, a meeting participant signature page, an Addendum A (i.e. an acknowledgement of receipt of specific information) and other elements depending on the age of the individual.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not maintain a complete client record at the administrative office for 5 of 17 individuals. Review of the Agency individual case files revealed the following items were not found, incomplete, and/or not current: **Addendum A**: • Not Found (#6, 10, 12, 13, 15) **ISP Teaching and Support Strategies:** ***Individual #10:*** *TSS not found for the following Live Outcome Statement / Action Steps:* • "… will put items away after a meal."	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

The ISP templates may be revised and reissued by DDSD to incorporate initiatives that improve person - centered planning practices. Companion documents may also be issued by DDSD and be required for use in order to better demonstrate required elements of the PCP process and ISP development. The ISP is completed by the CM with the IDT input and must be completed according to the following requirements: 1. DD Waiver Provider Agencies should not recommend service type, frequency, and amount (except for required case management services) on an individual budget prior to the Vision Statement and Desired Outcomes being developed. 2. The person does not require IDT agreement/approval regarding his/her dreams, aspirations, and desired long-term outcomes. 3. When there is disagreement, the IDT is required to plan and resolve conflicts in a manner that promotes health, safety, and quality of life through consensus. Consensus means a state of general agreement that allows members to support the proposal, at least on a trial basis. 4. A signature page and/or documentation of participation by phone must be completed. 5. The CM must review a current Addendum A and DHI ANE letter with the person and Court appointed guardian or parents of a minor, if applicable. **6.6.3 Additional Requirements for Adults:** Because children have access to other funding sources, a larger array of services are available to adults than to children through the DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific			

Training (IST) requirements. **6.6.3.1. Action Plan:** Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step. **6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI):** After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision. **6.6.3.3 Individual Specific Training in the ISP:** The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness, knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more			

information about IST.) **6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies. **Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements:** All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. **Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015**

purpose in planning for individuals with developmental disabilities. [05/03/94; 01/15/97; Recompiled 10/31/01] Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 6: Individual Service Plan (ISP) 6.8 ISP Implementation and Monitoring:** All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies. **Chapter 20: Provider Documentation and Client Records 20.2 Client Records Requirements:** All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:	*residence was blank at the time of the residential visit on 3/26/2019.*		

16. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 17. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. 18. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 19. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 20. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 21. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 22. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.			

Tag # 1A38 Living Care Arrangement / Community Inclusion Reporting Requirements	Standard Level Deficiency		
7.26.5.17 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - DISSEMINATION OF THE ISP, DOCUMENTATION AND COMPLIANCE: C. Objective quantifiable data reporting progress or lack of progress towards stated outcomes, and action plans shall be maintained in the individual's records at each provider agency implementing the ISP. Provider agencies shall use this data to evaluate the effectiveness of services provided. Provider agencies shall submit to the case manager data reports and individual progress summaries quarterly, or more frequently, as decided by the IDT. These reports shall be included in the individual's case management record, and used by the team to determine the ongoing effectiveness of the supports and services being provided. Determination of effectiveness shall result in timely modification of supports and services as needed. Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements:** All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:	Based on record review, the Agency did not complete written status reports as required for 13 of 17 individuals receiving Living Care Arrangements and Community Inclusion. **Family Living Semi- Annual Reports:** • Individual #2 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 12/2017 – 3/2018; Date Completed: 3/20/2018; ISP meeting held on 3/29/2018)* • Individual #5 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 12/10/2017 - 12/9/2018; Date Completed: 11/24/2018; ISP meeting held on 9/22/2018)* • Individual #7 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 1/2018 - 7/2018; Date Completed: 8/1/2018; ISP meeting held on 8/8/2018)* • Individual #10 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 11/21/2017 - 11/20/2018; Date Completed: 11/20/2018; ISP meeting held on 8/29/2018)* • Individual #11 - None found for 11/2017 - 5/2018. *(Term of ISP 11/21/2017 - 11/20/2018).* • Individual #13 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 9/1/2017 - 6/14/2018; Date*	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. **Chapter 19: Provider Reporting Requirements: 19.5 Semi-Annual Reporting:** The semi-annual report provides status updates to life circumstances, health, and progress	*Completed: 6/14/2018; ISP meeting held on 6/14/2018)* • Individual #15 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 3/2018 - 5/2018; Date Completed: 9/30/2018; ISP meeting held on 6/15/2018)* • Individual #16 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 1/2018 – 2/2018; Date Completed: 3/21/2018; ISP meeting held on 3/21/2018)* **Customized In-Home Supports Semi-Annual Reports:** • Individual #8 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 10/15/2017 - 8/8/2018; Date Completed: 8/16/2018; ISP meeting held on 8/18/2018)* **Customized Community Supports Semi-Annual Reports:** • Individual #1 – Agency was completing monthly reports. Per Standards, the agency must complete semi-annual reports with the first report covering from the start of the person's ISP year until the end of the subsequent six month period (180 day calendar days) and the second semi-annual report integrated into the annual report and due 14 calendar days prior to the annual ISP meeting. (*Term of ISP 8/12/2018 - 8/11/2019)* • Individual #2 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 12/2017 - 3/2018; Date Completed: 3/20/2018; ISP meeting held on 3/29/2018)*		

