

DAVID R. SCRASE, M.D. Acting Cabinet Secretary

(Modified by IRF)

Date: July 19, 2022

To: Carol Lynn Montoya Herrera, Director

Provider: Expressions of Life, Inc.
Address: 9151 High Assets Way NW

State/Zip: Albuquerque, New Mexico 87102

E-mail Address: carolh@expressionsoflifeinc.com

Region: Metro, Northeast, Southwest

Survey Date: May 2 – 13, 2022

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Family Living, Customized In-Home Supports, Customized Community Supports

Survey Type: Routine

Team Leader: Heather Driscoll, AA, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau

Team Members: Lei Lani Nava, MPH, Healthcare Surveyor, Division of Health Improvement/Quality

Management Bureau; Verna Newman-Sikes, AA, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Lora Norby, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Jamie Pond, BS, QMB Staff Manager, Division of Health Improvement/Quality Management Bureau; Sally Rel, MS, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Alyssa Swisher, RN,

Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau;

Dear Ms. Carol Lynn Montoya Herrera;

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

<u>Partial Compliance with Standard Level Tags and Conditions of Participation Level Tags:</u> This determination is based on noncompliance with one to five (1-5) Condition of Participation Level Tags (refer to Attachment D for

DIVISION OF HEALTH IMPROVEMENT

5301 Central Avenue NE, Suite 400 • Albuquerque, New Mexico • 87108 (505) 222-8623 • FAX: (505) 222-8661 • https://nmhealth.org/about/dhi

details). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A25.1 Caregiver Criminal History Screening (Modified by IRF)
- Tag # 1A26.1 Consolidated On-line Registry Employee Abuse Registry (Modified by IRF)
- Tag # 1A37 Individual Specific Training
- Tag # 1A05 General Requirements / Agency Policy and Procedure Requirements (Removed by IRF)
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

The following tags are identified as Standard Level:

- Tag # 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes (Modified by IRF)
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # LS14.1 Residential Service Delivery Site Case File (Other Req. Documentation) (Modified by IRF)
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A26 Consolidated On-line Registry Employee Abuse Registry
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- Tag # 1A27.2 Duty to Report IRs Filed During On-Site and/or IRs Not Reported by Provider
- Tag # LS25 Residential Health & Safety (Supported Living / Family Living / Intensive Medical Living)
- Tag # IS30 Customized Community Supports Reimbursement (Modified by IRF)
- Tag # LS27 Family Living Reimbursement (Removed by IRF)

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e., obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible, an overall correction, i.e., all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

- What is going to be done on an ongoing basis? (i.e., file reviews, etc.)
- How many individuals is this going to effect? (i.e., percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e., weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e., retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Attention: Monica Valdez, Plan of Correction Coordinator in any of the following ways:
 - a. Electronically at MonicaE.Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108

2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: Lisa Medina-Lujan
HSD/OIG/Program Integrity Unit
1474 Rodeo Road
Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.medina-lujan@state.nm.us)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

ATTN: QMB Bureau Chief
Request for Informal Reconsideration of Findings
5301 Central Ave NE Suite #400
Albuquerque, NM 87108
Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@state.nm.us</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Heather L. Driscoll, AA

Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at MonicaE.Valdez@state.nm.us. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and
- 5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a completion date (entered in the far right-hand column) for each finding.
 Be sure the date is realistic in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at MonicaE.Valdez@state.nm.us for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- 4. Submit your POC to Monica Valdez, POC Coordinator in any of the following ways:
 - a. Electronically at MonicaE. Valdez@state.nm.us (preferred method)
 - b. Fax to 505-222-8661, or
 - c. Mail to POC Coordinator, 5301 Central Ave NE Suite 400, Albuquerque, New Mexico 87108
- <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after</u> your POC has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

Once your POC has been approved by the QMB Plan of Correction Coordinator you must submit copies of documents as evidence that all deficiencies have been corrected, as follows.

1. Your internal documents are due within a maximum of 45-business days of receipt of your Report of Findings.

- 2. It is preferred that you submit your documents via USPS or other carrier (scanned and saved to CD/DVD disc, flash drive, etc.). If documents containing HIPAA Protected Health Information (PHI) documents must be submitted through S-Comm (Therap), Fax or Postal System, do not send PHI directly to NMDOH email accounts. If the documents do not contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to e-mails.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the completion date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Attachment B

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard, and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called nonnegotiable Conditions of Participation, regardless of if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20 -** Direct Support Personnel Training
- 1A22 Agency Personnel Competency
- 1A37 Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1** Medication Delivery PRN Medication Administration
- 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau
 Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: https://nmhealth.org/about/dhi/cbp/irf/
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at valerie.valdez@state.nm.us for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

Attachment D

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags indicates that a provider is out of compliance with one to five (1-5) Condition of Participation Level Tags. This partial compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC	LOW MEDIUM HIGH		IIGH			
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount
	and	and	and	and	And/or	and	And/or
COP Level Tags:	0 COP	0 COP	0 COP	0 COP	1 to 5 COP	0 to 5 CoPs	6 or more COP
	and	and	and	and		and	
Sample Affected:	0 to 74%	0 to 49%	75 to 100%	50 to 74%		75 to 100%	
"Non-Compliance"						17 or more Total Tags with 75 to 100% of the Individuals in the sample cited in any CoP Level tag.	Any Amount of Standard Level Tags and 6 or more Conditions of Participation Level Tags.
"Partial Compliance with Standard Level tags <u>and</u> Condition of Participation Level Tags"					Any Amount Standard Level Tags, plus 1 to 5 Conditions of Participation Level tags.		
"Partial Compliance with Standard Level tags"			up to 16 Standard Level Tags with 75 to 100% of the individuals in the sample cited in any tag.	17 or more Standard Level Tags with 50 to 74% of the individuals in the sample cited any tag.			
"Compliance"	Up to 16 Standard Level Tags with 0 to 74% of the individuals in the sample cited in any tag.	17 or more Standard Level Tags with 0 to 49% of the individuals in the sample cited in any tag.

