NEW MEXICO Department of Health Division of Health Improvement

MICHELLE LUJAN GRISHAM Governor

> PATRICK M. ALLEN Cabinet Secretary

Date:	(Upheld by IRF) October 5, 2023
То:	Baylee Harper, Director of Operations
Provider: Address: State/Zip:	Bright Horizons, Inc. 3811 Academy Parkway S NE Albuquerque, New Mexico 87109
E-mail Address:	baylee@bhinm.com
CC:	Jonathan Baca, CEO
E-Mail Address:	jon@bhinm.com
Region: Survey Date:	Metro August 21 - September 1, 2023
Program Surveyed:	Developmental Disabilities Waiver
Service Surveyed:	Supported Living, Family Living, Intensive Medical Living; Customized In-Home Supports; and Customized Community Supports
Survey Type:	Routine
Team Leader:	Kaitlyn Taylor, BSW, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau
Team Members:	Koren Chandler, Healthcare Surveyor, Division of Health Improvement/Quality Management Bureau; Wolf Krusemark, BFA, Healthcare Surveyor Supervisor, Division of Health Improvement/Quality Management Bureau; Monica Valdez, BS, Healthcare Surveyor Advanced / Plan of Correction Coordinator, Division of Health Improvement/Quality Management Bureau; Marie Passaglia, BA, Healthcare Surveyor Advanced, Division of Health Improvement/Quality Management Bureau; Alyssa Swisher, RN, BSN, Nurse Surveyor and Investigator, Division of Health Improvement/Quality Management Bureau

Dear Ms. Harper:

The Division of Health Improvement/Quality Management Bureau has completed a compliance survey of the services identified above. The purpose of the survey was to determine compliance with federal and state standards; to assure the health, safety, and welfare of individuals receiving services through the Developmental Disabilities Waiver; and to identify opportunities for improvement. This Report of Findings will be shared with the Developmental Disabilities Supports Division for their use in determining your current and future provider agreements. Upon receipt of this letter

NMDOH - DIVISION OF HEALTH IMPROVEMENT QUALITY MANAGEMENT BUREAU 5300 Homestead Road NE, Suite 300-3223, Albuquerque, New Mexico • 87110 (505) 470-4797 (or) (505) 231-7436 • FAX: (505) 222-8661 • nmhealth.org/about/dhi

and Report of Findings your agency must immediately correct all deficiencies which place Individuals served at risk of harm.

Determination of Compliance:

The Division of Health Improvement, Quality Management Bureau has determined your agency is in:

Non-Compliance: This determination is based on noncompliance with 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag or any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags (*refer to Attachment D for details*). The attached QMB Report of Findings indicates Standard Level and Condition of Participation Level deficiencies identified and requires completion and implementation of a Plan of Correction.

The following tags are identified as Condition of Participation Level:

- Tag # LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- Tag # 1A20 Direct Support Personnel Training
- Tag # 1A22 Agency Personnel Competency
- Tag # 1A25.1 Caregiver Criminal History Screening
- Tag # 1A09 Medication Delivery Routine Medication Administration
- Tag # 1A09.1 Medication Delivery PRN Medication Administration (Upheld by IRF)
- Tag # 1A15.2 Administrative Case File: Healthcare Documentation (Therap and Required Plans)

The following tags are identified as Standard Level:

- Tag # 1A08 Administrative Case File (Other Required Documents)
- Tag # 1A08.1 Administrative and Residential Case File: Progress Notes
- Tag # 1A08.3 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32 Administrative Case File: Individual Service Plan Implementation
- Tag # 1A32.1 Administrative Case File: Individual Service Plan Implementation (Not Completed at Frequency)
- Tag # 1A32.2 Individual Service Plan Implementation (Residential Implementation)
- Tag # IS12 Person Centered Assessment (Community Inclusion)
- Tag # LS14.1 Residential Service Delivery Site Case File
- Tag # 1A26 Consolidated On-Line Registry Employee Abuse Registry
- Tag # 1A37 Individual Specific Training
- Tag # 1A43.1 General Events Reporting: Individual Reporting
- Tag # 1A08.2 Administrative Case Fiel: Healthcare Requirements and Follow-up
- Tag # 1A09.1.0 Medication Delivery PRN Medication Administration
- Tag # 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- Tag # LS25 Residential Health & Safety (Supported Living & Family Living)
- Tag # LS27 Family Living Reimbursement

Plan of Correction:

The attached Report of Findings identifies the deficiencies found during your agency's on-site compliance review. You are required to complete and implement a Plan of Correction. Your agency has a total of 45 business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction) from the receipt of this letter.

You were provided information during the exit meeting portion of your on-site survey. Please refer to this information (Attachment A) for specific instruction on completing your Plan of Correction. At a minimum your Plan of Correction should address the following for each Tag cited:

Corrective Action for Current Citation:

• How is the deficiency going to be corrected? (i.e. obtained documents, retrain staff, individuals and/or staff no longer in service, void/adjusts completed, etc.) This can be specific to each deficiency cited or if possible an overall correction, i.e. all documents will be requested and filed as appropriate.

On-going Quality Assurance/Quality Improvement Processes:

• What is going to be done on an ongoing basis? (i.e. file reviews, etc.)

- How many individuals is this going to effect? (i.e. percentage of individuals reviewed, number of files reviewed, etc.)
- How often will this be completed? (i.e. weekly, monthly, quarterly, etc.)
- Who is responsible? (responsible position within your agency)
- What steps will be taken if issues are found? (i.e. retraining, requesting documents, filing RORA, etc.)
- How is this integrated in your agency's QIS, QI Committee reviews and annual report?

Submission of your Plan of Correction:

Please submit your agency's Plan of Correction in the available space on the two right-hand columns of the Report of Findings. (See attachment "A" for additional guidance in completing the Plan of Correction).

Within 10 business days of receipt of this letter your agency Plan of Correction must be submitted to the parties below:

- 1. Quality Management Bureau, Monica Valdez, Plan of Correction Coordinator at MonicaE.Valdez@doh.nm.gov
- 2. Developmental Disabilities Supports Division Regional Office for region of service surveyed

Upon notification from QMB that your *Plan of Correction has been approved*, you must implement all remedies and corrective actions to come into compliance. If your Plan of Correction is denied, you must resubmit a revised plan as soon as possible for approval, as your POC approval and all remedies must be completed within 45 business days of the receipt of this letter.