toward ISP goals and/or goals related to professional and clinical services provided through the DD Waiver. This report is submitted to the CM for review and may guide actions taken by the person's IDT if necessary. Semi-annual reports may be requested by DDSD for QA activities. Semi-annual reports are required as follows: 1. DD Waiver Provider Agencies, except AT, EMSP, Supplemental Dental, PRSC, SSE and Crisis Supports, must complete semi-annual reports. 2. A Respite Provider Agency must submit a semi-annual progress report to the CM that describes progress on the Action Plan(s) and Desired Outcome(s) when Respite is the only service included in the ISP other than Case Management for an adult age 21 or older. 3. The first semi-annual report will cover the time from the start of the person's ISP year until the end of the subsequent six-month period (180 calendar days) and is due ten calendar days after the period ends (190 calendar days). 4. The second semi-annual report is integrated into the annual report or professional assessment/annual re-evaluation when applicable and is due 14 calendar days prior to the annual ISP meeting. 5. Semi-annual reports must contain at a minimum written documentation of: a. the name of the person and date on each page; b. the timeframe that the report covers; c. timely completion of relevant activities from ISP Action Plans or clinical service goals during timeframe the report is covering; d. a description of progress towards Desired Outcomes in the ISP related to the service provided; e. a description of progress toward any service specific or treatment goals when applicable (e.g. health related goals for nursing);	• Individual #5 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 12/10/2017 - 9/12/2018; Date Completed: 11/24/2018; ISP meeting held on 9/12/2018)* • Individual #6 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 6/2018 – 7/2018; Date Completed: 8/15/2018; ISP meeting held on 8/23/2018)* • Individual #11 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 11/21/2017 - 11/20/2018; Date Completed: 11/20/2018; ISP meeting held on 8/29/2018)* • Individual #13 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 9/1/2017 - 6/14/2018; Date Completed: 8/16/2018; ISP meeting held on 6/14/2018)* **Nursing Semi-Annual / Quarterly Reports:** • Individual #1 – Agency was completing monthly reports. Per Standards, the agency must complete semi-annual reports with the first semi-annual report covering from the start of the person's ISP year until the end of the subsequent six month period (180 day calendar days) and the second semi-annual report integrated into the annual report and due 14 calendar days prior to the annual ISP Meeting. *(Term of ISP 8/2018 - 8/2019).* • Individual #1 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 2/8/2018 - 8/11/2018; Date Completed: 6/8/2018; ISP meeting held on 4/24/2018)*		

f. significant changes in routine or staffing if applicable; g. unusual or significant life events, including significant change of health or behavioral health condition; h. the signature of the agency staff responsible for preparing the report; and i. any other required elements by service type that are detailed in these standards.	• Individual #2 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 12/2017 - 3/2018; Date Completed: 3/20/2018; ISP meeting held on 3/29/2018)* • Individual #3 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 11/2017 – 1/2018; Date Completed: 5/29/2018; ISP meeting held on 2/7/2018)* • Individual #7 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 1/9/2018 - 8/9/2018; Date Completed: 8/22/2018; ISP meeting held on 8/8/2018)* • Individual #11 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 5/21/2018 - 11/20/2018; Date Completed: 11/27/2018; ISP meeting held on 8/29/2018)* • Individual #12 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 2/28/2018 - 8/31/2018; Date Completed: 6/1/2018; ISP meeting held on 5/14/2018)* • Individual #13 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 3/2018 - 6/2018; Date Completed: 6/14/2018; ISP meeting held on 6/14/2018)* • Individual #15 - Report not completed 14 days prior to the Annual ISP meeting. *(Semi-Annual Report 3/2018 - 5/2018; Date*

