Dear Ms. Kathey Phoenix-Doyle

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Non-Compliance</u>: This determination is based on noncompliance with 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The

DIVISION OF HEALTH IMPROVEMENT 5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • <u>http://www.dhi.health.state.nm.us</u>

QMB Report of Findings - La Vida Felicidad, Inc. - Metro. Northwest & Southwest - April 19 - 25, 2019

attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # IS14 CCS/CIES Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare requirements)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A37 Individual Specific Training
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)
- Tag # 1A31 Client Rights/Human Rights

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # 1A32.3 Individual Service Plan Implementation (Inclusion Service Site Implementation)
- Tag # IS14.1 CCS/CIES Service Delivery Site Case File (Other Required Documentation)
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Required Documentation)
- Tag # 1A26 Consolidated On-line Registry/Employee Abuse Registry
- Tag # 1A43.1 General Events Reporting Individual Reporting
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # LS06 Family Living Requirements
- Tag # LS25 Residential Health and Safety (Supported Living & Family Living)
- Tag # LS27 Family Living Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

 How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e. file reviews, etc.)
- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

QMB Report of Findings - La Vida Felicidad, Inc. - Metro. Northwest & Southwest - April 19 - 25, 2019

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

1. Quality Management Bureau, Attention: Amanda Castaneda, Plan of Correction Coordinator 1170 North Solano Suite D Las Cruces, New Mexico 88001

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (<u>Lisa.medina-lujan@state.nm.us</u>) OR Jennifer Goble (<u>Jennifer.goble2@state.nm.us</u>)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

QMB Report of Findings - La Vida Felicidad, Inc. - Metro. Northwest & Southwest - April 19 - 25, 2019

Please call the Plan of Correction Coordinator Amanda Castaneda at 575-373-5716 if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Wolf Krusemark, BFA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C). *Instructions for Completing Agency POC:*

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

QMB Report of Findings - La Vida Felicidad, Inc. - Metro. Northwest & Southwest - April 19 - 25, 2019

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: <u>Instruction or in-service of staff alone may not be a sufficient plan of correction.</u> This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- For questions about the POC process, call the POC Coordinator, Amanda Castaneda at 575-373-5716 or email at <u>AmandaE.Castaneda@state.nm.us</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Amanda Castaneda, POC Coordinator in any of the following ways:
 - a. Electronically at <u>AmandaE.Castaneda@state.nm.us</u> (preferred method)
 - b. Fax to 575-528-5019, or
 - c. Mail to POC Coordinator, 1170 North Solano Ste D, Las Cruces, New Mexico 88001
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

QMB Report of Findings – La Vida Felicidad, Inc. – Metro. Northwest & Southwest – April 19 - 25, 2019

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

- 1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.
- It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

• **1A20** - Direct Support Personnel Training

QMB Report of Findings – La Vida Felicidad, Inc. – Metro. Northwest & Southwest – April 19 - 25, 2019

- **1A22** Agency Personnel Competency
- **1A37** Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- **1A25.1** Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- **1A09** Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Documentation Nurse Availability
- **1A31** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- 1. The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Deputy Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings.
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Crystal Lopez-Beck at <u>Crystal.Lopez-Beck@state.nm.us</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more Standard Level Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Required Documents) Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. 3. Pr	 Based on record review, the Agency did not maintain a complete and confidential case file at the administrative office for 2 of 12 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current: Physical Therapy Plan (Therapy Intervention Plan TIP) Not Current (#9) IDT Meeting Minutes Not Found (#6) 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

contractors on behalf of each person, including any	
routine notes or data, annual assessments, semi-	
annual reports, evidence of training	
provided/received, progress notes, and any other	
interactions for which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of service	
delivery, as well as data tracking only for the	
services provided by their agency.	
6. The current Client File Matrix found in Appendix	
A Client File Matrix details the minimum	
requirements for records to be stored in agency	
office files, the delivery site, or with DSP while	
providing services in the community.	
7. All records pertaining to JCMs must be retained	
permanently and must be made available to DDSD	
upon request, upon the termination or expiration of	
a provider agreement, or upon provider withdrawal	
from services.	
20.5.1 Individual Data Form (IDF):	
The Individual Data Form provides an overview of	
demographic information as well as other key	
personal, programmatic, insurance, and health	
related information. It lists medical information;	
assistive technology or adaptive equipment;	
diagnoses; allergies; information about whether a	
guardian or advance directives are in place;	
information about behavioral and health related	
needs; contacts of Provider Agencies and team	
members and other critical information. The IDF	
automatically loads information into other fields	
and forms and must be complete and kept current.	
This form is initiated by the CM. It must be opened	
and continuously updated by Living Supports,	
CCS- Group, ANS, CIHS and case management	
when applicable to the person in order for accurate	
data to auto populate other documents like the	
Health Passport and Physician Consultation Form.	
Although the Primary Provider Agency is ultimately	
responsible for keeping this form current, each	
provider collaborates and communicates critical	
provider conduction and communicated ontiod	

information to update this form.		
Chapter 3: Safeguards 3.1.2 Team Justification		
Process: DD Waiver participants may receive		
evaluations or reviews conducted by a variety of		
professionals or clinicians. These evaluations or		
reviews typically include recommendations or		
suggestions for the person/guardian or the team to		
consider. The team justification process includes:		
1. Discussion and decisions about non-health		
related recommendations are documented on the		
Team Justification form.		
2. The Team Justification form documents that the		
person/guardian or team has considered the		
recommendations and has decided:		
a. to implement the recommendation;		
b. to create an action plan and revise the ISP, if		
necessary; or		
c. not to implement the recommendation currently.		
3. All DD Waiver Provider Agencies participate in		
information gathering, IDT meeting attendance,		
and accessing supplemental resources if needed		
and desired.		
4. The CM ensures that the Team Justification		
Process is followed and complete.		
Developmental Disabilities (DD) Waiver Service

6.8 ISP Implementation and Monitoring: All	
DD Waiver Provider Agencies with a signed	
SFOC are required to provide services as	
detailed in the ISP. The ISP must be readily	
accessible to Provider Agencies on the	
approved budget. (See Chapter 20: Provider	
Documentation and Client Records.) CMs	
facilitate and maintain communication with the	
person, his/her representative, other IDT	
members, Provider Agencies, and relevant	
parties to ensure that the person receives the	
maximum benefit of his/her services and that	
revisions to the ISP are made as needed. All DD	
Waiver Provider Agencies are required to	
cooperate with monitoring activities conducted	
by the CM and the DOH. Provider Agencies are	
required to respond to issues at the individual	
level and agency level as described in Chapter	
16: Qualified Provider Agencies.	
Chapter 20: Provider Documentation and	
Client Records 20.2 Client Records	
Requirements: All DD Waiver Provider	
Agencies are required to create and maintain	
individual client records. The contents of client	
records vary depending on the unique needs of	
the person receiving services and the resultant	
information produced. The extent of	
documentation required for individual client	
records per service type depends on the location	
of the file, the type of service being provided,	
and the information necessary.	

