

MICHELLE LUJAN GRISHAM Governor

DAVID R. SCRASE, M.D. Acting Cabinet Secretary

Date: February 25, 2022

To: Cruz Maria Rojas. Administrative Director Provider: Grace Requires Understanding, Incorporated

Address: 212 S, Main Street

State/Zip: Las Cruces, New Mexico 88001

E-mail Address: <a href="mailto:crojas@mygru.org">crojas@mygru.org</a>

Region: Southwest

Survey Date: January 14 – 28, 2022

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: 2018: Family Living, Customized In-Home Supports, Customized Community Supports

Survey Type: Routine

Team Leader: Sally Rel, MS, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau

Team Members: LeiLani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality Management

Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor, Division of Health

Improvement/Quality Management Bureau; Lora Norby, Division of Health Improvement/Quality

Management Bureau; Caitlin Wall. BA, BSW, Division of Health Improvement/Quality

Management Bureau.

Dear Ms. Cruz Rojas;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

## **Determination of Compliance:**

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

**Non-Compliance:** This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A22 Agency Personnel Competency

### **DIVISION OF HEALTH IMPROVEMENT**

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

### The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A37 Individual Specific Training
- Tag #1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A03 Continuous Quality Improvement System & Key Performance Indicators (KPIs)
- Tag # 1A09.0 Medication Delivery Routine Medication Administration
- Tag # LS06 Family Living Requirements
- Tag # IS30 Customized Community Supports Reimbursement
- Tag # LS27 Family Living Reimbursement
- Tag # IH32 Customized In-Home Supports Reimbursement

### Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

### **Corrective Action for Current Citation:**

• How is the deficiency going to be corrected? (i.e., obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible, an overall correction, i.e., all documents will be requested and filed as appropriate.

## On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e., file reviews, etc.)
- How many individuals is this going to effect? (i.e., percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e., weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e., retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

# **Submission of your Plan of Correction:**

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
  - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

QMB Report of Findings - Grace Requires Understanding, Incorporated - SW - January 14 - 28, 2022

## 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

## **Billing Deficiencies:**

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, though this is not the preferred method of payment. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan HSD/OIG/Program Integrity Unit 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

## Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5301 Central Ave NE Suite #400 Albuquerque, NM 87108 Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,
Sally Rel, MS

# Provider Instructions for Completing the QMB Plan of Correction (POC) Process

### Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

# Instructions for Completing Agency POC:

## **Required Content**

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

QMB Report of Findings - Grace Requires Understanding, Incorporated - SW - January 14 - 28, 2022

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

**Note:** Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

## **Completion Dates**

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
   Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

## Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <a href="MonicaE.Valdez@state.nm.us">MonicaE.Valdez@state.nm.us</a> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
  - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
  - b. Fax to 505-222-8661, or
  - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
  - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
  - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
  - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
  - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
  - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

### **POC Document Submission Requirements**

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

QMB Report of Findings – Grace Requires Understanding, Incorporated – SW – January 14 – 28, 2022

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

### Attachment B

# Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard, and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

## **Conditions of Participation (CoPs)**

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless of if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

# Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

## Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

QMB Report of Findings – Grace Requires Understanding, Incorporated – SW – January 14 – 28, 2022

## Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

### Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

## Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Requirements. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

### Attachment C

# Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

## Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

### Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
  Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <a href="https://nmhealth.org/about/dhi/cbp/irf/">https://nmhealth.org/about/dhi/cbp/irf/</a>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

## The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

## **QMB** Determinations of Compliance

## Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

## Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

# Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

### Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
<b>Determination</b>	LC	)W		MEDIUM		Н	IIGH
		T		T	T		T

3. Provider Agencies are responsible for			

ensuring that all plans created by nurses, RDs, therapists or BSCs are present in all needed settings.  4. Provider Agencies must maintain records of all documents produced by agency personnel or contractors on behalf of each person, including any routine notes or data, annual assessments, semi-annual reports, evidence of training provided/received, progress notes, and any other interactions for which billing is generated.  5. Each Provider Agency is responsible for maintaining the daily or other contact notes documenting the nature and frequency of service delivery, as well as data tracking only for the services provided by their agency.  6. The current Client File Matrix found in Appendix A Client File Matrix details the minimum requirements for records to be stored in agency office files, the delivery site, or with DSP while providing services in the community.  7. All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services.  20.5.1 Individual Data Form (IDF): The Individual Data Form provides an overview of demographic information as well as other key		
Individual Data Form provides an overview of		
information; assistive technology or adaptive equipment; diagnoses; allergies; information about whether a guardian or advance directives are in place; information about		
behavioral and health related needs; contacts of Provider Agencies and team members and other critical information. The IDF automatically loads information into other		
fields and forms and must be complete and		1

kept current. This form is initiated by the CM. It must be opened and continuously updated by Living Supports, CCS- Group, ANS, CIHS and case management when applicable to the person in order for accurate data to auto populate other documents like the Health Passport and Physician Consultation Form. Although the Primary Provider Agency is ultimately responsible for keeping this form current, each provider collaborates and communicates critical information to update this form.		
Chapter 3: Safeguards 3.1.2 Team Justification Process: DD Waiver participants may receive evaluations or reviews conducted by a variety of professionals or clinicians. These evaluations or reviews typically include recommendations or suggestions for the person/guardian or the team to consider. The team justification process includes:  1. Discussion and decisions about non- health related recommendations are documented on the Team Justification form.  2. The Team Justification form documents that the person/guardian or team has considered the recommendations and has decided:  a. to implement the recommendation; b. to create an action plan and revise the		
ISP, if necessary; or c. not to implement the recommendation currently. 3. All DD Waiver Provider Agencies participate in information gathering, IDT meeting attendance, and accessing supplemental resources if needed and desired. 4. The CM ensures that the Team Justification Process is followed and complete.