Tag # IS04 Community Life Engagement	Standard Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 11: Community Inclusion** **11.1 General Scope and Intent of Services:** Community Inclusion (CI) is the umbrella term used to describe services in this chapter. In general, CI refers to opportunities for people with I/DD to access and participate in activities and functions of community life. The DD waiver program offers Customized Community Supports (CCS), which refers to non-work activities and Community Integrated Employment (CIE) which refers to paid work experiences or activities to obtain paid work. CCS and CIE services are mandated to be provided in the community to the fullest extent possible. **11.3 Implementation of a Meaningful Day:** The objective of implementing a Meaningful Day is to plan and provide supports to implement the person's definition of his/her own meaningful day, contained in the ISP. Implementation activities of the person's meaningful day are documented in daily schedules and progress notes. 1. Meaningful Day includes: a. purposeful and meaningful work; b. substantial and sustained opportunity for optimal health; c. self-empowerment; d. personalized relationships; e. skill development and/or maintenance; and f. social, educational, and community inclusion activities that are directly linked to the vision, Desired Outcomes and Action Plans stated in the person's ISP. 2. Community Life Engagement (CLE) is also sometimes used to refer to "Meaningful Day" or "Adult Habilitation" activities. CLE refers to	Based on record review, the Agency did not have evidence of their implementation of a meaningful day in daily schedules / individual calendar and progress notes for 7 of 17 Individuals. Review of the individual case files found there is no individualized schedule that can be modified easily based on the individual needs, preferences and circumstances and that outline planned activities per day, week and month including date, time, location and cost of the activity: **Calendar / Daily Calendar:** • Not found (#1, 2, 5, 6, 10, 11, 12)	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

supporting people in their communities, in non-work activities. Examples of CLE activities may include participating in clubs, classes, or recreational activities in the community; learning new skills to become more independent; volunteering; or retirement activities. Meaningful Day activities should be developed with the four guideposts of CLE in mind1. The four guideposts of CLE are: a. individualized supports for each person; b. promotion of community membership and contribution; c. use of human and social capital to decrease dependence on paid supports; and d. provision of supports that are outcome-oriented and regularly monitored. 3. The term "day" does not mean activities between 9:00 a.m. to 5:00 p.m. on weekdays. 4. Community Inclusion is not limited to specific hours or days of the week. These services may not be used to supplant the responsibility of the Living Supports Provider Agency for a person who receives both services.

documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. **20.5.3 Health Passport and Physician Consultation Form:** All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. Requirements for the Health Passport and Physician Consultation form are: 2. The Primary and Secondary Provider Agencies must ensure that a current copy of the Health Passport and Physician Consultation forms are printed and available at all service delivery sites. Both forms must be reprinted and placed at all service delivery sites each time the e-CHAT is updated for any reason and whenever there is a change to contact information contained in the IDF.	• Not Found (#1) • Not Current (#5) **Comprehensive Aspiration Risk Management Plan:** • Not Found (#11) • Not Current (#12, 15) • Incomplete (#14) **Health Care Plans:** • Body Mass Index (#6) • Diabetes (#4) • Status of Care/Hygiene (#6) • Supports for Hydration or Risk of Dehydration (#13) **Medical Emergency Response Plans:** • Allergies (#3) • Aspiration (#12) • Asthma (#12) • Cardiac / Hypertension (#10) • Infection Control (#15) **Special Health Care Needs:** • Nutritional Plan (#12, 15)		

Chapter 13: Nursing Services: **13.2.9 Healthcare Plans (HCP):** 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary **13.2.10 Medical Emergency Response Plan (MERP):** 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation. **Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015**

recall or demonstration may verify this level of competence. Reaching a **skill level** involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported. 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends. 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher. 3. The competency level of the training is based on the IST section of the ISP. 4. The person should be present for and involved in IST whenever possible. 5. Provider Agencies are responsible for tracking	• DSP #508 stated, "I know he's handicap, retarded, don't remember a lot of things a lot of times." Per e-Chat the Individual is diagnosed with a Cardiac Condition, Diabetes and Respiratory Disorder. (Individual #1) • DSP #532 stated, "Diabetes." Per IST the Individual also has a diagnosis of Aspiration Risk." (Individual #4) • DSP #525 stated, "Don't recall any of his specific medical diagnosis." Per e-Chat the Individual is diagnosed with Hypothyroidism, Obesity, Varicose Veins and Venous Insufficiency. (Individual #6) • DSP #601 stated, "Hypothyroid, Seasonal Allergies and Sleep Apnea." Per e-Chat the Individual also has a diagnosis of Asthma, Bradycardia and Down Syndrome. (Individual #12) • DSP #665 stated, "Her diagnosis? All I know is Down Syndrome." Per e-Chat the Individual is diagnosed with Hypothyroidism and Vitamin D Deficiency. (Individual #13) **When DSP were asked, if the Individual had a Comprehensive Aspiration Risk Management Plan (CARMP) and where was it located, the following was reported:** • DSP #532 stated, "He does not have a CARMP, he eats real well. I am by his side at all times and he eats real well." As indicated by the Individual Specific Training section of the ISP the individual has a Comprehensive Aspiration Risk Management Plan (CARMP). (Individual #4)		