·	· · · · · · · · · · · · · · · · · · ·	
DD Waiver Provider Agencies are required to		
adhere to the following:		
1. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of the		
person during the provision of the service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the Therap		
web-based system using computers or mobile		
devices is acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses, RDs,		
therapists or BSCs are present in all needed		
settings.		
4. Provider Agencies must maintain records of		
all documents produced by agency personnel or		
contractors on behalf of each person, including		
any routine notes or data, annual assessments,		
semi-annual reports, evidence of training		
provided/received, progress notes, and any		
other interactions for which billing is generated.		
5. Each Provider Agency is responsible for maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only for		
the services provided by their agency.

Tag # 1A32.3 Individual Service Plan Implementation (Inclusion Service Site Implementation)	Standard Level Deficiency		
 NMAC 7.26.5.14 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - CONTENT OF INDIVIDUAL SERVICE PLANS: Each ISP shall contain. A. Demographic information: The individual's name, age, date of birth, important identification numbers (i.e., Medicaid, Medicare, social security numbers), level of care address, phone number, guardian information (if applicable), physician name and address, primary care giver or service provider(s), date of the ISP meeting (either annual, or revision), scheduled month of next annual ISP meeting, and team members in attendance. B. Long term vision: The vision statement shall be recorded in the individual's actual words, whenever possible. For example, in a long term vision statement, the individual may describe him or herself living and working independently in the community. C. Outcomes: (1) The IDT has the explicit responsibility of identifying reasonable services and supports needed to assist the individual in achieving the desired outcome and long term vision. The IDT determines the intensity, frequency, duration, location and method of delivery of needed services and supports. All IDT members may generate suggestions and assist the individual in communicating and developing outcomes. Outcome shall be prioritized in the ISP. (2) Outcomes planning shall also be written in the individual's own words, whenever possible. Outcomes shall be prioritized in the ISP. (2) Outcomes planning shall be implemented in one or more of the four "life areas" (work or leisure activities, health or development of relationships) and address as appropriate home environment, vocational, educational, communication, self-care, leisure/social, community resource use, safety, psychological/behavioral and medical/health outcomes. The IDT shall assure that the outcomes 	did not implement the ISP according to the timelines determined by the IDT and as specified in the ISP for each stated desired outcomes and action plan for 1 of 6 individuals. What steps will be taken if issues are found?): \rightarrow	
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of	• Individual #7 - Report not completed 14 days prior to the Annual ISP meeting. (<i>Semi-Annual Report 7/2/2018 - 9/30/2018; Date Completed: 11/20/2018; ISP meeting held on 10/29/2018).</i>		
the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location	 Individual #8 - None found for 1/2019 - 3/2019. (Term of ISP 7/1/2018 - 6/30/2019. ISP meeting held on 4/5/2019). 		
of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following:	 None found for 10/2018 - 12/2018. Report covered 7/2018 - 9/2018. (Term of ISP 7/1/2018 - 6/30/2019. (Per regulations reports must coincide with ISP term). 		

 Client records must contain all documents essential to the service being provided and essential to ensuring the health and safety of the person during the provision of the service. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web-based system using computers or mobile devices is acceptable. Provider Agencies are responsible for ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency. The current Client File Matrix found in Appendix A Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. 	 Individual #9 - Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 3/2018; 6/2018; Date Completed: 4/24/2019; ISP meeting held on 6/26/2018). Individual #11 - Report not completed 14 days prior to the Annual ISP meeting. (Semi-Annual Report 6/2018; ISP meeting held on 9/6/2018). 	
Requirements: 19.5 Semi-Annual Reporting: The semi-annual report provides status updates		

to life circumstances, health, and progress	
toward ISP goals and/or goals related to	
professional and clinical services provided	
through the DD Waiver. This report is submitted	
to the CM for review and may guide actions	
taken by the person's IDT if necessary. Semi-	
annual reports may be requested by DDSD for	
QA activities.	
Semi-annual reports are required as follows:	
1. DD Waiver Provider Agencies, except AT,	
EMSP, Supplemental Dental, PRSC, SSE and	
Crisis Supports, must complete semi-annual	
reports.	
2. A Respite Provider Agency must submit a	
semi-annual progress report to the CM that	
describes progress on the Action Plan(s) and	
Desired Outcome(s) when Respite is the only	
service included in the ISP other than Case	
Management for an adult age 21 or older.	
3. The first semi-annual report will cover the time	
from the start of the person's ISP year until the	
end of the subsequent six-month period (180	
calendar days) and is due ten calendar days	
after the period ends (190 calendar days).	
4. The second semi-annual report is integrated	
into the annual report or professional	
assessment/annual re-evaluation when	
applicable and is due 14 calendar days prior to	
the annual ISP meeting.	
5. Semi-annual reports must contain at a	
minimum written documentation of:	
a. the name of the person and date on each	
page;	
b. the timeframe that the report covers;	
c. timely completion of relevant activities from	
ISP Action Plans or clinical service goals during	
timeframe the report is covering;	
d. a description of progress towards Desired	
Outcomes in the ISP related to the service	
provided;	
e. a description of progress toward any service	

specific or treatment goals when applicable (e.g.		
health related goals for nursing);		
f. significant changes in routine or staffing if		
applicable;		
g. unusual or significant life events, including		
significant change of health or behavioral health		
condition;		
h. the signature of the agency staff responsible		
for preparing the report: and		
i. any other required elements by service type that are detailed in these standards.		
that are detailed in these standards.

minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and Secondary		
Provider Agencies must use the Health Passport		
and Physician Consultation form from the		
Therap system. This standardized document		
contains individual, physician and emergency		
contact information, a complete list of current		
medical diagnoses, health and safety risk		
factors, allergies, and information regarding		
insurance, guardianship, and advance		
directives. The Health Passport also includes a		
standardized form to use at medical		
appointments called the Physician Consultation		
form. The Physician Consultation form contains		
a list of all current medications. Requirements		
for the Health Passport and Physician		
Consultation form are:		
2. The Primary and Secondary Provider		
Agencies must ensure that a current copy of the		
Health Passport and Physician Consultation		
forms are printed and available at all service		
delivery sites. Both forms must be reprinted and		
placed at all service delivery sites each time the		
e-CHAT is updated for any reason and		
whenever there is a change to contact		
information contained in the IDF.		