NMAC 7.26.5.12 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - PARTICIPATION IN AND SCHEDULING OF INTERDISCIPLINARY TEAM MEETINGS.	Based on record review, the Agency did not maintain a complete and confidential case file at the administrative office for 1 of 21 individuals. Review of the Agency administrative individual case files revealed the following items were not found, incomplete, and/or not current:	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible, an overall correction?): →	
NMAC 7.26.5.14 DEVELOPMENT OF THE INDIVIDUAL SERVICE PLAN (ISP) - CONTENT OF INDIVIDUAL SERVICE PLANS.	Addendum A: • Not Found (#5)	Provider:	
Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 6 Individual Service Plan: The CMS requires a person-centered service plan for every person receiving HCBS. The DD Waiver's person-centered service plan is the ISP.		Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	
6.5.2 ISP Revisions: The ISP is a dynamic document that changes with the person's desires, circumstances, and need. IDT members must collaborate and request an IDT meeting from the CM when a need to modify the ISP arises. The CM convenes the IDT within ten days of receipt of any reasonable			

request to convene the team, either in person or through teleconference.			
6.6 DDSD ISP Template: The ISP must be			
written according to templates provided by the			
DDSD. Both children and adults have			
designated ISP templates. The ISP template			
includes Vision Statements, Desired			
Outcomes, a meeting participant signature			
page, an Addendum A (i.e., an			
acknowledgement of receipt of specific			
information) and other elements depending on			
the age of the individual. The ISP templates			
may be revised and reissued by DDSD to			
incorporate initiatives that improve person -			
centered planning practices. Companion			
documents may also be issued by DDSD and be required for use in order to better			
demonstrate required elements of the PCP			
process and ISP development.			
The ISP is completed by the CM with the IDT			
input and must be completed according to the			
following requirements:			
DD Waiver Provider Agencies should not			
recommend service type, frequency, and			
amount (except for required case			
management services) on an individual budget			
prior to the Vision Statement and Desired			
Outcomes being developed.			
The person does not require IDT			
agreement/approval regarding his/her dreams,			
aspirations, and desired long-term outcomes.			
3. When there is disagreement, the IDT is			
required to plan and resolve conflicts in a			
manner that promotes health, safety, and			
quality of life through consensus. Consensus			
means a state of general agreement that			
allows members to support the proposal, at least on a trial basis.			
4. A signature page and/or documentation of			
participation by phone must be completed.			
5. The CM must review a current Addendum			
A and DHI ANE letter with the person and			
The second secon	<u>. '</u>	I .	

Court appointed guardian or parents of a minor, if applicable.		
6.6.3 Additional Requirements for Adults: Because children have access to other funding sources, a larger array of services are available to adults than to children through the DD Waiver. (See Chapter 7: Available Services and Individual Budget Development). The ISP Template for adults is also more extensive, including Action Plans, Teaching and Support Strategies (TSS), Written Direct Support Instructions (WDSI), and Individual Specific Training (IST) requirements.		
 6.6.3.1. Action Plan: Each Desired Outcome requires an Action Plan. The Action Plan addresses individual strengths and capabilities in reaching Desired Outcomes. Multiple service types may be included in the Action Plan under a single Desired Outcome. Multiple Provider Agencies can and should be contributing to Action Plans toward each Desired Outcome. 1. Action Plans include actions the person will take; not just actions the staff will take. 2. Action Plans delineate which activities will be completed within one year. 3. Action Plans are completed through IDT consensus during the ISP meeting. 4. Action Plans must indicate under "Responsible Party" which DSP or service provider (i.e., Family Living, CCS, etc.) are responsible for carrying out the Action Step. 		
6.6.3.2 Teaching and Supports Strategies (TSS) and Written Direct Support Instructions (WDSI): After the ISP meeting, IDT members conduct a task analysis and assessments necessary to create effective TSS and WDSI to support those Action Plans that require this extra detail. All TSS and		

WDSI should support the person in achieving		
his/her Vision.		
6.6.3.3 Individual Specific Training in the		
ISP: The CM, with input from each DD Waiver		
Provider Agency at the annual ISP meeting,		
completes the IST requirements section of the		
ISP form listing all training needs specific to		
the individual. Provider Agencies bring their		
proposed IST to the annual meeting. The IDT		
must reach a consensus about who needs to		
be trained, at what level (awareness,		
knowledge or skill), and within what timeframe.		
(See Chapter 17.10 Individual-Specific		
Training for more information about IST.)		
6.8 ISP Implementation and Monitoring: All		
DD Waiver Provider Agencies with a signed		
SFOC are required to provide services as		
detailed in the ISP. The ISP must be readily		
accessible to Provider Agencies on the		
approved budget. (See Chapter 20: Provider		
Documentation and Client Records.) CMs		
facilitate and maintain communication with the		
person, his/her representative, other IDT		
members, Provider Agencies, and relevant		
parties to ensure that the person receives the		
maximum benefit of his/her services and that		
revisions to the ISP are made as needed. All		
DD Waiver Provider Agencies are required to		
cooperate with monitoring activities conducted		
by the CM and the DOH. Provider Agencies		
are required to respond to issues at the		
individual level and agency level as described		
in Chapter 16: Qualified Provider Agencies.		
Objection 00: Describer Description and		
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs		
of the person receiving services and the		
resultant information produced. The extent of