of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.	**When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:** • DSP #508 gave no response and was unable to locate in the residential file. As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for: Cardiac, Diabetes, Hypoglycemia, A1C levels, Respiratory, Pain and Pain Medication. (Individual #1) • DSP #532 stated, "Diabetes and sister checks blood sugar." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual additionally requires Health Care Plans for: Aspiration, Status care/hygiene and Intolerance to Pain. (Individual #4) • DSP #525 stated, "No." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for: Body Mass Index and Status Care/Hygiene. (Individual #6) • DSP #665 stated, "No ma'am they haven't told me anything about that." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual requires Health Care Plans for: Supports for Hydration / Risk of Dehydration. (Individual #13) **When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported, the following was reported:** • DSP #508 gave no response and was unable to locate in the residential binder. As indicated by the Electronic Comprehensive		

	Health Assessment Tool, the Individual requires Medical Emergency Response Plans for: Cardiac, Diabetes, Hypoglycemia, A1C levels and Respiratory. (Individual #1) • DSP #532 stated, "Diabetes." As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual additionally requires a Medical Emergency Response Plan for: Aspiration. (Individual #4) • DSP #601 stated, "No." As indicated by the Individual Specific Training section of the ISP the Individual requires Medical Emergency Response Plans for: Aspiration and Asthma. (Individual #12) • DSP #644 stated, "Doesn't have them I think." As indicated by the Individual Specific Training section of the ISP the Individual requires Medical Emergency Response Plans for: Asthma and Aspiration. (Individual #12) • DSP #662 stated, "No, I don't think so. Overall we go over appointments." As indicated by the Individual Specific Training section of the ISP the Individual requires Medical Emergency Response Plans for: Aspiration. (Individual #16) **When DSP were asked, what to do if they suspect an allergic reaction to food or a medication, the following was reported:** • DSP #665 stated," Stop, calm her down and call my mother in law. (Individual #13) **When DSP were asked, if the Individual is diagnosed with Aspiration, as well as a series of questions specific to the DSP's knowledge of Aspiration, the following was reported:**		

	• DSP #665 stated, "I'm going to say yeah, because of her medical condition." As indicated by collateral documentation reviewed, individual is not at risk for Aspiration. (Individual #13) **When DSP were asked, if the Individual had Diabetes, as well as who provided you training on diabetes the following was reported:** • DSP #508 stated, "Rob, the Service Coordinator." As indicated by the Individual Specific Training section of the ISP residential staff are required to receive training on Diabetes from the Nurse. (Individual #1) **When DSP were asked, what are the steps you need to take before assisting an individual with PRN medication, the following was reported:** • DSP #601 stated, "Check with Family Living Provider to see if its ok." Per DDSD standards 13.2.12 Medication Delivery, DSP not related to the Individual must contact nurse prior to assisting with medication. (Individual #1)		

Standard of Care	Deficiencies	Agency Plan of Correction, On-going QA/QI & Responsible Party	Date Due
Service Domain: Health and Welfare **-** *The state, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.*			
Tag # 1A03 Continuous Quality Improvement System & KPIs	**Standard Level Deficiency**		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 22: Quality Improvement Strategy (QIS):** A QIS at the provider level is directly linked to the organization's service delivery approach or underlying provision of services. To achieve a higher level of performance and improve quality, an organization is required to have an efficient and effective QIS. The QIS is required to follow four key principles: 1. quality improvement work in systems and processes; 2. focus on participants; 3. focus on being part of the team; and 4. focus on use of the data. As part of a QIS, Provider Agencies are required to evaluate their performance based on the four key principles outlined above. Provider Agencies are required to identify areas of improvement, issues that impact quality of services, and areas of non-compliance with the DD Waiver Service Standards or any other program requirements. The findings should help inform the agency's QI plan. **22.2 QI Plan and Key Performance Indicators (KPI):** Findings from a discovery process should result in a QI plan. The QI plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving goals, and identifying opportunities for improvement. The QI plan describes the processes that the Provider Agency uses in each phase of the QIS: discovery, remediation, and sustained improvement. It describes the frequency of data	Based on record review and interview, the Agency did not maintain or implement a Quality Improvement System (QIS), as required by standards. Review of the Agency's Quality Improvement Plan provided during the on-site survey did not address the following as required by Standards: **The Agency's QIS did not address one or more of the four key principles:** 1. quality improvement work in systems and processes; 2. focus on participants; 3. focus on being part of the team; and 4. focus on use of the data. **The Agency's QI Plan did not address one or more of the following KPI applies to the following provider types:** 1. % of Individuals whose Individual Support Plans (ISP) are implemented as written. 2. % of appointments attended as recommended by medical professionals (physician, nurse practitioner or specialist). 3. % of people accessing Customized Community Supports in a non-disability specific setting. **When #701 was asked, if the Agency had a Quality Improvement System (QIS) which followed the 4 principles, the following was reported:**	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