Chapter 13: Nursing Services: 13.2.9	
Healthcare Plans (HCP):	
1. At the nurse's discretion, based on prudent	
nursing practice, interim HCPs may be	
developed to address issues that must be	
implemented immediately after admission,	
readmission or change of medical condition to	
provide safe services prior to completion of the	
e-CHAT and formal care planning process. This	
includes interim ARM plans for those persons	
newly identified at moderate or high risk for	
aspiration. All interim plans must be removed if	
the plan is no longer needed or when final HCP	
including CARMPs are in place to avoid	
duplication of plans.	
2. In collaboration with the IDT, the agency	
nurse is required to create HCPs that address all	
the areas identified as required in the most	
current e-CHAT summary	
13.2.10 Medical Emergency Response Plan	
(MERP):	
1. The agency nurse is required to develop a	
Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT	
summary report. The agency nurse should use	
her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine	
whether shown as "C" in the e-CHAT summary	
report or other conditions also warrant a MERP.	
2. MERPs are required for persons who have	
one or more conditions or illnesses that present	
a likely potential to become a life-threatening	
situation.	
Situation.

Supports.		going to affect? How often will this be completed?	
1. DSP/DSS must successfully:		Who is responsible? What steps will be taken if	
a. Complete IST requirements in accordance		issues are found?): \rightarrow	
with the specifications described in the ISP of			
each person supported and as outlined in 17.10			
Individual-Specific Training below.			
b. Complete training on DOH-approved ANE			
reporting procedures in accordance with NMAC			
7.1.14			
c. Complete training in universal precautions.			
The training materials shall meet Occupational			
Safety and Health Administration (OSHA)			
requirements d. Complete and maintain certification in First			
Aid and CPR. The training materials shall meet			
OSHA requirements/guidelines.			
e. Complete relevant training in accordance with			
OSHA requirements (if job involves exposure to			
hazardous chemicals).			
f. Become certified in a DDSD-approved system			
of crisis prevention and intervention (e.g.,			
MANDT, Handle with Care, CPI) before using			
EPR. Agency DSP and DSS shall maintain			

certification in a DDSD-approved system if any		
person they support has a BCIP that includes		
the use of EPR.		
g. Complete and maintain certification in a		
DDSD-approved medication course if required to		
assist with medication delivery.		
h. Complete training regarding the HIPAA.		
2. Any staff being used in an emergency to fill in		
or cover a shift must have at a minimum the		
DDSD required core trainings and be on shift		
with a DSP who has completed the relevant IST.		
17.10 Individual-Specific Training: The		
following are elements of IST: defined standards		
of performance, curriculum tailored to teach		
skills and knowledge necessary to meet those		
standards of performance, and formal		
examination or demonstration to verify		
standards of performance, using the established		
DDSD training levels of awareness, knowledge,		
and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of		
information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.		
Reaching a knowledge level may take the form		
of observing a plan in action, reading a plan		
more thoroughly, or having a plan described by		
the author or their designee. Verbal or written		
recall or demonstration may verify this level of		
competence.		
Reaching a skill level involves being trained by		
a therapist, nurse, designated or experienced		
designated trainer. The trainer shall demonstrate		
the techniques according to the plan. Then they observe and provide feedback to the trainee as		
they implement the techniques. This should be		
repeated until competence is demonstrated.		
Demonstration of skill or observed		
Demonstration of skill of observed		

implementation of the techniques or strategies		
verifies skill level competence. Trainees should		
be observed on more than one occasion to		
ensure appropriate techniques are maintained		
and to provide additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete IST		
requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
1. IST must be arranged and conducted at least		
annually. IST includes training on the ISP		
Desired Outcomes, Action Plans, strategies, and		
information about the person's preferences		
regarding privacy, communication style, and		
routines. More frequent training may be		
necessary if the annual ISP changes before the		
year ends.		
2. IST for therapy-related WDSI, HCPs, MERPs,		
CARMPs, PBSA, PBSP, and BCIP, must occur		
at least annually and more often if plans change,		
or if monitoring by the plan author or agency		
finds incorrect implementation, when new DSP		
or CM are assigned to work with a person, or		
when an existing DSP or CM requires a		
refresher.		
3. The competency level of the training is based		
on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.		
5. Provider Agencies are responsible for tracking		
of IST requirements.		
6. Provider Agencies must arrange and ensure		
that DSP's are trained on the contents of the		
plans in accordance with timelines indicated in		
the Individual-Specific Training Requirements:		
Support Plans section of the ISP and notify the		
plan authors when new DSP are hired to		
arrange for trainings.		
7. If a therapist, BSC, nurse, or other author of a		

plan, healthcare or otherwise, chooses to			
designate a trainer, that person is still			
responsible for providing the curriculum to the			
designated trainer. The author of the plan is also			
responsible for ensuring the designated trainer			
is verifying competency in alignment with their			
curriculum, doing periodic quality assurance			
checks with their designated trainer, and re-			
certifying the designated trainer at least annually			
and/or when there is a change to a person's			
plan.			
17.10.1 IST Training Rosters: IST Training			
Rosters are required for all IST trainings:			
1. IST Training Rosters must include:			
a. the name of the person receiving DD Waiver			
services;			
b. the date of the training;			
c. IST topic for the training;			
d. the signature of each trainee;			
e. the role of each trainee (e.g., CIHS staff, CIE			
staff, family, etc.); and			
f. the signature and title or role of the trainer.			
2. A competency based training roster (required			
for CARMPs) includes all information above but			
also includes the level of training (awareness,			
knowledge, or skilled) the trainee has attained.			
(See Chapter 5.5 Aspiration Risk Management			
for more details about CARMPs.)			
3. A copy of the training roster is submitted to			
the agency employing the staff trained within			
seven calendar days of the training date. The			
original is retained by the trainer.