reasonable request to convene the team,			
either in person or through teleconference.			
O O DDOD IOD Towns late. The IOD			
<b>6.6 DDSD ISP Template:</b> The ISP must be			
written according to templates provided by			
the DDSD. Both children and adults have			
designated ISP templates. The ISP template			
includes Vision Statements, Desired			
Outcomes, a meeting participant signature			
page, an Addendum A (i.e. an			

acknowledgement of receipt of specific		
information) and other elements depending		
on the age of the individual. The ISP		
templates may be revised and reissued by		
DDSD to incorporate initiatives that improve		
person - centered planning practices.		
Companion documents may also be issued		
by DDSD and be required for use in order to		
better demonstrate required elements of the		
PCP process and ISP development.		
The ISP is completed by the CM with the IDT		
input and must be completed according to the		
following requirements:		
DD Waiver Provider Agencies should not		
recommend service type, frequency, and		
amount (except for required case		
management services) on an individual		
budget prior to the Vision Statement and		
Desired Outcomes being developed.		
2. The person does not require IDT		
agreement/approval regarding his/her		
dreams, aspirations, and desired long-term		
outcomes.		
3. When there is disagreement, the IDT is		
required to plan and resolve conflicts in a		
manner that promotes health, safety, and		
quality of life through consensus. Consensus		
means a state of general agreement that		
allows members to support the proposal, at		
least on a trial basis.		
4. A signature page and/or documentation		
of participation by phone must be completed.		
5. The CM must review a current		
Addendum A and DHI ANE letter with the		
person and Court appointed guardian or		
parents of a minor, if applicable.		
6.6.3 Additional Requirements for Adults:		
Because children have access to other		
funding sources, a larger array of services		
are available to adults than to children		
through the DD Waiver. (See Chapter 7:		
Available Services and Individual Budget		

Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.	
Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome.  1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e. Family Living, CCS, etc.) are responsible for carrying out the Action Step.	
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and WDSI should support the person in achieving his/her Vision.	
6.6.3.3 Individual Specific Training in the ISP: The CM, with input from each DD Waiver Provider Agency at the annual ISP meeting, completes the IST requirements section of the ISP form listing all training needs specific to the individual. Provider	

Agencies bring their proposed IST to the annual meeting. The IDT must reach a consensus about who needs to be trained, at what level (awareness, knowledge or skill), and within what timeframe. (See Chapter 17.10 Individual-Specific Training for more information about IST.)  6.8 ISP Implementation and Monitoring: All DD Waiver Provider Agencies with a signed SFOC are required to provide services as detailed in the ISP. The ISP must be readily accessible to Provider Agencies on the approved budget. (See Chapter 20: Provider Documentation and Client Records.) CMs facilitate and maintain communication with the person, his/her representative, other IDT members, Provider Agencies, and relevant parties to ensure that the person receives the maximum benefit of his/her services and that revisions to the ISP are made as needed. All DD Waiver Provider Agencies are required to cooperate with monitoring activities conducted by the CM and the DOH. Provider Agencies are required to respond to issues at the individual level and agency level as described in Chapter 16: Qualified Provider Agencies.		
Chapter 20: Provider Documentation and Client Records: 20.2 Client Records Requirements: All DD Waiver Provider Agencies are required to create and maintain individual client records. The contents of client records vary depending on the unique needs of the person receiving services and the resultant information produced. The extent of documentation required for individual client records per service type depends on the location of the file, the type of service being provided, and the information necessary.

c. The IDT shall review and discuss information and recommendations with the individual, with the goal of supporting the individual in attaining desired outcomes. The IDT develops an ISP based upon the individual's personal vision statement, strengths, needs, interests and preferences. The ISP is a dynamic document, revised periodically, as needed, and amended to reflect progress towards personal goals and achievements consistent with the individual's future vision. This regulation is consistent with standards established for individual plan development as set forth by the commission on the accreditation of rehabilitation facilities (CARF) and/or other program accreditation approved and adopted by the developmental disabilities division and the department of health. It is the policy of the developmental disabilities division (DDD), that to the extent permitted by funding, each individual receive supports and services that will assist and encourage independence and productivity in the community and attempt to prevent regression or loss of current capabilities. Services and supports include specialized and/or generic services, training, education and/or treatment as determined by the IDT	As indicated by Individuals ISP the following was found with regards to the implementation of ISP Outcomes:  Family Living Data Collection/Data Tracking/Progress with regards to ISP Outcomes:  Individual #6  None found regarding Live: Outcome/Action Step: "Sort cloth by color" for 9/2021 — 11/2021. Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 13: Nursing Services 13.2.11	After an analysis of the evidence, it has been determined there is a significant potential for a negative outcome to occur.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be	
Training and Implementation of Plans:  1. RNs and LPNs are required to provide Individual Specific Training (IST) regarding HCPs and MERPs.	Based on interview, the Agency did not ensure training competencies were met for 5 of 24 Direct Support Personnel.	specific to each deficiency cited or if possible an overall correction?): →	
2. The agency nurse is required to deliver and document training for DSP/DSS regarding the healthcare interventions/strategies and MERPs that the DSP are responsible to implement, clearly indicating level of competency achieved by each trainee as described in Chapter 17.10 Individual-Specific Training.  Chapter 17: Training Requirement 17.10 Individual-Specific Training: The following are elements of IST: defined standards of performance, curriculum tailored to teach skills and knowledge necessary to meet those standards of performance, and formal examination or demonstration to verify standards of performance, using the established DDSD training levels of awareness, knowledge, and skill.  Reaching an awareness level may be accomplished by reading plans or other information. The trainee is cognizant of information related to a person's specific condition. Verbal or written recall of basic information or knowing where to access the information can verify awareness.  Reaching a knowledge level may take the form of observing a plan in action, reading a	<ul> <li>When DSP were asked, if the Individual had a Positive Behavioral Supports Plan (PBSP), have you been trained on the PBSP and what does the plan cover, the following was reported:</li> <li>DSP #526 stated, "So I cannot find it and actually as I go through the book there is a lot of old stuff in here. And it needs to be updated and the lady who is supposed to do it hasn't done it and she needs to update it. And yea he has behaviors but like I haven't been trained on it. I don't know if that is just something they do but yeah, they really need to update stuff." According to the Individual Specific Training Section of the ISP, the Individual requires a Positive Behavioral Supports Plan. (Individual #6)</li> <li>DSP #597 stated, "I wasn't able to locate the Plan in the book. No, that I recall I haven't been trained she may have trained (DSP). (BSC) does meet with her on Facetime." According to the Individual Specific Training Section of the ISP the Individual requires a Positive Behavioral Supports Plan and the BSC is responsible to provide training. (Individual #16)</li> </ul>	Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