collection, the source and types of data gathered, as well as the methods used to analyze data and measure performance. The QI plan must describe how the data collected will be used to improve the delivery of services and must describe the methods used to evaluate whether implementation of improvements is working. The QI plan shall address, at minimum, three key performance indicators (KPI). The KPI are determined by DOH-DDSQI) on an annual basis or as determined necessary. **22.3 Implementing a QI Committee:** A QI committee must convene on at least a quarterly basis and more frequently if needed. The QI Committee convenes to review data; to identify any deficiencies, trends, patterns, or concerns; to remedy deficiencies; and to identify opportunities for QI. QI Committee meetings must be documented and include a review of at least the following: 1. Activities or processes related to discovery, i.e., monitoring and recording the findings; 2. The entities or individuals responsible for conducting the discovery/monitoring process; 3. The types of information used to measure performance; 4. The frequency with which performance is measured; and 5. The activities implemented to improve performance. **22.4 Preparation of an Annual Report:** The Provider Agency must complete an annual report based on the quality assurance (QA) activities and the QI Plan that the agency has implemented during the year. The annual report shall: 1. Be submitted to the DDSD PEU by February 15th of each calendar year. 2. Be kept on file at the agency, and made available to DOH, including DHI upon request. 3. Address the Provider Agency's QA or compliance with at least the following:	• #701 stated, "Yes and no. QA/QI present for five years. Committee built on requirements from back then. I am aware of it, noting it and waiting to implement it. Forgot to send data in with my new plan. We monitor case issues, GER issues and share them as a team." **When #701 was asked, if the Agency had a Quality Improvement Plan (QIP) which included the Key Performance Indicators as outlined by DDSD, the following was reported:** • #701 stated, "I am aware of it and waiting to implement it. I feel service to the consumers is first priority and not committees. We have had a lot of deaths and hardships this year. It has been a hard year."		

a. compliance with DDSD Training Requirements; b. compliance with reporting requirements, including reporting of ANE; c. timely submission of documentation for budget development and approval; d. presence and completeness of required documentation; e. compliance with CCHS, EAR, and Licensing requirements as applicable; and f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure with any deficiencies or findings as well as ongoing compliance and sustainability. Corrective plans include but are not limited to: i. IQR findings; ii. CPA Plans related to ANE reporting; iii. POCs related to QMB compliance surveys; and iv. PIPs related to Regional Office Contract Management. 4. Address the Provider Agency QI with at least the following: a. data analysis related to the DDSD required KPI; and b. the five elements required to be discussed by the QI committee each quarter.			

Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up	Condition of Participation Level Deficiency		
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP):** Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have performed an evaluation such as a video-fluoroscopy; c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan.	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not provide documentation of annual physical examinations and/or other examinations as specified by a licensed physician for 3 of 17 individuals receiving Living Care Arrangements and Community Inclusion. Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: ***Living Care Arrangements / Community Inclusion (Individuals Receiving Multiple Services):*** **Annual Physical:** • Not Found (#10) **Dental Exam:** • Individual #6 - As indicated by collateral documentation reviewed, exam was completed on 11/30/2018. Follow-up was to be completed in 1 month. No evidence of follow-up found. • Individual #9 - As indicated by collateral documentation reviewed, exam was completed on 1/16/2018. Follow-up was to be completed in 1 year. No evidence of follow-up found.	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting: a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation. b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation. c. Providers support the person/guardian to make an informed decision. d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting. **Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements:** All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the			

person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. 3. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. 4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. 5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. 6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. 7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. **20.5.3 Health Passport and Physician Consultation Form:** All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current			

medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. The Physician Consultation form contains a list of all current medications. **Chapter 10: Living Care Arrangements (LCA) Living Supports-Supported Living: 10.3.9.6.1 Monitoring and Supervision** 4. Ensure and document the following: a. The person has a Primary Care Practitioner. b. The person receives an annual physical examination and other examinations as recommended by a Primary Care Practitioner or specialist. c. The person receives annual dental check-ups and other check-ups as recommended by a licensed dentist. d. The person receives a hearing test as recommended by a licensed audiologist. e. The person receives eye examinations as recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for follow-up activities to medical appointments (e.g. treatment, visits to specialists, and changes in medication or daily routine). **10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS:** **10.3.10.2 General Requirements:** 9 . Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist). **Chapter 13 Nursing Services: 13.2.3 General Requirements:**			