in the IDF.		
Chapter 13: Nursing Services: 13.2.9 Healthcare Plans (HCP): 1. At the nurse's discretion, based on prudent nursing practice, interim HCPs may be developed to address issues that must be implemented immediately after admission, readmission or change of medical condition to provide safe services prior to completion of the e-CHAT and formal care planning process. This includes interim ARM plans for those persons newly identified at moderate or high risk for aspiration. All interim plans must be removed if the plan is no longer needed or when final HCP including CARMPs are in place to avoid duplication of plans. 2. In collaboration with the IDT, the agency nurse is required to create HCPs that address all the areas identified as required in the most current e-CHAT summary 13.2.10 Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP): 1. The agency nurse is required to develop a Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-CHAT summary report. The agency nurse should use her/his clinical judgment and input from the Interdisciplinary Team (IDT) to determine whether shown as "C" in the e-CHAT summary report or other conditions also warrant a MERP. 2. MERPs are required for persons who have one or more conditions or illnesses that present a likely potential to become a life-threatening situation.

more than one occasion to ensure appropriate			
techniques are maintained and to provide			
additional coaching/feedback.			
Individuals shall receive services from			
competent and qualified Provider Agency			
personnel who must successfully complete IST			
requirements in accordance with the			
specifications described in the ISP of each			
person supported.			
IST must be arranged and conducted at			
least annually. IST includes training on the ISP			
Desired Outcomes, Action Plans, strategies,			
and information about the person's preferences			
regarding privacy, communication style, and			
routines. More frequent training may be			
necessary if the annual ISP changes before the			
year ends.			
2. IST for therapy related WDSI, HCPs,			
MERPs, CARMPs, PBSA, PBSP, and BCIP,			
must occur at least annually and more often if			
plans change, or if monitoring by the plan			
author or agency finds incorrect			
implementation, when new DSP or CM are			
assigned to work with a person, or when an			
existing DSP or CM requires a refresher.			
3. The competency level of the training is			
based on the IST section of the ISP.			
4. The person should be present for and			
involved in IST whenever possible.			

5. Provider Agencies are responsible for tracking of IST requirements. 6. Provider Agencies must arrange and ensure that DSP's are trained on the contents of the plans in accordance with timelines indicated in the Individual-Specific Training Requirements: Support Plans section of the ISP and notify the plan authors when new DSP are hired to arrange for trainings. 7. If a therapist, BSC, nurse, or other author of a plan, healthcare or otherwise, chooses to designate a trainer, that person is still responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.

- C. Conditional Employment: Applicants, caregivers, and hospital caregivers who have submitted all completed documents and paid all applicable fees for a nationwide and statewide criminal history screening may be deemed to have conditional supervised employment pending receipt of written notice given by the department as to whether the applicant, caregiver or hospital caregiver has a disqualifying conviction.
- **F. Timely Submission:** Care providers shall submit all fees and pertinent application information for all individuals who meet the definition of an applicant, caregiver or hospital caregiver as described in Subsections B, D and K of 7.1.9.7 NMAC, no later than twenty (20) calendar days from the first day of employment or effective date of a contractual relationship with the care provider.
- **G. Maintenance of Records:** Care providers shall maintain documentation relating to all employees and contractors evidencing compliance with the act and these rules.
- (1) During the term of employment, care providers shall maintain evidence of each applicant, caregiver or hospital caregiver's clearance, pending reconsideration, or disqualification.
- (2) Care providers shall maintain documented evidence showing the basis for any determination by the care provider that an employee or contractor performs job functions that do not fall within the scope of the requirement for nationwide or statewide criminal history screening. A memorandum in an employee's file stating "This employee does not provide direct care or have routine unsupervised physical or financial access to care recipients served by [name of care provider]," together with the employee's job description, shall suffice for record keeping purposes.

a. Complete IST requirements in accordance		steps will be taken if issues are found?): →	
with the specifications described in the ISP			
of each person supported and as outlined			
in 17.10 Individual-Specific Training below.			
b. Complete training on DOH-approved ANE			
reporting procedures in accordance with NMAC 7.1.14			
c. Complete training in universal precautions.			
The training materials shall meet			
Occupational Safety and Health			
Administration (OSHA) requirements			
d. Complete and maintain certification in First			
Aid and CPR. The training materials shall			
meet OSHA requirements/guidelines.			
e. Complete relevant training in accordance			
with OSHA requirements (if job involves			
exposure to hazardous chemicals).			
f. Become certified in a DDSD-approved			
system of crisis prevention and			
intervention (e.g., MANDT, Handle with			
Care, CPI) before using EPR. Agency DSP			
and DSS shall maintain certification in a			
DDSD-approved system if any person they			