plan more thoroughly, or having a plan described by the author or their designee. Verbal or written recall or demonstration may verify this level of competence. Reaching a skill level involves being trained by a therapist, nurse, designated or experienced designated trainer. The trainer shall demonstrate the techniques according to the plan. Then they observe and provide feedback to the trainee as they implement the techniques. This should be repeated until competence is demonstrated. Demonstration of skill or observed implementation of the techniques or strategies verifies skill level competence. Trainees should be observed on more than one occasion to ensure appropriate techniques are maintained and to provide additional coaching/feedback. Individuals shall receive services from competent and qualified Provider Agency personnel who must successfully complete IST requirements in accordance with the specifications described in the ISP of each person supported.

- 1. IST must be arranged and conducted at least annually. IST includes training on the ISP Desired Outcomes, Action Plans, strategies, and information about the person's preferences regarding privacy, communication style, and routines. More frequent training may be necessary if the annual ISP changes before the year ends.
- 2. IST for therapy-related WDSI, HCPs, MERPs, CARMPs, PBSA, PBSP, and BCIP, must occur at least annually and more often if plans change, or if monitoring by the plan author or agency finds incorrect implementation, when new DSP or CM are assigned to work with a person, or when an existing DSP or CM requires a refresher.
- 3. The competency level of the training is based on the IST section of the ISP.
- 4. The person should be present for and

When DSP were asked, if the Individual's had Health Care Plans, where could they be located and if they had been trained, the following was reported:

 DSP #515 stated, "Yes, endocrine, blood glucose, cardiac, knee pain, pain, pacemaker, BMI, J-tube. Yes, the Nurse. As indicated by the Electronic Comprehensive Health Assessment Tool, the Individual also requires Health Care Plans for Respiratory. (Individual #1)

When DSP were asked, if the Individual's had Medical Emergency Response Plans and where could they be located, the following was reported, the following was reported:

- DSP #588 stated, "Yes. In the book too.
   Aspiration. Yes." As indicated by Individual
   Specific Training section of the ISP, the
   Individual also requires Medical Emergency
   Response Plans for: Seizures, Respiratory,
   and Infection Control. (Individual #15)
- DSP #612 stated, "Yes, in the book for GERD. "No other ones, that is the only one she has." As indicated by the indicated by the Electronic Comprehensive Health Assessment Tool, the Individual also requires Medical Emergency Response Plans for Falls (Individual #18).
- DSP #515 stated, "Yes, endocrine, pace-maker, hypertension, sleep apnea, and that's it for those. And J-tube, I know there's a plan for that." As indicated by the eCHAT 2/8/2022, the Individual also requires a Medical Emergency Response Plan for Falls (Individual #1)

C. Applicant's identifying information			
required. In making the inquiry to the registry			
prior to employing or contracting with an			
employee, the provider shall use identifying			
information concerning the individual under			
consideration for employment or contracting			
sufficient to reasonably and completely			
search the registry, including the name,			

ſ	address, date of birth, social security number,	
	and other appropriate identifying information	
	required by the registry.	
	D. Documentation of inquiry to registry.	
	The provider shall maintain documentation in	
	the employee's personnel or employment	
	records that evidences the fact that the	
	provider made an inquiry to the registry	
	concerning that employee prior to	
	employment. Such documentation must	
	include evidence, based on the response to	
	such inquiry received from the custodian by	
	the provider, that the employee was not listed	
	on the registry as having a substantiated	
	registry-referred incident of abuse, neglect or	
	exploitation.	
	E. Documentation for other staff. With	
	respect to all employed or contracted	
	individuals providing direct care who are	
	licensed health care professionals or certified	
	nurse aides, the provider shall maintain	
	documentation reflecting the individual's	
	current licensure as a health care professional	
	or current certification as a nurse aide.	
	F. Consequences of noncompliance. The	
	department or other governmental agency	
	having regulatory enforcement authority over	
	a provider may sanction a provider in	
	accordance with applicable law if the provider	
	fails to make an appropriate and timely inquiry	
	of the registry, or fails to maintain evidence of	
	such inquiry, in connection with the hiring or	
	contracting of an employee; or for employing	
	or contracting any person to work as an	
	employee who is listed on the registry. Such	
	sanctions may include a directed plan of	
	correction, civil monetary penalty not to	
	exceed five thousand dollars (\$5000) per	
	instance, or termination or non-renewal of any	
	contract with the department or other	
	governmental agency.

described in the ISP of each person			
supported and as outlined in 17.10			
Individual-Specific Training below.			
b. Complete training on DOH-approved ANE			
reporting procedures in accordance with			
NMAC 7.1.14			
c. Complete training in universal			
precautions. The training materials shall			
meet Occupational Safety and Health			
Administration (OSHA) requirements			
d. Complete and maintain certification in			
First Aid and CPR. The training materials			
shall meet OSHA			
requirements/guidelines.			
e. Complete relevant training in accordance			
with OSHA requirements (if job involves			
exposure to hazardous chemicals).			
f. Become certified in a DDSD-approved			
system of crisis prevention and intervention (e.g., MANDT, Handle with			
Care, CPI) before using EPR. Agency			