Failure to submit your POC within the allotted 10 business days or complete and implement your Plan of Correction within the total 45 business days allowed may result in the imposition of a \$200 per day Civil Monetary Penalty until it is received, completed and/or implemented.

Billing Deficiencies:

If you have deficiencies noted in this report of findings under the *Service Domain: Medicaid Billing/Reimbursement*, you must complete a "Void/Adjust" claim or remit the identified overpayment via a check within 30 calendar days of the date of this letter to HSD/OIG/PIU, *though this is not the preferred method of payment*. If you choose to pay via check, please include a copy of this letter with the payment. Make the check payable to the New Mexico Human Services Department and mail to:

Attention: *Lisa Medina-Lujan* HSD/OIG/Program Integrity Unit PO Box 2348 1474 Rodeo Road Santa Fe, New Mexico 87505

If you have questions and would like to speak with someone at HSD/OIG/PIU, please contact:

Lisa Medina-Lujan (Lisa.Medina-Lujan@hsd.nm.gov)

Please be advised that there is a one-week lag period for applying payments received by check to Void/Adjust claims. During this lag period, your other claim payments may be applied to the amount you owe even though you have sent a refund, reducing your payment amount. For this reason, we recommend that you allow the system to recover the overpayment instead of sending in a check.

Request for Informal Reconsideration of Findings (IRF):

If you disagree with a finding of deficient practice, you have 10 business days upon receipt of this notice to request an IRF. Submit your request for an IRF in writing to:

> ATTN: QMB Bureau Chief Request for Informal Reconsideration of Findings 5300 Homestead Rd NE, Suite 300-331 Albuquerque, NM 87110

Attention: IRF request/QMB

See Attachment "C" for additional guidance in completing the request for Informal Reconsideration of Findings. The request for an IRF will not delay the implementation of your Plan of Correction which must be completed within 45 total business days (10 business days to submit your POC for approval and 35 days to implement your *approved* Plan of Correction). Providers may not appeal the nature or interpretation of the standard or regulation, the team composition or sampling methodology. If the IRF approves the modification or removal of a finding, you will be advised of any changes.

Please contact the Plan of Correction Coordinator, <u>Monica Valdez at 505-273-1930 or email at:</u> <u>MonicaE.Valdez@doh.nm.gov</u> if you have questions about the Report of Findings or Plan of Correction. Thank you for your cooperation and for the work you perform.

Sincerely,

Kaitlyn Taylor, BSW

Kaitlyn Taylor, BSW Team Lead/Healthcare Surveyor Division of Health Improvement Quality Management Bureau

Administrative Review Start Date: August 21, 2023 Contact: Bright Horizons, Inc. Provider Instructions for Completing the QMB Plan of Correction (POC) Process

Introduction:

After a QMB Compliance Survey, your QMB Report of Findings will be sent to you via e-mail.

Each provider must develop and implement a Plan of Correction (POC) that identifies specific quality assurance and quality improvement activities the agency will implement to correct deficiencies and prevent continued deficiencies and non-compliance.

Agencies must submit their Plan of Correction within ten (10) business days from the date you receive the QMB Report of Findings. (Providers who do not submit a POC within 10 business days may be referred to the DDSD Regional Office for purposes of contract management or the Internal Review Committee [IRC] for possible actions or sanctions).

Agencies must fully implement their approved Plan of Correction within 45 business days (10 business days to submit your POC for approval and 35 days to implement your approved Plan of Correction) from the date they receive the QMB Report of Findings. Providers who fail to complete a POC within the 45-business days allowed will be referred to the IRC for possible actions or sanctions.

If you have questions about the Plan of Correction process, call the Plan of Correction Coordinator at 505-273-1930 or email at <u>MonicaE.Valdez@doh.nm.gov</u>. Requests for technical assistance must be requested through your Regional DDSD Office.

The POC process cannot resolve disputes regarding findings. If you wish to dispute a finding on the official Report of Findings, you must file an Informal Reconsideration of Findings (IRF) request within ten (10) business days of receiving your report. Please note that you must still submit a POC for findings that are in question (see Attachment C).

Instructions for Completing Agency POC:

Required Content

Your Plan of Correction should provide a step-by-step description of the methods to correct each deficient practice cited to prevent recurrence and information that ensures the regulation cited comes into and remains in compliance. The remedies noted in your POC are expected to be added to your Agency's required, annual Quality Assurance (QA) Plan.

If a deficiency has already been corrected since the on-site survey, the plan should state how it was corrected, the completion date (date the correction was accomplished), and how possible recurrence of the deficiency will be prevented.

The following details should be considered when developing your Plan of Correction:

The Plan of Correction must address each deficiency cited in the Report of Findings unless otherwise noted with a "No Plan of Correction Required statement." The Plan of Correction must address the five (5) areas listed below:

- 1. How the specific and realistic corrective action will be accomplished for individuals found to have been affected by the deficient practice.
- 2. How the agency will identify other individuals who have the potential to be affected by the same deficient practice, and how the agency will act to protect those individuals in similar situations.
- 3. What Quality Assurance measures will be put into place and what systemic changes made to ensure the deficient practice will not recur.
- 4. Indicate how the agency plans to monitor its performance to make certain solutions are sustained. The agency must develop a QA plan for ensuring correction is achieved and sustained. This QA plan must be implemented, and the corrective action is evaluated for its effectiveness. The plan of correction is integrated into the agency quality assurance system; and

5. Include dates when corrective actions will be completed. The corrective action completion dates must be acceptable to the State.