support has a BCIP that includes the use		
of EPR.		
g. Complete and maintain certification in a		
DDSD-approved medication course if		
required to assist with medication delivery.		
h. Complete training regarding the HIPAA.		
Any staff being used in an emergency		
to fill in or cover a shift must have at a		
minimum the DDSD required core trainings		
and be on shift with a DSP who has		
completed the relevant IST.		
completed the relevant for:		
17.10 Individual-Specific Training: The		
following are elements of IST: defined		
standards of performance, curriculum tailored		
to teach skills and knowledge necessary to		
meet those standards of performance, and		
formal examination or demonstration to verify		
standards of performance, using the		
established DDSD training levels of		
awareness, knowledge, and skill.		
Reaching an awareness level may be		
accomplished by reading plans or other		
information. The trainee is cognizant of		
information related to a person's specific		
condition. Verbal or written recall of basic		
information or knowing where to access the		
information can verify awareness.		
Reaching a knowledge level may take the		
form of observing a plan in action, reading a		
plan more thoroughly, or having a plan		
described by the author or their designee.		
Verbal or written recall or demonstration may		
verify this level of competence.		
Reaching a skill level involves being trained		
by a therapist, nurse, designated or		
experienced designated trainer. The trainer		
shall demonstrate the techniques according to		
the plan. Then they observe and provide		
feedback to the trainee as they implement the		
techniques. This should be repeated until		
competence is demonstrated. Demonstration		
of skill or observed implementation of the	indiana Francoina et l'éclica Matra Northand and Couthurst May C. 40,000	

techniques or strategies verifies skill level			
competence. Trainees should be observed on			
more than one occasion to ensure appropriate			
techniques are maintained and to provide			
additional coaching/feedback.			
Individuals shall receive services from			
competent and qualified Provider Agency			
personnel who must successfully complete IST			
requirements in accordance with the			
specifications described in the ISP of each			
person supported.			
IST must be arranged and conducted at			
least annually. IST includes training on the ISP			
Desired Outcomes, Action Plans, strategies,			
and information about the person's			
preferences regarding privacy, communication			
style, and routines. More frequent training may			
be necessary if the annual ISP changes before			
the year ends.			
2. IST for therapy related WDSI, HCPs,			
MERPs, CARMPs, PBSA, PBSP, and BCIP,			
must occur at least annually and more often if			
plans change, or if monitoring by the plan			
author or agency finds incorrect			
implementation, when new DSP or CM are			
assigned to work with a person, or when an			
existing DSP or CM requires a refresher.			
3. The competency level of the training is			
based on the IST section of the ISP.			
4. The person should be present for and			
involved in IST whenever possible. 5. Provider Agencies are responsible for			
tracking of IST requirements.			
6. Provider Agencies must arrange and ensure that DSP's are trained on the contents			
of the plans in accordance with timelines			
· ·			
indicated in the Individual-Specific Training Requirements: Support Plans section of the			
ISP and notify the plan authors when new			
DSP are hired to arrange for trainings.			
7. If a therapist, BSC, nurse, or other author			
of a plan, healthcare or otherwise, chooses to			
designate a trainer, that person is still	indiana Francisco et life las Metas Northeast	and Couthward May C. 40, 0000	

responsible for providing the curriculum to the designated trainer. The author of the plan is also responsible for ensuring the designated trainer is verifying competency in alignment with their curriculum, doing periodic quality assurance checks with their designated trainer, and re-certifying the designated trainer at least annually and/or when there is a change to a person's plan.		
 17.10.1 IST Training Rosters: IST Training Rosters are required for all IST trainings: 1. IST Training Rosters must include: a. the name of the person receiving DD Waiver services; b. the date of the training; c. IST topic for the training; d. the signature of each trainee; e. the role of each trainee (e.g., CIHS staff, CIE staff, family, etc.); and f. the signature and title or role of the trainer. 2. A competency-based training roster (required for CARMPs) includes all information above but also includes the level of training (awareness, knowledge, or skilled) the trainee has attained. (See Chapter 5.5 Aspiration Risk Management for more details about CARMPs.) 3. A copy of the training roster is submitted to the agency employing the staff trained within seven calendar days of the training date. The original is retained by the trainer. 		

Tag # 1A43.1 General Events Reporting:	Standard Level Deficiency		
Individual Reporting Developmental Disabilities (DD) Waiver Service Standards 2/26/2018; Re-Issue: 12/28/2018; Eff 1/1/2019 Chapter 19: Provider Reporting Requirements: 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention.	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 2 of 21 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within the required timeframe: Individual #3 General Events Report (GER) indicates on 11/11/2021 the Individual received a COVID Vaccine (COVID – 19). GER was approved 11/22/2021. Individual #21	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will	
Provider Agency use of GER in Therap is required as follows: 1. DD Waiver Provider Agencies approved to provide Customized In-Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use GER in the Therap system. 2. DD Waiver Provider Agencies referenced above are responsible for entering specified information into the GER section of the secure website operated under contract by Therap according to the GER Reporting Requirements in Appendix B GER Requirements. 3. At the Provider Agency's discretion additional events, which are not required by DDSD, may also be tracked within the GER section of Therap. 4. GER does not replace a Provider Agency's obligations to report ANE or other	General Events Report (GER) indicates on 12/23/2021 the Individual received a COVID booster (COVID – 19). GER was approved 1/3/2022.	this be completed? Who is responsible? What steps will be taken if issues are found?): →	

reportable incidents as described in Chapter		
18: Incident Management System.5. GER does not replace a Provider		
Agency's obligations related to healthcare		
coordination, modifications to the ISP, or any		
other risk management and QI activities.		
-		
Appendix B GER Requirements: DDSD is		
pleased to introduce the revised General		
Events Reporting (GER), requirements. There are two important changes related to		
medication error reporting:		
Effective immediately, DDSD requires ALL		
medication errors be entered into Therap		
GER with the exception of those required to		
be reported to Division of Health		
Improvement-Incident Management Bureau.		
No alternative methods for reporting are permitted.		
The following events need to be reported in		
the Therap GER:		
Emergency Room/Urgent Care/Emergency		
Medical Services		
Falls Without Injury		
 Injury (including Falls, Choking, Skin 		
Breakdown and Infection)		
Law Enforcement Use		
Medication Errors		
 Medication Documentation Errors 		
 Missing Person/Elopement 		
 Out of Home Placement- Medical: 		
Hospitalization, Long Term Care, Skilled		
Nursing or Rehabilitation Facility Admission		
 PRN Psychotropic Medication 		
Restraint Related to Behavior		
 Suicide Attempt or Threat 		
Entry Guidance: Provider Agencies must		
complete the following sections of the GER		
with detailed information: profile information,		