DSP and DSS shall maintain certification		
in a DDSD-approved system if any person		
they support has a BCIP that includes the		
use of EPR.		
g. Complete and maintain certification in a		
DDSD-approved medication course if		
required to assist with medication		
delivery.		
h. Complete training regarding the HIPAA.		
Any staff being used in an emergency		
to fill in or cover a shift must have at a		
minimum the DDSD required core		
trainings and be on shift with a DSP who		
has completed the relevant IST.		
17.10 Individual-Specific Training: The		
following are elements of IST: defined		
standards of performance, curriculum tailored		
to teach skills and knowledge necessary to		
meet those standards of performance, and		
formal examination or demonstration to verify		
standards of performance, using the		
established DDSD training levels of		
awareness, knowledge, and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of		
information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.  Reaching a <b>knowledge level</b> may take the		
form of observing a plan in action, reading a		
plan more thoroughly, or having a plan		
described by the author or their designee.		
Verbal or written recall or demonstration may		
verify this level of competence.		
Reaching a <b>skill level</b> involves being trained		
by a therapist, nurse, designated or		
experienced designated trainer. The trainer		
shall demonstrate the techniques according		
to the plan. Then they observe and provide		
foodback to the trained as they implement the		

feedback to the trainee as they implement the

techniques. This should be repeated until		
competence is demonstrated. Demonstration		
of skill or observed implementation of the		
techniques or strategies verifies skill level		
competence. Trainees should be observed on		
more than one occasion to ensure		
appropriate techniques are maintained and to		
provide additional coaching/feedback.		
Individuals shall receive services from		
competent and qualified Provider Agency		
personnel who must successfully complete		
IST requirements in accordance with the		
specifications described in the ISP of each		
person supported.		
IST must be arranged and conducted at		
least annually. IST includes training on the		
ISP Desired Outcomes, Action Plans,		
strategies, and information about the person's		
preferences regarding privacy,		
communication style, and routines. More		
frequent training may be necessary if the		
annual ISP changes before the year ends.		
2. IST for therapy-related WDSI, HCPs,		
MERPs, CARMPs, PBSA, PBSP, and BCIP,		
must occur at least annually and more often if		
plans change, or if monitoring by the plan		
author or agency finds incorrect		
implementation, when new DSP or CM are		
assigned to work with a person, or when an		
existing DSP or CM requires a refresher.		
3. The competency level of the training is		
based on the IST section of the ISP.		
4. The person should be present for and		
involved in IST whenever possible.  5. Provider Agencies are responsible for		
tracking of IST requirements.		
6. Provider Agencies must arrange and		
ensure that DSP's are trained on the contents		
of the plans in accordance with timelines		
indicated in the Individual-Specific Training		
Requirements: Support Plans section of the		
ISP and notify the plan authors when new		
DSP are hired to arrange for trainings.		
	of Findings Cases Requires Understanding Insuranced CW, January 44, 20, 2020	

7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
<ul> <li>17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings:</li> <li>1. IST Training Rosters must include: <ul> <li>a. the name of the person receiving DD Waiver services;</li> <li>b. the date of the training;</li> <li>c. IST topic for the training;</li> <li>d. the signature of each trainee;</li> <li>e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and</li> <li>f. the signature and title or role of the trainer.</li> </ul> </li> <li>2. A competency-based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.)</li> <li>3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer.</li> </ul>

reportable incidents as described in Chapter 18: Incident Management System.

5. GER does not replace a Provider Agency's obligations related to healthcare coordination, modifications to the ISP, or any other risk management and QI activities.

Appendix B GER Requirements: DDSD is pleased to introduce the revised General Events Reporting (GER), requirements. There are two important changes related to medication error reporting:

- 1. Effective immediately, DDSD requires ALL medication errors be entered into Therap GER with the exception of those required to be reported to Division of Health Improvement-Incident Management Bureau.
- 2. No alternative methods for reporting are permitted.

## The following events need to be reported in the Therap GER:

- Emergency Room/Urgent Care/Emergency Medical Services
- Falls Without Injury
- Injury (including Falls, Choking, Skin Breakdown and Infection)
- Law Enforcement Use
- Medication Errors
- Medication Documentation Errors
- Missing Person/Elopement
- Out of Home Placement- Medical: Hospitalization, Long Term Care, Skilled Nursing or Rehabilitation Facility Admission
- PRN Psychotropic Medication
- Restraint Related to Behavior
- Suicide Attempt or Threat

**Entry Guidance:** Provider Agencies must complete the following sections of the GER with detailed information: profile information, event information, other event information,

- Individual #11- As indicated by collateral documentation reviewed, exam was completed on 2/18/2021. Follow-up was to be completed on 4/19/2021. No evidence of follow-up found.

## **Podiatry Exam:**

 Individual #18 - As indicated by collateral documentation reviewed, exam was completed on 4/6/2021. Follow-up was to be completed in 2 - 3 months. No evidence of follow-up found.

individual client records. The contents of client	
records vary depending on the unique needs	
of the person receiving services and the	
resultant information produced. The extent of	
documentation required for individual client	
records per service type depends on the	
location of the file, the type of service being	
provided, and the information necessary.	
DD Waiver Provider Agencies are required to	
adhere to the following:	
1. Client records must contain all	
documents essential to the service being	
provided and essential to ensuring the health	
and safety of the person during the provision	
of the service.	
Provider Agencies must have readily	
accessible records in home and community	
settings in paper or electronic form. Secure	
access to electronic records through the	
Therap web-based system using computers	
or mobile devices is acceptable.	
3. Provider Agencies are responsible for	
ensuring that all plans created by nurses,	
RDs, therapists or BSCs are present in all	
needed settings.	
4. Provider Agencies must maintain records	
of all documents produced by agency	
personnel or contractors on behalf of each	
person, including any routine notes or data,	
annual assessments, semi-annual reports,	
evidence of training provided/received,	
progress notes, and any other interactions for	
which billing is generated.	
5. Each Provider Agency is responsible for	
maintaining the daily or other contact notes	
documenting the nature and frequency of	
service delivery, as well as data tracking only	
for the services provided by their agency.	
6. The current Client File Matrix found in	
Appendix A Client File Matrix details the	
minimum requirements for records to be	
stored in agency office files, the delivery site,	
or with DSP while providing services in the	

community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This		
standardized document contains individual,		
physician and emergency contact information,		
a complete list of current medical diagnoses,		
health and safety risk factors, allergies, and		
information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called		
the Physician Consultation form. The		
Physician Consultation form contains a list of		
all current medications.		
Chapter 10: Living Care Arrangements		
(LCA) Living Supports-Supported Living:		
10.3.9.6.1 Monitoring and Supervision		
4. Ensure and document the following:		
<ul> <li>a. The person has a Primary Care</li> </ul>		
Practitioner.		
<ul> <li>b. The person receives an annual</li> </ul>		
physical examination and other		
examinations as recommended by a		
Primary Care Practitioner or		
specialist.		
c. The person receives		
annual dental check-ups and other check-ups as		
recommended by a		
licensed dentist.		
d. The person receives a hearing test as		
recommended by a licensed audiologist.		
. seemmended by a noonlock additional	 I .	