The following details should be considered when developing your Plan of Correction:

- Details about how and when Individual Served, agency personnel and administrative and service delivery site files are audited by agency personnel to ensure they contain required documents;
- Information about how medication administration records are reviewed to verify they contain all required information before they are distributed to service sites, as they are being used, and after they are completed;
- Your processes for ensuring that all required agency personnel are trained on required DDSD required trainings;
- How accuracy in billing/reimbursement documentation is assured;
- How health, safety is assured;
- For Case Management providers, how Individual Service Plans are reviewed to verify they meet requirements, how the timeliness of level of care (LOC) packet submissions and consumer visits are tracked;
- Your process for gathering, analyzing and responding to quality data indicators; and,
- Details about Quality Targets in various areas, current status, analyses about why targets were not met, and remedies implemented.

Note: Instruction or in-service of staff alone may not be a sufficient plan of correction. This is a good first step toward correction, but additional steps must be taken to ensure the deficiency is corrected and will not recur.

Completion Dates

- The plan of correction must include a **completion date** (entered in the far right-hand column) for each finding. Be sure the date is **realistic** in the amount of time your Agency will need to correct the deficiency; not to exceed 45 total business days.
- Direct care issues should be corrected immediately and monitored appropriately.
- Some deficiencies may require a staged plan to accomplish total correction.
- Deficiencies requiring replacement of equipment, etc., may require more time to accomplish correction but should show reasonable time frames.

Initial Submission of the Plan of Correction Requirements

- 1. The Plan of Correction must be completed on the official QMB Survey Report of Findings/Plan of Correction Form and received by QMB within ten (10) business days from the date you received the report of findings.
- 2. For questions about the POC process, call the POC Coordinator, Monica Valdez at 505-273-1930 or email at <u>MonicaE.Valdez@doh.nm.gov</u> for assistance.
- 3. For Technical Assistance (TA) in developing or implementing your POC, contact your Regional DDSD Office.
- Submit your POC to Monica Valdez, POC Coordinator via email at <u>MonicaE.valdez@doh.nm.gov</u>. Please also submit your POC to your Developmental Disabilities Supports Division Regional Office for region of service surveyed.
- 5. <u>Do not submit supporting documentation</u> (evidence of compliance) to QMB <u>until after your POC</u> has been approved by the QMB.
- 6. QMB will notify you when your POC has been "approved" or "denied."
 - a. During this time, whether your POC is "approved," or "denied," you will have a maximum of 45-business days from the date of receipt of your Report of Findings to correct all survey deficiencies.
 - b. If your POC is denied, it must be revised and resubmitted as soon as possible, as the 45-business day limit is in effect.
 - c. If your POC is denied a second time your agency may be referred to the Internal Review Committee.
 - d. You will receive written confirmation when your POC has been approved by QMB and a final deadline for completion of your POC.
 - e. Please note that all POC correspondence will be sent electronically unless otherwise requested.
- 7. Failure to submit your POC within 10 business days without prior approval of an extension by QMB will result in a referral to the Internal Review Committee and the possible implementation of monetary penalties and/or sanctions.

POC Document Submission Requirements

<u>Once your POC has been approved</u> by the QMB Plan of Correction Coordinator, you must submit copies of documents as evidence that all deficiencies have been corrected. You must also submit evidence of the ongoing Quality Assurance/Quality Improvement processes.

- 1. Your internal documents are due within a *maximum* of 45-business days of receipt of your Report of Findings.
- 2. Please submit your documents electronically according to the following: If documents <u>do not</u> contain protected Health information (PHI) then you may submit your documents electronically scanned and attached to the State email account. <u>If documents contain PHI **do not** submit PHI directly to the State email account</u>. You may submit <u>PHI **only** when **replying** to a **secure** email received from the State email account</u>. When possible, please submit requested documentation using a "zipped/compressed" file to reduce file size. You may also submit documents via S-Comm (Therap), or another electronic format, i.e., flash drive.
- 3. All submitted documents <u>must be annotated</u>; please be sure the tag numbers and Identification numbers are indicated on each document submitted. Documents which are not annotated with the Tag number and Identification number may not be accepted.
- 4. Do not submit original documents; Please provide copies or scanned electronic files for evidence. Originals must be maintained in the agency file(s) per DDSD Standards.
- 5. In lieu of some documents, you may submit copies of file or home audit forms that clearly indicate cited deficiencies have been corrected, other attestations of correction must be approved by the Plan of Correction Coordinator prior to their submission.
- 6. When billing deficiencies are cited, you must provide documentation to justify billing and/or void and adjust forms submitted to Xerox State Healthcare, LLC for the deficiencies cited in the Report of Findings.

Revisions, Modifications or Extensions to your Plan of Correction (post QMB approval) must be made in writing and submitted to the Plan of Correction Coordinator, prior to the due date and are approved on a case-by-case basis. No changes may be made to your POC or the timeframes for implementation without written approval of the POC Coordinator.

Department of Health, Division of Health Improvement QMB Determination of Compliance Process

The Division of Health Improvement, Quality Management Bureau (QMB) surveys compliance of the Developmental Disabilities Waiver (DDW) standards and other state and federal regulations. For the purpose of the LCA / CI survey the CMS waiver assurances have been grouped into four (4) Service Domains: Plan of Care (ISP Implementation); Qualified Providers; Health, Welfare and Safety; and Administrative Oversight (note that Administrative Oversight listed in this document is not the same as the CMS assurance of Administrative Authority. Used in this context it is related to the agency's operational policies and procedures, Quality Assurance system and Medicaid billing and reimbursement processes.)

The QMB Determination of Compliance process is based on provider compliance or non-compliance with standards and regulations identified during the on-site survey process and as reported in the QMB Report of Findings. All areas reviewed by QMB have been agreed to by DDSD and DHI/QMB and are reflective of CMS requirements. All deficiencies (non-compliance with standards and regulations) are identified and cited as either a Standard level deficiency or a Condition of Participation level deficiency in the QMB Reports of Findings. All deficiencies require corrective action when non-compliance is identified.

Each deficiency in your Report of Findings has been predetermined to be a Standard Level Deficiency, a Condition of Participation Level Deficiency, if below 85% compliance or a non-negotiable Condition of Participation Level Deficiency. Your Agency's overall Compliance Determination is based on a Scope and Severity Scale which takes into account the number of Standard and Condition Level Tags cited as well as the percentage of Individuals affected in the sample.