event information, other event information,

general information, notification, actions		
taken or planned, and the review follow up		
comments section. Please attach any		
pertinent external documents such as		
discharge summary, medical consultation		
form, etc. <u>Provider Agencies must enter and</u>		
approve GERs within 2 business days with		
the exception of Medication Errors which		
must be entered into GER on at least a		
monthly basis.

follow all or part of an order, recommendation,		,	
or suggestion. This includes, but is not limited			
to:			
a. medical orders or recommendations from			
the Primary Care Practitioner, Specialists			
or other licensed medical or healthcare			
practitioners such as a Nurse Practitioner			
(NP or CNP), Physician Assistant (PA) or			
Dentist;			
b. clinical recommendations made by			
registered/licensed clinicians who are			
either members of the IDT or clinicians			
who have performed an evaluation such			
as a video-fluoroscopy;			
c. health related recommendations or			
suggestions from oversight activities such			

as the Individual Quality Review (IQR) or		
other DOH review or oversight activities;		
and		
d. recommendations made through a		
Healthcare Plan (HCP), including a		
Comprehensive Aspiration Risk		
Management Plan (CARMP), or another plan.		
pian.		
2. When the person/guardian disagrees		
with a recommendation or does not agree		
with the implementation of that		
recommendation, Provider Agencies		
follow the DCP and attend the meeting		
coordinated by the CM. During this meeting:		
a. Providers inform the person/guardian		
of the rationale for that		
recommendation, so that the benefit is		
made clear. This will be done in		
layman's terms and will include basic		
sharing of information designed to		
assist the person/guardian with		
understanding the risks and benefits of the recommendation.		
b. The information will be focused on the		
specific area of concern by the		
person/guardian. Alternatives should be		
presented, when available, if the		
guardian is interested in considering		
other options for implementation.		
c. Providers support the person/guardian to		
make an informed decision. d. The decision made by the		
person/guardian during the meeting is		
accepted; plans are modified; and the		
IDT honors this health decision in every		
setting.		
Chapter 20: Provider Documentation and		

Client Records: 20.2 Client Records
Requirements: All DD Waiver Provider
Agencies are required to create and maintain

individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		
location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using computers or		
mobile devices is acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
needed settings.		
4. Provider Agencies must maintain records		
of all documents produced by agency		
personnel or contractors on behalf of each		
person, including any routine notes or data,		
annual assessments, semi-annual reports,		
evidence of training provided/received,		
progress notes, and any other interactions for		
which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File Matrix details the		
minimum requirements for records to be		
stored in agency office files, the delivery site,		
or with DSP while providing services in the		

community.

7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal from		
services.		
20.5.3 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		
form from the Therap system. This		
standardized document contains individual,		
physician and emergency contact information,		
a complete list of current medical diagnoses,		
health and safety risk factors, allergies, and		
information regarding insurance, guardianship,		
and advance directives. The <i>Health Passport</i> also includes a standardized form to use at		
medical appointments called the <i>Physician</i>		
Consultation form. The Physician Consultation		
form contains a list of all current medications.		
Torri contains a list of all current medications.		
Chapter 10: Living Care Arrangements		
(LCA) Living Supports-Supported Living:		
10.3.9.6.1 Monitoring and Supervision		
4. Ensure and document the following:		
 a. The person has a Primary Care 		
Practitioner.		
 b. The person receives an annual 		
physical examination and other		
examinations as recommended by a		
Primary Care Practitioner or		
specialist.		
c. The person receives		
annual dental check-ups		
and other check-ups as recommended by a		
licensed dentist.		
d. The person receives a hearing test as		
recommended by a licensed audiologist.		
e. The person receives eve		
c. The person receives eye		, l

examinations as

recommended by a licensed optometrist or ophthalmologist. 5. Agency activities occur as required for follow-up activities to medical appointments (e.g., treatment, visits to specialists, and changes in medication or daily routine).		
10.3.10.1 Living Care Arrangements (LCA) Living Supports-IMLS: 10.3.10.2 General Requirements: 9 . Medical services must be ensured (i.e., ensure each person has a licensed Primary Care Practitioner and receives an annual physical examination, specialty medical care as needed, and annual dental checkup by a licensed dentist).		
Chapter 13 Nursing Services: 13.2.3 General Requirements: 1. Each person has a licensed primary care practitioner and receives an annual physical examination and specialty medical/dental care as needed. Nurses communicate with these providers to share current health information.