Tag # 1A43.1 General Events Reporting - Individual Reporting	Standard Level Deficiency		
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. 4. GER does not replace a Provider Agency's obligations to report ANE or other reportable incidents as described in Chapter 18: Incident Management System. 5. GER does not replace a Provider Agency's obligations to the ISP, or any other risk management and QI activities. 	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 1 of 12 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe: Individual #6 • General Events Report (GER) indicates on 3/13/2019 the Individual utilized 911/EMS Services. GER was approved on 3/18/2019.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

Appendix B GER Requirements: DDSD is	
pleased to introduce the revised General Events	
Reporting (GER), requirements. There are two	
important changes related to medication error	
reporting:	
1. Effective immediately, DDSD requires ALL	
medication errors be entered into Therap GER with	
the exception of those required to be reported to	
Division of Health Improvement-Incident	
Management Bureau.	
2. No alternative methods for reporting are	
permitted.	
The following events need to be reported in the	
Therap GER:	
- Emergency Room/Urgent Care/Emergency	
Medical Services	
- Falls Without Injury	
- Injury (including Falls, Choking, Skin Breakdown	
and Infection)	
- Law Enforcement Use	
- Medication Errors	
- Medication Documentation Errors	
- Missing Person/Elopement	
- Out of Home Placement- Medical: Hospitalization,	
Long Term Care, Skilled Nursing or Rehabilitation	
Facility Admission	
- PRN Psychotropic Medication	
- Restraint Related to Behavior	
- Suicide Attempt or Threat	
Entry Guidance: Provider Agencies must complete	
the following sections of the GER with detailed	
information: profile information, event information,	
other event information, general information,	
notification, actions taken or planned, and the	
review follow up comments section. Please attach	
any pertinent external documents such as	
discharge summary, medical consultation form,	
etc. Provider Agencies must enter and approve	
GERs within 2 business days with the exception of	
Medication Errors which must be entered into GER	
on at least a monthly basis.	

Service Domain: Health and Welfare - The state, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and
exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

exploitation. Individuals shall be afforded their ba	sic human rights. The provider supports individuals	s to access needed healthcare services in a timely r	nanner.
Tag # 1A03 Continuous Quality	Standard Level Deficiency		
Improvement System & Key Performance			
Indicators (KPIs)			
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 22:Quality Improvement Strategy (QIS): A QIS at the provider level is directly linked to the organization's service delivery approach or underlying provision of services. To achieve a higher level of performance and improve quality, an organization is required to have an efficient and effective QIS. The QIS is required to follow four key principles: 1. quality improvement work in systems and processes; 2. focus on participants; 3. focus on being part of the team; and 4. focus on use of the data. As part of a QIS, Provider Agencies are required to evaluate their performance based on the four key principles outlined above. Provider Agencies are required to identify areas of improvement, issues that impact quality of services, and areas of non- compliance with the DD Waiver Service Standards or any other program requirements. The findings should help inform the agency's QI plan.	 Based on record review, the Agency did not maintain or implement a Quality Improvement System (QIS), as required by standards. Review of information found: Review of the findings identified during the on-site survey 4/22 – 25, 2019 and as reflected in this report of findings, the Agency had multiple deficiencies noted, including Conditions of Participation out of compliance, which indicates the CQI plan provided by the Agency was not being used to successfully identify and improve systems within the agency. 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
22.2 QI Plan and Key Performance Indicators <i>(KPI):</i> Findings from a discovery process should result in a QI plan. The QI plan is used by an agency to continually determine whether the agency is performing within program requirements, achieving goals, and identifying opportunities for improvement. The QI plan describes the processes that the Provider Agency uses in each phase of the QIS:			

discovery, remediation, and sustained	
improvement. It describes the frequency of data	
collection, the source and types of data	
gathered, as well as the methods used to	
analyze data and measure performance. The QI	
plan must describe how the data collected will	
be used to improve the delivery of services and	
must describe the methods used to evaluate	
whether implementation of improvements is	
working. The QI plan shall address, at minimum,	
three key performance indicators (KPI). The KPI	
are determined by DOH-DDSQI) on an annual	
basis or as determined necessary.	
22.3 Implementing a QI Committee:	
A QI committee must convene on at least a	
quarterly basis and more frequently if needed.	
The QI Committee convenes to review data; to	
identify any deficiencies, trends, patterns, or	
concerns; to remedy deficiencies; and to	
identify opportunities for QI. QI Committee	
meetings must be documented and include a	
review of at least the following:	
1. Activities or processes related to discovery,	
i.e., monitoring and recording the findings;	
2. The entities or individuals responsible for	
conducting the discovery/monitoring process;	
3. The types of information used to measure	
performance;	
4. The frequency with which performance is	
measured; and	
5. The activities implemented to improve	
performance.	
22.4 Preparation of an Annual Report:	
The Provider Agency must complete an	
annual report based on the quality assurance	
(QA) activities and the QI Plan that the	
agency has implemented during the year.	
The annual report shall:	
1. Be submitted to the DDSD PEU by February	
15th of each calendar year.	

 Be kept on file at the agency, and made available to DOH, including DHI upon request. 		
 Address the Provider Agency's QA or compliance with at least the following: 		
a. compliance with DDSD Training		
Requirements;		
 b. compliance with reporting requirements, including reporting of ANE; 		
 c. timely submission of documentation for budget development and approval; 		
 d. presence and completeness of required documentation; 		
e. compliance with CCHS, EAR, and Licensing requirements as applicable; and		
f. a summary of all corrective plans		
implemented over the last 24 months, demonstrating closure with		
any deficiencies or findings as well		
as ongoing compliance and		
sustainability. Corrective plans include but are not limited to:		
i. IQR findings;		
ii. CPA Plans related to ANE reporting;		
iii. POCs related to QMB compliance		
surveys; and		
iv. PIPs related to Regional Office		
Contract Management.		
4. Address the Provider Agency QI with at least the following:		
a. data analysis related to the DDSD required KPI; and		
b. the five elements required to be		
discussed by the QI committee each quarter.		
NMAC 7.1.14.8 INCIDENT MANAGEMENT		
SYSTEM REPORTING REQUIREMENTS FOR		
COMMUNITY-BASED SERVICE PROVIDERS:		

F. Quality assurance/quality improvement program for community-based service providers shall establish and implement a quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall provide the following internal monitoring and facilitating quality improvement program: (1) community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements; (2) community-based service providers (3) community-based service providers providing intellectual and developmental disabilities services must have a designated incident management condinator in place; and (3) community-based service providers providing intellectual and developmental disabilities services must have a nicident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident renops for the purpose of examining internal root causes, and to take action on identified issues.		
providers: The community-based service provider shall establish and implement a quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the departments; (2) community-based service providers providing intellectual and developmental disabilities services must have a neisignated incident management coordinator in place; and (3) community-based service providers providing intellectual and developmental disabilities services must have a neisignated incident management coordinator in place; and (3) community-based service providers providing inte

Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up	Condition of Participation Level Deficiency		
 Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 1. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from the Primary Care Practitioner, Specialists or other licensed medical or healthcare practitioners such as a Nurse Practitioner (NP or CNP), Physician Assistant (PA) or Dentist; b. clinical recommendations made by registered/licensed clinicians who are either members of the IDT or clinicians who have performed an evaluation such as a video- fluoroscopy; c. health related recommendations or suggestions from oversight activities; and d. recommendations made through a Healthcare Plan (HCP), including a Comprehensive Aspiration Risk Management Plan (CARMP), or another plan. 2. When the person/guardian disagrees with a recommendation or does not agree with the 	 After an analysis of the evidence it has been determined there is a significant potential for a negative outcome to occur. Based on record review and interview, the Agency did not provide documentation of annual physical examinations and/or other examinations as specified by a licensed physician for 4 of 12 individuals receiving Living Care Arrangements and Community Inclusion. Review of the administrative individual case files revealed the following items were not found, incomplete, and/or not current: Living Care Arrangements / Community Inclusion (Individuals Receiving Multiple Services): Annual Physical: Not Found (#2, 10) Dental Exam: Individual #11 - As indicated by collateral documentation reviewed, exam was completed in 6 months. No evidence of follow-up found. (Note: Appointment scheduled 4/30/2018.) Neurology Exam: Individual #7 - As indicated by collateral documentation reviewed, exam was completed on 6/8/2018. Follow-up was to be completed in 6 months. No evidence of follow-up found. (Note: Appointment scheduled 4/30/2018.) 	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

implementation of that recommendation, Provider		
Agencies follow the DCP and attend the meeting		
coordinated by the CM. During this meeting:		
a. Providers inform the person/guardian of the		
rationale for that recommendation, so that the		
benefit is made clear. This will be done in layman's		
terms and will include basic sharing of information		
designed to assist the person/guardian with		
understanding the risks and benefits of the		
recommendation.		
b. The information will be focused on the specific		
area of concern by the person/guardian.		
Alternatives should be presented, when available,		
if the guardian is interested in considering other		
options for implementation.		
c. Providers support the person/guardian to make		
an informed decision.		
d. The decision made by the person/guardian		
during the meeting is accepted; plans are modified;		
and the IDT honors this health decision in every		
setting.		
setting.		
Chapter 20: Provider Documentation and Client		
Records:		
20.2 Client Records Requirements: All DD		
Waiver Provider Agencies are required to create		
and maintain individual client records. The		
contents of client records vary depending on the		
unique needs of the person receiving services and		
the resultant information produced. The extent of		
documentation required for individual client records		
per service type depends on the location of the file,		
the type of service being provided, and the		
information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
1. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of the		
person during the provision of the service.		
2. Provider Agencies must have readily accessible		

records through the Therap web based system	
using computers or mobile devices is acceptable.	
3. Provider Agencies are responsible for ensuring	
that all plans created by nurses, RDs, therapists or	
BSCs are present in all needed settings.	
4. Provider Agencies must maintain records of all	
documents produced by agency personnel or	
contractors on behalf of each person, including any	
routine notes or data, annual assessments, semi-	
annual reports, evidence of training	
provided/received, progress notes, and any other	
interactions for which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of service	
delivery, as well as data tracking only for the	
services provided by their agency.	
6. The current Client File Matrix found in Appendix	
A Client File Matrix details the minimum	
requirements for records to be stored in agency	
office files, the delivery site, or with DSP while	
providing services in the community.	
7. All records pertaining to JCMs must be retained	
permanently and must be made available to DDSD	
upon request, upon the termination or expiration of	
a provider agreement, or upon provider withdrawal	
from services.	
20.5.3 Health Passport and Physician	
Consultation Form: All Primary and Secondary	
Provider Agencies must use the Health Passport	
and Physician Consultation form from the Therap	
system. This standardized document contains	
individual, physician and emergency contact	
information, a complete list of current medical	
diagnoses, health and safety risk factors, allergies,	
and information regarding insurance, guardianship,	
and advance directives. The Health Passport also	
includes a standardized form to use at medical	
appointments called the Physician Consultation	
form. The Physician Consultation form contains a	
list of all current medications.	

Chapter 10: Living Care Arrangements (LCA)	
Living Supports-Supported Living: 10.3.9.6.1	
Monitoring and Supervision	
4. Ensure and document the following:	
a. The person has a Primary Care Practitioner.	
b. The person receives an annual physical	
examination and other examinations as	
recommended by a Primary Care Practitioner or	
specialist.	
c. The person receives annual dental check-ups	
and other check-ups as recommended by a	
licensed dentist.	
d. The person receives a hearing test as	
recommended by a licensed audiologist.	
e. The person receives eye examinations as	
recommended by a licensed optometrist or	
ophthalmologist.	
5. Agency activities occur as required for follow-up	
activities to medical appointments (e.g. treatment,	
visits to specialists, and changes in medication or	
daily routine).	
10.3.10.1 Living Care Arrangements (LCA)	
Living Supports-IMLS:	
10.3.10.2 General Requirements: 9 . Medical	
services must be ensured (i.e., ensure each	
person has a licensed Primary Care Practitioner	
and receives an annual physical examination,	
specialty medical care as needed, and annual	
dental checkup by a licensed dentist).	
Chapter 13 Nursing Services: 13.2.3 General	
Requirements:	
1. Each person has a licensed primary care	
practitioner and receives an annual physical	
examination and specialty medical/dental care as	
needed. Nurses communicate with these providers	
to share current health information.	
Developmental Dischilities (DD) Mature Contine	
Developmental Disabilities (DD) Waiver Service	
Standards effective 11/1/2012 revised 4/23/2013;	
6/15/2015 Chanter 6 (CCS) 2 Agency Requirementer	
Chapter 6 (CCS) 3. Agency Requirements:	

G. Consumer Records Policy: All Provider Agencies shall maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
Chapter 7 (CIHS) 3. Agency Requirements: E. Consumer Records Policy: All Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
Chapter 11 (FL) 3. Agency Requirements: D. Consumer Records Policy: All Family Living Provider Agencies must maintain at the administrative office a confidential case file for each individual. Provider agency case files for individuals are required to comply with the DDSD Individual Case File Matrix policy.		
 DEVELOPMENTAL DISABILITIES SUPPORTS DIVISION (DDSD): Director's Release: Consumer Record Requirements eff. 11/1/2012 III. Requirement Amendments(s) or Clarifications: A. All case management, living supports, customized in-home supports, community integrated employment and customized community supports providers must maintain records for individuals served through DD Waiver in accordance with the Individual Case File Matrix incorporated in this director's release. H. Readily accessible electronic records are accessible, including those stored through the Therap web-based system. 		