Conditions of Participation (CoPs)

CoPs are based on the Centers for Medicare and Medicaid Services, Home and Community-Based Waiver required assurances, in addition to the New Mexico Developmental Disability Waiver (DDW) Service Standards. The Division of Health Improvement (DHI), in conjunction with the Developmental Disability Support Division (DDSD), has identified certain deficiencies that have the potential to be a Condition of Participation Level, if the tag falls below 85% compliance based on the number of people affected. Additionally, there are what are called non-negotiable Conditions of Participation, regardless if one person or multiple people are affected. In this context, a CoP is defined as an essential / fundamental regulation or standard, which when out of compliance directly affects the health and welfare of the Individuals served. If no deficiencies within a Tag are at the level of a CoP, it is cited as a Standard Level Deficiency.

Service Domains and CoPs for Living Care Arrangements and Community Inclusion are as follows:

<u>Service Domain: Service Plan: ISP Implementation -</u> Services are delivered in accordance with the service plan, including type, scope, amount, duration and frequency specified in the service plan.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.3 Administrative Case File: Individual Service Plan / ISP Components
- 1A32 Administrative Case File: Individual Service Plan Implementation
- LS14 Residential Service Delivery Site Case File (ISP and Healthcare Requirements)
- IS14 CCS / CIES Service Delivery Site Case File (ISP and Healthcare Requirements)

<u>Service Domain: Qualified Providers -</u> The State monitors non-licensed/non-certified providers to assure adherence to waiver requirements. The State implements its policies and procedures for verifying that provider training is conducted in accordance with State requirements and the approved waiver.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- **1A20** Direct Support Professional Training
- 1A22 Agency Personnel Competency

• 1A37 – Individual Specific Training

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A25.1 Caregiver Criminal History Screening
- 1A26.1 Consolidated On-line Registry Employee Abuse Registry

<u>Service Domain: Health, Welfare and Safety -</u> The State, on an ongoing basis, identifies, addresses and seeks to prevent occurrences of abuse, neglect and exploitation. Individuals shall be afforded their basic human rights. The provider supports individuals to access needed healthcare services in a timely manner.

Potential Condition of Participation Level Tags, if compliance is below 85%:

- 1A08.2 Administrative Case File: Healthcare Requirements & Follow-up
- 1A09 Medication Delivery Routine Medication Administration
- **1A09.1 –** Medication Delivery PRN Medication Administration
- **1A15.2** Administrative Case File: Healthcare Documentation (Therap and Required Plans)

Non-Negotiable Condition of Participation Level Tags (one or more Individuals are cited):

- 1A05 General Requirements / Agency Policy and Procedure Requirements
- 1A07 Social Security Income (SSI) Payments
- 1A09.2 Medication Delivery Nurse Approval for PRN Medication
- 1A15 Healthcare Coordination Nurse Availability / Knowledge
- **1A31 –** Client Rights/Human Rights
- LS25.1 Residential Reqts. (Physical Environment Supported Living / Family Living / Intensive Medical Living)

Attachment C

Guidelines for the Provider Informal Reconsideration of Finding (IRF) Process

Introduction:

Throughout the QMB Survey process, surveyors are openly communicating with providers. Open communication means surveyors have clarified issues and/or requested missing information before completing the review through the use of the signed/dated "Document Request," or "Administrative Needs," etc. forms. Regardless, there may still be instances where the provider disagrees with a specific finding. Providers may use the following process to informally dispute a finding.

Instructions:

- The Informal Reconsideration of the Finding (IRF) request must be received in writing to the QMB Bureau Chief <u>within 10 business days</u> of receipt of the final Report of Findings (*Note: No extensions are granted for the IRF*).
- 2. The written request for an IRF *must* be completed on the QMB Request for Informal Reconsideration of Finding form available on the QMB website: <u>https://nmhealth.org/about/dhi/cbp/irf/</u>
- 3. The written request for an IRF must specify in detail the request for reconsideration and why the finding is inaccurate.
- 4. The IRF request must include all supporting documentation or evidence.
- 5. If you have questions about the IRF process, email the IRF Chairperson, Valerie V. Valdez at <u>valerie.valdez@doh.nm.gov</u> for assistance.

The following limitations apply to the IRF process:

- The written request for an IRF and all supporting evidence must be received within 10 business days.
- Findings based on evidence requested during the survey and not provided may not be subject to reconsideration.
- The supporting documentation must be new evidence not previously reviewed or requested by the survey team.
- Providers must continue to complete their Plan of Correction during the IRF process
- Providers may not request an IRF to challenge the sampling methodology.
- Providers may not request an IRF based on disagreement with the nature of the standard or regulation.
- Providers may not request an IRF to challenge the team composition.
- Providers may not request an IRF to challenge the DHI/QMB determination of compliance or the length of their DDSD provider contract.

A Provider forfeits the right to an IRF if the request is not received within 10 business days of receiving the report and/or does not include all supporting documentation or evidence to show compliance with the standards and regulations.

The IRF Committee will review the request; the Provider will be notified in writing of the ruling; no face-to-face meeting will be conducted.

When a Provider requests that a finding be reconsidered, it does not stop or delay the Plan of Correction process. **Providers must continue to complete the Plan of Correction, including the finding in dispute regardless of the IRF status.** If a finding is removed or modified, it will be noted and removed or modified from the Report of Findings. It should be noted that in some cases a Plan of Correction may be completed prior to the IRF process being completed. The provider will be notified in writing on the decisions of the IRF committee.

QMB Determinations of Compliance

Compliance:

The QMB determination of *Compliance* indicates that a provider has either no deficiencies found during a survey or that no deficiencies at the Condition of Participation Level were found. The agency has obtained a level of compliance such that there is a minimal potential for harm to individuals' health and safety. To qualify for a determination of *Compliance*, the provider must have received no Conditions of Participation Level Deficiencies and have a minimal number of Individuals on the sample affected by the findings indicated in the Standards Level Tags.