Training on Abuse, Neglect, and		
Exploitation (ANE) Recognition and		
Reporting: All employees, contractors, and		
volunteers shall be trained on the in-person		
ANE training curriculum approved by DOH.		
Employees or volunteers can work with a DD		
Waiver participant prior to receiving the training		
only if directly supervised, at all times, by a		
trained staff. Provider Agencies are		
responsible for ensuring the training		
requirements outlined below are met.		
DDSD ANE On-line Refresher		
trainings shall be renewed annually,		

within one year of successful completion of the DDSD ANE classroom training. 2. Training shall be conducted in a language that is understood by the employee, subcontractor, or volunteer. 3. Training must be conducted by a DOH certified trainer and in accordance with the Train the Trainer curriculum provided by the DOH. 4. Documentation of an employee, subcontractor or volunteer's training must be maintained for a period of at least three years, or six months after termination of an employee's employment or the volunteer's work. NMAC 7.1.14.9 INCIDENT MANAGEMENT SYSTEM REQUIREMENTS: A. General: All community-based service providers shall establish and maintain an incident management system, which emphasizes the principles of prevention and staff involvement. The community-based service provider shall ensure that the incident management system policies and procedures requires all employees and volunteers to be competently trained to respond to, report, and preserve evidence related to incidents in a timely and accurate manner. B. Training curriculum: Prior to an employee or volunteer's initial work with the communitybased service provider, all employees and volunteers shall be trained on an applicable written training curriculum including incident policies and procedures for identification, and timely reporting of abuse, neglect, exploitation, suspicious injury, and all deaths as required in Subsection A of 7.1.14.8 NMAC. The trainings shall be reviewed at annual, not to exceed 12-

month intervals. The training curriculum as set forth in Subsection C of 7.1.14.9 NMAC may include computer-based training. Periodic

reviews shall include, at a minimum, review of the written training curriculum and site-specific issues pertaining to the community-based service provider's facility. Training shall be conducted in a language that is understood by the employee or volunteer. D. Training documentation: All communitybased service providers shall prepare training documentation for each employee and volunteer to include a signed statement indicating the date, time, and place they received their incident management reporting instruction. The community-based service provider shall maintain documentation of an employee or volunteer's training for a period of at least three years, or six months after termination of an employee's employment or the volunteer's work. Training curricula shall be kept on the provider premises and made available upon request by the department. Training documentation shall be made available immediately upon a division representative's request. Failure to provide employee and volunteer training documentation shall subject the community-based service

NMAC 7.1.14.8 INCIDENT MANAGEMENT SYSTEM REPORTING REQUIREMENTS FOR COMMUNITY-BASED SERVICE PROVIDERS:

provider to the penalties provided for in this rule.

F. Quality assurance/quality improvement program for community-based service providers: The community-based service provider shall establish and implement a quality improvement program for reviewing alleged complaints and incidents of abuse, neglect, or exploitation against them as a provider after the division's investigation is complete. The incident management program shall include written documentation of corrective actions taken. The community-based service provider shall take all reasonable steps to prevent further incidents. The community-based

QMB Report of Findings – Expressions of Life, Inc. – Metro, Northeast, and Southwest – May 2 – 13, 2022

service provider shall provide the following internal monitoring and facilitating quality improvement program: (1) community-based service providers shall have current abuse, neglect, and exploitation management policy and procedures in place that comply with the department's requirements; (2) community-based service providers providing intellectual and developmental disabilities services must have a designated incident management coordinator in place; and (3) community-based service providers providing intellectual and developmental disabilities services must have an incident management committee to identify any deficiencies, trends, patterns, or concerns as well as opportunities for quality improvement, address internal and external incident reports for the purpose of examining internal root causes, and to take action on identified issues.

	Comprehensive Aspiration Risk	
	Management Plan (CARMP), or another	
	plan.	
	hen the person/guardian disagrees with a	
	mmendation or does not agree with the	
	ementation of that recommendation,	
	vider Agencies follow the DCP and attend	
	meeting coordinated by the CM. During	
	meeting: Providers inform the person/guardian of	
а	the rationale for that recommendation,	
	so that the benefit is made clear. This	
	will be done in layman's terms and will	
	include basic sharing of information	
	designed to assist the person/guardian	
	with understanding the risks and benefits	
	of the recommendation.	
b.	The information will be focused on the	
	specific area of concern by the	
	person/guardian. Alternatives should be	
	presented, when available, if the	
	guardian is interested in considering	
_	other options for implementation.	
C.	Providers support the person/guardian to make an informed decision.	
Ч	The decision made by the	
u	person/guardian during the meeting is	
	accepted; plans are modified; and the	
	IDT honors this health decision in every	

setting.

Chapter 13 Nursing Services: 13.2.5 Electronic Nursing Assessment and **Planning Process:** The nursing assessment process includes several DDSD mandated tools: the electronic Comprehensive Nursing Assessment Tool (e-CHAT), the Aspiration Risk Screening Tool (ARST) and the Medication Administration Assessment Tool (MAAT) . This process includes developing and training Health Care Plans and Medical Emergency Response Plans. The following hierarchy is based on budgeted services and is used to identify which Provider Agency nurse has primary responsibility for completion of the nursing assessment process and related subsequent planning and training. Additional communication and collaboration for planning specific to CCS or CIE services may be needed. The hierarchy for Nursing Assessment and Planning responsibilities is: 1. Living Supports: Supported Living, IMLS or Family Living via ANS; 2. Customized Community Supports- Group; and 3. Adult Nursing Services (ANS): a. for persons in Community Inclusion with health-related needs; or b. if no residential services are budgeted but assessment is desired and health needs may exist. 13.2.6 The Electronic Comprehensive Health Assessment Tool (e-CHAT) 1. The e-CHAT is a nursing assessment. It may not be delegated by a licensed nurse to a non-licensed person. 2. The nurse must see the person face-to-face to complete the nursing assessment. Additional information may be gathered from

members of the IDT and other sources.