e. The person receives eye		
examinations as		
recommended by a		
licensed optometrist or		
ophthalmologist.		
Agency activities occur as required for		
follow-up activities to medical appointments		
(e.g. treatment, visits to specialists, and		
changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements		
(LCA) Living Supports-IMLS: 10.3.10.2		
General Requirements: 9 . Medical		
services must be ensured (i.e., ensure each		
person has a licensed Primary Care		
Practitioner and receives an annual physical		
examination, specialty medical care as		
needed, and annual dental checkup by a		
licensed dentist).		
Chapter 13 Nursing Services: 13.2.3		
General Requirements:		
Each person has a licensed primary		
care practitioner and receives an annual		
physical examination and specialty		
medical/dental care as needed. Nurses		
communicate with these providers to		
share current health information.		
Share current fleath filloffiation.

morni the agency of ar plan.			
22.2 QI Plan and Key Performance			
Indicators (KPI): Findings from a discovery			
process should result in a QI plan. The QI			
plan is used by an agency to continually			
determine whether the agency is performing			
within program requirements, achieving goals,			
and identifying opportunities for improvement.			
The QI plan describes the processes that the			
Provider Agency uses in each phase of the			
QIS: discovery, remediation, and sustained			
improvement. It describes the frequency of			
data collection, the source and types of data			
gathered, as well as the methods used to			

analyze data and measure performance. The		
QI plan must describe how the data collected		
will be used to improve the delivery of		
services and must describe the methods used		
to evaluate whether implementation of		
improvements is working. The QI plan shall		
address, at minimum, three key performance		
indicators (KPI). The KPI are determined by		
DOH-DDSQI) on an annual basis or as		
determined necessary.		
22.3 Implementing a QI Committee:		
A QI committee must convene on at least a		
quarterly basis and more frequently if		
needed. The QI Committee convenes to		
review data; to identify any deficiencies,		
trends, patterns, or concerns; to remedy		
deficiencies; and to identify opportunities for		
QI. QI Committee meetings must be		
documented and include a review of at least		
the following:		
Activities or processes related to discovery,		
i.e., monitoring and recording the findings;		
2. The entities or individuals responsible for		
conducting the discovery/monitoring		
process;		
3. The types of information used to measure		
performance;		
4. The frequency with which performance is		
measured; and		
5. The activities implemented to improve		
performance.		
22.4 Preparation of an Annual Report:		
The Provider Agency must complete an		
annual report based on the quality		
assurance (QA) activities and the QI Plan		
that the agency has implemented during		
the year. The annual report shall:		
Be submitted to the DDSD PEU by		
February 15th of each calendar year.		
2. Be kept on file at the agency, and made		
available to DOH, including DHI upon		

request.

Address the Provider Agency's QA or compliance with at least the following:	
a. compliance with DDSD Training	
Requirements;	
b. compliance with reporting requirements, including reporting of ANE;	
<ul> <li>c. timely submission of documentation for budget development and approval;</li> </ul>	
<ul> <li>d. presence and completeness of required documentation;</li> </ul>	
e. compliance with CCHS, EAR, and     Licensing requirements as applicable;     and	
f. a summary of all corrective plans implemented over the last 24 months, demonstrating closure	
with any deficiencies or findings as well as ongoing compliance	
and sustainability. Corrective	
plans include but are not limited	
to:	
<ul><li>i. IQR findings;</li><li>ii. CPA Plans related to ANE</li></ul>	
reporting;	
iii. POCs related to QMB compliance surveys; and	
iv. PIPs related to Regional Office Contract Management.	
4. Address the Provider Agency QI with at	
least the following:	
a. data analysis related to the DDSD required KPI; and	
b. the five elements required to be	
discussed by the QI committee each quarter.	
NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS	

FOR COMMUNITY-BASED SERVICE PROVIDERS:		
F. Quality assurance/quality improvement		
program for community-based service		
providers: The community-based service		
providers. The community-based service provider shall establish and implement a quality		
improvement program for reviewing alleged		
complaints and incidents of abuse, neglect, or		
exploitation against them as a provider after the		
division's investigation is complete. The		
incident management program shall include		
written documentation of corrective actions		
taken. The community-based service provider		
shall take all reasonable steps to prevent		
further incidents. The community-based		
service provider shall provide the following		
internal monitoring and facilitating quality		
improvement program:		
(1) community-based service providers shall		
have current abuse, neglect, and exploitation		
management policy and procedures in place		
that comply with the department's		
requirements;		
(2) community-based service providers		
providing intellectual and developmental		
disabilities services must have a designated		
incident management coordinator in place; and		
(3) community-based service providers		
providing intellectual and developmental		
disabilities services must have an incident		
management committee to identify any		
deficiencies, trends, patterns, or concerns as		
well as opportunities for quality improvement,		
address internal and external incident reports		
for the purpose of examining internal root		
causes, and to take action on identified issues.

medication or treatment.

• Clotrimazole-Betamethasone 1-0.05 (2 times daily)

Individual #2

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Insulin Lantus 12 Units (1 time daily)
- Divalproex 125 mg (1 time daily)
- Levothyroxine 0.05 mg (1 time daily)
- Vitamin D 50,000 IU (1 time week)

Individual #4

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Source Naturals Daily Essential Enzymes 500mg (1 time daily)
- Zyrtec 10 mg (1 time daily)
- Multivitamin gummies (2 times daily)
- Bio Zinc 15 mg (1 time daily)
- Glucosamine & Chondroitin 1500mg & 1200mg (2 times daily)
- Vita fusion Power C Gummies (2 times daily)
- Lisinopril 5mg (2 times daily)
- Fluticasone Propionate Nasal spray 50mcg (2 times daily)

## 10.3.4 Medication Assessment and Delivery:

Living Supports Provider Agencies must support and comply with:

- 1. the processes identified in the DDSD AWMD training;
- 2. the nursing and DSP functions identified in the Chapter 13.3 Part 2-Adult Nursing Services;
- 3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and
- 4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).