Partial-Compliance with Standard Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags* indicates that a provider is in compliance with all Condition of Participation Level deficiencies but is out of compliance with a certain percentage of Standard Level deficiencies. This partial-compliance, if not corrected, may result in a negative outcome or the potential for more than minimal harm to individuals' health and safety. There are two ways to receive a determination of Partial Compliance with Standard Level Tags:

- 1. Your Report of Findings includes 16 or fewer Standards Level Tags with between 75% and 100% of the survey sample affected in any tag.
- 2. Your Report of Findings includes 17 or more Standard Level Tags with between 50% to 74% of the survey sample affected in any tag.

Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags:

The QMB determination of *Partial-Compliance with Standard Level Tags and Condition of Participation Level Tags* indicates that a provider is out of compliance with one to five (1 - 5) Condition of Participation Level Tags. This partial-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety.

Non-Compliance:

The QMB determination of *Non-Compliance* indicates a provider is significantly out of compliance with both Standard Level deficiencies and Conditions of Participation level deficiencies. This non-compliance, if not corrected, may result in a serious negative outcome or the potential for more than minimal harm to individuals' health and safety. There are three ways an agency can receive a determination of Non-Compliance:

- 1. Your Report of Findings includes 17 or more total Tags with 0 to 5 Condition of Participation Level Tags with 75% to 100% of the survey sample affected in any Condition of Participation Level tag.
- 2. Your Report of Findings includes any amount of Standard Level Tags with 6 or more Condition of Participation Level Tags.

Compliance				Weighting			
Determination	LC	W		MEDIUM		Н	IGH
				1	I		I
Total Tags:	up to 16	17 or more	up to 16	17 or more	Any Amount	17 or more	Any Amount

community inclusion services for the individual.		here (What is going to be done? How many	
Recommended methods for gathering		individuals is this going to affect? How often	
information include paper reviews, interviews		will this be completed? Who is responsible?	
with the individual, guardian or anyone who		What steps will be taken if issues are found?):	
knows the individual well including staff, family		\rightarrow	
members, friends, BSC therapist, school			
personnel, employers, and providers.			
Observations in the community, home visits,			
neighborhood/environmental observations			
research on community resources, and team			
input are also reliable means of gathering			
valuable information. A Career Development			
Plan (CDP), developed by the CIE Provider			
Agency with input from the CCS Provider, must			
be in place for job seekers or those already			
working to outline the tasks needed to obtain,			
maintain, or seek advanced opportunities in			
employment. For those who are employed, the			
career development plan addresses topics			
such as a plan to fade paid supports from the			
worksite or strategies to improve opportunities			
for career advancement. CCS and CIE			
Provider Agencies must adhere to the following			
requirements related to a PCA and Career			
Development Plan:			

1. A PCA should contain, the following major		
topics, at a minimum:		
a. information about the person's		
background and current status;		
b. the person's strengths and interests and		
how they are known;		
c. conditions for success to integrate into		
the community, including conditions for		
job success (for those who are working or		
wish to work); and		
d. support needs for the individual.		
2. The agency must involve the individual and		
describe how they were involved in		
development of the PCA. A guardian and		
those who know the person best must also		
be included in the development of the PCA,		
as applicable.		
3. Timelines for completion: The initial PCA		
must be completed within the first 90		
calendar days of the person receiving		
services. Thereafter, the Provider Agency		
must ensure that the PCA is reviewed and		
updated with the most current information,		
annually. A more extensive update of a PCA		
must be completed every five years. PCAs		
completed at the 5-year mark should include		
a narrative summary of progress toward		
outcomes from initial development, changes		
in support needs, major life changes, etc. If		
there is a significant change in a person's		
circumstance, a new PCA should be		
considered because the information in the		
PCA may no longer be relevant. A		
significant change may include but is not		
limited to losing a job, changing a residence		
or provider, and/or moving to a new region		
of the state.		
4. If a person is receiving more than one type		
of service from the same provider, one PCA		
with information about each service is		
acceptable.		
5. PCA's should be signed and dated to		
demonstrate that the assessment was		
reviewed and updated with the most current		
·		

information, at least annually.		
6.A career development plan is developed by		
the CIE provider with input from the CCS		
provider, as appropriate, and can be a		
separate document or be added as an		
addendum to a PCA. The career		
development plan should have specific		
action steps that identify who does what and		
by when.

application information for all applicants,		here (What is going to be done? How many	
caregivers or hospital caregivers as described		individuals is this going to affect? How often	
in Subsections D, E and F of this section.		will this be completed? Who is responsible?	
Pursuant to Section 29-17-5 NMSA 1978		What steps will be taken if issues are found?):	
(Amended) of the act, a care provider's failure		\rightarrow	
to comply is grounds for the state agency			
having enforcement authority with respect to			
the care provider] to impose appropriate			
administrative sanctions and penalties.			
B. Exception: A caregiver or hospital			
caregiver applying for employment or			
contracting services with a care provider within			
twelve (12) months of the caregiver's or			
hospital caregiver's most recent nationwide			
criminal history screening which list no			
disqualifying convictions shall only apply for a			
statewide criminal history screening upon offer			
of employment or at the time of entering into a			
contractual relationship with the care provider.			
At the discretion of the care provider a			
nationwide criminal history screening,			
additional to the required statewide criminal			
history screening, may be requested.			
C. Conditional Employment: Applicants,			
caregivers, and hospital caregivers who have	n art af Finaliana - Drinkt Hanimana Ina - Matra - Avenue		

submitted all completed documents and paid		
all applicable fees for a nationwide and		
statewide criminal history screening may be		
deemed to have conditional supervised		
employment pending receipt of written notice		
given by the department as to whether the		
applicant, caregiver or hospital caregiver has a		
disqualifying conviction.		
F. Timely Submission: Care providers shall		
submit all fees and pertinent application		
information for all individuals who meet the		
definition of an applicant, caregiver or hospital		
caregiver as described in Subsections B, D		
and K of 7.1.9.7 NMAC, no later than twenty		
(20) calendar days from the first day of		
employment or effective date of a contractual		
relationship with the care provider.		
G. Maintenance of Records: Care providers		
shall maintain documentation relating to all		
employees and contractors evidencing		
compliance with the act and these rules.		
(1) During the term of employment, care		
providers shall maintain evidence of each		
applicant, caregiver or hospital caregiver's		
clearance, pending reconsideration, or		
disqualification.		
(2) Care providers shall maintain documented		
evidence showing the basis for any		
determination by the care provider that an		
employee or contractor performs job functions that do not fall within the scope of the		
requirement for nationwide or statewide		
criminal history screening. A memorandum in		
an employee's file stating "This employee does		
not provide direct care or have routine		
unsupervised physical or financial access to		
care recipients served by [name of care		
provider]," together with the employee's job		
description, shall suffice for record keeping		
purposes.		
1.1.2.2.		
NMAC 7.1.9.9 CAREGIVERS OR		
HOSPITAL CAREGIVERS AND		
	•	