Healthcare Documentation (Therap and	Condition of Participation Level Deficiency		
Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019def (newChapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary. DD Waiver Provider Agencies are required to adhere to the following: 1. Client records must contain all documents essential to ensuring the health and safety of the person during the provision of the service. 2. Provider Agencies must have readily accessible records in home and community settings in paper or electronic form. Secure access to electronic records through the Therap web based system using computers or mobile devices is acceptable. 3. No evidence of a plan found.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only for		
the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be stored		
in agency office files, the delivery site, or with		
DSP while providing services in the community.		
All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
Chapter 3 Safeguards: 3.1.1 Decision		
Consultation Process (DCP): Health decisions		
are the sole domain of waiver participants, their		
guardians or healthcare decision makers.		
Participants and their healthcare decision		
makers can confidently make decisions that are		
compatible with their personal and cultural		
values. Provider Agencies are required to		
support the informed decision making of waiver		
participants by supporting access to medical		
consultation, information, and other available		
resources according to the following:		
1. The DCP is used when a person or his/her		
guardian/healthcare decision maker has		
concerns, needs more information about health-		
related issues, or has decided not to follow all or		
part of an order, recommendation, or		
suggestion. This includes, but is not limited to:		
a. medical orders or recommendations from the		
Primary Care Practitioner, Specialists or other		
licensed medical or healthcare practitioners		
such as a Nurse Practitioner (NP or CNP),		
Physician Assistant (PA) or Dentist;		
b. clinical recommendations made by		

registered/licensed clinicians who are either		
members of the IDT or clinicians who have		
performed an evaluation such as a video-		
fluoroscopy;		
c. health related recommendations or		
suggestions from oversight activities such as the		
Individual Quality Review (IQR) or other DOH		
review or oversight activities; and		
d. recommendations made through a Healthcare		
Plan (HCP), including a Comprehensive		
Aspiration Risk Management Plan (CARMP), or		
another plan.		
2. When the person/guardian disagrees with a		
recommendation or does not agree with the		
implementation of that recommendation,		
Provider Agencies follow the DCP and attend		
the meeting coordinated by the CM. During this		
meeting:		
a. Providers inform the person/guardian of the		
rationale for that recommendation, so that the		
benefit is made clear. This will be done in		
layman's terms and will include basic sharing of		
information designed to assist the		
person/guardian with understanding the risks and benefits of the recommendation.		
b. The information will be focused on the specific		
area of concern by the person/guardian.		
Alternatives should be presented, when		
available, if the guardian is interested in		
considering other options for implementation.		
c. Providers support the person/guardian to		
make an informed decision.		
d. The decision made by the person/guardian		
during the meeting is accepted; plans are		
modified; and the IDT honors this health		
decision in every setting.		
Chapter 13 Nursing Services:		
13.2.5 Electronic Nursing Assessment and		
Planning Process: The nursing assessment		

process includes several DDSD mandated tools:		
the electronic Comprehensive Nursing		
Assessment Tool (e-CHAT), the Aspiration Risk		
Screening Tool (ARST) and the Medication		
Administration Assessment Tool (MAAT) . This		
process includes developing and training Health		
Care Plans and Medical Emergency Response		
Plans.		
The following hierarchy is based on budgeted		
services and is used to identify which Provider		
Agency nurse has primary responsibility for		
completion of the nursing assessment process		
and related subsequent planning and training.		
Additional communication and collaboration for		
planning specific to CCS or CIE services may be		
needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
1. Living Supports: Supported Living, IMLS or		
Family Living via ANS;		
2. Customized Community Supports- Group;		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion with		
health-related needs; or		
b. if no residential services are budgeted but		
assessment is desired and health needs may		
exist.		
13.2.6 The Electronic Comprehensive Health		
Assessment Tool (e-CHAT)		
1. The e-CHAT is a nursing assessment. It may		
not be delegated by a licensed nurse to a non-		
licensed person.		
the IDT and other sources.		
3. An e-CHAT is required for persons in FL, SL,		
IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
 The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from members of the IDT and other sources. An e-CHAT is required for persons in FL, SL, IMLS, or CCS-Group. All other DD Waiver 		

desired by adding ANS hours for assessment	
and consultation to their budget.	
4. When completing the e-CHAT, the nurse is	
required to review and update the electronic	
record and consider the diagnoses, medications,	
treatments, and overall status of the person.	
Discussion with others may be needed to obtain	
critical information.	
5. The nurse is required to complete all the e-	
CHAT assessment questions and add additional	
pertinent information in all comment sections.	
13.2.7 Aspiration Risk Management	
Screening Tool (ARST)	
••••••••••••••••••••	
13.2.8 Medication Administration	
Assessment Tool (MAAT):	
1. A licensed nurse completes the DDSD	
Medication Administration Assessment Tool	
(MAAT) at least two weeks before the annual	
ISP meeting.	
2. After completion of the MAAT, the nurse will	
present recommendations regarding the level of	
assistance with medication delivery (AWMD) to	
the IDT. A copy of the MAAT will be sent to all	
the team members two weeks before the annual	
ISP meeting and the original MAAT will be	
retained in the Provider Agency records.	
3. Decisions about medication delivery are made	
by the IDT to promote a person's maximum	
independence and community integration. The	
IDT will reach consensus regarding which	
criteria the person meets, as indicated by the	
results of the MAAT and the nursing	
recommendations, and the decision is	
documented this in the ISP.	
13.2.9 Healthcare Plans (HCP):	
1. At the nurse's discretion, based on prudent	
nursing practice, interim HCPs may be	
developed to address issues that must be	
ueveloped to address issues that must be	

implemented immediately after admission,	
readmission or change of medical condition to	
provide safe services prior to completion of the	
e-CHAT and formal care planning process. This	
includes interim ARM plans for those persons	
newly identified at moderate or high risk for	
aspiration. All interim plans must be removed if	
the plan is no longer needed or when final HCP	
including CARMPs are in place to avoid	
duplication of plans.	
2. In collaboration with the IDT, the agency	
nurse is required to create HCPs that address all	
the areas identified as required in the most	
current e-CHAT summary report which is	
indicated by "R" in the HCP column. At the	
nurse's sole discretion, based on prudent	
nursing practice, HCPs may be combined where	
clinically appropriate. The nurse should use	
nursing judgment to determine whether to also	
include HCPs for any of the areas indicated by	
"C" on the e-CHAT summary report. The nurse	
may also create other HCPs plans that the nurse	
determines are warranted.	
13.2.10 Medical Emergency Response Plan	
(MERP):	
1. The agency nurse is required to develop a	
Medical Emergency Response Plan (MERP) for	
all conditions marked with an "R" in the e-CHAT	
summary report. The agency nurse should use	
her/his clinical judgment and input from the	
Interdisciplinary Team (IDT) to determine	
whether shown as "C" in the e-CHAT summary	
report or other conditions also warrant a MERP.	
2. MERPs are required for persons who have	
one or more conditions or illnesses that present	
a likely potential to become a life-threatening	
situation.	
Chapter 20: Provider Documentation and	
Client Records: 20.5.3 Health Passport and	