3. An e-CHAT is required for persons in FL,

SL, IMLS, or CCS-Group. All other DD Waiver		
recipients may obtain an e-CHAT if needed or		
desired by adding ANS hours for assessment		
and consultation to their budget.		
4. When completing the e-CHAT, the nurse is		
required to review and update the electronic		
record and consider the diagnoses,		
medications, treatments, and overall status of		
the person. Discussion with others may be		
needed to obtain critical information.		
5. The nurse is required to complete all the e-		
CHAT assessment questions and add		
additional pertinent information in all comment		
sections.		
13.2.7 Aspiration Risk Management		
Screening Tool (ARST)		
40.0.0 Madication Administration		
13.2.8 Medication Administration		
Assessment Tool (MAAT):		
A licensed nurse completes the DDSD Medication Administration		
Assessment Tool (MAAT) at least two		
weeks before the annual ISP meeting.		
2. After completion of the MAAT, the nurse		
will present recommendations regarding the		
level of assistance with medication delivery		
(AWMD) to the IDT. A copy of the MAAT will		
be sent to all the team members two weeks		
before the annual ISP meeting and the		
original MAAT will be retained in the Provider		
Agency records.		
Decisions about medication delivery		
are made by the IDT to promote a		
person's maximum independence and		
community integration. The IDT will		
reach consensus regarding which		
criteria the person meets, as indicated		
by the results of the MAAT and the		
nursing recommendations, and the		
decision is documented this in the ISP.		

13.2.9 Healthcare Plans (HCP):

1. At the nurse's discretion, based on prudent		
nursing practice, interim HCPs may be		
developed to address issues that must be		
implemented immediately after admission,		
readmission or change of medical condition to		
provide safe services prior to completion of the		
e-CHAT and formal care planning process.		
This includes interim ARM plans for those		
persons newly identified at moderate or high		
risk for aspiration. All interim plans must be		
removed if the plan is no longer needed or		
when final HCP including CARMPs are in		
place to avoid duplication of plans.		
2. In collaboration with the IDT, the agency		
nurse is required to create HCPs that address		
all the areas identified as required in the most		
current e-CHAT summary report which is		
indicated by "R" in the HCP column. At the		
nurse's sole discretion, based on prudent		
nursing practice, HCPs may be combined		
where clinically appropriate. The nurse should		
use nursing judgment to determine whether to		
also include HCPs for any of the areas		
indicated by "C" on the e-CHAT summary		
report. The nurse may also create other HCPs		
plans that the nurse determines are warranted.		
40.0.40.14		
13.2.10 Medical Emergency Response Plan		
(MERP):		
The agency nurse is required to develop a Madical Emergancy Response Plan (MERR)		
Medical Emergency Response Plan (MERP) for all conditions marked with an "R" in the e-		
CHAT summary report. The agency nurse		
should use her/his clinical judgment and input		
from the Interdisciplinary Team (IDT) to		
determine whether shown as "C" in the e-		
CHAT summary report or other conditions also		
warrant a MERP.		
2. MERPs are required for persons who have		
one or more conditions or illnesses that		
present a likely potential to become a life-		
threatening situation.		

Chapter 20: Provider Documentation and		
Client Records: 20.5.3 Health Passport and		
Physician Consultation Form: All Primary		
and Secondary Provider Agencies must use		
the Health Passport and Physician		
Consultation form from the Therap system.		
This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Physician Consultation form.

alleged abuse, neglect, exploitation, suspicious			
injury, or death calls the division's hotline to			
report the incident.			
C. Initial reports, form of report, immediate			
action and safety planning, evidence			
preservation, required initial notifications:			
(1) Abuse, neglect, and exploitation,			
suspicious injury or death reporting: Any			
person may report an allegation of abuse,			
neglect, or exploitation, suspicious injury or a			
death by calling the division's toll-free hotline			
number 1-800-445-6242. Any consumer, family			
member, or legal guardian may call the division's			
hotline to report an allegation of abuse, neglect,			
or exploitation, suspicious injury or death			
directly, or may report through the community-			
based service provider who, in addition to calling			
the hotline, must also utilize the division's abuse,			

neglect, and exploitation or report of death form.		
The abuse, neglect, and exploitation or report of		
death form and instructions for its completion		
and filing are available at the division's website,		
http://dhi.health.state.nm.us, or may be obtained		
from the department by calling the division's toll-		
free hotline number, 1-800-445-6242.		
(2) Use of abuse, neglect, and exploitation		
or report of death form and notification by		
community-based service providers: In		
addition to calling the division's hotline as		
required in Paragraph (2) of Subsection A of		
7.1.14.8 NMAC, the community-based service		
provider shall also report the incident of abuse,		
neglect, exploitation, suspicious injury, or death		
utilizing the division's abuse, neglect, and		
exploitation or report of death form consistent		
with the requirements of the division's abuse,		
neglect, and exploitation reporting guide. The		
community-based service provider shall ensure		
all abuse, neglect, exploitation or death reports		
describing the alleged incident are completed on		
the division's abuse, neglect, and exploitation or		
report of death form and received by the division		
within 24 hours of the verbal report. If the		
provider has internet access, the report form		
shall be submitted via the division's website at		
http://dhi.health.state.nm.us; otherwise, it may		
be submitted via fax to 1-800-584-6057. The		
community-based service provider shall ensure		
that the reporter with the most direct knowledge		
of the incident participates in the preparation of		
the report form.		
(3) Limited provider investigation: No		
investigation beyond that necessary in order to		
be able to report the abuse, neglect, or		
exploitation and ensure the safety of consumers		
is permitted until the division has completed its		
investigation.		
(4) Immediate action and safety planning:		
Upon discovery of any alleged incident of abuse,		
neglect, or exploitation, the community-based		
service provider shall:		