### NMAC 16.19.11.8 MINIMUM STANDARDS:

- A. MINIMUM STANDARDS FOR THE DISTRIBUTION, STORAGE, HANDLING AND RECORD KEEPING OF DRUGS:
- (d) The facility shall have a Medication Administration Record (MAR) documenting medication administered to residents,

## including over-the-counter medications.

This documentation shall include:

- (i) Name of resident;
- (ii) Date given;
- (iii) Drug product name;
- (iv) Dosage and form;
- (v) Strength of drug;
- (vi) Route of administration;
- (vii) How often medication is to be taken;
- (viii) Time taken and staff initials;
- (ix) Dates when the medication is discontinued or changed;
- (x) The name and initials of all staff administering medications.

## Model Custodial Procedure Manual *D. Administration of Drugs*

- Fluticasone Prop & Salmeterol inhalation powder 113mcg / 14mcg (2 times daily)
- Omega 3 fish oil, EPA, DHA 4080 mg, 1200 mg, 900mg (3 times daily)
- Oxygen 2L (Continuous when sleeping)
- Aspirin 81 mg (1 time daily)
- Vitamin D3 5000IU (1 time daily)
- Pravastatin 10 mg (1 time daily)
- Famotidine 20 mg (1 time daily)
- Montelukast 10mg (1 time daily)
- Cod Liver oil 650 mg (1 time daily)
- Fluconazole 150mg (1 time daily)

#### Individual #11

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Levothyroxine 0.05mg (1 time daily)
- Ketotifen fumarate 0.035% (2 times daily)
- Fluticasone Propionate Nasal Spray 50mcg (1 time daily)
- Aspirin 81mg (1 time daily)
- Vitamin D3 125mcg (1 time daily)
- Oxygen 2 liters (while sleeping)

Unless otherwise stated by practitioner, patients will not be allowed to administer their own medications.

Document the practitioner's order authorizing the self-administration of medications.

All PRN (As needed) medications shall have complete detail instructions regarding the administering of the medication. This shall include:

- symptoms that indicate the use of the medication.
- exact dosage to be used, and
- the exact amount to be used in a 24-hour period.

- Fish Oil 1200mg 3 soft gels (1 time daily)
- CO Q10 100mg 2 soft gels (1 time daily)
- Red Rick Yeast 600mg 2 soft gels (1 time daily)
- Atrovastin 40mg (1 time daily)

### Individual #12

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

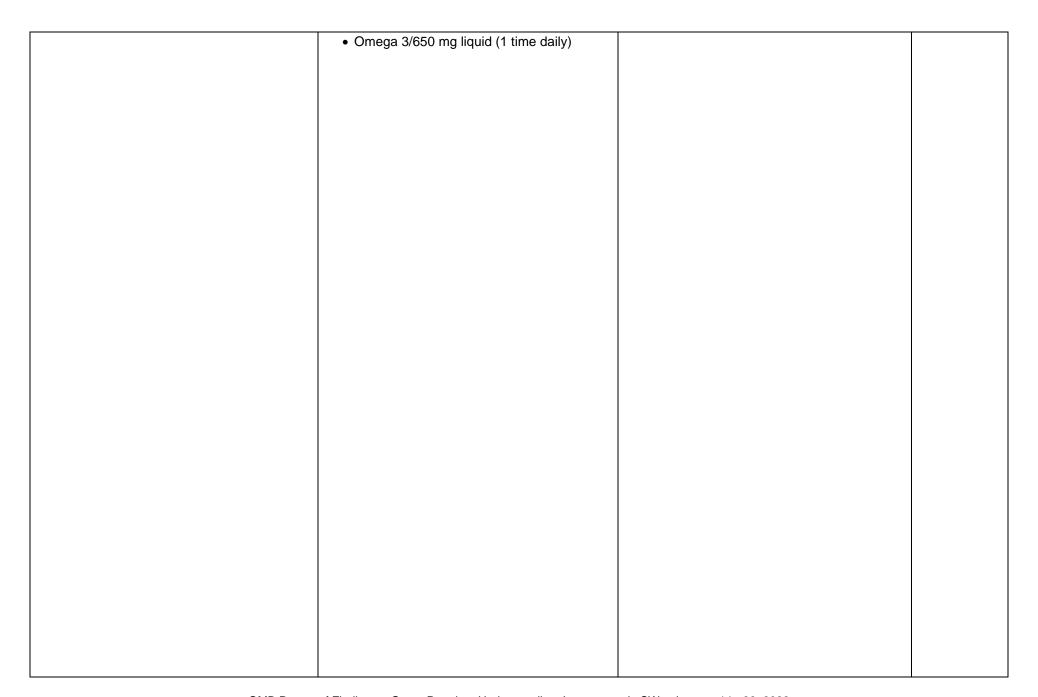

- Ferrous Sulfate 325 mg (1 time daily)
- Vitamin D2 50,000U (1 time daily)

### Individual #15

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Fiber powder 3 grams (1 time daily)
- Restore
- Multivitamin W Mineral (2 times daily)
- Vitamin C 500mg (2 times daily)
- Bone care capsule (2 times daily)
- Progesterone cream (1 time daily) not to use first 7 days of the month
- Levothyroxine 50 mcg (1 time daily)
- Niacin 500 mg (1 time daily)

- Insulin Humalog Sliding Scale (PRN)

Individual #4

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Albuterol Sulfate 90 mcg (PRN)
- Albuterol Sulfate Inhalation Sol 2.5 mg (PRN)
- Acetaminophen 325 or 500 mg (PRN)
- Ibuprophen 200 mg (PRN)
- Pink Bismuth (PRN)
- Sore Throat spray (PRN)
- Milk of Magnesia (PRN)
- Bengay / Asper crème (PRN)
- Saline Nasal spray (PRN)

## 10.3.4 Medication Assessment and Delivery:

Living Supports Provider Agencies must support and comply with:

- 1. the processes identified in the DDSD AWMD training;
- 2. the nursing and DSP functions identified in the Chapter 13.3 Part 2-Adult Nursing Services;
- 3. all Board of Pharmacy regulations as noted in Chapter 16.5 Board of Pharmacy; and
- 4. documentation requirements in a Medication Administration Record (MAR) as described in Chapter 20.6 Medication Administration Record (MAR).