Physician Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This standardized		
document contains individual, physician and		
emergency contact information, a complete list		
of current medical diagnoses, health and safety		
risk factors, allergies, and information regarding		
insurance, guardianship, and advance		
directives. The Health Passport also includes a		
standardized form to use at medical		
appointments called the Physician Consultation		
form.		
Developmental Disabilities (DD) Waiver Service		
Standards effective 11/1/2012 revised		
4/23/2013; 6/15/2015		
Chapter 6 (CCS) 2. Service Requirements. E.		
The agency nurse(s) for Customized Community		
Supports providers must provide the following		
services: 1. Implementation of pertinent PCP		
orders; ongoing oversight and monitoring of the		
individual's health status and medically related		
supports when receiving this service;		
3. Agency Requirements: Consumer Records		
Policy: All Provider Agencies shall maintain at		
the administrative office a confidential case file		
for each individual. Provider agency case files		
for individuals are required to comply with the		
DDSD Individual Case File Matrix policy.		
Chapter 11 (FL) 3. Agency Requirements:		
D. Consumer Records Policy: All Family Living		
Provider Agencies must maintain at the		
administrative office a confidential case file for		
each individual. Provider agency case files for		
individuals are required to comply with the		
DDSD Individual Case File Matrix policy.		
I. Health Care Requirements for Family		
Living: 5. A nurse employed or contracted by		
the Family Living Supports provider must		
	I	

	1	
complete the e-CHAT, the Aspiration Risk		
Screening Tool, (ARST), and the Medication		
Administration Assessment Tool (MAAT) and		
any other assessments deemed appropriate on		
at least an annual basis for each individual		
served, upon significant change of clinical		
condition and upon return from any		
hospitalizations. In addition, the MAAT must be		
updated for any significant change of medication		
regime, change of route that requires delivery by		
licensed or certified staff, or when an individual		
has completed training designed to improve their skills to support self-administration.		
skills to support sell-administration.		
a. For newly-allocated or admitted individuals,		
assessments are required to be completed		
within three (3) business days of admission or		
two (2) weeks following the initial ISP meeting,		
whichever comes first.		
b. For individuals already in services, the		
required assessments are to be completed no		
more than forty-five (45) calendar days and at		
least fourteen (14) calendar days prior to the		
annual ISP meeting.		
c. Assessments must be updated within three		
(3) business days following any significant		
change of clinical condition and within three (3) business days following return from		
hospitalization.		
d. Other nursing assessments conducted to		
determine current health status or to evaluate a		
change in clinical condition must be documented		
in a signed progress note that includes time and		
date as well as subjective information including		
the individual complaints, signs and symptoms		
noted by staff, family members or other team		
members; objective information including vital		
signs, physical examination, weight, and other		

pertinent data for the given situation (e.g., seizure frequency, method in which temperature taken); assessment of the clinical status, and plan of action addressing relevant aspects of all active health problems and follow up on any recommendations of medical consultants.		
e. Develop any urgently needed interim Healthcare Plans or MERPs per DDSD policy pending authorization of ongoing Adult Nursing services as indicated by health status and individual/guardian choice.

Recompiled 10/31/01]			
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019			
Chapter 2: Human Rights: Civil rights apply to everyone, including all waiver participants, family members, guardians, natural supports,			
and Provider Agencies. Everyone has a			

responsibility to make sure those rights are not		
violated. All Provider Agencies play a role in		
person-centered planning (PCP) and have an		
obligation to contribute to the planning process,		
always focusing on how to best support the		
person.		
Chapter 3 Safeguards: 3.3.1 HRC Procedural		
Requirements:		
1. An invitation to participate in the HRC meeting		
of a rights restriction review will be given to the		
person (regardless of verbal or cognitive ability),		
his/her guardian, and/or a family member (if		
desired by the person), and the Behavior		
Support Consultant (BSC) at least 10 working		
days prior to the meeting (except for in		
emergency situations). If the person (and/or the		
guardian) does not wish to attend, his/her stated		
preferences may be brought to the meeting by		
someone whom the person chooses as his/her		
representative.		
2. The Provider Agencies that are seeking to		
temporarily limit the person's right(s) (e.g., Living		
Supports, Community Inclusion, or BSC) are		
required to support the person's informed		
consent regarding the rights restriction, as well		
as their timely participation in the review.		
3. The plan's author, designated staff (e.g.,		
agency service coordinator) and/or the CM		
makes a written or oral presentation to the HRC.		
4. The results of the HRC review are reported in		
writing to the person supported, the guardian,		
the BSC, the mental health or other specialized		
therapy provider, and the CM within three		
working days of the meeting.		
5. HRC committees are required to meet at least		
on a quarterly basis.		
6. A quorum to conduct an HRC meeting is at		
least three voting members eligible to vote in		
each situation and at least one must be a		
community member at large.		
7. HRC members who are directly involved in		

	1	
the services provided to the person must excuse		
themselves from voting in that situation.		
Each HRC is required to have a provision for		
emergency approval of rights restrictions based		
upon credible threats of harm against self or		
others that may arise between scheduled HRC		
meetings (e.g., locking up sharp knives after a		
serious attempt to injure self or others or a		
disclosure, with a credible plan, to seriously		
injure or kill someone). The confidential and		
HIPAA compliant emergency meeting may be		
via telephone, video or conference call, or		
secure email. Procedures may include an initial		
emergency phone meeting, and a subsequent		
follow-up emergency meeting in complex and/or		
ongoing situations.		
8. The HRC with primary responsibility for		
implementation of the rights restriction will		
record all meeting minutes on an individual		
basis, i.e., each meeting discussion for an		
individual will be recorded separately, and		
minutes of all meetings will be retained at the		
agency for at least six years from the final date		
of continuance of the restriction.		
3.3.3 HRC and Behavioral Support: The HRC		
reviews temporary restrictions of rights that are		
related to medical issues or health and safety		
considerations such as decreased mobility (e.g.,		
the use of bed rails due to risk of falling during		
the night while getting out of bed). However,		
other temporary restrictions may be		
implemented because of health and safety		
considerations arising from behavioral issues.		
Positive Behavioral Supports (PBS) are		
mandated and used when behavioral support is		
needed and desired by the person and/or the		
IDT. PBS emphasizes the acquisition and		
maintenance of positive skills (e.g. building		
healthy relationships) to increase the person's		
quality of life understanding that a natural		
reduction in other challenging behaviors will		