(a) develop and implement an immediate action and safety plan for any potentially endangered consumers, if applicable: be immediately prepared to report that immediate action and safety plan verbally, and revise the plan according to the division's direction, if necessary; and (c) provide the accepted immediate action and safety plan in writing on the immediate action and safety plan form within 24 hours of the verbal report. If the provider has internet access, the report form shall be submitted via the division's website at http://dhi.health.state.nm.us; otherwise, it may be submitted by faxing it to the division at 1-800-584-6057. (5) Evidence preservation: The communitybased service provider shall preserve evidence related to an alleged incident of abuse, neglect, or exploitation, including records, and do nothing to disturb the evidence. If physical evidence must be removed or affected, the provider shall take photographs or do whatever is reasonable to document the location and type of evidence found which appears related to the incident. (6) Legal guardian or parental notification: The responsible community-based service provider shall ensure that the consumer's legal guardian or parent is notified of the alleged incident of abuse, neglect and exploitation within 24 hours of notice of the alleged incident unless the parent or legal guardian is suspected of committing the alleged abuse, neglect, or exploitation, in which case the community-based service provider shall leave notification to the division's investigative representative. (7) Case manager or consultant notification by community-based service providers: The responsible community-based

service provider shall notify the consumer's case manager or consultant within 24 hours that an alleged incident involving abuse, neglect, or

exploitation has been reported to the division.		
Names of other consumers and employees may		
be redacted before any documentation is		
forwarded to a case manager or consultant.		
(8) Non-responsible reporter: Providers		
who are reporting an incident in which they are		
who are reporting an incident in which they are		
not the responsible community-based service		
provider shall notify the responsible community-		
based service provider within 24 hours of an		
incident or allegation of an incident of abuse,		
neglect, and exploitation.

for treatment, services, or goods must retain			
all medical and business records for a period			
of at least six years from the last payment			
date, until ongoing audits are settled, or until			
involvement of the state Attorney General is			
completed regarding settlement of any claim,			
whichever is longer.			
4. A Provider Agency that receives payment			
for treatment, services or goods must retain all			1

medical and business records relating to any		
of the following for a period of at least six		
years from the payment date:		
a. treatment or care of any eligible		
recipient;		
b. services or goods provided to any		
eligible recipient;		
c. amounts paid by MAD on behalf of any		
eligible recipient;and		
d. any records required by MAD for the		
administration of Medicaid.		
21.9 Billable Units: The unit of billing		
depends on the service type. The unit may be		
a 15-minute interval, a daily unit, a monthly unit		
or a dollar amount. The unit of billing is		
identified in the current DD Waiver Rate Table.		
Provider Agencies must correctly report		
service units.		
21.9.1 Requirements for Daily Units: For		
services billed in daily units, Provider Agencies		
must adhere to the following:		
A day is considered 24 hours from midnight		
to midnight.		
2. If 12 or fewer hours of service are		
provided, then one-half unit shall be billed.		
A whole unit can be billed if more than 12		
hours of service is provided during a 24-		
hour period. 3. The maximum allowable billable units		
cannot exceed 340 calendar days per ISP		
year or 170 calendar days per six months.		
4. When a person transitions from one		
Provider Agency to another during the ISP		
year, a standard formula to calculate the		
units billed by each Provider Agency must be		
applied as follows:		
a. The discharging Provider Agency		
bills the number of calendar days		
that services were provided		
multiplied by .93 (93%).		
 b. The receiving Provider Agency bills the 		

remaining days up to 340 for the ISP year.		
21.9.2 Requirements for Monthly Units: For services billed in monthly units, a Provider Agency must adhere to the following: 1. A month is considered a period of 30 calendar days. 2. At least one hour of face-to-face billable services shall be provided during a calendar month where any portion of a monthly unit is billed. 3. Monthly units can be prorated by a half unit. 4. Agency transfers not occurring at the beginning of the 30-day interval are required to be coordinated in the middle of the 30-day interval so that the discharging and receiving agency receive a half unit.		
21.9.3 Requirements for 15-minute and hourly units: For services billed in 15-minute or hourly intervals, Provider Agencies must adhere to the following: 1. When time spent providing the service is not exactly 15 minutes or one hour, Provider Agencies are responsible for reporting time correctly following NMAC 8.302.2. 2. Services that last in their entirety less than eight minutes cannot be billed.

Address: 9151 High Assets Way NW
State/Zip: Albuquerque, New Mexico 87102

E-mail Address: <u>carolh@expressionsoflifeinc.com</u>

Region: Metro, Northeast, Southwest

Survey Date: May 2 – 13, 2022

Program Surveyed: Developmental Disabilities Waiver

Service Surveyed: Family Living, Customized In-Home Supports, Customized Community

Supports

Survey Type: Routine

Dear Ms. Montoya Herrera:

The Division of Health Improvement/Quality Management Bureau has received, reviewed and approved the supporting documents you submitted for your Plan of Correction. The documents you provided verified that all previously cited survey Deficiencies have been corrected.

The Plan of Correction process is now complete.

Furthermore, your agency is now determined to be in Compliance with all Conditions of Participation.

To maintain ongoing compliance with standards and regulations, continue to use the Quality Assurance (self-auditing) processes you described in your Plan of Correction.

Consistent use of these Quality Assurance processes will enable you to identify and promptly respond to problems, enhance your service delivery, and result in fewer deficiencies cited in future QMB surveys.

Thank you for your cooperation with the Plan of Correction process, for striving to come into compliance with standards and regulations, and for helping to provide the health, safety and personal growth of the people you serve.

Sincerely,

Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