APPLICANTS WITH DISQUALIFYING CONVICTIONS:		
A. Prohibition on Employment: A care		
provider shall not hire or continue the		
employment or contractual services of any		
applicant, caregiver or hospital caregiver for		
whom the care provider has received notice of		
a disqualifying conviction, except as provided		
in Subsection B of this section.		
NMAC 7.1.9.11 DISQUALIFYING		
CONVICTIONS. The following felony		
convictions disqualify an applicant, caregiver or		
hospital caregiver from employment or		
contractual services with a care provider:		
A. homicide;		
B. trafficking, or trafficking in controlled		
substances;		
C. kidnapping, false imprisonment, aggravated		
assault or aggravated battery;		
D. rape, criminal sexual penetration, criminal		
sexual contact, incest, indecent exposure, or		
other related felony sexual offenses;		
E. crimes involving adult abuse, neglect or		
financial exploitation;		
F. crimes involving child abuse or neglect;		
G. crimes involving robbery, larceny, extortion,		
burglary, fraud, forgery, embezzlement, credit		
card fraud, or receiving stolen property; or		
H. an attempt, solicitation, or conspiracy		
involving any of the felonies in this subsection.		

Tag # 1A26 Employee Abuse Registry	Standard Level Deficiency		
NMAC 7.1.12.8 - REGISTRY ESTABLISHED; PROVIDER INQUIRY REQUIRED: Upon the effective date of this rule, the department has established and maintains an accurate and complete electronic registry that contains the name, date of birth, address, social security number, and other appropriate identifying information of all persons who, while employed by a provider, have been determined by the department, as a result of an investigation of a	Based on record review, the Agency did not maintain documentation in the employee's personnel records that evidenced inquiry into the Employee Abuse Registry prior to employment for 14 of 148 Agency Personnel. The following Agency Personnel records contained evidence that indicated the Employee Abuse Registry check was completed after hire:	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? Tag # 1A43.1 General Events Reporting:	Standard Level Deficiency		
 Individual Reporting Developmental Disabilities Waiver Service Standards Eff 11/1/2021 Chapter 19 Provider Reporting Requirements: DOH-DDSD collects and analyzes system wide information for quality assurance, quality improvement, and risk management in the DD Waiver Program. Provider Agencies are responsible for tracking and reporting to DDSD in several areas on an individual and agency wide level. The purpose of this chapter is to identify what information Provider Agencies are required to report to DDSD and how to do so. 19.2 General Events Reporting (GER): The purpose of General Events Reporting (GER) is to report, track and analyze events, which pose a risk to adults in the DD Waiver program, but do not meet criteria for ANE or other reportable incidents as defined by the IMB. Analysis of GER is intended to identify emerging patterns so that preventative action can be taken at the individual, Provider Agency, regional and statewide level. On a quarterly and annual basis, DDSD analyzes GER data at the provider, regional and statewide levels to identify any patterns that warrant intervention. Provider Agency use of GER in Therap is required as follows: DD Waiver Provider Agencies approved to provide Customized In- Home Supports, Family Living, IMLS, Supported Living, Customized Community Supports, Community Integrated Employment, Adult Nursing and Case Management must use the GER DD Waiver Provider Agencies referenced above are responsible for entering specified information into a Therap GER module entry per standards set through the Appendix B GER Requirements and as identified by DDSD. 	Based on record review, the Agency did not follow the General Events Reporting requirements as indicated by the policy for 1 of 26 individuals. The following General Events Reporting records contained evidence that indicated the General Events Report was not entered and / or approved within 2 business days and / or entered within 30 days for medication errors: Individual #5 • General Events Report (GER) indicates on 3/30/2023 the Individual visited urgent care due to pain from skin breakdown. (Urgent Care). GER was approved 4/8/2023.	Provider: State your Plan of Correction for the deficiencies cited in this tag here (How is the deficiency going to be corrected? This can be specific to each deficiency cited or if possible an overall correction?): → Provider: Enter your ongoing Quality Assurance/Quality Improvement processes as it related to this tag number here (What is going to be done? How many individuals is this going to affect? How often will this be completed? Who is responsible? What steps will be taken if issues are found?): →	

3. At the Provider Agency's discretion		
additional events, which are not required by		
DDSD, may also be tracked within the GER		
section of Therap. Events that are tracked		
for internal agency purposes and do not		
meet reporting requirements per DD		
Waiver Service Standards must be marked		
with a notification level of "Low" to indicate		
that it is being used internal to the provider		
agency.		
4. GER does not replace a Provider Agency's		
obligations to report ANE or other		
reportable incidents as described in		
Chapter 18: Incident Management System.		
5. GER does not replace a Provider Agency's		
obligations related to healthcare		
coordination, modifications to the ISP, or		
any other risk management and QI		
activities.		
6. Each agency that is required to participate		
in General Event Reporting via Therap		
should ensure information from the staff		
and/or individual with the most direct		
knowledge is part of the report.		
a. Each agency must have a system in		
place that assures all GERs are		
approved per Appendix B GER		
Requirements and as identified by		
DDSD.		
b. Each is required to enter and approve		
GERs within 2 business days of		
discovery or observation of the		
reportable event.		
19.2.1 Events Required to be Reported in		
GER: The following events need to be		
reported in the Therap GER: when they occur		
during delivery of Supported Living, Family		
Living, Intensive Medical Living, Customized		
In-Home Supports, Customized Community		
Supports, Community Integrated Employment		
or Adult Nursing Services for DD Waiver		
participants aged 18 and older:

or suggestion. This includes, but is not limited to:		
a. medical orders or recommendations from		
the Primary Care Practitioner, Specialists		
or other licensed medical or healthcare		
practitioners such as a Nurse Practitioner		
(NP or CNP), Physician Assistant (PA) or		
Dentist:		
b. clinical recommendations made by		
registered/licensed clinicians who are		
either members of the IDT (e.g., nurses,		
therapists, dieticians, BSCs or PRS Risk		
Evaluator) or clinicians who have		
performed evaluations such as a video-		
fluoroscopy;		
c. health related recommendations or		
suggestions from oversight activities such		
as the Individual Quality Review (IQR);		
and		
d. recommendations made by a licensed		
professional through a Healthcare Plan		
(HCP), including a Comprehensive		
Aspiration Risk Management Plan		
(CARMP), a Medical Emergency		
Response Plan (MERP) or another plan		
such as a Risk Management Plan (RMP)		
or a Behavior Crisis Intervention Plan		
(BCIP).		
Chapter 20 Provider Documentation and		
Client Records: 20.2 Client Record		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the		
location of the file, the type of service being		
provided, and the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
1. Client records must contain all documents		
essential to the service being provided and		

essential to ensuring the health and safety		
of the person during the provision of the		
service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using		
computers or mobile devices are		
acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
settings.		
4. Provider Agencies must maintain records of		
all documents produced by agency		
personnel or contractors on behalf of each		
person, including any routine notes or data,		
annual assessments, semi-annual reports,		
evidence of training provided/received,		
progress notes, and any other interactions		
for which billing is generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking		
only for the services provided by their		
agency.		
6. The current Client File Matrix found in		
Appendix A Client File details the minimum		
requirements for records to be stored in		
agency office files, the delivery site, or with		
DSP while providing services in the		
community.		
7. All records pertaining to JCMs must be		
retained permanently and must be made		
available to DDSD upon request, upon the		
termination or expiration of a provider		
agreement, or upon provider withdrawal		
from services.		
20.5.4 Health Passport and Physician		
Consultation Form: All Primary and		
Secondary Provider Agencies must use the		
Health Passport and Physician Consultation		

	1	
form generated from an e-CHAT in the Therap		
system. This standardized document contains		
individual, physician and emergency contact		
information, a complete list of current medical		
diagnoses, health and safety risk factors,		
allergies, and information regarding insurance,		
guardianship, and advance directives. The		
Health Passport also includes a standardized		
form to use at medical appointments called the		
Physician Consultation form. The Physician		
Consultation form contains a list of all current		
medications. Requirements for the Health		
Passport and Physician Consultation form are:		
1. The Case Manager and Primary and		
Secondary Provider Agencies must		
communicate critical information to each		
other and will keep all required sections of		
Therap updated in order to have a current		
and thorough <i>Health Passport</i> and		
Physician Consultation Form available at all		
times. Required sections of Therap include		
the IDF, Diagnoses, and Medication		
History.		
2. The Primary and Secondary Provider		
Agencies must ensure that a current copy		
of the Health Passport and Physician		
Consultation forms are printed and		
available at all service delivery sites. Both		
forms must be reprinted and placed at all		
service delivery sites each time the e-		
CHAT is updated for any reason and		
whenever there is a change to contact		
information contained in the IDF.		
3. Primary and Secondary Provider Agencies		
must assure that the current <i>Health</i>		
Passport and Physician Consultation form		
accompany each person when taken by the		
provider to a medical appointment, urgent		
care, emergency room, or are admitted to a		
hospital or nursing home. (If the person is		
taken by a family member or guardian, the		
Health Passport and Physician		
Consultation form must be provided to		
them.)		

4 The Dhysisian Consultation form must be		
4. The Physician Consultation form must be		
reviewed, and any orders or changes must		
be noted and processed as needed by the		
provider within 24 hours.		
5. Provider Agencies must document that the		
Health Passport and Physician		
Consultation form and Advanced		
Healthcare Directives were delivered to the		
treating healthcare professional by one of		
the following means:		
a. document delivery using the		
Appointments Results section in Therap		
Health Tracking Appointments; and		
b. scan the signed Physician Consultation		
Form and any provided follow-up		
documentation into Therap after the		
person returns from the healthcare visit.		
Chapter 13 Nursing Services: 13.2.3		
General Requirements Related to Orders,		
Implementation, and Oversight		
1. Each person has a licensed primary care		
practitioner and receives an annual		
physical examination, dental care and		
specialized medical/behavioral care as		
needed. PPN communicate with providers		
regarding the person as needed.		
2. Orders from licensed healthcare providers		
are implemented promptly and carried out		
until discontinued.		
a. The nurse will contact the ordering or on		
call practitioner as soon as possible, or		
within three business days, if the order		
cannot be implemented due to the		
person's or guardian's refusal or due to		
other issues delaying implementation of		
the order. The nurse must clearly		
document the issues and all attempts to		
resolve the problems with all involved		
parties.		
b. Based on prudent nursing practice, if a		
nurse determines to hold a practitioner's		
order, they are required to immediately		
document the circumstances and		
rationale for this decision and to notify		

the ordering or on call practitioner as soon as possible, but no later than the next business day. C. If the person resides with their biological family, and there are no nursing services budgeted, the family is responsible for implementation or follow up on all orders from all providers. Refer to Chapter 13.3 Adult Nursing Services.

Chapter 10 Living Care Arrangements:		
Supported Living Requirements: 10.4.1.5.1		
Monitoring and Supervision: Supported Living		
Provider Agencies must: Ensure and document		
the following:		
a. The person has a Primary Care Practitioner.		
b. The person receives an annual physical		
examination and other examinations as		
recommended by a Primary Care Practitioner		
or specialist.		
c. The person receives annual dental check-ups		
and other check-ups as recommended by a		
licensed dentist.		
d. The person receives a hearing test as		
recommended by a licensed audiologist.		
e. The person receives eye examinations as		
recommended by a licensed optometrist or		
ophthalmologist.		
Agency activities occur as required for follow-up		
activities to medical appointments (e.g.,		
treatment, visits to specialists, and changes in		
medication or daily routine).		