1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information. **Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015** **DEVELOPMENTAL DISABILITIES SUPPORTS DIVISION (DDSD): Director's Release: Consumer Record Requirements eff. 11/1/2012** **III. Requirement Amendments(s) or Clarifications:** A. All case management, living supports, customized in-home supports, community integrated employment and customized community supports providers must maintain records for individuals served through DD Waiver in accordance with the Individual Case File Matrix incorporated in this director's release. H. Readily accessible electronic records are accessible, including those stored through the Therap web-based system.

Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have			

performed an evaluation such as a video-fluoroscopy; c. health related recommendations or suggestions from oversight activities such as the Individual Quality Review (IQR) or other DOH review or oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan. 2. When the person/guardian disagrees with a recommendation or does not agree with the implementation of that recommendation, Provider Agencies follow the DCP and attend the meeting coordinated by the CM. During this meeting: a. Providers inform the person/guardian of the rationale for that recommendation, so that the benefit is made clear. This will be done in layman's terms and will include basic sharing of information designed to assist the person/guardian with understanding the risks and benefits of the recommendation. b. The information will be focused on the specific area of concern by the person/guardian. Alternatives should be presented, when available, if the guardian is interested in considering other options for implementation. c. Providers support the person/guardian to make an informed decision. d. The decision made by the person/guardian during the meeting is accepted; plans are modified; and the IDT honors this health decision in every setting. **Chapter 13 Nursing Services:** **13.2.5 Electronic Nursing Assessment and Planning Process:** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk			

Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. **13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT)** 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person. 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources. 3. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver recipients may obtain an e-CHAT if needed or desired by adding ANS hours for assessment and consultation to their budget. 4. When completing the e-CHAT, the nurse is required to review and update the electronic			

record and consider the diagnoses, medications, treatments, and overall status of the person. Discussion with others may be needed to obtain critical information. 5. The nurse is required to complete all the e-CHAT assessment questions and add additional pertinent information in all comment sections. **13.2.7 Aspiration Risk Management Screening Tool (ARST)** **13.2.8 Medication Administration Assessment Tool (MAAT):** 1. A licensed nurse completes the DDSD Medication Administration Assessment Tool (MAAT) at least two weeks before the annual ISP meeting. 2. After completion of the MAAT, the nurse will present recommendations regarding the level of assistance with medication delivery (AWMD) to the IDT. A copy of the MAAT will be sent to all the team members two weeks before the annual ISP meeting and the original MAAT will be retained in the Provider Agency records. 3. Decisions about medication delivery are made by the IDT to promote a person's maximum independence and community integration. The IDT will reach consensus regarding which criteria the person meets, as indicated by the results of the MAAT and the nursing recommendations, and the decision is documented this in the ISP. **13.2.9 Healthcare Plans (HCP):** 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons			

newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary report which is indicated by "R" in the HCP column. At the nurse's sole discretion, based on prudent nursing practice, HCPs may be combined where clinically appropriate. The nurse should use nursing judgment to determine whether to also include HCPs for any of the areas indicated by "C" on the e-CHAT summary report. The nurse may also create other HCPs plans that the nurse determines are warranted. **13.2.10 Medical Emergency Response Plan (MERP):** 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation. **Chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form:** All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list			

of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form. **Developmental Disabilities (DD) Waiver Service Standards effective 11/1/2012 revised 4/23/2013; 6/15/2015**			