follow. At times, aversive interventions may be temporarily included as a part of a person's behavioral support (usually in the BCIP), and therefore, need to be reviewed prior to implementation as well as periodically while the restrictive interventions is in place. PBSPs not containing aversive interventions do not require HRC review or approval. Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g., ISPs, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; 5. routine use of emergency hospitalization procedures as part of a BCIP; 6. use of presence; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost or failure to earn components; 8. a 1: 1 staff to person ratio for behavioral reasons, or very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of presences for behavioral reasons, or very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of protective devices for behavioral reasons, or very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of protective devices for behavioral reasons, or very rarely, a 2:1 staff to person ratio for behavioral or medical reasons; 9. use of PRN psychotropic medications; 10. use of protective devices for behavioral process (e.g., helmats for head banging, Posey gloves for bitling hand); 11. we of bed rails;		
behavioral support (usually in the BCIP), and therefore, need to be reviewed prior to implementation as well as periodically while the restrictive interventions to not require HRC review or approval. Plans (e.g., 159s, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency stuations. 3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g., 159s, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of amengency hospitalization procedures as part of a BCIP; 6. use of point system; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost or failure to earn components; 8. a 11 staff to person ratio for behavioral reasons, or very rarely, a 21: staff to person ratio for behavioral or medical reasons; 9. use of PRIP RyRMP is person ratio for behavioral or medical reasons; 9. use of PRIP RyRMP is represon ratio for behavioral or medical reasons; 9. use of PRIP RyRMP is metagines, including level systems with response cost or failure to earn components; 9. use of PRIP RyRMP is metagines, including level systems with response cost or failure to earn components; 9. use of PRIP RyPROTOR person ratio for behavioral or medical reasons; 9. use of PRIP RyPROTOR person ratio for behavioral or medical reasons; 9. use of PRIP RyPROTOR person ratio for heational or medical reasons; 9. use of PRIP RyPROTOR person ratio for heational or medical reasons; 9. use of PRIP RyPROTOR person ratio for heational or medical reasons; 9. use of PRIP RyPROTOR person ratio for heational or medical reasons; 9. use of PRIP RyPROTOR person ratio for heational or medical reasons; 9. use of PRIP RyPROTOR person ratio for heational or medical reasons; 9. use of PRIP RyPROTOR person ratio for heation reasons; 9. use of PRIP RyPROTOR		
therefore, need to be reviewed prior to implementation as well as periodically while the restrictive intervention is in place. PBSPs not containing aversive interventions do not require HRC review or approval. Plans (e.g., ISPs, PBSPs, BCIPs PPMPs, and/or RMPs) that contain any aversive interventions are submitted to the HRC in advance of a meeting, except in emergency situations. 3.3.4 Interventions Requiring HRC Review and Approval: HRCs must review prior to implementation, any plans (e.g., ISS, PBSPs, BCIPs and/or PPMPs, RMPs), with strategies, including but not limited to: 1. response cost; 2. restitution; 3. emergency physical restraint (EPR); 4. routine use of law enforcement as part of a BCIP; 5. routine use of emergency hospitalization procedures as part of a BCIP; 6. use of pint systems; 7. use of intense, highly structured, and specialized treatment strategies, including level systems with response cost or failure to eam components; 8. a. 11: staff to person ratio for behavioral reasons, or, very rarely, a. 21: staff to person ratio for behavioral or medical reasons; 9. use of PRN psychotropic medications; 10. use of protective devices for behavioral purposes (e.g., helmets for head banging, Posey gioves for biling handj;		
implementation as well as periodically while the restrictive intervention is in place. PBSPs not containing aversive interventions do not require HRC review or approval. whereabouts.		
3.4 Emergency Physical Restraint (EPR):		
Every person shall be free from the use of		
restrictive physical crisis intervention measures		
that are unnecessary. Provider Agencies who		
support people who may occasionally need		
intervention such as Emergency Physical		
Restraint (EPR) are required to institute		
procedures to maximize safety.		
3.4.5 Human Rights Committee: The HRC		
reviews use of EPR. The BCIP may not be		
implemented without HRC review and approval		
whenever EPR or other restrictive measure(s)		
are included. Provider Agencies with an HRC		
are required to ensure that the HRCs:		
1. participate in training regarding required		
constitution and oversight activities for HRCs;		
2. review any BCIP, that include the use of EPR;		
3. occur at least annually, occur in any quarter		
where EPR is used, and occur whenever any		
change to the BCIP is considered;		
4. maintain HRC minutes approving or		
disallowing the use of EPR as written in a BCIP;		
and		
5. maintain HRC minutes of meetings reviewing		
the implementation of the BCIP when EPR is		
used.

service per month will be reimbursed at the	
Level I rate.	
NMAC 8.302.1.17 Effective Date 9-15-08	
Record Keeping and Documentation	
Requirements - A provider must maintain all the	
records necessary to fully disclose the nature,	
quality, amount and medical necessity of	
services furnished to an eligible recipient who is	
currently receiving or who has received services	
in the past.	
Detail Required in Records - Provider Records	
must be sufficiently detailed to substantiate the	
date, time, eligible recipient name, rendering,	
attending, ordering or prescribing provider; level	
and quantity of services, length of a session of	
service billed, diagnosis and medical necessity	
of any service Treatment plans or other	
plans of care must be sufficiently detailed to	
substantiate the level of need, supervision, and	
direction and service(s) needed by the eligible	
recipient.	
Services Billed by Units of Time -	
Services billed on the basis of time units spent	
with an eligible recipient must be sufficiently	
detailed to document the actual time spent with	
the eligible recipient and the services provided	
during that time unit.	
Records Retention - A provider who receives	
payment for treatment, services or goods must	
retain all medical and business records relating	
to any of the following for a period of at least six	
years from the payment date:	
(1) treatment or care of any eligible recipient	
(2) services or goods provided to any eligible	
recipient	
(3) amounts paid by MAD on behalf of any	
eligible recipient; and	
(4) any records required by MAD for the	
administration of Medicaid.

Dear Ms. Kathey Phoenix-Doyle

The Division of Health Improvement Quality Management Bureau received and approved the Plan of Correction you submitted. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process. Sincerely,

Amanda Castañeda

Amanda Castañeda Health Program Manager/Plan of Correction Coordinator Quality Management Bureau/DHI