		_
Chapter 20: Provider Documentation and		
Client Records: 20.2 Client Records		
Requirements: All DD Waiver Provider		
Agencies are required to create and maintain		
individual client records. The contents of client		
records vary depending on the unique needs of		
the person receiving services and the resultant		
information produced. The extent of		
documentation required for individual client		
records per service type depends on the location		
of the file, the type of service being provided, and		
the information necessary.		
DD Waiver Provider Agencies are required to		
adhere to the following:		
1. Client records must contain all documents		
essential to the service being provided and		
essential to ensuring the health and safety of		
the person during the provision of the service.		
2. Provider Agencies must have readily		
accessible records in home and community		
settings in paper or electronic form. Secure		
access to electronic records through the		
Therap web-based system using computers		
or mobile devices are acceptable.		
3. Provider Agencies are responsible for		
ensuring that all plans created by nurses,		
RDs, therapists or BSCs are present in all		
settings.		
4. Provider Agencies must maintain records of		
all documents produced by agency personnel		
or contractors on behalf of each person,		
including any routine notes or data, annual		
assessments, semi-annual reports, evidence		
of training provided/received, progress notes,		
and any other interactions for which billing is		
generated.		
5. Each Provider Agency is responsible for		
maintaining the daily or other contact notes		
documenting the nature and frequency of		
service delivery, as well as data tracking only		
for the services provided by their agency.		
6. The current Client File Matrix found in		
Appendix A Client File details the minimum		
requirements for records to be stored in		
agency office files, the delivery site, or with		
agency once nes, the delivery site, or with		

DSP while providing services in the		
community.		
community.		
20 5 4 Health Decement and Dhysician		
20.5.4 Health Passport and Physician		
Consultation Form: All Primary and Secondary		
Provider Agencies must use the Health Passport		
and Physician Consultation form generated from		
an e-CHAT in the Therap system. This		
standardized document contains individual,		
physician and emergency contact information, a		
complete list of current medical diagnoses, health		
and safety risk factors, allergies, and information		
regarding insurance, guardianship, and advance		
directives. The Health Passport also includes a		
standardized form to use at medical		
appointments called the Physician Consultation		
form. The Physician Consultation form contains a		
list of all current medications.		
Chapter 13 Nursing Services: 13.1 Overview		
of The Nurse's Role in The DD Waiver and		
Larger Health Care System:		
Routine medical and healthcare services are		
accessed through the person's Medicaid State		
Plan benefits and through Medicare and/or		
private insurance for persons who have these		
additional types of insurance coverage. DD		
Waiver health related services are specifically		
designed to support the person in the community		
setting and complement but may not duplicate		
those medical or health related services provided		
by the Medicaid State Plan or other insurance		
systems.		
Nurses play a pivotal role in supporting persons		
and their guardians or legal Health Care Decision		
makers within the DD Waiver and are a key link		
with the larger healthcare system in New Mexico.		
DD Waiver Nurses identify and support the		
person's preferences regarding health decisions;		
support health awareness and self-management		
of medications and health conditions; assess,		
plan, monitor and manage health related issues;		
provide education; and share information among		
the IDT members including DSP in a variety of		
settings, and share information with natural		
supports when requested by individual or		
supports when requested by maintain		

guardian. Nurses also respond proactively to		
chronic and acute health changes and concerns,		
facilitating access to appropriate healthcare		
services. This involves communication and		
coordination both within and beyond the DD		
Waiver. DD Waiver nurses must contact and		
consistently collaborate with the person,		
guardian, IDT members, Direct Support		
Professionals and all medical and behavioral		
providers including Medical Providers or Primary		
Care Practitioners (physicians, nurse		
practitioners or physician assistants), Specialists,		
Dentists, and the Medicaid Managed Care		
Organization (MCO) Care Coordinators.		
13.2.7 Documentation Requirements for all DD		
Waiver Nurses

 any of the following for a period of at least six years from the payment date: a. treatment or care of any eligible recipient; b. services or goods provided to any eligible recipient; c. amounts paid by MAD on behalf of any eligible recipient; and d. any records required by MAD for the administration of Medicaid. 		
21.7 Billable Activities : Specific billable activities are defined in the scope of work and service requirements for each DD Waiver service. In addition, any billable activity must also be consistent with the person's approved ISP.		
21.9 Billable Units : The unit of billing depends on the service type. The unit may be a 15- minute interval, a daily unit, a monthly unit, or a dollar amount. The unit of billing is identified in the current DD Waiver Rate Table. Provider Agencies must correctly report service units.		
 21.9.1 Requirements for Daily Units: For services billed in daily units, Provider Agencies must adhere to the following: 1. A day is considered 24 hours from midnight to midnight. 2. If 12 or fewer hours of service are provided, then one-half unit shall be billed. A whole unit can be billed if more than 12 hours of service is provided during a 24-hour period. 3. The maximum allowable billable units cannot exceed 340 calendar days per ISP year or 170 calendar days per six months.

Dear Ms. Harper:

The Division of Health Improvement Quality Management Bureau received and reviewed the documents you submitted for your Plan of Correction. Your Plan of Correction is not closed.

Your Plan of Correction will be considered for closure when a Verification survey confirms that you have corrected all survey deficiencies and sustained all corrections.

The Quality Management Bureau will need to conduct a verification survey to ensure previously cited deficiencies have been corrected and that systemic Quality Improvement and Quality Assurance processes have been effective at sustaining corrections.

If the Verification survey determines survey deficiencies have been corrected and corrective measures have effectively maintained compliance with DDW Standards, your Plan of Correction will be considered for closure.

If the Verification survey identifies repeat deficiencies, the Plan of Correction process will continue and your case may be referred to the Internal Review Committee for discussion of possible civil monetary penalties possible monetary fines and/or other sanctions.

Thank you for your cooperation with the Plan of Correction process.

Sincerely, Monica Valdez, BS

Monica Valdez, BS Healthcare Surveyor Advanced/Plan of Correction Coordinator Quality Management Bureau/DHI