Tag # 1A29 Complaints / Grievances – Acknowledgement	Standard Level Deficiency		
NMAC 7.26.3.6 A These regulations set out rights that the department expects all providers of services to individuals with developmental disabilities to respect. These regulations are intended to complement the department's Client Complaint Procedures (7 NMAC 26.4) [now 7.26.4 NMAC]. **NMAC 7.26.3.13 Client Complaint Procedure Available.** A complainant may initiate a complaint as provided in the client complaint procedure to resolve complaints alleging that a service provider has violated a client's rights as described in Section 10 [now 7.26.3.10 NMAC]. The department will enforce remedies for substantiated complaints of violation of a client's rights as provided in client complaint procedure. [09/12/94; 01/15/97; Recompiled 10/31/01] **NMAC 7.26.4.13 Complaint Process:** **A. (2).** The service provider's complaint or grievance procedure shall provide, at a minimum, that: **(a)** the client is notified of the service provider's complaint or grievance procedure	Based on record review, the Agency did not provide documentation, the complaint procedure had been made available to individuals or their legal guardians for 1 of 17 individuals. Review of the Agency individual case files revealed the following items were not found and/or incomplete: **Grievance/Complaint Procedure Acknowledgement:** • Not found (#17)	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?)*: → **Provider:** **Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here** *(What is going to be done? Tag # 1A31 Client Rights/Human Rights	Condition of Participation Level Deficiency		
NMAC 7.26.3.11 RESTRICTIONS OR LIMITATION OF CLIENT'S RIGHTS: A. A service provider shall not restrict or limit a client's rights except: (1) where the restriction or limitation is allowed in an emergency and is necessary to prevent imminent risk of physical harm to the client or another person; or (2) where the interdisciplinary team has determined that the client's limited capacity to exercise the right threatens his or her physical safety; or (3) as provided for in Section 10.1.14 [now Subsection N of 7.26.3.10 NMAC]. B. Any emergency intervention to prevent physical harm shall be reasonable to prevent harm, shall be the least restrictive intervention necessary to meet the emergency, shall be allowed no longer than necessary and shall be subject to interdisciplinary team (IDT) review. The IDT upon completion of its review may refer its findings to the office of quality assurance. The emergency intervention may be subject to review by the service provider's behavioral support committee or human rights committee in accordance with the behavioral support policies or other department regulation or policy. C. The service provider may adopt reasonable program policies of general applicability to clients served by that service provider that do not violate client rights. [09/12/94; 01/15/97; Recompiled 10/31/01] Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 **Chapter 2: Human Rights:** Civil rights apply to everyone, including all waiver participants, family members, guardians, natural supports, and Provider Agencies. Everyone has a	After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review, the Agency did not ensure the rights of Individuals was not restricted or limited for 1 of 17 Individuals. A review of Agency Individual files indicated Human Rights Committee Approval was required for restrictions. **No documentation was found regarding Human Rights Approval for the following:** • Locked Sharps - No evidence found of Human Rights Committee approval. (Individual #6)	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?)*: →	

responsibility to make sure those rights are not violated. All Provider Agencies play a role in person-centered planning (PCP) and have an obligation to contribute to the planning process, always focusing on how to best support the person. **Chapter 3 Safeguards: 3.3.1 HRC Procedural Requirements:** 1. An invitation to participate in the HRC meeting of a rights restriction review will be given to the person (regardless of verbal or cognitive ability), his/her guardian, and/or a family member (if desired by the person), and the Behavior Support Consultant (BSC) at least 10 working days prior to the meeting (except for in emergency situations). If the person (and/or the guardian) does not wish to attend, his/her stated preferences may be brought to the meeting by someone whom the person chooses as his/her representative. 2. The Provider Agencies that are seeking to temporarily limit the person's right(s) (e.g., Living Supports, Community Inclusion, or BSC) are required to support the person's informed consent regarding the rights restriction, as well as their timely participation in the review. 3. The plan's author, designated staff (e.g., agency service coordinator) and/or the CM makes a written or oral presentation to the HRC. 4. The results of the HRC review are reported in writing to the person supported, the guardian, the BSC, the mental health or other specialized therapy provider, and the CM within three working days of the meeting. 5. HRC committees are required to meet at least on a quarterly basis. 6. A quorum to conduct an HRC meeting is at least three voting members eligible to vote in each situation and at least one must be a community member at large. 7. HRC members who are directly involved in the services provided to the person must excuse			

themselves from voting in that situation. Each HRC is required to have a provision for emergency approval of rights restrictions based upon credible threats of harm against self or others that may arise between scheduled HRC meetings (e.g., locking up sharp knives after a serious attempt to injure self or others or a disclosure, with a credible plan, to seriously injure or kill someone). The confidential and HIPAA compliant emergency meeting may be via telephone, video or conference call, or secure email. Procedures may include an initial emergency phone meeting, and a subsequent follow-up emergency meeting in complex and/or ongoing situations. 8. The HRC with primary responsibility for implementation of the rights restriction will record all meeting minutes on an individual basis, i.e., each meeting discussion for an individual will be recorded separately, and minutes of all meetings will be retained at the agency for at least six years from the final date of continuance of the restriction. **3.3.3 HRC and Behavioral Support:** The HRC reviews temporary restrictions of rights that are related to medical issues or health and safety considerations such as decreased mobility (e.g., the use of bed rails due to risk of falling during the night while getting out of bed). However, other temporary restrictions may be implemented because of health and safety considerations arising from behavioral issues. Positive Behavioral Supports (PBS) are mandated and used when behavioral support is needed and desired by the person and/or the IDT. PBS emphasizes the acquisition and maintenance of positive skills (e.g. building healthy relationships) to increase the person's quality of life understanding that a natural reduction in other challenging behaviors will follow. At times, aversive interventions may be temporarily included as a part of a person's			