- Dextromethorphan and Guaifenesin (PRN)
- Sunscreen SPF 30, 40, 50 (PRN)
- Antibiotic Ointment (PRN)
- Vicks Vapor Rub (PRN)

### Individual #11

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Albuterol Sulfate Inhalation Sol 2.5 Asthma/Allergies (PRN)
- Tylenol 325mg (PRN)
- Ibuprophen 600mg (PRN)

### Individual #12

December 2021

Medication Administration Records contain the following medications. No Physician's Orders were found for the following medications:

- Zyrtec 10mg (PRN)
- Magnesium Citrate Constipation Oral (PRN)
- Pepto Bismol (PRN)

All records pertaining to JCMs must be retained permanently and must be made available to DDSD upon request, upon the termination or expiration of a provider agreement, or upon provider withdrawal from services. Chapter 3 Safeguards: 3.1.1 Decision Consultation Process (DCP): Health decisions are the sole domain of waiver participants, their guardians or healthcare decision makers. Participants and their healthcare decision makers can confidently make decisions that are compatible with their personal and cultural values. Provider Agencies are required to support the informed decision making of waiver participants by supporting access to medical consultation, information, and other available resources according to the following: 2. The DCP is used when a person or his/her guardian/healthcare decision maker has concerns, needs more information about health-related issues, or has decided not to follow all or part of an order, recommendation, or suggestion. This includes, but is not limited to: a. medical orders or recommendations from

the Primary Care Practitioner, Specialists or other licensed medical or healthcare

practitioners such as a Nurse

Practitioner (NP or CNP), Physician	
Assistant (PA) or Dentist;	
b. clinical recommendations made by	
registered/licensed clinicians who are	
either members of the IDT or clinicians	
who have performed an evaluation such	
as a video-fluoroscopy;	
c. health related recommendations or	
suggestions from oversight activities	
such as the Individual Quality Review	
(IQR) or other DOH review or oversight	
activities; and	
d. recommendations made through a	
Healthcare Plan (HCP), including a	
Comprehensive Aspiration Risk	
Management Plan (CARMP), or another	
plan.	
2. When the person/guardian disagrees with	
a recommendation or does not agree with the	
implementation of that recommendation,	
Provider Agencies follow the DCP and attend	
the meeting coordinated by the CM. During	
this meeting:	
a. Providers inform the person/guardian of	
the rationale for that recommendation,	
so that the benefit is made clear. This	
will be done in layman's terms and will	
include basic sharing of information	
designed to assist the person/guardian	
with understanding the risks and	
benefits of the recommendation.	
b. The information will be focused on the	
specific area of concern by the	
person/guardian. Alternatives should be	
presented, when available, if the	
guardian is interested in considering	
other options for implementation.	
c. Providers support the person/guardian	
to make an informed decision.	
d. The decision made by the	
person/guardian during the meeting is	
accepted; plans are modified; and the	