behavioral support (usually in the BCIP), and therefore, need to be reviewed prior to implementation as well as periodically while the restrictive intervention is in place. PBSPs not containing aversive interventions do not require HRC review or approval. Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. **3.3.4 Interventions Requiring HRC Review and Approval:** HRCs must review prior to implementation, any plans (e.g. ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; 5. routine use of emergency hospitalization procedures as part of a BCIP; 6. use of point systems; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost or failure to earn components; 8. a 1:1 staff to person ratio for behavioral reasons, or, very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of PRN psychotropic medications; 10. use of protective devices for behavioral purposes (e.g., helmets for head banging, Posey gloves for biting hand); 11. use of bed rails; 12. use of a device and/or monitoring system through PST may impact the person's privacy or other rights; or 13. use of any alarms to alert staff to a person's whereabouts. **3.4 Emergency Physical Restraint (EPR):** Every person shall be free from the use of			

restrictive physical crisis intervention measures that are unnecessary. Provider Agencies who support people who may occasionally need intervention such as Emergency Physical Restraint (EPR) are required to institute procedures to maximize safety. **3.4.5 Human Rights Committee:** The HRC reviews use of EPR. The BCIP may not be implemented without HRC review and approval whenever EPR or other restrictive measure(s) are included. Provider Agencies with an HRC are required to ensure that the HRCs: 1. participate in training regarding required constitution and oversight activities for HRCs; 2. review any BCIP, that include the use of EPR; 3. occur at least annually, occur in any quarter where EPR is used, and occur whenever any change to the BCIP is considered; 4. maintain HRC minutes approving or disallowing the use of EPR as written in a BCIP; and 5. maintain HRC minutes of meetings reviewing the implementation of the BCIP when EPR is used.			

Tag # 1A33 Board of Pharmacy: Med. Storage	Standard Level Deficiency		
New Mexico Board of Pharmacy Model Custodial Drug Procedures Manual **E. Medication Storage:** 1. Prescription drugs will be stored in a locked cabinet and the key will be in the care of the administrator or designee. 2. Drugs to be taken by mouth will be separate from all other dosage forms. 3. A locked compartment will be available in the refrigerator for those items labeled "Keep in Refrigerator." The temperature will be kept in the 36°F - 46°F range. An accurate thermometer will be kept in the refrigerator to verify temperature. 4. Separate compartments are required for each resident's medication. 5. All medication will be stored according to their individual requirement or in the absence of temperature and humidity requirements, controlled room temperature (68-77°F) and protected from light. Storage requirements are in effect 24 hours a day. 6. Medication no longer in use, unwanted, outdated, or adulterated will be placed in a quarantine area in the locked medication cabinet and held for destruction by the consultant pharmacist. **8. References** A. Adequate drug references shall be available for facility staff **H. Controlled Substances (Perpetual Count Requirement)** 1. Separate accountability or proof-of-use sheets shall be maintained, for each controlled substance, indicating the following information: a. date b. time administered	Based on observation and interview, the Agency did not to ensure proper storage of medication for 1 of 17 individuals. Observation included: Individual #1 • Medications for the Individual were found in a weekly pill box and not kept in their original containers. *Per NMAC 16.19.11 Drug Control - Medications for each patient shall be kept and stored in their originally received containers and stored in separate compartments. Transfer between containers is forbidden.* **When asked who was responsible for separating the medication into the pill box, the following was reported:** • DSP #601 stated, "I fill the box 1 time a week." (Individual #1). **When the Agency Administrator was asked about policies and procedures regarding Medication Assessment and Delivery, the following was reported:** • #701 stated, "We follow Board of Pharmacy Storage Policy for everyone straight across the board." *Per the Board of Pharmacy regulations D. Administration of Drugs, any medications removed from the pharmacy container or blister pack must be given immediately and documented by the person administering or assisting with self-administration.*	**Provider:** **State your Plan of Correction for the deficiencies cited in this tag here** *(How is the deficiency going to be corrected? from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid. **21.9 Billable Units**: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units. **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months. 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows: a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%). b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year. **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:			

1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit. **21.9.3 Requirements for 15-minute and hourly units:** For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

Survey Type: Routine

Dear Cruz Maria Rojas;

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.
Sincerely,

Amanda Castañeda

Amanda Castañeda
Health Program Manager/Plan of Correction Coordinator
Quality Management Bureau/DHI