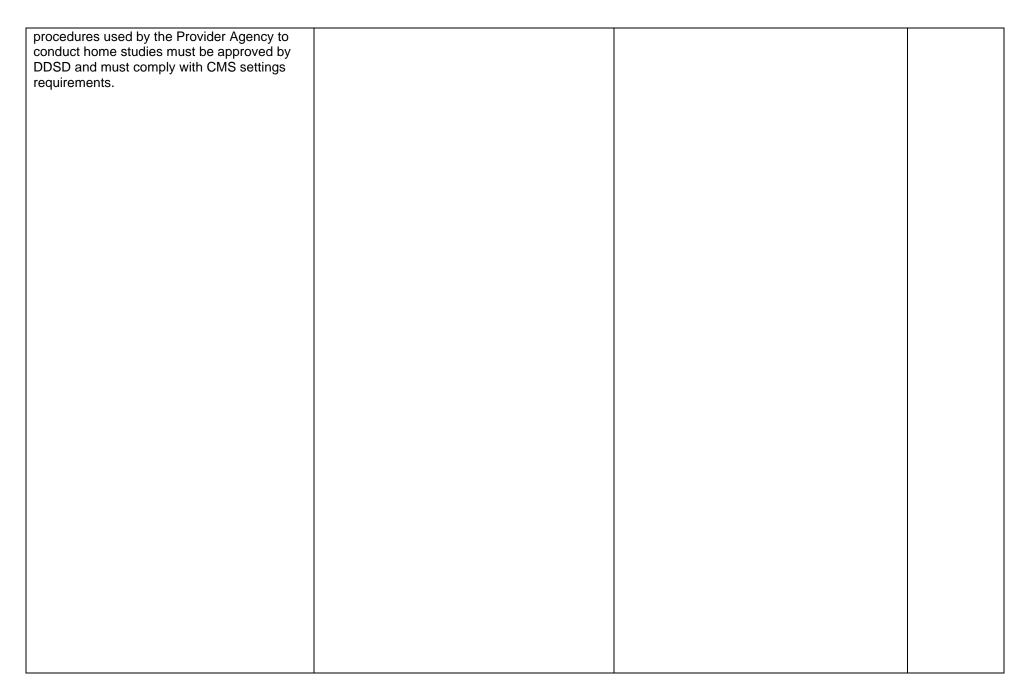

IDT honors this health decision in every		
setting.		
Chapter 13 Nursing Services: 13.2.5		
Electronic Nursing Assessment and		
Planning Process: The nursing assessment		
process includes several DDSD mandated		
tools: the electronic Comprehensive Nursing		
Assessment Tool (e-CHAT), the Aspiration		
Risk Screening Tool (ARST) and the		
Medication Administration Assessment Tool		
(MAAT) . This process includes developing		
and training Health Care Plans and Medical		
Emergency Response Plans.		
The following hierarchy is based on budgeted		
services and is used to identify which		
Provider Agency nurse has primary		
responsibility for completion of the nursing		
assessment process and related subsequent planning and training. Additional		
communication and collaboration for planning		
specific to CCS or CIE services may be		
needed.		
The hierarchy for Nursing Assessment and		
Planning responsibilities is:		
Living Supports: Supported Living, IMLS		
or Family Living via ANS;		
<ol> <li>Customized Community Supports- Group;</li> </ol>		
and		
3. Adult Nursing Services (ANS):		
a. for persons in Community Inclusion		
with health-related needs; or		
b. if no residential services are budgeted		
but assessment is desired and health		
needs may exist.		
13.2.6 The Electronic Comprehensive		
Health Assessment Tool (e-CHAT)		
1. The e-CHAT is a nursing assessment. It		
may not be delegated by a licensed nurse to		
a non-licensed person.		
2. The nurse must see the person face-to-		
face to complete the nursing assessment.		
Additional information may be gathered from		

members of the IDT and other sources.		
3. An e-CHAT is required for persons in FL,		
SL, IMLS, or CCS-Group. All other DD		
Waiver recipients may obtain an e-CHAT if		
needed or desired by adding ANS hours for		
assessment and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add		
additional pertinent information in all		
comment sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
, ,		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the		
DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP		
meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the		
Provider Agency records.		
Decisions about medication		
delivery are made by the IDT to		
promote a person's maximum		
independence and community		
integration. The IDT will reach		
consensus regarding which criteria		
the person meets, as indicated by the		
results of the MAAT and the nursing	of Findings Cross Requires Understanding Incornerate	

recommendations, and the decision is documented this in the ISP.		
13.2.9 Healthcare Plans (HCP):  1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans.  2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary report which is indicated by "R" in the HCP column. At the nurse's sole discretion, based on prudent nursing practice, HCPs may be combined where clinically appropriate. The nurse should use nursing judgment to determine whether to also include HCPs for any of the areas indicated by "C" on the e-CHAT summary report. The nurse may also create other HCPs plans that the nurse determines are warranted.		
13.2.10 Medical Emergency Response Plan (MERP):  1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP.		

2. MERPs are required for persons who		
have one or more conditions or illnesses that		
threatening situation.		
chapter 20: Provider Documentation and Client Records: 20.5.3 Health Passport and Physician Consultation Form: All Primary and Secondary Provider Agencies must use the Health Passport and Physician Consultation form from the Therap system. This standardized document contains individual, physician and emergency contact information, a complete list of current medical diagnoses, health and safety risk factors, allergies, and information regarding insurance, guardianship, and advance directives. The Health Passport also includes a standardized form to use at medical appointments called the Physician Consultation form.

of at least six years from the last payment	POC for ongoing QA/QI.)		
date, until ongoing audits are settled, or until			
involvement of the state Attorney General is			
completed regarding settlement of any claim,			
whichever is longer.			
4. A Provider Agency that receives payment			
for treatment, services or goods must retain			
all medical and business records relating to			

any of the following for a period of at least six		
years from the payment date:		
a. treatment or care of any eligible		
recipient;		
b. services or goods provided to any		
eligible recipient;		
c. amounts paid by MAD on behalf of any		
eligible recipient; and		
d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing		
depends on the service type. The unit may be		
a 15-minute interval, a daily unit, a monthly		
unit or a dollar amount. The unit of billing is		
identified in the current DD Waiver Rate		
Table. Provider Agencies must correctly		
report service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider		
Agencies must adhere to the following:		
<ol> <li>A day is considered 24 hours from</li> </ol>		
midnight to midnight.		
<ol><li>If 12 or fewer hours of service are</li></ol>		
provided, then one-half unit shall be billed.		
A whole unit can be billed if more than 12		
hours of service is provided during a 24-		
hour period.		
3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP		
year or 170 calendar days per six months.		
4. When a person transitions from one		
Provider Agency to another during the ISP		
year, a standard formula to calculate the		
units billed by each Provider Agency must		
be applied as follows:		
a. The discharging Provider Agency		
bills the number of calendar days those services were provided		
·		
multiplied by .93 (93%). b. The receiving Provider Agency bills		
the remaining days up to 340 for the		

ISP year.			
21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.  21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

recipient;

- c. amounts paid by MAD on behalf of any eligible recipient; and
- d. any records required by MAD for the administration of Medicaid.

21.9 Billable Units: The unit of billing depends on the service type. The unit may be a 15-minute interval, a daily unit, a monthly unit or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.

- **21.9.1 Requirements for Daily Units:** For services billed in daily units, Provider Agencies must adhere to the following:
- 1. A day is considered 24 hours from midnight to midnight.
- 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period.
- 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.
- 4. When a person transitions from one Provider Agency to another during the ISP year, a standard formula to calculate the units billed by each Provider Agency must be applied as follows:
- a. The discharging Provider Agency bills the number of calendar days that services were provided multiplied by .93 (93%).
- b. The receiving Provider Agency bills the remaining days up to 340 for the ISP year.
- **21.9.2 Requirements for Monthly Units:** For services billed in monthly units, a Provider Agency must adhere to the following:

1. A month is considered a period of 30 calendar days.

10/16/2021 through 10/31/2021. Documentation received accounted for 391 units.

Individual #17 September 2021

> The Agency billed 247 units of Customized In-Home Supports (S5125 HB) from 9/15/2021 through 9/28/2021.
>  Documentation received accounted for 241 units.

#### November 2021

 The Agency billed 242 units of Customized In-Home Supports (S5125 HB) from 11/1/2021 through 11/14/2021.
 Documentation received accounted for 240 units.

<ol> <li>At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed.</li> <li>Monthly units can be prorated by a half unit.</li> <li>Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.</li> </ol>		
21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following:  1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2.  2. Services that last in their entirety less than eight minutes cannot be billed.		

DAVID R. SCRASE, M.D. Acting Cabinet Secretary

Survey Type: Routine

Dear Ms. Rojas:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

# Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely,

Monica Valdez, BS
